Twenty-three of the squealing young porkers were alive at birth and gave every indication of continued life. But failure to receive sufficient nourishment in spite of the fact, that Mr. Redner and assistants took up the work of feeding the little ones by hand with nursing bottles, resulted in the loss of eleven more in two and three day's time. Just eleven remain.

The sow, a young one, has distinguished herself in that section by her repeatedly large litters. On the last occasion she gave birth to twenty. All her young ones have been perfectly formed and healthy.

Butchers and drovers of the city and district fail to recall any litter larger than twenty-two in this section in many years. A litter this size they called "exceptional."

In his many years of experience, Dr. O. J. Reed, Dominion Veterinary Surgeon of this city has never heard of a larger litter. "It's remarkable," he stated when verification of the number was obtained by the Ontario Intelligencer.

"It is probably a record," he added.

VIGIL IS KEPT FOR MISSING GIRL

Seven Years Ago Went Out to Play And Not Seen Since

Winnipeg, Dec. 19 (CP)—A sad vigil is being kept today in the tidy little home of Mr. and Mrs. Anton Johnson to mark an anniversary, that might have been one of the happiest.

Almost seven years ago—one April afternoon in 1928—Julia Johnson, their daughter went out to play and mysteriously disappeared. Today is her 12th birthday but still the parents do not know if she still lives or where she has been taken.

Winnipeg city police have directed efforts to find her but without success. Searchers in the district immediately after her disappearance brought no clue. The search widened to an international scale but still without success

Every year when Julia's birthday arrives, the day is dedicated to prayers for her safe return. "Some one in this world surely knows what happened to our Julia," said Mrs. Johnson. "I dream of her often." Both Mr. and Mrs. Johnson live in hope their daughter will return to them—somehow, sometime.

SHE'S AERIAL COP

Cora Sterling of Seattle, Wash., pictured as the badge, designating her the first aerial policewoman, was being pinned on by the mayor. She'll patrol skies for air regulation offenders.

MODEL MISSING

Miss Marie Strandhagen, beautiful 25-year-old artist's model, who has been missing since December 13 when she left the office of Samuel Oppenheimer, a professional photographer for whom she was working. The girl was bound for a party, and has not been seen since. Edward Strandhagen, an insurance broker of New Haven, Connecticut, and brother of the girl is leading the search for her.

QUEENSBORO Y. P. S. HOLDS MEETING

Queensboro.—The Y.P.S. held their weekly meeting in the church on Tuesday evening, December 11, with Miss Freda Sager in charge in the absence of the President. The meeting was opened by singing a hymn followed by prayer and Scripture reading by Mr. Bruce Leslie.

Mrs. Allan Holmes, convener for the evening took the meeting over. Hymn 145 was sung and a poem, "The Burden Bearer" was read by Miss Aileen Holmes. The topic "Uniting Our Forces" was given by Miss Marion Love.

A duet, "Near When We Need Him" was sung by Misses Aileen Sager and Marion Alexander. The convener gave a reading, "The Summer Supply" and the meeting was closed with hymn 20 and prayer.

Miss Madeline Barry spent the past week in Madoc.

Mrs. Thos. Leslie spent the week-end in Belleville.

Rev. and Mrs. A. S. Doggett and Miss Kathleen Doggett spent Monday and Tuesday of the past week in Kingston.

Mrs. Effie Manchester of Madoc spent Friday evening with her mother, Mrs. Jas. Cassidy.

Mrs. U. Wartman of Warkworth spent a few days during the past week at the home of Mr. and Mrs. A. Holmes and other friends here.

Mr. and Mrs. John Alexander and family were Sunday guests of friends in Madoc.

Mr. and Mrs. Bruce Dyer of the Lost Channel were Sunday guests of Mrs. M. Dyer.

Mrs. Woolman and children of Deloro were guests of Mr. and Mrs. Ralph Franklin on Sunday.

SIXTEEN OF CREW TAKEN OFF SHIP BY RESCUE PARTY

One Lives to Gallantry of Men Manning Lifeboat

BOAT LEFT TO FATE

Little Vessel in Helpless Condition When Rescue is Made

By FRANK E. GANNETT

(Copyright, 1934, By The Associated Press)

Aboard the S.S. Europa at Sea, Dec. 19 (AP)—Sixteen men perilously near death on the storm-crushed freighter Sisto, owe their lives today to a gallant lifeboat crew from the passenger liner, New York.

Amidst storm-lashed seas, the Sisto's crew was taken from the sinking freighter late last night, while four vessels, including the palatial Europa, stood by playing searchlights on the scene. The dramatic victory of the New York's tiny lifeboat over the North Atlantic was accomplished as virtually every person on the Europa watched anxiously the progress of the rescue craft to and from the freighter.

There was a great shout of joy from the Europa as the lifeboat reached the side of the New York in safety.

It had been a precarious trip for the small rescue boat, for the rolling seas tossed the craft like a bobbing cork. It reached the side of the crippled Sisto, however, and the members of her crew, weary from long hours of battling the savage storm, dropped quickly into the lifeboat.

Then began the even more dangerous trip back to the New York, for this time the boat was laden almost beyond capacity.

Lights Pierce Darkness

Although lights from the surrounding vessels pierced the darkness, there were times when the lifeboat was scarcely visible from the Europa and only an occasional flash of an oar could be seen.

The rescue of the 16 men of the Sisto, a Norwegian boat, was accomplished apparently none too soon, for the little vessel was in a helpless condition, when the Europa reached the scene of distress, approximately 300 miles off the coast of Ireland.

The Sisto's rudder had been twisted into a useless thing, and her whole superstructure had been crushed by giant waves. Her lifeboats had been washed away and the ship was in dire need, when the liner launched her lifeboat.

The Sisto was further endangered by her shifting cargo of lumber which had caused her to list badly.

It seemed to be only a matter of hours before the little vessel would succumb to the sea. She was left in a sinking condition with one feeble light showing.

The New York continued on her way to Cherbourg soon after the Sisto's crew had been taken aboard. The Europa and the other two vessels at the scene, the Cunard-White Star liner Aurania and the British tanker Mobiloil also resumed their courses.

It was the Mobiloil, which had stood by the Sisto for more than 18 hours, held by the heavy seas from taking the crew off the freighter.

Tons of oil poured on the water by the Mobiloil had failed to calm the water and the tanker finally sent out calls for assistance which brought the New York, the Aurania and the Europa rushing to the spot.

Anxiety gripped the Europa's passengers, when the huge liner turned her prow toward the Sisto, 140 miles away.

Passengers Watch Rescue

As she pushed forward through the terrific waves, passengers in evening dress bundled themselves in heavy clothing and came on deck, peering into the darkness to see the stricken freighter.

Then in the distance they caught a glimpse of another ship hurrying to the rescue. As the Europa neared the spot where the Sisto lay wallowing in the waves, two other vessels were seen, the Mobiloil and the Aurania.

The four ships were about half a mile from the Sisto, when the New York sent her lifeboat over the side. They dared not come closer because of the high seas.

The New York, a ship of 21,867 tons gross, is under command of Captian Fritz Kruse, commodore of the German-American fleet. She is bound from New York to Hamburg.

The Sisto, a 1,120 ton Norwegian freighter, was bound from Quebec to Oslo, when she ran into the North Atlantic hurricane which wrecked her. Her master is believed to be Lars Postenaes.

RED CONSUL'S CHILD THREATENED

SUSPENSION OF STEWART LIFTED

Eligible to Play With Bruins Against The Rangers

Montreal Dec. 19.—(CP)—Suspension of Nel Stewart, husky centre star of Boston Bruins, following an attack on Deed Klein of New York Americans in Madison Square Gardens in a game last week was lifted today by Frank Calder, President of the National Hockey League.

Lifting of the suspension makes Stewart eligible to resume his position with the Bruins, when they play New York Rangers in Boston in a league game tonight.

Stewart was suspended by the League President Saturday following the incident in the game at New York last Thursday night. Stewart and Deed Klein Americans' left wing, were waved off the ice after a cross-checking duel. Stewart was cut on the head by Klein's stick. Referees Odie Cleghorn and Eusebe Daigneault gave Klein a major penalty and Stewart a minor. Stewart struck Klein with his stick on the way to the penalty box, reports of the game said, and both were given match penalties for the mix-up. Klein emerged from the fracas with a dislocated shoulder and a head wound calling for eight stitches.

FLYERS DOWNED BY 'Y' GOLDS

Winners Lead in Second Half of House Loop at "Y"

Continuing on the top rung of the Y.M.C.A. house basketball league, the 'Y' Golds downed the R.C.A.F. "Flyers" by the overwhelming score of 53 to 30 in a free scoring game last night as the Deacon A. C. kids took second place in the second round by downing St. Michael's 30 to 22.

The Deacons were forced to the limit by the "Irish" and staged a belated last half rally to win. Art Cole led the victors in scoring with 11 points as Tobe sank seven while Henry and Kikes each counted six. Wally Hilton with 7 points led the losers, while G. Forester had 6, and Langton, Schrieder and Temple also entered the score sheet.

The line up:

Deacons (30)—Cole, Henry, Kikes, Scott and Tobe.

St. Michael's—Hilton, F. Forester, Langton, Schrieder, Temple and G Forester.

Referee—Vic White.

The more exciting game of the night brought together the R.C.A.F. "Flyers" and the "Y" Golds, with the latter playing a steady game to score 26 points the first half and 27 the last half for a total of 53 to their opponent's 30. Burley with 16 points led all scorers of the night and White came thru' with 12. Scott, Atkins and Cather also played well. Smith from the Airport bagged one-half of his team's points when he scored 15. Burdes and Reeves also went well for the losers. Wickerson was a tower of strength on the 'Y' defence.

The line-up:

R.C.A.F. (30)—Smith, Rafferd, Broadbent, Reeves, Burdes and Mitchell.

Y.M.C.A. (53)—White, Atkins, Burley, Cather, Maclean, Wickerson and Scott.

Referee—Ab. Faulkner.

WELFARE CLUB HEARS REPORT

New Departments Are Set up by Quinte Organization

At the meeting last evening of members of the Quinte Welfare Club held in the Y.M.C.A. assembly room, Mr. Wilbert Knox presided as chairman. The secretary, Mr. Fred H. Henry gave the report of the nominating committee as to auditors suggested, replacements on the executive and conveners of new committees. These were unanimously approved and declared elected for the year. The following additional departments were likewise adopted.

Citizenship Division for developing respect for existing laws and to foster new legislation towards reforms; the exercising of the franchise and explaining what such means; supporting property-owners' and taxpayers' associations, tenants' leagues and welcome societies for boarders, strangers and transient visitors.

Health Division for urging more medical attention for the prevention of sickness and disease as well as alleviating distress of this nature; co-operating with Red Cross activities and school campaigns for safety rules, etc.

Good Samaritan department to assist in every way possible those known as "down and out" folks, indigents and so forth in character in order that all such might get up on their own feet at the earliest moment.

Protection and Barter group as a medium for exchange of services, and disposal of commodities, gardening supplies, and such other surplus stuff too along the line of local contrivances of ingenuity manufactured.

Ex-alderman Harold Armstrong was welcomed last night as a new member and for the opportunity to serve in this club. Addressing the many present he stressed the need of some permanent action in behalf of unemployment and relief measures being tried out to stimulate and correct business conditions.

As a follow-up to Christmas efforts particularly for children in homes seriously affected by the depression, plans were discussed last evening for an entertainment affair to be held the night after Christmas in the city hall, kindly granted free by the municipal council a twhich youthful artists will perform voluntarily for the benefit of their more unfortunate young folk. A silver collection as admission is stipulated in order that generous receipts will largely go towards the objects in view.

Ald. Wm. Harvey, an honorary and now an active member of this club was also appointed on a committee for publicity. Messrs Isaac Stephenson and Alderman Wm. Woodley were assigned to chairmanships of important committee.

A canvass to see that deserving families were given Christmas baskets is to be instituted by the club in conjunction with the churches and other societies in the city.

Congratulations were extended to a member of the executive upon the recent arrival in his home of twin daughters. Responding with a speech and a salute of special musical numbers were pleasant features of the gathering.

During the course of the evening Mr. Harry Wagner entertained with selections on his Hawaiian guitar and Mr. George Gazley contributed on his mandolin, a march dedicated to the Quinte Welfare Club. A mouth organ brigade is being formed for the bi-monthly rally of this club it was announced.

Contacts with welfare organizations in other centres are future ambitions to be enlarged upon and the clergy of the city will be approached for hearty participation in the aims outlined now, as among those for definite achievements.

"Let's go home and make some PANCAKES"

That's an idea—and a good one! With Aunt Jemima Pancake Flour you can make light, fluffy, melt-in-your-mouth pancakes *in no time* at all. Just mix Aunt Jemima with milk or water. Cook 2 minutes. Now you have the world's *best* pancakes—the kind that everybody loves.

For delicious variety you can make Aunt Jemima Buckwheat cakes just as easily. Another thing about Aunt Jemima's. They're very, very economical. Actually five servings cost only a nickel.

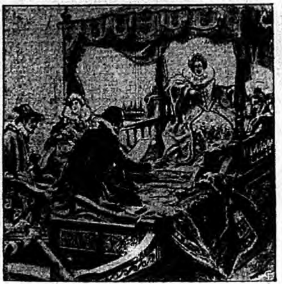
PRINCE OF WALES SENDS GREETING



In conformance with annual tradition, we present herewith a picture of Prince of Wales' Christmas card. The picture's subject is Queen Elizabeth giving audience to Shakespeare.

Soldiers—Then and Now

—by—

Theodore Goodridge Roberts

Baseball developed to vast proportions in the Canadian Corps. It had a wider following than cricket, and even than Soccer. Rugger (the real Rugby football of the British Isles, Australia, New Zealand and the Maritime Provinces of Canada) failed to get a toehold among Canadian or any other British troops in Flanders. And then there were the horse shows, featuring every sport that could be devised for man and horse. Our Chaplain Services and Y.M.C.A. did everything in their power to encourage and further sports among the troops.

Playing the Game Under Difficulties

In the summer of 1917 all sports were going strong in the Canadian Corps. There was keen competition in baseball, and elaborate schedules of games worked out to co-ordinate with the rest periods of the units concerned. Battalions discovered their championship nines while popping out of and into the line; and many a promising team lost its heaviest swatter or most deadly pitcher between games. Brigade championships were decided at brigade rest—and so on. But no captain or manager knew what might happen to his team, or to himself, between games. An enemy sniper was apt to upset the shrewdest calculations. And yet those sportsmen took their baseball just as seriously as they took the hostile snipers. I wonder how the baseball stars and darlings of these days would shape up under those conditions.

Champions

But the greatest sporting events on the Western Front—on our side, anyhow—were the horse shows; and I have heard that these, and the whole diversion of sports, were brought to a higher and more elaborate development by the Canadians than by other British divisions and army corps. The English and Scottish, keenest sportsmen in the world, showed the way; whereupon the Canadians went ahead, organizing for sport just as thoroughly as their custom was to organize for purely military major and minor operations. So I have been told. I saw three or four of those shows—of one or two of our divisions, that of our army-corps and that of First Army. My memories of them are vivid but confused. I do not know if my brightest mental pictures are of divisional, corps or army events. They all happened such a long time ago, what? At a divisional show, one saw the picked horses, horsemen, boxers, sprinters, milers, tug-o-warsmen and so on of the brigades concerned compete for divisional honors; and at our corps show, all our divisional champions (excepting those who had gone west in the meantime) strove for corps honors—Canadian titles; and the First Army Show was an international contest within the Empire. At peg-sticking—or is it tent-pegging?—the experts from other corps put it all over the Canadians. But our own Tom Longboat won the five miles, with another undeniable Canadian in second place. (Yes, the great Longboat was actually there, in person. He served as a runner, but whether for the artillery or a battalion I have forgotten.) And Canada did well in the square ring, as I remember it, and at wrestling on horseback.

Do Canadians wrestle on horseback in these days? That was a turn worth watching. The horses wore nothing but their shoes and the riders nothing but cotton khaki pants and sneakers. And some of the riders lost their pants and even their sneakers. The horses shouldered, bumped and barged. The wrestlers pulled, yanked, pushed and dragged. The victor wore nothing but one tennis shoe and a grin at the end of it.

Sportsmen all!

MARK OF INEFFICIENCY WHEN ACCIDENT OCCURS

Direct Reflection on Managerial Capacity Also Stated

Windsor, Ont., Dec. 19 (CP)—In the opinion of Col. Frank Chappell of the General Motors of Canada, Oshawa, an accident is "a mark of inefficiency, an absolute hallmark of bad management." Col. Chappell made the assertion when addressing the Essex-Kent Division of the Industrial Accident Prevention Association here last night.

"Anything that happens to injure workmen is a direct reflection on the managerial capacity," declared the speaker. "An accident must no longer be considered as merely an unfortunate incident. It must, to my mind, be regarded as a smallpox sign."

The best of skill and brains should ensure that capacity to work would not be impaired through dereliction on the part of executives, he declared.

Grant Mitchell, Binnie Barne and Nell Hamilton in "One Exciting Adventure" principal feature at the Capitol starting tomorrow.

BEAUTIES OF N.S. TOLD BY SPEAKER

I. L. Moore Tells Kiwanians of His Native Province

A Christmas spirit pervaded the Kiwanis Club at their weekly luncheon at the Queens Hotel on Tuesday and one of the best meetings of the year was held. A large number of the members were out and they listened to an excellent address by I. L. Moore, principal of the O.B.C., on Nova Scotia, the speaker's native province. The members were full of pep and some of the best singing heard in a long time was given. Leo B. Riggs presided at the piano with Bill Cook as song leader. The boys contributed many fines ably collected by Isaac Stephenson although the fine box on several occasions was lost.

The members were reminded of the concert and Christmas tree to be given the children at the Shelter on Wednesday night. Each member will take down a gift and place it on the tree. A program of music and motion pictures will be given after which Santa will arrive to distribute the gifts. The whole program is in charge of Chester Smith and his committee and all are asked to attend. Cliff Barragar, the incoming president of the club, gave out his list of chairmen for the coming year, which included: Agriculture, George Cole; attendance, Leslie Nicholls; business standards, Bill Cook; classification and membership, Eddie Logan; house and reception, Ernie Finkle; inter-city relationships and transportation, Eddie Shapiro; Kiwanis education, P. C. MacLaurin; laws and regulations, H. A. Cross; program, Herb Fox; publicity, Frank Domenico; welfare, underprivileged children and vocational guidance, J. McIntosh; and sports, George Lee.

Contour of Province

An excellent description of Nova Scotia was given by Mr. Moore, who was suitably introduced by P. C. MacLaurin, Kiwanian appreciation being expressed by the president, Eddie Shapiro. The speaker explained the contour of the province and told of its early settlement by the French and their subsequent expulsion from the province by the English. He explained the province was the only one in the Dominion to have a flag of its own and a full description was given. He also told his listeners that Nova Scotia had the first printing press, the first judicial court, the first public school, the first coal mine and the first Marconi station. The tides of the Bay of Fundy were graphically described and the excellent fishing that one could obtain in that delightful province. "Highways are not as improved as in Ontario." said Mr. Moore, "but 8,000 miles of good roads are now available in this province but they are very crooked owing to the fact that many of them wind in and out about the hills and valleys."

Mr. Moore spoke of the great men that had come from Nova Scotia included in the list being three premiers of the Dominion, Sir John Thompson, Sir Charles Tupper and Sir Robert Borden, while Col. Ralston and E. N. Rhodes were now important members of the Dominion government at the present time. The address was most interesting and a sidelight of the roads in the province was given by the president in moving the vote of thanks.

Teach The Child To Be Host

By LISA GRENELLE

Every child, not later than six, should be taught the obligation of hospitality. Teach Jimmie to offer the caller cigarettes, without being reminded, without applause; let Janie toddle forward with an ash tray, as a matter of course, not as a stunt. As soon as Jimmie can stand erect he is old enough to take the visitor's hat and cane. There is no reason why Janie should not form the habit of inquiring after the visitor's health and the health of her children, if Janie can talk at all.

Get your children in the habit of serving and you insure their future happiness and popularity. You can't begin too young and there is no limit to the good it will do them. It isn't just a question of teaching them good manners, it goes much deeper than that, helping them as it must to form the habit of thinking about the comfort and well being of the other fellow.

Every time little Jimmie offers his father's friend cigarettes, he is by force considering someone else's comfort; he is acting on behalf of someone else's desires in which he himself cannot share and out of which he expects no reward.

Comfort of Others

While taught at first mechanically to ask after the visitor's health and the health of her family Janie is forced by her own action to become aware and finally to become interested in someone outside herself; in the welfare of persons not belonging in the family circle. Her own question and the subsequent answer is bringing it to her notice that there are other children besides herself, other mothers besides hers who would like to be happy and well.

When Jimmie takes the gentleman's hat and gloves he is learning his first lesson in hospitality. Because this is his house, his security, his comfort, he must be responsible for the visitor, the visitor's safety and comfort, for has not the visitor left the security of his home to enter Jimmie's?

Teaches Unselfishness

Of course, it is a long, long time before Jimmie reasons it out like that. Probably he never will. But along with the habit of serving, Jimmie is forming the habit of an altruistic and social point of view.

Many children find social adjustment very difficult. Those first years of school are only too frequently a torture. They are self-conscious, these children, self-centered. They are thinking only of themselves, how they appear, what they want. They have not learned through the suggestion of the hat, and gloves, the cigarettes, the automatic inquiry concerning the health of their mother's visitors, to consider the comfort of the other fellow, his welfare, his desires. Through the habit of good manners they have not learned any social sense, to lose consciousness of self and become engrossed in the consciousness of the presence and wants of the other.

No child is born unselfish and considerate. No child is born with a social sense, or a naturally altruistic point of view. He must be taught, not by words but through the suggestion of his own actions.

Popularity, the ability to get on well with adult and child alike is based on the same fundamental principal; an interest and a sympathy for the other fellow.

For 50 Years the Gift SUPREME!

The always acceptable CHRISTMAS GIFT, because a Waterman's is the smoothest writing pen of all.

There is a point for each style of writing... exchange of nib may be made at any Waterman's dealer.

Of course this pen has the exclusive Waterman's "Tip-Fill" feature. In filling, the point is submerged only to the vent-hole—the ink never touches the holder.

Entertainment Committee — Mrs. Roy Thrasher, Mrs. G. Shortt, Mrs. Garrison, Mrs. Harold Thrasher, Mrs. R. Hart, Miss A. Adams.

A hearty vote of thanks was given Mrs. Adams the retiring president for her splendid services during the past two years. Meeting closed with prayer.

W.M.S.

The Women's Missionary Society of Centenary Church met at the home of Mr. and Mrs. R. Hart for their December meeting. Mrs. Roy Thrasher, President, opened meeting with hymn 290. Miss Florence Johnson led in prayer.

Mrs. F. Aikens purchased the Little Dutch girl quilt for $5.00, which the ladies had quilted. Mr. Milton Vanderwater drew the ticket for the knitted cushion donated by Anabel Adams, and Miss Johnson was the lucky winner.

Mrs. Judson Kelly group leader gave a reading "The Christmas Message" by Van Dyke, and Rev. Mr. Plant took charge of the election of officers for 1935.

President—Mrs. Roy Thrasher.
1st Vice—Mrs. Fred Aikens.
2nd. Vice—Mrs. R. Hart.
Recording Secretary—Mrs. Jas. Radford.
Corresponding Secretary — Mrs. Douglas Holton.
Treasurer—Mrs. R. Hart.
Temperance Secretary— Mrs. J. Kelley.
Peace Secretary—Mrs. H. Garrison.
Supply Secretary—Mrs. Hermon.
Missionary Monthly Sec. — Mrs. Clapp.
Press Secretary—Mrs. J. Kelley.
Strangers' Secretary — Mrs. Adams.
C. S. and F. Secretary — Mrs. W. Ray.
Organist—Miss Anabel Adams.
Group Leaders—Mrs. Will Ray, Mrs. E. Phillips, Mrs. J. Kelley and Mrs. Adams.

IN MEMORIAM

FRY—In loving memory of our dear son and brother, Harry J. Fry, who fell asleep on Dec. 19th, 1928, aged 23 years; also his infant son W. Leonard, born 1928, died 1929.

Peace perfect peace, with loved ones far away, in Jesus' keeping we are safe, and they.

—Ever remembered by Mother, Dad, Sisters and Brothers. d19-1t

IN MEMORIAM

BUSH—In loving memory of a dear husband and father, Robert James Bush, who departed this life, Dec. 19th, 1933.

In silence he suffered, in patience he bore,
Till God called him home to suffer no more!
Peacefully sleeping, resting at last.
The world's weary troubles and trials are past.

—Sadly missed by Wife and Family. d19-1t

ALL LIFEBOATS ARE SWEPT AWAY

(Continued From Page 1)

President Harding, Europa and Gerolstein proceeded to our position. The S. S. Mobiloil, her attention raised by our rockets, stood by among the other ships.

The New York, making the first contact with the Sisto, took off our crew in the morning.

Hauled Over Lines

All during Tuesday night, the danger increased, requiring the New York to start its salvage operations immediately, despite the tremendous seas which were running at the time.

The New York's lifeboat crew, working valiantly, manoeuvred the boat splendidly although the Sisto's list momentarily threatened the craft with a crash.

Despite these overwhelming difficulties the Sisto's crew of sixteen was hauled through the water by lines pulled into the lifeboat.

Returning to the New York, the lifeboat crew, due to the added weight of those they had rescued, faced an increased danger of smashing up but, through excellent seamanship they succeeded in the wonderful feat of taking us safely aboard the S. S. New York

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Public Building, Guelph, Ont.", will be received until 12 o'clock noon, Wednesday, January 9, 1935, for the construction of a Public Building at Guelph, Ont.

Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Supervising Architect, 36 Adelaide Street East, Toronto, Ont., the Builders' Exchange, 1104 Bay Street, Toronto, Ont., the Caretaker, Post Office Building, Guelph, Ont., and W. A. Mahoney, Architect, 79 Quebec Street, Guelph, Ont.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

NOTE—Blue prints can be obtained at the office of the Chief Architect, Department of Public Works, by depositing an accepted bank cheque for the sum of $50.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
N. DESJARDINS,
Secretary.
Department of Public Works,
Ottawa, December 18, 1934.
d19 22 26.

Livestock

Toronto, Dec. 19—(CP)—Trading in the cattle and calf divisions of the Toronto Livestock Market was slow at the opening today with prices fairly steady on early sales. The fresh receipts were 290 head with 350 holdovers also on the market. Hogs were unsettled. Sheep and lambs were steady.

Receipts as reported by the Dominion Livestock Branch were: cattle 290; calves 160; hogs 650; sheep and lambs 500.

Trade was very slow at the opening on the small supply. A few lots of handyweight butcher cattle brought $2.50 to $4.25. No other killers were moving.

The calf market was slow and about 25 cents lower for the week at $6.50 to $7.25 for choice vealers with common grades downward to $3.50.

Lamb trade was steady. About 400 good western lambs brought $7.00 a cwt. and a few lots of natives brought $6.50 to $7.00. Sheep were steady at $1.00 to $3.00 per cwt.

Hogs were unsettled at the opening with no definite bids made during the morning.

Quotations:

Cattle sheep and lamb quotations remained unchanged.

Calves: Good and choice, $6.50 to $7.25; common to medium, $3.50 to ..6.00; grassers, $2.50 to $3.00.

BOARD ROOM GOSSIP

Spectacular Find in Red Lake

The wireless from Red Lake to Hudson, Ontario, has just sent out word of another spectacular gold find in that area, this time the discovery being made on the property of the Gold Shore Syndicate adjoining Howey to the southwest.

Details so far are meagre but it is reported the new find is identical to the one made a month ago by Colin Campbell who uncovered ore at Martin's Bay, 9 miles west of Red Lake from which over an ounce of gold was recovered from a piece of ore the size of a hen's egg.

The find at Gold Shore was made by a member of the staff of the mine of which M. Bouzan is field manager.

Casey Contact Mines

Is obtaining favorable results from surface exploration work at property in Sturgeon River gold area. Recently another new vein has been located bringing the total number of veins so far uncovered on claims to 15. While officials have no recent assays from surface work it is stated good values are being opened up in various sections of the property and it is expected announcement will be made at an early date regarding shaft-sinking campaign.

Little Long Lac

Geraldton, Ont., Dec. 18— Little Long Lac Gold Mines Ltd., pioneer operation of the Little Long Lac gold area graduated into the ranks of producers yesterday when two bricks were poured, one of 522 ozs. and the other 569 ozs. representing a total production since the commencement of the mill amounting to 1,091 ozs. Calculated on the basis of current price for gold this represents revenue to the amount of roughly $38,000 in Canadian funds.

Bright Outlook For New Ford

Those who look forward with confidence to probable higher earnings for Ford Motor Co. of Canada in 1935 will be impressed favorably with a first-class "sales letter" entitled "Z a word from Henry Ford" which is being given national circulation both in Canada and the U.S. Mr. Ford strikes a popular note in deprecating the custom of "yearly models" and reassures 1934 buyers with the statement that the 1935 V-8 engine is "practically the same engine as we built in 1934." He goes on, however, to point out certain improvements in the riding qualities of 1935 model particularly those that provide "a front seat ride for back seat passengers."

Kirkland Lake Gold

Production of Kirkland Lake Gold Mining Co. in November, $64,988 compared with $45,000 in October. Company was trying out a new flotation plant in October and in early part of November and fed low-grade ore to the mill but milling operations returned to normal later in November. Production in first 11 months of this year was $115,000 in excess of total for 1935.

Toburn 122-127.

HOGS

Toronto, Dec. 19—(CP)— Bacon hog prices ranged from a loss of 15 cents in Hull, to a gain of 15 cents in London, today. Stratford and Kitchener were up 10 cents each. Today's prices.

Barrie, $7.50; Brantford $7.50; Hull $7.50; Kitchener $7.50; London $7.50; Peterborough $7.50; Stratford $7.50.

TURKEYS

(By the Canadian Press)

With prices advancing slightly as Christmas approaches, turkeys were selling in fairly large quantities, according to reports today from various parts of Ontario. Retail prices were between 20 and 28 cents a pound.

At London, Ont., jobbers were offering 17 cents a pound for best quality birds, lower grades bringing 15 and 12 cents. Retailers were asking from 20 to 28 cents.

Kitchener reported that turkeys were selling from 22 to 25 cents a pound dressed.

Peterboro wholesale prices were up one cent, turkeys selling for 17 cents, rough plucked. At Owen Sound prices were between 17 and 20 cents.

TORONTO STOCKS

Toronto, Dec. 19 (CP)—Enthusiasm for the advance waned somewhat in today's trading on the Industrial section with the usual pre-holiday lethargy pervading the mart. Ford of Canada was bought actively around noon on an advance of 3-4 to 27 1-8 and some of the construction, food and utility shares maintained an upward trend but losses were more plentiful than gains.

The turnover in Ford A., Distillers Seagrams and Imperial Oil was considerable.

TORONTO MINES

Toronto, Dec. 19 (CP)—All groups of the Mining List were sold today for losses of moderate proportions. A mild firming tendency was noticeable in the early afternoon but buying power was limited and little headway towards recovery was made up to the end of the third hour.

Little Long Lac, God's Lake, Macassa, Sylvanite, San Antonio, Pickle Crow and Siscoe all declined 5 to 25 cents each.

The soft tone in the Base Metals carried Noranda back 80 cents to $32.85 and Base Metals Corporation at 55 was down 3 cents to a new low mark for 1934. Sudbury Basin weakened to $1.12.

WALL STREET FINANCIAL

New York, Dec. 19—(AP)— A selling flurry in the first hour of trading gave the stock market a setback today from which it showed little disposition to recover as the day wore on.

The selling started in the public utility shares and spread to other parts of the list, but soon subsided, and by early afternoon the list was quiet and a trifle above the lows. In bonds, U. S. Governments were again firm.

Among Canadian issues, McIntyre, Dome and International Nickel were virtually unchanged. Canada Pacific receded slightly. On the curb Hiram Walker was steady, while Lake Shore improved fractionally. Dominion Government bonds were inactive. Canadian funds eased 1-32 of a cent at 101.00 cents.

Consolidated Gas and Public Service of N.J. dropped about 2 points before meeting support. J. C. Penney declined as much, and Allied Chemical slipped down 3. Losses of a point or so appeared in American Telephone, Bethlehem Steel, Santa Fe, U.S. Smelting, Howe Sound and National Biscuit.

MOBILIZE TROOPS FOR THE SAARLAND

Britain Will Contribute 3,500 Men For Patrol Duty

(By The Associated Press)

The mobilization of troops for participation in the Saar international patrol went forward today with the expectation all contingents would be at their posts before Christmas.

Approximately 3,500 men, contributed by Great Britain, Italy, Sweden and the Netherlands, are expected enroute to the territory or ready to move within the next few days.

Great Britain's troops, comprising nearly one-half the international force, are being concentrated at Calais. This same French seaport was the base for Great Britain's military operations during the Great War.

The British contingent, consisting of two battalions, will be made up of complete units, with signal corps and ordinance, service and medical departments. Eight tanks will be included in its equipment.

Italy has organized a regiment of Grenadiers and a battalion of Carabinieri. They were scheduled to arrive at Saarbruecken within a few days.

Sweden's forces, consisting of 250 royal guards, were to entrain tomorrow, to be followed by a detachment of 200 Dutch marines, scheduled to leave Amsterdam Saturday.

The British commander of the force, Major General J. E. S. Brind, with several staff officers, already is in Saarbruecken to make arrangements for quartering his command.

ASSAULT IS CHARGED

Sarnia, Ont., Dec. 19.— (CP) — Thomas Haywood, City accused of assaulting City Relief Officer, Arthur Robinson and Assistant Relief Officer Frank Marwood, was remanded another week for trial by Magistrate C. S. Woodrow today.

Haywood is alleged to have attack Robinson in the local Relief Office a week ago.

COLLEGIANS YET TO WIN GAME

Drop Fifth Straight to Port Colborne by 7-5 Score

By the Canadian Press

The doubtful honor of being the only team in the Senior Ontario Hockey Association that has not won a game this season belonged to the University of Toronto hockey men today.

Warren Stevens' students dropped their fifth straight game last night to "Nipper" Wilson's Port Colborne Sailors on the Sailors' home ice. The final score was 7-5 and it was the Ports first win of the season although they had previously played two tie games.

The Student-Sailor battle was the only game scheduled and left the senior standing unchanged. The mighty Hamilton Tigers remain at the top of the ladder three points in front of Torontos and Oakville who are tied for the second rung with seven points each. Port Colborne are next with four and the Collegians are imbedded in the cellar without a single marker.

LEAGUE LEADERS

(By the Canadian Press)

THE BIG SEVEN

By the Canadian Press

Two new faces appeared in the National Hockey League's Big Seven today. Marty Barry's goal for Boston last night and Tommy Cook's assist for Chicago boosted them into a three-way tie for last place in the standing with Lewis of Detroit.

The standings:

	G.	A.	Pts.
Jackson, Toronto	15	6	21
Conacher, Toronto	9	10	19
Robinson, Montreal . .	9	5	14
Goodfellow, Detroit.. ..	7	7	14
Barry, Boston	8	4	12
T. Cook, Chicago	5	7	12
Lewis, Detroit	4	8	12

N. H. L. STARS

(By the Canadian Press)

Frankie Finnigan, St. Louis, scored both goals when Eagles beat Americans 2-1.

Nels Stewart, Boston, celebrated his return after suspension by scoring twice.

Roger Jenkins, Canadiens got Canadiens' only goal against Chicago and performed well defensively.

South End, Grills Garage, Winners in Opening Tilts of Belleville City Hockey Loop

20th Century Club And Aajmaa Club Were The Victims

HOCKEY GOOD

Teams Have Not Arrived in Mid-Season Condition

Two games of City League hockey ushered in the current winter sport season at the Belleville Arena last night when the South End A. C. downed the 20th. Century Club by the score of 3 to 2 as the Grills' Garage sextette swept home to a 6 to 2 victory over the Aajmaa Club. A goodly number of interested spectators dotted the Arena, close to 500 being in attendance. Mayor Tice officially opened the hockey season by facing the puck and welcoming the return to prominence of city league hockey here.

The curtain raiser saw the South End kids come from behind to win from the 20th. Century Club by the score of 3-2 in a rather loosely played game. The South Enders, in charge of Manager Keegan showed a better system of combination and condition, wearing down their opponents to stage a third period rally and win out. Led by the Pepper brothers, products of the Ki-Y. League, Pete Goyer and Pringle, they played the better hockey, while Cross, Follwell and Rene St. Denis looked best for the losers.

Cross opened the scoring mid-way through the first frame. H. Pepper evened the count with a corner shot three minutes later. Ling on a long shot put the 20th. Century Club one up half way through the middle frame, and on an end to end rush in the last minute of the period W. Pepper hoisted one past Davies to tie the score again. Pringle scored for the South End club to open the third, but it was disallowed as there were seven of his team-mates on the ice at time. With five minutes to go H. Pepper sailed the length of the ice and sank the rubber for the winning counter. The game was clean throughout. The line-up:

South End—Goal, Hinton; defence, Kokesh, W. Pepper; centre, Goyer; wings, Rowbotham, H. Pepper; subs, High, Sager, Pringle, Morgan, Doran and Pointer.

20th. Century—Goal, Davies; defence, Cross, Oakes; centre, Baker; wings, Culhane, Riggs; subs, F. Follwell, T. Follwell, Hanna, Ling and St. Denis.

The summary:

First Period

20th. Century—Cross 8.30
South End—H. Pepper (Kokesh) 3.45
Penalties—Baker, F. Follwell.

Second Period

20th. Century—Ling 7.55
South End—W. Pepper 10.50
Penalties—Ling.

Third Period

South End—H. Pepper 16.45
Penalties—Goyer, F. Follwell, Oakes and High.

Grills Win

The nightcap saw the league champion Grills' Garage romp home to a rather easy 6-2 victory over the weakened Aajmaa Club, who were minus three of their best players. The clubs battled to a 1-1 tie in the first frame but the "Mechanics" proved two strong for the remainder of the game. Slemin the Quebec student in the Aajmaa nets was one of the standouts of the night although he was closely followed by Buskard in the opposite goal. The Grills' front line of Barriage, Semark and McGuire proved the best scoring combination, Semark and Jimmie McGuire getting three goals each. Barriage assisted in five of the six goals scored by the winners. The defence of Ethier and Bill Henn proved a stumbling block to the Aajmaas, while the Canning twins combined nicely. Amo, a 'teen aged youth and a product of the Ki-Y League, caught the eye of many fans and played fine hockey for the losers. Blaker carried the bulk of the defence work. Denis-Roy, another Quebec boy, played well as did Thorne and Mott.

The Aajmaas opened the scoring when Denis-Roy banged home a pass from Amo. The lead was short-lived however as Jim Semark rifled the rubber past Slemin on a three man combination, F. McGuire to Barriage to Semark. Semark scored two goals in quick order in the second frame. The final period saw Jimmie McGuire flicker the red light three times, twice on passes from Barriage. Mott scored a goal as the game ended after taking Denis-Roy's pass. Owing to the ice becoming sticky this game was more rugged than the first, and many penalties were imposed. The line-up:

Grills' Garage—Goal, Buskard; defence, Ethier, W. Henn; centre, Barriage; wings, Semark, J. McGuire; subs, H. Canning, F. McGuire, J. Canning, Day and T. Henn.

Aajmaa Club—Goal, Slemin; defence, Blaker, Bleekman; centre, Burley; wings, Denis-Roy, Carmichael; subs, Jones, Meens, Connors, Thorne, Amo and Mott

Referees for the night were Jack Truaisch and "Bouncer" Holway.

The summary:

First Period

Aajmaas—Denis-Roy (Amo) . 8.15
Grills—Semark, (Barriage, F. McGuire) .. .., ...10.00
Penalties—Burley.

Second Period

Grills—Semark (Barriage, F. McGuire) 9.10
Grills—Semark .. .. .07
Penalties—none.

Third Period

Grills—J. McGuire (Barriage) 5.45
Grills—J. McGuire 12.25
Grills—J. McGuire (Barriage) 1.10
Aajmaas—Mott (Denis-Roy) . 02
Penalties—W. Henn, Amo, Meens, Ethier, Barriage.

TEAMS BUNCH UP

By the Canadian Press

Detroit Olympics today nestled alongside Syracuse and Cleveland to crowd the leaders of the International Hockey League six-team war. Buffalo took charge of second position, two points behind the circuit-leading London Tecs and two points in front of third-place Windsor Bulldogs.

"Yip" Foster's last-minute goal handed Detroit the 4-3 win over Bulldogs last night that took the Motor Town out of its lonely position at the bottom of the circuit and placed them in the company of Cleveland and Syracuse. Buffalo advanced into the second place berth by trouncing Cleveland 5 to 3.

'DIZZY' DEAN IS VOTED BEST IN ALL SPORT LINES

As Outstanding Performer in 1934 He Tops Them All

LITTLE IS SECOND

Wins Both British And American Amateur Golf Crowns

By Alan Gould, Associated Press Sports Editor.

New York, Dec. 19 (AP)—Picking up where his great southpaw rival, Carl Owen Hubbell, left off a year ago, the celebrated Jerome Herman (Dizzy) Dean rules the United States sporting roost of 1934 as the outstanding performer, in any sport by virtually a landslide vote of acclaim in the fourth annual Associated Press sports poll.

Nearly 75 per cent of the ballots, received from sports writers and editors throughout the United States, named the right-handed pitching ace of the world champion St. Louis Cardinals as the No. 1 athlete of the year, amateur or professional.

He was put at the head of the list by 76 out of 112 observers, each of whom was asked to name the three outstanding athletes of 1934.

He easily outscored such notable rivals as William Lawson Little, Jr., Max Baer, Fred Perry and Glenn Cunningham, who finished in that order, and collected a total of 268 points in the complete tabulation, more than double the total for Little, 113.

Hubbell, the 1933 winner, failed to receive a single vote despite the fact the pitching ace of the New York Giants turned in one of the year's outstanding stunts in fanning Ruth, Gehrig, Foxx, Simmons and Cronin in succession in the all-star major league game.

Winner of 30 games during the regular National League season and victor in two out of three World Series starts, Dean's accomplishments as well as his colorful personality appealed more strongly to the sporting fraternity than the exploits of any baseball star since Babe Ruth was at the peak.

Lawson Little Runner-up

A share of the vote in this year's poll, however, coupled Dizzy and his 21-year-old brother, Paul or "Daffy" Dean, as an "entry" on the grounds that their pitching accomplishments are inseparable. Thus, while Dizzy stood at the top of the list, he also combined with his brother to finish fifth on the basis of this freak balloting.

Clinching the runner-up role on the strength of his remarkable achievement in capturing both British and American amateur golf championships this year, Lawson Little was rated the outstanding amateur of 1934 in competition with a strong group of rivals.

Voted first by eight experts, Little was included in the top three on more than half the ballots and easily outpointed his leading amateur rival, Fred Perry, world champion tennis player and British Davis Cup ace. Perry finished fourth, trailing Max Baer, the heavyweight boxing champion, as well as Dizzy Dean and Little. Perry and Baer each received five first place votes.

The heavy vote of Little is noteworthy as an expression of opinion contrasting with the decision of the Amateur Athletic Union to omit the Californian's name from the list of seven athletes eligible for the Sullivan Memorial Medal, awarded annually to the athlete contributing most for the cause of amateur sport.

Glenn Cunningham, Captain Francis (Pug) Lund of Minnesota's football team, Barney Ross, Mickey Cochrane, Bill Cummings, Ben Eastman and Bronko Nagurski were accorded first-place nominations.

GOLDSWORTHY BACK

Montreal, Dec. 19 (CP)—Elroy Goldsworth, who was a member of the Montreal Canadiens earlier this season but never played a game with them, has been bought from the Chicago Black Hawks, officials of the Canadiens announced today.

Goldsworthy, a right winger, came to Canadiens from Chicago Black Hawks with Roger Jenkins and Lionel Conacher for Howie Morenz, Lorne Chabot and Marty Burke. Hawks bought him and shipped him to London Tecumsehs of the International League. It is believed Desse Roche, secured from St. Louis two weeks ago in a trade involving Joe Lamb, will be traded to make room for Goldsworthy.

"MECCA" PILE REMEDIES

HE LOOKS FINE IN A CUB UNIFORM

All smiles over the possible added strength for his Chicago Cubs in the 1935 baseball marathon, Manager Charlie Grimm casts an approving eye over Freddie Lindstrom, hard-hitting outfielder obtained in a trade with Pittsburgh Pirates, as he measures him in his new Cub uniform.

DAVIS COMES HOME TO GIANTS

JOE BOWMAN GEORGE DAVIS

In one of the last deals put over before the major league baseball meetings in New York city were ended, Manager Bill Terry of the Giants traded Pitcher Joe Bowman, LEFT, to the Phillies for Outfielder George Davis, RIGHT. Centrefielder for the Giants in 1933, Davis was traded "by mistake" last spring, confessed Pilot Terry.

Stewart Shining Light as Boston Bruins Take Rangers But Fail to Get in Front

Hawks Tie With Canadiens to Hold Top Rung of Section

ST. LOUIS WIN

Defeat Amerks 2-1 With Frank Finnigan Best Man on Ice

(By A. E. Fulford, Canadian Press Staff Writer)

Boston Bruins were quite certain today that the one-game layoff imposed on Nels Stewart for bending his stick over Dede Klein's head last Thursday was just what the doctor ordered. "Poison" went out last night and scored two goals that made the difference in Bruin's 5-3 win over New York Rangers.

The deliberate centreman's brace in 20 seconds of the game's fourth minute sent Bruins away on a scoring splurge that eventually gave them revenge for the 2-1 beating Rangers handed them when Stewart was out of the game under the suspension that goes with match penalties.

Boston's win would have brought them back into a tie for the American division leadership had not Chicago Black Hawks earned a 1-1 tie with Canadiens at Montreal, leaving Hawks a point up on Frank Patrick's team.

St Louis Eagles probably wish all the teams in the National League came from New York. They won their third game of the season last night when they defeated Americans 2-1 in overtime and all three have been from New York outfits. They had defeated Americans before and Rangers. It was their first victory in the three games they have played since Buck Boucher took over the team but they got a tie in another to give the former Ottawa Senator star a good record.

Figure in Four Ties

Unless they get over the habit, Canadiens will soon earn themselves the title of the champs of the league. In the 60 games played since the season opened November 8 only four have been ties and the Habitants have figured in three of them. They have drawn with Chicago, St. Louis and Americans, Detroit and Americans played the other tie.

Last night Roger Jenkins, former Hawk defenceman, was their star as he scored Canadiens' goal and played a splendid defensive game against his old team-mates. Louis Trudel got the Chicago counter in the first period, almost seven minutes after Jenkins' counter, on a play made by Tommy Cook.

The game, first of the season between the teams, marked the initial appearance of Howie Morenz as a Hawk on Montreal ice. The centre star, who played 11 years in a Canadien uniform, was given a long cheer as he stepped on the ice.

Counting Stewart's two goals and one by Jack Shill, Boston got three goals in the first period before Ranger marksmen got working. Bill Cook scored before the period was over and Frankie Boucher got the only tally of the second period.

Finnigan Shining Light

Lester Patrick's team were unable to tie it up, however, before Marty Barry put the Bruins two goals up. Cecil Dillon scored the third Ranger goal and Dit Clapper got the fifth Bruin tally.

Frankie Finnigan, St. Louis steady right winger was the shining star at New York, scoring both his team's goals. He got the first in the opening period and old Harry Oliver tied it up in the second on a clever solo rush.

Finnigan's wining goal came after almost five minutes of overtime when Bill Brydge got in Roy Worters' way and the American goalie could not see the right winger's long shot.

CURRENT SPOR

(Day By Day)

A little earlier than usual the Belleville City Hockey League pried off the lid last night with a twin bill that was thoroughly enjoyed. The players were not in the pink of condition, they not having had the advantage of pre-season training or conditioning. A week hence the teams should be about ready to give the fans a good brand of hockey. Last night's opening tilt saw the South End win a closely fought game over the newly formed 20th. Century Club by a 3-2 score. Both squads trotted out a number of 'teen age lads, who are strangers to many of the fans. The kids made a fairly good showing. The second game proved rather one-sided as the Aajmaa Club was minus three of their Albert College players. They fell easy prey to the speedier Grills Garage and went down 6-2. The score about indicates the play, the winners showing a better system of combination and attack. Friday night another double header will be presented with three new teams to be presented. The Trenton Imperials tackle the S.E.A.C., and Derby Jeffrey's United Cigar Store team do battle with Stan Hagerman's Stewart Warner-Alemite squad. This game should be worth the price of admission itself.

Mayor Tice officially opened the hockey season in his usual gracious manner, facing the puck and welcoming the fans to the Arena. Charlie Woods had the lucky door prize ticket and carried home a beautiful floor lamp. Yes, the city league moguls intend giving away door prizes each night. Once again the small boys gaining admittance to the arena caused the paid customers no end of annoyance with their rambling around the building and generally making a nuisance of themselves. If the management would corral these atoms of energy in the bull pen and keep them under surveillance perhaps it would prove beneficial to all. There were so many small boys jammed into the dressing rooms that it was practically impossible for the players to gain entrance at the end of the periods. On the other hand and returning to the actual games, once these squads get a little conditioning the league should prove a big success.

With the Christmas holiday season close at hand undoubtedly the Ki-Y. league will start the various groups off as soon as possible. Officers were recently elected and the group chairmen appointed. Les Nicholl was named president with Joe Shortt being returned as secretary. The group chairmen are—Juniors, George Lee; juveniles, Bill Cook; midgets, Frank Follwell, while the Kiwanis Club is to name the convener of the bantam section. Entries are being received by Secretary Shortt, while the teams already entered have been assured of an early start. Ki-Y hockey is the foundation or moulding block for future hockey players and this organization should be afforded a better following than it has enjoyed in years past. The kids in each group play a snappy brand of hockey that is interesting to watch. No admission fee is charged and a slight re

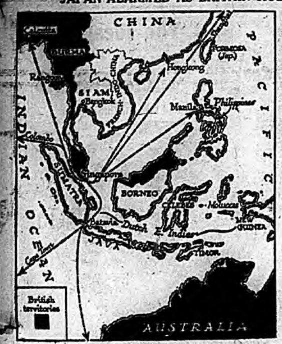
JAPAN ALARMED AS BRITAIN HOLDS HUGE SHAM WAR AT SINGAPORE



Singapore's Strategic Position in the Pacific

In the far east, a new crisis has arisen. It surrounds Britain's erection of an almost impregnable base at Singapore, Gibraltar of the Pacific. Japan has long held that Singapore is a menace to them in the far east, although it is thousands of miles away. Now Japanese militarists are planning to build a canal through Siam at its narrowest part which would be just below Bangkok, on the map at RIGHT.

Meanwhile, Britain has spent $150,000,000 building its naval base and is still spending it. Recently the peninsula was swept by a spy scare and several were arrested. Now Britain is staging, for the first time at the base, a great sham war in which the base is attacked by every conceivable kind of offence and from all angles. Singapore is Britain's protection for India, Australia and other possessions in the eastern Pacific. The following is some historical geographical and economic data:

Descriptive—Singapore, well-built city at the southern end of the island of Singapore, is capital of the British colony of the Straits Settlements. It is the most importan commercial point of southeastern Asia, and its populaton, according to a recent census is 502,031.

Historical — Singapore was founded in 1819 at the instance of Sir Stamford Raffles, an employee of the East India Company. It was Raffles' aim to counteract the spread of Dutch influence in that part of the world, but he won only mild support from the British government. Despite the opposition of the Dutch and apathy at home, he succeeded in obtaining the island for Great Britain. Growth has been continuously rapid, proving his wisdom.

Commerce and Industry — Geographical position and a free trade policy have made Singapore the centre of a shipping trade surpassed in the east only by Chinese ports. Manufactures include ships, biscuits, white pepper, sago, gambier, tapioca, tools and vehicles, and there are large pineapple canning factories. There are heavy imports of rubber, fish, copra, rice, skins, cotton goods, petroleum and opium.

Points of interest—An esplanade fronting on the harbor is marked by a statue of Sir Stamford Raffles. The city's botanical gardens are among the world's finest. A Gothic cathedral of St. Andrew and Raffles museum are visited by many tourists. (Maps from Atlas of Current Affairs, Ryerson Press.)

MYSTERY SOLVED?

With the finding of a tiny skull in an improvised grave in Westchester county, N.Y. and the arrest of Arthur Fish, 65, (shown) who is said to have confessed her abduction and murder police believe they have at last solved the mystery of the disappearance of Grace Budd (shown ABOVE) then 10 years old, from the home of her mother, Mrs. Delia Budd, New York, on June 3, 1928. He is said by the police to have confessed abducting the child and taking her to a house in Westchester county, where he strangled her and hacked her body into three pieces, the police say. Many men have been arrested for the kidnapping of the girl in the years which have intervened, but always they were freed. This time, however, the police are certain that they have the right man.

GALLOPING GHOST APPEARS AGAIN FOR CHILDREN

Still a hero to the boys though his speed has been slowly vanishing, Red Grange, erstwhile galloping ghost of United States college gridirons, shows the youngsters how to carry a ball through the line. Grange played this season with Chicago Bears who were beaten for the professional football title by New York Giants.

LIBRARY BOARD SPONSORS TEA

DOCTORS PROTEST DISMISSAL

Brockville, Ont., Dec. 18 (CP) — The Brockville Medical Association last night passed a resolution protesting against dismissal of Dr. F. B. Miles as Medical Officer of Health for the city. The resolution said the doctor had been dismissed in a "summary manner." Mayor Donald B. Lewis, however, said the dismissal had not been summary as Dr. Miles had been asked two months ago to resign.

DEATHS YESTERDAY

(By The Canadian Press)

Keene, N.H.,: Prof. Jean Charlemagne Bracq, 81, Professor Emeritus of Romance Languages at Vassar University and participant in International peace conferences.

Watertown, N.Y.: Charles E. Bucholtz, 64, former Pennsylvania coal mine operator.

St. Thomas, Ont.: Miss Emma Adelaide Dingman, sister of L. H. Dingman, President of St. Thomas Times-Journal.

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE CAPITOL

"One Exciting Adventure" Heads Outstanding Double Feature Programme

The first starring film of Binnie Barnes glamorous star of stage and screen, will receive its initial showing on Thursday at the Capitol Theatre. The picture is "One Exciting Adventure" with Neil Hamilton and Paul Cavanagh, and Miss Barnes portrays the role of the most sensational and unusual adventuress to be depicted by the cinema.

Miss Barnes was taken to Hollywood for "There's Always Tomorrow" after she had won European recognition in the London production of "Cavalcade" and attracted world-wide attention in "Henry VIII" and Douglas Fairbanks' "Private Life of Don Juan." Her work was so outstanding that she was immediately starred in "One Exciting Adventure."

The story is that of a fascinating woman who is unable to look at a beautiful diamond without wanting and getting it. Men mean nothing to her until she meets Neil, and she means nothing to him. She becomes involved with Mr. Cavanagh, who enacts the part of the most accomplished crook in Europe, and the struggle of the two men, one of whom she wants and the other who wants her provides the basis for one of the most interesting and thrilling yarns that has reached the screen in a long time.

The excitement of the picture is punctuated by the blunders of Eugene Pallette and Grant Mitchell who appear as the most riotously funny team of detectives who ever trailed a glamorous crook.

"HALF A SINNER"

"Half a Sinner", one of the most hilarious and successful comedy-dramas of the year, is the second feature attraction with Berton Churchill, Broadway stage and screen star, Joel McCrea and Sallie Blane in the principal roles. Thoroughly wholesome laughable, dramatic it is one of the most delightful films to be shown in some time and is devoted to the entertainment needs of the entire family.

The story, thrilling in spots, rollicking in others and clean throughout, records the activities of a sanctimonious rascal who poses as a deacon and who is a card-sharp as well as two young lovers who have known him before but who know it would be fatal to their happiness to have such a fact become public. The plot turns and twists at every angle, the suspense of each situation being maintained until its consummation.

There is an exciting wrestling match, a robbery in which Joel is suspected and thrown in jail and apparently deserted by his girl, a widow who places too much faith in a pair of Jacks and through it all saunters the saintly appearing churchman with his kindly, double meaning, philosophy. In the end, though a crook, the deacon solves everyone's troubles in the most surprising fashion.

Capitol News of the world completes the programme.

Last complete show 8.45. Santa Claus at the Capitol next Saturday at 2.30. Gifts for boys and girls.

LEAVES TO-NIGHT

"Power" lavish and spectacular production starring Conrad Veidt and Benita Hume.

AT THE BELLE

"The Notorious Sophie Lang" Laughs, Thrills in Detective Film in Twin-Bill

A fast-paced, well-directed and expertly acted drama, which has for its heroine a sort of Lady "Raffles", Paramount's "The Notorious Sophie Lang", comes to the Belle tomorrow (Thursday) with Gertrude Michael and Paul Cavanaugh in the romantic leads headlining its distinguished cast.

Expert direction by Ralph Murphy director of the recent "The Great Flirtation" has made of this picture an adaptation of a series of Saturday Evening Post short stories by Frederick Irving Anderson, a thrilling, entertaining film liberally sprinkled with humorous passages and well worthy of your attention.

The plot opens with an exciting and rather ingenious jewel robbery in a New York store. Recognizing the handiwork of Sophie Lang, Inspector Parr of the police, played by Arthur Byron determines to catch her by the ingenious expedient of setting another jewel-thief on her trail. And for this purpose he selects Maximilian Bernard, played by Paul Cavanagh.

When the two fugitives from justice become aware of Parr's plot, a thrilling and amusing three-cornered battle of wits ensues, which has its climax when the two criminals fall in love with each other and flee from the country, leaving the baffled but happy Parr to survey the wreckage in their wake.

Prominently cast in supporting roles are Leon Errol, whose trick knees and pantomime furnish many hearty laughs to his characterization of a slightly bemused detective, and Alison Skipworth, who lends her talents to the portrayal of a venerable and lovable old scoundrel. Ferdinand Gottschalk Del Henderson and Jack Mulhall are in supporting roles.

"Caravan" Gay Tuneful

Belleville and vicinity movie-goers who love the gay, the lavish and the utterly different in screen entertainment will be delighted to hear of the first Erik Charell film production made in Hollywood.

In "Caravan", the memorable Fox film musical spectacle which is the 2nd feature attraction on the same program, this noted director has created one of the most brilliant and original screen plays seen here in some time. For sparkle, color and gayety, it is unsurpassed.

Charles Boyer favorite stage and screen star, the glamorous Loretta Young, lovely Jean Parker and Phillips Holmes, complete the stellar quartette. All four of them are superbly cast. In addition to the four leading players such personalities as Louise Fazenda, Eugene Pallette, C. Aubrey Smith, Charley Grapewin, Noah Berry, and Dudley Digges offer fine performances in strong roles.

"Glimpses of Erin" a beautiful and interesting Traveltalk will be presented on the same program.

Two Outstanding Features

Two outstanding features will be presented at the Belle Tonight for the last times in "One Hour Late" a delightful comedy with songs featuring the honey-toned tenor, Joe Morrison, Helen Twelvetrees, Conral Nagle and Arline Judge and "Peck's Bad Boy" co-starring Jackie Cooper and Thomas Meighan.

'SETH PARKER' SERVICE HELD

Large Gathering Attends Program at Trinity United Church

Madoc, Dec. 19—A Seth Parker service was held in the Sunday School room of Trinity United Church on Sunday evening. The choir under the leadership of Mr. W. Fletcher (Seth Parker) led a large congregation in the singing of many of the old familiar hymns. Opening with "Now the Day is Over" by the choir, the hymn "All Hail the Power of Jesus' Name" was sung. Mr. Colin Ross sang "Let the Lower Lights be Burning," with the choir joining in the chorus. Rev. G. W. Rivers led in prayer, after which the choir again sang "Have Thine Own Way Lord." Mrs. Rivers gave a poem "A Prayer In Verse," and asked the choir to sing the old hymn "Blessed Assurance." Mr. W. Fletcher gave a short talk dedicated to his mother, emphazing the power of prayer as it was applied in olden days and still applicable today. The great lack of the world in general today was the true brotherhood of man and helping and doing for others as in the days of old. Many splendid thoughts were left for both the young and old people from Mr. Fletcher's talk. "Blest Be the Tie that Binds" was sung. Mr. Rivers gave a short address bearing on the approaching Christmas season going back to old testament days giving many quotations foretelling the coming of Christ. He closed by asking all to make this Christmas season a Christlike season of prayer and praise. The ladies quartette Mrs. Hulin, Mrs. Eagleson and Misses N. Fair and C. Sallsbury sang "I Am Listening," after which the hymn "Jesus Keep Me Near the Cross" was sung and the Benediction given by Rev. Rivers, followed by one verse of "God be With You Till We Meet Again." Mrs. Leslie Ashley presiding at one of the small church organs in the school room.

On Monday evening the members of Trinity United Church choir held a banquet in the church parlor. About thirty members with a few friends sat down to a turkey supper at six thirty. Following the supper Mr. Fletcher the president, called the meeting to order. The toast to "The King" was proposed and the National Anthem sung. This was followed by the toast to the United Church of Canada, all joining in singing "Blest be the Tie That Binds" and the Rev. G. W. Rivers responding.

Mr. Fletcher in a few remarks voiced the choir members appreciation of thanks of the organist and choir leader Mrs. Leslie Ashley and asked her to accept a small gift from the members, Mrs. Wellman making the presentation.

Mrs. Ashley thanked the members for their kind gift and also for the splendid support they have given her throughout the past year. Mrs. W. Hulin then in a few remarks spoke of the work of our president, Mr. Fletcher during the year and asked him to accept a gift from the members, Mr. Colin Ross making the presentation. Mr. A. Abbott also spoke of the splendid work of the president and success of the banquet, much of it being due to Mr. Fletcher. The election of officers took place for the coming year. Mr. Rivers in charge.

President—Mr. Fletcher.
Sec. Treas.—Mrs. Hulin.
Social Convener—Mrs. Wellman.
Sick and Visiting Com. — Mrs. McBain.
Gown. Con.—Mrs. Irwin.

Mr. and Mrs. George LaBrash of Trenton spent Sunday with Mr. and Mrs. Rylot.

Mr. R. Beaton of Peterboro, spent the week end with his sister, Mrs. J. Whytock.

Mrs. E. West left on Sunday for Melrose and will later go to Peterboro to spend Christmas with her daughter, Mrs. Frances Latimer and family.

Mr. and Mrs. R. Wellman and family spent Sunday with his parents in Sidney township.

Miss Garrett spent the week end with her friend Miss Connor in Marmora.

The result of the Temperance examinations in the Sunday School under the W.C.T.U. plan of study are as follows:

Juniors 9 years or under:
1st Doris Palmer: Harts School.
2nd. Vera Holland: White Lake.
3rd Doris Broad: Hazzards.
4th Doris Baylis: White Lake.
4th Norma Boyle: Eldorado.
5th Eva Holland: White Lake.
6th Vera Moorcroft, Harts.

Intermediates 12-14 years:
1st Elvin Holland, White Lake.
2nd Helen Wellman: Trinity United Madoc.
3rd Albert Geary: White Lake.
4th Helen Wood: White Lake.
5th Merton Wright: Eldorado.

Juniors 10 and 11 years:
1st Roy Chapelle: White Lake.
2nd Rosella Henley: White Lake.
3rd Jean Allen: Harts.
4th Leona Blakely: Harts.
5th Billy McBain: Madoc (Trinity).

Senior 15-17 years:
1st Florence Walker: Union S. School.
2nd Myrtle West: Hazzards.
3rd Jean Rollins: Cooper.
4th Vera Woods: Hazzarsd.
5th Bert Downey: White Lake.

Temperance teaching in the Sunday schools is one of the most important branches of the work and more pupils should be encouraged to study and write on these examinations.

Obituary

MRS. S. J. CHARLESWORTH

On Saturday, Dec. 15th, Mrs. Sarah Jane Charlesworth passed away at the home of her daughter, Mrs. Ross Lott, in the 9th concession of Murray near Frankford. She had been ill for about two months.

The late Mrs. Charlesworth was born in Hungerford township, 78 years ago, her parents being the late Mr. and Mrs. William Whitaker. For some time she lived in the 8th Concession of Thurlow Township, but for the past 26 years she had resided in the township of Murray. She was a member of the Church of England and a woman of fine character, possessing many fine qualities. Many friends will regret her passing.

Left to mourn her loss are six daughters, Mrs. W. H. Ralph and Mrs. Basil Baker of Toronto; Mrs. Norman Purdy of Windsor; Mrs. C. H. Ralph of Lansing, Ont.; Mrs. James Bell of Foxboro; Mrs. Ross Lott of the 9th Concession of Murray Township, (Frankford); two sons, Percy and Fred Charlesworth of Murray township; one brother, William Whitaker of Kenora, Ont. Her husband died some years ago.

The funeral took place Tuesday afternoon from the home of her daughter, Mrs. Ross Lott to Trinity Church, Frankford, where the Burial Office of the Church of England was conducted by the rector of the parish, the Rev. Mr. McConnell. Many friends of the late Mrs. Charlesworth and of her family were present at the service.

The bearers were six sons-in-law and were Messrs. W. H. Ralph, C. H. Ralph, Basil Baker, Norman Purdy, James Bell and Ross Lott.

Interment was made in the Frankford Cemetery.

THE LATE NINA AND NEIL THOMPSON

Frankford, (Special) —The funeral service of Nina and Neil Thompson of this vicinity, was held in Stockdale United Church. The service which was conducted by Revs. Poulter of Wooler and Lane of Frankford was held at two o'clock Saturday afternoon.

The church was filled to its capacity with the many friends and neighbours, to extend their sympathy to the parents, Mr. and Mrs. Blake Thompson in their sad bereavement. The children were buried in Stockdale Cemetery.

LATE HENRY BARROW

Stirling, Dec. 19 (Special)—Death came suddenly early on Saturday to another life-long Stirling resident in the person of Henry Barrow. Deceased, who was in his seventy-sixth year was born on January 20th, 1859, the son of Stephen Barrow and Eliza Genereau of Stirling. The late Mr. Barrow has spent his entire life time in Stirling, where he was a very familiar figure, having been caretaker for years of the Royal Bank building.

Although in comparatively good health, the deceased had complained of weakness for the past month and on Saturday morning, after walking from his rooms on Front St. to his sister's residence, collapsed, falling from his chair. Dr. H. H. Alger, coroner, was summoned and pronounced life extinct. Later the body was removed to Mr. R. B. Duffin's funeral parlors where the remains rested until their removal on Sunday noon to the home of the deceased's sister, Mrs. Clara Simmons, from whence the funeral was held. Surviving to mourn his loss is a brother, John Barrow of Oshawa and two sisters, Mrs. Willard Cole of Oshawa and Mrs. Clara Simmons of Stirling. Among those from out of town attending the funeral was a brother-in-law, Mr. Will Grain, accompanied by his son and daughter of Oshawa.

The funeral was held from the residence of Mrs. Simmons on Monday morning proceeding to St. James' Roman Catholic Church, Stirling, where Rev. H. J. Farrell, P. P., sang the Requiem Mass at 9 o'clock During the offertory Mrs. Chas. Emery sang sweetly "O Sacred Heart" and while the funeral cortege left the church, the choir sang "Nearer my God to Thee." The procession then proceeded to St. James' Cemetery for interment. Fr. Farrell officiated at the committal.

The bearers were Messrs John M. McGee, Earl Luery, Fred N. McKee, W. J. Whitty, J. E. O'Donnell and J. C. McGee.

◆

QUINTUPLET BROADCAST

(Thursday, December 20.)

Final arrangements have been completed for the broadcast from the Dafoe Hospital at Callander, Ont., on December 20 at 8.15 p.m. which will be heard over CKAC. Though some difficulties had been encountered in bringing the Dionne quintuplets to the air, it is now expected that not only the babies, but their physician, Dr. Allen R. Dafoe and the nurses will be heard. The parents and guardians, Oliver Dionne, grandfather, W. H. Alderson and G. K. Morrison will also be heard.

The broadcast has been timed to give the radio audience an intimate glimpse of the routine that is necessary in the little hospital where the babies live. The quintuplets will face the specially sterilized microphone for the first time just before their evening meal, which precedes eight hours of sleep, so that when they are on the air they should be wide awake, full of kicks and willing to express themselves vocally to their great audience.

The unique broadcast will be heard over the Columbia network of about 80 stations.

SOME JOB-WITHOUT FUL-O-PEP I COULDN'T HAVE DONE IT!
A good hen—properly fed—lays—yearly 5 times its own weight.

HOME-grown grain alone won't do it—but Quaker FUL-O-PEP EGG MASH will, when fed with home grown grains or Ful-O-Pep Scratch Grains.

If you want more eggs—bigger and better eggs—stronger shelled eggs—start right now to feed FUL-O-PEP EGG MASH. It will give you maximum egg production and thus increase your profit over feed costs.

See your Quaker dealer—or write The Quaker Oats Company direct.

W.M.S. AT HOME GREATLY ENJOYED

Latta—On Monday evening Dec. 14th an at home was held at the home of Mrs. F. Hicks under the auspices of the W.M.S. A good crowd was present. Rev. Mr. Merrick presided. He opened the meeting, singing a hymn and offered prayer. Miss Ruby Howes favored with a piano solo and Mr. Jack McCabe with his melodious voice sang a solo "Always on Duty." Mr. Merrick commended Jack on the beautiful hymn rendered. A piano solo was given by Willet Pitman which was all that could be desired. A reading by Miss Leta Prindle was enjoyed by all.

Mrs. Wallace Simmons sang "Blue Heaven" in her usual splendid manner, after which Mr. Merrick stated briefly that happiness first started in the home.

Mrs. Patterson, the President was allowed time to speak. She thanked all who supported her in the year's work and showed her appreciation to all who helped in the evening's program and to all who added assistance in any way that went to make the evening's entertainment a success.

The meeting came to a close singing a hymn and prayer by the pastor.

Refreshments were served. at which a very social time was spent. $12.80 was realized.

The hostess was assisted at the lunch hour by Mrs. Pitman and her group members. A hearty vote of thanks was tendered Mrs. Hicks for the use of her home.

Mr. and Mrs. Wallace Simmons and Jack spent Saturday evening at Mr. and Mrs. Ross'.

Miss Mae Reynolds of Belleville was a caller at Mrs. James Brownson's on Sunday.

The school children are busy practicing for the Christmas entertainment at the school.

Mrs. Wells of Chatham is visiting her daughter Mrs. Will Sills.

Christmas service was conducted in this church Sunday afternoon by the pastor, Rev. Merrick. The choir rendered beautiful Christmas selections.

Mr. and Mrs. W. Simmons took tea with the former's father and mother Mr. and Mrs. Ira Simmons, Foxboro, Sunday evening.

Mr. Chas. Simpson is still busy with his men working on the road. Charlie never halts for cold weather.

The Plainfield Women's Institute monthly meeting was held at the home of Mrs. Wallace Simmons. Christmas presents were distributed among the members and a basket for the needy was filled.

Friends are very glad to hear that Mrs. W. Elliott is improving after her recent illness.

'Red' Ryan Release Lacks Confirmation

Kingston, Ont., Dec. 18 (CP)—No confirmation could be obtained at Kingston Penitentiary today of the report that "Red" Ryan, notorious criminal of some years ago who is serving a life sentence in the institution, was to be released the New Year and will serve as gardener for Dr. W. T. Kingsley, Roman Catholic chaplain at the institution.

Ryan, who has been working in the hospital of the penitentiary, has been seeking parole for some time.

FIVE YEAR TERM GIVEN ASSAILANT

Owen Sound, Ont., Dec. 18 (CP)—Edward Myers, Meaford, was sentenced to five years in Portsmouth Penitentiary with five lashes by Magistrate E. C. Spereman here today. Myers had pleaded guilty to a serious offence aginst a girl.

ANNUAL MEETING OF CARMEL W. A.

The annual meeting of Carmel's Women's Association met at the church on Dec. 5th with the usual attendance.

The meeting was opened by the President, Mrs. J. B. Patetrson taking the Devotional part. The Scripture lesson was taken from Luke 2, chap. four 8-14 verse.

Mr. Merrick led in prayer.

The program was led by Mrs. Blake Pitman. A hymn was sung, after which Mrs. Pitman interested all present with the topic, the subject being "China" and also the latter part of her subject on friendship. She closed with a poem entitled "The Tide is sure to Win." At the close silent prayer and prayer by Mrs. Pitman was offered.

Minutes were read and adopted of previous meeting. A hymn closed the first part of the meeting.

Rev. Mr. Merrick presided at the election of officers. Mrs. W. Simmons, secretary, read the minutes of the last annual meeting, and the election of officers took place which resulted as follows:

Honorary President—Mrs. John Reynolds.
President—Mrs. J. B. Patterson.
Vice President—Mrs. Geo. Morman.
Treasurer—Miss Margaret Reynolds.
Corresponding Secretary—Mrs. Herb Howes.
Recording Secretary—Mrs. W. D. Simmons.
Supply Secretary—Miss Mildred Jones.
Secretary Christian Stewardship—Mrs. Milton Ross.
Associate Helpers Secretary—Miss Fern Patterson.
Strangers Secretary—Mrs. Harry Haynes.
Temperance Secretary—Mrs. Homans, Sr.
Pianist—Mrs. B. Pitman.
Finance Committee—Mrs. E. Horton, Mrs. Frank Sullivan, Leta Prindle, Margaret Reynolds and Mrs. M. Ross.
Peace Secretary—Mrs. Mary Reid
Auditors—Mrs. Frank Hicks and Mrs. C. Brinthell.
Group Leaders—1, Mrs. J. Reynolds; 2, Mrs. F. Hicks, 3, Mrs. W. D. Simmons and 4, Mrs. Blake Pitman.
Press Secretary—Mrs. W. D. Simmons.

Mrs. Merrick spoke briefly and congratulated the members of the Missionary Society of the work done and how loyally they worked through the past year in the work for the Master. Mrs. Simmons moved a vote of thanks to Mr. and Mrs. Merrick for presiding at this part of the meeting. A hearty clap of the hands showed the appreciation.

RAILWAY WORKERS GET PART OF CUT

Restoration at New Year's May Effect Office Help

Montreal, Dec. 19.—Canada's 100,000 railway workers and their families will spend a merry Christmas in anticipation of the fact that from the first day of the new year they will have restored to them 3 percent. of the 15 percent. pay cut previously made, and from May 1, 1935, they will have 2 per cent. more returned to them, bringing the deduction to 10 percent.

An agreement to this effect was reached some weeks ago between the managements of Canada's railways and the officers of the running trades brotherhoods. Today an announcement was made by J. McGuire, General Chairman of the Canadian Brotherhood of Railroad Employees, whose 12,000 members include many miscellaneous classifications and workers, that an agreement similar to that of the running trades has been signed.

It is understood, at the same time, the executives of the Canadian Pacific and Canadian National Railways have decided to extend the provisions of these agreements to several thousand office workers and other unorganized employees.

No announcement has as yet been made to this effect, but it is anticipated daily.

DIONNE 'QUINTS' LOSE WEIGHT

Callander, Ont., Dec. 18. —(CP) Although the Dionne quintuplets seem pleased that Dr. A. R. Dafoe is back with them again, they all lost weight today.

Dr. G. P. Hamblin, young Toronto physician, who relieved Dr. Dafoe while holidaying in the United States, is still on the job. Dr. Dafoe visited the hospital this morning but for the most part is resting at his Callander home.

GIVE LASTING Electrical GIFTS

They Add Convenience to Every Room in the House

There's a gift opportunity wherever you have a friend or relative whose work could be lessened or whose comfort could be increased by an electrical appliance.

IN THE KITCHEN
An electric range, a kitchen mixer, or a refrigerator. All of these make food easier to prepare for the woman who sets a tempting table and constantly tries to improve it.

IN THE LAUNDRY
Only proper equipment can make laundering worth while. Inquire about a washing machine, an electric mangle or an automatic iron.

FOR HOUSE WORK
Vacuum cleaners have proven invaluable aids in keeping rugs thoroughly clean and yet preserving their texture and color. An electric waxer does wonders for floors, too.

ON THE TABLE
Coffee urns, toasters, waffle irons, grills. A whole family of little electrical appliances that make the breakfast or the midnight snack a delight to prepare.

Christmas Concerts

ST. GEORGE'S S. S.

ST. GEORGE'S S. S. last evening presented their annual Christmas Tree and Concert. The tree and hall were beautifully decorated and presented a delightful Yuletide appearance. A varied program of songs, recitations, dances and dialogues was enjoyed alike by the pupils and a great number of parents. Rev. G. G. Wright of Christ Church, acting as master of ceremonies for the evening, presented the following program:

A carol, "Hark the Herald Angels Sing" was sung by the entire Sunday school. Misses Charman and Quincey's classes sang "Away In a Manger. Joyce Coleman recitation. Miss Collyer's class presented a dialogue, "Santa's Dolls". Connie Scotti recitation. Joan Marsh danced the Sailor's Hornpipe. Beatrice Simpson piano solo. Mary Markle recitation. Stuart Newman song. Miss Hill's class in Christmas dialogue. The boys of the S. S. sang the carol "Holy Night, Peaceful Night". The girls then sang the same carol. Florence Kerrigan and Myrtle Lancaster presented a tap dance. Phyllis Royle recitation. Fay Thompson song. George Shepard song. Mr. Wright then called upon Mr. Osborne the superintendent for an address. Mr. Osborne spoke about the work of the S. S. and extended a hearty welcome to the parents. Santa Claus, after several delays en route, arrived at this time amid the plaudits of the younger generation. He very capably presented the pupils and teachers with gifts and candles after which he departed. Miss Margaret Symons provided the music for the evening. The teachers and staff are to be congratulated on the fine program that was presented. A large amount of food for the needy was collected.

HOLLOWAY STREET UNITED

A LARGE number of parents and friends gathered at Holloway St. United Church last evening when the annual Sunday School Christmas entertainment was given in the church parlors.

A well planned program of recitations, songs, dialogues, drills and playlets was presented in a very finished manner by the young performers. Rev. Newman acted as chairman and gave a brief address welcoming the guests to the church.

The following program was presented:

Selection by orchestra; Chorus by the Sunday School; Prayer by Rev. Mr. Newman; Chairman's Remarks; "Verses of Welcome" by six primary children of Mrs. Moore's and Mrs. McMurray's classes; Playlet "Merry Christmas" by the same classes; Selection by the orchestra "Rev. Newman's Class"; Recitation "What you should do", Florence Daynard, Mrs. Cordes' Class; Recitation "Christmas", Eileen Bowler; Piano Solo, Ruth Cordes (Mrs. Keitch's Class); Reading, Helen Brown, Mrs. Cordes' Class; "The West Belleville Bus" by H. Mott's Class; Recitation, Heather Dodds, Mrs. Greatrix Class; Song, "Santa Claus is Comin' to town", Miss Ada Groves' Class; Reading, Mrs. Sweetnam, Rev. Knox's Class; Dialogue "Doctors Office", Miss Queenie Livesay's Class; Silhouette Stunt, A. Campbell's Class; Reading, Helen Robinson, Mrs. Keitch's Class; Holly drill with a song by Douglas Browning, Miss Borwning's Class; Chorus by the school.

The arrival of Santa Claus laden with toys climaxed an evening of much enjoyment and brought great merriment to young and old.

Last evening, the Junior Choir of Bridge St. United Church numbering thirty voices gave their Christmas Concert in the Sunday School rooms under the direction of Mr. V. P. Hunt, organist. The programme was bright and full of the joyful Yuletide Spirit consisting of three parts. Part I was miscellaneous in character. Particular mention might be given to the Rhythm Band, of tambourine, castinets, triangles, bells, cymbals and drum accompanied by piano in which seven little girls dressed in white with broad shoulder sashes played in perfect rhythm also "The King's Breakfast" by A. A. Milne by four girls in old-fashioned costume and they sang the quaint setting with delightful action and grace concluding with an old courtly dance. Piano solo by George Stobie and duet by the Shorey sisters also the "Old Spinning Wheel" sung by the same. "The Birthday of a King", sung by Margaret Houston and "Santa Claus is Coming to Town" by Kathleen Monck. "Song of Songs", by Edwin Brenton, concluded the first part.

The lovely little mythical play was then given "The Little Boy Nobody Wanted" in a most impressive manner by the cast as appended below. The programme concluded with a twilight processional of the choir in their white surplices. Singing carols pictured on a screen with appropriate lantern slides. A large audience enjoyed the programme which was as follows:—

Programme

Introduction—Smiles—Chorus
Greeting—Ralph Clapp.
Alice in Wonderland—Chorus.
Santa Lucia, The Spanish Guitar—Cadet Rhythm Band.
Sidewalks of New York—Chorus
The Birthday of a King—Margaret Houston—Solo
Hanging Gardens—Piano Solo—George Stobie.
The Old Spinning Wheel—Vocal Duet—Jean and Betty Shorey.
Guitar Solo—Joyce Woodhouse.
Moment Musical (Schubert)—Cadet Rhythm Band.
Santa Claus is Coming to Town—Solo—Kathleen Monck.
Till We Meet Again—Chorus.
Songs of Songs—Vocal Solo—Edwin Brenton.
Dance of the Demons—Piano Duet—Jean and Betty Shorey.
The King's Breakfast by A. A. Milne—Character Chorus—Betty Sparling, Margaret Houston, Jean Stobie and Jean Shorey.

Part II

Play in three Acts—"The Little Boy Nobody Wanted"—

Cast—The Widow—Edna Gilroy; Prince Carl, Murray Mitchell; The Burgomeister, Wesley Semple; Fritz and Goodie, children of the Widow, Douglas Roblin and Lois Bankier; Frau Braun, Margaret Griffin; Frau Gunther, Dorothy Carr; Herr Schmidt, Dick Sparling; Herr Moltz, Gordon Griffin; Town Crier, Ross Clare; The Boy, Ralph Clapp.

Part III

Carols in Tableaux—

O Come All Ye Faithful, (Processional); Hark the Herald Angels Sing; O Little Town of Bethlehem; Away in a Manger; Silent Night.

ALLEGED CONSPIRATORS IN MONTREAL

Two of the many Nova Scotians charged in the alleged rum ring conspiracy are shown arriving in Montreal with their lawyers. LEFT, to RIGHT, L. A. Ryan and L. A. Forstythe, K.C., counsel for the accused men, Colin Chisholm and Thomas Young. The four Bronfman brothers have already appeared in court and released on bail set at over $400,000.

CONTINUE FIGHT SAYS MARSHALL

Member of Belleville Old Age Pension Board Causes Stir

Alderman Thomas H. Marshall, a member of the Belleville Old Age Pension Board returned to the city late last evening from Toronto, where he represented this city's Board at a meeting of county pension Board officials at Queen's Park.

Previous to the meeting of the committee to approach the Hon. David Croll in protest against the proposed changes in the Board by the Ontario Government, Alderman Marshall gave a spirited address against the proposed change.

"It looks as if these people are going to play the fiddle, and the taxpayers are going to dance", stormed Alderman Marshall shortly before the meeting was closed to the Toronto press.

Alderman Marshall charged that the Conservative pension administration had been faulty, but that the Liberal administration was "fifty times worse."

He complained, that pensions had been raised and granted with abandon over the heads of the board. He added, also, that the Toronto Board had raised one pensioner's monthly stipend from $15 to $20 for doctor's bills, although the doctor had never charged a cent.

"Why didn't they refer that back to the local Board?" he asked. "They might just as well not have them. (Alderman Marshall referred to the local Boards) "They keep on granting them no matter what we do. That's fine, but where is the taxpayer going to get off?" I'd like to tell Mr. Croll about this myself."

"I wasn't appointed on the committee, however, when it was named to approach Mr. Croll, so I wasn't able to tell Mr. Croll al lthis. But I'm going to continue this fight against the change, no matter what happens," stated Alderman Marshall this morning to the Ontario Intelligencer.

The meeting appointed P. Stinson of Northumberland and Durham Board to interview Mr. Croll.

FORMER M.P. HURT

Ottawa, Dec. 19.—Dr. J. L. Chabot, former M.P. for Ottawa, was today in hospital suffering fro mtwo fractured ribs received when he slipped while stepping off the running board of his automobile.

Hospital authorities stated his condition was not serious.

Obituary

G. FRANKLIN FITCHETT

Tweed, Dec. 19 (Special)—Death came on Tuesday, December 18th, to G. P. Fitchett, at the age of 77. The deceased was the son of the late Mr. and Mrs. Aaron Fitchett and was born near Roslin where he later married Annie Murdoff. He was a C.N.R. employee at Belleville for seventeen years, and for some months had made his home with his brother, Edmund Fitchett, of Tweed, where he died. The late G. P. Fitchett was a member of the United Church. Three sons, Byron of White Lake, Naphan and Arthur in Western Canada, and four daughters, Mrs. Jas. Carey (Lily), of Montreal, and Elsie, Evelyn and Edna, of Belleville, survive, as well as two brothers, R. W. of Rama, Sask., and Edmund of Tweed, and two sisters, Mrs. Wm. Post, Cannifton, and Mrs. Thos. Rollins, of Moira. The funeral will be held on Thursday, December 20th, from the home of his brother in Tweed to White Lake, with Rev. R. R. Nicholson, pastor of Tweed United Church, in charge.

LATE MRS. MARY POST

Mrs. Mary Post, wife of the late Prof. John Post, died suddenly in Toronto, on Monday, Dec. 17th, in her 84th year.

The late Mrs. Post was widely known in Toronto as a teacher of Art, having taught for a great many years. The late Mrs. Post was a pupil of the Ontario Ladies' College at Hamilton, and Whitby. She was the youngest daughter of the late Rev. William and Mary Steer, of Grafton, Ont., formerly of Yorkshire, Eng. The Rev. Mr. Steer was one of the first pioneer missionaries to come to Canada to minister to the settlers and Indians, travelling on horse back from Toronto to Kingston. Mrs. Post is survived by two daughters, Mrs. W. C. Tanner, Belleville, Mrs. W. J. Perry, Toronto, one granddaughter, Mrs. V. M. Muir, Belleville and two great grandchildren, Norman P. and Laurence W. Muir, Belleville.

The funeral was held from Truell Funeral Home 111 Danforth Ave., Toronto, at 3 p.m. Wednesday, Dec. 19th to Scarboro Lawn Cemetery. Rev E. Daniel officiating.

◆

NOTED COACH DIES

Toronto, Dec. 19 (CP)—W. J., better known as Billy Slean, who for years had coached Parkdale Canoe Club Junior Ontario Hockey Association teams, died suddenly today. He had been under a doctor's care for heart trouble. Last night he attended the junior games at the Maple Leaf Gardens.

TEMPTING MENU IS READY AT JAIL

Christmas in County Bastille Will Not be All Gloomy

The Prisoner's Song will not be so evident at the County Jail during the Christmas season, and the desire to acquire wings whereby the forlorn shut-ins may float over the gray stone walls of the local Bastille will not be so keen. Christmas this year at the jail may in fact be a glittering spot in the monotonous existence of those who are confined, judging by the tempting menu, that has been prepared for the county's geusts.

Twenty-five or more prisoners at the jail will sit down on Christmas Day to the most ambitious menu, that has been served there for some time. The menu served by Gaoler and Mrs. G. H. French will consist of roast pork, dressing, cranberry sauce, mashed potatoes, mashed turnips, cabbage salad, pickels, steamed sweet apples, bread and butter, doughnuts, cheese, mince pie, oranges, apples, nuts and candies.

And for those who have relatives in the city and district the day will be one of visits. Relatives and friends of those who are confined, are invited by Gaoler French to accept the opportunity of visiting the jail and of bringing parcels for their friends if they wish to do so.

Christmas Day will also go down in the memory of those confined as the only day of the year in which smoking in the jail is permitted. But the smoking will be confined to the lower room of the hall and will not be permitted in the celles or the upper corridors.

◆

Police News

Activities proved rather tranquil in and about local police circles during the past 24 hours, not a single arrest having been made, although numerous calls were answered, the majority being of a minor nature. No session of local police court was held today in the police court rooms by Magistrate E. J. Butler, K.C.

A general decrease in the number of transients to be afforded a warm night's lodging at the police station was noticed last night when only ten travellers signed the register at the sergeant's desk.

AMALGAMATION IS NOT FAVORED BY HON. R. J. MANION

Joining Two Railways Not Thought of Says Railway Minister

AT SMITH'S FALLS

Challenges Liberal Leader to State His Railway Policy

Smiths Falls, Ont., Dec. 19—(CP) Amalgamation of Canada's two great Railways Systems finds no favor with Minister of Railways R. J. Manion, speaking here last night. Dr. Manion declared the Federal Government had no intention of proposing amalgamations, advanced reasons for this stand and challenged Rt. Hon. Mackenzie King, Liberal leader, to make an equally definite declaration of the policy of the Liberal Party.

Some people were inclined to become panicky about the railway problem said the Minister. Admittedly it was serious. Railway revenues were improving however, and a revival of business to the average condition from 1926 to 1929 would place both systems in a reasonably good financial position.

In any case it was not wise at this time to make any irrevocable decisions regarding the problem unless assured they were for the better.

"The question of amalgamation of the Canadian National and Canadian Pacific has never been even considered by the present government, declared Dr. Manion.

The scheme of joint operation proposed last week by Hon. W. Euler was only another name for amalgamation, he declared. After a few years of joint operation it would be impossible to separate the two systems.

Sincea leading Liberal like Mr. Euler had virtually advocated amalgamation it was time for Mr. King to state the attitude of the party, said the minister. The Liberal Chief's statement that he stood for maintenance of the integrity of the Canadian National as a publicly owned service left the way open for amalgamation under the Government control.

WOMAN IS HANGED AT HULL PRISON

First Woman to be Executed in England in Eight Years

Hull, England, Dec. 19 (AP) — After last minute appeals had failed to save her, Mrs. Ethel Lille Major, gaunt 42-year-old mother of two children, was hanged today at Hull prison.

A black flag was hoisted over the penitentiary when she went to her death, the first woman to be executed in England in eight years. Until the end she maintained she was innocent of the charge of murdering her husband by poison.

Three hundred curious persons idly milled about outside the prison as she mounted the gallows and the trap was sprung at 9.00 a.m. (4.00 a.m. Eastern Standard Time). Two grim faced policemen paced back and forth keeping the crowd on the move.

Final urgent appeals for clemency by Lord Mayor Stark of Hull, the last addressed to Buckingham Palace, were fruitless. An appeal to their Majesties was turned over to the Home Secretary's office, which replied tersely "the decision of the Home Secretary is already known."

The jury, which convicted Mrs. Major had recommended clemency.

Appeals Fruitless

No one in Hull seemed to take much interest in her case except the Lord Mayor, as Mrs. Major's home was in the little village of Kirby-on-Bain, where a 15-year-old son, a nine-year-old daughter and her aged father live.

The father and son came here to bid her farewell last night.

Mrs. Major was arrested, while her husband's funeral service was in progress as the result of an anonymous letter sent to authorities accusing her.

Two documents constituted the notice placed on the gates signifying that the law had taken its course. One was signed by the under-Sheriff and other witnesses. The second signed by the prison doctor, simply said that he had examined the body and found, that she was dead.

A petition in Mrs. Major's home town, hastily signed by 105 of the 205 inhabitants, was presented late Monday after the reprieve had been denied.

There was similar activity today in North Yorkshire, where Lydia Binks is under sentence of death with Frederick Rushworth for the murder of their baby, which had been buried alive. The jury also recommended mercy in her case.

BUY! his quick ears [illegible] the feet.

STILL KING OF MUNITIONS MAKERS

New and exclusive photos of Sir Basil Zaharoff, reproduced by permission from the motion picture "Dealers in Death", show the "munitions king of the world," who tries to avoid photograps at his retreat on the French Riviera. United States and British armaments investigations have brought him into limelight again as manipulator of governments and men.

GALAPAGOS "EMPRESS" AMONG MISSING

Copy of one of the photographs with the two bodies found on Malchina Island, among the Galapagos group. It shows Baroness De Wagner and her latest lover, Phillipson. They left Charles Island together in a sailboat in March and have not been heard from since. The Baroness is known as the "Empress" of the Galapagos, a group of islands off the cost of Ecuador.

JEAN HARLOW TO WED POWELL

Jean Harlow

JEAN AND WILLIAM POWELL

According to Hollywood reports, Jean Harlow, famous "platinum blonde" of the films, who has filed suit for divorce from her third husband, Hal Rosson, cameraman, may take William Powell, movie actor, as her fourth spouse, after she receives her final decree. They have frequently been seen together at Hollywood parties.

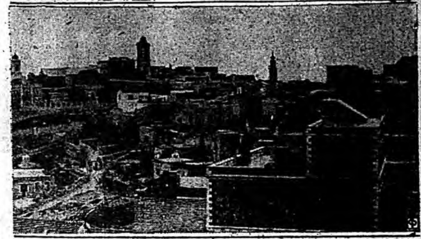
CAREFUL! HE'S A MIND READER

You might be embarrassed if you let Jackie Merkle, six, of New York, read your mind. "Shall I marry soon?" one reporter asked the boy during a demonstration. "No," said Jackie, "you're married and you have a child." The reporter who is—and has—admitted that he was defeated. When Jackie isn't displaying his mental prowess, he's just an ordinary, playful boy. He is shown here with his pet dog as they telephone some of their pals. Jackie's father is Jacques Merkle, a former circus acrobat.

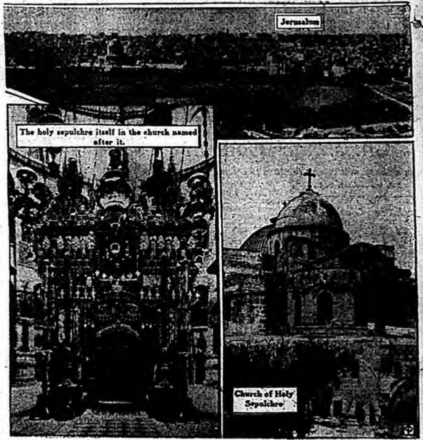
HE FLOATS OFF THE EARTH!

If he world were really built like a pie-plate as the ancients believed, then this ski-jumper might well appear to be leaping into oblivion. His landing place is not shown here as he leaps from the almost sheer ice-covered slope. In the distance are the snow-peaked ranges of the Alps. The scene is from St. Moritz, Switzerland.

Christmas in the Holy Land



The Town of Bethlehem



Bethlehem, Jerusalem, the Holy Land—these places hold a special significance to Christian peoples the world over. It was here that Jesus of Nazareth, Christ, The Founder of Christianity, was born, lived and preached. To these lands and these places the world turns thought on Christmas Day, birthday of Jesus.

FLAT ON THEIR BACKS— BOTH HORSE AND RIDER

Gentleman Rider G. Egerton still clutches the reins as he is thrown from his mount at the first fence in the Vauxhall Selling Handicap Steeplechase at Kempton Park, London. "Grovella,' owned by Egerton, seems to be mimicking the position of his master as he rolls on his back.

CO-OPERATION SOUGHT BETWEEN PROVINCES

Hon A. W. Roebuck Will Meet Hon. C. J. Arcand

Toronto, Dec. 19 (CP)—For the purpose of bringing about co-operation between Ontario and Quebec in the matter of labor legislation, Hon. A. W. Roebuck, Ontario Attorney General and Minister of Labor will go to Quebec Friday night for a conference Saturday morning with Hon. C. J. Arcand, Quebec Minister of Labor, Mr. Roebuck revealed Tuesday.

"I know some co-operation is possible, Quebec has led us in the matter of validating voluntary agreements and I am hoping for greater vigor on their part simultaneous with us," the Minister commented.

Spite Wife

by Ann Forester

“Everybody, attention—I ask you, isn't it a shameful condition of affairs when we wives have to be escorted by our own husbands! This is a modern party! No wives with their own husbands! We need change. Patty, you give Cliff to Georgia and go with Billy. And here—I'll make a fair exchange.” She snatched Judy by the arm and drew her toward Wilson who was watching with a heavy unsmiling face. “A bride for a bride! What could be fairer? You shall have my husband, Mrs. Carter—I'm 'still' a bride myself. And I'll take yours — be it ever so painful. Come on, Stan—our car is the first. Goodbye everyone. See you at the Club!”

Eunice was running down the steps, a slim white figure with floating silver draperies flying under the ermine cloak, one arm locked in the arm of the laughing Stan.

A babble of voices and laughter—tires crunching on the gravel drive and headlights flashing on shrubs and tree trunks. Car doors slamming. High voices and masculine laughter. And for one piercing moment, Georgia De Haas' black eyes plunging triumphantly into Judy's wide unguarded stare before the machine door shut them away.

“Our car, Mrs. Carter—” It was Wilson's heavy voice which stirred her. His car—the last to leave, had drawn up before the steps.

They were both silent as he helped her into the tonneau.

To save her life, Judy could not have spoken. If she had tried she would have burst in to angry tears. There was a raw smarting wound in her heart—not at Eunice's act but because Stan had not insisted on going with her—with Judy.

To leave her alone like this—these people whom she had never seen before....people she did not even like! He could have refused—refused laughing—have said: “No, Judy is a stranger....I must look out for her tonight.” But he had not. He had been glad to go! He had let that other girl snatch him away—dominate him.

All in a moment Judy's feelings crystalised toward Eunice Wilson. She understood her motives as well as though she had known the other girl for years. Eunice—Stan's old sweetheart—was flaunting her domination of Stan before all these people who had known of the old attachment.

Jealousy and wounded pride raging like mad things in her heart. Judy sat twisting her hands hard within each other in the dark. In that moment she hated Stan. She could have pounded his face with her clenched fists—that handsome dark face she loved so much——

Like a sort of cold torture her thoughts went back—checking up memory against Georgia's words. Stan and Eunice sweethearts all their lives until Eunice had married Wilson. Eunice had flung over her handsome young lover to snatch at the older wealthier man Stan had left town.... Eunice had been married only a little more than two months, Judy knew from conversation she had overheard that night. Two months.... and Stan had left town....Stan had come east. Aimlessly wandering about—was he trying to forget? He had come to Summerfield—visiting Phil Davis. He had met Judy....Their impetuous marriage. ....

Judy felt as though there were tears welling in her heart, hot bitter tears, scalding her.

Sometimes men married on the rebound. Married in a mad attempt to forget some other woman......

Stan, with his hot fierce pride—his strange black moods.... Oh, he hadn't done this! That green and gold night on the river when he looked at her with that strange searching, hungry look—and later, when he had held her in his arms and asked her to marry him....He loved her. Oh, if had been love, not a gesture of defiance at his world—a desire to show Eunice Wilson that his heart was not broken because of her marriage! ...Oh, it couldn't be that God wouldn't let it be that. Life wasn't so cruel!

And even as she tried to smother it, that still cold voice went whispering in Judy's mind, pointing out little signs which she could not ignore.

Stan's dark moodiness after the wedding.... those long hours when she had waited for him to come back to the drawing room. That queer remark —“a man in hell”....Was Eunice Wilson the inspiration for that remark? Had Eunice's marriage put Stan in hell?

Stinging hot pride swelling in Judy's heart. She wanted to cry out to the chauffeur to stop the car—she wanted to jump out and run back. Pack up her things and get away from the people—get away from Stan—Stan who had been so false—so contemptible....

But instead she sat, clenching her hands hard together, feeling the scalding tears banking up inside—tears she was too proud to shed.

This was the reason why all of the others had looked at her so queerly. Stan's mother and his sisters—and that lean brown Nick Carter..... they wanted to see what she knew—what she guessed. They were puzzled—and the man had pitied her! She had seen it at the table tonight—he pitied her, this Nick Carter, because he knew Stan had married her on the rebound.

Judy's heart was suddenly filled with murderous rage, not —oddly enough—at Stan, but at the man who dared to pity her. She could have scratched Nick Carter's face with her nails like a furious little cat if he had been there.

Stan's marriage had been a gesture of defiance. A spiteful gesture——Her mind, raw and quivering snatched at the thought. Used it like a weapon on herself. A spite wife! That was what she was! People built spite fences to cast a shadow on their neighbor's land. Stan had taken a spite wife to darken Eunice Wilson's life — to flaunt his defiance to his world.

“Here we are, Mrs. Carter. Will you let me assist you—”

Wilson's deep voice speaking jolted Judy back from her own bitter thoughts.

They had reached the brightly lighted entrance of the Country Club. There were the other machines drawn up in the parking space. Girls in light dresses—men in tuxedoes mounting the steps or waiting on the porch.

And Wilson was getting out of the machine—holding out his hand to assist her. It was only then that Judy realized they had made the entire trip out here from the house without saying a word.

JUDY FIGHTS HER HEART

CHAPTER FIFTEEN

The sight of Wilson's heavy brooding face woke Judy from her own bitter contemplation. With a leap of fear in her heart she realized that this man knew her thoughts. That he, too, had the black beast of jealousy gnawing at his breast.

A great, silent brooding man—a man of strange depths—a dangerous man! And he was jealous of the beautiful, fickle girl he had married.... Wilson knew of that old attachment between Stan and Eunice, Judy guessed. Suppose—Oh, suppose he should harm Stan!

At the thought, all the bitterness she felt toward Stan, all the jealous resentment fell away in a cold fear.

She smiled into the man's face as he helped her from the car. “I'm dreadfully ashamed—I — I fell asleep. The excitement—and all—” she stammered.

She felt that she was moving through a dream where the most important thing seemed to keep her poise. Stan—taking her from Wilson at the bottom of the steps.

“I wanted to ride with you, darling....you understand?”

His eyes were searching her face—was it guiltily?

Judy bent hastily, pretending to be occupied with the fringe of her shawl, lest he see her lips quiver. When Stan looked at her like that—compelling, dark eyes, melting her heart.... Oh, she mustn't cry and make a scene!

“Of course—it's all right.” She kept her head bent until it was safe to look up. “Do tell me where the dressing room is. I have to powder—I—I'm a fright.”

“Judy, something's happened—you're not yourself,” Stan said in a low voice.

At that the tears were in her throat, scalding tears. She wanted to pour out all the bitterness in her heart—she wanted to hear Stan tell her it was not so; to hear him rage at these cruel women who were torturing her this way.

She looked up—and saw Eunice Wilson's blue eyes watching her as she pretended to be talking to her husband.

Pride came to Judy's aid. She couldn't make a scene before these people.

She forced a smile. Answered as flippantly as Eunice herself might have done. “Then who am I, darling! You don't recognize me now, but wait until I've rouged, I'll look more natural!”

Did she suspect it, or did Amy look at her hard when she came into the dressing room. Amy and Patty Warren were making up their lips before the glass. Judy walked coolly up to a dressing table, again quite aware that her entrance had interrupted a discussion of herself.

She was surprised to see how familiar was the reflection which looked back at her from the mirror. She was a little pale, that was all. Her spirit had been so shaken in the last half hour she had rather expected it to show on her face.

Perhaps a faint blue shadow of weariness under the serious grey-blue eyes. A little droop to the mouth—there, lip-stick helped.

A second reflection in the glass. —The beautiful, watchful face of Eunice Wilson beside her own.

They stood side by side, busy with their vanity cases. Eunice's was white-gold, initialed in chip diamonds. Their reflected faces were like two pretty masks, thought Judy in a strangely detached manner. She sensed that Patty and Amy over by the other table had stopped their conversation—that they were straining to this silent drama.

Eunice carefully smoothed her lip rouge with a delicate forefinger, and the sapphire blue eyes were wary under the long lashes.

Judy opened her vanity case and began to powder her face again. She felt that she could not go away first. This was some strange battle. She and Eunice were fighting in spirit—struggling. ....Hating— fighting—stabbing each other in spirit—she and Eunice recognizing an enemy in each other, ...Eunice, hurting her in thought —— bleeding her heart white..while their faces remained masks and their eyes were sweetly insolent.

In a sort of icy composure Judy applied more rouge. In some way which she could not explain she knew that she must outstay Eunice.

And as though she sensed the steeled spirit of the other girl, Eunice suddenly spoke in her sweet cool drawl: “I don't know what's the matter. I look like a fright—”

“Oh, no!” Judy said generously, “I think you look lovely.”

No question that Eunice was clearly at a loss. She snapped shut the vanity case hesitated a moment, then walked over to join Georgia, who had just come into the room.

Judy managed to smile at them both as she passed them on the way out.

The dressing room let out on a short hall. Through an open door at the end Judy saw a deserted side porch and after a quick glance around to see that she was not observed, she stepped through it.

Good to be here alone. Safe from watchful eyes. To close her eyes and rest her cheek against the cool wooden post. The night wind blowing on her face....blowing through her mind cooling her hot, tortured thoughts.

It brought composure. It brought the power to think.

Reason stirring in her mind——cool, restful like the wind. After all wasn't she being hasty. Suppose Stan had gone with Eunice Wilson—Suppose he had even been cut up about her marriage and had gone away from here....He hadn't known her—Judy—then.

After all wasn't there someone else in every man's life? How many married their first sweethearts? Stan— handsome, impetuous moody Stan was spoiled—that explained those black moods of his. His mother—his sisters had spoiled him—just a few days in the Carter house had served to show his young wife this much.

But she loved him! With the admission such a well of warm affection rose in Judy's heart that she felt tears sting her closed eyes. She loved him this handsome, spoiled charming husband of hers, and that love was more than the romantic magic of their first meetings. It was the strong deep loyalty of the woman who belongs to her man. And Stan was her man—what was it the old minister had said?—For better or worse....

Somewhere she had read that men had been driven to unfaithfulness by the constant distrust of their wives. If there was anything in that, thought Judy then her doubt of Stan would drive him straight to Eunice Wilson.

Sturdy pride came to her aid and the little round chin—that subborn chin which Nick Carter had noticed tonight—went proudly up in the darkness.

They were trying to make trouble — these shallow, meddling women! Well she'd show them that they couldn't! Jealousy—wounded pride—would all play into their hands! She would be suave and clever. Her love—her love and Stan's was too staunch to be wrecked like that! She wouldn't be mean spirited and suspicious. She and Stan would build on better things than that.

And—Judy promised herself there on the deserted side porch she would say nothing to Stan about this. She wouldn't put it in words. It might be crystalizing a situation which would fade of itself if she left it alone.

(TO BE CONTINUED)

Little Benny's Note Book

Shorty Judge and Glasses Magee had a ferse argewment almost ending in a fite this afternoon, making fists and faces at each other but not quite hitting each other on account of both having doubts about the consequences, and us other fellows was jumping around them and encouraging them, yelling, Go ahead and soak him one, Shorty, whose he think he is, whose he think you are, are you going to take that off of him, Glasses, good nite Shorty, dont take that off of anybody, thatta boy Shorty, thatta boy, Glasses, show him who he thinks he's tawking to Glasses, that's telling him Shorty, poke him one, Glasses, give him one in the snoot, Shorty.

Wich neither of them didn't and just then a man with a little poodle dog stopped going passed, saying, Well, well; what's all this, well, well boys.

Meening the fite, and he leened over and patted Glasses and Shorty on the head saying, Come come, I'm sure 2 such nice looking little boys cant feel so bludthersty as all that. Now let me see you shake hands like 2 good little sports and peace loving citizens, he said.

Wich Shorty and Glasses did looking glad of the excuse, and the man said, Now you see, boys, with a few kind werds I've pored oil on the troubled waters and spared you all a paneful site.

And he kept on going with his little poodle dog. Skinny Martin saying Darn that guy, he must think he's the Ligg of Nations butting in and spoiling everybody's fun. May, what's you say we get the Crosses cat and head that guy off and push the cat around a corner at his funny looking dog? he said.

The Crosses cat being a famous dog chaser, and everybody thawt it was a grate ideer including Glasses Magee and Shorty Judge, ony the Crisses cat happened to be out, so the ony fun we had from the ideer was the pleasure of thinking of it.

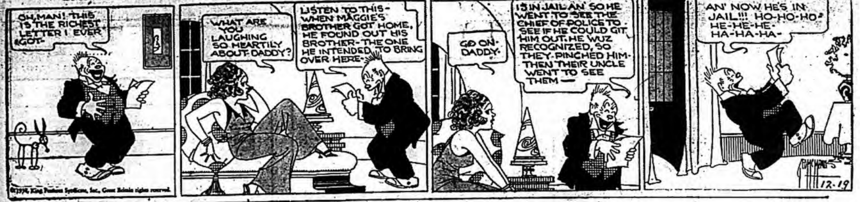
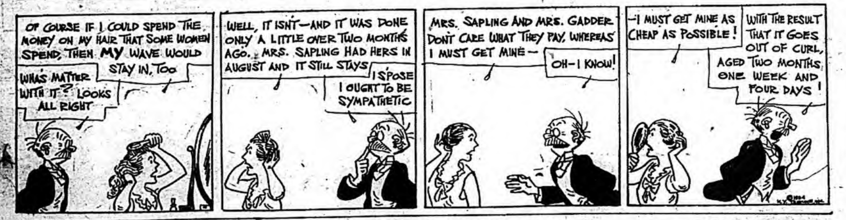
BRINGING UP FATHER

By George McManus



OH, MAN! THIS IS THE RICHEST LETTER I EVER GOT-
WHAT ARE YOU LAUGHING SO HEARTILY ABOUT DADDY?
LISTEN TO THIS - WHEN MAGGIE'S BROTHER GOT HOME, HE FOUND OUT HIS BROTHER - THE ONE HE INTENDED TO BRING OVER HERE -
GO ON DADDY.
IS IN JAIL AN' SO HE WENT TO SEE THE CHIEF OF POLICE TO SEE IF HE COULD GIT HIM OUT. HE WUZ RECOGNIZED, SO THEY PINCHED HIM - THEN THEIR UNCLE WENT TO SEE THEM —
AN' NOW HE'S IN JAIL!!! HO-HO-HO HE-HE-HE HA-HA-HA-
12-19

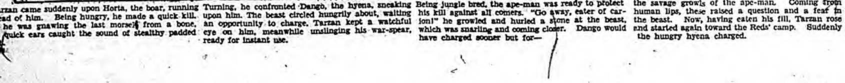


OF COURSE IF I COULD SPEND THE MONEY ON MY HAIR THAT SOME WOMEN SPEND, THEN MY WAVE WOULD STAY IN, TOO
WHAS MATTER WITH IT? LOOKS ALL RIGHT
WELL, IT ISN'T—AND IT WAS DONE ONLY A LITTLE OVER TWO MONTHS AGO. MRS. SAPLING HAD HERS IN AUGUST AND IT STILL STAYS
I S'POSE I OUGHT TO BE SYMPATHETIC
MRS. SAPLING AND MRS. GADDER DON'T CARE WHAT THEY PAY, WHEREAS I MUST GET MINE—
OH-I KNOW!
-I MUST GET MINE AS CHEAP AS POSSIBLE!
WITH THE RESULT THAT IT GOES OUT OF CURL, AGED TWO MONTHS, ONE WEEK AND FOUR DAYS!

TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs



Tarzan came suddenly upon Horta, the boar, running ahead of him. Being hungry, he made a quick kill. As he was gnawing the last morsel from a bone, his quick ears caught the sound of stealthy padded feet.

Turning, he confronted Dango, the hyena, sneaking upon him. The beast circled hungrily about, waiting an opportunity to charge. Tarzan kept a watchful eye on him, meanwhile unslinging his war-spear, ready for instant use.

Being jungle bred, the ape-man was ready to protect his kill against all comers. “Go away, eater of carrion!” he growled and hurled a stone at the beast, which was snarling and coming closer. Dango would have charged sooner but for—

the savage growls of the ape-man. Coming from human lips, these raised a question and a fear in the beast. Now, having eaten his fill, Tarzan rose and started again toward the Reds' camp. Suddenly the hungry hyena charged.

Wellman Public School Presents Annual Concert

On Friday afternoon, December, 14th over one hundred people gathered at Wellman's public school, (Rawdon), and enjoyed a splendid Christmas Concert.

Rev. F. G. Joblin was chairman for the occasion and the opening number was a Welcome Chorus by the school Later they sang Christmas numbers. Two drills were nicely done, the first "A Bough Drill" by four girls and then the Junior pupils dressed to represent various dolls executed a "Doll Drill". The Junior chorus were heard in "The Chinese Boy".

Three solos were given and were all applauded. James Watson, Gerald Taylor and Learl Humphrey, being soloists.

Misses Grace Dayman and Lucille Dracup sang as a duet "The Christmas Story". Several Recitations were greatly enjoyed and were given by Eleanor Heagle; Don Pollock; Doris Pollock; Ted Pollock; Maurice Clancy; Gerald Clancy; Gerald Johnson; Douglas Clancy; Dorothy Hinds; Charley Maybee; Allan Heagle; and Helen Johnson.

A dialogue "Reading the News-Argus" was staged by Carlyn Johnson, Gerald Johnson and Miss Dayman.

Jim Watson contributed a violin solo "Silent Night" with Miss Carlyn Johnson accompanying at the piano.

A two act play "What Happened at Brents" depicted "The King's Court with the following characters

Iona Hinds—The Little Princess.

Donald Nix—Rex, His Majesty.

Don Walker—Arch, Guardian of Royal Exchequer.

Roy Sharp—Joe, Royal Guard.

Gerald Jackman—Ned, Court Jester.

Carlyn Johnson— Mae, Mistress of Royal Wardrobe.

Alma Johnson— Ellen, Keeper of Royal Jewels.

Lela Linn—Bess, Custodian of Royal Seal.

Margaret Taylor— Ann, Royal Scribe.

Miss Grace Dayman—Mrs. Brent.

After the entertaining programme Santa Claus arrived on the scene, sang a few songs, told a few jokes and then distributed the gifts from the beautiful tree.

A vote of appreciation was tendered the teacher, Miss Grace Dayman for the entertainment and all thoroughly enjoyed the afternoon. The proceeds amounted to nine dollars and twenty cents.

Miss Edna Heagle has accepted a position with the Excelsior Life Insurance Co., at Toronto.

Miss Lorena Neal of Peterborough, spent the week-end with her parents Mr. and Mrs. Melville Neal.

Mr. and Mrs. Orno Sharp of Mount Pleasant, spent Sunday with her parents at Bonarlaw.

Mr. and Mrs. Bert Thompkins and Kenneth Mr. and Mrs. Alex Johnson spent Sunday with friends in Belleville.

Miss Leatha Hoover is holidaying with friends at Norwood.

Mr. and Mrs. Charley Todd motored west last week and plan to enjoy an extended visit with relatives in Saskatchewan.

Born—To Mr. and Mrs. Fred Heath, Bonarlaw on Friday, December 14th in Belleville General Hospital, a son.

Tanner L.O.L. No. 509 have elected the following officers for 1935—

W.M.— Brother Arthur Hagerman; D.M.—Brother Clare Tanner; Chaplain—Brother W. J. Johnson; Rec.-Sec.— Brother Lorne Hagerman; Financial Secretary—Brother Francis Jeffrey; Treasurer—Brother John Courtney; Lecturers — Brothers Kenneth Cook, Fred Martin; Tyler—Brother W. J. Tanner; Committee — Brothers, Hiram Dafoe, Murray Roy; Alex. Martin; J. B. Hagerman; William Tanner; Sick Committee—Brothers Hiram Dafoe; Wm. Wright; J. B. Hagerman and Walter Jeffrey.

Rev. Canon Swayne of Bonarlaw attended the funeral of his sister at Smith's Falls on Saturday.

Mrs. Arthur Phillips closed this helpful meeting with prayer.

Mr. and Mrs. Everet Sine and Marvin of Salem, were recent guests of Mr. and Mrs. Thomas Andrews.

Several Rawdon folk attended the dance at Springbrook Hall on Friday evening and report a good time.

Miss Eileen MacMullen spent Monday evening with the Misses Elva and Faye Andrews.

KRUPP CROPPED

Appointed president of the German Industrial Group by Adolf Hitler, Baron Krupp von Bohlen und Halbach (ABOVE) has quit the post after a quarrel with the Chancellor. Von Bohlen is reported dissatisfied with the Nazis treatment of big corporations. The baron is husband of Bertha Krupp, granddaughter of founder of great Krupp munitions industries. He added Krupp to his name when married.

STEADY INCREASE AT POST OFFICE

All Taking Warning to "Mail Early" For Christmas

Like a mounting tide, a steady stream of mail being received this week at the local post office, is daily assuming more formidable proportions for the busy clerks, who are now experiencing the first rush of the Christmas season.

Parcels, letters and cards for local delivery should be posted this week, stated Postmaster J. V. C. Truaisch today. There will be no delivery of mail on Christmas Day and those who wish their cards to reach the designated address before Christmas Day are urged and warned to "mail early" this week at the latest.

This week thirteen additional men have been employed to assist the letter carriers and clerks. Ten of the men will make the rounds through the city with the regular carriers, while three more will remain in the office assisting in the work of cancellation and distribution.

Busy at Office

Today the office was the scene of busy yet orderly confusion. Shirt-sleeved clerks assigned to the various tasks had few idle moments as they attempted to keep up with the steady incoming stream of bags laden with the precious parcels, letters and cards for residents of the city and the section throughout. Cancellation machines of the latest type whisked the letters and cards through with bewildering speed, carefully making its impress of black ink on the stamps and marking the date and post office division at the same time. Batch after batch of the envelopes were despatched through and then carefully distributed to the various pigeon holes for the letter carriers to pick up.

Little Delay

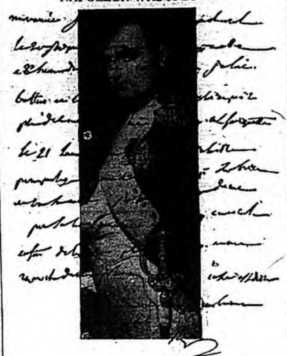
Little delay will be experienced this year in the distribution of parcels from outside points. Customs men have entered into the activity and promptly at six o'clock in the morning commence the task of inspecting the hundreds of parcels. If dutiable, the parcel is held. If not dutiable, it is collected by the mail carriers and given the addressee the same day.

Throughout the office considerable preparation for the busiest season of the year is plainly evident. New pigeon-holed cabinets have been set up; a new system of distribution in the office has been evolved. Everything possible to speed up reception and ultimate delivery of the precious packages and cards has been done.

Conditions are better this year, judging by the amount of mail passing through the local office, it was stated by Postmaster Truaisch.

"While we can not say definitely as yet, we expect that the volume this year will be fully up to our expectations.

NAPOLEON WAS A LOVER



Hitherto unknown love letters of Napoleon Bonaparte, to the Empress Marie Louise have been purchased by the French government for $75,000. There are 318 letters in the collection. The letters cover the whole heroic scene, courtship, marriage, victory, defeat, exile to Elba. Above is a reproduction of the only letter known to exist. It was a letter to Marie Louise in which Napoleon revealed his plans against Bluecher. The letter was intercepted by Bluecher's men, and resulted in final defeat of Napoleon. It is written in the great general's almost undecipherable handwriting.

UNEXPECTED HAZARD CANNOT STOP DUTRA

Despite the fact that he was plunged into the water when a bridge spanning a creek near the 17th green collapsed, Olin Dutra, husky leader of the "bombers" squadron in the Miami-Biltmore open golf tourney, clambered out and went on to win top money Spectators comprising the gallery were crossing the bridge with Dutra when it collapsed and 50 persons were immersed. Dutra, dressed in white, is seen climbing up the wrecked bridge at the top LEFT of the picture.

CUBA COMMANDER READY FOR ACTION

Hopes, However, That Hostilities Will Not Take Place

By EDMUND A. CHESTER

Havana, Dec. 19.—Fulgencio Batista, former sergeant, who now commands the Cuban Army, said in an exclusive pre-dawn interview today, "I know preparations are being made for an armed action against the Government, but so far they are not of an alarming extent."

"As painful as it would be for us to have to use force against our people," Batista said, "the army is ready to use every effort to prevent a new disturbance."

Surrounded by a small group of aides at his headquarters, Batista, target of much anti-Government opposition, had worked all night but was not too tired to discuss the Island's political ills.

His supreme wish for Christmas, he said, is "tranquility for all Cuba, even if it means my own submergence and my conversion into a handful of ashes."

Batista expressed the hope that "no one will mislead Cubans into an effort to take arms against the Government.

LT. COL. WARD DIES RAISED NAVVY UNIT

London, Dec. 19.—Lt. Col. John Ward, 68, who raised the famous Navvies' (Women's) Battalions during the Great War, died today at his home in Weyhill.

Colonel Ward was known as the "Navvies M.P." in his 23 years as a member of parliament. He founded the Navvy's Union in 1889 and, as a military man won various decorations.

THEY DECIDE PLAYERS DESTINIES FRO M A TABLE SEAT

Players are swapped, bought, farmed or benched when this inner sanctum of the baseball world meets in the American League's annual get-together. William Harridge, president of the league, is pictured with the various club owners. BACK ROW, LEFT to RIGHT, Frank J. Navin of Detroit; Thomas Yawkey, president of the Boston club; Clark Griffith, president of the Washington club; L. B. von weise, president of the St. Louis club, and Alva Bradley, president of the Cleveland club. FRONT ROW, LEFT to RIGHT, Col. Jacob Rupert, of N.Y. Yankees; William Harridge, president of the league; Thomas S. Shibe of the Philadelphia club and Louis Comiskey, president of the Chicago Club.

RELIEF DIRECTOR ILL

Ottawa, Dec. 19.—James A. Ellis, director of Ontario Unemployment Relief and former Mayor of Ottawa was reported by hospital authorities today to be in a serious condition.

Mr. Ellis, whose home is in Toronto, was visiting in the capital when he was taken ill a week ago. He underwent an operation in a local hospital.

THE WEATHER
Strong northwesterly winds, partly cloudy; somewhat colder tonight. Friday: Fresh winds, cloudy and rather cold; probably some light snow.

BELLEVILLE, ONTARIO, THURSDAY, DECEMBER 20, 1934

ARREST FOLLOWS CAR FATALITY NEAR BANCROFT

NEWS BRIEFS AND ODDITIES

Richmond, Va., Dec. 20 (AP)—A box crammed with Christmas toys—just the kind of things a 10-year-old girl would like, was enroute today to Marie Rose Boleston, of Holtsville, Northumberland County, New Brunswick. How and why the box was packed is a story of Christmas spirit.

Yesterday a clerk in a store here noticed a scrap of paper tied to the limbs of a Christmas tree he was selling to a Richmond matron. "We are so poor we never have Santa come to see us. I am ten years old" the letter signed by Marie read. Twenty fellow employees contributed to fill Marie's Christmas box. It was shipped today.

• • • •

Sandwich, Ont., Dec. 20 (CP)—"Canada has a better constitution," Isadore Fogel told Judge F. W. Willson when he was asked why he wanted to be a Canadian during examination in the naturalization court here. Fogel said that while born in Poland, he was a citizen of the United States. Nicolas Kietenchuk, another Pole, asked if he had been in trouble replied in the affirmative.

"I got drunk New Year's Eve," he admitted.

Judge Willson passed the entire 71 applicants.

• • • •

Montreal, Dec. 20 (CP) — The bugaboo, "wear and tear" has helped some Montrealers brush up their geographical knowledge.

At the south-east corner of St. Denis and Duluth Streets, scarcely 10 feet from one of the city's main thoroughfares, the sidewalk is worn so a perfect map of South America, five feet long by four feet wide, complete to the Isthmus of Panama is shown.

While passersby are attracted, and take much interest in the map, the section commonly pointed out is Paraguay and Bolivia which appear in the news frequently.

• • • •

Castleton, Kas., Dec. 20 (CP)—Do cows, like chickens, come home to roost? Swan Magnusson of Hutchinson believes they do.

He drove some cows from Hutchinson to Castleton, 25 miles, to a pasture. The next day the animals were back in Hutchinson, having made the trek in 30 hours.

• • • •

Philadelphia, Dec. 20 (CP) — The togs at Francisvale home for smaller animals are giving a Christmas party Saturday—with a real tree hung with dog biscuits and bones.

The party is for children whom manager George Armstrong hopes will be interested in adopting many of the 30 dogs. The children will get ice cream and cake, not bones.

• • • •

Atlanta, Dec. 20 (CP) — And when the package was opened—

E. T. Shealy of Reynolds today brought the head of a dog to the State Health Department to see if it had rabies.

His daughter and another child had been bitten by the animal and he was anxious to know whether to give them the necessary treatment.

He parked his car at the State Capitol to see if the chemist was in.

When he came back the package containing the dog's head had been stolen.

• • • •

Cleveland, Dec. 20 (CP)—The name of Ambrose Swasey, famous maker of huge telescopes, was figuratively written in the stars tonight with a newly discovered asteroid designated in his honor of his 88th birthday.

Swasey smiled his appreciation today as he disclosed the honor tendered him by Dr. Otto Struve, director of the Yerkes observatory, who recently discovered the minor planet between Jupiter and Mars.

"Swaseya" Dr. Struve named it.

Parents of Fifteen Honored by France

Paris, Dec. 20 (AP)—The French Academy today conferred a prize of 3,500 francs (approximately $231) on M. and Mme. Rambaud for their patriotic services in contributing 15 children to the French population.

The Rambauds, residents of Casablanca, a French colonial outpost in Western Morocco, previously have received 10,000 francs (approximately $660) in similar awards.

The prizes are part of France's campaign to check its declining birthrate, long a matter of concern.

GUNSHOT WOUNDS CAUSE DEATHS IN WOOLER TRAGEDY

Open Verdict Given by Jury at Inquest Into Double Murder

ACCUSED IS PRESENT

Shown Girl Suffered From Mental Trouble For Some Time

WOOLER, Dec. 20—Charged with the double murder, 19-year-old Marjorie Thompson, Wednesday sobbed silently as a Coroner's jury returned an open verdict at the inquest into the deaths of the girl's sister and brother, Ina, 11, and Neil 8. The two children were found shot to death in their bed December, 12 and the Coroner's jury found they had died from gunshot wounds in their heads.

Dr. H. B. Rundle of Brighton, conducted the inquest, and Colonel F. B. Boggs, K.C., of Cobourg, acted for the Crown. Miss Thompson who faces two murder charges, attended with her counsel, F. C. Richardson of Cobourg.

Miss Thompson during the inquest sat with downcast eyes beside Mrs. Roy Hutcheson, Matron of Cobourg Jail, only raising her eyes when members of her family testified. She cast quick glances at them crying silently to herself. She is the daughter of Mr. and Mrs. Blake Thompson residents of the Wooler district.

Girl Mentally Ill

Testimony showed Miss Thompson was at her uncle's farm on the day the tragedy occurred. She had witnessed the slaughter of pigs. It was testified the girl had suffered from mental trouble for some time.

According to the evidence empty .22-calibre shells were found in the room of Neil and that of his sister. Under Neil's body was the bolt of the gun, where Floyd, a brother, had hidden it in order to prevent further shooting Constable Frank Atkinson of Brighton testified. He had been summoned to the scene of the tragedy.

Constable L. McColl of Wooler said he went to the Thompson home and found the bodies of Neil and Ina both dead in their beds. When he arrived the officer said, Marjorie was sitting downstairs under surveillance. Later he took her to Cobourg, placing her in custody under guard.

Dr. D. McMullen informed the Coroner's jury that Marjorie Thompson had been treated for nervous trouble in Brockville by a Dr. Lewis, who advised she be given special treatment at her home and then returned for observation in a few months' time. Dr. McMullen, the Thompsons' family doctor, was called to the home after the shooting, and found the boy and girl had just died.

HEAVY DAMAGE ON COAST

Halifax, Dec. 20.—(CP)—Heavy damage was counted along Nova Scotia's seaboard today in the wake of a wind and rain storm that raged across half the province through the night.

Vessels were swept from their moorings; wharves were damaged, and fishermen's gear was destroyed on a long stretch of shore as the freakish, squally storm raged for more than eight hours.

Duke of Kent Honored Attaining 32nd Birthday

With Duchess Makes Public Appearance at Christmas Concert

(By Thomas T. Champion)
(Canadian Press Staff Writer)

LONDON, Dec. 20.—(CP Cable)—The Duke of Kent today celebrated the 32nd anniversary of his birthday, a week after the 28th birthday of his bride, the former Princess Marina of Greece, has passed unnoticed in Britain because of calendar differences.

The classic of continental reference books, the Almanach de Gotha, shows the Duchess of Kent was born at Athens November, 30, 1906, a date reckoned by the Julian Calendar. The Russian Greek, Serbian and Rumanian Churches did not adopt the Gregorian calendar, in general use elsewhere, until May, 1923.

The Duke and Duchess of Kent left Sir Philip Sassoon's Mansion at Trent Park, near Barnet, Tuesday for Buckingham Palace and since then have been shopping in the West End, lunching and dining privately with various friends.

First Public Appearance

Their first public appearance since their marriage came last night when they paid a surprise visit to the annual Christmas tea for disabled war veterans at the Palace Riding School where 400 guests, many still in their blue hospital garments, gave them a rousing reception.

The Duchess cut the Christmas cake at the tea and talked with several of the patients while the Duke made a short impromptu speech in which he thanked the disabled men for their wedding present.

The celebration of the Duke's birthday took the form of a private luncheon given him and his bride by King George and Queen Mary.

The Royal newlyweds will join the King's family Christmas party at Sandringham after which they may spend some time abroad.

ANOTHER EXPEDITION FOR MYSTERIOUS GALAPAGOS

The soft scented breezes of southern seas are luring William B. Leeds, Jr., heir to the tin plate millions, and former husband of Princess Xenia. His rebuilt yacht "Moana", has been christened by Olive Hamilton, whose name has been linked romantically with that of the heir. Leeds and a party of friends will sail shortly to explore the mystery of the Galapagos Islands. The islands, until recently harbored an "Eden cult" of civilized and educated people, headed by Baroness Wagner, who lived primitively—until murder broke their ranks. Olive Hamilton is on left, Leeds is on the right.

FLIERS GUIDED BY SUBMARINE

Four On Way On South Atlantic Hop Helped by Radio

Amsterdam, Dec. 20.— (AP)—Four Dutch fliers in a Fokker aeroplane, guided from mid-ocean by a submarine, passed the halfway mark today of a 2,250-mile south Atlantic hop.

Latest messages from the plane "Snip P 18", said all was well. It took off from Porto Prata, Cape Verde Islands, at 9.5 last night, for Paramaribo Dutch Guiana.

Stationed in the middle of the South Atlantic far off the regular Sea lanes, is a Dutch submarine, which is guiding the "Snip" by radio beacons.

The submarine also is preparing to hasten to the fliers' assistance should they be forced down. The submarine crew cheered the plane this morning when it passed overhead, making 160 miles an hour. The plane was expected to reach Paramaribo this afternoon.

When the ocean flight is completed, the plane will go to Cumarobo, Venezuela to inaugurate a freight and passenger service between there and Willemstadt Curacao, Dutch West Indies.

The new line will be the Netherlands' first attempt to enter commercial aviation in South America. The fliers pilots Hondon and Von Baloom, wireless operator Von Der Molen and Engineer Stolk, left Amsterdam December 15th.

DEFICIT IS REPORTED

Tecumseh, Ont., Dec. 20 (CP)—With a deficit of $3.19 to date, members of the Tecumseh Unemployed Association executive, have decided to call a special session of the ways and means committee to devise a programme whereby the Association can be put on a self-supporting basis.

Edward Hunt, member of the executive, said the books of the Unemployed Fund were in bad shape.

Cows Use Road At Owner's Risk, Is Judge's Ruling

Motorist Cleared of Liability in Unusual Case at Goderich

Goderich, Dec. 20.—A motorist, providing he keeps to his right side of the road and observes the speed limit, is not liable for damage ensuing should he suddenly crash into a herd of cattle just over the brow of a hill. County Judge T. M. Costello has so ruled in an interesting and important judgment just handed down. The motorist, Walter Thompson, is awarded $45 damages to his car, with costs, while the counterclaim of the farmer, Glen Cornish, for $115 for cattle injured and destroyed in the crash, is dismissed.

The accident happened on the Clinton-Auburn County Road on July 9 last while a herd of twenty-seven cows was being taken to pasture from one farm to another, a short distance along the road, by a 14-year-old girl.

The Judge comments: "It would have been much better had the girl assumed the practice of running ahead of the cattle so that she might be able to warn approaching traffic. I cannot find otherwise than negligence on the farmer's part in not taking proper precautions to at least guide the animals as quickly as possible through what must be. I look on, as a dangerous zone. There surely cannot be any duty cast on motorists to do anything else than keep to their own side of the road in coming to the crest of the hill, providing they are not exceeding the speed limit.

The evidence was that the motorist was travelling between 30 and 40 miles an hour. The "wholesome frankness" on the witness stand of Margaret Cornish, the young farmer's daughter, who had charge of the twenty-seven cows, is highly commended by the Judge.

OTTAWA FOOTBALL CLUB MAY CHANGE HANDS

J. R. Booth and Eddie Emerson are in the Field to Purchase

Ottawa, Dec. 20 (CP)—The Ottawa Journal today announces that J. R. Booth, wealthy resident of the Capital and Eddie Emerson, veteran lineman of the Rough Riders, have made an offer for the purchase of the Ottawa Football Club and that control of the team may pass into their hands before the New Year.

The Journal proceeds:

"No details of the offer have been made public but communicated with by telephone at Montebello, where he is spending a holiday, J. R. Booth verified with the Journal the report that he and Emerson were prepared to buy the club and had advanced terms which the executive now has under consideration.

"How much money the young Ottawa sportsman and the veteran lineman are ready to lay out for the franchise has not yet been disclosed but it has been understood for some time that the present officers would be willing to part with it for the liabilities of the club which are in the vicinity of $4,000.

Huey Long Must Face Trial

Washington, Dec. 20 (AP)— The district of Columbia Supreme Court ruled today that Senator Huey Long of Louisiana must face trial on the $50,000 libel suit filed against him by Samuel T. Ansell.

WRECKAGE FOUND NOT ULM'S PLANE

Fragments of Plane Dismantled And Thrown Into Sea

LOS ANGELES, Dec. 20—(AP)—Airplane wreckage found off Niihau Islands was not that of the missing trans-Pacific plane of Flight-Lieut. Charles T. P. Ulm, a wireless message received by Mackay Radio said.

The message from the Corporation's Honolulu office said:

"Rumors that the wreckage from Ulm's plane had been washed ashore on Niihau Island were dispelled when navy officers from the Pearl Harbor air base identified a strut and wing fragments as part of a navy torpedo plane which was torn down and discarded parts thrown into the sea several months ago.

12 HOUR SNOWFALL VISITS PROVINCE

Hundreds of Unemployed Given Work Clearing Roads

A 12-hour snowfall yesterday that continued until almost midnight fell like a Christmas benediction upon Ontario as hundreds of unemployed men throughout the province today went to work at clearing streets and highways.

The biggest snowstorm this winter laid six inches of snow over the north and eastern sections of the province, with 3.3 inches reported for Toronto and gradually less proceeding south and westward.

Ottawa dispatches described the storm as og blizzard proportions, indirectly causing injury to two persons, Mrs. L. J. Milaney, who fractured a leg, slipping on a snow-covered manhole, and Eusebe Charrow, a telephone company employee, who slipped as he was raising a pole and was crushed underneath it. Large gangs of men were at work in the capital city, clearing the streets, and traffic conditions were swiftly being brought back to normal.

Woodstock reposed this morning under a quilt of six inches of snow, while Kitchener's fall was not quite as luxurious, four inches being the estimate there. Temperature was mild in both places, as it was generally in the province fluctuating only a few degrees overnight.

At Peterborough, residents awakened to find snow ten inches deep on level roads. But traffic was not greatly hindered. Sarnia, in the western portion, had a comparatively light fall.

FREER GRAIN MOVEMENT IS AIM OF McFARLAND

Winnipeg, Dec. 20 (CP)—Suggestion by John I. McFarland, head of the Canadian wheat pool, that the December future on the Winnipeg Grain Exchange be abolished and the November option substituted is based on his belief such a change would result in freer movement of grain.

LAWSON PARTY ORGANIZES

Ottawa, Dec. 20 (CP)—Announcement that J. Earl Lawson, K.C., member of parliament for West York (Toronto), would be Dominion organizer for the Conservative party was expected momentarily today.

HIGH DIVIDENDS PAID BY TEXTILES INQUIRY IS TOLD

One Firm Pays as High as 118 Per Cent on Book Value of Stock

WAGES $11.50 TO $15.71

Canning Industry Probe Will be Begun Next Week

Ottawa, Dec. 20. — (CP)—High dividend rates paid by Canadian Textile plants were enumerated to the Royal Commission on Mass Buying today by J. G. Glassco of Toronto one of its investigating auditors.

On the book value of its common stock, Cotton Threads, Limited of Montreal paid dividends equivalent to 118 per cent. in 1929; 100 per cent. in 1930; 50 per cent. in 1931; 116 per cent. in 1932 and 116 1-4 per cent in 1933.

The commission today turned to Cordage and Thread Companies of which there are six in Canada with seven mills.

Largest Sales

Another Canadian Textile Plant, the Canadian Spool Cotton Company of Montreal, which is controlled in the United Kingdom and had the largest sales in Canada in 1933, paid dividends of 21 per cent of its common stock in 1929; 25 per cent. in 1930; 18 1-4 per cent. in 1931; 11 1-4 in 1932 and 13 last year.

A third company, The Bell Thread Co., Ltd. of Hamilton, Ont., paid 59 per cent. on its common shares in 1929 Glassco said.

"How do you get 59 per cent," asked Norman Sommerville, Commission Counsel.

"That is the percentage which the dividends bear to the book value of the outstanding no par value shares. In his case there were 2,134,000 common shares outstanding which were only valued on the books at $1 a piece. The dividend was equivalent to 59 cents on each of these shares.

Wages Criticized

When the cordage and thread plants were completed, Glassco presented a composite picture of the textile industry as a whole. It showed the industry to be profitable throughout the depression and that sales, although declining, had stood up better than might be expected.

One table drew from Sam Factor (Lib. Toronto West Centre), the statement the highest factory wages paid in the industry amounted to $15.71 a week in 1933 and the lowest was $11.50. In view of the fact the textile industry was profitable was this a situation to be proud of, he asked.

Glassco replied his table showed also short-time employment and the low pay earned there brought down the average.

"I understand from some of the speeches, particularly by my colleagues to the right (the Conservative Members of the Commission) the textiles industry was giving employment to large numbers of people," said Mr. Factor. "That, we were told, was due to the protection it received and that it was something we were to be proud of. But I can't be proud of an industry that pays $15.71 a week as its highest wage and so on down to $11.50 a week."

(Continued on page seven)

FIVE ARMED MEN SECURE $48,000

One of Gang Believed to be Fugitive Robert Mais

Philadelphia, Dec. 20 (AP) — A robber band of five, one of whom police said they believe may have been the fugitive killer, Robert Mais, invaded a branch office of the Philadelphia Electric Company today, scooped up between $40,000 and $48,000 in cash, and fled in a waiting car.

Two of the 50 employes held up by the bandits partially identified the robber leader as Mais, fugitive from a Virginia prison from which he shot his way to freedom while awaiting execution for the slaying of a mail employe.

Four of the robbers staged the holdup while the fifth waited in the bandit car, motor running, in front of the building.

They timed their invasion to take place just as 60 employes of the company waited in front of the cashier's cage to have their pay cheques cashed.

J. Palmer's Neck Broken When Car Leaves Road; Manslaughter is Charged

Frederick Henderson Driver of Car is Held at Bancroft

SEAT IS DISLODGED

Inquest Opened This Afternoon Into Cause of Death

Joseph Palmer, 49 of Millbridge, was instantly killed when the automobile in which he was travelling turned over on the highway, eight miles south of Bancroft early last evening. Palmer was pinned under the motorcar, the front seat of the vehicle striking him on the back of the neck, breaking the second vertebrae and causing instant death. Frederick Henderson, 34, a son-in-law of the dead man and alleged driver of the motor car, was later arrested by O.P.P. Constable Morris of Bancroft on a charge of manslaughter and is being held at Bancroft without bail. The inquest looking into the death of Palmer was called for this afternoon.

Henderson was travelling southward from Bancroft on a fairly good stretch of road when it is said the automobile got out of control, skidding on the snow and turning completely over twice as it left the highway and hurtled down a steep embankment on the right-hand side of the highway. When the open touring car came to an abrupt stop Palmer was pinned under the front portion of the vehicle, the front seat having been dislodged while the car rolled down the embankment and subsequently crashing upon the helpless man, breaking his neck. Drs. Weese and Lumb of Bancroft were summoned to the scene of the accident but upon their arrival pronounced Palmer dead. Medical attention was afforded Henderson, who was badly cut and bruised during the crash.

Provincial Constable Morris investigated and informed district headquarters at Belleville today that Henderson smelled strongly of intoxicants when taken into custody. Crown Attorney B. C. Donnan, K.C. was notified of the fatal accident and ordered Henderson's arrest on a charge of manslaughter and also requested that Coroner Dr. Lumb of Bancroft open the inquest inquiring into death of Palmer, for identification and cause of death only. Although the highway at the point of the accident is covered with snow to a slight degree, the road is comparatively straight and in good travelling condition, authorities stated today. Henderson was held in the village lock-up at Bancroft and will appear before Magistrate Casement today on a charge of manslaughter He will subsequently be lodged in the county jail awaiting trial. The accident was reported to O.P.P. Inspector Frank Gardner late last night.

LOCAL DOCTORS IN NORTH WORK

Hon. Dr. Faulkner Announces Extension of Health Service

Toronto, Dec. 20 (CP)—Extension of the Ontario Government's health service in Northern Ontario through use of regular physicians instead of district officers, was announced today by Hon. J. A. Faulkner, Minister of Health.

The Government said Dr. Faulkner is adopting the policy of having local physicians to go to the scene of epidemics rather than the former one of paying a district officer who may be idle for considerable periods.

Dr. Faulkner denied this step was taken as a result of the recent smallpox scare at Hornepayne when a passenger carload of travellers was held in quarantine pending diagnosis of the illness of a passenger.

'4 X SPIKE' THOUGHT TO BE IN PRISON

Toronto, Dec. 20—Officials of the Attorney-General's Department at Queen's Park are said to be of the opinion at the present time that "4X Spike", mysterious writer of threatening letters, who bombarded Crown Attorney Norman Newton of London and other prominent people of the province with blood-chilling ultimatums, is now behind bars where he cannot mail any more communications.

82 Sentenced In German Plots

Dortmund, Germany, Dec. 20 (CP-Havas)—Eighty-two persons were sentenced to terms ranging from one year in jail to six years' solitary confinement today when convicted of plotting against the security of the State.

RUDDER IS LOST S.O.S. CALL STATES

Cutter Sent to Assistance of The Steamer Severance

New York, Dec. 20.—(AP)—The coast guard and Radio Marine Corp. reported today they had picked up an SOS from the steamer Severance, which stated the Severance had lost her rudder 18 miles south of Fire Island.

The coastguard immediately dispatched a cutter to the assistance of the Severance and a short time later Radio Marine picked up a message that a coastguard boat was standing by.

The Severance is listed as a single-crew freighter of 4,993 gross tons and carries a crew of 41. Her home port is Boston, Mass., and she is owned by the Diamond Steamship Transportation Company.

She sailed from Norfolk, Va., Tuesday bound for Beverly, Mass.

THE WEATHER

Toronto, Dec. 20 (CP)—Relatively high in the Mississippi Valley and on the West Coast of Hudson Bay but low over Saskatchewan and the Missouri Valley. The weather has been cold in Northern Ontario and Manitoba but it continues comparatively mild in Southern Saskatchewan and Alberta.

Lake Superior, Kenora and Rainy River: Moderate to fresh northerly winds; partly cloudy and colder with scattered snowflurries.

Manitoba: Moderate to fresh northeasterly winds; mostly fair and cold; local snowflurries.

Saskatchewan: Fresh winds; cloudy and somewhat milder with some light snow.

Alberta: Fresh winds; partly cloudy with not much change in temperature; scattered snowflurries in northern districts.

ANXIETY.. .. .. ..'artd,ooblIep:

Cairo, Egypt, Dec. 20 (AP) — Anxiety was felt today for the safety of the Dutch aeroplane "Uiver" unreported for more than 12 hours on an attempt to set a record for the flight from Amsterdam to Batavia, Java.

Coming Events

FREE DENTAL CAR OPERATES IN NORTH

Pupils of the rural schools in the Coe Hill district this week are being given free dental service by a dental car operated by the Northern Relief Commission. Hundreds of pupils throughout the north country are being given these clinics and necessary work following the examinations by Dr. Washburn, who is his own chauffeur of the car and travels alone. His territory is Northern Ontario to the Manitoba boundary.

W. A. GROUP HAS ANNUAL MEETING

Group No. Four of the Women's Association of Tabernacle United Church held their annual meeting at Mrs. J. B. Kelley's, 274 John Street, Monday evening. Meeting opened with the roll call. A goodly number was present and the books were closed after a successful year, over $200.00 being realized. Mrs. S. Cherry, convener, was complimented on the splendid supervision in the work, after the regular business. The election of officers for next year took place and were as follows:

Convener—Mrs. J. B. Kelley.
Co-Convener—Mrs. J. F. Paul.
Secretary—Mrs. Asselstine.
Treasurer—Mrs. R. J. Goodfellow.

The meeting closed with prayer. Lunch was then served by the hostess and a social hour spent.

TWO QUALIFY TO FILL VACANCIES

At a special nomination meeting held at Deseronto, to fill vacancies on the School Board, W. Topping, Geo. Clement and C. F. Dimmell were nominated. The two former qualified to fill the vacancies.

HON. ROBT. WEIR TO BE SPEAKER

Announcement was made today by local officers, that the annual meeting of the South Hastings Conservative Association would be held in this city on the evening of Friday, January 11. It will begin at 8 o'clock in the city hall. Following the election of officers for the year 1935 and the transaction of regular business, the meeting will be addressed by the Hon. Robert Weir, M.P., Dominion Minister of Agriculture.

27 FAMILIES ON RELIEF IN NAPANEE

The town of Napanee at the present time lists a total of 103 persons on relief. The number is made up of 27 heads of families, with 73 dependents. In addition there are three individuals. To date since the season commenced a total of 12½ cords of wood have been issued for relief purposes.

CITY QUARRY CLOSES

Too much snow resulted in a cessation of activities at the city quarry this morning. Thirteen men and a foreman decided to discontinue the work of quarrying until some word had been received from the department regarding the condition.

CALENDAR SALESMEN NOT AUTHORIZED

Beware of calendar salesmen representing themselves as authorized by the local branches of returned soldiers' units, members of the Belleville United Veterans again warn citizens. The majority of the transient calendar and subscription salesmen making the rounds of the homes are not even returned men, they point out. No one is authorized by any local units to make the rounds soliciting in any manner.

NOTICE

Those who did not receive invitations to the Kinsmen's Annual New Year's Ball call Harvey Ross or Bob Graham.

50 BAGS FLOUR GIVEN DEPARTMENT

Further appreciation for the gift of a quantity of toys for Christmas distribution is expressed by Fire Chief Lynch and members of the department to the local Woolworth store. A gift of 50 six-pound bags of flour was donated by the local office of the Tweed Milling Company, and not twenty bags, as previously reported.

CENTRAL ONTARIO BREEDERS MEET

Members of the Central Ontario Breeders' Association who held their annual meeting in Campbellford on Wednesday afternoon elected the following officers for the year 1935: Honorary President, Alex Hume; President, R. B. Ness, Lamoines Point Farm, Portsmouth; Vice-President, W. A. Hume; Secretary, Fred M. Rutherford, Carisbrook Farm, Bonarlaw; Directors, Charles Rutherford, Colborne; Hector Wood, Ivanhoe; R. H. Little, John Locke, Raymond Free, John Thomson, Percy Oddie, E. A. McCook, Campbellford; S. McComb, Bonarlaw; Clarence Mann, Peterboro; W. J. Peoples, Havelock; Auditors, Gordon Rutherford and E. A. McCook.

Arrangements were made for a barn meet and field day, and judges were recommended to the parent association at Ottawa for the Royal Winter Fair. The Club which was organized in 1911 is in a healthy financial condition and has a membership of approximately 40 from the district extending from Kingston to Toronto.

MUST CLEAR SIDE WALKS OF SNOW

City Engineer Chas. A. Mott today issued his first warning of the season to residents who neglect to clear the snow from walks in front of their property within the city. The first inspection will be made today after which "penalty cleaning" will be undertaken on the walks that have not been cleared twenty-four hours after the fall and the costs assessed against the owners.

JUDGE McLEAN OF PICTON TO SPEAK

Members of the 21st and 2nd Battalion Clubs at their regular meeting this evening in Memorial Hall will be given an address by His Honor Judge McLean of Picton. The address will be part of the social evening for members following the official business of the clubs.

BUSINESS MEN DEFEATS HYDRO

Only one game of volleyball was played in the Y.M.C.A. league last evening, when the local Business Men's group won all three games from the Hydro Electric squad by the score of 15-10; 15-1 and 15-9. The failure of the R.C.A.F. "Flyer" team to put in an appearance gave the "Y" seniors their games by default. The Hydro team were far below par in their playing while the Business Men played inspired volleyball to sweep the series. The line-ups were—Hydro—Brown, O. Munnings, Poste, Blaker Davis, Meyers and Sheddon. Business Men—Davison, Houston, Neal, McFee, Hitchon, and Shortt.

WAR VETERANS IN BETTER CONDITION

Conditions among the city's returned war veterans and their families are believed to be a little better this year. Not quite so much work will be needed this year to carry on the philanthropic work throughout the Christmas season by the various returned men's units as in past Christmas seasons. Although some families will receive aid this season the number has been reduced from the total of last year and year's previous.

DESERONTO COUPLE MARRIED 60 YEARS

Sixty years ago Mr. and Mrs. James McMath of Second street, Deseronto, were married.

This week Mrs. McMath is displaying her wedding dress of sixty years ago to a wide circle of friends and acquaintances who have called at the home of the happy couple to tender their respects and congratulations on the attainment of the memorable anniversary.

The wedding dress and outfit carefully treasured, is in perfect condition and is in striking contrast to the flimsy wedding dress of the present day period.

NO DAMAGE FROM HEAVY SNOWFALL

Services Uninterrupted And Roads Are Kept Clear

Belleville and district commenced the task early this morning of digging itself out of the heaviest snowfall of the present season.

The five-inch blanket which settled over the section in large, feathery flakes which floated down through a gloomy late afternoon and evening on Wednesday, however, caused little damage and resulted in no disruption of traffic in the rural areas, except when the blinding fall was at its height. Going was heavy for motor cars this morning on the outside concession roads, but little other than annoyance at being stalled temporarily on city streets in the mounting snow banks as busy shovellers commenced work clearing the walks was caused local car owners.

Driven by a medium northeast wind, the snow which fell in the rural areas billowed in small drifts over the roads, temporarily blocking passage until the first few cars had struggled through. Sleet which fell later in the evening ended the threat of heavy drifting. No complete tie-up was reported.

Rather than take a chance on the uncertain condition of the roads, the stage driver of the Bancroft bus preferred to remain in the city over night and make an early start today.

No Serious Accidents

Police reported no accidents attributable to the storm, except in a few cases where cars and transports which attempted to buck the heavy fall found themselves slithering into the ditch by the side of the road. Between this city and Oshawa some dozen or more cars were reported stalled on hills, unable to make the grade without chains on the wheels without the aid of a friendly push from some other motorist.

Parking spaces in the city were a mecca for transport drivers who laid their huge machines up during the storm until better visibility could be secured.

"All clear!" was the report of Mr. O. H. Scott, manager of the local Hydro office. "We have no damage to report from the sleet or snow."

No interruption of service even in the rural areas was reported by the Bell Telephone office.

Farmers who invaded the Belleville market today with hundreds of geese, turkeys and ducks for Christmas sales, found the going heavy, but were able to make fairly good time.

Canadian National Railways reported no trouble.

Merchants pointed to a rush on the part of parents to secure sleds and sleighs for gifts. Previously they had lain in the basement collecting dust, until the fall of snow promised assurance that they could be used during the winter.

Unemployed Benefit

Twenty or more men who would otherwise be unemployed directly benefitted by the fall. Hired by the department of public works this morning, they took the field, shovels in hand to commence the task of clearing the walks in front of city property and the street crossings. Scores of other unemployed found their own employment clearing walks by soliciting the work from house to house.

Skiiers were enthusiastic over the heavy fall. Held from their favorite sport through lack of snow so far this season, the holidays over the week end will be made more enjoyable for them if the snow stays

MEETING IS DELAYED BY HEAVY SNOWFALL

Clerks of Townships Called On Old Age Pension Scheme

Although the meeting of clerks and representatives of townships throughout Hastings and Prince Edward Counties called for the purpose of discussing the Old Age Pension Act and proposed changes, was expected to be held at Shire Hall in this city this morning, the meeting will not get under way until late this afternoon it was stated. Heavy snow which drifted over rural roads late yesterday afternoon delayed the arrival of the majority of representatives today and only a handful managed to get through to the city this morning.

The meeting will be addressed by G. H. Green, chief inspector of the Old Age Pension Commission. Mr. Green will outline the regulations governing the proposed transfer of pensions administrations from local boards to clerks of the municipalities. The proposed changes are expected to become effective on January first.

FOWL PLENTIFUL ON THE MARKET

Prevailing Price For Turkeys is 21 Cents a Pound

At a largely attended market today Christmas poultry predominated. It was in every respect the finest display made thus far this year, consisting of turkeys, geese, ducks and chickens. Three exceptionally large turkeys were offered for sale each weighing approximately thirty pounds. The price asked ranged from $5 to $6 each and they were certainly fine birds. Average price for turkeys was 21c per pound. Geese were plentiful ranging in price from $1.50 to $2'50 each, according to quality. Ducks sold from 90c to $1.25 each. Chickens varied in prices, namely 60c to 75c each, according to size and quality.

A few baskets of eggs were displayed with prices slightly in excess of those obtained on Saturday. No. 1 large, sold at 35c per dozen, with pullets ranging from 28c to 30c per dozen.

The ruling price for butter was 45c for a two pound roll.

Market gardeners did considerable trading in vegetables, with no change in prices over those quoted on Saturday last.

Meat stalls were fairly well patronized with beef and pork being the chief products disposed of.

CITY ALMOST IDEAL FOR RADIO RECEPTION

Most of the Static Found Is Caused by Faulty Motors

Radio receiving set owners who have voiced their dissatisfaction over poor reception in certain districts of the city might perhaps find the trouble in their own or neighbor's home, intimated Mr. J. McWatters, Kingston, following a complete survey of this city made by a radio car with direction finder this week.

A thorough canvass of the city this week by Mr. McWatters and the car revealed that the city was or should be almost ideal for radio reception. Power lines and other trouble spots generally found in other cities to be the chief cause of interference were given a clean bill by the inspector, who relayed his findings to Mr. O. H. Scott, manager of the local Hydro office.

Sparking of dirty motors in washing machines, refrigerators, furnace blowers and other home-owned machinery was the chief source of the man-made static and were traced down by the car's direction finder in almost every instance.

Where trouble of this nature was found, the inspector gladly explained the manner in which the nuisance could be ended.

BADMINTON

Consecon, Dec. 20.—Mrs. McLean and Mr. and Mrs. A. McConkey spent Saturday in Trenton.

A splendid play was put on by the Continuation School on Thursday night. The hall was filled to capacity. Proceeds amounted to $50.00.

The Badminton Club held a progressive dinner on Tuesday night.

Mr. and Mrs. W. Chase and Mr. and Mrs. W. Locie and Rev. H. B. Kenny were called to London on Wednesday owing to the death of Mrs. George Kenny who passed away very suddenly on Tuesday.

Mr. and Mrs. Clayton French and Noreen spent a few days this week with Mr. and Mrs. F. B. Sprung, Belleville.

Mr. and Mrs. Elias Weeks have gone to Toronto where they will spend a month with their daughter, Mrs. Turney.

Mrs. H. A. German has gone to spend the winter with Mr. and Mrs. E. McDonald.

All are sorry to learn of the sudden passing of Mrs. Richard Hayes who passed away in Belleville hospital on Sunday.

Police News

Not a single arrest has been made by the local police for the past two days, activities in that department being purely routine. The current heavy Christmas traffic on local streets coupled with the recent heavy snow storms have kept the constables busy in the matter of straightening out traffic tangles however, no reports of property damage following motor accidents have been reported in the city of late.

P. C. Taylor apprehended a motorist driving an automobile on North Front street, displaying only one headlight last night. Upon questioning the driver more thoroughly the officer discovered that he was not in possession of an individual operator's licence. The driver William Cameron, R.R. No. 3 Belleville, will face charges under the H.T.A. in Friday's police court.

Only nine transients braved last night's severe snow storm and presented themselves at the police station in quest of a warm night's lodging. Eight of the transients were British born, the other giving his birth place as Austria.

Mr. and Mrs. Mathew Faul Honored on Anniversary

40 Years Wedded Life Remembered by Relatives and Neighbors

Corbyville, Dec. 20 (Special)—Last Tuesday evening at the home of Mr. and Mrs. Matthew Faul on the third concession of Thurlow was the scene of a very happy event, namely their fortieth wedding anniversary. To this special event over forty guests came to participate in its joyous commemoration. At six o'clock the guests sat down to a sumptuous chicken supper which had been arranged and prepared by the family as a surprise for their parents on this occasion. A large wedding cake adorned the centre of the table with forty candles on it. It was most happy that all their children were present, some coming from Toronto the same evening to honor their parents. A number of their guests were old time neighbors and companions, including Mr. and Mrs. Faul's early Sunday School teachers.

After everyone had heartily partaken of the abundant, delicious supper, the friends were all called together by the pastor, Rev. W. R. Merrick arranging the bride and groom with the bridesmaid, Mrs. James Hinchcliffe, of Wallbridge, and best man, Mr. Madison Faul of Trenton, who accompanied the bride and groom at their wedding forty years ago. The pastor in his address spoke of the fine qualities of the happy couple, congratulating them in their success that had attended their life together, which had shown itself in not only the material success but a true best of success in the number of friends we make and wished them many years of continued happy life together.

Presented with Purse

Mr. Clayton Marisette of Stirling, in a bright and cheery speech on behalf of the children, and other near relatives, presented them with a purse of money; they were also recipients of other personal gifts. Other friends who contributed in neat speeches were Mr. G. Sprackett of Belleville; Mr. Arthur Wilson of Halloway; Mr. Frank Hazzard of Plainfield; Mr. Hinchcliffe of Wallbridge; Miss Martha Hazzard and Mr. John Hinchcliffe of Wallbridge. This part of the program was concluded by singing, "Blest be the Tie That Binds," and prayer by the pastor. The remainder of the evening was spent in visiting.

The following people attended the anniversary:

Rev. Mr. and Mrs. Merrick, of Cannifton; Mr. Madison Foul (best man), Mr. and Mrs. Harold Faul, Mr. and Mrs. Roland Faul and Gerald, Miss Martha Hazzard (Sunday School teacher), all of Trenton; Mr. and Mrs. Carl Faul, Toronto; Mr. and Mrs. Arthur Wilson, Halloway; Mr. and Mrs. Frank Hazzard, Plainfield; Mr. and Mrs. James Hinchcliffe (bridesmaid), Wallbridge; Mr. and Mrs. John Hinchcliffe (Sunday School teacher), Wallbridge; Mr. and Mrs. James Wellman, Belleville; Mr. and Mrs. George Sprackett, Belleville; Mrs. M. Haggerty, Belleville; Mr. and Mrs. John Pound, Corbyville; Mr. Roy Pound, Corbyville; Mr. and Mrs. Clayton Marisette and family, Stirling; Mr. and Mrs. Percy Osland, Corbyville; Mr. and Mrs. Frank Lough, Foxboro; Mr. and Mrs. Sam Curry, Foxboro; Mr. and Mrs. John Weese, Melrose.

PLUM PUDDINGS NOT DUTIABLE

Customs Department Keeping up With Heavy Mail

Plum puddings from Od England, alarm clocks from the United States, ash trays and smoking stands from Czecho-Slovakia, dancing bears and tin whistles from Japan, novelties from far off China.... all are pouring through the local customs house in a steady stream of bundles and parcels which busy customs clerks are steadily unwrapping and examining as the flood daily increases.

So far, however the amount of parcels and packages received has been little above the average volume of other years. But clerks who are up and about the task of checking them over from six in the morning until late at night, expect the heaviest rush to commence during the latter part of the week. The total volume may or may not exceed the average of other Christmas seasons.

Little delay is being experienced this year in the matter of despatching the parcels and packages cleared through the customs to the addressee. Custom clerks have been working in close harmony with the regular post office staff. When the parcel is dutiable, it is held until properly cleared. But when it is not dutiable, then it is delivered to the home the same day the local office receives it.'

And genuine bona fide plum puddings are one of the things, that are not dutiable this joyous Christmas season.

LEAGUE MAY LIFT EMBARGO ON BOLIVIA

Geneva, Dec. 20 (AP)—Paraguay's rejection of the Chaco Peace plan submitted by the Advisory Committee of the League of Nations raised the question today of lifting the International Arms Embargo in favor of Bolivia.

Tall and gracefully designed in heavy silverplate. A gift value.

INSECT CONTROL THEME OF TALK

A. B. Baird is Speaker at Tweed United Church Y. P. S.

Tweed—Considerable interest was displayed on Saturday in the guessing contest sponsored by Tom Beatty. A beautiful Grade Hereford Baby Beef was on display in front of Beatty's Meat Market on Saturday afternoon and contestants were required to guess its weight, the prize for the successful guesser being a fine turkey. One hundred and forty-seven guesses were entered ranging from 275 pounds to 709 pounds. Mr. Samuel Bowers, Tweed's "grand old man", who is in his 94th year, with barely a glance at the animal, entered his estimate as 500 pounds, instructing Tom to send the turkey right down. One other contestant, Simon Goulah, also gave the same estimate. When the baby beef was later weighed by Messrs. W. L. Ketcheson and T. C. Graham, local drovers, it tipped the beam at exactly 500 pounds. To settle the ownership of the turkey these two men will guess the weight of the dressed animal on Saturday next, the nearest one to the correct weight being adjudged the "champion weight-guesser of Tweed and district." Fifty-four contestants guessed within 25 pounds of the correct weight, sixteen guessed over 600 pounds, fifty-nine between 500 and 600, fifty-six between 400 and 500 and sixteen under 400 pounds.

An interesting session of the Y. P. S. of Tweed United Church was held on Monday evening. The session was presided over by Miss Bessie Gordon. After the singing of a Christmas hymn, prayer was offered by Mrs. W. H. Hicks. The programme was presided over by Francis Tummon, convener of the Christian Citizenship Department. The chief feature of the evening was an address by Mr. A. B. Baird, chief entomologist of the Entomological Branch of the Dominion Department of Agriculture, Belleville.

In the course of his address on Insect Control, Mr. Baird said that man was continually at war with insect pests to see which would win in the struggle. Their chief strength lies in their ability to reproduce rapidly and the injury they do is due to their efforts to obtain food as there are forms of insects which can use every form of organic matter, and cause enormous losses. However, we often forget that the larger percentage of insects is beneficial. For example the larvae of many insects supplies food for young fish as for example, the black-fly, mosquito, dragon-fly and others.

Other insects produce food for man directly as the honey bee, while in some countries even yet several kinds of insects are used for food. He referred to the fact that lumbermen sometimes eat large, black, juicy, frozen ants dug out of stumps in the northern woods in the winter. Insects produce food for man indirectly by pollenizing the blossoms of fruit and vegetables. Other insects produce articles used in commerce as silk, dyes, medicines, wax. Some are of service as scavengers cleaning up refuse.

Among the most useful insects to man are insect parasites which feed upon other insects. It is this type of insects which the laboratory at Belleville is particularly interested in. One of the most injurious insects in Western Canada is the wheat saw-fly which has done more damage than the grasshopper. Efforts are being made to discover the natural enemies of this and other insects. Insects have four stages of life—the egg, the larva, the pupal, and the adult. It is in the second or caterpillar stage that the insect causes losses, because it is in this stage that it feeds voraciously on various forms of plant life. Different parasites feed upon the insects at different stages during their life history.

Parasites have been introduced from Europe and propagated at Belleville, to destroy the corn-borer which has done untold damage to the corn in various parts of Southern Ontario. The adult parasite lays its egg in the corn-borer. When the egg hatches, the larva feeds upon its host, which soon dies. In this way the corn-borer is coming under control.

Parasites have also saved the peach crop in the Niagara Peninsula from destruction by the Oriental peach moth. The white fly, the bane of florists, is controlled by a tiny parasite introduced from England. The spruce saw-fly has ruined much of the spruce forest of the Gaspe Peninsula and New Brunswick in the past four years. The parasites liberated from the Belleville laboratory during the past year to check this pest, numbered over a million.

Specimens of various injurious insects in their different stages of their life-history also parasites which prey upon them, were shown.

A vote of thanks was moved by Rev. R. R. Nicholson and seconded by Miss E. Stuart, B.A., to Mr. Baird for his very excellent address.

Jean Parker, Loretta oung and Gertrude Michael, now on the Belle screen.

VETERAN RAILWAYMAN SUCCUMBS TO INJURY

Walking Stick Becomes Caught in Door Knob

Brockville, Ont., Dec. 20 (CP)—David Fink, a veteran of the Canadian railway service who was station agent for the Grand Trunk and the Canadian National Railways at Iroquois for many years, is dead in hospital here following treatment for a broken hip suffered when his walking stick became caught in a door knob at his home at Iroquois. He was 89 years old.

Al Fink, dispatcher at the yard office in Belleville is a son of the deceased.

DEATHS YESTERDAY

(By The Canadian Press)

Toronto.—Dr. Alexander McPhedran, 87, former president of the Canadian Medical Association and the Toronto Academy of Medicine.

Maniwaki, Que.—Augustin A. Legault, Liberal member of the Quebec Legislative Assembly since 1931 and Mayor of Maniwaki.

Atlanta, Ga.—Eugene R. Black, 55, former governor of the Federal Reserve Board.

Vancouver.—Captain David Baird, 76, veteran shipmaster and president of the Victoria and Vancouver Stevedoring Company, Limited.

Port Arthur, Ont.—Ed Marks, 60, widely known pioneer and mining man.

Woolverstone, Eng.—Rear-Admiral Robin C. Daglish, 54, commanding the Royal Australian Navy.

Mont de Marsan, France.—Francis Plante, 95, one of the most celebrated of European pianists.

London.—Sir Joseph Nunan, 61, distinguished barrister, former attorney general of British Guiana and a member of various colonial commissions.

FIRE DESTROYS GARAGE, OFFICE

Will Mitts, West Huntingdon, Suffers Loss on Sunday

West Huntingdon.—Fire of unknown origin destroyed the garage and office belonging to Mr. Will Mitts on Sunday evening. This building was situated on the corner of North and Victoria Streets. Mr. Mitts at the time of the fire was staying with friends at Thomasburg. Little of the contents were destroyed as there was nothing in the garage at the time of the fire.

Mrs. Sarah Fargey is quite ill at present. Her two daughters, Mrs. Ross Sprague, of Big Island, and Mrs. Frank Cosbey of Campbellford are caring for her for a few days.

Mr. Ray Hagerman of Carmel was a Sunday guest of Mr. and Mrs. Frank Hammond.

Mr. and Mrs. Peter McInroy visited with Mr. and Mrs. A. Champion, of Cordova, on Sunday.

Miss Gladys Cook spent a few days recently with friends in Detroit.

Those from here who attended the funeral of the two children of Mr. and Mrs. Blake Thompson of Murray were Mr. and Mrs. Harry Thompson, Mrs. Thos. Elliott, Mr. Richard Haggerty, Mr. and Mrs. Clayton Wright, Mr. Ambrose Wright and Miss Hilda Haggerty.

About twenty friends of Mrs. Wm. Pitchett tendered her a pleasant surprise party on Saturday evening in honor of her birthday. After playing many games and contests, Miss Marjorie McInroy then presented Mrs. Fitchett with a lovely fruit dish, after which Mrs. Fitchett suitably replied. All joined in singing "For She's a Jolly Good Fellow" after which a tasty lunch was served. The birthday cake was then presented to Mrs. Fitchett and she was requested to blow out the lighted candles After singing a few popular songs all departed to their homes wishing Mrs. Fitchett many happy returns.

PARTIAL ASPHYXIATION

Montreal, Dec. 20 (CP) — Mrs. Charles Murphy, 31, and her nine small children suffered from partial asphyxiation in their home early this morning from the effects of fumes from a coal stove leaking through a faulty connection.

The alarm was given by 11-year-old Michael Murphy who was in the kitchen when his mother collapsed on the floor. The little boy ran to a nearby barber shop and summoned aid. Mrs. Murphy and all the other children were overcome by the fumes but were revived and taken to hospital. All were reported out of danger.

I Wish to Take This Opportunity to Wish Everyone A Very Merry Christmas

THE ONTARIO INTELLIGENCER

THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

SNOW! SNOW!

The first real snowstorm of the year was delayed this winter but it has come at last with all the glory of a December snowfall, about which children from time immemorial have raved in their delight at the final arrival of cold weather sports.

So far the child has not had his innings this autumn and winter, except in the way of half winter-autumn sort of weather conditions which do not please him. To this member of the population winter must be winter.

Snow is in the makeup of the Canadian; for he looks forward to it with a delight which a southerner cannot appreciate. Yesterday it is a safe venture that the natural aspect of the snowfall was more thought of than the cost or burden of shovelling while the kindly cover it is placing on the fields which have been bare in the south attracted notice. The rural dweller must have greeted the protective cover with a prayerful appreciation, seeing in it as he could not fail to see, the undoubted benefit of the fall.

Our winter landscape needs the snow to fill in the bareness of the trees and the exposure of the buildings and the roots of trees.

While Santa Claus' lieutenants have been covering the countryside and towns and cities with old time zeal at Christmas trees, the robes of white in which the earth has been decked will form the properly carpeted highways for the prancing reindeer of the merry monarch bringing gifts.

NEW WAYS FOR POTATOES

It was wheat, now it is potatoes which are occupying the attention of the people —the crop is so large and the research council is going to work to find if there is any method by which the surplus can be absorbed.

Part of the trouble has resulted from the eating less of boiled, mashed, French-friend, baked potatoes. The plan is to put potatoes in things so that Canadians will not know what is the delightful content which is attracting them to other foods. There are just seven million bushels of potatoes left over. Causes of the falling off in consumption include unemployment of healthy eaters. Quebec families eat four and a half bushels each, while United States average two and a half bushels per family. The Irish have not been proven as the greatest eaters of potatoes.

Potatoes have found their way into confectioner's glucose, grape sugar, syrup, starch, potato flour and potato chips. Many products imported into Canada could be made of potatoes, experts state. There is an industrial market of laundry starch, dextrine, glue, gum, and alcohol in which potatoes enter. Potatoes may even be used in making foundry moulds.

PROFITLESS WAR

War profitless as far as industry is concerned is one of the new suggestions made during the past few days.

And yet the world has been trying to tell itself since 1918 that there are no profits in war.

War being an unfair court of course does upset the balance of society so that mal-distribution becomes the curse which blankets the entire world.

Today what pleasure men can take out of wealth which has been made out of the conflict of two decades ago, when all the rest of the world is thinner and slimmer as a result of that competition in arms, will probably be difficult to find. The rich would be happier today with the poorer element of the population better off financially.

Probably the men who fought, risked all, willing to give lives, wonder why mankind could have created such a system which permits a failure of distribution. Active protagonists in the war have had suffering and disappointment largely in their great quest of worldwide peace in which they were the pawns against a dastardly system of arbitrament of human flesh against chemical explosive.

The steadiness of these men under trying conditions is the best proof of their after-war loyalty to the same ideals as those for which they fought.

If war were without profits to any corporations or individuals as it is to mankind in the mass, munition companies' stocks would not rise to unprecedented figures on the expectation of plenty of slaughter and sale of plenty of explosives and a wide destruction. It would also make it unprofitable to sell arms even in times of peace.

DANGER TO CHILDREN ON HILLS

With the fall of snow which will make hills and slides available for children's sports, parents and drivers of vehicles have important work ahead of them to keep children off hills on which there is traffic and slides which send forward sleighs and toboggans across walks upon the motor ways.

While there will be narrow escapes as it is impossible quite to prevent children getting into danger, much good can be done by warning in the homes against taking risks on hills.

If parents do not do so, it is certain drivers of automobiles and trucks will find themselves face to face with serious situations as sleighs dart before them. Motorists are accordingly advised to keep a lookout and take no chances by driving at unwarranted speed past places where children usually congregate.

But the children seek an outlet for their energy, and they have a right to places to play. A survey of possible places which could be utilized ought to be made.

PROSPEROUS SIGN

The Dominion Bureau of Statistics has just published an interesting bulletin dealing with the production and sales of radio receiving sets in Canada during the months of July, August and September. If the sale of any article is to be reckoned a reliable index of the state of general prosperity, the radio should be it. True, by the majority of citizens the radio has come to be regarded as almost a necessity, but it is still, nevertheless, in the luxury class, being of a dispensable character. The fact, therefore, that in the quarter specified sales increased over the previous three months by 143 per cent., and over the corresponding quarter last year by 45 per cent. must be accepted as an indication of improving economic conditions. The Canadian firms reporting give the number of sets actually sold as 42,695, with a factory selling price of $1,740,021. This compares with 29,366 for the third quarter of 1933.

It is rather curious to observe that the greatest jump in sales has occurred in the prairie provinces, in spite of the fact that many sections are known to have been hard hit. In Manitoba, Saskatchewan and Alberta there have been gains in sales amounting to almost 100 per cent. In the Maritimes sales advanced to 2,647 (from 1,763 last year); in Ontario to 15,463 (from 11,589); in Quebec to 6,778 (from 5,304); in British Columbia, 4,289 (from 3,709). The statement gives interesting particulars regarding the various makes purchased, the number of tubes, styles, waves, automobile sets, etc. One wonders whether all those who have bought these instruments have paid the license fee.—Hamilton Spectator.

AN IMPULSIVE M.P.

South Hastings Liberals held an annual meeting and convention in Belleville last Monday, but the convention did not name a candidate. There seems to have been some slight difference of opinion about its status. The Ontario Intelligencer in its news columns leads off an account thus:

> "One of the stormiest meeting in the records of the riding, marked by the bitterness and clashing of opposing factions which flared in acrimonious verbal battle and assumed for a time the threat of personal fistic encounters between shouting individuals who thronged the rooms and corridors, broke up in disorder at the Belleville Liberal Club rooms shortly after it had opened and was resumed in the city hall auditorium. . . . . About fifty delegates remained in the club rooms."

Much of the talking at the first meeting was done by W. A. Fraser, who is M.P. not for South Hastings but for Northumberland. He had been listed as a speaker, but did not wait to be called upon. He took over the chairmanship, according to the Intelligencer report; pushed Mayor Cory of Trenton into a chair when he came forward, and informed the gathering: "This is going to be an open nomination held by the people for the people, at which they will have the say of whom to choose and whom to elect. I for one trust the public," etc.

By way of showing his trust in the public, Mr. Fraser then tore some leaves of notes from the book of an Intelligencer reporter who had disregarded his instructions: "Don't take any of this down."

The newspaper evidently did not miss much, for it published on Tuesday five columns about the proceedings. Having been admitted to the hall, the reporter was entitled to make all the notes he saw fit. The member for Northumberland had no authority to instruct him, and in using force made himself liable to prosecution. That he was not summoned to magistrate's court indicates great tolerance on the part of the publisher.

Mr. Fraser, who was a sort of "straw boss" in the South Oxford bye, and more recently has visited South Huron and Perth, is a tireless speaker of the "fighting" type, who should be an asset to his party, but some kind friend ought to tell him that pushing the Liberal mayor of Trenton into a chair, seizing a meeting from its officers by force of lung-power, and tearing sheets from the notebook of a reporter who was merely performing his routine work are all achievements of doubtful value, and that such aggressiveness might well be saved for battle with the "Tories."—Woodstock Sentinel-Review.

Houses are built to live in, more than to look at; therefore let use be preferred before uniformity, except where both may be had.—Bacon.

He who loves with purity considers not the gift of the lover, but the love of the giver.—Thomas a Kempis.

TO A SLEEPING VILLAGE

Dear little village of the hilly streets,
Asleep you lie beneath the autumn moon,
Your windows shuttered and your doors secured,
White moonbeams trip your streets on silver shoon.
Peaceful you are when sounds of life are hushed,
And I would seek you in the stilly night,
Hearing you breathe soft as a slumbering babe,
Into my soul would creep a sweet delight,
With the dear moonbeam host to walk, and feel
Within my heart the gift of peace profound,
Dear little village of the kindly souls,
Who seek God's glory thro' the daily round,
Humble you are and simple in your guise,
But bright and fair to God's all-seeing eyes.

—Padraig J. O'Rourke, in Irish Weekly Independent.

RECENT PROPHETIC WORDS of Guglielmo Marconi suggest that "Nature's close reserve" still holds infinite opportunities to thrill the youth who would exploring go. "The world is not yet finished," is Inventor Charles F. Kettering's favorite way of stating that truth, according to an editorial in the Rotarian Magazine. What do the wild micro-waves say? No one yet knows. What is retarding commercial development of television? The world eagerly awaits the answer. Is the stratosphere to be "the transoceanic highway of the future?" Society will richly reward the men who prove that it is. Why do ships rust at wharves and foods rot in fields when, in other lands, men starve. A bewildered world is fumbling for the answer. Why do the nations want peace, yet drain their resources to build armaments? The future of civilization may hang on that question. No new lands to explore? No frontiers to conquer? No adventure left on earth? Let him who thinks it look about!

HERE'S A TOAST for the holiday season which can hardly be improved upon:

"A health to you,
And wealth to you,
And the best that life can give to you.
May fortune still be kind to you,
And happiness be true to you,
And life be long and good to you—
Is the toast of all your friends to you."

x x x x

WE'LL SOON BE WATCHING the Old Year out and the New Year in—not all of us—from this side of the Great Divide—seems but a short time since the New Year slipped in—now it is old and weary and ready to give place to the spry youngster waiting to begin the New York with all the hope and optimism of the very young. And the person who said that it was a short time between Christmas and New Year's but a dang long time between New Year's and Christmas must have been mistaken.

How Lord Riddell Made Many Friends

Lord Riddell, who has just died in England, was the publisher of a Sunday newspaper which had one of the largest circulations in the world. He was the financial backer of David Lloyd George when the latter became Prime Minister. He was the British Government's chief publicity agent at the Paris Peace Conference, at the Naval Conference and at several gatherings of the Supreme Council in the days immediately following the World War. Lord Riddell published a newspaper that was designed primarily to meet the tastes of those seeking sex, sensation and back-stairs gosip. It paid big dividends. He was one of Lloyd George's closest intimates and advisers. He was especially friendly to American correspondents and was most helpful to them. He became peer because of his services to the head of the Coalition Government. Even after he was elevated to the peerage he did not take himself over seriously, and perhaps that is the reason he was regarded generally as a good fellow.

"Oh, yes," said the pilot of the river steamboat. "I've been on this river so long I know where every stump is."

Just then the boat struck a stump which shook it from stem to stern.

"There," he continued, "that's one of them now."

ROOSEVELT IS IN GOOD CONDITION

Feeling Better Than When He Entered The White House

Washington, Dec. 20 (CP)—President Roosevelt is in better physical condition today than at any time since he entered the White House, according to Dr. R. T. McIntyre, naval physician in constant attendance on the United States President.

The day of the president, who will be 53 next Jan. 30, usually runs like this:

Up at 8:30 and breakfast in bed, goes to the executive offices about 10:30, where he remains until between 5:30 and 6; swims and exercises for about an hour and a quarter, rests until dinner at 7:45, retired between 10:30 and 11.

After retiring to his quarters he finishes up odds and ends left from the day. If there is time the stamp album is taken out. Stamps are his hobby.

Mr. Roosevelt weighs in the 180's.

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

Dec. 20th. 1914

A heavy snow storm visited the city and district yesterday.

Turkeys sold on the market today at $1.75 and fairly large birds brought $3.00. Geese sold at $1.35 to $1.75 each and ducks 80c to 90c each. Chickens were not in great demand and sold at low prices. The quantity of poultry sold was enormous. Butter sold at 32c per pound and eggs at 40c per dozen. The attendance of sellers and buyers was very large.

The City Mission Christmas Tree will be held on the evening of Dec. 22nd. Any one desirous of assisting in any way may make their contributions to Mr. Charles Clapp Bridge street or to Mr. C. Elvins, Front street.

The Rev. R. C. Blagrave, rector of Christ Church, gave a very interesting address to the pupils of Queen Alexandra School yesterday afternoon.

The superb new Cassavant organ in Bridge Street Methodist Church will be played on Sunday. Mr. A. D. Jordan, concert organist of London, Ont. will preside at the organ during the services. Mr. Cameron and the choir will render specially prepared music. The soloists will be Miss Stork, Mr. Staples, Mr. Sanford Burrows and Mr. Cameron. Mr. Jordan will given an organ recital on Monday evening. The soloists will be Mrs. Grant, Miss Stork, Mr. Staples and Mr. Cameron. The cost of the organ is close to $12,000.00.

30 YEARS AGO

DEC. 20TH. 1904.

The people of St. Michael's Church worshipped in the C.O.F. Hall on Sunday following the dectruction of their church by fire. At the 8 a.m. Mass His Grace Archbishop Gauthier of Kingston was present and after sympathizing with the congregation on the tremendous loss they had sustained, announced that arrangements would be made to re-build the church at once, but not on such elaborate lines as those which marked the church lately destroyed. The Archbishop announced also that the Rt. Rev. Monsignor Farrelly had expressed a desire to resign his pastorate and that the request had been complied with. Monsignor Farrelly the Archbishop said, will make his home in the Archbishop's Palace at Kingston for the remainder of his days. At the 11 o'clock Mass Monsignor Farrelly addressed the parishioners amid many signs of heartfelt emotion. He had resigned, he said, because he did not feel equal to the task which now confronted the parish priest of St. Michael's in the rebuilding of their beloved church. A young man was needed for the work. He spoke of the many kindnesses shown him by many of his Protestant friends who had made many offers of assistance. He dwelt on the good relations which had always existed between himself and his Protestant brethren and hoped that his successor, whoever he might be, would find as many true friends in Belleville as he had. This paper sincerely hopes that where ever destiny takes the kindly, cultured and venerable priest, Monsignor Farrelly, his lines may fall in pleasant places.

40 YEARS AGO

DEC. 20TH. 1894.

Mr. W. S. Martin, Reeve of Stirling, was in the city today.

Judge P. L. Palmer of Denver, Colorado, a former well known resident of this city, is the guest of Mr. S. H. Phippen, Dundas street.

Mr. E. G. Sills, ex-M.P.P., of Frankford was a visitor in the city today.

Mr. A. Chard of Stirling was in the city today on business.

The footbridge has been painted—here and there.

W. Flint Jones, drygoods merchant, has a real live Santa Claus in the show window of his store and he attracts much attention.

Ald. Hart has returned from a business trip to Toronto.

Mr. Mason J. Clarke is home from the Dental College, Toronto, to spend the Christmas vacation.

Mr. Walter Mills is home from the Toronto Conservatory of music to spend Christmas.

50 YEARS AGO

DEC. 20TH. 1884.

The Rev. Prof. Dyer will preach in the Tabernacle Church on Sunday.

No. 1 fire engine flooded the curling rink yesterday afternoon.

Teams were crossing the bay on the ice today. It is pronounced safe.

The Rev. James Curts will preach anniversary sermons in the Methodist Church at Odessa on Sunday.

Alderman Alford will seek re-election in Samson Ward. We have no doubt he will be re-elected. He should be.

Mr. H. E. Burdett stood seventh in order of merit in the pass examinations for medical students at the college at Kingston.

An ice boat from Trenton, manned by Ross Cumming, John McLaren and Patrick McCarron made the run to the city in one hour today.

WINTER SCHOOL HELD IN CITY

Y.P.S. of Conference of United Church Will Congregate Here

An event of unusual importance in connection with Young Peoples' Work is the Annual Winter School of the Bay of Quinte Conference. Thirteen years ago under the dynamic leadership of Rev. Ernest Harston, the first Winter School was held. For ten successive years it was held in Cobourg, then with a lapse of one year was continued in Belleville. Last year the school held its sessions in Bridge Street United Church and this year from January 14th to 18th, 1935, will hold its sessions in the same historic church.

The week is one of rare opportunity offered to Young People, a week of study, inspiration, fellowship and fun. Among some of the special features for this year's school is the visit of the Moderator of the Church, Dr. Roberts; also an illustrated lecture, "High Lights in a World Tour" by Dr. P. Bruce Thornton. Bible Study will be conducted each day, also Mission Study, under capable leaders, along with Practical Methods in Young People's Work and Boys' and Girls' Work.

To any young person or group of young people who can arrange to attend, the week will be one of high privilege and opportunity. The President of this year's School is Rev. G. W. Gardner, Port Hope, and the Secretary is Rev. C. H. Ferguson, Northport.

WILLIAM GETTLE AGAIN GUARDED

Trying to Prevent Repetition of Kidnapping Last Spring

Los Angeles, Dec. 20 (AP)—Authorities disclosed today that William F. Gettle, Beverly Hills' capitalist, who was kidnapped last spring and held for $60,000 ransom, has been under police guard since last Monday to prevent a possible attempt to abduct him again.

The police guard was placed about the millionaire's home after he had received a crudely written and threatening note, officers said The letter demanded money and said it was to be paid to a woman who was to be described in a second letter. The second letter has not been received.

Gettle was kidnapped last May 10 from his Arcadia country home. Five days later his kidnappers were arrested and the millionaire freed without payment of ransom. The three kidnappers, Roy Williams, Larry Kerrigan and James F. Kirk were given life sentences, while two women associates, Loretta Woody and Mona Gallighan, were given sentences in the Reformatory at Anderson, W. Va.

The threatening letter last Monday was the second Gettle has received since he was freed from the kidnappers.

AIMEE WANTS NAME CHANGED

Los Angeles, Dec. 20 (AP)—Aimee Semple McPherson Hutton, evangelist, wants to be known as Aimee Semple McPherson again.

She fyled a petition today setting forth that she has been divorced from David Hutton, singer, and asking the legal right to drop his name.

The petition said she was born Oct. 9, 1892, in Ingersoll, Ont.

GUARDSMEN QUELL RACIAL OUTBREAK AT SHELBYVILLE

Two Killed And Seven Wounded Trying to Lynch Negro

ACCUSED TAKEN AWAY

Dressed as Guardsman And Wearing Mask He Escapes Mob

(By John Hightower. Copyright, 1934, by the Associated Press)

Shelbyville, Tenn., Dec. 20 (AP)—Death, fire and destruction, riding the fury of a mob, brought five hundred Tennessee National Guardsmen into this riot-torn town to quell any further racial outbreaks.

Two men died in a blast from militia guns and seven were wounded yesterday as the mob ran wild on the scent of a lynching, fighting to carry off a negro, who already had been led to safety under their very eyes.

Four hours after the Guardsmen's bullets had stopped the assault against the courthouse, the building was burned down, at a loss estimated at $150,000.

Threats still ran through the town today. Dr. James L. Morton, County Health Officer, said he was informed the mob intended to fire the Bedford county jail, after offering a respite to let him remove the 20-odd prisoners. Dr. Morton said he would take advantage of the offer.

Jailed Not Fired

The mob first set the hour of one o'clock this morning for the firing of the jail, but this came and passed, without the threat being carried out. The crowd, partly dispersed, was still in a menacing mood, occasional shots being heard.

Four trucks of an original detachment of 111 National Guardsmen, who brought the mob's quarry here for trial yesterday, were overturned and burned.

E. K. Harris, the 22-year-old negro, was on trial for assault of a 14-year-old white girl. Disguised as a Guardsman and wearing a gas mask, he was led through the milling crowd from the courtroom to a waiting automobile.

An escort of militia sped him to Nashville for safekeeping. Only after their car pulled away from the court house did the mob sense the ruse.

The enraged men turned upon the National Guard as it filed from the besieged courthouse and marched out of town. They hurled stones and yelled insults at the militiamen.

Town a Shambles

The troops, ordered out by Governor Hill McAllister, found the centre of the town little more than a shambles, with the cries of the 300 to 500 maddened men still sounding on the outskirts.

Reported threats of vandalism on the city water plant caused a police guard to be thrown around it, and there were sporadic small blazes, all of them extinguished.

Of the seven wounded, two were in such serious condition today that physicians said they could not live.

The dead were Raleigh Edwards, 30-year-old house painter, who was shot and bayoneted, and an unidentified white man.

Hospital authorities said the latter's body was dumped on the hospital porch and then taken away before they could give attention to him.

Rough treatment was accorded any negro, who dared appear upon the streets and threats of an invasion of the negro quarter were rife, but no damage or casualties were reported from that section.

Fire in Court House

Early last evening fire broke out in the left wing of the courthouse. A policeman said he was watching at the time and a slight explosion preceded the first blaze.

Two hose lines were available in the fire department's equipment, but for almost an hour only one of these could be brought into play. Members of the mob, firemen said, used every conceivable device to prevent the fire fighting.

Those seriously wounded by the Guardsmen's fire: Pat Lawes, reported by friends to be a relative of the girl involved in the case, shot through the head.

Gilbert Freeman, shot through the lungs and stomach.

Mead Jones, shot in the hand and bayonetted in the feet.

Others wounded:

Everett Patterson, shot in the leg.

Herschel Nelly, gunshot wound.

W. M. Clayman bayonet wound in the side.

James Bledsoe, shot in the feet.

Two men who refused to give their names were treated for minor wounds.

Dr. Morton, also hospital superintendent said Lawes and Freeman were so seriously injured they could not live.

Truck Driver Pilots Vehicle 52 Miles With Broken Legs

Fractured When Pinned Trying to Crank Motor

Brockville, Ont., Dec. 20 (CP)—When Roy Carleton, driver of a furniture truck reached here after having driven the vehicle from Kingston he collapsed and had to be assisted from the cab. Taken to the general hospital it was found that both of his legs were broken due to having been crushed against a wall before he left Kingston when he cranked the truck while it was in gear and was forced against the wall. The case is regarded as one of the most remarkable in local medical annals in that Carleton was able to drive the truck 52 miles from Kingston with both of his legs broken.

SHOWER HELD FOR NEWLYWEDS

The home of Mr. Walter Baker of Madoc, was filled on Wednesday evening, Dec. 12th, when neighbors, friends and relatives of Mr. and Mrs. Harry Woods (nee Ada Baker) gathered to spend an evening with them and to tender them a miscellaneous shower. A splendid array of lovely gifts was received by the young couple, and carried the best wishes of the givers.

Mr. Will Brown called the gathering to order and the bride and groom were given seats of honor. After unwrapping the gifts Mr. and Mrs Woods both replied thanking those present and inviting all to visit them. The following address was read by Mrs. O. Reid.

Madoc, Ont., Dec. 12th, 1934

To Mr. and Mrs. Harry Woods:

Dear Harry and Ada,-

It is with the greatest pleasure that we your friends and schoolmates have gathered here tonight to celebrate "The hanging of the crane" in this neighborhood.

Ada, you have endeared yourself to us all by your bright and cheery disposition and your willingness to help in the community.

Harry, we congratulate you on our choice of a life partner and wish you both our heartiest congratulations, much happiness and success in your new life and home.

It's doing your job the best you can,
It's being fair to your fellow-man,
It's fearing how and learning why,
And looking forward and thinking high,
And dreaming little and doing much,
It's keeping always in close touch,
With what is finest in word and deed,
It's being clean and playing fair,
It's laughing lightly at Dame Despair,
It's sharing sorrow and work and mirth,
And making better this good old earth,
It's serving and striving through strain and stress,
It's doing your duty, that's success.
As tangible token of our friendship
We ask you to accept these gifts.

Signed on behalf of the community: Wm. McBeath, James Miller, Wm. Slater.

On Friday evening a very enjoyable time was spent at the home of Reeve Robert Woods and Mrs. Woods, Huntingdon, when friends of the surrounding community met to do honor to their son Harry and his bride (nee Ada Baker). A very pleasant evening was spent and the newlyweds were presented with a pair of wool comfortables and a silk spread. They also received several individual presents.

The following address was read by Miss Reta Fleming:

Crookston, Ont., Dec. 14, 1934

Dear Harry and Ada,-

We, your friends, have gathered here tonight in your home to offer our congratulations and best wishes on the sea of matrimony.

You are entering a broader, fuller life and we hope you may receive God's blessings of health, wealth and happiness.

You Harry have been a life-long associate with us and we hope that you, Ada, will join us in all social activities and feel at home among us.

With these gifts we express to you in a tangible way our esteem and good will.

Signed on behalf of White Lake Community: James McMullen, Leslie Blakely, Percy Fleming and Stafford Casway.

LONSDALE NEWS OF COMMUNITY

Lonsdale, Dec. 20—The recent cold weather has frozen the river over so a number of young people are enjoying themselves skating.

The shooting match at Mr. A. H. McCullough's was well attended and quite a few were lucky in winning some geese.

Mr. and Mrs. Arthur Waddingham and her mother, Mrs. Tucker motored to Toronto and spent the week with friends.

Mr. Joe Haight has resumed his work on the crusher at Chisholm's Mills and Mrs. Haight is visiting her sister there.

Mr. Joe Seals of Trenton, called on Mr. George McLeod on Monday renewing old acquaintances.

Mr. and Mrs. John P. McCullough were in Belleville on Saturday.

Mrs. Will Haight and son Kenneth were in Napanee with quite a number of nice turkeys for sale on Friday.

Mr. and Mrs. Frost of Newburgh accompanied by Misses Margaret Cameron and Miss Florence McRae, called on friends in the vicinity on Sunday afternoon, Dec. 9th.

Mrs. Robt. McFarland, Shannonville and Master Jack spent a few days lately with her parents, Mr. and Mrs. Will Waddingham.

Mr. and Mrs. Kenneth Leavens, Corbyville, visited at her home here a couple of days this week!

Mr. Billy Parker spent a week with his sisters in Toronto, recently.

Quite a number were in town doing some Christmas shopping on Saturday.

Mr. J. M. McCullough and his mother Mrs. Mitchell McCullough enjoyed taking dinner on Sunday evening with Mr. and Mrs. Francis McCullough, Kingsford.

Mr. J. M. McCullough took dinner on Thursday last with his sister, Mrs. Kenneth Leavens.

READ WEEKLY NEWS LETTER

Read, Dec. 20—Farmers are looking forward to sufficient snow for their wood hauling.

Mr. Mike Whalen of Stoco has engaged for the winter with Mr. Denis Kehoe.

All welcome Mr. Tommy McGaw and father of Marlbank as residents in this locality.

Mr. and Mrs. Joseph Taylor of Melrose accompanied by Mr. Leo Murphy of Tweed were Sunday guests at the home of Mr. and Mrs. Patrick Gartland.

Mrs. Helen Quepat is spending a week in Marysville visiting her sister Mrs. Kane.

Mrs. A. Daley and Joseph and Edmund spent Saturday in Deseronto.

Quite a number from here journeyed to Belleville on Saturday morning.

Messrs. Pat and Tim Cronin and mother spent Thursday in Deseronto.

Mrs. Kennelley has recovered so as to be able to return to her home after having been a patient for some time in Belleville hospital.

Death has claimed another aged resident in the person of Mr. Garrat Foley. His funeral was held on Tuesday.

STILL YAWNING

After more than 200 hours Mrs. Grace McKee of Round Grove, Ill., still yawns incessantly, baffling doctors in the case. At first she yawned at the rate of 20 yawns a minute. The number has been reduced to eight. The 27-year-old mother is suffering from great fatigue. The case, diagnosed as due to a nerve disturbance brought on by weariness— Mrs. McKee nursed her sick husband for eight weeks—has no known parallel.

White Gift Service At Foxboro Church

Foxboro—Mrs. Annie Cummings from Tate, Sask., is visiting her aunt and uncle Mr. and Mrs. Melzor Wickett.

Mr. and Mrs. Harry Kilpatrick and children had Sunday evening supper at Mr. Harold Stewart's.

Quite a number attended the entertainment at Holloway on Wednesday evening where they greatly enjoyed the programme given by the Virginia Jubilee Singers.

Miss Edaline Ross of Belleville, spent Sunday in the village.

Mrs. George Rosebush and Mr. and Mrs. Arthur Gordanier of Stirling spent a day recently at Mr. Melzor Wickett's.

Mr. and Mrs. Everett Yorke, Gilead had Sunday dinner at Mr. W. Hodgen's.

Miss Jean Longwell spent Sunday with her sister, Mrs. Clare Pinkle.

Miss Marion Daniels spent Thursday evening at Miss Perne Bamber's.

Miss Gladys Yorke of Gilead and friend had Sunday evening supper at Mr. W. Hodgens.

Rev. and Mrs. Mutton and boys attended the funeral of the former's sister-in-law at Hilton on Sunday.

Miss Moore, Reg.N. of Carmel, made some calls in the village on Monday afternoon and visited at Mrs. Harold Stewart's.

Mrs. H. Hoard of Campbellford, spent a few days with Mrs. John Stewart.

League on Tuesday evening was in charge of Miss Marion Daniels, when a Christmas programme was enjoyed. Some different thoughts on Christmas and Good Citizenship were given by different members.

White Gift Services was observed by the United Church on Sunday morning last when a special programme was given. The front of the church was prettily decorated with white which made a pretty background for the beautiful array of gifts wrapped in white and given by each class. As these gifts were presented a suitable quotation song was given by each class. The spirit of Christmas was taken by Mrs. Hodgen, who also gave the story "Why the Chimes Rang".

Three members of Mrs. Sills' class namely— Miss Eleanor Johnston, Miss Faye Bamber and Mrs. E. Spencer took part representing angels and the Misses Marion Daniels Vera Walt and Helen King of the Gleaners Class acted as gift bearers, while the children of the junior classes brought a Christmas message from the different countries. A fitting climax was the singing by the whole school of "Joy to the World the Lord has Come".

In the absence of the pastor, Rev. Mutton, Mrs. J. G. Sills gave a very interesting talk in the evening.

◆

PERSONAL NEWS OF THIRD SIDNEY

Third Sidney—Mr. and Mrs. Robert Hartt have returned to their home after a most delightful holiday with friends and relatives in Utica, N.Y. They also spent a few days in New York City.

Miss Mildred Cassidy is spending this week with Miss Annabel Adams.

Mr. and Mrs. Lee Grills visited the latter's sister, Mrs. Coyle, in Colborne on Sunday.

Miss Aletha Parry is spending a few weeks with friends in Toronto.

Mrs. Earl Hartford and son, Earl Jr., are spending the Christmas holidays with Mr. and Mrs. Edwin Adams and family.

The many friends of Mrs. John Drewery will regret to learn of her illness at the home of Mrs. Oden Fenn and wish for her a speedy recovery.

Mr. and Mrs. Earl Bush, second line; Mr. and Mrs. Carman Grills, Mr. and Mrs. S. Westover and Mr. and Mrs. Everett Hubble were the Sunday guests of Mr. and Mrs. Arthur Saylor.

Mr. Chas. Cooke has returned to his home after spending a few weeks with relatives at West Huntingdon.

Mr. and Mrs. James Hinchcliffe and Mrs. John Hinchcliffe spent Sunday afternoon and evening with Mr. and Mrs. T. A. Hinchcliffe.

Mr. and Mrs. Chas. Kenny are spending a few weeks in Belleville.

BOY BABIES LEAD 3 TO 1 IN HOLLYWOOD

Three times as many boys as girls have been born to film notables this year, with Sally Eilers' son (top, left), Lina Basquette's son (left below), Joan Blondell's son (right, below), Bing Crosby twins, Philip and Dennis, among the males showered by the stork on Hollywood.

Personals

Rev. W. G. Swayne of Bo[illegible]law was in the city yesterday.

Mr. James Ketcheson of Eagen's Creek, North Hastings, is spending a few days in the city.

Mr. and Mrs. John Spencer left today for Florida and will visit in Braden and Miami. They expect to return home in March.

Miss Alice Doyle has returned to the city after spending the week-end in Toronto.

Mr. E. Bernstein returned to the city today after a business trip to Montreal.

Rev. James Lynn and Mrs. Lynn of Bancroft, are guests of Mrs. Vida Lynn Olivant, Toronto, for the Christmas holidays. Mrs. Olivant and her daughter, Miss Nola Olivant, will receive on Sunday afternoon in honor of their guests.

Students at the School for Leisure Time were entertained at a Christmas party last evening by the Young Women's Guild of John Street Church following the regular classes. About seventy-five were present and were served a delicious lunch. Enthusiasm in the work is still keen, the current history and sewing being especially interesting at this time. It was announced that the classes would be suspended until the second week in January.

A gala evening was enjoyed at the Moose Auditorium last night when a special Yuletide euchre and dance was enjoyed. Winners at euchre were: Ladies' first, Mrs. W. H. LaRue; second, Mrs. G. R. Strachan; third, Mrs Nixon; fourth, Mrs. Ford; special, Mrs. La Rue and Mrs. Osier. Men's first, W. N. Parry; second, B. Poole; third, R. Osborne; fourth, Ellis Hoard; special, B. Poole. The turkeys given as door prizes were won by Mrs. M Callaghan and Mr. M. Donavon. Refreshments were served and dancing indulged in, music being supplied by the Commodores. The prizes for spot dances were won by Miss Semain and B. Quinn, Miss Symons and J. Branton.

Weddings

ORR—CROSS

A quiet wedding took place at Bridge Street United Church Parsonage yesterday afternoon when Mrs. Mary Iva Cross of this city, was married to Mr. John Orr of Sidney. The ceremony was performed by Rev. Dr. James Semple, the witnesses being Mr. Wilkie Orr of Trenton, and Mrs. Coulby of this city. Mr. and Mrs. Orr will take up residence on the groom's farm, Sidney.

LODGES, CLUBS

Holloway L.O.B.A. No. 824 Elects Officers

On Tuesday evening, Holloway L.O.B.A. No. 824 held their regular meeting and installation of officers. The following officers were elected—

Past Worthy Mistress— Sister Flossie Wilson.
W.M.—Sister Beatrice Hawley.
D.M.—Sister Mabel Pitchett.
Rec.-Sec.—Sister Tillie Brough.
Fin.-Sec.—Sister Bessie B. McMullen.
Treas.—Sister Bessie M. McMullen.
D. of C.—Sister Helen McMullen
Chap.—Sister Nellie Sloan.
1st Lect.—Sister Alice Kelly.
2nd Lect.—Sister Mae Carter.
Guard—Bro. Ernest Wilson.
Inside Guard — Sister Annie Lowery.
Outside Guard—Sister Margaret Beatty.
Com.—Bros. C. Kelly, E. Wilson, C. Pitchett.
Auditors—Bro. C. Kelly and Sister M. Pitchett.

A hearty vote of thanks was tendered to the P.W.M. Annie Lowery and Sister Bessie B. McMullen on the efficient way they conducted the installation after the close of the meeting. A social hour was spent in the exchange of Christmas gifts and a weiner roast and candy was much enjoyed by all. After the singing of the National Anthem all wended their way home feeling that a profitable and a social evening had been spent.

Christmas Concerts

KIWANIS NIGHT AT SHELTER

WHAT a time the children at the Children's Shelter had last night, it being the occasion of the annual Christmas visit of the Kiwanis Club to that institution. Merriment reigned supreme and the anticipation of the kiddies knew no bounds. The program was in charge of Chester Smith and his energetic committee and nothing was lacking. The Christmas tree was set up in the large reception room and it was loaded with presents of all kinds and descriptions and it was only a matter of time until Santa made his appearance and distributed to each child something good for the Yuletide. Miss Harris, efficient matron of the children, and T. D. Ruston, inspector of the C.A.S., were on hand to greet the Kiwanians and make them feel at home.

To open the program, community singing was enjoyed and Ana Hogle gave two recitations. Later motion pictures, the kind that tickle the fancy of the children, "Mickey Mouse" and "Popeye the Sailor Man", were shown and the shrieks of laughter could be heard for blocks away. Every so often news would be given out of the approach of Santa and soon he arrived in all his glory and the children simply went in raptures. As each name was called, the little mite would troop gaily to the front and then back to his comrades to show what Santa had brought.

Eddie Shapiro, president of the club, was called on and expressed his delight at the turnout and the pleasure it gave the members of the club to assist in this work each year. He stated that it was an event looked forward to and it would be continued every year. T. D. Ruston on behalf of the C.A.S. thanked the members most heartily for their kindness at this particular time and also for the many times that assistance has been asked and so freely given. At the conclusion of the party the members were entertained to a delightful lunch served by Miss Harris and her able assistants and the members filed home happy in the thought that joy had been brought to a contented band of children at this Christmas season.

EMMANUEL CHURCH

IN Emmanuel Church Sunday School rooms on Wednesday evening the annual Christmas Tree concert was given, a large number of the congregation being present, but it was the children's night and they made the most of their opportunity. The beautifully decorated tree was donated by the teachers of the Sunday School and a large platform had been erected for the occasion. Rev. Bishop Marshall, rector of the church presided and gave a short talk on the advantages of Sunday School training and how the parents could assist in this work. He remarked that the teachers were careful in their training and had given considerable of their time to this work. The programe was carried through without a fault after which the prizes were distributed from the tree and candies given to the children. It was a most enjoyable evening for all concerned. The program was given as follows:

Carol, "Hark! the Herald Angels Sing"—by school.
Recitation, "Christmas Greeting"—Lois Mattis.
Song, "Merry Christmas"— Miss Butcher's class.
Recitation, "What I Know About Christmass"—Earle Gardiner.
Recitation, "Looks Like Pa"—Ronnie Buskard.
Dialogue, "Why We are Glad"—Evelyn Wessels and Chas. Staples.
Recitation, "Christmas Tree Farm"—Bruce Lowery.
Recitation, "While Stars of Christmas Shine"—Ruth Muir.
Exercise, "A Snowflake Exercise'—Miss Butcher's Class.
Recitation, "Felicitating Pa"—Bobby Fisher.
Recitation, "My Dolly"—Lorraine Wheeler.
Dialogue, "The Real Santa Claus"—Mrs. Cole's Class.
Recitation, "Does Santa Answer Cats?"—Iris Fisher.
Recitation, "The Children Who Have Never Heard"—Marie Wessells.
Play, "A Growler and a Ghost"—Miss Worrell's class.
Carol, "Carol Sweetly Carol"—by School.
Recitation, "When Christmas Comes"—Betty Rose.
Recitation, "Save a Little Christmas"—Raymond Worrell.
Bell Drill, "Christmas"—Miss Butcher's class.
Recitation, "A Question?" — Douglas Thompson.
Song, "There's a Song in the Air"—Mrs. Kilfedder's Class
Recitation, "Guess What I am Holding?"—Delbert Coles.
Dialogue, "The Can Brigade" — Mrs. Vickers' class.
Duet, "Can't You See its Christmas Time?"— Norman Butcher, Bobby Fisher.
Recitation, "Empty Stockings"—Phyllis Dawkins.
Play, "In the Palace of the King"—Mrs. Kilfedder's class.
Recitation, "Missionary Hen" — Gwen Holway.
Play, "Packing the Home Missionary Barrel"—by Mrs. Barlow's class.

SALVATION ARMY

GATHERED at the Citadel on Pinnacle St. the children of the Salvation Army Sunday School, under the direction of Mrs. (Adjutant) Martin, held their annual Christmas Tree last night, and despite the storm attracted a good crowd.

The concert was opened with a congregational Christmas Carol, prayer and Bible reading led by Adjutant A. W. Martin, who also introduced Bandsman Fred Wardle as the chairman.

The program "went over" well, as a good variety of numbers were announced which comprised the following:

Selection by the Y. P. Band.
Recitation, "A Trial"— Sylvia Harris.
Selection, "Christmas Bells" — Singing Company.
Recitation, "Living in Hope" — Douglas Lovering.
Recitation, "Bundles" — Velma Brockhurst.
Selection by the Y. P. Band.
Novelty Song, "The Blackies"—Juniors.
Recitation, "A Good Plan"—Daphne Mason.
Recitation "An Up-to-Date Santa," Renee Ayling.
Song, "Santa is Coming to Town"—Eileen Martin.
Recitation, "Making Tea for Santa"—June Wardle.
Novelty Band, "Johnny Schmoker"—Boys and Girls.
Recitation, "An Everlasting Light"—Dorothy Green.
Tableaux, "Away in a Manger"—Young People.
Selection, "O Jesus Kind"—Singing Company.
Exercise, "Christmas Wreaths"—Primary Tots.

Amid the din of drums, the arrival of Santa Claus was heralded by a majestic march to the platform, where "His Graceful Highness" was received by old and young with loud and long enthusiasm. Distribution of gifts to the scholars followed.

LAST evening the pupils of Taber- their annual nacle Sunday School presented Christmas entertainment. The program opened with two choruses by the entire school—"Silent Night" and "It came upon the Midnight Clear". The primary class sang "Away in a Manger."

Master Buddy Flindall and Bobby Stewart gave the welcome exercise.

Mr. J. E. Walmsley, Supt., acted as chairman and made a short address. The boys of Mr. R. Wood's class gave an acrobatic exercise "Merry Christmas".

Loretta Stark recited "The Christmassy Atmosphere."

Miss Mary and Jean Redfern favoured with a piano duet. The next number was a selection by the orchestra.

A pageant "The Hour Behind Christmas" was presented by the pupils of Mrs. Lowe, Mrs. Wright and Miss Dougherty. This was very interesting. Santa took a nap just before his long journey and while he slept he was visited by the "Snowflakes", all sparkling and white "The Flowers", the Sandman and the Spirit of Christmas as well as a child from each country, who told of the customs of their native lands. The sound of Christmas bells arouses Santa who realizes he has been dreaming. Mrs. Santa prepares him for his long journey. The boys of Mr. H. Burley's class presented "Santa's Little Son". Marion James and Peggy Doolittle played a piano duet.

Miss Naylor's class gave a Wreath Drill.

Donaline Kilpatrick recited "A Christmas Bedtime Story."

Mr. R. Edmundson's Class effectively presented a play "Christmas in a Dentist's Office."

Santa Claus arrived through the storm and was accorded a royal welcome. He had gifts and stockings for all.

Bishop's Itinerary

The following is the itinerary for the first three months of 1935 of Rt. Rev. John Lyons, Lord Bishop of the diocese of Ontario.

Sunday, January 13—11 a.m, Marmora; 7 p.m. Stirling.

MOTHER COMES TO AID OF DAUGHTER

Pleads That Court Spare Her Life Although Attacked

Paris, Dec. 20 (AP)—Mother love came to the aid today of Violette Noziere, 19-year-old girl in the shadow of the guillotine on a charge of poisoning her father.

Mme. Noziere sent a petition to President Albert Lebrun, begging for mercy for her daughter, despite the fact that Violette also was accused of attempting to kill her.

The girl murdered her father authorities charge, for an inheritance to continue a life of gaiety in the Student Quarter.

Her plight is being avidly discussed along Paris boulevards.

An appeal to the Supreme Court, based on extenuating circumstances, was rejected and Violette was sent back to the death cell in the Petite Roquette Prison.

FOWL BRUISED AND RUINED BY HANDLING

No Necessity to Pinch Fowl to Find Out Condition

Hundreds of fowl are bruised and ruined on the Belleville market these days by the pinching fingers of a thoughtless and sometimes careless buying public who probe and poke the specimens on display in an effort to find out the condition of the fowl offered.

"And it is all so needless," commented one well known rural resident this morning, who stood with an offering of healthy well fatted fowl which were offered for sale.

"A good buyer doesn't have to poke and prod at it with a heavy finger to find out the condition of the fowl. It is a disgraceful practice and it should be stopped."

"Last week I had three fowl, that were so badly bruised in this manner that they threatened to spoil even though they were kept on ice. We had to eat them ourselves. Something should be done about this."

Steel Workers Fall 100 Feet to Death

Buffalo, Dec. 19 (AP)—Two steel workers plunged 100 feet to their death in the Niagara River today when scaffolding on which they were working gave way to the south bridge connecting Grand Island and the United States mainland.

The men killed were Oscar Jackson and John Arber. They were working with a riveting gang on the centre span of the new bridge. A man fell 100 feet into the water last week, but was unhurt and returned to his work.

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE BELLE

"The Notorious Sophie Lang"
Two Feature Pictures,
Romance, Thrills, Melody

Gertrude Michael, attractive and talented Paramount actress, who has won distinction in a series of increasingly important film roles during the past year, soars to screen stardom by her portrait of a fascinating and beautiful adventuress in the title role of Paramount's "The Notorious Sophie Lang" to be presented at the Belle today and Friday, matinee and evening.

Adapted from the famous series of short stories by Frederick Irving Anderson, which appeared in the Saturday Evening Post, the film presents in a light, deft and amusing fashion the story of the beautiful woman who filched jewels and masculine hearts on two continent, while she eluded the baffled and exasperated police.

Excellent Supporting Cast

In the supporting roles are Paul Cavanagh, as the suave and debonair Bernard; Arthur Byron who renders a delightful characterization as the police chief; and those two grand comedians, Leon Errol of the wabble legs, and Alison Skipworth, who renders another of her inimitable characterizations as a venerable and motherly scoundrel.

To a thoroughly competent cast and a fast-paced deftly handled story, are added the direction of Ralph Murphy, whose recent successes included "The Great Flirtation."

"Caravan" Tuneful, Gay

Bringing camera and story-telling technique of a type new to moviegoers, "Caravan", Erik Charell's spectacular musical romance, is announced as the second feature attraction on the same program.

"Caravan", a Fox film, produced in Hollywood, tells its entire tale through the eye of just one camera, regardless of the importance of the sequence or the size of the set.

With its scenes laid in the famous Tokay district of Europe, and all the action taking place during the annual three-day grape harvest, many of the backgrounds in the village, the vineyards and in the huge "Chateau Tokay" are said to be among the largest and most impressive created since the screen turned vocal.

One of the very few genuine gypsy orchestras in the country played the catchy musical score and numbers, written especially for the picture by the noted composer, Werner R. Heymann.

The picturesque costuming and the settings were designed by William Darling, who won the recent Academy award for his work on "Cavalcade."

Charles Boyer, idol of the stage plays his first starring role in a picture, a romantic songmaker, with Loretta Young and Lovely Jean Parker as his leading ladies and a supporting cast that includes Louise Fazenda, Phillips Holmes, C. Aubrey Smith, Noah Beery, Eugene Pallette, Dudley Digges, Charley Grapewin, Richard Carle and other celebrities. A beautiful Traveltalk "Glimpses of Erin" is announced for exhibition on the same program.

AT THE CAPITOL

"One Exciting Adventure"
Thrilling Story, A Gay and Glamorous Background

Glamour, thrills, romance and humour mark "One Exciting Adventure", which opens at the Capitol theatre today. The actress emerges in this picture as one of the most glamorous figures on the American screen.

The story is that of one of the most colorful and beautiful women of Europe, who intrigues all men but who is not interested in love, only in the glitter of diamonds. The picture opens with Paul Cavaugh a sinister and charming admirer, who has followed her over half the world, writing a check for a magnificent diamond Binnie has skilfully appropriated from one of Paris' most exclusive gem shops.

Before Paul can pay for the stone the police have been notified and, while the jeweler, Ferdinand Gottschalk has no complaint, the officers are not satisfied with his explanation that nothing is wrong. Eugene Pallette and Grant Mitchell, two of the most ruthless bloodhounds who ever bungled a clue are assigned to the case and they start trailing Binnie through a rare scent they observe on a glove she has left behind.

Their search takes them to the perfume shop of Neil Hamilton. When he sees the police are about to arrest Binnie, he aids her in escaping and later finds her in his apartment, she having lifted his key from his pocket. It is the first time in her life that a man has seemed as important as a diamond

"One Exciting Adventure" presents a new and glamorous Binnie Barnes, revealing another facet in the art of the brilliant British star. Her first American film portrayed her as a subdued, magnificent woman of indescribable charm. This picture shows her as a bombshell of glamour.

Others in the cast include Grant Mitchell, Eugene Pallette and Doris Lloyd.

"Half a Sinner"

You'll know that "The Deacon" is the worst crook—and the most lovable—you've ever seen on the screen but you'll be for him because he is out-cheating so-called "honest people" in "Half a Sinner".

And the loves and troubles of Sallie Blane and Joel McCrea will thrill you and make you laugh. For "Half a Sinner" is all in fun.

The Players—Berton Churchill, Broadway star, appears in his first truly great part on the screen. Joel McCrea leading man for Constance Bennett, Dolores Del Rio, Marion Davies and Greta Garbo—is the daring and gay young lover. Sallie Blane is the object of Joel's affections—and troubles. Then there is Alexandra Carlisle in her screen debut and a half dozen of the most mirth-provoking players of the screen, among them Mickey Rooney, Gay Seabrook, Russell Hopton, Guinn Williams Clarence Wilson, Bert Roach and Spencer Charters.

It's one of those pictures that will thrill every one in the family.

Capitol News of the World and an amusing cartoon precede the showing of the feature presentations.

Last complete show 8.45.

YARDS ESTABLISHED FOR USELESS MOTORS

New York, Dec. 20. — Establishment of seventeen yards throughout the city where owners of worn-out automobiles may abandon them has been authorized by the Department of Sanitation.

Officials of the department and the police worked out the plan to combat the practice of owners of decrepit automobiles of abandoning them on the streets, where they constitute fire hazards.

Three yards will be established in Manhattan, three in the Bronx, five in Brooklyn, four in Queens, and two in Richmond.

HIGH DIVIDENDS PAID BY TEXTILES

(Continued from page one)

Broken Time Blamed

Alex M. Edwards (Cons. Waterloo South) said the figures did not reflect rates, but took in broken time, consequently the general average would be low.

If it had not been for the Tariff protection, said Mr. Edwards, there would be no employment in the Canadian Textile Industry because Japan and other low-wage countries would take the Canadian Market.

The textile investigation was finished today and the Canning probe will start next.

C. T. Ballantyne of Montreal, Counsel for Dominion Textile Co. Ltd., of Montreal, the largest in the country, said he would present no evidence.

Ballantyne said raw cotton prices in the last ten years fell from 25 to 30 per cent and he was prepared to show that prices of finished goods by his company fell more than that.

Sam Factor asked if Ballantyne could explain why the Canadian prices for denim in January 1934 were 18 3-4 cents a pound and the American price, even with the higher production costs under the NRA and the cotton code, was 13.91 cents. Ballantyne said he could not offer an opinion without examining the figures.

Sales in Three Years

J. G. Glassco, Toronto auditor, said there were six major companies in the thread and cordage trade, selling threads and binder twine of various fibres. In point of sales, the largest thread company was the Canadian Spool Cotton Co., Montreal, and the largest twine plant, the Plymouth Cordage Co., Welland, Ont.

Sales of the companies fell from $9,656,000 in 1931 to $5,420,000 in 1933. The average factory employment, however, did not fall to the same extent and the drop in sales was due largely to decreases in prices.

Three of the seven mills owned by the half-dozen cordage companies are in Ontario, three in Quebec and one in Nova Scotia. Four of the companies are Canadian-owned; one is owned in Great Britain, and one in the United States.

50 Hour Average

The average working week was 50 hours, Glassco told the Commission. The seven mills employed 1,016 factory workers with an annual Factory Wages Bill of $816,957.

The following table shows the relative operating results of the companies in 1933:

Company	1933 Sales	Percentage Net Profit to Sales
Canadian Spool Cotton Co., Montreal	$1,619,726	17.2
Plymouth Cordage Co., Welland, Ont.	$1,475,577	4.6
Brantford Cordage Co. Ltd. Brantford, Ont.	$1,189,989	9.3
Cotton Threads Ltd. Montreal	$398,124	2.1
Consumers Cordage Co. Montreal and Dartmouth, N.S.	$383,909	2.7
Bell Thread Co., Ltd. Hamilton, Ont.	$352,752	17.0

15.8 Per Cent Profit

In relation to invested capital, the Canadian Spool Cotton Co. made the highest net profit, 15.8 per cent and the Bell Thread Co. Ltd., came next with 10.7.

Thread and cordage companies, Glassco said, paid relatively high wages in contrast to other branches of the textile industry. The decline in the average number of factory workers from 1929 to 1933 was 16.8 per cent, the sharpest drop occurring in the Nova Scotia mill. The total wage bill in the same period fell by 32.1 percent, the reduction being most marked in Ontario mills.

The average hourly wage for all employees in the trade was 34.01 cents in 1934, compared with 34.13 in 1933, Glassco said. The industry employed 58.6 percent men employees.

◆

Only Absolutism Way to Fight Claims Du Pont

Washington, Dec. 20 (AP) — Irenee Du Pont told the United States Senate Munitions Committee today "the only way to wage a war is to have an absolute monarch at the head of the government."

The powder manufacturer made this observation while being questioned about the advisability of conscripting industry in time of war.

Du Pont added that conscription of industry would bring "a terrible amount of loss motion and confusion."

"We will have a hell of a time in case of war, whatever the system," Du Pont testified, standing with his pipe in his left hand.

◆

EARLY CLOSING FOR HOLIDAYS

BOARD ROOM GOSSIP

Public Works Program

Public Works expenditures by S. Dominion Government, November, amounted to $1,660,066, bringing total outlay to end of November under Public Works Construction Act 1934 to $4,363,976. The November total showed slight increase over October. This leaves by far the greater part of the total appropriation of $40,000,000 still to be expended.

Canadian Industrial Alcohol

Montreal.—The entire sales policy of Canadian Industrial Alcohol will have to be reconsidered in January by directors if a payment due Jan. 1 by National Distillers Products Corp., New York, in connection with the jointly-owned American subsidiary is not met, Hon. Gordon W. Scott, President, told shareholders yesterday at the annual meeting.

National Distillers had made one payment of $500,000 but had defaulted on a payment due last June. If the January payment is also defaulted the matter will have to be considered by the Board, Mr. Scott decared. Describing the formation of the National Canadian Distillers, Inc., the American selling company jointly owned with National Distillers, Mr. Scott said the latter had agreed to put up $1,000,000 in cash with Canadian Industrial Alcohol providing the equivalent in whiskey. This, it was later learned, was taken at $4.38 a gallon. Sales of the American Company have been disappointing, Mr. Scott said. The sales organization however, has been continually strengthened but the future depends on whether the scheduled payment will be met in January.

The rest of the meeting was routine. Claude S. Richardson, Montreal lawyer, was elected a director to fill the vacancy caused by the resignation of L. V. Wright, former Vice-President and General Manager.

Other directors were re-elected.

Greene Stabell

Progress report sent shareholders does not reveal much that is new. Perhaps one paragraph sums up the whole situation when it states:

"From the foregoing it will be seen that Green Stabell has 3 main bets. One—the area beneath our present workings and the other two in the Grano-Diorite area. It is true that to date no definite results have been obtained, etc."

In other words the Company has about a year's ore on hand and must soon find a substantial new ore body.

Pickle Crow

Promised progress report on Pickle Crow reveals little that is new. It says the vendors pool is extended for six months from February, 1935. Water trouble has resulted in suspension of work on the 250 ft. level until electric power is available which will be late in February.

◆

TURKEYS

(By the Canadian Press)

With prices advancing slightly as Christmas approaches, turkeys were selling in fairly large quantities, according to reports today from various parts of Ontario. Retail prices were between 20 and 28 cents a pound.

At London, Ont., jobbers were offering 17 cents a pound for best quality birds, lower grades bringing 15 and 12 cents. Retailers were asking from 20 to 28 cents.

Kitchener reported that turkeys were selling from 22 to 25 cents a pound dressed. Peterboro wholesale prices were up one cent, turkeys selling for 17 cents, rough plucked. At Owen Sound prices were between 17 and 20 cents.

Montreal Trading Brisker

Montreal, Dec. 20—Christmas turkeys featured trading on the Montreal produce and dairy market. Heavy retail purchasing of turkeys was reported and so far this season the trade has been 10 per cent. ahead of last year, wholesale houses stated. In carlots or less grade A western turkeys were quoted at 19½ to 20 cents a pound, B at 17½ to 18 cents, and C at 14½ to 15 cents.

Local Market Steady

The movement of turkeys on the local wholesale market is just about at its peak for the Christmas demand, it was reported yesterday. Earlier expectations are being met, one dealer stated. Indications are that current price levels may obtain right through until the holiday.

If supplies in Western Canada are cleaned out, as is anticipated in current reports, there may be a firmer market here next week for the New Year trade.

Brantford Prices up

Brantford, Dec. 20—Prices of turkeys advanced here, with 25 to 29 cents a pound being asked. Prices previously ranged from 20 to 25 cents.

EX-ALD. WOTTEN'S NAME OMITTED

In the list of ex-Aldermen living which was published in yesterday's edition of The Ontario-Intelligencer, the name of ex-Alderman F. R. Wotten was inadvertently omitted.

TORONTO MINES

Toronto, Dec. 20—(CP)—Business on the mining section was reduced to 155,000 shares in the first three hours today which was pretty close to a year's low record, although buying was light, prices were generally firm.

Pioneer sold down to 1030, a new low mark for 1934 but recovered in the afternoon. McIntyre was also off a little for broken lots. Most of the secondary gold issues held steady on small volume.

Silver and Base Metal Shares were generally soft, Noranda losing 50 cents and Base Metals Corporation trading at 51, a new low for the year.

◆

TORONTO STOCKS

Toronto, Dec. 20.—(CP)—Floorman had little to occupy them on the Industrial section of the Toronto Exchange today, as preparations for the holidays drew traders away from the mart. Distillery stocks sagged, the oils remained practically unchanged and of the other interlisted leaders, Ford of Canada was the only active one, showing a small advance this afternoon.

Profit-taking was in evidence in Bell Telephone and that issue lost two points. Several preferred stocks sold higher including Toronto Elevator, Ontario Silk, Kelvinator, and Hamilton Bridge.

◆

WALL ST. FINANCIAL

New York, Dec. 20 (AP)—The securities markets were none too happy today and prices, generally, were inclined to retreat to lower levels.

Further selling of utilities clouded the stock list, although the trading volume dwindled appreciably on the sagging movement. There were scattered firm spots in evidence, but most of the industrials, rails and oils were narrowly irregular. Bonds with quiet and mixed.

McIntyre Porcupine dipped a point among Canadian stocks, while Dominion Stores, International Nickel and Canadian Pacific were about even. On the curb, Lake Shore and Hiram Walker held fairly steady. Dominion Government 4s were a shade lower. Canadian funds eased 1-32 of a cent at 100 15-16 cents.

Shares of Radio pfd. B. and McCrory Stores preferred got up about a point each, while Caterpillar Tractor, Howe Sound, Chrysler, Dupont and McCrory common were a trifle firmer. Consolidated Gas dropped more than a point to a new low for the past 12 years or longer.

◆

NEW YORK CLOSE

New York, Dec. 20—(AP)—Stock prices hardened following forenoon irregularity today. Trading was rather quiet. A resumption of selling in utility shares was a disturbing factor in the early dealings. The late tone was fairly steady, although some of the power shares were still lower. In the last hour Consolidated Gas and American Telephone were down about a point while quotations were steady to a little higher in U.S. Steel, N. Y. Central, Chrysler, General Motors, Sears Roebuck and U.S. Smelting. Transfers approximated 900,000 shares.

Virginia Van Wie Winner U.S. Golf Crown for 3rd Time Outstanding Feminine Star

Sport Pole Disclosed Wide Range of Opinion

DIDRIKSON FIFTH

(By Alan Gould, Associated Press Sports Editor)

New York, Dec. 20 (AP)—To Virginia Van Wie, 25 year old girl who captured the United States Women's Golf Championship this year for the third successive time, goes the distinction of being rated the outstanding feminine sports star of 1934. First woman golfer to win this honor in/the four year history of the Associated Press sports poll, Miss Van Wie gained the No. 1 ranking position in competition with rivals in all women's sports, by vote of United States sports editors and writers.

Although the poll disclosed a wide range of opinion, Miss Van Wie finished with a substantial margin over her three closest rivals, Helen Jacobs, three-time tennis champion, Lenore Kight and Katherine Rawls, famous swimmers, who were ranked in that order by the voting fraternity of experts.

Miss Van Wie was put at the head of the list by 37 out of 102 observers and accumulated a total of 177 points, figured on the basis of all placings. Miss Jacobs, winner of the 1933 Associated Press toll, trailed Miss Kight in first-place nominations, 16 to 19, but won second position on points with a total of 131 to Miss Kight's 89. Miss Rawls, the little Florida girl, who holds all-around swimming honors, obtained 11 first place votes and 72 points.

Mildred "Babe" Didrikson, the Texas girl who was a 1932 Olympic sensation and won the No. 1 ranking position in that year's poll, finished fifth, with 20 points, one more than Stella Walsh, Cleveland Polish girl and Olympic sprinting champion.

◆

Hobey Baker's Stick Emblem Of Sportsmanship

New York, Dec. 20 (CP)—Probably the most unusual emblem up for competition in the hockey world —a stick once wielded by the expert hands of Hobey Baker—was established today as a perpetual trophy to be contested for annually by the freshman ice team of Princeton and St. Paul's School sextette.

Baker, recognized as one of the greatest amateur puckmen of all time, attended both the university and St. Paul's. His glamorous career was ended in an aeroplane smash in France during the Great War.

A silver plate on the memorial stick says it was "established to perpetuate the spirit of true sportsmanship exemplified by the play" of Baker. It was donated by E. T. Fox, a teammate of Hobey at Princeton.

◆

APPLIES FOR LICENSE

Wellington, N.Z., Dec. 20 (C.P. Cable via Reuters)—The Duke of Gloucester, third son of the King and Queen, has applied to the racing conference for a gentleman rider's license in order to ride Blackman at a weight of 154 pounds at Merton on January 1. The Duke is touring Australia.

The application is for the Ladies' Bracelet Race, part of the New Year's Day program.

City Hockey Loop Schedule

Owing to the uncertainty of the length of the playing season the executive of the Belleville City Hockey League adopted a single playing schedule for this season that terminates on February 1st, twenty-one games being included in the schedule.

President Harry Rollins announced that the original arrangements for the playoffs would remain unchanged with the club finishing in first place at the end of the schedule meeting the fourth place club, while the second and third clubs meet in a similar play-off series, goals to count on this round. The winners of these game will meet in a three game series for the championship some time about the middle of February. The best two out of three will be played in the finals.

With two games already played the remaining games and dates were announced as follows:

December 21:
Alemite vs. United Cigar.
Trenton vs. S.E.A.C.
December 25th:
Grills vs. Trenton.
December 28:
United Cigar vs. Grills.
S.E.A.C. vs. Aajmaa.
January 1st:
20th. Century vs. United Cigar
Alemite vs. Trenton.
January 4:
Aajmaa vs. United Cigar.
S.E.A.C. vs. Grills.
January 7:
Alemite vs. 20th. Century.
Aajmaa vs. Trenton.
January 14:
S.E.A.C. vs. United Cigar.
20th. Century vs. Grills.
January 21:
Alemite vs. Aajmaa.
20th. Century vs. Trenton.
January 28:
S.E.A.C. vs. Alemite.
Trenton vs. 20th. Century.
February 1:
Grills vs. Alemite.
20th. Century vs. Aajmaa.

The proposed dates for the semi-final playoffs are February 5th. and 8th with the final playoff dates to be announced at the end of the playing schedule. The above schedule should be clipped for future reference.

DOUBLE BILL AT ARENA FRIDAY

Uniteds And Stewart-Warner Should Provide Thrills

Two games of city league hockey will be presented to sport fans at the Arena on Friday night when United Cigar team crosses sticks with the Stewart Warner-Alemite squad in the opening game, while the Trenton Imperials take on the South End A.C. in the nightcap affair. The doubleheader brings to the fans the remaining clubs to compose the loop, four other clubs making their bow last Tuesday night.

The United Cigar-S.W.A.A.C. game brings together two squads boasting of many veteran pucksters as Manager 'Derby' Jeffrey has signed such players as Bob Hull, Murney Green and Alex Weir to league certificates, while they will be assisted by Harry Gilbert, Roy Covert, and Jeffrey himself who is playing goal. Stan Hagerman, who is managing the Alemites, has Dean Ford of baseball fame as his goalie, Ford having learned the rudiments of goal minding in Toronto. Vic White and Mase Rigby will make up the defence, while the forwards will be picked from Dusty Flagler, Harry and Carl Morgan Don Lee, Bill Hammett and others.

The second game brings to town the only out of the city entry, the Trenton Imperials, who take on the South End Club. The Imperials have a formidable defence in front of goalie Joe Gould, of box lacrosse fame, in Barney York and Lott. Normie Johnson, Trenton's veteran forward, will lead the sharpshooters that include Kidd, Doug Powers, Rosenplot, Lamore and others from along the shore of the Trent River. The South End boast of the youngest and speediest squad in the loop, many of their players graduating this season from the Ki-Y loop. They battled back to win their first game by the score of 3 to 2 over the 20th. Century Club and expect to make it two straight on Friday night.

The Arena will be closed today and tonight in order that more ice may be manufactured during the cold snap. Manager Redner has a heavy program over the holiday season and expects capacity crowds necessitating precaution in building up of the ice surface. Following Friday night's city league hockey however skating will be resumed over the week end.

◆

SPEED SKATERS NOT IN HOCKEY

Mike Goodman Only One to Crash Big Time Hockey

(By Victor Service)

Toronto, Dec. 20 (CP)—Big time hockey—the fastest game in the world—is without a speed skater. There are fast men in the National League like Howie Morenz of the Chicago Black Hawks and Hec Kilrea and Buzz Boll of Toronto Maple Leafs but none is a speed skater.

Those who use skates for the sake of pure speed have never crashed the ranks of major hockey and only one managed to make any kind of showing in the minor leagues. Even amateur clubs are shy of skaters who go in solely for speed despite the fact that upwards of 30 racers have tried to catch on.

Mike Goodman, who 15 years ago was a leading speed skater in the Canadian and United States west, is the best in that category ever to tackle hockey in a business way. For the last nine seasons Mike has played for Duluth Hornets in the American Association. As an amateur he helped the famous Winnipeg Falcons win the Olympic title in 1920. But Goodman failed to rise to National League heights.

Another racing skater who actually made something out of hockey was Everett McGowan of St. Paul, Minn. Twelve years ago McGowan gathered in an international speed skating championship and then for several years held a forward line berth with Springfield Indians of the Canadian-American League. He never set the hockey firmament on fire and made his exit in favor of "faster" material a few years ago.

Altogether the chances of a speed skater shining in the puck game appear pretty remote. Quick breaks, stops and the twisting and turning so essential in hockey have the speeders baffled. For instance leaping over a dozen barrels was right down Bobby McLean's alley, but when it came to jumping a hockey stick the Chicagoan was stumped. Twenty-two years of startling speed-skating performances meant little as far as hockey went and his efforts to catch on with minor league teams were without result.

Montreal amateur circles had nothing to offer Edmund Larry, a home-town boy who held both amateur and professional speed titles. Charlie Gorman, 190 pound Saint John, N.B., hustler found even intermediate amateur hockey too tough a game and after a short stay returned to racing. He was one of the greatest of speed skaters.

Two others who held international amateur racing titles, Russell Wheeler of Montreal and Eddie Gloster of Toronto, were unable to click in amateur hockey company. In Saint John, Tommy Tebo mixes speed skating and intermediate hockey but that's as far as he goes. Alex. Hurd of Hamilton, Ont., one of Canada's speed skating standouts in recent years, attended several workouts of Hamilton amateur clubs but never mastered the game sufficiently to get a place on any team.

Billy Logan of Saint John, who ranks high in the speed-skating circles along with Hurd has fathomed the way to get the better of the game—stay out of it altogether.

TAFFY ABEL TO JOIN RANGERS

Holdout Has Come to Terms And Will Play Tuesday

(By the Canadian Press)

St. Louis Eagles, who have picked up three points—almost half their total—in three games under George "Buck" Boucher will have a chance tonight to show whether they really are playing better hockey for Boucher than they did for his old Ottawa Senators teammate, Eddie Gerard.

Eagles tonight take on Toronto Leafs in one of the three games on the National Hockey League program, Montreal Maroons playing Red Wings in Detroit and Chicago meeting Rangers at New York in the others.

"Happy" Day, out of the Americans' game at Toronto last Saturday night owing to a death in his family, did not accompany Leafs when they left Toronto for St. Louis and Andy Blair, the centre, who wants to become a defence man, will work with Busher Hollett on one of the Leaf defence pairs.

When Hawks play in New York they won't have Taffy Abel with them but the 243 pound holdout, who announced his intention yesterday of signing up will join the team Monday in time for their game at Detroit Tuesday.

CURRENT SPORT

(Day By Day)

With the erection of a new Arena in progress at Lindsay the sportsmen of that town have entered into the spirit of the surroundings and have engaged a professional coach for their hockey teams in the person of Bill Breen, well known Canadian hockey coach. Coach Breen was the brains behind the old Peterboro seniors when that club won the Senior O.H.A. title some years ago. He will be placed in charge of the Lindsay Midgets and also the Lindsay entry in the intermediate series. Another ex-pro, who is expected to turn out with the Lindsay intermediates, is "Shrimp" MacDougall, who was recently reinstated to amateur standing. It is understood that the new Lindsay Arena is to be one of the best equipped in the province in the matter of lighting, accommodation and other facilities. The Arena was recently presented with an electric clock and scoring indicator, similar to the one used in the Toronto Maple Leaf Gardens. The citizens of the town along the Scugog are mighty proud of their new Arena, and rightly so.

Not in 20 years have Belleville hockey clubs been given such excellent groupings as they have this year in both intermediate and junior divisions. The fans are to be treated to the appearance of no less than eight outside clubs—five intermediate and 3 junior during the season. It was just 20 years ago that Belleville was grouped with Whitby, Oshawa, Bowmanville, Port Hope, Cobourg, Lindsay, Peterboro and Trenton, and not since then have they been handed such an extensive grouping as this year. In the intermediate group each club has five home games and five away, the juniors have three home stands and the same number on the road. All of the home games will be played during the last three weeks in January when the ice should be at its best.

Some people will try anything for a thrill as was demonstrated when white mice-racing at a church bazaar was stopped in London by the police as an offence against the British Betting Act. The racetrack was run as a sideshow. At one end was a row of mouse-traps. The traps opened simultaneously and the mice raced after a piece of cheese. Fans were invited to back their choices at two cents a time. One of the hunters, a member of parliament, backed three winning mice for which he received a piece of soap.

Tuesday night's city league hockey games brought to light a world of junior O.H.A. material for Manager Thomas. The largest number of players to appear on the ice were under the age of 20 years, many being products of last year's Ki-Y. league. Friday night sees another double bill of hockey at the Arena when better matches can be looked for simply because the players have had an opportunity to get in a little more practice. The opening game brings together the United Cigar Store team and the Stewart Warner-Alemite A.C. Both of these clubs have signed a numbers of veterans. The second game sees the South End speedsters clash with Jimmie Day's Trenton Imperials. Incidentally if the city league wishes to gain the confidence of the public both league officials and the participants should endeavour to see that all games are started on time. If 7.45 is too early then commence the games at 8 o'clock, but by all means start the games at the advertised time.

The question of whether sports are at all worth while in small towns sometimes puzzles those who diligently sponsor athletics year after year merely for the sport and kick they get out of it. A recent editorial in the Fenelon Falls Gazette vindicates the efforts of sponsors of sport in small towns. It is entitled "Do Sports Pay in Small Towns?" and reads:

"At this time of year when winter sports are just in the offing, those who follow the ins and outs of sport organizations may feel inclined to ask themselves if it pays to encourage sports in small towns. From the financial standpoint, of course, the answer is decidedly in the negative, but there are other things to be taken into consideration.

"In the first place, sports such as hockey, curling, skating, etc., in winter; baseball, softball, horseshoe pitching, etc., in summer, provide an outlet for the surplus energy of young and older folks, while at the same time they prove a source of entertainment for large numbers of spectators. In small communities these events are often the principal form of recreation. They are clean, healthy sports, and, if kept free of crooked practices, are an asset to any community.

"The old proverb to the effect that idleness breeds mischief applies to the state as well as to the individual. The community that fails to provide means of pleasure and recreation is a fertile field for crime, and will find its standards of living reduced to a low level.

"Aside from the recreational value of sports, they have also the effect of uniting a town and giving young and old a common interest.

"Financially, sports find it difficult going in small towns, but they contribute to the life of the community much that is worth while."

◆

PERRY DEFEATED

Sydney, N.S.W., Dec. 20 (AP)—Fred Perry, world's ranking tennis player, was defeated today for the third time in three weeks when Vivian McGrath, Australian youth, gained a gruelling three set victory 6-1, 6-8, 11-9.

Perry's fall was in the first day's play of a triangular international tournament between Australia, Great Britain and France.

The other defeats also were given the English by Australian stars, Jack Crawford beating him here and Adrian Quist winning at Melbourne.

GIFTS that SHE'LL ADORE

Christmas Gift Buying Simplified This Year

◆

The air is electric with excitement! Shoppers are beginning to fill the stores. There's a happy, jostling feeling permeating the atmosphere that comes at no other time. Say what you will about Christmas, admit that it's fun to shop! The thrill that comes when you enter a shop with your purse bulging, or your credit up to snuff, ready to buy for Johnny and Sally and Jim, comes at no other time.

Plan Your List

But let us warn you. The counters in practically every store in town are such tempters that it is well to have a fairly clear idea of what you want to buy. Otherwise, we don't guarantee that you will not be lead astray.

But if list planning gets to be a chore, give it up. You'll see just the right thing for every name down there when once you get properly started on one of the most interesting adventures of the year.

Know Your List

One of the easiest ways to plan a gift list is to actually think about the person you are buying for. If everyone would, think how many less things would be tucked away into drawers never to see light of day again . . . or sent into a scrap basket because it would simply be taking up space.

For the Frivolous

Is your young and up-and-coming sister one of those girls who is invited everywhere that's worth going? Then her gift will present almost no problem at all. There are heaps of things that come tumbling along which would throw her into ecstasies.

Think how she yearns for a silver fox muff. Yes, if she knows her fashions, she'll be emphatic about silver fox. She could carry it with her perfectly plain fur coat . . . or her cloth coat, and be the envy of all her friends. Price appalling? Then leave that for her father to buy. But how about one of the clever compacts that are decidedly new this Christmas. Maybe she has a dozen already, but don't for a minute think that a new one won't thrill her.

Scarfs are another easy solution, and one that will make her glad for you. Be sure the scarf is a square one, because she loves to tie them 'round her neck, 'kerchief fashion, and she wears one with practically every sports costume. So even a dozen of them wouldn't be amiss.

No matter how hackneyed a gift might seem to you, if it's something to wear Miss 16 to 21 will be overjoyed. Hosiery, bags, gloves, a trinket for her fingers, neck, ears . . . those are the things she wants most of all for her Christmas.

Now For Homemakers

Everyone has someone on their list that puts her home first. A bride perhaps . . . an aunt who lives in the country . . . a friend who has her smart city apartment. All these would love something to make their home more comfortable or decorative.

There are simply sumptuous gifts for bathrooms . . . bath towel, hand towel, wash cloth, mat and seat cover to match. These are true gifts of luxury that anyone would love. Very often the towel sets come all boxed and ready for your Christmas card.

Table Linens

How grand your gift of this nature depends upon the size of the check you intend to make out. You can find banquet cloths that are the dream of every hostess. And there are some darling breakfast and bridge sets that would be an addition to any linen closet. Don't forget, too, for little gifts, you can give cocktail napkins, fingertip towels, lipstick towels. These cost so little and yet are truly useful and most attractive gifts.

There is no end to the different decorative bits that a home would welcome. Book ends and smoking sets looking decidedly new for this era of moderns. Lamps and little occasional pieces are safe to buy only when you know the home and the tastes of the person to whom you give the gift. This year drinking accessories take their place in the Christmas gift list, and there are so many novelties that it will be the greatest fun to choose.

About Clothes

Maybe you need to be practical. In that case, ask its mother, what the little precious needs most of all. Christmas is one time when that fond parent won't dampen your enthusiasm about giving her youngster gifts. But it's with toys that we're concerned . . . for after all, that's what youngsters love at Christmas time.

We'll try to know our youngster just as thoroughly as we do our adult friends. Just any old toy won't do nowadays when children have hobbies as much as you and I.

Good Stand-bys For Boys

Of course, you can't go wrong on trains. Big boys and little boys, bad boys and angelic ones, all love trains. And it gives dads a chance to have some fun too. So indulge yourself on trains if you like. They are modern wonders, duplicates of real locomotives. You can spend as much or as little as you like on them. There are some wonders for less than one dollar, and they have a real electric light on the engine. Won't that make eyes bright?

Sleds and skates and bicycles are three more gifts that boys will be sure to appreciate you for.

For Young Builders

If he loves to make things, then above all, give him a tool chest. There are those that hold everything a boy needs to make simple bits of furniture, ship models and so forth. There's everything included but the lumber, and we suggest that you buy a bit of that to go along if you value your furniture.

For Little Housewives

If a mother's helper is on your list, we'd suggest as an aid to mother, that you give her one of the little ranges made just for her. Try to get someone else to give her a set of aluminum to go along with your gift . . . and maybe some china. Then little Susie will have the most sublime faith in Santa Claus. There are heaps of things for these little domestic animals . . . sets for washing and ironing doll clothes, sewing outfits, and wee brooms and carpet sweepers that will teach her to take care of her own room.

For Wee Ones

To keep the little ones amused, there are simply magnificent bow-wows and kitty cats . . . and gay colored blocks, and endless kinds of rubber dolls.

All of which only scratches the surface of the wonders that are waiting to be put into Santa's Christmas pack!

Mr. K. Holmes of Anson, Mrs. John Chambers and Miss Eva Chambers spent Sunday at the home of Mr. and Mrs. Wm. Boyle.

Mr. and Mrs. Lewis Bronson have returned home after spending the week-end visiting at the home of Mr. and Mrs. Reynolds at Plane Settlement.

Mr. Keith Chambers visited his cousin, Mr. Cecil Boyle, on Sunday.

Mr. and Mrs. Lloyd Davis and family were Sunday guests of Mr. and Mrs. Wm. Sandford.

Mr. and Mrs. Fred Wright and family spent Sunday evening at the home of Mr. and Mrs. A. Holland.

While cutting wood for the Craig Mine, Mr. Cecil Boyle had the misfortune to inflict a bad cut in his foot with the axe. He has been laid up for the past week.

The Eldorado and Union Young People's Society met on Wednesday evening, December 12, with a good attendance. The programme was in charge of Miss Freda McCann, Missionary convener. The worship period was opened by singing Hymn No. 27. Mr. Cecil Robinson offered prayer. The Bible lesson, 1 Corinthians, 10: 1-19, was read by Mr. Kenneth Martin. The topic, "Uniting Our Forces in the Christian Church" was given by Miss Florence Walker. A poem, "The Bright Side" was then given by Miss Grace Robinson and a reading on "Peace and Good Will" was also give bny Miss Gladys Martin. Mrs. Albert Harvey then took charge of the business period. The minutes of the last meeting were read by Miss Gladys Martin. The Roll Call showed a good number of members present.

The officers for the year 1935 were then elected by ballot. This part was n charge of Rev. W. G. Fletcher and resulted as follows:

President—Mr. Vernon Strebe.

Vice-President — Mr. Gordon Pigden

Recording Secretary — Miss Gladys Martin.

Treasurer—Miss Grac Robinson.

Convener of Christian Fellowship—Miss Annie Holmes.

Convener of Missionary—Miss Florence Walker.

Convener of Christian Citizenship—Miss Annie Thorpe.

Covnener of Christian Culture—Miss Margaret Wright.

Convener of Recreation—Miss Freda McCann.

Organist—Mrs. Albert Harvey.

News Representative and Editor—Cecil Robinson.

The meeting closed with the Mizpah Benediction. Following this a half hour was spent in games in charge of Miss Leda Post.

"L. O. L. At Home"

On Friday evening, December 14, the members of the Eldorado L.O.L. along with their wives and friends entertained at their annual At Home in the Orange Hall. Owing to the cold weather the crowd was not as large as usual. Following is the programme: Mr. Stanley acted in the capacity of chairman, the first item being an instrumental violin and harp selection by Walter and Albert Wannamaker. Mr. Albert Harvey in his very capable manner gave a monologue, "Yankee Love and Proposal' followed by an instrumental harmonica and guitar selection by Miss Eva Chambers. Irene and Harry Whyte then sang a duet, "Cowboy Jack" accompanied by Mrs. Russel Whyte on the guitar. Mr. K. Holmes, of Anson then favoured with a solo, "The Little Shirt My Mother Gave To Me." Miss Annie Thorpe then gave a monologue, "Mrs. Smith and the Telephone" followed by an address by Rev. W. G. Fletcher, "The Truth Behind the Christmas Legends" which held every one's attention and proved very interesting. The Wannamaker brothers then gave an instrumental followed by another comic number by Mr. A. Harvey. Mr. K. Holmes favoured with another solo, "Save a Little One For Me." The programme was closed by all rising and singing the "National Anthem." A dainty lunch was served by the ladies.

Mr. Wm. Wilson is ill with Dr. F. J. Nickle in attendance.

Rev. W. G. Fletcher attended Ministerial Association at Roslin on Monday.

The Sunday School pupils are busy practising for their annual Christmas entertainment.

The Misses Iva and Bernice McCann visited at Mrs. Clayton Blackburn's on Sunday.

Mr. and Mrs. Sam McLeod of Niagara Falls, spent a few days visiting the former's mother, Mrs. Allen McLeod, who has been very ill.

Mr. Jos. McCaw spent Saturday in Queensboro with his sister, Miss Ida McCaw.

Mr. K. Holmes was a caller at the home of Mr. Harry McCoy on Saturday evening.

Mrs. Chas. Pigden is spending a couple of days in Belleville visiting her sister, Mrs. Fraser.

Miss Annie Holmes, Miss Helen McCaw and Ruth Andrews spent Saturday evening at the home of Mrs. Fred Wright.

STATUES IN PARK WILL STAY 'PUT'

But Acting Premier Nixon Does Not Like Park Cluttered Up

Toronto, Dec. 19 (CP)—Hon. H. C. Nixon, Ontario acting Premier and Provincial Secretary today urged Conservative associations not to "get themselves worked into a lather," over rumors the statue of Sir John A. Macdonald is to be moved from its position at the entrance of Queen's Park.

Toronto Conservatives, meeting at the Albany Club last night, passed a resolution protesting against the removal of the statue from its present site.

"There isn't the slightest suggestion we will move the Macdonald statue, or any of them, so there's no use getting worked into a lather about it," Mr. Nixon said.

Waving his hand towards a window through which several statues could be seen, the acting premier said: "Personally I'm not in favor of cluttering up a nice park with a lot of monuments. Personally I can't say I get any thrill out of walking past those out there."

"Particularly the one to Sir John?" newspapermen queried.

"No, you can't say that. My grandfather was one of the staunchest supporters Sir John had," Mr. Nixon answered. Mr. Nixon favored including a statue of Sir Wilfrid Laurier in the group.

DOLE SUBSTITUTE FOR RELIEF WORK

U. S. Commerce Heads May Propose New Measure

White Sulphur Springs, W. Va., Dec. 19 (AP)—Substitution of the dole for the present work relief plan, appeared as a likely recommendation today for inclusion in the platform being drawn by 96 Chieftains of Commerce for the Advancement of the United States.

The committee drafting a program for presentation to a plenary session of the "Joint Business Conference" for recovery was in session until nearly dawn, struggling amid scenes of frequent sharp debate, to write a platform that would present a united "co-operative" view of the nation's needs and be acceptable to a majority of the conferees.

Recommendation of relief on the dole basis appeared certain of inclusion in the committee's report, to be presented to the general session today.

In committee deliberations it was urged that the cash relief plan, as in use in England, is a cheaper and better way to help the jobless than the work-relief system now in operation. Furthermore, it was urged direct relief would be a greater incentive to industry to absorb workers.

There was comment from several quarters in the conference that business leaders apparently are abandoning the thought that the government can stimulate re-employment by public works expenditures.

'ADULT' EDUCATION IS MEETING THEME

The Young Women's Guild of John Street Church held their November meeting at the home of Mrs. Hunter, 289 Albert street. After the business part, Mrs. Buchanan led the devotional service, the interesting theme was "Christmas Carols" which she beautifully explained, followed by the singing of two Christmas hymns. The subject for the regular program was "Adult Education", very ably taken by Mrs. Hall showing how new lines can be made out of old.

Miss Jean Catcher read a paper on practical education and Miss Daley explained cultural education, which was followed by the usual interested discussion. The social hour took the form of a kitchen shower for Miss Ross ending a very enjoyable evening.

SLIPPERY ROADS CAUSE ACCIDENT

Wooler Motorists Escape Without Serious Injury

Wooler, Dec. 20—Miss A. P. Bell and her pupils gave a real Christmas program on Thursday afternoon at the Stone school house. Miss Bell spared no time or expense in the decorations, and remembered every pupil with a Christmas gift besides candies and nuts. The children put their gifts on the tree for their teacher.

On the way to Sunday school on Sunday morning Percy Whaley was driving down the long hill, when the car slid in the ditch and turned over owing to the slippery pavement. While the car was damaged, Mr. and Mrs. Whaley and son were uninjured except a few bruises.

Mr. and Mrs. Harry Arthur had a similar experience but did not turn over in the ditch.

The sand trucks were called out and the hills sanded by noon.

Rev. A. Poulter was in Toronto on Friday.

Mr. Clarke is spending a month in Picton with relatives.

The dance in the town hall on Friday evening sponsored by the Women's Institute was a grand success. The Wellington orchestra was enjoyed.

The beautiful applique quilt went to a young man in Stockdale. The refreshments were served by the members of the Institute.

Mr. and Mrs. W. Dawn attended the funeral of the late Mrs. Arthur Mutton at Shiloh on Sunday.

On Monday evening a shower was held at the home of Mrs. N. McColl in honor of Mr. and Mrs. Flindall (nee Jean McColl).

Mrs. Gunyon and son of Trenton spent Sunday with Mr. and Mrs. H. Steinburgh.

Mr. and Mrs. Harvey Arthur of Trenton spent Sunday with Mr. and Mrs. A. Dorland.

Rev. A. J. Terrill and Mrs. Terrill of Grafton called on friends on Friday morning on their way to Napanee.

Tuesday evening the church parlors were crowded with guests from Campbellford and the young people accompanied by Rev. and Mrs. H. B. Neal gave an excellent programme. The Wooler young people conducted the recreation half hour followed by refreshments.

On Wednesday afternoon Mrs. Geo. Anderson, President of the Women's Institute opened her home to an afternoon tea. The "Bazaar" table with beautiful Christmas suggestions was most attractive. Mrs. J. J. Way being in charge.

The small tables with centres of flowers arranged in the dining room and where much time was spent socially, not only in drinking tea, but having the cups read by Mrs. Orvis. Mrs. M. Sharpe and Mrs. A. G. Austin assisted the hostess in serving refreshments.

Delbert Carmen of Eldorado, spent the week end with Mr. and Mrs. S. L. Terrill.

Miss Dunfield spent Monday evening with Miss Bell.

The children are anxious for Christmas Eve, as the Sunday School sponsors an entertainment in the town hall and Santa Claus is always there.

Leland Bryant is slowly improving after a relapse from pneumonia.

Mr. and Mrs. S. L. Terrill spent Sunday evening in Trenton with Mr. and Mrs. James Reddick.

Mr. and Mrs. E. Terrill will be at home to their friends on Dec. 29th afternoon from 2 to 6 and in the evening from 7 to 10 on the occasion of their 60th wedding anniversary.

NILES' CORNERS WEEKLY NOTES

Niles' Corners—Rev. H. H. Hillis, Wellington called at several homes here on Tuesday of last week.

Mr. and Mrs. C. B. Clapp and Vernon spent Thursday with Mr. and Mrs. Wilbert Osborne, Massassaga.

Mr. and Mrs. A. N. Dafoe attended the sale at the Ryan farm, Bethesda on Wednesday last.

Mr. and Mrs. Will Ellis spent Wednesday of last week at the home of Mr. and Mrs. Horace Thompson, Pleasant Bay.

Mr. and Mrs. H. Channell left on Monday to spend Christmas holidays with relatives in Rochester.

Mr. and Mrs. C. B. Clapp and Vernon were Sunday evening guests of Mr. and Mrs. Norris Dafoe.

Mr H. Lunn left on Monday to resume work on the railroad near Cobourg.

Several from here were at Belleville on Saturday.

Mr. Garnet Istead was at Picton on Saturday.

* * *

MINTO NEWS OF PAST WEEK

Minto—Mr. and Mrs. K. Belcour of Madoc spent Sunday at Mr. Fred Cook's.

Mrs. Knox, Mrs. Kemp and son of Kingston visited at Mr. C. Morgan's recently.

Mr. and Mrs. J. Reid of Madoc were guests of Mr. and Mrs. George McMaster on Sunday.

Miss Jean Donald spent the week end with Miss Ethel Hagerman.

Mr. and Mrs. George Stone and Marguerite spent Sunday at Mr. Ernest White's, Mount Pleasant.

A number of the boys here have gone to the northern country for the winter.

MISS RUTHERFORD HONORED BY FRIENDS

Roslin—On Monday evening, December the 17th, about sixty friends and neighbors gathered at the home of Mr. and Mrs. D. P. Leslie, in honor of Miss Elsie Rutherford who is leaving our midst, after spending two and one half years as teacher in the Roslin school.

After all had assembled the gathering was called to order by Rev. D. C. Hill who very ably acted as chairman for the occasion.

Mrs. D. C. Hill read the following address and Miss Annie Suttle on behalf of the community made the presentation of a beautiful dresser set to Miss Rutherford.

Roslin, Dec. 17, 1934

Dear Miss Rutherford:

We have gathered here this evening to wish you every success and happiness on your departure from our community.

During your 2 1-2 years with us you have proven a most persevering and highly efficient teacher. We congratulate you on your methodical ability in attaining such overwhelming success in our school.

We feel that our school has obtained a high standard of perfection never before equalled by any of your predecessors. We refer to final examination results, school fair activities including public speaking championships and the excellent dramatic education which you have so capably developed.

We feel that even at the expense of your physical well-being you have thought only of the work of the school, first, last and always.

In all three churches and community organizations you have responded with your excellent literary talent, upon the least request you have set a worthy example for our children to copy. We heartily regreat your inexcusable departure at this period of the year, yet we know that your new position will be pleasant to fill.

We ask you to accept this gift in remembrance of the many true friends in this community whose boys and girls have benefited so much, and we trust that you will always remember us knowing that having done the right thing well "all will be well in the end."

Signed on behalf of the Roslin Community, Wm. Johnson; John Suttle.

Miss Rutherford very graciously replied thanking one and all for their good wishes and the lovely gift.

A number of those present were called upon and spoke briefly after which all joined in singing "For She's a Jolly Good Fellow".

The remainder of the evening was spent in cards and dancing. Messrs Clayton Hall and James Arkils furnished the music. About midnight a dainty lunch was served.

* * *

CRUSHED UNDER TRUCK

Sault Ste. Marie, Ont., Dec. 9.—(CP)—Linley Shewfelt, 15, of MacLennan near here, died today from injuries suffered last night when he was crushed beneath the wheels of a truck on which he sought to catch a ride home after a Christmas holiday party. The truck was driven by Jess Finlayson of Sylvan Valley.

MRS. HARRY CLARKE ELECTED PRESIDENT EGGLETON W. M. S.

Madoc Junction, Dec. 20 — Mr. Kenneth Stapley of Peterborough, Normal School spent the past week end at his home here.

Mrs. Wm. Thompson of West Huntingdon visited her sister Mrs. H. Ashley for a couple of days last week.

Miss Lenora Stapley spent the week end with friends at Wallbridge.

Mr. and Mrs. Phil. Beauderie of Colborne, visited the former's parents Mr. and Mrs. John Beauderie one day recently.

Mr. and Mrs. H. S. Ashley spent Wednesday evening with friends in Belleville.

Mr. Sid Woods of Lindsay, called on friends here on Saturday evening.

Quite a number from here attended the dance in Stirling on Thursday evening which was put on by the Stirling band.

Eggleton W.M.S.

The Eggleton W.M.S. met at the home of Mrs. George Clarke on Thursday afternoon last.

Mrs. Oliver Stapley presided over the meeting.

Mrs. George Clarke read the Scripture lesson from Matthew II.

A solo was sung by Mrs. Raymond Chambers which was much enjoyed.

Minutes of last meeting were read by Mrs. C. Fitchett.

The Roll Call was then called with 7 members, 2 visitors and a few little folk present.

Collection was taken up by little Mary Chambers.

Holiday bags and mite boxes were handed in, which added nearly $9.00 to the treasury.

The Treasurer, Mrs. Harry Clarke gave a report of all monies raised during the year.

The election of officers followed:
President—Mrs. Harry Clarke.
Vice President for 1st quarter—Mrs. R. Stapley.
Vice President for 2nd quarter—Mrs. W. Harlow.
Vice President for 3rd quarter—Miss D. McMullen.
Vice President for 4th quarter—Mrs. O. Stapley.
Strangers' Sec.—Mrs. Mina Wilson.

The remaining 1934 officers were re-elected for the same office in 1935.

Mrs. Harry Clarke gave a reading and a short talk on the missionary convention which was held recently in Peterboro.

Meeting closed with hymn "Silent Night" and repeating the Mizpah Benediction.

The hostess then served a dainty lunch.

Eggleton Y.P.S.

The Eggleton League met at the church on Thursday evening with a good attendance.

The president, Wesley Lake called the meeting to order and after the opening hymn Rev. R. J. Merriam led in prayer.

The Scripture lesson was read by Mr. John Cooke. The leader for Christian Endeavour, Miss Caroline Raynor then took charge of the program.

Splendid readings were given by Miss Lena Beauderie, Mrs. Mina Wilson and Mr. Charles Jamieson.

Mr. W. Lake gave a short talk on how a young person should endeavour to follow Christ.

Miss Keitha Stapley sang a solo which was much appreciated.

Miss Lena Beauderie delighted all by giving two mouth organ and guitar selections.

Rev. R. Merriam then gave a ten minute talk continuing the address he is giving on "The Life of Jesus."

The meeting closed by singing a hymn and prayer by Mr. J. Cooke.

A couple of amusing contests were then put on by Miss C. Raynor.

Mr. and Mrs. Raymond Chambers spent Wednesday evening at Mr. and Mrs. Oliver Stapley's.

Mr. and Mrs. Frank Stapley and Wallace, Mrs. Sarah Stapley, Mrs. E. Danford and Miss Marjorie Danford visited Mr. and Mrs. A. W. Andrews of Yarker on Sunday.

Miss Helen McMullen has been ill the past couple of weeks with an attack of tonsilitis.

Mr. and Mrs. O. Stapley, Donald and Grant had Sunday dinner with Mrs. Nathan Eggleton.

* * *

BONARLAW

Mr. William Luery has been ill but it some better now.

Messrs. W. J. Barlow, A. P. Williams, S. S. McComb, Canon W. G. Swayne and J. F. Baker attended Marmora lodge A.F. and A.M. at Marmora on Monday evening of this week.

This week appears to be Christmas entertainment week. Several school and Sunday school concerts are being given the latter part of the week in this vicinity.

HELPS WITH APPEAL

London, Dec. 19.—With no explanation as to whether it was wifely loyalty or good judgment, the Duchess of York today stepped into the headquarters of the "National Knitting Appeal" and bought a sample of her husband's handiwork.

What she chose was a soft woollen scarf which the second son of the king had knitted with his own hand.

The Duchess, like her husband, is backing the "appeals" campaign for 100,000 garments for the unemployment.

STIRLING COUNCIL FINAL MEETING

Nominations For 1935 to Take Place December 31st

Stirling—The final convocation of the village council for the year 1934 was held on Monday evening in the Council Chambers with Reeve William C. West presiding. Councillors Burkitt, Cranston, Whitehead and Rollins were also present and a fairly busy session was held winding up the business of the year. Following the reading of the minutes of the previous meeting and their adoption, Councillor Cranston made a motion which was seconded by Councillor Burkitt whereby the Stirling Citizen's Band is to receive $20.00 for services rendered at the Cenotaph Ceremony on Armistice Day and for their attendance at the Community Christmas Tree on Saturday afternoon next. The accounts were presented here and on a Whitehead-Cranston order, paid.

The most outstanding business of the meeting was the reading of the by-law stipulating the time, place etc. for the holding of the nominations for Reeve, Councillors, School Trustees, and Hydro Commissioners for 1934. The day appointed according to the by-law which received its first reading on a Burkitt-Rollins motion, is Monday, December the thirty-first. It was moved by Rollins and seconded by Whitehead that the council go into the committee on a whole on by-laws, with Councillor Thos. Cranston in the chair, the by-law to receive its second reading clause by clause. Accordingly on a West-Burkitt motion ,it was carried that the Committee rise and report and the council resume its business. The by-law then received its third reading and was signed, sealed and numbered 430 in the by-law book.

Further business consisted in the temporary employment of Mr. Wilfred Gravers as caretaker of the Community Hall Building for the remainder of 1934, at a salary of $27.08. On a Burkitt-Whitehead motion, the council adjourned sine die. The following are the accounts as they were presented:

Mrs. Shore, relief nursing ..	10.00
Walter Wright, relief goods..	4.80
G. W. Jones, relief goods ..	1.95
Stirling Box Factory	2.45
James Montgomery, court fees	24.00
Sam McCreary, caretaking of Community Hall	10.50
Baker's Service	.85
John R. West, express etc. ..	33.39
J. E. O'Donnell, court fees ..	4.00
E. Munro, milk relief	3.50
N. E. Eggleton, relief goods ..	5.85
Stirling Cheese Box Co.	2.00
J. M. McGee, part salary	25.52
O. Gough, painting community Hall	13.60
McGee and Lagrow, Community Building	25.70
Herb Hadley, coal for Community Hall	261.74
Dr. H. H. Alger, medical services	69.25
C. W. Thompson, court fees	20.00
Herb Hadley, carting	3.50
G. H. Luery and Son, Relief goods	17.60
G. H. Luery and Son, goods for Theatre	2.07
Dr. W. H. Pedley, medical services	17.50
Thos. Spry, coal for Fire Hall	22.50
Thos. Heard, salary	27.08
Sam Eggleton, salary	40.00

Rev. C. W. and Mrs. Barrett of Brighton were Monday guests of Mr. and Mrs. George Reynolds.

Mr. and Mrs. Harry Spencer of Consecon were Tuesday guests of Mrs. W. C. Pitman.

Mr. Jack Goodwin left on Monday for Hanover where he has been transferred to the Royal Bank Branch there.

Mr. Bruce Bell has received notification of his transfer to the branch of the Royal Bank at Lion's Head in the Bruce Peninsula. Mr. Bell will assume his new duties on December the twenty-seventh.

Mr. Gerald C. Craven has been transferred to the London Branch of the Royal Bank and is to report for duty on January the first.

Miss Grace Pitman returned home from Peterboro on Friday to spend the Christmas vacation with her mother, Mrs. W. C. Pitman.

St. Paul's Young People's Society convened on Monday evening as usual for their last meeting prior to Christmas. The program which was of an impromptu nature was entirely under the supervision of Miss Lulu Johnston, Third Vice President. The gathering opened with the Devotional period which consisted of the Scripture reading from St. John and prayer by Mrs. George White. Mr. Harry Hulin gave the opening feature, a talk, entitled "What Does Christmas Mean to You?". Mr. Hulin pointed out that its real significance is not what it means to us but rather what it means to others. Mr. Bob Hedley gave a beautiful vocal solo, "Hark the Herald Angels Sing", accompanied at the piano by Mrs. E. W. Rowland. Mr. Harry Lovibond in an interesting talk entitled "Five Minutes" pointed out in a very definite manner just how many perfectly wonderful and useful acts can be performed in so short a period. Mrs. E. W. Rowland then rendered a beautiful piano solo after which Mrs. Scott gave a reading, "Hanna's Emancipation", which was greatly enjoyed. Miss Mildred White staged a Musical Contest as the closing number on a most entertaining programme, the Red Division carrying off the honors. The meeting dispersed with the pronunciation of Mizpah Benediction.

Rev. John Coburne of Toronto head of the Moral and Social Reform Department of the United Church of Canada occupied the pulpit in St. Paul's United Church both Sunday morning and Sunday evening. Both his matinal and evening discourses were splendid, Rev. Coburne speaking at length on this moral and social reform in the Dominion of Canada as carried on by the United Church. His evening sermon was effectively illustrated with lantern slides showing this work as it is carried on in every province of the Dominion, from New Brunswick on the east to British Columbia on the west.

The Young People's Society of St. Andrew's Presbyterian Church held their last Monday evening meeting with Mr. William Dermedy in the chair. The Lord's Prayer was repeated in unison after which verses one and two of the hymn "Unto the Hills" were sung. Here Secretary Marguerite Rosebush read the minutes of the last meeting which were duly confirmed. It was decided that no further meetings of the Young People would be held until the first Monday in January and that to take the form of a social evening.

The hymn, "Away in a Manger" which in keeping with the Christmas spirt was sung, was illuminated on the screen as were all the other Christmas hymns. Mrs. Mae Nolan gave a reading after which Mr. R. W. Meiklejohn sang sweetly a Christmas number accompanied at the piano by Mr. Charles Allen.

Rev. J. A. Koffend here gave a five minute talk on the late tragedy in China where two youthful Chinese missionaries lost their lives at the hands of natives. Rev. Koffend pointed out the cause and showed just how this animosity for the white element was raised in the breasts of the Chinese. Miss Jane Moffat gave "Twas the Night Before Christmas" in her customary sweet style. Mr. Charles Allen gave as the next feature of a thoroughly enjoyable program a medley of popular Christmas carols.

Here Rev. Koffend delivered the address of the evening, "Pre-Christmas Meditation", in which he pointed out the purpose in God's coming as our Infant King. His instructive talk was concluded with a timely Christmas thought for us all. The hymn, "Silent Night" was next sung after which Rev. Koffend staged a novel Crossword Puzzle Bible Contest. With the singing of "Hark the Herald Angel Sings" and the pronunciation of the Mispah Benediction the meeting was brought to a happy conclusion.

The December meeting of the District Ministerial Association was held on Monday afternoon at the home of Rev. and Mrs. Beazer of Roslin. Attending from Stirling were Rev. F. G. Joblin, Rev. A. S. McConnell and Rev. J. A. Koffend. The main address of the meeting was delivered by Rev. Hill on Mohamedanism vs. Christianity. The next meeting has been arranged to be held at the home of Rev. and Mrs. J. A. Koffend, Stirling.

Mr. Frank Hitchon of Belleville was guest soloist on Sunday morning in St. Andrew's Presbyterian Church when he rendered two beautiful solos, "Let Not Your Heart be Troubled" and "No Night There". The Sunday evening service was likewise unique in that the usual service of song took the form of a Christmas service, a number of Christmas Carols being sung.

The interior of the entrance to the theatre and Community Hall has been completely done over during the past week under the direction of Mr. Oakley Gough.

Mr. and Mrs. Harold Wells were Sunday guests of the former's sister and her husband, Mr. and Mrs. Bruce Robinson of Madoc.

Confidence Man Works Old Game

Taking advantage of the Christmas rush in a downtown departmental store a stranger walked into town late yesterday afternoon and successfully worked the old confidence game, enriching himself to the sum of approximately nine dollars.

The swindling scheme was completed during the heavy business hours between 5.00 and 6.00 p.m. last evening, when a well dressed man walked into a departmental store and purchased alleged Christmas presents to the amount of approximately one dollar. The stranger tendered a ten dollar bill in payment and was given his correct change in return, the clerk later going about her usual business. The stranger walked as far as the door of the store and then retraced his steps, informing the clerk that the articles purchased did not suit him. He requested his money back and was cordially accommodated. The clerk well remembered the stranger's face when he reminded her that he had tendered a "ten spot" in payment for the goods. The previously purchased articles were returned intact and the man given his ten dollar bill, but during the rush the clerk forgot all about the change, that had originally passed during the transaction and the stranger nonchalantly walked out of the store in possession of the "change" as well as his own original "ten spot."

The matter was reported to the local police and a description of the confidence man procured. For the protection of other local business men the police stated today, that he was wearing a black overcoat, brown fedora hat and is dark in complexion, weight about 145 to 150 pounds.

MOURNS PASSING OF MISS CORRIGAN

Well Known Carrying Place Resident Dies at Home

Carrying Place, Dec. 20.—Culminating an illness of a number of weeks there occurred on Sunday at her home here the death of Miss Maria Corrigan. Her passing was not unlooked for as she has been critically ill for several days.

The late Miss Corrigan was born at the old Corrigan home here a half century ago and during the ensuing years had made her home on the family estate with her brother, Will After other members of the family grew up and left to seek new locations she remained behind and devoted her time to the making of a home for her brother and herself. Possessed of a more than usual sincere interest and sympathy for others, much of her leisure was occupied with community work, especially that which concerned St. John's Anglican Church of which she was a life-long member. No matter what the movement on foot so long as it was worthy of support its sponsors were always sure of her support and practical sympathy. During the long weeks of suffering that preceded her death no word of complaint escaped her lips, and even to her own relatives her courage was a revelation. Each person who knew the late Miss Corrigan can not but feel a personal loss, a loss sustained not only by the individual but by the community as a whole.

Funeral services were held at the Corrigan residence on Tuesday at 1:30 o'clock. Long before the hour seating accommodation was taxed to the limit as friends and acquaintances gathered to pay their last respects. Rev. Arthur Struther, local rector, was in charge, and was assisted by a former well-loved rector of the parish, Rev. Byers of Belleville. In his address Rev. Struther told simply and touchingly of the esteem in which he and Mrs. Struther had come to hold the deceased since their arrival in the parish some months ago. He told of the never-failing interest and co-operation exhibited by the late Miss Corrigan, and of the generous way in which she had worked, never sparing herself. "By their deeds," he pointed out, "we shall know them" and went on to enumerate just a few of the characteristics which had made Miss Corrigan a favorite with young and old alike. A profusion of floral tributes heaped around the coffin were testimony to the esteem in which she was held. Bearers were Messrs. Harry La Tour, John Buchanan, Arthur Hayes, Harry Young, Vernon Westfall and Ross Chase. Interment was made in Carrying Place Cemetery.

Miss Corrigan leaves to mourn her loss two brothers, Will at home, and George of Washington, D.C., and three sisters, Mrs. George Morrison of St. Catharines, Mrs. J. E. Britton of Summerland, B.C., and Miss Mamie Corrigan, R.N., of New York, who has been with her constantly during the last illness. All except Mrs. Britton were able to reach her bedside before the end.

Mrs. George Morrison of St. Catharines arrived in the community late on Sunday to be with her sister at the last, having made a hurried trip from her home after having just returned from here a few days before. She had made her first trip here more than a week previous, but having found Miss Corrigan stronger than was expected she had believed it safe to go home again after a stay of several days. Mr. George Corrigan of Washington, D. C., also arrived on Sunday afternoon after a rush trip. Business interests necessitated his departure immediately after the funeral on Tuesday.

The local school was closed on Tuesday afternoon during the funeral of the late Miss Corrigan. Many of the school children felt the loss of their friend and neighbor keenly for no matter what the time Miss Corrigan had been always ready to give the boys and girls a helping hand, to buy some seals or help toward a concert.

A number of evenings this week have been devoted to orchestra practices held at the home of Mr. and Mrs. O. G. Moynes in Gardenville The orchestra is composed entirely of public school pupils and numbers about twelve pieces when several kazoos and Jew's harps are included. Piano, tenor banjo, two guitars, xylophone, and mouth organ are also a part of the aggregation.

As a result of the visit to the school a week ago of Dr. E. A. McQuade of Trenton, M.O.H. of Murray township, and of his taking a sample of the water from the "town well", the report has come back from the testing laboratories that the sample was found to be non-injurious though not of the best quality.

Workmen from Belleville have been engaged during the past two days calking the crevices and cracks of the brick and around windows and doors of the local school during the past few days. Weather stripping has been applied to the doors, and as a result the fuel bill may be somewhat lightened.

A slippery pavement, a skid, a crash, a wrecked car, a broken pole it all makes a sad story of winter motoring, and the the unlucky driver who came to grief in Trenton last week one day was Mr. Art Rowe of Mount Carmel, formerly a resident of this community. The accident occurred at that bad intersection where the main highway and the Carrying Place highway intersect, and came as a series of crashes. First a Quebec car collided with one owned by a gentleman from near Brighton. The Quebec driver got out of his car to go over to the Ontario car and was followed after a moment by his wife. At this moment Mr. Rowe came near the corner and the wife of the Quebec motorist, becoming confused, halted directly in the path of the Rowe car. Brakes were applied but on the icy surface failed to hold, and the light car struck the curb and bounded over it against a pole and a road direction sign, breaking the pole near the top and crashing the light finger board to throw it several yards away, Mr. Rowe's car was very badly damaged.

Attempting to interrupt a fight between her dog and one owned by Vernon Westfall at the post office last week one evening, Mrs. James, the mother of Mr. Jas. James, was bitten several times on her leg. After treatment however, she was able to proceed home, and is progressing nicely toward recovery.

Christmas examinations are nearly completed at the local school now and on the last day of school, Friday, reports for the fall term will be given out. Just now, of course, with Santa in the offing, it is difficult to get the minds of young ladies and gentlemen to stick to books and studies.

Members of the Women's Association met in the United Church hall on Wednesday last for the special purpose of conducting the annual election of officers and to hold their regular bi-weekly meeting. However no definite business was conducted the former president Mrs Harry La Tour, refusing acclamation as president for a third term, and no other satisfactory nominations being made. Accordingly it was decided to leave the matter of electing officers until the next meeting of the society.

Snow fences are in place again, especially along the course of the new highway, with a little change of colour this season having been tarred from red to black. Now that this stretch or road has been taken over by the provincial government we may expect that a government snowplow will be employed to keep it clear after each heavy snowfall. Thus far the new road has been entirely satisfactory although one section just at Dead Creek Bridge has sunk at one end an inch or two, and thus a little bump is created. However, generally speaking, this stretch of highway is a fine one and we who drive are thankful beyond words for it.

Carrying Place is to have an entry in the Trenton town hockey league it seems, with boys from here competing in the town loop for the first time. During last winter and for several days this season the lads have gathered at Corrigan's pond or at the "Pit" where games of old-time "shinny" have resulted in plenty of fun, bumps, and weariness. Now, however the lads will be called upon for a new brand of hockey, conditions will have to be improved, rules will have to be obeyed more implicitly, and general improvement will have to be brought about speedily. A meeting of those interested is to be held at the home of Ross Hennessey, one of the sponsors of the movement for an entry in Trenton loop, on Wednesday evening for the purpose of signing up those willing to play.

GIFTS for YOUNG and OLD

Window Shopping for Christmas Gifts

One of the easiest and pleasantest ways of deciding what to give for Christmas is a tour of the windows. Here the most unusual and distinctive wares are displayed. Here there are certain to be suggestions for the difficult gift.

A Window of Lamps

The cheer and all-year-round usefulness of lamps makes them an ideal solution for many gift problems. Lovely early American types for the person whose home is decorated in this traditional manner are set in basis of hob-nail glass. They have clear white parchment shades. Modern lamps set in formal copper bases have shades covered in coarse linen in natural shade. Gay little night lamps in metal have shades that tilt conveniently for lazy folks who like to read in bed.

A Window of Leather Goods

If there is a man on your list who is hard to please he will be certain to like the stunning desk sets in polished tooled leather. Blotter pad, memorandum pad and calendar in matched design in rich dark tones of red, green or brown.

Traveling cases that fold compactly containing brushes and tubes, soap cases and shaving cases are very stunning. Some with the brushes backed with dull metal, others backed in polished wood in natural color.

Fitted cases for women have a luxurious look in spite of their low price. Note especially those fitted with toiletries put out by certain cosmetic houses. Any woman will welcome such a gift.

Modern Toys Educate and Entertain

Nowadays toys are chosen with as much care for the child's welfare as his food. No longer are they selected because they are bright and gay only—they must be instructive and appropriate to the child's age as well. This does not mean that toys are any less fascinating and thrilling—indeed they are more so because they are designed to last, they have a real function in the development of the child.

Toys For the Very Young

All small children love bright colored toys—toys that are easy to handle and simple in construction. It is a mistake to give the tiny child a toy that is beyond his mental grasp. He is worried and baffled by his inability to handle it and to make it "work". Rattles, bears, rubber bath toys are appropriate for baby. The simple peg boards and blocks and soft wooly animals for the child who is a bit older. One of the most popular toys on the market for the child of one to two years is the nest of blocks. The largest block makes a tiny stool, the others decrease in size and are made to fit into the larger one.

The stores are full of trains and cars—be sure to choose the simplest ones for the little child—reserve the electric train for the time when the child is really old enough to appreciate its intricate construction. Buy the simple doll for the very small girl and save the lovely doll with real hair and eyes that open and close for the time when she will enjoy it to the full.

Well Made Toys

Any one who makes a study of toys will tell you that the poorest economy in the world is to choose toys that are cheap—cheap in construction and utility. This does not mean that they must be extravagantly priced for the market today offers many low priced toys that will afford a child a wealth of amusement. Greater care goes into their construction, greater thought is devoted to their design. If you are in doubt as to the proper toy for varying ages you will find that modern salespeople are very well equipped to offer suggestion and advice.

Gift Selecting Made Easy In One Simple Lesson

Along about this time each year, we are faced with the problem of Dear Old Uncle Willie. He may be a brother, a cousin or a friend. His name may be John, Bob or Dick, but he's still Uncle Willie. Uncle Willie, you see, is—no, not the forgotten man—but the man who must be remembered on your Christmas list.

What to give him, becomes the issue of primary importance. We think of it during the day, and at night we are haunted by it! What, oh what, to get Uncle Willie! Surely there must be something that he will appreciate! Well, there is! And let's take this scientific way of finding out just what that something is!

Start This Way!

Uncle Willie falls into one of four classifications. He's young, that is real young, about grammar school age. Or else he's young, but not that young, about college age. Or he's in the third group, the second raise in salary age. Or finally, that all-inclusive Middle Age. (We admit that the expression, middle age, isn't pretty, but for the sake of convenience, allow it to pass this once).

Continue! You're Doing Fine!

Now that his age is settled, let's subdivide him according to type. Is he athletic? (Here you take your pencil and check off the sports he likes—football, baseball, tennis, golf, winter sports). Does he go in for the less violent type of athletic endeavor? (And here you fill in fishing, hunting, driving, skating, etc.). Does he like to read? (Your cue again! What interests him, the Classics, modern authors, biography or "just anything light"?). But maybe your Uncle Willie doesn't belong to any of these types. Maybe he belongs to that great and mystic order of the Average Man. That is, he partakes of each in moderation. In that case, your problem is easy!

And, oh yes! We mustn't forget the Man with a Hobby! It's a snap buying a gift for him! Find out what his hobby is—usually that's too, too easy—and there you are!

Now that we have Uncle Willie safely catalogued, indexed, numbered and filed, let's get down to the main issue, what to get him.

This Is What You Have Been Waiting For!

If he belongs to the first group, the grammar school age, the natural thing would be to buy knockabout clothes, sweaters, boots and the like. But just to make it hard, let's assume that his wardrobe is well supplied. In that case, how about a mechanical set, or a chemical outfit, or skates, skiis, a bat or ball, a glove, a football or any of the many necessary sporting things. And you mustn't forget those swell baseball and football games. They're difficult enough to keep his interest for a long time and yet, easy enough to learn quickly. This Uncle Willie is no trouble at all.

We Present Exhibit "B"

Now for Uncle Willie of the College age! Something to dress up his den would be more than welcome. A pair of bookends, a hanging shelf, a new study lamp or a picture for the wall. Something more personal? How about a pipe or a pipe rack? A portable typewriter or a reference book that he can't afford to buy for himself? A lap robe would be mighty thoughtful and greatly thought of at the football games. A subscription to one of the popular men's magazines, or one of the book clubs if you've classed him under the "reader" type. If he comes under the athletic heading, you can get him something to use for the sport he is most fond.

Quick Watson! Use Your Noodle!

Exhibit C, the Young Executive, presents a trifle harder case. Clothes again seem to be the natural thing to buy. He's probably fussy about his appearance. One wrong move and his opinion of you drops to zero. So his case calls for some slick detective work. Snoop around his closet and wardrobe. Get some idea of the quality he wears and at the same time note the store's label. That is a good indication of where to buy it. What to buy, depends on the results of your investigation. Does he need ties, shirts, handkerchiefs, pajamas, hose or robes? Visit the store of his choice and consult the salespeople there. They'll probably know him and will be able to offer you valuable aid in selecting things that will please him. If his wardrobe offers little opportunity, or is inaccessible, how about something for his office? A desk pad, or writing set, a desk lamp, letter opener, book case, or office chair? The list goes on and on, one thought leading to another.

Into the Home Stretch!

For Uncle Willie of Middle Age, allow your imagination to run riot. A wrist watch, a pen and pencil set, something for his car, for his desk, or for his study. Family pictures, framed and ready for the office is a splendid thought. Leather goods offers another unbounded field. Wallets, overnight bags, fitted cases, gladstones all come in handy if business takes him out of town on occasions.

Each one of the sports and hobbies suggests its own gifts. Fishing enthusiasts will welcome a rod or reel, or wading boots. Stop in your sports store and the list will grow indefinitely. And while you're there, you might find something to add to this list for the golfer. A set of matched irons, a dozen golf balls, a new bag or a certificate entitling him to a set of lessons with the club professional. A gun or hunting coat will make any hunter's eyes glisten and a pair of skates will do the same for the skater.

Think of the many hobbies that men are addicted to. Does he collect stamps, coins or bugs? Is he a camera fan or an amateur magician? Does radio intrigue him? Or is he a model builder? There are many stores and departments that cater to hobbies for men. A few minutes of your time there will be well repaid.

Where Are the Ghosts of Yesteryear?

So you see, the gift problem is really no problem at all. All you need is an understanding of your man, and the rest is simple. Use our Scientific Gift Selector System this year and see how many novel and useful gifts you can buy that you wouldn't have thought of ordinarily.

GUNSHOT WOUNDS CAUSE DEATHS

(Continued from page 1)

Tells of Wounds

The upper part of the boy's right eye he said, bore the wound caused by the .22 bullet, which had entered the brain, causing death. A similar fatal wound was in the girl's eye he said.

"Did you know Marjorie Thompson?" asked Colonel Boggs.

"Yes," replied Dr. McMullen, "I treated her last spring. She was in a run-down condition and her nerves were bad. I sent her to Dr. Lewis in Brockville who placed her under observation and later sent her back, with suggested treatment. He urged that she should be watched for fear she would develop psychosis. Her parents were advised to send her back to Brockville in two months.

"Was this done?" queried the Crown.

"No, it was not," replied Dr. McMullen.

The autopsy, performed by Dr. F. Clark of Brighton verified Dr. McMullen's statement that the bullets were the cause of the double death. Dr. Clarke produced the lead slugs which he had extracted from the skulls of the children.

When 13-year-old Floyd, brother of Marjorie, was called, the girl looked up for the first time since the inquest started and her eyes filled with tears. She dropped her head again, and her thin hands resumed their weaving about on her lap.

"I was sleeping with Neil," related Floyd, "and I was awakened by the sound of a shot to see Marjorie standing by the bed with a gun in her hand. I grabbed the gun from her and took the bolt out, and hid it under Neil, so that she could not use the gun any more. I thought I had heard a shot before, but was not sure. My dad heard the noise and came up to see what was wrong. When he saw what had happened he told me to run for the doctor. I couldn't get the downstairs door open and Marjorie took a key which she had been hiding and opened it. Then she asked me for the bolt of the gun, saying that she didn't need the gun anymore. The shooting took place around ten p.m., while mother and my other brother were out."

Saw Pigs Killed

Earlier the same day the sister had witnessed the killing of some pigs on her uncle's farm by means of a .22 rifle aimed at the eye of each pig, testified Floyd.

"How were they killed?" asked Colonel Boggs.

"With a rifle like the one Marjorie used," replied the boy.

Coroner Dr. Rundle commended the boy for his presence of mind in removing the bolt to prevent any further shooting.

His face pale and strained, Blake Thompson, father of the slain children, related the gruesome details of the tragedy.

His daughter Marjorie had been with him at his brother-in-law's farm where the pigs were shot the same day the children were killed, stated the father.

"She saw it going on through the window," he stated.

The first intimation he had that anything was wrong was when he was sitting by the stove downstairs. He heard a crack and went up to find Marjorie standing with the rifle in her hands. He than ran for the doctor.

"What was her condition that day?" asked the Crown.

"She was very nervous that day and pale. Her eyes were glassy also. She had been sick for two weeks," replied Thompson.

"Why didn't you send the girl back to Brockville?" asked a juryman.

"Marjorie said she wouldn't go back and as she seemed to be much better we didn't bother," responded the father.

When Mrs. Thompson was called to the stand her daughter looked up and her lips moved silently. Then she broke into tears.

Mrs. Thompson stated that Marjorie had been ill last spring, but grew much better. However, lately she had not been as well.

The last witness was Provincial Constable W. J. Carey of Cobourg, who described the position of the bodies and also told of finding a bullet hole in the bureau of the slain girl's room.

Summing up the evidence, Coroner Rundle deplored the fact that the girl had not been sent back to Brockville as advised by the doctor.

"Parental affection often overrules wisdom," commented the Coroner.

MANY ATTEND QUINTE O. E. S.

Christian Street—Mr. and Mrs. Harold Noxon attended a party on Tuesday evening at the home of Mr. and Mrs. Clayton Tice of Lakeshore Road.

Mr. and Mrs. Lorne Caughey of Crofton spent Tuesday with Mr. and Mrs. Arthur Bovay.

SOLVING ★ GIFT PROBLEM

A World of Cheer in Gifts for Everyone

Wide Selection Makes Shopping A Pleasant Process

If other years and other Christmas shopping tours have left you with the feeling that there is nothing new and distinctive to choose for gifts — this year will prove a grand and thrilling surprise! For a journey through the crowded aisles of stores and shops leaves you with a feeling that manufacturers have spent real time and thought in contriving gifts that are as charming as they are practical. And if you happen to be shopping on a limited budget—don't be downcast—for never before, it seems, has there been so plentiful a supply of moderately priced yet satisfactory merchandise for Christmas selection.

Gifts For Women

There is real opportunity, this year to give mother, wife, sister or sweetheart, or just the girl friend a gift that will make her breathe a glowing tribute to your taste and thoughtfulness. Indeed, it's almost impossible to go wrong — so lovely and so varied are the household accessories, the toiletries and decorative objects women adore. If she is fond of lovely china and glassware your problem is simple. There are salad and serving plates, for instance, in a lovely creamy pottery in raised all-over leaf pattern. They have a cool look that adapts them particularly to the salad or dessert course and they are surprisingly low in price.

An Unusual Table Service

Very striking and effective are the new square glass plates of frosted glass with clear edges. To accompany them come goblets and glasses in various sizes, also of frosted glass with clear glass stems and square frosted bases. If you wish to choose a complete table setting there are gorgeous candle sticks to match—the tops hung with long crystal prisms.

Ash trays in the same design complete a table setting that every woman who is fond of the original and distinctive will admire.

Another glass table service was in amethyst—plates, goblets and ash trays all matched. The rich amethyst of the glass set off by bases or bands in opaque glass.

If You Want to Be Original

One of the most unique and effective table settings was entirely of wood. Perhaps at first thought wooden plates, cups, saucers — yes, and knives, forks and spoons seem too unusual to be practical. But wait until you see them. They are so very appropriate for informal suppers—summer meals—particularly would be delightful from this service. The wood is "natural" color and highly polished so that the surfaces are as smooth and attractive as china, and the color is stunning when used with the striking peasant tablecloths so widely featured.

Gifts For the Kitchen

Copper cooking utensils—the favorite of famous chefs everywhere would be an ideal gift for the woman who prides herself on her kitchen equipment. The utensils are highly polished and heavy—they are easy to keep clean and have the virtue of lasting for years.

Refrigerator sets in white with green or black polka dot design are most attractive. Another new idea in space economy for the refrigerator is a circular set of refrigerator dishes—all closely covered and locking together so that a compact round unit is formed. It's very satisfactory when contrasted with the helter skelter method of piling small dishes into the ice box.

Gifts of Toilet Accessories

A triple mirror in modern design suggests itself for the woman who is fastidious about her dressing table appointments. Exquisite perfume bottles and atomizers in delicately colored glass with lovely etched pattern are also suggested for the dressing table.

Electrical Gifts Provide Leisure and Efficiency

If you wish to choose gifts that will provide a real opportunity for the greater enjoyment of life — choose electrical fittings. Any woman will bless you for your thoughtfulness if you give some piece of electrical household equipment that will shorten her tasks and provide hours of extra leisure.

Electrical Kitchen Equipment

Outstanding among electrical equipment for the kitchen are the food mixers. There are many excellent examples—all are efficient and save the maximum amount of time in their operation. Some have many attachments so that the house wife finds almost limitless opportunity for their use. Others, less expensive, are more limited in their use but of great value as time savers. Then there are the smart new coffee makers—varied in type, attractive in appearance and inclusive in price range. All of them make coffee that is superior to most made in less efficient utensils.

A mother with a baby will appreciate an electric bottle warmer. Give a heating pad to the friend who is ill or old.

Electric Gifts For the Table

The popular sandwich toasters make it an easy matter to assemble a quick luncheon or supper. They come in a great many styles and within a moderate price range. The new electric toasters are as good looking as they are efficient. Electric hot plates to keep food warm are an inexpensive and appreciated gift.

Gifts For Men

Electric razors, cocktail shakers, flashlights, shaving mirrors, desk lamps and radios, are among the most appreciated gifts for men. Indeed, if your gift is electrical it is almost certain to please.

◆

SCHOOL CHILDREN PRESENT CONCERT

Springbrook—Mr. and Mrs. John Dougall and family of Marmora were Sunday evening guests of Mr. and Mrs. Joe Moon.

Mr. and Mrs. Mark Shortt were Sunday evening guests of Mr. and Mrs. Chris. Burkitt.

5 PERSONS ESCAPE BURNING AIRPLANE

Buffalo, N.Y., Dec. 19 (AP)—Five persons escaped injury today when a sleeper plane of the American Airlines was destroyed by fire as it taxied to the Buffalo airport administration building after landing while enroute from Newark to Chicago.

T. W. Brooks, station manager for the American Airlines, said he believed one of the motors backfired, causing the blaze. The passengers, all of whom managed to get out of the plane without injury, later left for Chicago in another machine.

Slate of Seven Picked For Bank Directors

Montreal Dec. 19.—(CP) — The Canadian Chamber of Commerce today published a slate of seven from among the 69 nominees for directors on the Bank of Canada which it recommends to shareholders of the bank. "The panel," said the announcement, "was not selected by the Chamber itself but sponsored by regional groups qualified to propose the best possible representatives from the several areas."

Following is the slate William K. McKean, Halifax, Robert A. Wright, Drinkwater, Sask.; William D. Black, Hamilton, Ont.; Robert J. Magor, Montreal; Joseph Beaubien, Montreal; Thomas Bradshaw, Toronto and William C. Woodward, Vancouver.

Fine Furniture

The Gift for the Home

If you are seeking a gift that all the family will enjoy—one that will serve for many years—choose furniture. There are so many "occasional" pieces that fit into the decorative scheme of nearly every home that you will have no difficulty in finding one that will fit your plan of expenditure and the taste of the recipient.

Tables in Modern and Period Styles

Few homes have enough small tables—the kind that are so obliging about holding cigarettes, magazines and drinks. Nests of tables in both modern and period styles are certain to be an appreciated gift. If the quest is for something very modern look at the low tables with composition tops that never, show rings or burns. They have natural wood or metal bases and are stunning and agreeably low in price.

A Rustic Tea Cart

A tea or "emergency" cart with a dark wood top has a base of wood whose bark has been retained and polished. It would be ideal for the hostess who likes to serve afternoon tea on the lawn or porch. It is very roomy and has compartments below for drinks and food.

Smart New Aquariums

Aquariums have gone a long way toward becoming really decorative objects of furniture. One very striking one in oblong shape was set in metal painted cream color and antiqued. It was set on a decorative table of the same painted metal and would be a charming addition to living room or sun room.

Bridge Tables and Chairs

Nowadays the bridge table has taken on a smart and sophisticated air. The old-fashioned fold-away kind whose legs never seemed to hold up have been supplanted by smart wooden affairs in striking modern design. Many have chairs to match and any bridge playing friend would welcome such a gift. Then, too, there are some stunning magazine racks in Georgian design that are moderately priced and roomy enough to contain a large assortment of periodicals.

Hanging shelves in both modern and period designs are another gift suggestion in the furniture field.

Occasional chairs; large roomy leather chairs for dad; a sewing chair for mother. Sewing cabinets, corner cupboards, desks, stools and bookcases offer themselves to the seeker after gifts that are practical and attractive. So in your search for satisfactory gifts be sure to include furniture as a very likely solution.

Christmas Table Decorations

This year you can make your Christmas table lovely with the many exquisite ornaments designed for its decorations. There are lovely center ornaments of glass fashioned into the shape of poinsettias and mounted on long curved stems that form a decorative base.

Tiny silvery trees to put at each place are hung with crimson holly berries. Sprays of silver leaves to lay down the center of the table. Wee holly wreaths to carry place cards, tiny pots of holly or poinsettia for table favors. Broad ribbons of green or scarlet cellophane ribbon to lay at intervals down the snowy cloth.

Tall Christmas candles in scarlet or white with gold decorations may light the table. Squat candlesticks of painted wood in red or green are designed to support them. There are jolly Christmas favors, pretty nut and bonbon baskets of paper in unusual designs will provide color and Christmas cheer.

Gifts for Mother

Is mother lavender . . . or is she lipstick? The gift for her must be most appropriate. For those lavender mothers you'll find new slippers, comfortable beyond her fondest dream. New knitted jacket affairs that are smart as can be for all mothers. Toilet waters and sachets that she'll love to indulge in.

If mother is lipstick, gay compacts, smart blouses, those new clever manicure sets, a bit of jewelry, some new mules, some frivolous lingerie . . . the gifts you would love for yourself, in short!

GIFT PROBLEMS Made EASY

A Gay New Dress for the Christmas Tree

Time was when the Christmas tree to be well dressed followed one conservative mode—it was pretty, of course. It had light and color and brilliance—but dare we suggest that in these days it may seem just a trifle old fashioned? Of course Christmas is an old fashioned institution, but if your house or apartment is furnished in modern style you'll have to admit that a modernistic Christmas tree can be extremely effective.

A Silver Tree

One very gorgeous tree was sprayed all over with silver paint. Long festoons of silvery "snow" were hung from its branches and silver lights and ornaments were used in profusion. It was as cool and frosty as a pine tree in a snow-laden forest and most effective. Another tree—also silvered was hung with blue lights that gave a moonlight look that was charming.

It is possible to create very striking effects by using lights and ornaments in one color or in two boldly contrasting tones. One tree we saw was really not a tree at all but a structure of silver painted wood, very simple and modern in its lines. The lights were set on the 'branches' at cleverly placed intervals and the effect was as "up-to-the-minute" as the most advanced modern could wish.

A very lovely tree that used all the old-time ideas in ornament with modern improvements was extremely decorative and beautiful. Long strands of popcorn were dipped in gilt paint and festooned to the tree. Gingerbread men were hung from the branches by scarlet ribbons. The most unusual and amusing ornaments were chosen, and the whole lighted with vari-colored lights set in reflectors to match.

Wrap It Up and Send It Off

No matter how busy you are . . . no matter how many parties and dates you've accepted, don't slight the wrapping of your gift. Think of your chagrin if yours should be the least decorative of any around the Christmas tree! Besides you'll miss a lot of fun, if you don't dress them up.

Modern Papers

You can't exhaust the supply of ideas in Christmas papers. Stick to the good old white tissue if you like. But if your artistry cries for expression, then run wild among the novel papers. You'll find red, and red with silver motifs. You'll find blues. You'll find greens. And you'll find a dozen and one different motifs of decoration.

And when you've decided on papers, then cord and ribbon and seals. There are so many amusing seals that you could tell a Christmas carol with them. We've seen some packages so much like their donors, that there was scarcely any need for a name on the card inside. Try it . . . it's fun!

Try wrapping gifts in plain white crepe paper and tie them up with the very wide cellophane ribbon—make the bow very full and then slash it into a fringe with the scissors—it makes a lovely big pompom atop your package. Some very smart packages may be made by wrapping your gift first with plain green or red paper, then folding a broad band of patterned paper about the center and fastening it with gold or silver stars.

Prescribed for Quick and Painless Shopping

Girls shopping on lunch hours and time off from business will do well to make their gifts those that can be chosen in a hurry. If shopping for a man, make it a book you know he'll be fond of, and you can't go wrong. Or a good looking packet of playing cards that he can use when you're invited for bridge. These gifts are quick to buy and are most acceptable.

From Girl to Girl

Solve your problem with stockings. Even if she gets a dozen pairs, she'll be just as glad for yours. Or are you on good enough terms to know the brand of cosmetics she uses? Then a complete set of them would make a gift she might not buy for herself. Another quick and painless gift is one of the new manicure kits that are grand for traveling, and just as grand at home.

There's Always Lingerie

You can always buy her lingerie, knowing that your gift will prove most useful. If you can't afford fine, hand drawn laces on gift lingerie, we suggest that you stick to tailored types. It looks better, wears better and is better.

How About Her Apartment?

With more and more girls having apartments of their own, you're almost sure to be safe giving something for it . . . or something for her own room at home. Clever smoking sets . . . new kinds of cushions . . . a lamp that will make that dark corner more attractive . . . some linens that she will more than welcome.

For Perplexed Males

No ideas of what she'd like? And no time to hunt around for an idea? Then, mister, our soundest advice to you is flowers. She'll love them, and they're as grand to get at Christmas time as any other. Flowers are always true flatterers going from a man to a woman, and so much better than an ill chosen gift that will libel you. Or send her candles . . . very fine ones, mind you . . . that no one else would be sending. Or have a basket of delicacies put up for her in a store that you can trust implicitly. This puts you out of your misery in the most painless way we know of.

From Dad to Mother

Your easiest way is to escort your lady down to her furrier, and yet her choose the coat she has been wanting. Don't worry . . . she knows your bank account, and won't turn against you! And if you do that, don't forget some little surprise of your own choosing for Christmas morning.

GAY CHRISTMAS WRAPPINGS

Because of the wealth of beautiful papers, tags, seals and ribbons provided for wrapping Christmas gifts it is possible to dress your gift in so attractive a manner that those who receive them will hesitate to destroy their beauty even to reveal the hidden treasure within.

There are some gorgeous cellophane papers in clear bright colors—wrap your packages in these and tie them with gold or silver ribbon. Tie little silver bells in the bow of a package that is wrapped in silver paper.

Use the cunning papers printed in quaint designs of animals or toys to wrap the children's gifts. They will have almost as much fun afterward looking at the pictures as they have with the gift they concealed.

Something to Go With Something to Drink Or Serve

Now that "the cup that cheers" is back with us again there is opportunity to choose an almost endless array of equipment for the enjoyment of drinks of all sorts. There are some stunning cocktail glasses of various types — those for "Old Fashioned's" are especially smart. Of heavy crystal with frosted monogram, they have a masculine sturdiness. Highball glasses may be had to match as well as an inclusive variety of liquor glasses in different sizes.

The variety of styles and types of beer steins and glasses is amazing. These range from ornate steins of pottery, through steins of copper or pewter, to the simple glass stein that is after all the favorite of most serious drinkers.

Bars and Bar Equipment

You may choose a tray that is in effect a small bar, fitted with a rail that holds bottles and glasses in place. It may be had in wood or metal and is so compact and efficient that it will delight most any masculine soul. Then there are the small movable bars decorated in modernistic designs or with borders of hunting prints. Stools of metal with leather or fabric tops are attractive and not too high in price. Most any man would appreciate a pair of glass decanters or a wine bottle with glasses to match—the whole on an effective glass or metal tray. If the man is a bachelor and keeps his own apartment he might like one of the smart new wooden trays for serving assorted cheeses and crackers, or a big copper pretzel bowl.

Gifts For the Smoker

Stunning cigarette boxes in silver or copper may be monogrammed. Boxes and ash trays of very heavy clear glass have a mannish look. Cigarette cases in countless styles and price ranges include those of silver with a smart engraved design, others of leather polished 'til it looks like tortoise shell, and others of pigskin with metal corners.

Gifts for Men

If it must be ties, take a tip from the gents. Let the young man who sells them to you really advise you on your selection. Then you'll disprove forever that no woman knows how to pick out a decent tie.

And take this little tip from us. There isn't a man alive who doesn't have visions of pigskin running through his head the night before Christmas. So give the little man a great big gift . . . a pigskin suitcase or overnight bag. Too much money? Don't despair . . . there are always pigskin gloves, and he'll love you for them.

Ways To His Heart

What does he like? That depends on your man, but for all of them, they like to be flattered. Does he smoke cigars? Then buy him the most choice kind . . . he'll believe you think he smokes them all the time! A golfer, is he? Then a new bag for his clubs . . . and make it the best you can find. Does he entertain a lot? Then some fine, old wines will make a gift that will send a glow through his heart.

How About Books

Books are a gift worth giving. He'll have them forever . . . and you can always borrow them! What could be a better idea? Or a subscription to a magazine that you know he'll love. And every time the magazine arrives, who do you suppose he'll think of? It's justifiable scheming, all the same.

Playing Santa to Toddlers

1934 Toylands are Variable Fairylands

We aren't quite ready to stand on street corners, be-whiskered and in red, but we do feel that after trotting about from toyland to toyland, we know all there is to know about being a child's Santa.

MARMORA

AMUSING DEBATE AT Y.P. MEETING

St. Paul's A. Y. P. A. Hosts to St. Andrew's Group

MARMORA.—On Monday evening St. Andrew's Young People's Association was entertained by St. Paul's A.Y.P.A. in the White Hall and a most enjoyable and well spent evening was had. A most interesting debate was the main feature of the program, "Better to have loved and lost than never to have loved at all." Both sides of the debate invited supporters or sympathisers to occupy seats on their respective side of the room but neutrality could not be altogether stifled so there were those who kept "quiet" and said nothing as to their choice.

George O'Neill and Gertrude Lumsden were on the affirmative with Hilda Thomson and Harold Mumby as opponents. The judges were Mr. Al Smith and Misses P. Wilson and J. Farley of Marmora Continuation School Staff. The verdict in this high scoring contest went to the negatives who had 513 points to 455 obtained by the affirmative. The meeting opened with singing "The Church's one Foundation" and prayer led by Rural Dean A. B. Caldwell. The Dean extended a most hearty welcome to the visitors and George O'Neill very ably responded on behalf of St. Andrew's. General business was transacted, after which Dorothy Lumsden and Beatrice Caldwell furnished a humorous skit. Alice Henry gave "Current Events" which were most colorful in many instances. Refreshments were served and a social hour was much enjoyed by the large number present. Miss Hilda Thomson then expressed thanks on behalf of St. Andrew's Association for being so well entertained by St. Paul's A.Y.P.A.

Miss Rose Auger has returned home after visiting in Trenton for the past month.

Mr. Jack Simpson of Brockville, was in town on Monday.

Personals

Mrs. M. McGrath who has been visiting in Cochrane for the past month returned home on Saturday.

Miss Kate Doyle has returned from Hotel Dieu Hospital, Kingston and is delighted with the improvement in her health. Her many friends hope her condition may continue to improve.

Miss Dorothy Gray, Dietitician in Victoria Hospital, Montreal, for the past six months has returend to her home in Deloro.

Miss Georgina Kouri left for Cochrane on Monday where she will visit relatives for an indefinite period.

Miss Anna Crawford of Trenton, is visiting for a couple of weeks at her home in North Marmora.

Aikins' Ladies' Aid Re-Elect Officers

Sidney Crossing—The regular monthly meeting of Aikin's Ladies' Aid, was held on Wednesday of last week at the home of Mrs. Arthur Saylor. The President, Mrs. Cyril McMullen took charge of the meeting, and then Rev. Johnston was in charge of the re-organization. The officers were elected for the coming year with Miss Aletha Parry as President.

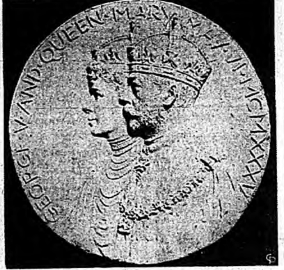
Mr. J. Sutherland of Trenton, spent Monday with Mr. Ernest Outwater.

The majority of the men attended the annual meeting at the Sidney Cheese Factory, on Friday last.

Mrs. A. Finkle has been spending a few days with her daughter Mrs. Roy Spafford, Belleville.

A few from here attended the Christmas entertainment at the Baptist Church, Belleville, on Friday evening.

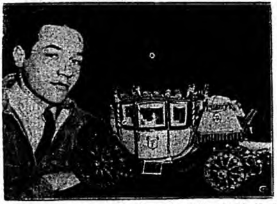
SILVER JUBILEE MEDAL



THE KING'S SILVER JUBILEE MEDAL

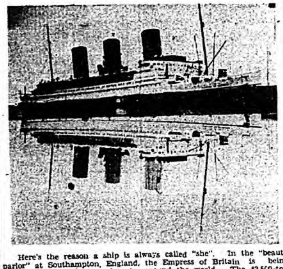
It was announced recently that the King had authorized a medal to be struck to commemorate the twenty-fifth anniversary of his accession to the throne. The reverse will have the royal cipher with the imperial crown, and the dates, May 6, 1910, and May 6, 1935. The medals will be about the size of a Canadian half dollar. About 80,000 will be struck, it is understood, and given by the King as personal souvenirs to persons in the services, diplomatists, civil-servants and to others throughout the empire. The obverse of the medal by Sir Goscombe John is shown above.

IT'S COMPLETE IN EVERY DETAIL



Working 10 hours a day for eight months, William Teciuk, 19, of Capreol, Ont., carved and painted wood, twisted and painted metals. The result of his labor was a perfect reproduction of a Napoleonic coach, 12 inches high, complete in every detail, from the plush-lined seats to the cunningly contrived steps which fold out of sight, metal springs, doors that open and close on perfect hinges, sliding glass windows, and four painstakingly carved eagles on the four corners of the roof. The coach comes apart into 2,050 separate pieces. Each wheel has 126 parts. Bill and coach are shown.

WHY A SHIP'S CALLED "SHE"



Here's the reason a ship is always called "she". In the "beauty parlor" at Southampton, England, the Empress of Britain is being prettied up for her annual cruise around the world. The 42,500-ton flagship demonstrates her faminity by having a mirror handy while the titivation is taking place.

MRS. CECIL ROSS HOSTESS TO W. I.

Halloway.—The regular monthly meeting of Women's Institute was held at the home of Mrs. Cecil Ross on Thursday last with twelve members and visitors present. The President, Mrs. Finkle, was in the chair and the meeting was opened in the usual way. It being Christmas season, the program of reading, community singing and roll call was mostly in keeping with the Christmas spirit, also the exchange of gifts and demonstration of a Christmas cake. At the close of the meeting the hostess put on an interesting contest, "Planting", and served refreshments. Some useful articles for use of sick patients have been recently purchased by the W. I.

The annual meeting of the patrons was held at the cheese factory on Tuesday afternoon, when the general transaction of business took place. Mr. Clayton Wright, as President, was rehired for the coming year, also Mr. Sam Houten as cheesemaker and about the same board of directors and milk-drawers.

Mr. and Mrs. T. Moran who were recently married, were given a surprise and presented with an address and a miscellaneous shower on Wednesday night.

Mrs. V. Faulkner has been confined to her bed during the last two weeks at the home of her son, Mr. F. Faulkner.

Miss Leita Horton had tea with Miss Myrtle Reed on Thursday evening.

Mr. H. Lowery of Madoc visited his father, Mr. J. Lowery on Wednesday last.

The children are busy practising for the Christmas tree concert in the Baptist Church and United Church.

Miss Doris Dafoe spent Saturday night with her aunt, Mrs. G. Cadman.

The W.M.S. were entertained at the home of Mrs. Percy Kelly on Tuesday last. There was a large attendance and a good sum was realized from the dinner. The officers were re-elected for the coming year.

Mrs. C. Holden is visiting her niece, Mrs. A. Wilson.

Mr. and Mrs. G. Morgan and Mr. and Mrs. R. Coombs had dinner recently at the home of Mr. J. Lowery.

Misses Hazel Elliott, Leatha Howes, Hilda Elliott and Messrs. G. Welch, A. Emerson and J. Elliott had tea at Mr. C. Elliott's on Sunday evening.

Mrs. G. Cadman has rented her farm that was recently vacated by Mr. Woods to Mr. J. Evans.

Mrs. S. Rose spent Sunday afternoon with Mrs. R. Townsend.

Mrs. V. Reed and Mrs. G. Cadman had dinner recently with Mrs. W. Smith.

Mr. King who has resided on the late T. J. Kelly place during the past few years, has rented a home near Roslin and will be moving in the spring.

Everyone seemed to enjoy the Minstrels at the church on Wednesday night. About $28 was realized.

There was no church service on Sunday afternoon, owing to a funeral among the pastor's relatives.

Mrs. A. Cadman has gone to spend the winter in Madoc with her nephew, Mr. Connors, after visiting her niece, Mrs. C. Bird, for some time.

Mrs. R. Wood and sons have moved into the vacant house of Mr. C. Wright.

Mrs. C. Wilson of the Sidney 5th line, spent Thursday last with her aunts.

Mrs. G. Cadman and son Albert attended the "white gift" service in Foxboro on Sunday morning.

ASK CONSIDERATION FOR WAR VETERAN

Kitchener, Ont., Dec. 9.—(CP)—A resolution adopted by the representatives of 2,000 active Canadian Legion members in Zone No. 9 is on its way to Premier M. F. Hepburn today condemning what it says is "reign of terror" and urging that consideration be given the war veteran who is employed in the Civil Service.

The resolution was adopted at a recent meeting in Stratford at which Kitchener, Stratford, Guelph Galt, Preston, Elmira, Mount Forest, Arthur and St. Mary's branches were represented.

3's Cardboard Gift Box EACH $1.19

Spite Wife

by Ann Forester

This was the hardest part of all ....to be still. Not to run crying with this to Stan. She wanted to face him with it—to watch his eyes when she repeated Georgia's spiteful words. She wanted to have him deny it hotly. To take her in his arms and protest that it wasn't true that he loved only her.

But there was a sturdy character in Judy and a wisdom beyond her years. Cheeks pressed to the cool wooden post, eyes fastened on the far stars that swam through the mist in her eyes she sent up a broken little prayer. A funny little prayer.

"Please God— don't let me nag. Please God, help me to keep still.."

Stan was waiting at the entrance as she went back to the dance and his black eyes went sharply over her face. "Where've you been Judy?—the girls didn't know; I was worried——"

She wanted to burst out passionately: "You were worried! How little you guess what I've been through!" But she forced herself to smile up into his eyes. "Just making up the old face darling——"

He asked: "How do you like it, Judy? How do you like the girls?"

She tried not to think there was an undertone of anxiety in his voice. "They're—splendid!" she lied heartily.

They danced and Judy longed to put her head on Stan's shoulder and weep the bitterness out of her heart. Instead she crushed it back and forced herself to smile.

She was very gay, very scintillating. She was desperately afraid that she would be left alone—a wall flower—held up to the secret scorn of these other women. She talked with desperate animation to Dart Towers—whom she found herself privately disliking; to stupid vapid Billy Sumner—anything to look popular and keep from losing caste. She tried not to notice when Stan danced with Eunice Wilson. She pretended to be disappointed when the dance ended, and deep in her heart she knew that she had never been so bored in her life.

Back in their own room in the Carter house Judy was just dropping to sleep when she thought of her wedding ring. That splendid wedding ring of platinum and diamonds.... At the time she had marvelled that anything of the kind could have been bought at Sumnerfield or Laceyville, the nearest town. Suppose Stan had that wedding ring at the time Eunice suddenly married Wilson....

The thought kept Judy staring sleepless at the window long after dawn had whitened the sky.

FITTING IN

CHAPTER SIXTEEN

But Judy would have been more than human if she had managed to keep Georgia's spiteful remarks and her own inner turmoil to herself.

Perhaps had the opportunity not come up to talk apart with Stan the next day, she might have managed to keep it locked in her own heart for a while longer. But the opportunity did present itself.

Stan had an engagement to play golf with Dart Towers the day following the dinner dance. He and Judy had breakfast together in the middle of the forenoon. No one else appeared at the table in the sunny little breakfast room. It was too late in the day for Madame Carter; too early for Stan's mother and his two sisters after the late hours of the night before.

Stan had put on his golf things after his shower—now he sat, dark head bent over the morning newspaper, deep in the sporting page.

Though she had slept so little Judy had risen at the same time. She was a little pale this morning and there was a faint shadow under her eyes. Had Stan been observant he might have noticed that his wife's mouth had a forlorn little droop and that there was an unusual gravity in her gaze when it rested on him.

"Gosh, I'd like to get down to Del Monte next week-end! See the finals —" Stan speaking behind his newspaper.

Judy could think of nothing to say when Stan spoke of golf. Summerfield had boasted no golf course. In fact, the town had considered golf as one of those "sissy" games rich people play. But here in Lockwood, it was an important part of life, it seemed. Judy felt countrified and stupid when Stan or Amy or any of those people she had met last night spoke of turneys and courses and scores.

"Life was so changed—and so difficult. To think of eating breakfast at this hour on a week-day. Back in Summerfield she would have been working for a good two hours at the library, sitting behind the square desk with Miss Briggs, wearing a trim wash dress which she had made herself in her spare time.

But here was Mrs. Stanley Carter wrapped in a green satin negligee, pouring her husband's coffee from the old-fashioned silver coffee pot which the attentive Chinese servant had just brought from the kitchen. Strange....what a difference a short time could make.....

"You know, I think I'll run on down to Del Monte with Dart and Billy—" Stan was pursuing the subject nearest his heart. "Maybe Henderson can get away—that'll make a foursome—" He reached for the cup she held out. "We might go down Thursday night.."

"But how can you get away?" Judy wrinkled her forehead. "You have been away so long now, from work. What about your office—"

Stan had spoken at length of the broker's office in San Francisco where he worked.

But he shrugged easily now. "Business is rotten. I won't be missing anything. Might as well go there as hang around for nothing"

"But if business is rotten isn't that all the more reason for going out and working harder—" Judy wanted to say it, but she checked it. After all—she didn't want to appear to be driving Stan. Everyone in Summerfield worked. It seemed odd that a young man could sit down and let affairs shape themselves....And that little apartment of their own which they were going to have when they could afford it....how could they ever afford it if Stan made no effort.... These things running through her mind, filling her with a sense of hot injustice.

Judy sat, disregarding her cooling breakfast as she made a series of little criss-crosses on the cloth with her fingernail. A little apartment of their own .. ..then she wouldn't have to stay here, in this great big house where she felt herself to be an outsider. She would not have to accept Amy's friends as her own—that queer Patty Warren and Georgia and Eunice....

And with the thought of Eunice the jealousy was hot and raging in her heart again, so that she found herself speaking impetuously.

"Stan, last night I heard something.. ..queer. Well, maybe not queer but —but it sounded odd. When we were leaving here—we—the women—had just been up putting on our wraps and that Georgia De Haas said something. Something about you and—and Mrs. Wilson."

Stan had been paying little attention when she started, but at the sound of Eunice Wilson's name she could see that he had suddenly become alert—watchful.

She sensed a tensing of his whole body—of his mind. "Georgia talks so much."

"She said." Judy went on in a hot little rush of words, "that you and Eunice Wilson had been sweethearts before her marriage. And that—that you were all broken up when she married Wilson and that was why you went east."

"Georgia De Haas is a confounded gossip" Stan flung the newspaper aside and his black eyes were blazing. "She's a damned trouble maker and why Amy has her around the house beats me."

Judy was watching him with narrowed eyes and a sinking heart. So it was true—or he wouldn't be so upset about it.

Then Stan seemed to get a grip on himself. He became cooler but there was defiance in his black eyes as they met his wife's squarely.

"Well, I've known Eunice since we were kids. We went to dancing school together—that sort of thing. Good Lord, Judy, don't you suppose I knew anyone before I met you! Does that mean I was in love with every girl I met?"

"But she said...." a demon within her seemed driving out the words against Judy's wish, "that you were broken up when she married."

"That girl would lie about her own mother!" Stan's cheeks were hot but his tone was coolly contemptuous. "My soul, Judy. I thought you had more sense than to let anyone like Georgia De Haas get your goat like this! Say, look here—you went with some fellow back in Summerfield before I arrived there. You wouldn't like me to get all burned up about him."

"No. Of course not! There's no reason." Judy flashed back. Then she stopped biting her lip. She couldn't tell Stan the thing which was really rankling in her heart. To say that he had married her on the rebound —that she was a spite wife....Oh, her own pride couldn't stand that. It would mean the end of their marriage—She couldn't do this to them both. Cheapen their marriage so!

"But that—what you said the first night on the train .. ..'a man in hell'...." The words sounded weak when she got them out. After all, her case sounded silly. In her heart—in her own tortured mind these things were clear and painful. But dragged into words, they seemed trivial. An idle word here— a glance there—nothing to break her heart about, certainly. She'd been supersensitive.

"Do you have to rub that in again, Judy," said Stan; and she saw the angry little muscle begin to twitch in his cheek as it always did when he was agitated. He thrust back his coffee cup and rose.

She was suddenly on her feet. Over beside him. Arms about his neck. Crying on his shoulder—painful, lonely tears which came from her overcharged heart.

"Oh, Stan darling.... I've been so miserable..Please —hold me tight tight."

He held her tight, but his mouth was grim and his eyes—could she only have seen them——were haunted.

After a moment Judy straightened up with a long sigh and wiped her eyes on the handkerchief she pulled from his breast pocket. "I'm sorry to make a scene, darling but I—I was full up to the neck. I—I suppose, married people have to quarrel sometimes."

She hung around, eyeing him a little wistfully as he gathered up his golf bag..

"Want me to drive you over to the links? You could direct me and I'd call for you any hour you said."

If he heard the longing in her voice Stan gave it no notice. "Dart's going to pick me up. You needn't bother."

"It wouldn't be a bother," Judy said slowly. "I—I feel sort of unnecessary. Nothing to do...."

"The girls'll be up later. You can trail around with them," he answered carelessly.

She choked back the retort that she didn't want to "trail around with them". After all—they were trying to be kind to her. She must not be ungrateful.

"You know—" Judy was twisting a finger in and out of a buttonhole of Stan's sweater, "You've married a person of low tastes, my darling!" The tone was bravely gay but her lashes were downcast lest he see the tears trembling at the brink. "I'm hoping to be at a washboard of my own! I have a yen for dustpans and kitchen sinks! I had to struggle with my better self to keep from snatching the tray from Pon and waiting on the table this morning. ....I'm a bird in a gilded cage. If we had a little place of our own—just a little place, Stan—"

"If we did, the sheriff would be sitting in the fireside chair and a lien would be plastered on the door" he interrupted her, grinning.

"Don't rush me, woman! Let me get some of the debts paid. That measly income I get out of the estate wouldn't support a field mouse in a decent style. That's some of your precious Nick's doings—you were getting so clubby with him last night! If he was kicked out and my mother had access to the money which belongs to her we'd be sitting pretty!"

The smile was going from Stan's face. It wore the black look which the mention of Nick Carter would always conjure up.

(TO BE CONTINUED)

LEAVES ON TRIP TO FLORIDA

Rednersville —Mr. and Mrs. A. Pulver were last Friday guests of Mrs. Pymer.

Mrs. N. Wilder returned home last Saturday after spending a few days with her daughter Mrs. Tom Wannamaker, Havelock.

The Rednersville Young Peoples' Society were guests of the Young Peoples' League, Holloway Street Church.

Rev. and Mrs. R. D. Mullen and George attended the Victoria Ladies' Aid Social Evening and annual meeting one night this week at Mrs. W. H. Montgomery's.

Mrs. Lockwood is spending a few days with her son Mr. Teeny.

Congratulations to Mr. and Mrs. Harold Hall who have a young son.

Mrs. Ralph Pulver is spending the winter months in Florida.

The Rednersville choir met at the home of Miss Marjorie Redner, for choir practice on Friday evening.

Quite a few from this vicinity were in Belleville on Saturday.

Mr. and Mrs. Tom Wannamaker and daughter of Havelock spent the week end with the latter's parents Mr. and Mrs. N. Wilder.

Little Benny's Note Book

Pop was smoking and thinking in his private chair and ma was reeding her Sparkels from the Silver Screen movie magazine, saying, Well, will the 7 wonders of the werld never end? Here's an interview with Ronnel Ronnell the so called Gate Uninterviewed. They claim here it's the ferst time he's ever posed for an interview in the entire histery of his motion picture career, what do you think of that, Willyum? ma said.

Why dont I strane my puny mind on a problem of such dimensions? pop said, and ma said, He certainy didn't hold much back, he told the interviewer the most exciting secrets of his intimate life, for instants he never sings in the bath tub but he never bathes without the accompaniment of vi'lin music, preferably the strains of a certain record played by Hyfitz.

I wonder if it's Ripples of Spring, pop said, I used to know a temperamental chap in the junk bizzness who refused to take a bath unless the Full Philadelphia Simfunny Orkester played the Blue Danube for him in person, but he was never able to complete the arrangements so he didn't even bother to have a tub installed pop said, and ma said, It said. It seems according to this he's not superstitious as superstition goes, but he absilutely refuses to enter a house without giving 3 little good luck rapps on the front door with his nuckles.

I had a frend named Spider Shannigan who had the same exsentricity, he was a bergler by trade, pop said, Ony instead of rapping 3 times he ony rapped once, and instead of rapping the front door he rapped the head of whoever opened it, and instead of using his nuckles he used a lead pipe, pop said, and ma said, Now Willyum are you intristed in this or aren't you?

The anser's either Yes or No and it's not Yes, I'll give you one guess, pop said.

Meening he wasn't so ma ony read about half of the rest out loud instead of all of it.

REX MAXON

As Dango charged, instinctively the ape-man sensed his danger. Wheeling about, swift as Ara, the lightning, he drove his spear straight for the hyena's heart with all the mighty power of his sinewy muscles.

The sharp shaft passed through the beast's body. Withdrawing his weapons, Tarzan again shouldered the boar's carcass, and continued his way. Next day he came within sight and sound of the Red's battle lines.

His position gave him a bird's-eye view of the entire field of battle. His keen eyes picked out Red machine-gun emplacements, cunningly concealed, and many details no ordinary man would have discovered.

Now, from the hill-side below him, above the cannons' roar, he heard a single rifle spit. He waited for the next shot. That would tell him more accurately the exact location of the Red sniper he believed hidden there.

The Tyendinaga East Women's Institute met at Mr. Robert Harvey's on Friday night with a good attendance.

Miss Mabel Stafford is a patient in Kingston Hospital. Her many friends hope for a speedy recovery.

PARACHUTE JUMPER FOUND SHOT VICTIM

Cleveland Dec. 20.—A winsome 21-year-old girl parachute jumper is dead—shot through the heart—while an airline pilot was being questioned in the investigation of her death.

Found prone on an apartment bathroom floor was Viola Pincombe Questioned by suburban Lakewood police, was Charles W. Maris, 34 American Airways pilot in whose suite the girl's body was found late yesterday.

She was clad in pastel blue pajamas and a blue sweater. Near her outstretched hand was a .30-calibre revolver one discharged shell in its chamber.

Maris reported he found the girl's body, sprawled on the bathroom floor, when he came to his suite this afternoon. The outside door was bolted by a chain he said and he had to tear off the door from the jamb to open it.

PROF. McPHEDRAN DIES

Toronto, Dec. 20.—Dr. Alexander McPhedran, 482 Russell Hill Road, distinguished physician, who had practised his profession in Toronto for nearly 60 years died suddenly yesterday, just nine days after attaining his 87th birthday which was celebrated by a family reunion.

Dr. McPhedran was born in Halton County, Ont.

CANADIAN CANNERS LTD. STUDIED AT INQUIRY

NEWS BRIEFS AND ODDITIES

Haverhill, Mass., Dec. 21 (CP)—Christmas is an old story for Mrs. Mary Babolian, who will celebrate her 106th birthday on December 25.

The centenarian, who was born in Mallter, Italy, lives here with her son George Babolian, 67, one of the city's first Armenian residents. Mrs. Babolian's mother, a physician in Armenia, was killed the daughter said, by Turks at the age of 115, while a brother suffered a similar fate after attaining an age of 110.

* * * *

Oklahoma City, Dec. 21 (CP)—Sterilization of 69 patients of the Central State Hospital at Norman has been ordered by the State Board of Affairs.

Col. Cicero I. Murray, Vice-Chairman, said yesterday 23 women and 46 men will undergo the operations, which may be performed after the lapse of 30 days. This number ordered for sterilization is the largest since the legislature authorized the procedure.

* * * *

Denver, Dec. 21 (CP)— Since Christmas is the season of "peace on earth," Denver judges have agreed husbands and wives must keep their marital strife to themselves from Dec. 24 until Jan. 2. The judges, declaring a "divorce moratorium," have announced no divorce suits can be filed during that time.

* * * *

Baltimore, Dec. 21 (CP)—Christmas cards, it appears, are more valuable than a green, eight cylindered coupe with yellow wheels.

When his car was stolen Monday, "Box 2350" appeared in an add to the "guy who stole it" to return the Christmas cards and mailing list inside. He did not mention returning the car.

Yesterday police found the automobile. The cards and mailing list were missing.

* * * *

Pittsburgh, Dec. 21 (CP) — Winding armatures to the tune of a dance band is one company's idea of keeping the working girls happy.

Announcing loudspeakers for broadcasting music have been installed in its East Pittsburgh plant, an official of the Westinghouse and Electric Manufacturing Company said:

"Some types of work are necessarily monotonous. If we can make it less so, by the installation of phonographs, we'll do it, and we'll purchase the records the girls themselves select."

* * * *

St. Louis, Dec. 21 (CP) — The Hanlons have decided they won't have roast pork for Christmas.

Attempting to kill a hog, Thos. Handon, county farmer, took an ineffective shot with a .22 calibre rifle and then handed the gun to his son, Francis. The son fired and the bullet, glancing off the hog's back, struck the elder Hanlon in the right arm.

* * * *

Sandwich, Ont., Dec. 21 (CP)—For 20 years Maxim Bohomov lived in Canada, yet the only English in his vocabulary is the word "no." At least that was his reply when Judge G. F. Mahon asked him if he could speak English at the naturalization court here last night.

Bohomov, wearing a red sweater, shook his head vigorously and replied "no" when asked if he was a Communist, so the Judge signed the applications.

JURY RECOMMENDS

Winnipeg, Dec. 21 (CP)—A coroner's jury investigating the deaths of Mrs. William H. Morris and her two children recommended disinfectants which contain a large quantity of carbolic acid be placed upon the poison list and closer supervision over their sale be made.

The jury, hearing evidence at the inquest last night, returned a verdict declaring Mrs. Morris died from poison self-administered after drowning her two year old son William Edgar in the bath and strangling her five year old daughter Margaret Constance with a rope.

BABY BURNED TO DEATH

Main-a-Dieu, N.S., Dec. 21 (CP)—A baby boy was burned to death here and his mother seriously injured as she ran into their burning home in an attempt to save the infant's life.

Edward Lahey, 7 months old, perished in the flames as he lay in his crib, while the mother, Mrs. Thomas Lahey, 20, was burned so badly about the body that neighbors feared to attempt her removal to hospital in Sydney, 12 miles distant.

The house was completely destroyed.

SHAW ST. CHURCH HAS ISSUED WRIT VS. FREE CHURCH

Declaration is Asked That Free Church of England Has Not Authority

ACTION IS BEGUN

Claim Made Free Church And Bishop Marshall Exercise Authority

Toronto, Dec. 21 (CP)—Declaration that the Free Church of England has no authority over the Reformed Episcopal Church in Canada and, particularly, over the Shaw Street Reformed Episcopal Church in Toronto is asked in a writ issued today at Osgoode Hall.

The writ issued by trustees of the Shaw Street Church was directed against the Free Church of England and George Marshall of Belleville, Ont., a Bishop of the Free Church.

It claims the Free Church and Bishop Marshall have sought to exercise authority over the Toronto Church, that they have no right to do so and should be restrained from attempting to do so.

ITALY'S MOTHERS ARE ENTERTAINED

Benito Mussolini Will Meet Guests During Celebration

By EDWARD STUNTZ

Rome, Dec. 21—(AP)— Italy's most prolific mothers, 94 of them, began their second annual celebration in Rome today as guests of Premier Benito Mussolini.

Since each represented a province, with two from Rome, the affair had some aspects of a North American get-together of beauty queens.

The champion mothers were chosen for the number of healthy children in their families and those with less than eight were not even in the running. Only mothers married since the Great War were admitted to the contests.

All are robust physical types and the majority are in their forties. Their combined broods total 926—an average of close to 10 apiece.

They came to the capital at the expense of the government and are to be feted by the Romans for three days, ending Monday, which is mothers' and children's day in Italy.

Mussolini will receive them before they go back to their homes and will give them diplomas and prizes. The meeting with Il Duce in Venezia palace was established as an annual affair last year.

POLICE SEEK MAN

Detroit, Mich., Dec. 21 (CP)—Police and federal agents are seeking Gerald Bagley, 25, also known as Yettman, Kingston, Ont., who jumped 25 feet from the second storey window of the United States Immigration Office.

He was stopped when he tried to return last night a few hours after he had been paroled from the Michigan State Reformatory and deported. Bagley escaped while immigration officials were considering his case.

"THE BING BOYS" REVIVED

One of the brightest parts in the life of the Canadian soldier overseas was "Blighty" leave and a visit to the London Alhambra, where "The Bing Boys" with George Robey and Violet Loraine was the piece de resistance. That was nearly 20 years ago, and yet the strains of "If You Were the Only Girl in The World" still fill the air when the boys of the old brigade gather around the festive board. The other night the whole show came back with its old-time fervor when the revival was staged in that same theatre, the Alhambra. Violet Loraine, in retirement since those eventful days except for charity performances, emerged from Blenkinsopp Castle in Northumberland to once again grace footlights with her presence. But this time, instead of tin hats and haversacks, the audience was composed of boiled shirts. Miss Loraine is the wife of Edward Raylton Joicey, a north country colonel, and here she is seen with one of her two sons in the grounds of her fine old English mansion.

MOTHER LOVE RISES TO DAUGHTER'S AID

Woman Pleads for Condemned Girl Due to Die

Paris, Dec. 21—Mother love came to the aid today of Violette Noziere, 19 year old girl in the shadow of the guillotine on a charge of poisoning her father.

Mme. Noziere sent a petition to President Albert Lebrun, begging for mercy for her daughter, despite the fact that Violette also was accused of attempting to kill her.

The girl murdered her father, authorities charge, for an inheritance to continue a life of gaiety in the student quarter. Her plight is being avidly discussed along Paris boulevards. An appeal to the Supreme Court, based on extenuating circumstances, was rejected and Violette was sent back to her death cell in the Petite Roquette prison.

Public opinion is divided as to whether President Lebrun should commute the sentence to life imprisonment, as is a custom of many years standing in France when the condemned person is a woman.

In the early stages of the trial Mme. Noziere was one of her daughter's most bitter accusers. She indignantly denied the girl's charges that her father started her on a life on the streets, but extended forgiveness in a dramatic scene at the end of the trial.

ADJOURNS FOR HOLIDAY

London, Dec. 21 (C.P. Cable) — The House of Commons rose today for the Christmas recess with members in a restless mood. Thru' five hours' debate on the "State of the Nation" there ran repeated inquiries regarding the Government's long-term policy on unemployment and currency.

On both sides of the House the feeling was evident that Britain's rapid advance from the mire of the depression was slowing down and that with two million unemployed the nation was running into stagnant waters.

Coastwise Freighter Threatened As Fire Races Through Ship

Tugs Ready to Beach Boat if List Becomes Dangerous

Boston, Dec. 21 (AP)—The mounting tons of water poured into the hold of the Coastwise freighter Ontario as firemen fought to quench flames that raced uncontrolled through the ship threatened today to send the steamer to the bottom of Boston harbor.

The Ontario returned to port here about 4.00 a.m., her hatches, ventilators and ports billowing smoke.

Fire broke out last night when she was two miles off Sandwich near the Massachusetts Bay entrance to the Cape Cod canal, southbound with a general cargo for Baltimore and Norfolk.

Her crew of 40 worked ceaselessly to hold the flames in check and fireboats and land engines added their efforts as tugs nosed her into her dock at Northern Avenue, here.

The fire, which began in number three hold, had mushroomed and spread through the lower decks. The skipper, Captain John Kauserud, was overcome three times, his officers said, as he led his crew into the thick of the smoke and flame as they raced for port.

Tons of Water Used

Waiting land engines and fireboats poured tons of water into the rapidly listing ship and within the hour between [illegible] a.m. and 7 a.m. water in the hold rose from 24 to 38 inches.

It was feared the increasing list, which reached 12 degrees at seven o'clock, would send the steamer to the harbor bottom, and tugs were held by to pull her to shoal water and beach her should the list become more pronounced.

Coughing firemen were hauled to the fresher but smoke filled air of the upper decks by slightly less coughing comrades until twelve had been sent to nearby Carney Hospital for treatment. Many others were treated at the scene and sent back to stations.

RECEIVERSHIP ON FOR CAR COMPANY

Problem For Chamber to Save 130 Million Dollar Concern

Paris, Dec. 21 (AP)—The vast factories of the Citroen Automobile Company were put into receivership today by a decision of the Tribunal of Commerce.

The court appointed three receivers to administer the company which was in such financial difficulty that repercussions throughout France were threatened.

Andre Citroen, often called "the Henry Ford of France," himself fyled the petition for receivership. The court rejected the bankruptcy action brought by creditors.

The French Government, which devoted a good part of yesterday's cabinet session to the problem of how to save the 2,000,000,000 franc ($130,000,000) company, failed to get banks or industrialists to refloat the firm. A receivership became the only alternative.

The receivers, as court officers, will be able to get working capital and the indebtedness of more than half a billion francs will cease to be a constant menace.

REV. W. T. KEOUGH HURT BY TRUCK

Minister Walking on North Side Facing Westbound Truck

Rev. W. T. Keough, of this city, sustained two broken ribs and severe head injuries when struck by a motor truck one mile east of Belleville on Highway No. 2, about 6.00 p.m. last evening. The truck was being driven westward by C. N. Roberts of Trenton and was meeting an oncoming automobile when the accident occurred. Traffic officer Byles investigated and found that Rev. Keough was walking along the north side of the road when the two vehicles met. Whether the pedestrian failed to judge the distance between the truck and the shoulder of the highway could not be determined. Mr. Roberts, the driver of the truck, assured the officer that he did not observe any person walking along the side of the road, his view being blocked by the headlights of the oncoming motor car. Rev. Keough was taken to the Belleville General Hospital where he received medical attention. No charges have been laid by the authorities.

ANNOUNCES INQUIRY

London, Dec. 21 (CP Cable) — Prime Minister Ramsay MacDonald announced today in the House of Commons that a Royal Commission would be set up to inquire into activities of British armament firms.

The Prime Minister did not reveal the personnel of the Commission nor the scope of the inquiry.

TORONTO BRANCH COMMERCE BANK ROBBED OF $1000

Armed Bandits Get Away With Small Booty at Broadview Ave.

GREY AUTOMOBILE USED

Manager And Staff Are Forced Into Bank Vault

Toronto, Dec. 21. — (CP)— Two armed men held up the staff of the Canadian Bank of Commerce on Broadview Avenue today and escaped with $1,000.

As the robbers drove away in a gray eight-cylindered automobile, they were pursued by Nelson Quarrington, a newspaper photographer, who happened to be passing the bank. He drove after them around several blocks and lost them in traffic on Bloor Street East.

Only two men are said to have committed the hold-up. They drove up before the bank, shortly after opening time, left the motor of their car running and went inside.

They drew revolvers, held up the teller and then instructed the entire staff to enter the vault. With that one of them grabbed a number of bundles of currency and they ran out to their car. They swerved around the first corner. Mount Stephen street, and almost crashed against a milk wagon.

Detectives said their method of operating closely resembled, that used in some bank robberies in Winnipeg district, and they are investigating the possibility that the same gang may be responsible.

DISASTERS MARK BOTH SEA VOYAGES

Woman is on Ships Which Are Called in Rescue on Both Trips

Burlington, Ont., Dec. 21—(CP) Mrs. McMillen is home for Christmas, and there will be no more sea voyages for her, she declares. She was the witness of one shipwreck and almost took part in another tragedy of the deep.

Mrs. McMillen left here in September to visit friends in England. Sailing on the S.S. Antonia, which became involved in a heavy Atlantic gale, she came close to seeing the fate which overcame the British Freighter Millpool, which foundered after sending out an SOS. The Antonia, received the call, and was going to the stricken ship's aid, but later discovered that other vessels were nearer and abandoned the errand of mercy.

Returning, she boarded the S.S. Ascania and again experienced a terrifying journey across the sea. The Ascania responded to the call from the S.S. Usworth and rescued members of her crew.

"It's the last time I'll ever go to England," Mrs. McMillen said today. "I was a fairly good sailor, but I was scared to death, We hit such terrific storms on the way home. The rescue will always live vividly in my mind."

On the night that the Ascania went to the aid of the Usworth, a huge wave swept over the liner, damaging her superstructure.

THREAT LETTER SENT STEWART

Crown Counsel Newton Also Receives 'Four X Spike' Letter

Toronto, Dec. 21 (CP)—A threatening letter signed "Spike" reached Mayor W. J. Stewart today, posted from the same postal station as previous similar threats. The letter said, "A free ride awaits you" and that a package of poisoned candy "will follow this greeting for your children." The note was printed in ink on the inside of a Christmas greeting card. It told the mayor to "Keep your mouth closed."

London, Ont., Dec. 21 (CP)—Crown Counsel Norman F. Newton recently received another threatening letter from the madcap "Four X Spike" and in it was enclosed a letter addressed to Vincent T. Foley, now in Portsmouth Penitentiary, and it contained a hacksaw blade, about two inches long.

Province Pays Shovelling Cost To Help Jobless

Windsor, Dec. 21 (CP)—In an effort to place some money in the pockets of the unemployed by Christmas, Hon. Dave Croll, Ontario Minister of Welfare and Municipal Affairs, home for the holidays, announced today the Province will pay for the cost of removing the snow which fell last night, provided the municipalities will supply the men with shovels.

He advised officials of Windsor, Sandwich, East Windsor and Riverside but said any other towns in the border area may participate in the arrangements. The four municipalities advised indicated they would make immediate preparation to start the men to work and it is expected between 250 and 300 will be given one and one-half days work before Christmas.

82 LAWYERS ON THE HONOR LIST

Now Privileged to Add The Letters K.C. to Names

Toronto, Dec. 21—(CP)—Eighty two Ontario lawyers, one of them a woman, became King's Counsels today in a special New Year's honor list issued by Hon. A. W. Roebuck, Ontario Attorney General.

Three Ontario Cabinet Ministers, Hon. David A. Croll, Minister of Welfare and Municipal Affairs, Hon. Paul Leduc, Minister of Mines and Hon. T. B. McQuesten, Minister of Highways were included in the list, along with Harold Kirby, Liberal whip, and other members of the Provincial Legislature.

The lone woman to receive the silks of a King's Counsel is Miss Helen Kinnear, Port Colborne.

Three members of the House of Commons at Ottawa, were also honored. They are Samuel Factor, member for Toronto Centre-West, W. P. Mulock, North York and Ross W. Gray, Lambton.

Included also in the number is one Senator, A. C. Hardy of Brockville, a former President of the Ontario Liberal Association.

Following Ontario lawyers were named King's Counsel today by Attorney-General Arthur W. Roebuck.

R. T. Birks, Toronto; E. C. Bogart, Toronto; Charles H. J. Bowyer Brampton; W. C. Brown, Tillsonburg; J. M. Bullen, Toronto; T. J. Carley, Peterboro; E. R. E. Chevrier, Ottawa; J. H. Clark, Member Legislative Assembly, Windsor; R. S Clark, Guelph; Stanley Clarke, Ottawa; James Cowan, Toronto; James F. Coughlin, Toronto; Hon. D. A. Croll, Windsor; LeRoy Dale, Georgetown; J. B. Davidson, St. Thomas; Lionel Davis, Toronto; F. W Denton, Toronto; W. J. Dick, Milton; E. Macauley Dillon, Toronto; A. H. Dowler, Fort William; J. L. Duncan, Toronto; J. T. Ebbs, Ottawa; G. C. T. Strachan, Toronto; M. A. Seymour, St. Catharines; W. P. Telford, Owen Sound; F. F. Treleaven, Hamilton; P. D. Wilson, Ottawa; E. A. Wright, Renfrew.

Prices Paid Growers Cut 42.78 Per Cent Price Spread Probe Told

All Purchases by Canadian Canners Ltd., Made Under Contract

COST OF CAN CONTENTS

No Cash Invested in Company, Inquiry is Informed

Ottawa, Dec. 21—(CP)—Canadian Canners, Ltd., of Hamilton, Ont., with plants all over Ontario, Quebec and British Columbia, dropped its prices to fruit and vegetable growers 42.78 percent between 1929 and 1933, the Royal Commission on Mass Buying learned today from one of its investigating auditors, H. M. Cootes of Toronto. The vast organization in the last five years has made a net profit of $2,137,768 with $342,908 in 1934.

The Canadian company buys its fruit and vegetables under contracts with growers. A deputation of Ontario growers last spring told the commission the canners were forcing down prices beyond reason. Cootes today said the 1929 price for tomatoes was 42 cents a bushel and in 1933, 25 cents, a drop of 40 percent. The price of shelled peas dropped from $49.52 a ton to $28.56 or 42.33 percent. Red cherries fell 63.64 percent, plums, 60 percent, strawberries 61.70 percent; and raspberries, 48.98 percent.

Cost of Contents

The contents of a can of tomatoes in 1933 cost the company about 1 1-4 cents, the commission was told. The corn in a can cost 1 1-2 cents; bean, 1 2-3 cents; peaches two cents; pears, two cents; cherries 1 2-3 cents and aspargus 8 cents.

Turning to wages, the auditor said factory wages fluctuated in different parts of the country. For instance, the average full-time man in the plant at St. Isidore, Que., in 1933 earned 18.51 cents an hour while the Kingsmille, Ont., plant paid 22.57 cents; Picton, Ont., 20.46; St. Catharines, Ont. 26.92; Grimsby, Ont., 24.09 and the Wagstaffe jam plant in Hamilton 32.09 cents.

20.15 Cents at Picton

Factory wages for full-time women ran from 10 cents an hour at St. Isidore, Que., to 20.15 cents at Picton. Other rates were 18.13 cents at Kingsmille; 18.15 at St. Catharines; 18.98 at Grimsby and 18.99 at the Wagstaffe factory.

Increases in the rates at St. Isidore, St. Catharines, and the jam plant were made some week ago to comply with new minimum wage regulations, the commission was told.

Auditors gave the commission amazing examples of low wages earned by piece workers. For instance the 10 lowest-paid workers at Grimsby, Ont., for the week ending September 1, 1934, averaged 4.59 cents an hour with one girl averaging 1.09 cents for 5 1-2 hours.

Wage Difference

Another girl averaged 1.45 cents an hour for 5 1-2 hours. On the other hand, the ten highest-paid piece-workers in the Grimsby plant averaged 33.7 cents an hour with one girl, evidently fully experienced, averaging 40.17 cents an hour.

The same girl who averaged 1.09 cents an hour working on pears averaged 16.52 cents an hour snipping beans.

In the Kingsville plant, the average man earned 27.63 cents an hour in 1930 and 22.57 cents in 1933 while the average woman was paid 21.36 cents in 1930 and 18.13 last year.

In the St. Catharines plant the men averaged 36.83 cents in 1929, and 26.92 in 1933 while the women dropped from 21.95 in 1929 to 18.15.

The biggest drops occurred in the St. Isidore plant. In 1929 the men averaged 29.62 cents and in 1933, 18.51, while women were paid 16.22 and 10 cents.

The financial strength of the vast organzation was explained by W. R. Kay of Toronto, a Commission auditor. For the year ending February 28, 1930, sales were $10,314,688 and the total of gross profit and other income, $3,856,390. For the year ending February 28, 1933, sales were $5,018,179 and the gross profit and other income, $553,024. For this year, sales were $5,636,125 and the gross profit and other income, $1,470,434. The net profit in 1934 was $342,908 and for five years, $2,137,768.

Contract Buying

H. M. Cootes, Toronto auditor, told of the relationship of the Company with the growers. All goods are bought under a contract system. The company has a limit beyond which it need not purchase

(Continued on page seven)

Miss E. Kinnear Is First Woman To Become K.C.

Toronto, Dec. 21 (CP)—The first woman ever to become a King's Counsel in Ontario was named today in the New Year's list announced by Hon. A. W. Roebuck, Attorney-General. She is Miss Helen Kinnear, of Port Colborne. Mr. Roebuck said he and officials of his department believe Miss Kinnear is the first woman to be so honored in the British Empire.

Miss Kinnear who was called to the bar in 1920, was named in the list of 82 Ontario lawyers.

KINGSFORD-SMITH OUT FOR RECORD

Crossing America in Fast Plane Loaded With 300 Gals. Gas

Union Air Terminal, Burbank, Calif., Dec. 21 (AP) — Chas. Kingsford-Smith, Australian trans-Pacific flier, left the Union Air Terminal at 4.48 a.m. today in what he announced would be an attempt to establish a new transcontinental speed record for planes.

Although the aviator had announced last night he planned to fly to Cincinnati, Ohio, he disclosed shortly before taking off that if he makes good time as far as Kansas City, his one planned refueling stop he will continue on to New York City without stopping at the Ohio city. His plane carried 300 gallons of gasoline when it left here.

Flying with Sir Charles was Harry Walker, San Dimas rancher, and a friend of long standing.

The present west-to-east transcontinental record is 10 hours, 2 minutes, 51 seconds, held by Col Roscoe Turner, noted flyer.

MARTELLE HELD ON THEFT CHARGE

Theft From C.N.R. Property at Belleville is Alleged

SARNIA, Ont., Dec. 21.—(CP)—Ubald Charles Martelle of this city was arrested today on a warrant held by Superintendent Boisjoly of the investigation branch Canadian National Railway, Montreal, charging theft of goods from the company's property at Belleville. He was remanded in Magistrate's Court pending arrival of officers to take him to Belleville.

No details of the charge were available here.

THE WEATHER

Toronto, Dec. 21—(CP)— Light snowfalls have occurred in Manitoba and in some parts of Quebec and Ontario. The weather has become colder east of the Great Lakes but continues mild in Southern Alberta.

Georgian Bay:—Moderate to fresh easterly winds; moderately cold with occasional snow today and Saturday.

Lake Superior, Kenora and Rainy River—Moderate to fresh easterly winds, cloudy and rather cold with snowflurries.

Manitoba and Saskatchewan — Moderate to fresh winds, mostly northerly; partly cloudy and rather cold.. scattered snowflurries.

Alberta—Moderate to fresh winds with scattered snowflurries; not much change in temperature.

Coming Events

TURKEY EUCHRE AT SOUTH End Club rooms. Friday evening, 8 o'clock sharp. 8 poultry prizes. Admission 25c. d20-2t

City and District News

MOTORISTS URGED TO BE CAUTIOUS

In order that no accident shall mar the approaching holidays, Mayor Geo. O. Tice today urged both motorist and pedestrians to exercise caution, while using the more heavily travelled sections of the city at the present buying period. A little courtesy on the part of both will result in a better feeling and spirit as well and will have a direct bearing in the reduction of accidents.

STARLINGS AGAIN VISIT THE CITY

Hundreds of starlings, driven from the outside rural districts by the heavy fall of snow which now covers their feeding grounds where they have been picking a good living on weed seeds since the cold weather commenced, have returned to the city in their noisy hords and have taken up permanent winter residence. Belfries of churches, eaves of downtown buildings and even the trees yesterday were filled with the chattering birds. From now on they will be forced to pick their living from back door garbage pails and fight for their food with the gulls in the garbage dumps.

BUILDING THEATRE IN GANANOQUE

The current issue of the Gananoque Reporter contains an interesting account of the work of building a fine new theatre building in Gananoque the construction of which is being handled by Mr. Gibson Bailey, Madoc, and assisted by Mr. J. McCarthy of this city, architect. Mr. Edward Flunder, also of Belleville, has been given the work of painting the interior of the building and of assembling the finer wood trim. Two month's work yet remains before completion of the building.

MART KEPT OPEN UNTIL 6 O'CLOCK

Owing to the market yesterday being flooded with poultry, the interior of the market building was kept open until 6 o'clock p.m. Even at that hour there were still a large number of fowls not disposed of. It is confidently anticipated that tomorrow's market will be the market of the year.

DR. STOBIE TO HEAD UNITED VETERANS

United Veterans' of Belleville comprising the various units of ex-service men announce today, that Dr. Geo. Stobie, named by unanimous choice to head the organization has accepted the appointment as president.

President Dr. Stobie will be assisted in his work by Mr. Chas. A. Cameron, popular choice for secretary-treasurer. Notification of the acceptance by Dr. Stobie and Mr. Cameron was made at the meeting of the 2nd. and 21st. Battalion Clubs by Secretary LeRoy Madden at a joint meeting of the clubs last evening.

HOME MADE BRAND IS NOT DUTIABLE

Real, old-fashioned plum puddings may be well up at the head of the list of gifts from the Old Country to local friends this Christmas season, but they are not always admitted to the country duty free, it was pointed out again at the local customs office today. The puddings, delectable as they may be, are listed officially as "dutiable". Especially does this apply to the commercial brands. But in the case of a genuine home made confection sent to some homesick friend in Canada from the Old Land, it may just happen that the pudding will escape the customary toll. But when circumstances warrant, then duty must be paid.

MUNICIPAL CLERK FOR THIRTY YEARS

Thirty years continuous service as clerk of the Municipality of Bloomfield, Prince Edward County, was terminated this week by Mr. Chas. W. Fraleigh who tendered his resignation to the Township Council.

JAGGED ICICLES DROP ON STREET

Jagged icicles continued to drop along Front Street today at alarming intervals from the gables and extensions of buildings through the downtown district. Men were engaged on the task of removing the hanging pieces of ice formed by Thursday's thaw of the heavy snow fall the day before. No accidents were recorded.

MRS. O'BRIEN SAINT TAKES SOLO FLIGHT

Because she felt it would have been her late husband's wish, Mrs. J. T. O'Brien Saint visited the Toronto Flying Club Airport yesterday, climbed into an aeroplane and took a lengthy solo flight. The late Mr. O'Brien Saint was killed in a crash at the Airport, where he was instructor for some time. He was well known in this city and district, and had been an instructor pilot at the Royal Canadian Airport on the Trent Road.

MARKET SQUARE TO BE SHOVELLED

In order to prepare for the largest market of the year on Saturday it was expected that a gang of snow shovellers employed by the city would tackle the job of clearing the Market Square of the heavy coating of snow which was being added to by the fall today. Officials were waiting for today's snow to finish before starting the shovelling.

PICTON KIWANIS NAME OFFICERS

Picton Kiwanis Club at its weekly meeting yesterday elected the following officers:

President, Phil Browne; vice-president, J. K. Patterson; secretary, C. E. Stothers; treasurer, Ross Platt.

It was reported that proceeds of sale of grab bags and the watch guessing contest totalled over $100 and this, with an additional $50, was voted to be used for providing the Christmas cheer for needy families.

Mr. Gilbert, of Gananoque, gave an interesting talk on the work of the Rotary Club in that town.

MAYOR RECEIVES ENGLISH LETTER

Firm Points Out Obstacle to Export of Potatoes

Mayor Tice today received from Southampton, England, the following communication relating to the steps Belleville is taking to increase the consumption of Quinte district produce by finding a market in the British Isles:

"R. Drouet and Co., Ltd.,
"118 High, St., Southampton.
"7th December, 1934.

"To the Mayor of Belleville,
"Belleville, Ontario, Canada.

"Dear Sir—

"We have received a letter from the Southampton Chamber of Commerce to the effect that you wish to find a market for your surplus stock of potatoes.

"We very much regret to inform you that we are not allowed to import potatoes from Canada or U. S. A. owing to the Colorado Beetle.

"Yours faithfully.

"E. W. DANCEY, Director."

PRIZE CATTLE HERE FROM WINTER FAIR

Many Belleville people who attended the Royal Winter Fair at Toronto were delighted with the showing of fine cattle made there and impressed with the progressiveness and ability of the Canadian farmer in being able to show such fine animals. Some of the prize cattle with their prize ribbons still showing can now be seen in Belleville in a dressed state, but retaining in size and looks the proud air of champions. These cattle, in quarters, are now being shown at the meat store of Harry Green, Belleville, he having purchased them for his holiday trade.

Obituary

MRS. SARAH KINGYENS

After a brief illness Mrs. Sarah Kingyens, widow of Samuel Robert Kingyens, passed away this Friday morning at the home of her daughter, Mrs. B. M. Mason, 13 Geddes street, with whom she had been making her home since the early part of last October.

The late Mrs. Kingyens was born in the township of Elzevir, her parents being the late Mr. and Mrs. Samuel Delyea. For 49 years and until coming to Belleville a few months ago, she had resided at Detlor where she was held in high esteem by many friends who will regret to learn of her death. She was a woman possessing many fine qualities, being a member of the United Church, and when health permitted she took an active part in church work.

Left to mourn her loss are one daughter, Mrs. B. M. Mason, Belleville; two sons, John Kingyens of Hilliardton, New Ontario, and Edmond Kingyens of Detlor. Another son, James Fred Kingyens, passed away last October.

The funeral will take place at Detlor on Sunday.

Collie Flees After Upset

An old collie dog which fled with a sheepish look immediately following the scramble and the shower of packages and bundles which resulted, was the chief cause of a heavy fall on the part of an unidentified Christmas shopper on lower Front Street just before noon today.

His view of the walk obstructed with the bundles which he carried, the man in an effort to dodge the dog which ambled leisurely through the crowd, became unbalanced and fell, striking the walk heavily. Pedestrians assisted in the recovery of the parcels for the dazed shopper.

PREPARE FOR ELECTION

Calgary, Dec. 21 (CP)—The ruling party behind the Alberta government since 1921, the United Farmers of Alberta today prepared for another election campaign, expected to come early next spring.

Rehabilitation of agriculture, alteration of the taxation structure, nationalization of the Central Bank, control of grain exchanges and establishing of marketing boards was included in the platform which the organization announced yesterday.

With Premier R. G. Reid at the head of the government, the United Farmers of Alberta hold a majority over all in the Legislature although support is sometimes extended by the labor forces. The United Farmers of Alberta is a unit of the Co-operative Commonwealth Federation.

STANLEY P. COLE GUILTY OF THEFT

Accused Found Guilty of Stealing Motor Car in City

Stanley P. Cole, giving his home address as Elginburg, was found guilty on two counts, one of the theft of a motor car and a second of obtaining an automobile under false pretences in this morning's police court. A third charge of the theft of a local automobile was dismissed by His Worship Magistrate E. J. Butler, K.C., owing to insufficient evidence being tendered. His worship will give sentence on Monday.

Cole was charged with the theft of Alex Weir's automobile, stolen from in front of the Y.M.C.A. on Sept. 17 last. The accused pleaded not guilty but was identified by John Davidson and his son Earl, garage proprietors at Flinton, as being the man who brought a Chevrolet coupe bearing licence plates numbered U-6515 to their garage on Sept. 18 last, the vehicle being damaged about the radiator. Later it was disclosed that this automobile was Weir's.

Cole was also found guilty of obtaining an automobile from Lasage's garage in Tweed under false pretenses. Wilfred Lasage and his brother Felix, owners of the Tweed garage, testified that Cole had come to their place of business on August 18 last and intimated that he intended to purchase a truck, relating a story about losing his own truck in a fire a short time previous. Wilfred Lasage swore that Cole had assured him his father would pay for the truck.

Subsequently Cole borrowed a car from the Lasage garage under the pretense of going after his father to complete the deal. Two days later this car was found abandoned in front of the Lasage garage with a punctured tire, a bent axle and a broken fender. The vehicle had been driven 200 miles, stated Felix Lasage, who had previously checked the speedometer. Cole denied the above statements with the exception of the borrowing of the car. He later admitted his father was dead, but stated his grandmother was his financial backer in the proposed truck purchasing deal. His grandmother died shortly after the deal was made, however. A charge of the theft of Joseph Weymark's automobile did not show sufficient evidence to establish a case and the matter was dismissed.

"Upon the evidence before the court I find you guilty and remand you until Monday for sentence," was the finding of His Worship. B. C. Donnan, K.C., local Crown Attorney, conducted the prosecution while Cole defended himself in the matter of cross examination. Plainclothes Constable Isard conducted the Cole investigation with Chief Hayes of Tweed.

ACCIDENT SCENE WILL BE VIEWED

Evidence Taken Today on Charge Against Ross Hogle

"I think I will view the scene of this accident in person," stated His Worship Magistrate E. J. Butler, K.C., at the conclusion of the evidence submitted in a charge of reckless driving laid against Ross Hogle of this city, and heard in today's police court.

The charge rose out of a motor accident, which involved three motor cars and happened at the corner of McAnnany and Front Streets last Saturday night. Numerous eye-witnesses gave contradictory evidence as to how the actual accident occurred.

P. C. Evans, who investigated the matter, produced a pen-sketch of the position of the cars during and following the accident It was disclosed that Hogle was proceeding northward on Front Street and when at the southerly corner of Front and McAnnany Streets an automobile, driven by Everett Nicholson, turned left from Front Street onto McAnnany. Nicholson had been travelling southward on Front Street previous to his making the left-hand turn. Hogle testified that he was forced to swerve his car to the left to avoid striking the Nicholson car. In so doing he collided with the Nicholson vehicle, careening off and skidding across the street, striking a parked car, the property of Jerrald Anderson, Rednersville. The Anderson motor car sustained the worst damages of the three motors involved. His Worship deemed it advisable to view the scene of the accident to determine whether Hogle had contributed negligence on his part or not. Judgment will be meted out in Monday's police court.

Willard Brant, Foundry Street, pleaded guilty to driving a motor vehicle without the operator's license. He was given a week to raise the minimum fine of ten dollars, no costs being attached.

Two inebriates, after pleading guilty to a charge of intoxication, were given until Monday to raise the necessary fines. Jail sentences will be imposed if the above fines are not forthcoming, assured His Worship.

A local motorist drove his automobile into an open man-hole on Pinnacle Street last night. A broken front wheel and bent axle resulted. Although men were working under the ground in the manhole, no persons implicated in the accident suffered personal injuries.

MASSASSAGA PERSONAL NOTES

Massassaga, Dec. 21. — Mr. and Mrs. George Wallbridge of Belleville spent the tea hour on Sunday night with Mr. and Mrs. T. D. Wallbridge.

Mrs. H. Huff and Norma entertained company from Toronto over the week-end.

Mr. and Mrs. Gordon Anderson spent Sunday with Miss Bessie Wallbridge.

Mr. and Mrs. Burt Kotchapaw of Bethesda spent the tea hour on Sunday with Miss Gertrude Wallbridge.

Mr. Walter Hamilton of Mountain View called on his sister, Miss Mary Hamilton, R.N., one day recently.

Mrs. Howard Wallbridge spent a few days last week with her parents, Mr. and Mrs. J. G. Sprague of Mountain View.

The young people have been busy the past two weeks preparing for a Christmas entertainment.

Mr. and Mrs. Ernest Jose spent Thursday afternoon in Belleville.

A few from this neighborhood attended the Christmas concert which was held at Mountain View on Wednesday evening.

Mrs. T. D. Wallbridge, Miss Mary Hamilton, R.N., and Mr. Albert Wallbridge called on Mrs. Ridley Anderson of Mountain View on Monday afternoon.

NO MORE BEACH

Grimsby Beach, Ont., Dec. 21 — Grimsby Beach, long famous as a summer resort and lake port, is resigning its title to the latter distinction. The wharves which have accommodated thousands of excursionists, are being removed. And the shelters wrecked. The automobile has triumphed and the pleasure steamers will cut one more place off their ports of call.

WANTED TO BE ARRESTED

Brantford, Ont., Dec. 21 (CP)—Because he wanted to be arrested, Russell Wooden, 215 Murray street, crashed his fist through a window of J. H. Young and Sons jewelry store, early today and he stood at the window until Officer Ernest Stanbridge arrested him.

UNSATISFACTORY REPLY RECEIVED ON COAL SUBJECT

Resolution Sent by Chamber of Commerce Not to be Acted on

TIME TOO SHORT

Notify Premier of Resolution And Reply From The Commission

The coal situation was the most important matter under consideration at the regular weekly meeting of the Directors of the Belleville Chamber of Commerce, which was held on Thursday.

The Secretary-Manager, Mr. J. O. Herity reported, that he had received a reply from the Secretary of the Price Spreads Commission, now in session at Ottawa, in response to the resolution which was passed at the open forum meeting of the Belleville Chamber of Commerce, which was held following the dinner at the Queen's Hotel on Friday evening, Dec. 7th. The resolution, a copy of which was sent to the commission at Ottawa, urged that the wholesale price on coal at the port of Montreal be investigated; the reply from the secretary stated that owing to the short time remaining before the report of the commission must be submitted to Parliament, it would be impossible to deal with the coal situation at the present time.

Reply Unsatisfactory

The reply was considered by the directors to be most unsatisfactory and it was moved by Mr. E. V. Illsey and seconded by Mr. Mackenzie Robertson, that the Prime Minister, the Rt. Hon. R. B. Bennett and the Canadian Chamber of Commerce at Montreal be advised of the resolution submitted by the Belleville Chamber of Commerce to the Price Spreads Commission and the reply received thereto.

The resolution, which was passed at the open forum meeting and which was moved by Mayor Geo. O. Tice and seconded by Mr. H. E. Fairfield read as follows: "That this general meeting of members of the Belleville Chamber of Commerce in open forum assembled is of the opinion, that there is entirely unwarranted spread between the price of coal as received at the port of Montreal and the price charged, when shipment is made from that point to Belleville. The meeting therefore strongly recommends that this problem be referred to the Mass Buying and Price Spreads Commission now in session at the City of Ottawa so that a thorough investigation of every phase of the subject may take place."

Problem Great Importance

The directors feel that the coal price problem is of great importance to all citizens and they are determined to do all they can to create a movement towards finding a remedy.

The great spread in price between the cost of the coal, when landed in Montreal from the Old Country and the wholesale price charged, when shipped to Belleville, naturally regulates the prices which Belleville citizens are called upon to pay.

The primary election for directors to the Chamber will be completed next Friday, December 28th and the final election will take place on January 4th. Four directors are to be elected for the term of two years.

This was the last meeting of the directors until after the New Year.

The President, Mr. W. C. Springer presided over the meeting and the following directors were present: Messrs. W. A. Parker, H. W. Ackerman, E. P. Bernstein, H. E. Fairfield, W. H. Morton, J. B. Boyce, E. V. Illsey and Mackenzie Robertson.

A Greeting and a Pledge

As the year reaches its close, we wish to take this opportunity of acknowledging publicly the important part smokers have played in our recent success, and to express our sincere appreciation for the enthusiastic reception they have accorded GRADS.

It is particularly gratifying to know that smokers themselves endorse GRADS cigarettes so unmistakably as *"a change for the better."*

Deeply conscious of the responsibility such public support places upon us, we in our turn pledge to maintain the highest standard of quality in GRADS and all Grothe products, and extend to smokers everywhere sincere wishes for a Merry Christmas.

May 1935 be a year of happiness and prosperity : : : in every way *"a change for the better."*

R O Grothe
President.

An independent company, all Canadian capital . . . owned and operated by Canadians for over 30 years.

MAY RIDE IN U.S.

STEVE DONOGHUE

Six times winner of the English Derby, Steve Donoghue, one of the oldest of active British jockeys, is pictured leaving Newark, N.J., for the British West Indies, where he is to superintend handling of six thoroughbreds recently shipped from England. Later he will go to Los Angeles where he may ride in the $100,000 Santa Anita handicap in February.

ONLY ONE RAILWAY HAS BEER PERMIT

Most Lines Run Into Other Countries and Room Has to Be Sealed

Toronto, Dec. 21— (CP)—Thirsty travellers in Ontario may obtain beer and wine in the dining cars of only one railway in the Province, the Algoma Central in Northern Ontario, it was revealed here by E. G. Odette, Ontario Liquor commissioner.

When beverage-room sale of beer and wine became legal in Ontario last July provision was made for sale on steamships and in railway dining cars but only the Algoma Central took advantage of the permission, Mr. Odette said.

Other railways did not stock Ontario beverages because they are mainly interprovincial or international trunk lines and must seal their supplies, when crossings from other provinces or states into Ontario.

Solicitors of the railroads conferred with the Liquor Control Board but decided against applying for authorities when they learned the beer and wine regulations, the Commissioner stated.

According to regulations all beer and wine sold must be purchased from the Board. Consequently additional storage space would be required for products obtained elsewhere and more room for the Ontario thirst-quenchers.

Money Scarce for Needy but Dogs Well Looked After by Their Masters

New York, Dec. 21 (CP)—Humans versus dogs. On a wind-swept Broadway corner a pale little Santa Claus collecting change to buy Christmas dinners for the needy drew 20 cents in 15 minutes.

Hard by there, in a well-warmed departmental store, shoppers pressed three deep snatching up toys and things to fill the stockings of their dogs with good cheer. A rough computation from a distance showed five rushing clerks dumping something like $93 into the central cash drawer in 15 minutes.

A merry Christmas for towser anyway.

There is no argument with a human loving a dog, and the store's assortment of playthings was enough to loosen the tightest of purse strings.

There were rubber cat-heads that meowed when bitten, pork chops and appetizing bones in leather, rubber balls with a chocolate coating and, for the practical minded, feed dishes with sideguards to keep floppy ears out of the gravy.

One sabled woman spent $16.50 so her chow—Percy by name, she confided to the salesgirl—might have a tall bassinet with satin cushions stuffed with cedar-chips. The chips are supposed to be too much for the most determined flea.

Buys Toys For Doggie

A florid fellow bought an even $7 worth of toys and accessories, the latter including a tiny fur coat and a feeding dish scattered with china prongs to make towser eat slowly and avert indigestion.

The same florid fellow was the second customer from the dog-shoppe recognized pushing by the shivering Santa who collected the 20 cents for the volunteers of America Christmas fund. He didn't mind being stopped, when the subject of his dog's gifts was brought up.

"Great little fellow, Rascal," he said. Rascal is a bulldog, he enlarged, and Rascal would have a very special meal in his dish with china prongs Christmas day. "No chance of him getting indigestion, you know."

Not much chance of the needy getting it either, it seemed, unless the nearby Santa's luck took a quick turn for the better.

When the meagre "take" of Santa was mentioned to Rascal's proud owner he mumbled something about contributing to the upkeep of relief cases through the city sales tax, and charged off.

Perhaps, after all, it all depends on how you look at things.

PENSION SYSTEM CHANGE EXPLAINED

Municipal Clerks Will Now Act Instead of Boards After Jan. 1

Snow-drifted roads throughout Hastings and Prince Edward Counties cut down the attendance at the meeting of township representatives at Shire Hall in the city on Wednesday, but a fair representation of both counties was on hand to hear Mr. C. H. Green, chief inspector of the Old Age Pension Commission, outline the regulations governing the proposed transfer of pensions administrations from local boards to clerks of the municipalities. The proposed changes are expected to become effective on January 1.

Although the meeting was not largely attended and was expected to be held over until the afternoon, it was opened by Mr. Green in the morning, with an attendance of some ten or twelve as it opened. As the meeting progressed the attendance was swelled by the late-comers.

Inspector Green went over the various items with the municipal clerks and representatives of the various townships, making them acquainted with the proper method of filling out applications, gathering necessary information in respect to applications and the course to adopt in cases of appeal.

Leaves For Kingston

Following the meeting held in this city, Inspector Green left immediately for Kingston where he was scheduled to address representatives of townships in that district on the same matter. Previous to his Belleville visit he had addressed a similar meeting in Peterborough.

Representations by a large deputation from many of the municipalities of the province who protested the change in Old Age Pensions administration were heard earlier in the week by the Hon. Mr. Croll, Minister of Welfare, in Toronto, but the Minister's reply was to the effect, that the government intended to proceed with the new plan in an effort to reduce the overhead cost of administration.

Reeve Percy Stinson, secretary of the Pensions Board of Northumberland who presented the deputation's brief to the Hon. Mr. Croll said that the interview was conducted pleasantly, but it had not changed the attitude of the department.

System to Change

In the interview the secretary was told by Mr. Croll that the plan to go ahead with the new method of hearing the applications would be gone ahead with, but if it did not result in a direct economy, the government would be the first to admit it. The present existing overhead was said by Mr. Croll to be too high and that it was expected a saving could be made by having the applicants appear before municipal clerks. This is the new machinery that goes into operation on January 1.

There were seventy-five representatives at the meeting, which was attended also by Alderman T. H. Marshall of this city. All representatives were unanimously in favor of retaining the present system and fought strenuously against the proposed change.

TWEED

WILL VOTE ON BEVERAGE ROOM

Keen Interest Displayed in Forthcoming Election

Tweed.—Keen interest is being displayed in the coming vote on the question of whether a beverage room will be established in Tweed. The vote, which is being brought about by those who are interested in obtaining an affirmative anwser to the question, will be taken on January 7th, 1935, in conjunction with the municipal election. As Tweed is a local option town, it will be necessary for those favouring the beverage room to obtain a three-fifths majority.

The list of electors who have petitioned the local Municipal Council to have a vote taken consists of the following: A. J. Maynes, A. C. Blakely, E. O. Cournoyer, F. Fobert, A. L. Trudeau, D. Morrison, R. M. Quinn, G. A. Quinn, H. Way, Thos. Whalen, H. Green, Felix Rashotte, Ed Wright, W. S. Moon, T. W. Breen, Ed McIvor, C. J. Courneyea, C. J. Clark, R. M. Palmateer, Chas. Stevens, O. L. LaFontaine, Wilfred LeSage, S. A. McCarey, E. Cronk, Jas. Gabourie.

The following are a few of the citizens of Tweed who have definitely said "No" to the question: "Are you in favour of authorities being issued for Standard Hotels wherein beer and wine may be sold under the Liquor Control Act on which we vote on January 7th, 1935?" by endorsing the organization for the negative on the question with Dr. Wm. A. Paul as manager: Dr. J. A. Thompson, T. E. Moffat, B.A., Rev. R. R. Nicholson (United Church), T. C. Graham, E. W. Jones, J. L. McGowan, A. W. McGuire, B.A., I.P.S., W. H. Craig, W. D. Courtney, W. E. Tummon, M.P., M. G. Patterson, W. S. Gordon, M. Bradshaw, Dr. W. M. Mather, J. A. Morirson, J. D. Lindsay, A. Badgley, C. H. Kerr, J. W. Kingston, Ed Fitchett, S. H. Connor, Mrs. Ethel Foster, Mrs. Emma Richardson, C. H. Garrett, Mrs. Lillian Elliott, Claude Barnett, M. Drinkwater, Mrs. Ethel Kleinsteuber, Mrs. Edna Barnett, Mrs. Gertrude Way, Mrs. Cora Kingston, Miss E. S. Stuart, B.A., Miss H. Grindell, B.A., S. B. Rollins, Mrs. Ethel Tummon, Mrs. Rosella Drinkwater, Mrs. Mary Sayers, Geo. Francis, Austin Francis, Mrs. Alberta McGuire, Mrs. Lillian Frost, J. G. Frost, G. Morton, T. S. Rath, T. E. Rath, C. R. Brown, Dr. P. T. Bowlby.

Miss Ethel Rodgers while skating at the lake on Friday evening sustained a slight concussion when she fell and struck her head on the ice. She was unconscious for about ten minutes until revived by a local physician. She was taken to the Salvation Army Hall where she has been cared for by the Captain. Her recovery is now practically complete.

THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

IT IS THE STARS

Morning and evening in the heavens, there is now appearing one of the wonders of nature, a new blazing star, which has in a few days developed from one of the fifteenth magnitude to the second magnitude in brightness. Discovered on Friday, December 14, just one week ago by an English amateur astronomer, the Nova Herculis 1934 as it is called, is attracting world-wide attention The fact that it appears at the Advent season before the anniversary of the birth of Jesus, makes its appearance seem more remarkable. On the hills of Palestine many centuries ago the shepherds read the stars and astronomy held sway. Wise men of the East read one particular star which has come to be known as the Star of Bethlehem because it announced the birth of Jesus in that town. This star according to Holy Writ led the shepherds from the fields and Wise Men with gold, frankinsense and myrrh from their royal homes in the far Orient to the village of Bethlehem where lay the Child who was to become the greatest figure in all world history, for the potency of His appeal to all mankind and for the flawless example He gave of living in communion with the Divine.

The new star is known to science as an exploding star. Harvard University reports it is "growing steadily brighter and of increasing importance."

Science attaches only scientific significance to the event of the past week when the star first swam into the ken of the observant Englishman, yet many persons naturally see special significance in the appearance of the star in December just before the celebration of Christmas. Many hold that the star which the Wise Men who are recorded by St. Matthew followed was probably a star of a similar 'erupting' type, though they say that it was something which might occur in any month. But still to others the coincidence of the recurrence in December is very unusual.

The details of the movement of the star in its course similar to that of the Star of Bethlehem make the coincidence more remarkable still. The apparent course of the Herculis is from east to west and the star is found in the northeast just before sunrise and in the northwest after sunset.

Astronomers the world over are observing and studying the behaviour of the new star, and because of the powerful equipment now available for spectroscopic analysis it may prove the most important stellar outburst ever witnessed.

A study of photographic plates made while Nova was "just another star" indicates that not long ago it was of the fifteeenth magnitude. Now it is of the second.

The explosive outburst has therefore increased the brightness by more than 100,000 times in less than a month, says the announcement.

The spectrum, or shower of light, from the new star resembles that of the supergiant star, Alpha Cygni, and indicates the presence of enormous velocities in its exploding atmosphere. The star, most brilliant of its type observed here since 1918, is destined to reach maximum brilliance within a short time, then fade slowly back into its former insignificance.

95 PER CENT.

Toronto Telegram points out that ninety-five per cent. of the fatal accidents on the streets and roads are caused by two classes of drivers, that of incompetent drivers, speed maniacs and reckless drivers, and the other class made up of those smart men who think they are never too drunk to drive a motorcar. The Telegram claims that all of these accidents are preventable. The other five per cent. of accidents are due to defective mechanical construction or through the darting of a pedestrian in front of a motorcar.

31 YEARS AGO

This week the famous Wright Brothers were honored in the skies of the United States as over eight thousand planes of the army, navy and transport roared tribute to the Kitty Hawk flight thirty-one years ago.

Only one of the brothers was there to receive the honors of the United States, Orville Wright, his brother, the late Wilbur Wright's name being held in treasured memory of the people of the United States. A letter from the President, brought by a plane to Dayton, Ohio, carried greetings and the word that the Wrights had pioneered a new science, whose possibilities continue to unfold and whose bounds cannot be foreseen.

Since that memorable day when the first powered flight in a heavier-than-air machine took place, there has been a development in aviation to a degree excelling development in any other industry.

The man who is inclined to think his efforts of little avail has but to think of the progress of flying since the bicycle experts, the Wright Brothers, went to work on the principle of flying and built a machine that did fly. Had they not labored, it is a question if aviation might have been delayed for years. In that event what would have been the course of history by reason of the influence of flying on the outcome of the Great War? No one can tell.

But the world does know that the Wrights deserve an immortality of fame for their pioneer work.

CURE FOR LEPROSY

Seemingly accidental was the finding for a new leprosy treatment in Brazil. A Portuguese industrial chemist, named Moura while engaged in laboratory research work, badly smashed his middle finger by accident. Painful and swollen it came in contact with a liquid vegetable preparation which he was preparing for industrial use. Feeling relief from pain immediately and seeing the swelling subside, he proceeded to use the liquid over other wounds, finding it rapidly cicatrized and healed them. Moura consulted Dr. Chagas, who recommended mixing the liquid with chalmoogra oil, the result being the preparation which is showing amazing results in the treatment of leprosy. The liquid is obtained from a wild Brazilian plant but the name is withheld though the ointment has been offered to the Brazilian Government.

It is claimed that lepers in the early stages were cured in three months. As the cure has been only a recent discovery doctors are waiting to see if the results are permanent.

The cure will be used as a preventive and those in contact with lepers will be immunized.

While chance seemed to bring about discovery it was by the readiness and ability of the chemist and the doctors to profit by the finding that this cure has been found and made possible for man.

The same accident might have happened to others and a liquid with something of the same effect come in contact with the wound but there would have been no follow-up because there was no preparedness.

The world knows today that some of the cures reported in unscientific days actually did occur. The people who dealt in simples and in herbs had knowledge. Why herbs had certain powers they could not explain but they have told the modern world many of their secrets. Science today is not scornful of the aid which knowledge of herbs has brought to science. What more the old wisdom of the Middle Ages will give up has to be revealed.

THE APPROACH OF CHRISTMAS

Every aspect of the Christmastide is with us, the snow, the Christmas trees, the business in city and in country and on the market and the almost unending preparations for the great festival of next Tuesday. The promise is good for the merriment and happiness of that day.

The welfare workers are very active in church and social organizations, in firemen's committees to bring some form of cheer to those who could not have it of their making because of the battering of untoward economic blows which have blasted hopes of work and slowly taken away their competencies.

In institutions like the county jail, the home for the aged, the county home, and in numerous toher places, plans are made to bring something by which the season may be remembered.

In the schools and Sunday schools there has been entertainments for the pleasure and instruction of children, there rivalling the greatest entertainments of the old days.

Over the road broadcast there have already been begun the singing of carols and the telling of Christmas stories which help to create an atmosphere which harmonizes with the coming of Christmas.

In the churches elaborate plans are under way for the proper observance of the religious significance of Christmastide, which brought to the world the most remarkable figure who has ever affected the course of human history. Here in anthems and carols so rich in the simplicity of faith, even the faith of a little child, which the Master said was so essential, in prayer, in praise, in sermon, the many-sided joyous aspect of Christmas finds expression.

And then will come Christmas Eve with its riches of mystery and with the hopes of children, and then the day which is a family day and which is a children's day will dawn. Then hearts of humans will be as they ought to be, kindly, gentle, loving.

THE DAFOE DIET

The New York Times sees a possibility that the Dafoe diet will become general and sweep "this fair land." For the good of those who like to talk and think of diets the dietary is given as the quintuplet Dionne baby sisters know it—canned milk diluted with one quarter water and supplemented by dextro-maltose, orange juice, predigested porridge, tomato juice, an iron mixture, cod liver oil and plenty of water. The comment of the Times is "We shall soon be hearing of the extraordinary results produced by this diet in the case of 200-pound business executives trying to reduce, and likewise underweight housewives anxious to gain a few pounds."

This is an age which is glaringly weight and size conscious, but fortunately the Dionnelets have not yet reached that stage of sophistication as to know that fat people like to be slight and very slight people yearn for avoirdupois. If Dr. Dafoe were to set up as a diet specialist, he would still find the Dionnes the best patients he could get for they would be reacting to the diet while probably all other patients would be endlessly worrying him about their condition, largely because they would not follow his instructions and yet blame him because of failure to achieve results.

MOUNTAIN LOVE

The poet writes his passion,
The artist paints the grace
Of one he loves, and pictures
The beauty of her face.

The singer pours his heart out
In golden floods of sound
To ring their matchless praises
The whole wide world around.

But back among the highlands
Sweet words seem hard to say;
A speech of love is hazy
As mountain mists of gray.

A something strange and solemn
Keeps brooding on the hills,
It turns the heart to silence,
The tender phrase it stills.

It makes of love and hoping
So dear a thing, words fail;
But on the lonely hillsides
New cabins tell the tale.

—Aline Michaelis.

x x x x

JUST CAN'T KEEP DR. DAFOE and the Dionne quintuplets out of the news. Walter Winchell, New York columnist, got a big kick out of the calm manner in which Canadian newspapers handled the news of the Dionne "Blessed Event" in multiplicity. North Bay correspondent queried Toronto paper, "Quintuplets born near here—how much?" The answer came back, "250 words," and that was that. Then the Yankee papers took the story up and it expanded daily and keeps expanding, bidding fair to be perpetual. Winchell relates with glee that Dr. Dafoe visited Toronto before proceeding to New York City and the Toronto papers gave his presence very little space. However, when the Callander-Madoc doctor reached New York he was surrounded by a buzzing swarm of newspaper writers and camera men, and immediately crowded all wars, famines, pestilences, Yugoslavakia, and the NRA off the Front Page of the metropolis. Not only that but the New York correspondents of Toronto papers sent columns of Dr. Dafoe to their papers and it was eaten up avidly, together with pictures galore. Winchell cannot understand why Toronto newspapers did not spread on Dafoe when he was in that city in person, instead of waiting until he could be presented in the New York manner. Mr. Winchell should know that Canadians are not as hysterical as his home readers, and that Dr. Dafoe in a Toronto setting, a few miles removed from Callander, represented only a Canadian physician, who performed his daily duties in calm and clever manner and in a district where "Birth Control" is unknown, did his duty well whether it was singles, doubles, triples or quints in the stork's basket. In a New York setting, with a background of night clubs, Al Smith and the Empire State Building, together with a Washington trip and President Roosevelt and all that kind of thing, Dr. Dafoe became news of a different nature. In his own familiar Callander setting he was not big news to his Canadian neighbors, but very big news to the sensation screaming news sheets of Manhattan. Taken out of his own setting and plunged into the maelstrom of Yankee hysteria in New York City and Washington Dr. Dafoe was big news to Canadian newspapers—so you see Mr. "Blessed Event" Winchell, it's all in the setting.

x x x x

AND DR. DAFOE spent half a day in Belleville before he left for New York City and didn't even get a personal.

x x x x

MERRY CHRISTMAS—I wonder—said the man who found mixed with his Christmas card mail notice of a note due at the bank the day before Christmas—when all through the house, etc.—and a message from the Hydro that his electricity bill is due and payable the day after Christmas. Merry Christmas—Oh, Yeah!

x x x x

JANUARY WILL BE COMING ALONG one of these days with a clean sheet for everybody—mostly everybody—a chance to start again from scratch for most of us and just see if we can't make a better run of it in the fifty-two weeks ahead. All set—on your mark!

x x x x

A strange minister was about to preach as candidate for a vacancy in a Scottish church and the beadle asked him, "Are you a 'paper' minister?" The candidate replied that he usually read his discourse. "Oh, that's a' richt, then. When a man has a paper we ken that he'll end where the paper ends."

FACTS WORTH NOTING ABOUT YOUR HEART

Nervous People Often Imagine They Have Heart Trouble

By Louis E. Bisch, M.D., Ph.D.
Famous Authority on Health and Psychology

(Copyright, 1934, King Features Syndicate, Inc.)

The existence of circulation of the blood, one of the marvels of the human body, was discovered by Harvey in 1628.

When one stops to consider the fact, it is interesting to note that the blood always flows in one direction. Arteries and their finer branches carry blood away from the heart, while veins carry it toward the heart. The reverse flow of blood is controlled by valves in the veins.

When blood enters the right chamber of the heart—the right auricle—it flows next into the right ventricle. From there it flows into the pulmonary artery and into the lungs.

In the lungs, the blood gives up its waste—carbon dioxide— and takes on a fresh supply of oxygen. From the lungs, pulmonary veins carry the blood to the left auricle of the heart. It then flows into the left ventricle. And from the left ventricle, it is pumped through a large artery, called the aorta, and is made to flow through smaller arteries throughout the body.

Finally, the blood is collected again by the veins; eventually it gets into the large vessels, the superior and inferior venal cavae, and by them is conducted into the right auricle of the heart.

There are, therefore, really two circulations. One is the lung — pulmonary circulation—the other the body — systematic circulation. These two circulations are going on at the same time and are possible because of the pumping action of the heart.

The heart pumps at the approximate rate of seventy-two strokes each minute, day in and day out. andaltcivtMsaektCSRA

At each contraction of the ventricles of the heart there is pumped about six ounces of blood. If one calculates how much work this means in twenty-four hours, it is found to amount to the work and energy required to move twenty tons.

The heart really never rests throughout life. The only rest period occurs during the dilation of the heart, which is about four-tenths of a second between each beat.

Nervous and apprehensive people often think that something is wrong with the heart or circulation and develop the habit of feeling their pulse.

In the first place, the normal pulse rate varies from eight to ten beats a second under ordinary changes of sitting, walking, standing and resting.

Secondly, as soon as attention is directed to one's pulse it always tends to increase in rapidity.

At birth, the pulse rate is much higher than the adult rate of seventy-two. It is about one hundred and thirty. At three years of age, it averages one hundred. At old age, it is likely to be sixty-five.

Women often have a more rapid pulse than men. This is probably due to their emotional tendencies, for all forms of mental excitement increase the heart-beat.

Pulse rates over seventy-two are often encountered in perfectly healthy individuals and have no significance whatsoever.

Dr. Bisch's Daily Diet Hint

In large cities and even in smaller communities, it is not necessary as a rule, to filter the water or to boil it. This is because large water supplies usually are taken care of by filtering plants. Be sure, however, that such is the case regarding the water you drink in your home. If in doubt as to the purity of the supply, send a sample of the water to your nearest health bureau.

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

DEC. 21ST, 1914

Mr. Frank M. Doyle is home from New York to spend Christmas.

Mr. John Taylor will spend Christmas with his daughter, Mrs. J. C. Jamieson, in St. Paul, Minn.

Miss E. Moore of Queen Victoria School will spend Christmas at her home near Napanee.

Miss M. M. Drewry of Queen Victoria School will spend the Christmas vacation at her home in Smithfield.

At the annual meeting of Foxboro L. O. L. No. 8 the following officers were elected: George McCullough, W.M.; Bert Cook, D.M.; Chas. Empson, Chaplain; Earl Bird, Rec. Sec.; Arthur Gaulf, Fin. Sec.; Frank Laugh, Treasurer; Geo. McCoy, Director of Ceremony; Elgin McDavitt and Ben Ketcheson, Lecturers; Henry Gerow (Foreman); Dr. J. A. Faulkner, Dan Carl, Jas. Lake and Jas. Elliott, Committee; Richard Yorke and P. Thompson, Tylers. There are 66 members in the lodge in good standing. County Master William Reynolds was present at the meeting.

30 YEARS AGO

DEC. 21ST, 1904

Mr. Irwin Wallace is home from McGill College, Montreal, to spend Christmas.

Mr. Donald Harold and daughter of Pueblo, Col., are visiting friends in the city.

Mr. Wm. Douglas of Fort Stewart, ex Warden of the county and a member of the county council was a visitor in the city today.

Miss Greene, a graduate of the Toronto General Hospital, has arrived in the city to take charge of the Belleville General Hospital. She comes very highly recommended.

At the annual meeting of Plainfield L.O.L. No. 179 which was held in their new hall, W. Bro. W. J. Hall, P. D.M., and Bro. F. Hall, D. M. occupied the chairs. The officers elected and installed were as follows: W.M., Fred Hall, D.M., A. O. Garrison; Chaplain, W. H. Hall; R.S., W. J. Gillespie; F.S., W. Rollins; Treas. E. B. McKenzie; D. of C., J. W. Lloyd; Senior Committee, D. Hall, L. Brintnell, H. Brintnell; Junior Committee, Wm. Moore, J. Hamilton, B. Collins, Jas. W. Hamilton. The election and installation were very ably conducted by W. J. Hall, P.G.M. and W. Patterson, Pre. D. of C.

40 YEARS AGO

Dec. 21st 1894

Mr. William Johnson has returned after a trip to Hamilton and St. Catharines.

Mr. W. H. Meagher of Napanee, was a visitor in the city today.

Mr. G. E. Minns and son, Ralph left today to visit friends in Montreal.

The Rev. C. J. H. Hutton, the new rector of Christ Church, returned today from Sharbot Lake, his former parish.

Mr. D. O. Roblin will leave early next week on a business trip to St. John, N.B.

Dr. H. A. Yeomans of Deseronto was in the city today.

Fox hunting furnishes good sport at present.

Row boats were moving about in the harbor today.

Farmers in some localities are taking advantage of the mild weather to finish their fall ploughing.

50 YEARS AGO

Dec. 21st., 1884

The Legal and Literary Society held its regular weekly meeting last night. After conducting the usual routine business Parliament was opened and a new Government took the reins of power. The Government is now composed of the following: M. Wright Premier and Minister of Interior; J. M. Anderson, Minister of Justice and President of Council; W. Mykel, Minister of Finance and Public Works; Adam Scott, Minister of Agriculture and Postmaster General; W. H. Campbell, Minister of Customs and Inland Revenue; F. S. Wallbridge, Minister of Militia and Railways and Canals; G. W. Green, Minister of Marine and Fisheries and Secretary of State. A bill for extending the franchise was brought in and after some discussion was postponed until the next meeting which will be next Monday evening. There will also be a debate on the Scott Act.

Murney Ward has seven candidates in the field this year for Aldermanic honors.

Mr. R. M. Clarke is a candidate for Alderman in Foster Ward. He has represented that section of the city for four years in a very acceptable manner.

The retiring High School trustees this year are the Rev. J. W. Burke and Mr. Wm. Doctor. Both gentlemen have rendered good service and seek reappointment.

CONFIDENCE IN LEADER EXPRESSEDBYVETERANS

Resolution Passed Will Be Sent to Widow of Earl Haig

The unbounded confidence in the late Field Marshal Earl Haig, Commander in Chief of the British Army, which was displayed by members of the Canadian Expeditionary Force during the Great War, is still evident among the returned men long after the noted leader has been laid at rest, it was shown at a meeting of the 2nd and 21st Battalion Clubs in this city last evening.

Prompted by the published memoirs of Lloyd George circulating at the present time, in which it is said attacks have been made on the leadership of Earl Haig, especially at Passchendaele during the latter days of the war, a resolution of confidence in the leader's generalship throughout was moved by Comrade James Lancaster and seconded by Comrade Peter Tilley. The resolution, a copy of which will be sent the widow of the late Earl Haig, received unanimous support of the members present.

'Trashy Pacifist Talk' Judge McLean Denounces In Address to Veterans

Military Training Will Not Hurt Anyone Says Speaker

BE PREPARED

Honors Second And 21st Battalions For War Record

In one of the most timely, topical and interesting addresses yet given returned men of the city and district His Honor Judge McLean, Picton, Hon. Colonel of the Hastings-Prince Edward Regiment, guest speaker at a meeting of the 2nd and 21st Battalion clubs of this city at Memorial Hall last evening called upon his hearers to denounce "trashy pacifist talk so prominently played up by a certain type of slushy newspaper these days, and to defend their country by force of arms if necessary the moment the occasion arises."

"The way some of these newspapers talk—some of the more slushy kind if I may use the term—of their peace peace, peace, it's a wonder, that some of you boys don't feel just a bit ashamed of yourself for rallying to the support of your Mother Country in that great conflict," he told his interested audience.

Canada unprepared for any eventuality which might arise was unthinkable, added the speaker. "But the propaganda that is being disseminated against the carrying of arms of any sort at the present time is enough to make any young man of today somewhat ashamed and self conscious of taking part in any sort of military training. Thank goodness, I have two boys of my own, who are now taking a regular course at the Royal Military College, even though they never intend to be professional soldiers. Military training is no disgrace for anyone."

Canada's Place in World

Judge McLean's talk to his large audience was not the stirring and fiery oration of some sabre rattling general of the old school, but rather a quiet friendly discussion of Canada's place in the world; of her debt and duty to the Mother Country; of the debt, too, she owed herself to "be prepared."

Introduced by Lt.-Col. Geen, Judge McLean stated, that the request he had received to come and speak to his Belleville audience was interpreted as an order. "A good soldier always follows orders."

In his opening remarks the speaker referred to the two clubs he faced as having been drawn from "the backbone of the country and the cradle of the old United Empire Loyalists whose glory, like the glory of the Canadian troops who had fought so nobly in the recent conflict, would never be dimmed."

"All of us are proud and a bit envious of the record of the 2nd and 21st Battalions. The only pity is that more of them did not come back to be with you here this evening."

To honor those, who had fallen and died and still lay in the sunny fields of Flanders and elsewhere on foreign fronts, the annual tribute of remembrance on Armistice Day is one, that never should be allowed to die out he impressed his hearers. "We owe them that debt, those comrades who gave their best, and died in so doing."

Speaker Bitter

In his denunciation of those who would outlaw preparations for defence of their country and who would attempt to do away iwth all military training and sever allegiance with the Mother Country in the event of trouble, a tinge of bitterness crept into the remarks of the speaker.

"It has been said, repeatedly, that in the event of Great Britain's participation in any conflict, no matter how just, that it would be her fight—pacifists would have us keep out of it. Canada would go serenely on her way. We would refuse to fight. But if Britain did go her way, and Canada was left without the shielding influence of her protection, where would she be within a short time?"

"Canada must be reasonably armed and equipped and prepared for war! Not one of us wants one. But if it comes, then we must be ready to meet it. A householder, who works hard and acquires a little home does not wait until fire sweeps it to the ground before applying insurance on it. Not if he is a sensible man. He will keep, that house insured in the event of such a happening."

"I don't agree that Canada should pull away from the Mother Country if the Homeland is forced into conflict. Britain is not going to enter into any war that is not a righteous one. She has never yet participated in one, that was of her own making. Following the recent war we have heard rumors that Britain entered the war at the behest of the armament makers. There has never been one tittle or one jot of evidence to show that is so, no matter how much investigation has been carried on. Two reasons plainly show, why Britain entered the war. One was her duty toward the protection of the neutrality of Belgium. The second was that she was afraid of the consequences of a wandering horde marching through France and Belgium! She entered for the very good reason, that she wanted to protect herself!"

Canada Receives Benefit

The ties that link this country with Britain must always result in the close bond that is so apparent, pointed out Judge McLean. And in this deal, Canada is receiving all the best of it, he added.

"The finest life in the world is to be found in Great Britain. We in the British Empire enjoy the greatest freedom, the greatest moral rights of any country in the world. We may talk as we please, do as we please to a far greater degree than anywhere else in the world. Our links in this great empire have shown that this freedom, these rights are appreciated. And in no better way was this demonstrated than in the last war. South Africa was a country conquered by Britain. Yet South Africa did not revolt and turn against Britain, but instead, chased the enemy out of her borders, and joined in the fight. In Africa you saw the same thing. Egypt, too. They were all conquered countries, but they have thrived under the protection of the Mother Country and are steadfast in their loyalty. There will be no severance of bond."

"Who has kept the peace during the perilous times since the end of the last war in spite of the turmoil that has existed through the world?" suddenly asked Judge McLean. "Britain has been the peacemaker, guiding the way for all troubled nations."

The speaker referred to the Constitutions of the Mother Country and of Canada.

"Canada's Constitution was written; England's just grew, like little Topsy. Canada, when she wrote her Constitution depended on her neighbor to the south for many of her laws. But the ones which were obtained from her southern neighbor since they have been incorporated, have been a steady drag on Canada. On the contrary, the ones that Canada adopted from England have been ones that have helped her along since. They have been good ones. Forty years' study of law has pointed this out very clearly to me," added Judge McLean.

Keep Alive Traditions

"Keep alive the glowing traditions of this and the Mother Country. Be prepared always to carry on the glorious name so nobly won by you during the last great conflict. Work and help this country, that is yours. You have an actual part in the affairs of it. The time will not be long until the Houses of Parliament and the Legislature will be occupied by returned men. You are fast becoming the leaders in thought and action in your country. Your bodies may have been physically weakened by war, but you have the mind, the experience, the training of hard knocks and the travel that is necessary for rulers," concluded Judge McLean amid the applause that only returned men know how to give.

Judge McLean before he concluded his interesting address called attention to the amount of work, that was being carried on among war veterans of Prince Edward County. Since organization of returned men had been completed there, some five thousand dollars had been expended on emergency relief cases. Regular banquets now held by the Veterans have also been cut down in price from one dollar to a maximum of twenty-five cents per man simply through enlisting the aid of women of the various church parishes in arranging them.

A vote of thanks for the excellent address was moved Judge McLean by Capt. J. S. Gilmore and seconded by Comrade Garn Dobbs.

Present also was Comrade C. A. Cameron who in the briefest of addresses requested members of the club to spare a thought for other comrades, who perhaps might find themselves in distressed circumstances during the Christmas season. "Let us reach out and do our own little bit to help this fellow along," said Comrade Cameron.

RULES 29 YEARS

A recent portrait of King Haakon VII for twenty-nine years the ruler of Norway. Sixty-two years old, Haakon is not a Norwegian, but a Dane. His name is not Haakon, but Carl. When the Norwegian storthing, after divorcing Norway from Sweden's rule in 1881, chose the second son of Denmark's King to head their new state, Carl took the name of Haakon.

POLITICAL POT BEGINS TO BOIL

J. Earl Lawson Selected as Conservative Organizer

Ottawa Dec. 21 (CP)—In a sort of pre-sessional lull which now seems to prevail in political affairs quiet plans are being laid for the general election of 1935. The selection of J. Earl Lawson, M. P. for West York, as Dominion organizer for the Conservative Party is only one of a series of steps being taken by Prime Minister R. B. Bennett and his colleagues to put Conservative forces throughout the country in fighting trim.

A committee of the Cabinet has been working on organization plans for some time and when the date of the election is announced whether it is in the spring, summer or fall, a well-oiled vote-getting machine will be in the field.

The Liberal Party has also been active. In the National Liberal Federation it has a sort of permanent election organization and a permanent set of officials. The Federation met here last week and agreed on final plans insofar as this was possible in advance of developments the session of Parliament may bring.

In Government circles there has been a feeling the full significance of some of the advanced pieces of legislation enacted last session has not been driven home in the minds of the public. Consequently the next month or so may see the launching of a sort of educational campaign stressing particularly such things as the New Central Bank, the Farmers' Creditors' Arrangement Act and the Natural Products Marketing Act.

Parliament meets on January 17 and most forecasts agree the legislative programme will not be heavy enough to keep it overly long in session. The duration of session appears to depend on the attitude of the Opposition and the extent to which members will use Parliament as a medium for getting election propaganda out through the country. There are sure to be a number of speeches made with an eye to the coming contest.

RECOGNIZE SOVIET UNION

Paris, Dec. 21 (CP-Havas) —The government now being formed by Boguljub Yevtich will recognize the Soviet Union, Le Martin announced Thursday.

The late King Alexander of Yugoslavia remained sternly opposed to recognition of the U.S.S.R. but the Belgrade correspondent of the Paris paper indicated that Prince Paul, senior Regent, had probably already consented to the recognition move as one of the many innovations expected of the Yevtich cabinet.

BUNION DERBY FORBIDDEN

Chatham, Ont., Dec. 21 (CP)—Mayor Davis today ordered Chief of Police Low to prevent the use of the city streets for a bunion derby for unemployed men on Saturday. The stunt was sponsored by some men who planned to give Christmas fowl to winners and entrahts.

THURLOW SCHOOL GIVES CONCERT

Pupils of S. S. No. 11 Entertain Large Audience

Fourth Thurlow.—On Monday evening, December 17th, the pupils of S. S. No. 11 and their teacher, Miss Helen Jones, of Stirling, entertained a packed schoolhouse with a most interesting program of Christmas recitations, plays, songs and exercises. Much credit is due Miss Jones for the splendid training the children have received. Enjoyable numbers were given by two visitors, a solo by the little niece of our teacher, and several readings by the Rev. Rowland, also of Stirling, which sent the audience into gales of laughter.

Miss Erma Mulholland of Tweed was a week-end guest of her sister, Mrs. Bruce Martin and family.

Mr. Wm. Way and Leon of Consecon, were entertained over the week-end at the home of Mr. S. Way.

Mr. and Mrs. M. Paul, Third Line, were Sunday visitors of Mr. and Mrs. Chas. Cole.

Mrs. Rice and Ross of Bowmanville and Mrs. W. Clapp, Corbyville, called recently on Mr. and Mrs. W. N. Badgley.

Mrs. J. McAllister, of Kingsford, also Mrs. Geo. Martin, 6th line, visited Mrs. S. Cooley this week.

Master Clifford Wilson was able last week to have the plaster cast removed from his thigh. His friends hope he will be well enough to enjoy Christmas Day up and around.

Mr. and Mrs. Jim Cranston of Stirling, spent Sunday with the latter's parents, Mr. and Mrs. Chas. Miller.

Mrs. G. Nicholson, Sr. of Wallbridge, Mrs. C. McKinney of Belleville and Mr. Harry Burris of Hillier took dinner on Tuesday with Mr. and Mrs. R. Miller.

Mr. Arthur McCreary and Mr. Chambers of Eldorado, took dinner on Monday with Mr. and Mrs. Chas. Cole.

Mr. and Mrs. Melville Windover of Selby were tea hour guests Thursday last of Mr. and Mrs. Wesley Bradshaw.

Mrs. E. West and Mr. and Mrs. George West of Madoc were Sunday visitors at the home of Robert Miller.

Mr. and Mrs. Grant Cole and Harold took dinner on Sunday with Mr. and Mrs. Harry MacPherson, Third Line.

Mrs. Jones and daughters of Stirling, also Rev. Rowland called at the home of Mr. and Mrs. S. Way Monday evening.

Mr. and Mrs. John Miller of Peterboro and Mr. and Mrs. Alex Miller and June of Fraserville were tea hour guests on Sunday of the former's brother, Robert Miller.

Mr. S. Cooley has been on the sick list but friends are glad to know she is some better.

Mr and Mrs. Robert Miller attended the fiftieth anniversary of the wedding of Mr. and Mrs. Robert McMechan on Monday, December 17th at their home in Tyendinaga. Mrs. McMechan is a sister of Mr. Miller.

Mrs. Lydia Way called Thursday afternoon last on Mrs. S. Way.

Mr. and Mrs. W. Sparrow entertained Mr. and Mrs. J. Miller of Peterboro and Mr. and Mrs. Alex Miller and June to tea Monday evening.

IMPERIAL ARMY CAMPAIGNER DIES

Ottawa, Dec. 21 (CP)—Walter James Sussams, an old Imperial Army campaigner who had seen service under Kitchener in the Soudan, is dead at a local hospital.

Member of a family prominent in in military activities in various parts of the world, Mr. Sussams joined the British Army when only 19. He served against the Zulu King Cetewayo in the Rebellion of 1879, and later in the Boer War. After thirty years of service he was retired.

A son of Mr. Sussams, Major Walter J. Sussams served with distinction as an aviator during the Great War.

SPEEDBOAT RECORD MADE

Rome, Dec. 20 (CP-Havas) — A new record motorboat speed record has been established by Count Teorossi on Lake Sabaudia in the presence of Benito Mussolini. The count yesterday raced his six-liter motor at an average of 122.7 kilometres an hour.

Personals

Mrs. W. J. Hume, Walkerville, has arrived in the city to spend the Christmas season with her parents, Mr. and Mrs. J. V. Jenkins, Hotel Quinte.

Miss Mary Haggerty who is attending Queen's University, arrived home today to spend her vacation with her parents, Mr. and Mrs. James Haggerty, Church Street.

Mrs. Fisher, 302 Charles Street, fell and sprained her back Wednesday afternoon and is confined to her home for a few days.

Friends of Bud Day will be glad to hear that he returned home from the hospital after being confined to that institution for the past nine weeks with an attack of typhoid fever.

Miss Florence Downing, Picton, Mrs. M. Hewson, Trenton, Miss Katherine Hadden, Picton, Miss Betty Illsey, Belleville, Miss Ella Johnson, Trenton, and Mrs. W. D. Van Vliet, Trenton, were among the guests from this district who attended the R.M.C. Ball in Kingston on Wednesday.

Miss Helena Horrigan returned to her home, Cedar Street, yesterday from Hotel Dieu, Kingston, after undergoing an operation for appendicitis two weeks ago.

A slight improvement in the condition of Mr. Jack Lee, a patient at Belleville General Hospital, was noted today.

Mr. and Mrs. W. B. Deacon left today for New York City to spend Christmas with Mr. and Mrs. John Deacon.

Miss M. F. Ross, bride-elect, was the recipient of a handsome picture last evening, the presentation being made in behalf of the King George Home and School Club, by the President, Mrs. W. Harrison. Miss Ross was called to the platform during the Christmas concert at the school last night, Mrs. Harrison expressing the good wishes of the club, the parents and teachers. Miss Ross charmingly thanked her friends for their remembrance.

The euchre party sponsored by the Aajmaa Club in their club rooms last evening was well attended. The prizes were won by Mrs. Osler, ladies' first; Mrs. Parker, second; Mrs. Boyle, third; men's first, Mr. Sanford; second, Mr. Deacon, and third, Mr. Haslip. Mrs. Cope won the door prize.

As guests of the Deacon Shirt Company at a Christmas party for the staff, sixty persons sat down to a banquet at the New Queen's Hotel on Thursday evening. Mr. W. B. Deacon of the Company acted as chairman and gave a brief talk of an optimistic character. Added entertainment was in the form of music provided by the staff orchestra whose leader is Mr. E. Reg. Hinchey, well known musician and wartime leader of the famous 21st Battalion Band. After the dinner the entire party went to the Belle Theatre where they enjoyed the film "Caravan."

Christmas Concerts

QUEEN VICTORIA SCHOOL

QUEEN Victoria School pupils entertained their parents and other well wishers with a delightful concert in the auditorium of their school last evening and to say it was a success would be putting it mildly. The different numbers given showed the care, which the teachers and those responsible had displayed. The performance was smooth and no tiresome waits between numbers were in evidence. The stage was tastefully arranged, the long flowing curtains making an ideal background. Mr. A. C. Wilkins and his staff of teachers are to be congratulated on the success of their annual concert.

The program was not lengthy and was opened with a chorus by the junior choir, while the primary pupils sang "A Song of Sixpence". The second class gave a drill, executed in faultless style around the Christmas tree, this was followed by a little play "Little Bo-Peep", given by the little people. Myrtle Lancaster delighted with a tap dance, a dance, that seems to be in favor with the younger ones this season. The intermediate choir then gave a chorus, which was followed by a recitation by Jean Cook. Florence Korrigan and Douglas Roblin gave the old favourite "The Sailor's Hornpipe" and the senior girls gave a May Pole Drill in an artistic manner.

The value of music in the schools was beautifully exemplified, when the senior choir of the school delighted with a chorus and over 100 pupils took part in the final number, when an Operetta 'Santa Claus' Candy Kitchen' was given. The National Anthem brought to a close a most enjoyable evening and the teachers pleased with the artistry shown by their pupils.

CO-OPERATIVE WORKERS

CINKLING guitars, the strum of banjos, singly and in an instrumental harmony of fifteen and more entertainers. Songs, dancing and pantomimic acts of the individual entertainers. And the applause of a fairly large audience spurring the actors and artists on. All combined at the city hall last evening on the occasion of the concert arranged by members of the Belleville Co-operative Workers in aid of the Christmas Fund for the needy of the city. Although the attendance was slim, not half as large as anticipated, owing to many other outside attractions, those who did attend were treated to one of the best concerts yet held by the association or like organizations.

More than a dozen voluntary entertainers assisted Mr. Harry Wagner and his pupils in putting on the evening's splendid entertainment, officially billed as "A Night in Honolulu."

Opening the concert Mayor Geo. O. Tice, who officiated during the early part of the evening lauded the ambitious efforts of workers of the association in arranging such a worthy benefit. "At this season, when all the world is doing its utmost to carry on the spirit of the joyous occasion, there are many, who are unable to take part in the festivities owing to circumstances, which are beyond their control. It is to assist these people, that such concerts are and have been arranged. We must not forget those who are in want," said the Mayor.

Twenty-two different numbers were arranged on the program by Mr. Wagner. They included every effort, from tap dancing to old time dance tunes by the massed entertainers. Special mention is made of little Miss Madeline Walden who gave one of the best exhibitions of tap dancing.

The following entertainers took part in the concert: Warren Arnold, Ronald Arnott, J. Meldum; Bob Clare; Josie Sero; Tony De Genova; Pat De Genova; Robert Clarke; Harry Fry; Ted Pope; Harold Carter; Ernest Pope; Leo Huffman; Ronald Shortt; Frank Kikes; Earl Grey; Madeleine Walden; T. Brennan; Horace Daniels and others.

A TTHE O. S. D.

MERRIMENT reigned supreme at Ontario School for the Deaf yesterday afternoon when the first play produced by the students' Dramatic Club was presented for the entertainment of the school. The play "The Spirit of Christmas" was written, directed, staged and enacted entirely by the members of the Club and their initial offering has brought sincere commendation from the adults of the audience, to say nothing of the hearty acclaim of the students.

The play, yesterday afternoon, came as a climax to the series of Christmas parties held in each classroom and the students attending, clutched bags of candy and nts, or toys. The response of the audience was all that could be asked. The amusing school room scene kept them in uproar but with the entrance of Santa Claus and the really serious business of the play the audience lapsed into tense silence, as with bated breath and round-eyed wonder the children followed the actions of the beloved Christmas visitor.

Visitors Welcomed

An address of welcome by Jack Morrison, president of the O.S.D. Dramatic Club, opened the afternoon's program which was given in the Assembly Hall of the school. The curtains then parted on the first scene of "The Spirit of Christmas", where the audience found a class of boys and girls, led by a mishchievous older boy, making life interesting for the teacher. There were the teachers pet, the dunce, the funny boy but all were serious enough, when it came to writing the class letter to Santa Claus.

In the next scene, Santa Claus was shown in his workshop, where all manner of fascinating toys underwent a rigid inspection. At this point the audience was in ecstacy as lovely toys were delicately handled or played with by a very rotund and jolly Santa Claus. His special helpers, the little elves in gay costumes, arrived to dance around Santa and to deliver to him the letter from the class. With much deliberation and attention to detail Santa packed the articles specified, bade a fond farewell to Mrs. Santa Claus and with a great jingling of bells from his reindeer outside was off.

The Hanley family was next shown hanging stockings and getting into bed on Christmas night. Then Santa made a sensational entrance from the fireplace chimney, was caught filling the stockings and was persuaded to tell the children a Christmas story. Santa's story is acted out in the next scene and tells of a wealthy family of children joyous over their gifts but ready to share all with a poor waif who comes to the door. The curtains close on the little family tucked into bed by Santa Claus who once more joins his reindeer team.

Produced by Pupils

The audience could not help being impressed by the splendid presentation and could hardly imagine, that the entire production was that of students. The clever little play, the talented acting and the interesting stage settings combined to make the program a worth while venture of the club. These deaf boy and girl actors have mastered the art of pantomine to a surprising degree, their very handicap having contributed to the necessity of expressing thoughts accurately in gestures. At the same time, their spoken lines, and there was considerable dialogue, were perfectly audible to the hearing people in the audience. It is hoped that this club which numbers fifty senior members of the school will produce other plays in the future. The officers are: President, Jack Morrison; Vice-President, Dorothy Oulette, (who was author of the play) Secretary, William Rule; Treasurer, Norman Sero.

The play was also presented on Wednesday evening for the teachers and their friends, when a collection was taken for the Star fund by the club. Christmas carols were sung between acts. Two beautiful Christmas trees ornamented with twinkling lights, red rope and pop corn, strung by the children, gave a festive air to the stage, and as one passed the various class rooms, glimpses of lovely Christmas decorations were revealed.

The play was practised in great secrecy as a surprise for the teachers, who were more than pleased with the splendid entertainment. Especially amusing was the way in which the teacher in the cast subtly impersonated first one teacher and then another, to the delight of the taaff.

The following is the cast and although Santa Claus' identity was shrouded in mystery it is whispered about, that Rothan Hawthorne had a large part in the play.

The Cast

Ella Hanley—Ella Pritchard
Ellen Hanley—Ellen Marzei
Lillian Hanley—Lillian Dubeau
Lloyd Hanley—Lloyd Greene
Russ Hanley—Russel Manning
Eddy Hanley—Edmour Cloutier
Teacher—Barbara Mollison
Santa Claus—St. Nicholas
Mrs. Santa Claus—Fern Spencer
Elves—Allan Leach, Mary Pat Edwards, Bert Pollington, Thelma Wall, Elwyn Knowles, Shirley Wilson, Ronald Hazlitt, Mary Tonkin, Clifford Martin, Patsy Richardson.
Mrs. Hanley—Margaret McLeod
Mary the waif—Kathleen Hales
Wealthy children—Ruth Morton, Helen Hallman, Rose Benedict, Normand Hawthorne
Play Director—Dorothy Oullette
Stage managers—Jack Morrison, Norman Sero, William Rule, Wallace Sloan
Incidental music—Mr. Gordon

KING GEORGE SCHOOL

WHILE winter prevailed elsewhere in the city, visitors to annual concert of the King George School last evening were taken in imagination to fairyland on Midsummers Eve as the children of the school were seen and heard in a very charming operetta by that name. The sweet voices of the children singing the lovely melodies of the musicale and the picture they made in their pretty costumes will not soon be forgotten by those privileged to attend.

Against a background of evergreen boughs, which made a perfect forest setting, the stage flanked by two huge brightly decorated Christmas trees, the elves, and flowers, the will o' the wisps, and the entire fairy court, danced and sang for the delight of the audience

Guests were greeted by the principal, Mr. Kelk, who invited all to visit the institution frequently assuring them of a warm welcome. The welcome of the children was communicated in a smart welcome song by the primary department, which opened an evening of real enjoyment. A Mother Goose drill introducing familiar nursery rhyme characters followed and then a chorus of little tots sang a Christmas chorus. A Toyland drill captivated all hearts as the small children sang and demonstrated the features of their favourite toys. A solo by Douglas Browning who possesses a very lovely voice concluded the prelude to the operetta. Between acts one and two Norma Smith contributed an amusing recitation which was very well done.

Story Told in Song

The musical play told in solo and chorus of little Dorothy wanders away from her home in search of the fairies who are said to be visible on Midsummer Eve. She is lost in the forest and the mischievous will o' the wisps decide to lead her astray. These will o' the wisps are dark little figures with bright lanterns, who do a fascinating dance for the audience.

In the second act the fairy court appears, beautiful Queen Mab in her regal scarlet, her jewels and crown, assisted by two adorable attendants in daintiest of costumes, Arbutus and Innocence, and a chubby page boy. The flowers in costumes of orange, blue, yellow, mauve and pink attend the court dance and sing for Her Fairy Highness. A small elf appears to tell the news that the elves have rescued a little girl from the will o' the wisps and she is invited to the fairy council. The gracious Queen makes Dorothy a princess, Forget-Me-Not, and entertains her. Lovely dances by the cheery little elves and flowers, wand drills and marches, transformed the stage into a rainbow of mingling colors while the sweet, clear voices of the children lifted in song added to the appeal of the scene. At the apearance of Dawn, resplendent in white and silver the Queen reluctantly allows the gentle Princess to go home but invites her to be their guest next Midsummer Eve.

These in charge of training the children for this musicale are deserving of highest praise for the splendid result of their coaching. They were Miss Dorothy Boyle who also acted as accompanist and Miss Smyth. At the conclusion of the program brief addresses were given by Rev. Harold Reid of the Board of Education and Mr. W. J. Harrison, chairman of King George School, expressing the congratulations of the audience to the principal, staff and teachers of the school for the splendid evening's entertainment.

Those who took part in the play are as follows.

Dorothy .. .. Kathleen Moore
Queen Mab .... Rita Lancaster
Herald . . . . Jack Hickey
Pages .. Allan Vickers, B. Edwards
Arbutus .. .. Alice Matthews
Innocence .... . Betty Lynch

Spirit of Dawn—Patricia Bauerlein
Mistress of Royal Robes— Rhoda Moult.
Stage lights controlled by J. Vickers.
Stage Manager—Jack Clarke.

BETHANY SUNDAY SCHOOL

Last night Bethany Sunday School heuld their Christmas tree in the Bethany United Church. Mr. R. Brown superintendent of the school asked the pastor Rev. Merrick to preside. The church was beautifully decorated and well attended.

The program was opened with a chorus by the school, "Wondrous Beauty." A short address of welcome was given by the chairman. Recitations were given by Roy Treverton, Duane Martin, Herschell Beer, LeRoy Sills N. Wilson, Gerald Eggleton, Allen Smith, Phyllis Walker, Doris Way, Arthur Treverton, Alton Sills, Carman Way, Lyle Walker, Earle Yateman, Ferne Easton, Cecil Walker, Marjorie Phillips, Joy Osland, Jean MacPherson, Walter Easton, Donny Yateman, Norman Ritz, and Harilyn Eggleton.

A chorus "Merry Christmas" was well given by six girls. Two numbers were given by Bethany orchestra. Miss Reta Clarke rendered an instrumental. Three dialogues were presented, "Arabella's Poor Relations," "Going to a New Home" "Trails at Headquarters." A chorus by little folks "The Happiest Christmas Day." A piano solo by Miss B. Way. A male chorus. A sketch was given on the "Spirit of Christmas." The program was closed by a chorus, "From Far Away" and God Save the King.

After the above program the pastor on behalf of the Sunday School executive thanked all who had contributed to the delightful program. Then came Santa Claus in his usual jolly manner and to the delight of the children supervised the distribution of the Christmas presents which were hanging from the tree. Many friends remembered Santa on behalf of the Sunday School presented the pastor and his wife with a most precious gift which is greatly appreciated.

CLEVER CONCERT IS PRESENTED

Scholars of Rawdon S. S. No. 8 Take Part in Program

East Seymour,— A Christmas Concert was put on at S.S. Section No. 8, Rawdon by the teacher, Miss Grace Dayman, who is to be highly congratulated on the success of her faithful training of her pupils. Special invitations had been sent out to outsiders as well as to the pupil's parents hence there must have been all of one hundred and thirty present, counting all the children.

The School was prettily decorated suitable for the occasion, the Christmas Tree the centre of attraction. A long interesting and varied program was given as follows—

In the absence of the appointed Chairman Rev. F. G. Joblin, Councillor Carl Clancy filled in for a few numbers. The items included opening chorus "How'd do Folks"; Recitation by Eleanor Heagle; Song by Gerald Taylor; Recitation by Douglas Clancy; Chorus, "King Wenceslaus; recitation by Ted Pollock; recitation by Maurice Clancy; a vocal duet by Misses Dayman and Lucile Dracup; recitation, Charles Maybee; a "Bough" Drill performed by Misses Alma Johnston, Leala Linn, Margaret Taylor, Iona Hinds. Dorothy Hinds gave a recitation; In a humorous dialogue "Reading the 'News-Argus' Miss Dayman Carlyn Johnston and Gerald Johnston took part. Other numbers were a chorus "Santa's Coming"; recitation, Helen Johnston; solo by Jim Watson; recitation, Don Pollock; a junior chorus 'A Chinese Boy'; recitation by Gerald Clancy; recitation, by Allan Heagle; a doll drill representing an Eskimo, Chinese, Japanese, Indian, Negro, Sailor Soldier, Clown, Eaton's Beauty, etc. the cast being Gerald Clancy, Don Pollock, Allan Heagle, Doris Pollock, Jim Watson, Dorothy Hinds, Helen Johnston, Gerald Johnston, Gerald Taylor, Ted Pollock, Charles Maybee Douglas Clancy; Recitation by Gerald Johnston, chorus "A Merry Christmas"; recitation by Doris Pollock.

At this juncture, Rev. F. G. Joblin, who had assumed the leadership some time ere, this then called upon Mr. Humphries of Norwood for a song entitled "Down by the Railroad track" which was much enjoyed. Then followed a play entitled "What happened at Brent's" in two acts. The cast was introduced by Miss Dayman who impersonated Mrs. Brent herself. Leala Linn, Alma Johnston, Margaret Taylor, Carlyn Johnston, Iona Hinds, Roy Sharp, Donald Nix, Gerald Jackman, Donald Walker. It captivated and convulsed the audience with laughter. Interspersed between the acts was a violin selection "Holy Night", by Jim Watson, a chorus "With a Tear in One Eye' brought the program to a close, but Santa was not long in appearing and stated he came via Campbellford and was very facetious in his remarks before dismantling the tree, gladdening the hearts of the little ones and yes! the older ones as well.

The pianists were Misses Dayman, Lucile Dracup, Mrs. John Heagle, Mrs. G. V. Taylor and the lady who played for Mr. Humphries.

Personals

Mrs. Geo. Craighead spent the tea hour on Friday with Mr. and Mrs. G. V. Taylor.

Miss Helen Walker is spending a few days with Carlyn Johnston.

Mrs. Harold Johnston is still confined to bed.

Miss Anita Williams, Reg. N., of Toronto, is visiting her parents, Mr. and Mrs. Totton Williams of Hoard's.

Bruce Twigg of Menie was unfortunate to be bitten by a cog necessitating several stitches being taken to close the wound.

Mrs. Fraser of Campbellford, is nursing Mrs. A. T. Donald, who is seriously ill.

Hoard's Cheese and Butter Co.

At the annual meeting the follow report was given by the Secretary— lbs. milk 1,756,979; lbs. cheese 146,884; lbs butter fat 53,572; lbs. whey butter manufactured 5,078 average lbs. milk per lb. cheese 11.90; average lbs cheese per lb. butter fat 32.74; average price per lb. cheese 9.72; average price per lb butter fat 23.26; average price per standard 21.40 cents.

Officers for ensuing year—

President and Secretary— Earl McAdam.

Auditor—Chas. Hoard.

Directors—Messrs. Will Potts; Frank Bailey, Fred Jeffs, (since deceased); Harry Parr, Ed. Rannie, Fred Stollery. Cheesemaker, Max Remington suceeds his father who was cheesemaker at Hoard's for twelve years.

.... .. St. Andrew's Guild .... ..

St. Andrews' Guild met on Monday night with a good attendance. The President Mr. Malcolm Hutcheson presided. Hugh and Garnet McMillan rendered a pleasing vocal duet, Douglas Milne gave a comprehensive talk on conditions in Europe and Rev. J. A. McMillan dealt cleverly with recreation, speaking on picture shows and amusements in general what recreates body, mind and soul. Vera Cassan gave a reading.

PRICES PAID GROWERS CUT

(Continued from page one)

on an acreage basis.

For instance, the maximum quantity the Company is obliged to accept per acre for tomatoes is 175 bushels but the Ontario growers claim the average yield is 200 bushels. Similarly, the average crop of beets is 12,000 pounds but the Company takes only 3,000 pounds.

The company reserved the right to supply seeds at reasonable prices. Cotes quoted William R. Drynan, general manager of the company, as saying the Canadian canners had never sued a grower for breach of contract, nor had a grower ever sued the company. Witness also quoted H. L. Leitch, a director of Canadian Canners, to the effect the company had no knowledge of dissatisfaction among growers.

Allege Growers Favored

Drynan was again quoted as saying the contract was one-sided in favor of the grower who was not bound to fulfill it, while the company was so obligated.

Prices paid by canners for fruits and vegetables over the five year period from 1930 to 1934 were produced. They showed the following variations.

	1930	1934
Tomatoes (bushel)	.42	.25
Peas (ton)	49.52	28.56
Corn white (ton	12.00	——
Corn, G.B. (ton)	21.00	12.00
Corn, yellow (ton)	——	8.50
Asparagus (pound)	.14	.08
Beans (ton)	75.00	40.54
Peaches (pound)	.04	.02
Pears, Bartlett (lb.)	.03	.02
Strawberries (quart)	.10	.03
Raspberries (quart)	.12	.06
Cherries(red, (pound)	.05	.02
Plums (pound)	.02	.009.

For the current year's crop the company had voluntarily paid five cents a bushel for tomatoes over the contract price in Ontario. A total of 580,000 bushels had been bought, adding a further $29,000 to the growers. This had been done pursuant to an undertaking given the Parliamentary Mass Buying Committee last spring.

"So long as grading is in the company's hands that is not such an important matter as it may appear" commented Donald M. Kennedy (U.F.A., Peace River). "The statement stands alone."

At noon the commission adjourned until next Thursday.

No Cash Invested

Something new in company financing was explained to the royal commission on mass buying Thursday by W. R. Kay, a Toronto auditor, who said Canadian Canners, Limited, of Hamilton, has grown into one of the largest organizations of its kind in the world without one dollar of cash being inserted in the capital structure.

Along an intricate trail going back to 1893, Kay traced the history of the present organization that dominates the canning industry of the country and owns 80 plants and factories in Ontario, Quebec and British Columbia. In effect, the company has grown through stock issues, and every time a new plant was purchased or a reorganization took place, new stock was issued or traded for old. Since its inception Kay said, not one dollar of cash was added.

Growth of Organization

Some idea of the growth of the organization may be judged from the fact the book value of its outstanding shares was $11,118,644 in February, 1934. Its lands, buildings, and plants were valued at $16,000,000 and with this stood a reserve, built up through the years of $5,206,000.

Profits before depreciation and bond interest have been $12,858,584 since 1923 and in 30 years $7,170,220 has been distributed in cash dividends.

Financial control of Canadian Canners, Ltd., lies in Canada, Kay told the commission and he gave a list of owners of large blocks of shares. The president is Avern Pardoe of Toronto, and the vice-presidents, Mark Bredin, Toronto, and W. R. Drynan, Hamilton.

Capital Without Cash

The consolidated capital and surplus of Canadian Canners, Ltd., and subsidiaries, not including depreciation reserves or borrowed capital amounts to over $11,000,000, said W. R. Kay, commission auditor. No actual cash has ever been invested in the capital stock of the present company, Canadian Canners, Ltd., or its predecessors, Dominion Canners, Ltd., and Canadian Canners Consolidated Co. Ltd. Cash has, no doubt, been invested in the companies taken over by the original parent company and its successors but lapse of time prevents fill information as to this being obtained.

The capital and surplus has been built up by issuing shares in acuisition of preserving plants, shares, etc., by appreciation upon re-valuation of assets in 1910 and 1923 and by surplus earnings not distributed to shareholders.

Dividends paid in the past 30 years totalled $7,170,220. In the last 11 years depreciation reserves to the extent of $4,783,904 had been built up and added to reserves held by Dominion Canners amounting to $360,521 and by Canadian Canners Consolidated amounting to $2,779,273. Total depreciation reserves were $7,923,698.

With the exceptions of 1928 and 1930 the company had secured working capital from bank borrowings every year since 1903. In 1920 these borrowings exceeded $3,260,000.

"Y" HOLIDAY PROGRAMME

Saturday, 22nd:

9.15 a.m.—Preps' games contest on Gym floor, swimming events in pool.

11.00 a.m. — Club meeting and Christmas pictures.

PAY BY CHEQUE

Windsor, Dec. 21 (CP)—Employees of the Civic Works Department will hereafter be paid by cheque, instead of in cash, thus eliminating the possibility of payroll robbery.

Police have in their possession information which leads them to believe an attempt was to have been made last Tuesday to seize the payroll. A switch was made in the general procedure and the men were required to go to the city hall for the money, instead of being paid at the works department yard.

Fleece wool, fine, 10c; medium, 9c; coarse, 9c; rejects (Burry, seedy, grey, black and cotted fleeces), 5c; flat wool, 8c; all delivered, Toronto.

BOARD ROOM GOSSIP

HOWEY GOLD

Operations at Howey Gold property are proceeding quite satisfactorily according to President R. T. Birks. The flat drill hole put across from 1,500 ft level showed encouraging results confirming the continuity of ore structure and giving some commercial values. It is proposed to crosscut in a few weeks when better information regarding this area will be available. Quarterly production figures will be made public about January 4.

STEEL CO. OF CANADA

Montreal—Usual quarterly dividends of 43 3-4 cents per share on preferred and common shares and an additional 27 1-2 cents on the common were declared yesterday by directors at a meeting here.

The additional common dividend brought total declared dividends on that issue for the year 1934 to $1.75 per share the usual amount. Payments will be made Feb. 1, 1935 to shareholders of record Jan. 7.

INTERNATIONAL PETROLEUM

While International Pete's output during November was lowest since July, production was still considerably ahead of the year's average to date. Daily average output from the two fields is reported at 94,449 bbls compared with daily average of 95,157 for October. The year's average to the end of November is indicated at 85,899 bbls. compared with daily average of 66,748 bbls for the whole of 1933.

CASEY CONTACT

J. C. Finnan, who recently completed an examination of the Sturgeon River property of Casey Contact Gold Mines Ltd. in his report to company states that crew of 20 men working under the direction of J. G. Kenty has been steadily engaged in surface work since midsummer and a large amount of development work accomplished throwing veins to the south. From the point of folding south the vein had been trenched for a distance of 90 feet where overburden becomes too deep for surface exploration. He states that gold was visible along the vein for a distance of 125 feet.

LAMAQUE GOLD MINES

The shares have been a strong feature on the street market of late and yesterday sold up to a new high for the recovery at $1.35. The advance in Lamaque has not to any extent been reflected as yet in the price of Read-Authier.

The floating supply of Read-Authier shares around current levels is reported to be exceedingly small.

B.C. NICKEL MINES

Four crosscuts are now being driven from No. 1 tunnel. The first one at 512 feet from the portal is now in 956 feet. The 1,400 crosscut is in 157 feet. The 1,600 crosscut is in 43 feet and the 1,900 crosscut about 63 feet. The heading in all faces is in Pyroxenite. No. 2 tunnel is in 2,134 feet with about 300 feet to go.

Sharp Gain "Brazilian" Net

The swing over in earnings of Brazilian Traction from a decrease in the earlier months of this year compared with 1933 into gains in net for later months has assumed a considerable momentum. As a result the figures for November show an increase of $178,437 where October net was up $104,333 and September $46,237. The increase in October was sufficient to wipe out deficit in total for nine months as compared with last year and this aggregate gain of $32,845 was further increased in November to $211,282.

Amity Copper and Gold

Announcement made by the Toronto Stock Exchange that at the request of the company the share of Amity Copper and Gold Mines Ltd. have been removed from trading list of the mining section. Amity Copper and Gold has transferred all assets to a new company and will surrender its charter. Old shares are exchangeable for new on a basis of 1 new for 4 old.

Coniaurum developments reported as giving good results. In Goldale section 2,200 feet of ore opened up on 4 levels. Millheads running higher.

Bankfield is making progress in shaft sinking at rate of better than 5 feet a day. Last night shaft was down to 120 feet.

Bidgood Kirkland mine reports millheads for past month and a half have averaged about $5.60 at old price of gold or $9.20 per ton current price.

Pickle Crow gold mines according to J. E. Hammell have now developed $3,000,000 worth of ore on first three levels. Diamond drilling has proved existence of ore bodies to depth of 100 feet below 375 foot level.

McWatters gold mines reports recovery for November at $27,000. Mill currently treating 50 to 55 tons daily and mine established on a profit basis.

Grull Wihksne gold mines shareholders at meeting approved decision to directors to abandon the property after unsatisfactory results.

Tailsman gold mines reported idle at present.

Kootenay Belle in Sheep Creek district of B. C. has now been in production 20 days. Mill currently treating 35 to 40 tons a day and millheads running better than 1 ounce of gold per ton.

St. Anthony gold mines production first two weeks in December $15,000. Production is at rate of $1,000 daily. Millheads in November averaged .41 ozs per ton.

Bagamac Rouyn plans to diamond drill again this winter from ice near Noranda-Norlake boundary. At present no work is being done.

Red Gold Mines in which Stadacona has large share interest is planning a program of diamond drilling after the New Year.

CHEQUE CASE ENLARGED

Sudbury, Ont., Dec. 21—(CP) — John Kocknay, 34, awaiting trial on a charge of uttering forged cheques, made out on pay cheque forms allegedly stolen from the Dominion Bridge Co., was remanded one week by Magistrate J. S. McKessock in police court today.

TORONTO MINES

Toronto, Dec. 21 (CP)—A slow mining market in which the almost record low turnover of 110,000 shares was traded in the first two hours, was followed by active business in the secondary golds in the early afternoon, prices also moderate advances as volume increased.

Little Long Lac was taken in heavy volume on a price rise of 50 cents to 7.40 at which point profit-taking appeared and part of the gain was lost. God's Lake also turned strong to show a 10-cent gain by early afternoon. Firmer prices were chalked up for Pickle Crow, San Antonio, McKenzie, Gunnar and Central Pat.

TORONTO STOCKS

Toronto, Dec. 21 (CP)—Trading dried up to a mere trickle on the industrial board with prices holding barely firm. The beverage group was soft, particularly Canadian Industrial Alcohol A. and Walkerville Breweries.

Several new high prices for the year were registered as a little investment buying appeared in the steel and miscellaneous groups. Steel of Canada and Imperial tobacco sold at new highs and Fanny Farmer (new issue) was taken in heavy volume on a rise of ⅝ to 9¼.

WALL STREET FINANCIAL

New York, Dec. 21.—(AP)—The Stock Market showed some signs of improvement today, although moderate irregularity persisted in scattered share groups that have recently been under pressure.

Selling in a few of the Utilities appeared to have dried up with indications that these depressed issues had discounted much of the adverse news pertaining to them. Several Industrials and Specialties moved up. Bonds were slightly mixed in quiet dealings.

Among stocks of Canadian Companies, McIntyre, Dome, Canadian Pacific and International Nickel were all steady. On the Curb, Lake Shore and Hiram Walker recorded scant price changes. Dominion Government bonds were narrow and quiet. Canadian funds ruled unchanged at 100 15-16 cents.

Shares of Consolidated Gas and North American managed to recover small fractions, but public service of New Jersey dipped a point or so before meeting support and American Telephone lost as much. Standard Oil of New Jersey came to life with an advance of a point and a firm tone was displayed by Eastman Kodak, Standard Oil of California, American Can, National Distillers and a number of others.

NEW YORK CLOSE

New York, Dec. 21.—(AP)—Dullness ruled in the stock market today and the majority of leading issues showed narrow changes. Prices stiffened in the late trading following some earlier irregularity led by further selling in the Utilities. Sears Roebuck and American Telephone showed losses of around a point each. National Distillers and Standard Oil of New Jersey were firm spots, while Consolidated Gas, U.S. Steel, Montgomery Ward and N.Y. Central held about even. Transfers approximated 850,000 shares.

Cotton Scores in Last Frame To Give Leafs a Draw With Revamped St. Louis Eagles

Beveridge Kicks Out 48 Toronto Shots in Game

REDWINGS TIE

Rangers Knocked Off By Chicago by 4-1 Count

(By A. E. Fulford, Canadian Press Staff Writer)

George Boucher, who supplanted Eddie Gerard as manager of St. Louis Eagles, was credited with a bit of strategy that brought his goalie, Bill Beveridge, to top form and aided in giving the tail-end Missourians their fourth point in the four games they have been under his direction.

The word went out the other day that Boucher was dissatisfied with the work of Beveridge, who has an unenviable record of goals scored against him this season, and that Herb Stuart of London Tecumsehs, was being sought for the Ottawan's job.

That must have made Mr. Beveridge very angry indeed for he crouched between the posts last night and held the high-scoring Toronto Leafs to one goal, which, with one scored by Eagles, put the game down in the records as a 1-1 tie, something no one expected from the St. Louis team.

Whether Boucher really intended shipping Beveridge down the river probably won't be known if the goalie keeps up the form he showed in blocking 48 Toronto shots. Boucher appreciates Beveridge when he is himself and the overtures reported to have been made to London probably won't go beyond that stage.

Cotton Ties Score

St. Louis would have been better pleased if Harold Cotton had not come through in the third with the goal that tied up Carl Voss' first period tally but they contented themselves with the thought ties are becoming rather the fashion in the National Hockey League. In fact, it is very likely the recent epidemic will bring the fans who delighted in figuring rule changes out in full force.

The St. Louis game and the 1-1 tie Detroit and Maroons played in Montreal last night brought the total of draws in 64 games to six. That doesn't seem too many except when it is considered all six have been in the last 20 games.

Up to December 9, when Canadiens finished up at 2-2, there hadn't been a draw in 43 games. Now, every team in the league except Boston and New York Rangers have played at least one and Canadiens have been mixed up in three.

Rangers would have been glad of a draw last night when Chicago defeated them 4-1 in New York and went three points up on the idle Boston Bruins. The ties made little difference in the standings except that Eagles edged up to within a point of Canadiens and Detroit got within two points of Boston.

MAROON MARKSMAN

EARL ROBINSON

Montreal Maroons are making a great bid for honors in the N.H.L. race and Earl Robinson, the former Windsor Bulldog, who is winging for the Blinco, Robinson, Trottier line, is one of their spark-plugs. He is their leading goal-getter and well up in the list of league marksmen.

Romnes Big Shot

When Beveridge kicked out everything but Cotton's shot it marked only the third time the Leafs have failed to win in 15 games. They have lost games to Rangers and Detroit and St. Louis hoped they were going to join that circle when Voss scored and the Leafs couldn't even it up until half way through the third.

Alex. Connell, who dropped out of hockey for a year when Beveridge succeeded him as Ottawa Senators' goalie, played almost as stellar a role as the younger Ottawa last night.

He held Detroit Red Wings to a goal Larry Aurie got on Cooney Welland's pass in the first period while Herb Cain made the tie possible with a lucky goal. His shot hit Ebbie Goodfellow in the thigh and sailed into the net past Norm Smith.

Doc Romnes was the big shot in the game at New York, getting two of Hawks' four goals. He scored early in the first on Paul Thompson's pass and Howie Morenz followed it up with a fast one on which Mush March aided. Art Coulter scored another in the second period and Romnes got his second in the final session. Bill Cook got the New Yorkers' goal after the two Chicago tallies had been made in the first period.

Yale's Victory Over Princeton The Biggest Upset in Sports According to Poll Taken

Many Spectacular Upsets Occur in The Year

GIANTS COLLAPSE

St. Louis Cards in Voting For Winning World's Series

(By Alan Gould, Associated Press Sports Editor

New York, Dec. 21 (AP)—Judging from the reaction of United States sporting experts, 1934 is the year of the big earthquake in athletic results.

There may be sharp differences of opinion as to just what constitutes an "upset" in sports, but there appears no doubt, on the basis of the Associated Press fourth annual poll, that the experts experienced more and bigger shocks this year than ever before. From Pasadena on New Year's Day when Columbia's Lions upset Stanford, until the Polo Grounds in December, when the football giants bowled over the Chicago Bears, it was one big surprise after another in every major branch of the athletic competition.

Biggest of all "upsets," apparently, was the football triumph of Yale's "Iron Men" over previously unbeaten and heavily favored Princeton, but the experts had a difficult time choosing between this stunning achievement and the collapse of the New York Giants in baseball or the consequent rush of the St. Louis Cardinals to the year's major league heights.

Yale Wins Verdict

Arriving at a decision on 'points' based upon the listing of first, second and third choice of surprise packages, Yale's victory tops the list with 126 points, one more than the combined National League and World Series conquests of the Cardinals, already proclaimed the year's outstanding team. The downfall of the Giants ranks third, with 84 points, although it appeared much more surprising, to those giving the matter first-hand attention, than the rise of the St. Louis club.

Football's next biggest upset, the overthrow of the Bears by the Giants for the national professional title, was closely pressed by Columbia's Rose Bowl victory.

The biggest upset of the fistic year, of course, was Max Baer's spectacular knockout of Primo Carnera for the world heavyweight championship. Experts also ranked the comeback of Rainbow to defend the America's Cup, after losing the first two races to Eendeavour, among the outstanding surprises.

TO STARS

Pinch-hitting Ken Doraty, the midget forward of Toronto Maple Leafs, whose ability to come through in the tight spots has more than once saved the Leafs' own record, has been sent to Syracuse Stars of the International league. The top-heavy Leafs can't keep all their puck-chasers but Doraty is subject to instant recall.

CURRENT SPORT

(Day By Day)

With the exception of Lindsay and Belleville all other clubs in the local intermediate O.H.A. group have long since taken to the ice and started the season's grind. Naturally in Lindsay they are but awaiting the opening of their new arena before starting practice. To date nothing relating to the Belleville intermediates first workout has been announced, although the players are receiving plenty of conditioning, that is in the matter of bumps and jumps in the city league. When the first call for players is made Manager Thomas can be assured of a good turnout of players as Dame Rumor informs us that there are a number of dark horses around the district. Of course in a city the size of Belleville there usually is reported to be many potential pucksters before the season opens. The actual proof of their ability can only be accepted when they demonstrate their ability on the ice during practice and more especially during group competition when the real mettle is brought out. If the intermediates do not get on the ice tomorrow night they will the earlier part of the week as they open hostilities one week from tonight at Port Hope.

Another twin bill of city league hockey is being presented at the Arena this evening when the Alemites tangle with the United Cigars while the Trenton Imperials meet the S.E.A.C. Judging from the calibre of players signed by the clubs making their initial appearance tonight a better brand of hockey can be looked for this evening than was in evidence at the opening of the league. If however the heads of the city league and the management of the Arena wish to retain the patronage of the citizens at these games they must curb the actions of boisterous youths who raise unnecessary disturbances around the rink during the games. On numerous occasions we have been approached on this subject by cash customers who state they do not intend patronizing hockey games to be continually molested and trampled on by a band of hoodlums. The boys may not mean any wrong, but they naturally prove an annoyance to the spectators who attend these games for the pleasure of it.

Sport fans do not desire to deprive today's youth of the privelege of attending hockey games as they are the adult patrons and participants of tomorrow and if denied the privilege of education along the lines of hockey, future attendance would soon die out and the game pass out of existence. A local fan suggested that the school children be admitted to all hockey games but that they be confined to that section of the Arena known as the bull-pen and under the supervision of an adult. By so doing the kids could shout to their heart's content and have a good time in general, without causing disturbances at the rink and generally disturbing the cash customers.

Over at the Y.M.C.A. the house volleyball league is warming up these days with the race for the league championship lying between the Belleville Business Men and the "Y" Seniors. At present the "tired business men" are up one point on their more youthful 'Y' opponents but next week's games will tell the tale as to the better team. The Y house basketball loop is also going places as the Y Golds snatched a firm hold on first place in the second half of the league, the Deacon A.C. kids having annexed the first half without a single loss. If the Y squad can weather the storm for one more game they will have earned the right to meet the Deacons for the group title in a post-season playoff series.

Les Shiels, coach and mentor of hockey at the Collegiate, has struck upon a new and novel plan in which to bring out the best possible material for his interscholastic hockey team this season. He is introducing inter-form hockey at the school during which some 15 games will be played at the Arena. Plans have been completed to have these form teams play every afternoon during the Christmas holidays for the hour between 1 and 2 p.m. Each form in the school has been requested to enter a team with a shield being presented to the winner. Each form is anxious to acquire the championship with the result that the coach expects to be able to pick his senior team from the players participating. Hockey fans having nothing else to do might drop down each afternoon next week and take a peek at these youngsters. This also applies to some of the managers of city league clubs. (No extra expense attached for suggestions.)

The St. Louis Eagles get another 'four-team' player in the acquisition of Vic Ripley New York Ranger centre. Ripley, who played on a Ranger line with Mickey Murray and Butch Keeling, is 29 years old and came up to the majors six years ago, and became a member of the first Chicago Black Hawk sextet. He later went to Boston and then to the Rangers. Eagles are his fourth team, therefore.

'Daffy' Dean is Three Hours Late For His Wedding

Russellville, Ark., Dec. 21 (AP)—Little brother "Daffy" Dean, the calm and collected bridegroom who kept his bride waiting three hours, is honeymooning today toward a meeting with big brother "Dizzy."

"A real Christmas surprise, that's me," chortled "Daffy." Nervous bridegroom? Not a bit of it. One of the Dean brothers, pitching pair extraordinary, just got married and took it in stride.

Sometime yesterday, the question was settled with Miss Dorothy Sandusky, local beauty prize winner and daughter of J. S. Sandusky, Russellville, Ark., lumberman.

The wedding was arranged for 5 o'clock. The bride was ready. But she hadn't taken into consideration that she was marrying one of the Dean brothers.

Paul suddenly discovered he needed a wedding suit—a ring—a license—a shave—a haircut.

He drove to Fort Smith, 80 miles away. Dashing from store to store, he got everything but the licence. He drove up to the court house at Ozark just as the clerk was closing the office. He got the licence.

Meanwhile, the wedding hour and three more hours passed. Was the bride nervous? "He'll be here," she said.

Then the bridegroom drove up to the Sandusky residence. Hurriedly the wedding party was gathered and the ceremony begun.

THE BIG SEVEN

(By the Canadian Press)

Cooney Welland took undisputed possession of third place in the National Hockey League's Big Seven today by virtue of his assist in the Detroit-Montreal Maroon tie last night. The Detroiter has 15 points and behind him his team mate Ebbie Goodfellow and Earl Robinson of Montreal are tied for fourth. Lewis of Detroit, Barry of Boston, Tommy Cook of Chicago, Aurie of Detroit and Bill Cook of the Rangers all gathered one point last night and share the bottom rung.

The standings:

	G.	A.	Pts.
Jackson, Toronto	15	6	21
Conacher, Toronto	9	10	19
Welland, Detroit	6	9	15
Robinson, Montreal	9	5	14
Goodfellow, Detroit	7	7	14
Barry, Boston	8	4	12
W. Cook, Rangers	6	6	12
T. Cook, Chicago	5	7	12
Aurie, Detroit	4	8	12

LONDON TECS 4 POINTS UP

Speedy Groh Notches Goal That Downed Bisons 1-0

London Ont., Dec. 21 (CP)—The International Hockey League's leading team and its leading scorer clicked so smoothly that today the London Tecumsehs were four points ahead of the pack in the league race.

Tecumsehs last night managed to get the skids under Buffalo Bisons, trailing them in second place, by handing the Bisons a 1-0 defeat. Speedy Groh from Stratford got credit for the single counter on one of his specialties—a "floater."

Eddie Ouellette, centre-forward, supplied the London right-winger with the pass for the goal that decided the issue just 11 seconds after the game started. Goalie Bill Taugher muffed the rolling puck but settled down thereafter and turned back 28 shots before the game ended.

◆

After Winning 30 Games Dizzy Will Help Daffy

Little Rock, Ark., Dec. 21 (AP)—Big Brother "Dizzy" Dean is going to win 30 or 40 ball games early next season and then give little brother "Daffy" some help in pitching to Paul Waner, the modest younger half of the St. Louis Cardinals act said here today.

Stopping here after his marriage last night to Miss Dorothy Sandusky of Russellville, he volunteered a bit of "hot stove dope," on behalf of the Dean brothers.

Paul was much more modest in predicting what he's going to do for the Cards next season. "I'm not the Diz, you know, and for himself I can't say. It's a cinch I'll win between six and 16. I'm shooting for 20. Diz told me he was going to win his 30 or 40 early and then help me some.

"Who's the toughest guy I ever faced? Nobody else but Paul Waner. He just 'line drives' me to death. I've faced him about 15 times and got him out twice. The Diz believes "Schoolboy" Rowe is a right good pitcher. "Why, besides Diz," he admitted, "he's one of the best pitchers in baseball. I was lucky to beat him in the World Series."

SOCIALISTS HELD CROSSING BORDER

Two Saar Socialists Accidentally Cross Into Germany

Saarbruecken, Dec. 21 (CP-Havas)—German secret police arrested two Saar Socialist leaders who accidentally crossed the border into Germany. Intervention by the Saar governing commission has been sought by the Saar united front Socialists and Communists, it was authoritatively added.

The prisoners are Ernst Braun, President of the Saar Socialist Youth, and Heinrich Barth, one of his officers. They were making a propaganda tour in the Homburg district, near the frontier, and were misled into following a patrol road that led into Germany.

Discovery of an arms cache in a quarry at Spicheren was announced and caused a flurry in political circles.

Police investigated and announced the cache was just part of a robbers' hideway. Ammunition found there amounted to 29 sporting cartridges and some revolver bullets.

BELGIAN PLANE LEAVES FOR CONGO

Kenneth Waller Pilots Machine With Belgian Co-Pilot

Brussels, Dec. 21 (CP-Havas) — The Belgian plane Queen Astrid, took off at Haeren airport on its perilous flight to Leopoldville, Belgian Congo, where its pilot expects to land within 48 hours.

The Queen Astrid is a duplicate of the machine which Scott and Black flew to victory in the London-Melbourne air derby, and is piloted by Kenneth Waller, English flyer, who with Cathcart Jones took fourth place in that race.

Owing to poor weather conditions reported over the route Waller and his Belgian co-pilot Franchomme planned to halt at Oran, Algeria, for the night. They will follow the trans-Sahara motor route in their flight over the great desert.

◆

Bower Brothers In Shelburne Can Take It

Shelburne, N.S., Dec. 21 (CP)—Meet the Brothers Bower, who are showing Old Age just how they can "take it".

James Bower, 82 years young, hopped on a bicycle the other day for the first time in years and rode it a quarter of a mile over slippery, ice-coated streets.

His young brother, John Bower, 78, is just as spry. Last night, trudging along beside a wagon load of wood hauled by his ox, John was knocked under the slow-moving card by a passing motor truck. The wheel passed over his neck.

Jumping to his feet with a muttered word about truck drivers, John clambered up on top of the load of wood and rode the rest of the way to town—nine miles. He was none the worse for the accident.

◆

CHRISTMAS RELIEF URGED AT HAMILTON

Hamilton, Dec. 21 (CP)— The meeting of the Board of Control was delayed nearly an hour by a deputation of women who demanded to see Mayor R. E. Wilton. The women came to urge that added relief be given at Christmas time. Mayor Wilton stated that the Board would not receive the deputation and called police to remove them. After some argument, the women departed. One of the deputation announced that she would go out and steal food for Christmas, and warned police that she would "see them later."

◆

ENGAGEMENT ANNOUNCED

Rome, Dec. 21 (CP-Havas) —Ex-King Alfonso of Spain announced the engagement of his second son, Don Jaime, to Mlle. Amanuela De Dampierre, daughter of the late Vicomte Roger De Dampierre and Donna Vittoria Ruspoli Di Poggio Sanza.

The fiancee of 25-year-old Don Jaime is 21 years old and comes of an old and distinguished French family. Her mother is descended from an ancient Italian line.

With engagement of Don Jaime, only one Spanish infante remains unmarried and unengaged.

BIOGRAPHY OF BENNETT

Prime Minister Tired, says ex-private secretary

By R. A. McSTAY

Central Press Canadian Writer

Andrew MacLean

Toronto, Dec. 21—Attacking what he believes to be abuses in the Conservative administration and charging that voters to-day need more capable managers of the nation's affairs rather than old-fashioned spell-binders, Andrew D. MacLean, former private secretary to Canada's Prime Minister, has written the first biography of R. B. Bennett.

Without malice, but presenting Mr. Bennett essentially in his weaknesses as well as in his strength, the book is expected to have a sensational reception. Judging from the biography, the author is a militant young Conservative fighting to clean up administrative abuses, particularly where these entail dire losses to the Canadian taxpayers.

With a federal election pending, the Bennett biography presents a picture whereby the people of Canada may learn what manner of man is at the head of the present government. The Liberals may feel that the author has been too generous to the Conservative leader; the Conservatives will possibly think he has been too critical of their chief. "R. B. Bennett" (Excelsior Publishing Co., Toronto) is the revealing story of a man who habitually and, according to the author, unwisely, shuns personal publicity.

Fond of Chocolates

The Rt. Hon. Richard Bedford Bennett, now 64, rises at 7.30, enjoys an ample breakfast and is in his office every morning a few minutes before 9. He does not drink or smoke but is overly fond of chocolates. He has no hobbies, does not play golf and cares little for walking. For relaxation, he reads weighty tomes. He has had little time to enjoy the society of the fair sex. His interest in church matters is great. He works fourteen hours a day.

"Mr. Bennett is more inclined to be overly influenced by ready wit than by a solid, slower moving ability born of experience, knowledge and common sense," writes the young ex-naval officer, who left the MacLean publishing business to serve the Premier for two years and then left on the best of terms with Mr. Bennett to resume his publishing career. "Brilliant himself in discussion, he has little use for those who cannot equal this super-speed delivery of ideas and answers to questions. He can only get the most out of those associates who are quick enough to recognize his moods and guess at the answer he may require.

"The Chief is Tired"

"He is very inclined to play favorites out of all proportions to their fitness to do certain tasks. Although the men he picks out are undoubtedly able, he frequently gives them responsibilities that they are quite unfitted by knowledge or temperament to discharge in anything but a colorless manner.

"He is far too inclined to listen to the advice of those he trusts instead of obtaining the views of business.... Where experts would say another way is feasible, he will conquer in his own way but often at tremendous cost. He does not find the man that will fit the job or turn over to men work that they are best fitted to perform. He thinks a good lawyer should be able to be also a good bricklayer, steamboat captain or manager of a manufacturing concern."

The Prime Minister in Typical Oratorical Attitude

R. B. Bennett at 21

R. B. Bennett is not especially popular in Ottawa society, says his former private secretary, and is usually bored by elaborate social functions. He has no small talk. MacLean writes: "The chief is tired ...too tired to care what becomes of his part or himself. Bennett does not care much who wins the next election... In his earlier days he is said to have been known as "Bonfire Bennett", because of the fervor of his speeches; but, with the dignity of his office, and his years, he has grown out of his earlier and more characteristic habits of address.

"He does not suffer fools gladly," says the author. "When he leaves public life, I believe it will be because of his associates, not his opponents. He stores up grievances, real and imaginary, which affect the future of many promising men in politics and in the government service."

There Was One Girl

In Bennett however, we have an illustration of how a young Canadian, without money or influential friends, may ultimately attain the highest honor the nation may bestow. There was one girl, friend of his student days, who played a part in his life. This was Jennie Shirreff, who later married E. B. Eddy, millionaire manufacturer of Hull, Quebec. The Shirreff-Eddy gift was the basis of the Bennett fortune, claims MacLean. The turning-point in Bennett's legal career was his summoning to Calgary by Senator Lougheed.

MacLean believes the House of Commons is "a cross-section of Canada." Mackenzie King and Woodsworth, as Bennett opponents, are also adjudged. Mr. Stevens is not mentioned. He writes; "Woodsworth has had first-hand contact with privation, struggle, the problems of the under-dog. Mackenzie King's scientific mind makes him a better theoretical economist than either of the other two. Bennett's acquaintance with business, finance and law gives him tremendous advantages."

If the Bennett government is defeated, says the author, at the next election, it will be due to the complete failure of the Conservative party, as now constituted, to tell the people the truth, at the right time and in language they understand.

Trenton and District

Trenton Town Hockey Loop Organized With Eleven Teams

League Will Open on December 28th at Trenton Arena

Trenton, Dec. 21 (Special)—Hockey players will be in abundance in Trenton in a few years, after they graduate from the town league. Henry Moore sure got results when he took hold of the newly-formed league. After a meeting held in the Courier-Advocate office Monday night, no less than eleven teams signed to compete in the town league. Mayor Harry Cory will toss in the puck to officially open the league on December 28, when the Cities Service meet the Trent Cottons. Brighton clashes with Frankford in the night cap game the same day. The teams entered are Wooler, Carrying Place, Benedict-Proctor, Co-Operative Workers, Cities Service, Trent Cottons, Brighton, Smithfield, Project No. 28, Frankford and the Trenton High School.

Belleville Entry Practises

Coach Harry Smith had about fifteen players on the ice Tuesday night for a good hour's work-out. Last night they again practised when the team was chosen to go to Belleville on Friday, when the locals meet the South End Athletic Club for their first game of the schedule. No doubt the following will be picked to play the opener: Joe Gould will be between the posts. The defence will consist of Roy Smith, Barney York, Bun Lott and either Earle Mitchell or Sky Thompson. The first line will be Norm Johnson, Doug Powers and George Rosenplot with Allan Lamora, Bill Miller and Jack Kidd on the second string. Tuesday's practise saw the second line a little superior to the first and the old boys will have to look to their laurels to hold that first string. Earle Gray in the net looked very good and will get some assignments before long. We saw Eddie Thomas talking to Joe Gould in Belleville on Tuesday and Eddie invited Joe to the intermediate work-out. Sixteen certificates have been signed with four ready to place their moniker on the dotted line later.

Two More Wards Elect Officers

Wards one and five met in the Liberal committee rooms Wednesday night to elect their officers in conjunction with the new constitution of the South Hastings Liberal Association. Ward one elected Jack Coleman as chairman, Charles Hubble, vice-chairman, and Wilfred Pecteau as secretary. Owen McEvoy will head Ward five with Charles Reynolds as vice-chairman and C. Bernard as secretary.

With the other two wards meeting last night, the six chairmen are completed and before January 8 they will meet to elect from their ranks a President for the Trenton South Hastings Liberal Association.

Fire and Water Do Damage

Fire of an unknown origin caused several hundred dollars damage to the residence of Tom Reo on Front Street, on Tuesday noon. With the help of neighbours most of the home furnishings were saved. The fire was confined mostly to the rear upper and lower sections but smoke and water caused much damage to the rest of the building. The structure was owned by Clarence Orser and the loss is covered by insurance. There are no hydrants in the north end of the town but the water was pumped from Mayhew's Creek.

◆

PROBATE OF WILL RECALLS HOLDUP

Hamilton, Dec. 21 (CP)—A holdup in Chicago was recalled here when the will of Charles Vernon Emory was entered for probate. Mr. Emory was the victim of a gunman's bullet in Chicago. In company with a friend one evening he went into a restaurant and while there the place was held up. He and his friend were mistaken for officers because of their stature, and were shot by the bandits. Mr. Emory was removed to hospital where he made his will. The document being written on hospital letter paper.

The entire estate, valued at $24,290 is left to his widow, who resides in Chicago.

◆

JAIL RATHER THAN PAY

Chatham, Ont., Dec. 21 (CP)—Rather than pay a fine of $10 and costs, $12.75 in all, Donald Campbell of West Lorne took three days in jail for an offence under the H.T.A., his idea being that he could not make that much money in that time. He was convicted of hauling fish on a truck, licensed only to carry farm produce.

SOME TAX RETURNS UNDER SCRUTINY

Seeking to Learn Who Ordered Some Returns Returned

Washington, Dec. 21—(AP)—The income tax returns of Hugh S. Johnson, Alexander Legge, Senator-elect Joseph F. Guffey of Pennsylvania and others high in the United States government's great war councils are under scrutiny, Senate investigators of munitions said, as they sought to learn who ordered the returns of Bernard M. Baruch and others destroyed.

Giving no indications that they thought there were any irregularities, members of the committee nevertheless expressed determination to scan the tax documents of all men connected with the war industries board, which mobilized resources under the direction of Baruch.

◆

POPE COMMEMORATES ORDINATION AS PRIEST

Celebrated Mass In His Private Chapel

Vatican City, Dec. 21 (AP)—Pope Pius yesterday commemorated the 55th anniversary of his ordination as a priest.

He celebrated Mass in his private chapel and next Sunday a special Te Deum Mass will be held in the Basilica of St. John Lateran where on December 20, 1879, he entered the priesthood as the Rev. Father Ambrose Damien Archille Ratti.

Thursday was also the fifth anniversary of the first time in more than half a century, that a Pope emerged from the Vatican. It was on this date in 1929 that Pope Pius went to the Basilica of St. John Lateran to celebrate the fiftieth anniversary of his ordination.

◆

Scott-Andrews Nuptials at Rawdon

Rawdon, Dec. 21—A very pretty wedding ceremony was solemnized at Rawdon United Church parsonage at 2 p.m. on Tuesday afternoon Dec. 18th, 1934, by Rev. F. G. Joblin, when Elva Mae, second daughter of Mr. and Mrs. Thomas Andrews became the bride of Clarence Wilmot Scott, youngest son of Mr. and Mrs. W. H. Scott, both of Mount Pleasant.

The charming bride was attired in a gown of rust crepe trimmed with brown silk canton and matching accesories.

The bride's sister, Miss Faye Andrews wore a pretty gown of green crepe with plaid trimming and black accessories and she with the groom's brother Mr. Murney Scott signed the register.

After the ceremony and congratulations the bride donned a brown coat with chic felt hat with a touch of rust trimming and the happy couple left for a motor trip to visit the bride's grandmother at Point Anne, and visit relatives at Peterboro, Havelock and Campbellford.

On their return they will reside at Mount Pleasant.

Miss Eileen Phillips visited Miss Mildred Sharp on Tuesday.

Mrs. Gilbert Smith and Miss H. Smith visited Mr. and Mrs. Osbourne Smith in Peterboro on Saturday.

Mr. Wm. Booth who has been holidaying at Mount Pleasant has gone to Marmora.

Several of the men are taking advantage of the lovely weather and are busy cutting their supply of fuel for another season. Some of the men at Mount Pleasant have purshased wood lots on the fourteenth concession of Rawdon.

Miss L. McMullen prepared the programme for Bethel, Rawdon young people's society and Rev. Joblin presided.

Miss Helen Farrell read the Scripture and Mrs. Harold Elliott gave a splendid Christmas topic. Miss Mona Barron read a selection entitled "The Kneeling Carol." Miss Doris Farrell delighted with a vocal solo with guitar accompaniment. Miss Katherine Kirbey put on two contests "Nut and Tree."

Rawdon friends were pleased to hear that Mr. Willie Jeffs is somewhat improved after his recent illness.

Mrs. Charles Sharp has returned home from a week's stay with her daughter, Mrs. Herbert Miller at Madoc. Her grandson Master Douglas Miller accompanied her home for a holiday.

◆

COLORED PREACHER SUED FOR $445.64

Sandwich, Ont., Dec. 21 (CP)—Judgment of $445.64 and costs was entered against Rev. C. A. Johnson, colored preacher, when he failed to answer suit for that sum before Judge F. W. Wilson in County Court here Thursday.

The Trader's Finance Corporation sued the pastor for moneys alleged to be due on an automobile bought September 12, 1933. The motor car was badly damaged in an accident near Chatham shortly afterward.

◆

1273 MOOSE KILLED

Halifax, Dec. 20 (CP)—Hunters in Nova Scotia killed 212 more moose this season than they did in 1933, figures released by the Department of Lands and Forests show. In the season just closed, 1,273 moose nad 1,226 deer were shot. In 1933 hunters bagged 1,216 deer.

MRS. D. C. HILL IS PRESIDENT OF ST. ANDREW'S GROUP

Roslin.—The annual meeting of St. Andre's Helpers of the Presbyterian Church was held Wednesday evening, December 12th, at the home of Mr. and Mrs. Wm. White. After disposing of the usual business the election of officers for the ensuing year took place, resulting as follows:

President—Mrs. D. C. Hill.
Secretary—Mr. John Fargey.
Traesurer—Mr. Donald Foote.
Social Convener—Mrs. Donald Leslie.
Crokinole Convener—Mr. John White.
Pianist—Miss Marion Fargey.

A Christmas poem by Edgar Guest was then read by Mr. John White.

Rev. D. C. Hill took the topic for the evening, telling in a very interesting way the story of the Life and Work of George Leslie MacKay, the pioneer missionary to Formosa.

A progressive Crockinole contest was begun which is to continue during the winter moths. After the meeting a dainty lunch was served by the hostess.

◆

ARE HOSTESSES AT JOLLY DANCE

Big Island, Dec. 21—Mr. and Mrs. H. Goodmurphy and Mr. and Mrs. J. E. Sprague spent the tea hour with Mr. and Mrs. Wilfred Williams on Sunday evening.

Several from Big Island enjoyed the dance given by the Misses Hilda and Annie Cryan, in Demorestville town hall on Tuesday. There were about two hundred in attendance. Cooper's orchestra from Picton furnished the music.

Mr. and Mrs. Gilbert Badgley have gone to Picton to spend the winter months.

The school children of the South side are busy practising for a Christmas entertainment.

Mr. J. W. Milligan spent several days this week in Windsor.

Mr. J. E. Sprague spent a few days visiting friends at Bass Lake.

Mr. and Mrs. Sam Clement spent Sunday with their daughter, Mrs. Arnold Anderson at Greenbush.

Mr. and Mrs. Frank McDonald of Point Anne, spent Sunday with Mr. and Mrs. Wilfred Williams.

Jean and Margaret Sprague spent Saturday with their friend Helen Conley.

Mr. and Mrs. W. A. Peck spent a few days with their daughter, Mrs. J. E. Sprague and family.

Fashion Designers Name Best Dressed All Fields

Mrs. Roosevelt Selected Best Dressed Woman in Public Life

(By Mary Elizabeth Plummer, copyright, 1934, the Associated Press)

New York, Dec. 20—The critical eye of fashion designers surveyed the style scene today and selected the country's best dressed women, heading the list with Mrs. Franklin D. Roosevelt.

They made it an all-American selection, covering several fields of women's activities and while in the mood also nominated a best dressed baby.

Mrs. Roosevelt was selected as the best dressed American woman in public life. Here are the others:

Kay Francis, best dressed film star.

Mrs. Robert H. McAdoo, smartest dressed society matron.

Mrs. William Woodward, most fashionable dowager.

Elsa Maxwell, most tastefully clad party hostess.

Ina Clare, best dressed actress on the stage.

Mrs. John Hay Whitney, best attired sportswoman.

Gladys Swarthout, best dressed singer.

Amelia Earhart, smartest dressed in aviation.

Georgia O'Keefe, most fashionable dressed painter.

Fannie Hurst, best dressed writer.

Betty Morris of Park Avenue, most chic debutante.

And the baby: John Drayton Cochran, blue-eyed scion of Mr. and Mrs. Drayton Cochran of New York.

◆

Dival Quintuplets Born 100 Years Ago

Brockville, Ont., Dec. 21 (CP)—Rivals a hundred years ago of the Dionne quintuplets have been discovered in Dundas County, where old records reveal that in 1834 Mrs. Duvall, a resident at that time of Williamsburg Township, gave birth to five sons at one time, one of them dying shortly after birth. Eighteen months previously, the same woman, some of whose descendants still live in the vicinity of Morrisburg, gave birth to four daughters at the one time—her total contribution to the population in 18 months being five sons and four daughters.

◆

BAILIFF EXPECTED 75 PERSONS PICKET

Toronto, Dec. 21 (CP)—Claremont Place, where eight families were expecting visits from bailiffs, was today picketed by 75 men and women carrying banners proclaiming them members of the Ward 5 Communist Election Committee. No bailiffs appeared.

"Yes, great news—I wanted you to know right away!"

WHEN YOU HAVE GOOD NEWS ... AND IT WILL MAKE SOMEBODY FEEL HAPPY . . . AND YOU CAN'T WAIT TO WRITE A LETTER . . .

Use Long Distance . . . it's your best and quickest way to tell anything.

● Long Distance will put you in personal touch with a friend while you hold the line. It is always ready, always clear and easy to use, and surprisingly low in cost. At minimum rates you can talk 100 miles or so for 30 cents. See the list of rates and places in the front of your directory.

THE BELL TELEPHONE COMPANY OF CANADA

LIGHTNING BOLT HITS PLANE AND SEVEN ARE KILLED

"The Flying Hotel" Was Participant in Long Air Derby

ON RECORD FLIGHT

Professor And Newsman Killed With Crew of Plane

BAGHDAD, Iraq., Dec. 21—(AP)—The giant aeroplane "Ulver" pride of the Royal Dutch Air Lines, was found wrecked and burned today, its seven occupants killed.

The plane crashed during a desert thunderstorm yesterday, ten miles south of Rutba Wells, Iraq.

Scouting planes of the British Royal Air Force, who had searched for the liner since early yesterday, found the charred wreckage. The machine had been burned to cinders.

Fresh from triumphs in the England to Melbourne Air Derby, the liner, popularly known as "the Flying Hotel", was seeking new laurels in a speed fight from Amsterdam to Batavia Java, when disaster overtook it.

The victims were three passengers and four members of the crew. They were:

Professor Walch of Batavia University; M. Beretti, Director of Aneta, Official News Agency of the Dutch East Indies; and M. Kort, a businessman. M. Beeknan, commander and chief pilot; second pilot Van Steenbergen; H. A. Walewyn, engineer; and wireless operator C. Van Zadelhogg.

Plane Log is Found

Although the exact cause of the tragedy was not known, air officials here expressed belief it had been struck by lightning. The last radio message from the doomed craft, received early yesterday, said it was in difficulty during a storm near Rutba Wells and asked its position.

More than a score of British planes and armored cars were pressed into a hunt for the liner.

Unaware of the fate which had overtaken their countrymen, two veteran Dutch pilots hopped off from Amsterdam this morning to aid in the search. They were G. J. Geysendorfer and Commander Sillevis.

Exactly one month ago today 50,000 persons cheered "The Flying Hotel" when it returned to Amsterdam after winning the handicap race in the Melbourne Derby.

Its pilots on that flight, K. D. Parmentier and J. J. Moll, were honored by Queen Wilhelmina. The plane was second only to the English ship, which won the speed event in record time, and itself shattered the previous record for the flight in half.

Representatives of the Dutch Royal Air Lines and of the British Imperial Airways left Baghdad by air for the scene of the accident, 250 miles away, to investigate.

DEB SWEEPS COURT

This Boston deb, Nancy L. Bullitt, will never forget her first presentation at court. It was in Rockville, Conn., police court and charge was speeding. While waiting arraignment Miss Bullitt smoked nu-

ENJOYABLE DANCE AT I. O. O. F. HALL

Thomasburg. — The regular monthly meeting of the Women's Auxiliary of the Anglican Church was held on Thursday evening at the home of Miss E. Porter. The meeting opened by singing a Christmas hymn followed by prayer and the Scripture reading by Mrs. W. W. Morton. Mrs. C. Mouck read the minutes of the November meeting which were approved. The treasurer then made a report as to the financial results of the W. A Bazaar and Supper held recently. The Secretary also gave an account of the November Board meeting held in Kingston.

Miss E. Porter gave a very interesting reading, "The True Spirit of Christmas" by Rev. Dr. Seemore.

Mrs. C. Mouck read a "Christmas Message" by Most Reverend the Archbishop of New Westminster and Mrs. W. W. Morton gave "An Advent Message."

The United Church Women's Missionary Society held their December meeting on Wednesday evening last at the home of Mr. and Mrs. Clare Carter with nearly all members present and a number of visitors. The President opened the meeting and conducted the business part, after which Mrs. J. E. Brown and her group had charge of the programme which was in keeping with the Christmas season. A delicious lunch was served and a social half hour brought this very interesting meeting to a close.

On Friday evening a most enjoyable dance was staged in the Oddfellows' Hall under the auspices of the local I.O.O.F. lodge. Plainfield Orchestra supplied the music for the occasion and both round and square dancing was enjoyed. The lodge members contemplate holding a number of such dances throughout the winter months.

Mrs. Thos. Emerson and Louis were guests recently at the home of Mr. and Mrs. E. Pitman at West Huntingdon.

Miss Dorothy Porter is confined to her home.

Miss Helen Hall of Latta was a week-end guest at the home of her sister, Mrs. Lewis Morton.

Rev. and Mrs. F. C. Beazer spent the dinner hour on Sunday with Mr. and Mrs. J. Steven and Mr. and Mrs. Ray Diamond.

Mrs. H. Elliott returned home on Sunday after spending a few days with her parents, Mr. and Mrs. F. Taverner at Napanee.

Mr. F. C. McMaster of Belleville spent Monday afternoon in the village.

Mrs. W. E. Kerr has returned home after spending the past week with her sister, Miss E. Emerson at Roslin.

Mrs. David Melvine of Campbellford was called to the home of her mother, Mrs. John Calberry, who is confined to her bed with heart trouble.

Mr. and Mrs. Reg. Reid and Douglas, of Ivanhoe, and Mr. and Mrs. E. Blakely and Mr. and Mrs. Percy Blakely of Chapman, were Sunday guests at the home of Mr. and Mrs. William Holbert.

Rev. and Mrs. F. C. Beazer of Roslin, made several calls at Thomasburg on Friday afternoon and spent the tea hour with Mr. and Mrs. W. A. Morton.

Mr. Samuel Good is confined to his bed with pneumonia, and also Mr. Mark Morton is ill.

Mr. Ernest Carter of Ottawa is spending the Christmas vacation with relatives here.

Members of Moneymore, Elliotts and Thomasburg Loyal Orange Lodges held their annual At Home on Monday evening in the I. O. O. F. Hall. A short programme of speeches and songs was enjoyed after which a delicious lunch was served and the remainder of the evening was spent in dancing.

Receive Certificates For Study Course In Temperance

Melrose, Dec. 20.—During service at the United Church on Sunday morning the following Sunday school scholars were presented with certificates for efficiency in the temperance course. Junior, Jack McLaren, Newton Demille, Jean Badgley, Jean McLaren, Kenneth Seeley and Allan Burley, the first four receiving honors. Intermediate, Wilmot Embury and Stuart Milligan with honors. Senior; Evelyn Badgley and Bertha Smith also with honors.

Born to Mr. and Mrs. A. Morrison a son on Monday, Dec. 17.

Mr. and Mrs. Robert McMeachan entertained a number of their relatives and friends on Monday to celebrate the fiftieth anniversary of their wedding.

Mrs. A. Newton of Peterboro and Mrs. F. McKinney of Belleville attended the golden wedding anniversary of Mr. and Mrs. R. McMeachan.

A piano has been purchased for Melrose Church Hall.

Mr. and Mrs. George Badgley of Salem and Mr. Ryerson Badgley were Sunday evening guests of Mr. and Mrs. E. Badgley.

Mr. and Mrs. P. Davis were recent guests of Mr. and Mrs. E. Sayers of Halloway.

Mrs. F. Taylor has returned home after convalescing at the home of her parents, Mr. and Mrs. F. Denyes, Belleville Road.

Mr. and Mrs. C. Haight were recent guests of Mr. and Mrs. R. Lawrenson of Gilead.

Messrs. F. D. Pringle, A. English and J. Milligan attended a Masonic meeting recently at Deseronto.

Mr. and Mrs. E. Badgley were recent guests of Mr. and Mrs. J. Sills, Salem.

POP TOLD US SANTA CLAUS WASN'T COMING TO OUR HOUSE!

One of Canada's Oldest and Largest Advertising Agencies Enlarges Organization

J. E. McCONNELL JAMES McC. BAXTER MORGAN EASTMAN

McConnell, Baxter & Eastman Limited to succeed McConnell & Fergusson Limited, known as business leader in Canada for over thirty years.

The now firmly established improvement and confidence in the outlook of the Dominion over the "long pull" is recognized today by the announcement of McConnell & Fergusson Limited, one of Canada's oldest and leading advertising agencies, of the enlargement of their organization under the name of McConnell, Baxter & Eastman Limited. J. E. McConnell, President of the firm is well-known in Canadian business and financial circles. He is nominated for election as a Director of The Bank of Canada, is Vice-President of Canada, Gypsum, Lime & Alabastine (Canada) Limited and a Director of Canada Trust Company, the Northern Life, Brantford Roofing and other businesses. The firm is looked upon as a leader, their monthly chart of Business Conditions appearing regularly in the press across Canada.

The new set-up includes the name of two well-known Canadian advertising men. Major "Jim" Baxter—a member of the firm for the past ten years and senior vice-president is immediate past-president of the Empire Club of Canada and a prominent and popular figure in business and national affairs. A former newspaperman, Major Baxter, became Advertising Manager of Ford Motor Co. of Canada after four years service overseas, joining McConnell & Fergusson as Manager of their Toronto Office. He now goes to Montreal to take over the management of McConnell, Baxter and Eastman at that city, L. J. Benison, formerly Vice-President and Manager at Montreal, having resigned.

Morgan Eastman succeeds Major Baxter as Vice-President in charge of Toronto Office. Before joining McConnell & Fergusson some years ago, Mr. Eastman was head of his own agency in Vancouver, and is well-known in Western Canada. As a Rotarian he served as Governor of Rotary International for the Pacific Northwest. As organizer of Tourist Publicity and sales and advertising director for a consolidated group of lumber mills on the Pacific Coast, he is known as a business organizer of exceptional ability. Morgan Eastman has rapidly forged ahead in the East as Chairman of the Plan and Merchandising Board of the Company. He has just returned from a business trip which took him from Halifax to Vancouver where he addressed business meetings and met leading executives. Mr. Eastman is recognized as a foremost authority on advertising and merchandising. He becomes a Vice-President of the new organization.

These two executives, with Mr. McConnell, form the Plan and Merchandising Board of the agency. Both Major Baxter and Mr. Eastman as vice-presidents of the agency will be actively engaged in the interests of their clients in both Montreal and Toronto.

"The constantly changing trends in merchandising necessitate providing business with the very best in advertising ability and service," stated Mr. McConnell in making the announcement today. "Not only are we aggressively meeting the challenge of highly competitive business changes, but we have already made provision for the continued expansion of Empire Trade by the establishment of an office in London, England, in charge of Major W. D. Moffatt, who is to be elected a Director of the Company. We look forward with confidence to the steady improvement in conditions throughout the Dominion. The daily and monthly reports from our offices at Vancouver, Winnipeg, London, Montreal and Toronto have for some time past reflected the improved purchasing power of Canadians in all parts of the Dominion. Advertisers we serve plan courageously for the future. I believe 1935 and ensuing years will justify their faith and that we can anticipate greatly increased expenditures in newspaper and other forms of advertising."

DEATHS YESTERDAY

(By the Canadian Press)

New Orleans—Col. Henry G. Hester, 88, Secretary Emeritus of the New Orleans Cotton Exchange and world authority on cotton statistics.

New York—Col. Richard G. Shaw, 80, Canadian-born mining engineer, frontiersman and editor of the historic tombstone epitaph.

Tokyo:— Masanao Hanihari 56, Japanese ambassador to Washington from 1922 to 1924.

Sanitago, Chile—Stephen Keok-Keok, British impressionist, widely known in Argentina for his Marine paintings and landscapes.

Orillia Ont.:— Ambrose Hinds, prominent figure in Ontario athletics for more than 30 years.

Grant Mitchell, Binnie Barnes and Neil Hamilton in "One Exciting Adventure," principal feature at the Capitol until Saturday.

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE BELLE

"Student Tour"
Belle Screen Offers a Musical That's Different

There will be music, mirth and beauty on the screen of the Belle Theatre, tomorrow (Saturday) and Monday, matinee and evening.

"Student Tour", one of the most hilarious musical comedies that have come out of Hollywood in some time, is the attraction.

"Student Tour" is "different" musical entertainment. Scorning elaborately staged revue specialties, it tells an engaging story in a straightforward manner, pausing along the line to introduce a bevy of new song hits, and giving ample time for the delightful foolishness of the featured comedy stars, Jimmy Durante and Charles Butterworth.

It introduces a new team of screen sweethearts who are destined for success. They are Maxine Doyle, a lovely Irish lass with a twinkle in her eye and an entrancing voice, and Phil Regan, a handsome new singing star. They have the romantic leads, sharing them with Florine McKinney, Fay McKenzie, Betty Grable, Bobby Gordon, Mary Loos and others.

Athletes and Co-eds

The picture fairly bubbles with the spirit of youth. It tells of the adventures of a group of college athletes and their co-ed girl friends who set out on a world cruise to take part in an athletic event in London. Durante and Butterworth, who plays an absent-minded professor, go along as chaperons. They visit China, Java, India, Monte Carlo and other spots of interest, getting into all sorts of hilarious scrapes and take part in all sorts of festivities.

The picture also serves to introduce "The Carlo," a sensational new dance rhythm that seems destined to become the most important musical revolution in twenty years. Other song hits include "A New Moon is Over My Shoulder" and "From Now On", all from the talented pianos of Brown and Freed.

Buck Jones Western

Heralded as the new possessor of the crown once worn by William S. Hart and later by Tom Mix, the new popular opponent of outdoor action, Buck Jones appears in his latest Western drama "The Man Trailer," which is announced as the second feature attraction on the same program.

Jones is cast as an outlaw from justice who leaves a gang of desperate renegade to become a marshal, fighting to maintain law and order in a hectic little town that is the centre of a feverish gold rush. Thrills are said to develop in fast order when the gang of bandits swoop down to loot the town and Buck rushes to stage a nine-man battle against them.

As the instigator for Buck's more romantic moments there is little Cecilia Parker, and as the villianous leader of the outlaw gang there is Arthur Vinton, late of the Broadway stage, who has become one of Hollywood's favorite heavies since his screen debut a few months ago.

"The Man Trailer" was written and directed by Lambert Hillyer, noted action specialist.

The Belle Latest News Flashes, a funny Irvin S. Cobb comedy, and at the Saturday matinee, Clyde Beatty, world's greatest animal trainer appears in a new adventure of "The Lost Jungle" adventure story.

Two Features Tonight

Gertrude Michael and Paul Cavanaugh are appearing at the Belle in "The Notorious Sophie Lang". Loretta Young, Charles Boyer and Jean Parker are featured in "Caravan."

AT THE CAPITOL

"One Exciting Adventure"
Binnie Barnes Mistaken for Dillinger's Girl

An adventure which befell Binnie Barnes immediately upon her arrival in America is equally as thrilling as any of the incidents in her first starring picture, "One Exciting Adventure' now at the Capitol Theatre.

Miss Barnes came within an ace of spending her first night in America in jail. Scarcely an hour after she arrived on these shores, the beautiful actress now under long term contract to Universal, was stopped by the police. They accused her of being a friend of the late desperado, John Dillinger. Only after long argument were they persuaded to let her continue on her trip to Universal City to make her American film debut in "There's Always Tomorrow".

Miss Barnes arrived in New York last May after a four day voyage on the Aquitania, with nineteen pieces of baggage. She was wanted at once to act in "There's Always Tomorrow" which was already in production. The customs speeded her baggage examination and she was rushed into a cab bound for the Newark Airport and a fast plane for the West Coast. On the way to the Airport the cab was halted by policemen and ordered to the side of the road.

At that time the nationwide hunt for Dillinger was at its height. The officers had caught a glimpse of the rich red-gold hair of Miss Barnes and had mistaken her for Dillinger's red headed girl friend. It was only after her escort an official from Universal's New York office, had explained who she was and showed her papers that the officers reluctantly let her pass.

Herself the daughter of a London "Bobby", Miss Barnes enjoyed the humor of the situation and was not a bit put out at the delay. In fact it offered about the only pause in her lightning journey from London to Hollywood in six days and the feverish pace of the week that followed. This week quite took her breath away by its contrast to the more leisurely English methods of picture production.

Others in the cast include Paul Cavanaugh, Neil Hamilton, Grant Mitchel and Eugene Pallette.

"Half a Sinner"

"Half a Sinner" gay and tense comedy drama of a Kansas crossroads town, is the second feature attraction.

With the noted stage star Berton Churchill who plays the title role, are Joel McCrea and Sallie Blane, the screen's newest and most delightful romantic team in this picture.

The story is that of a card sharp who arrives in a small town determined to outplay all the local poker enthusiasts. He becomes involved in the exciting adventures and romance of Joel and Sallie. In one of the most surprising endings of any recent film he solves their problems and his own.

Capitol News and a funny Terrytoon Cartoon complete the programme.

Last complete show 8.45.

Saturday Only

"The Red Rider" thrilling serial starring Buck Jones.

Santa Claus will appear in person with a gift for each boy and girl.

Spite Wife

* * *

by Ann Forester

THE EMPTY DAYS

CHAPTER SEVENTEEN

This was a strange world into which Judy had been dropped by her impulsive marriage. Life had grown complicated. The girl felt like a traveller feeling her way along dark country following a thread of path which was visible only here and there—a path where intrigue and jealousy were flung like creepers to trip her up.

Each member of the Carter family seemed to pursue a wilful life regardless of the others. Mrs. Carter was a fluttering shadow who lived only to rush from one bridge party to another. Vera, it was, who managed the running of household affairs doing it with the same high hand—the same fretful comment as she managed her interminable committees at the country club.

Judy was privately a little sorry for her elder sister-in-law. It was easy to see that Vera was jealous and resentful of Amy. She had never forgiven Amy for marrying first while Vera herself was growing into the role of the family old maid. She tried to hide her jealousy under an air of brisk efficiency. She would flop her stocky figure back in a chair pulling off her heavy gloves—Vera went in for sport gloves and mannishly cut tweeds—all the time keeping up a brisk complaint:—

"My dear, I'm utterly worn out! Two meetings this morning and this afternoon I have to arrange for the summer finals. And there's the High Four Bridge Club supper to arrange. It's a good thing—" Vera would finish with an air of sacrifice—"that I'm not tied down to a house and children! Someone has to do the work—" This last a pointed thrust at Amy, who refused to be annoyed by responsibility.

Judy rather liked Vera and she secretly pitied her. In her thick skinned, patronizing way. Vera was not unkind to her young sister-in-law.

But there was a hidden dislike between Judy and Amy. Amy was shallow and jealous and coldly selfish. She lived in this large inconvenient old house which she despised for its lack of modern comforts, because it relieved her of any responsibility and left her free to lavish her monthly alimony on herself.

Amy's days were a round of beauty parlors and shopping tours in company with Eunice. She and Eunice vied with each other in clothes and gay parties. Eunice's beauty was a thorn in Amy's side and Amy was tireless in her attempt to equal it. She grudgingly paid the by-no-means small wages of a grim faced Swedish maid who had all the latest beauty tricks at the tips of her broad fingers. Amy was beaten and massaged and pummelled without mercy by the grim Hilda every day. Her dressing table and the cabinet of the square bathroom off her room were crowded with jars of cold cream, contour cream, tissue cream, meal for almond packs, skin tonics, face powders—peach, mauve and suntan for Amy's complexion changed with the different hours of the day. Through the half open door of her bedroom, Judy had seen Amy, a long figure wrapped in a sheet with a startling green face as she tried out a new beauty pack which had been recommended by Patty Warren.

Amy was abetted in her beauty campaign by Patty Warren, who cannily played off Eunice against her and thus reaped a harvest both ways. Patty's novelty store was a meeting place for the women of Amy's set; Patty bullied them, flattered them, relayed gossip amusingly, and charged them three times the worth of the dresses and powders and perfumes which she sold to them.

Between Amy and Judy there had been watchful waiting since the night Madame Carter had given Judy the Chinese shawl. Money was Amy's god, and there would be some money left at Madame Carter's death.

"She's not so straightforward and simple as she looks!" Amy spoke of Judy to Eunice over the tea table one afternoon, and the words came viciously through her clenched teeth. "Believe me, she'll bear watching—she's a deep dish!"

A dreary round of empty days for Judy. All the more empty now, when Stan went up to the city to business. She found herself living for the quiet time of the evening when she shut the door on the rest of the household and had her handsome husband to herself.

She knew she was an alien in this big formal house; that she was accepted by these people—by the whole social set of Lockwood simply because she was Stan's wife. The knowledge made her cheeks burn and proud and miserable anger swept over her. There were times when wounded pride bade her leave—she got as far as packing her suitcase once, her tears falling onto the clothes she folded. And all the time she knew that she would never leave—that she couldn't leave Stan.

It frightened her, the love she left for Stan. A deep and terrible thing.... an ecstasy and a torture. It was not a strengthening love—it weakened her, humbled her in spite of herself.

Perhaps the flood was so full because it had been so long stemmed. Aunt Hetty, in her stoical New England way had never lavished any affection on the little girl she had taken to raise. Love had come alive in Judy with Stan's hot ardent kisses; an emotional force which shook Judy to her heart.

Long empty days with the ache of jealousy in her heart....wearing a smile like a mask on her face. And always there was a weary argument going on in her own mind—Judy talking down to her heart.

Suppose Stan had been engaged to Eunice Wilson at one time! Lots of people had been engaged and then married someone else. But that strange night on the train—his black moods.... Well, Stan was moody by nature—spoiled—but adorable, she added loyally in her own mind.

Stan had been embarrassed at meeting Eunice when they had first come here—and people had watched them covertly as if they watched a secret drama.

Oh, what did that prove! Judy put back her hair from her hot forehead and shook her head wearily as though to shake away the crowding thoughts. People would always talk.... She wouldn't be a jealous wife and hurt Stan with suspicions....Stan, with his dark ardent face bent just above her own. Stan's arms about her....of course he loved her! He loved her alone!

Judy had her golden moments. Stan came home early one afternoon and insisted that she run out to the Country Club with him.

"Don't bother to doll up!" he called impatiently. "Anything will do. I'll drive the car around in front. You get ready."

The big shaded house— it was the height of the afternoon, Mrs. Carter and Vera were both at bridge teas, Amy up in the city shopping—had suddenly lost its gloomy silence. Judy dashed up stairs to her own bedroom, pulling off her dress as she ran. She could hear Stan driving the car from the garage as she drew on a sweater and skirt and pulled on a pair of flat-heeled golf shoes. She ran down the long broad flight, a little song beginning in her heart.

A golden day....the glow of the country was reflected in Judy's heart as Stan turned the car onto the highway. Stan was in his most winning mood—he had just turned a business deal which netted him a fair commission and much satisfaction, and being Stan, had decided that it entitled him to celebrate by a holiday.

"Your education has been sadly neglected wench!" He threatened Judy. "I'm going to teach you golf!"

"Do you think you know enough about it to teach anyone?" Judy asked saucily, knowing that Stan took his game seriously. But her hand went out to his knee and her eyes looked love at him.

Stan swung the car into the driveway before the red stucco club house with its awninged porches. "Hello there's some of the gang!"

At the head of the wide steps Eunice Wilson stood swinging a club while she talked with Georgia De Haas and Billy Sumner. Eunice beautiful as a picture in a white silk sport suit and a smart green hat which turned her eyes to long enticing mysteries of jade. And suddenly the peace of the golden day was shattered for Judy. She raged inwardly at having to quit the shelter of the car and walk up the steps under their critical eyes. She could cheerfully have killed Stan for telling her that anything would do to wear. Eunice's smart white silk she knew made her own tan woollen skirt and brown sweater look commonplace by comparison.

"It's perfect that you've come Stan!" Georgia De Haas cut the greetings short with her high staccato voice. "We're dying to make a foursome and there are none of our own crowd here but that impossible Tubby."

"Afraid you're nailing the wrong man Georgia" Stan returned. "I promised to teach Judy the game."

Judy felt her cheeks flush as they looked at her .Conscious that she appeared stupid—conscious that she appeared dowdy.

Eunice's white lids narrowing over her jade eyes in a lazy smile. "What a brave person you are! To allow your own husband to teach you golf! The course is strewn with the bleached bones of wives whose husbands started to teach them—"

"And the asylums are crowded with husbands!" Billy Sumner like all good players, had little patience with the beginner. His humor was strained and Judy heard him say in a savage undertone: "Good Lord Stan, you're a dummy! What do you think we have the "pro" for? No husband can teach his own wife. Come on, go around the course with us!"

Judy spoke quite as though her heart was not hammering with indignation. "Yes go head, dear, I don't feel like earning today."

FEMININE WARFARE

CHAPTER EIGHTEEN

Stan dutifully objected but gracefully permitted Judy to thrust his objections aside. Judy was hurt at the relief which showed in his face.

"Well all right—if you really do not care—"

She wouldn't let them see that she cared that they had the power to spoil her day. "Of course I do not", she assured him stoutly.

Stan salved his conscience by insisting that she walk the course with them. She went across the bright sunny green, trying not to feel stupid and superfluous. Trying not to see how instinctively Stan had paired off with Eunice.

She felt that Georgia De Haas was secretly enjoying her discomfort and Judy pretended a bright interest in the game, wearing a gay little smile. Ready with a comment whenever the opportunity offered. But little by little that brave pretense faded. She was so obviously the fifth wheel on the coach. Stan forgot to address her as his interest in the game was deepened. She might have been one of the caddies so far as the others were concerned.

She couldn't resent it—Judy told herself. The talk was all about golf and Judy couldn't join in. She tried once — making a comment which she thought safe to risk. But the others had laughed with an unkind edge to their laughter and Stan had been frankly impatient. "Oh, Lord, Judy tune off the advice! This is golf, not tiddlywinks."

That hurt her, though she would not let them see it. She trudged up the hill after them trying not to see what a superb pair Eunice and Stan made as they walked ahead of her. Stan so tall and dark, Eunice's golden beauty....

Judy felt drab and commonplace and unforgivably stupid. Golf had played no part in the life of Summerfield. She didn't understand the lingo. She felt timid about speaking again. She was furious with Stan for so blithely breaking his word to her and spoiling her golden day, and she was suddenly humiliated at thus trailing after them.

She summoned up a bright smile. She called gaily after their absorbed figures: "Hey, you golf fiends, you're walking me to death! I'm going back to the clubhouse and cool off on the porch."

She felt that they did not miss her as she walked away.

A long dull afternoon with an unread magazine in her lap and tears of rage choked back in her throat. Judy fiercely resolved to hire the professional player to teach her the game. She would go up to the city and get some sports suits—something stunning. Something which would compete with Eunice Wilson's clothes.

She wished, childishly, that she had been sitting surrounded by a ring of admiring men when the golfers come back but she was only being bored by old Mrs. Kestle droning about her daughters' automobile accident when she saw them coming over the grass to the club house. Eunice was swinging her hat and the glamour of sunset touched her rich golden hair, outlined her lovely lithe body.

"I'm afraid we've been awfully selfish," Eunice spoke as they came up the steps. "We've left you here all alone."

Judy looked at her and their smiles clashed like a couple of swords.

"Oh, no!" Judy's heart was pounding with anger but her words were sweetly cool. Eunice should not hang her about Stan's neck like a burden! "I've enjoyed it tremendously!"

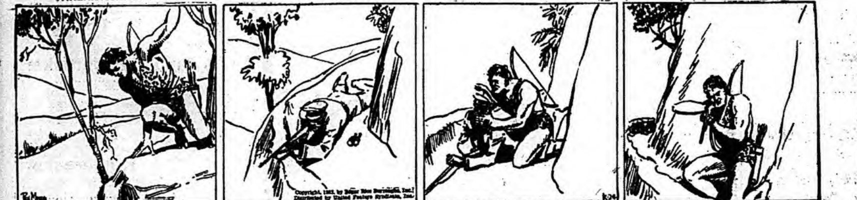
WHA'S MATTER? WHAT YOU WORRYING ABOUT?
OH—I'M JUST GOING OVER MY CHRISTMAS LIST AGAIN
GOSH, YOU'VE BEEN DOING THAT EVERY NIGHT FOR THE LAST TWO WEEKS
YES, I KNOW, BUT THERE ARE SO MANY WE HAVE TO GIVE TO
YOU'VE GOT SOMETHING FOR EVERYBODY— I KNOW YOU HAVE
I THINK SO— AND YET I CAN'T HELP FEELING THAT THERE'S SOMEBODY I'VE FORGOTTEN
SEE HERE! GEE WHIZ! DON'T TELL ME WE'VE GOT TO GIVE CHRISTMAS PRESENTS TO THE FORGOTTEN MAN!

TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs



Copyright, 1932, by Edgar Rice Burroughs, Inc. Distributed by United Feature Syndicate, Inc.
12-24

After the next shot, Tarzan moved with panther-like stealth down the steep hillside. From the edge of a low cliff, he saw upon a ledge fifteen feet below him, a Red soldier lying concealed from the British.

The Red sniper lay well back of his own lines, firing over the heads of his fellows. As the ape-man discovered him, he had laid aside his binoculars and was preparing to fire again.

That shot was never fired. Suddenly a brown body sprang forward from the cliff above. Probably the Red never knew what alighted on his back, for Tarzan's steel fingers circled his throat. There was a moment of futile struggling and—the sniper was done for.

Tarzan now watched the Reds' trenches below. He saw a well-hidden machine-gun striking at the British, who evidently failed to locate it. Using the dead sniper's rifle, Tarzan took careful aim

---

Little Benny's Note Book

Pop was smoking and thinking in his private chair and ma said, Willyum look out the window at that moon, it's the most ideally romantic object I ever saw in the sky.

Unfortunately I cant see it, my chair's terned the wrong way, pop said, and ma said, But Willyum you've never seen such a moon.

I shouldn't be serprised if I'd seen the very same one in the very same sky, pop said, and ma said, Willyum I'm ashamed to listen to you, you have no more feeling for nature than an insensible clam on a deserted beetch.

That's an unfounded confounded libel, pop said. In fact I was just sitting here reflecting in my poetic way on the closeness of man and nature. Who among us doesn't number among our own frends poor fish, queer berds and downtrodden werms? he said, and ma said. That has a lot to do with nature I must say.

After all's said and done, man and nature have the very same needs, pop said. When the farmer plows his fields he is giving them a shampoo, and when he mows them he is giving them a hay cut. In other werds he is nature's barber, he said, and ma said, My my such a flite of fancy, there certany was a poet lost when you were born.

We are closest to nature when we are children it's then that we best realize the close kinship, pop said. I remember when I was a child how my little frends and I used to realize that our very health and hence our happiness depended on the medecines that were made from the herbs of the fields, and we paid tribute to that ideer by calling one of our little companions Herb, he said.

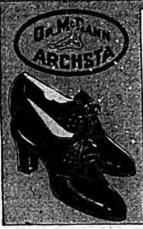
Now Willyum that's all, ma said, and pop said, Dont be silly, it's not even half but I'll make it do if you admit I'm a lover of nature.

O all rite my goodness you're a lover of nature, the greatest lover of nature since Adam and Eve, now will you keep quiet? ma said, and pop said, Sure.

Wich he did.

SATURDAY — the Big Day at the C.D.S.

Store Open Until 9 p. m. Tonight!



Give Her a Pair of Dr. McCann Archsta (trade name) Shoes

If you are giving a practical gift, why not a pair of these comfortable, Dr. McCann Archsta Shoes for Christmas . . . she'll appreciate the comfort and wonderful foot ease they give. Scientifically made to that end, they offer the most in real foot comfort to anyone who prefers this type of shoe. In black and brown calf and kid leathers, soft, smooth and pliant, with well set heels. A good selection of models up to the minute in style importance. Sizes 3 to 8. Widths AA to EE.

Pair 2.98

REFUGE AT COBOURG BURNED, INMATES ESCAPE

NEWS BRIEFS AND ODDITIES

New York, Dec. 22 (CP)—Bringing home the yule tree—on a subway train—brought Carl Andrus, 29, to a session of the night court.

Tree he was carrying last night poked face of Virginia Goelkel, 17. Virginia's mother had something to say about that. One word led to another and previously neutral passengers became involved in the melee. Faces were slapped cheeks, were scratched.

Sixty blocks later, the fight adjourned to the subway station platform. Detectives hauled Andrus out of the thick of it and haled him to court, where Mrs. Goelkel preferred a charge of assault.

Andrus pleaded not guilty. The Judge adjourned the case, he said, so the defendant could sober up.

. . . .

Ceres, Calif., Dec. 22 (CP) — Fire Chief Will Ham is going to resign unless the city council quits borrowing his equipment.

The fire alarm clanged Friday and Chief Ham and his volunteer force dashed to the fire house only to find their apparatus missing.

Inquiries disclosed the apparatus had been taken to fix a broken sewer which Mayor J. W. Baldridge called "a health menace."

. . . .

Philadelphia, Dec 22 (CP) — Mrs. Rose Rossi, 17, isn't dead.

She said so in domestic relations court.

"My husband, Joe, sent an undertaker and a fleet of 10 taxicabs to my home for my funeral," she explained.

To rid her neighbors of the idea she is among the departed, the Judge granted her a warrant for her estranged mate's arrest on charges of being in arrears on a support order.

. . . .

Quincy, Ill., Dec. 22 (CP)—The man didn't bite the dog but the rabbit assailed the hunter, Chas Nell, the victim contends. He said he was walking along the road when one of the timid animals jumped out of a bush and bit him.

A physician treated a deep wound in Nell's leg.

. . . .

Wilkesbarre, Pa., Dec. 22 (CP) —Spanking as a punishment for disobedient wives has the sanction of the Luzerne county court.

It's the husband's privilege, Judge John S. Fine told Mrs. Harry Bell when she appeared to prosecute her husband on charges of cruelty based on a spanking.

The husband admitted the spanking, but said he did it because his wife "ran around" in his car while he was at work and ran up expenses but didn't pay the bills.

. . . .

Omaha, Neb., Dec. 22 (CP) — While Christmas shopping has boomed business generally, the night clubs are gloomy, City Welfare Superintendent C. Ray McKay made the rounds last night and learned from glum proprietors their patronage has slipped 75 percent in the happy season.

. . . .

Des Moines, Ia., Dec. 22 (CP)—Saint Nick is bringing more than 40 Iowa orphans new homes for Christmas.

By Monday night 30 babies and children will be taken to private homes from the Davenport Orphange, and 10 to 12 from the Juvenile Home at Toledo. Dr. Mae Habennicht, superintendent of the State Child Welfare Bureau said the adopters insist they receive the babies by Christmas

WILL PROSECUTE FURTHER

CHICAGO, Dec. 22.—(AP)—The question "will there be a fourth Insull prosecution?" brorght affirmatives from prosecutors today.

Rebuffed for the third time in succession by a jury which adjudged Insull management of their $2,000,000,000 power empire and acquitted Martin Insull yesterday of embezzling $344,720, the State's Attorney's staff pointed to the January Court calendar.

It listed further embezzlement trials for Martin on January 15, and for Samuel, Sr., freed last month along with his son and 16 associates in Federal Court of Mail fraud charges on January 15.

RESCUE UNHARMED AGED MEN, WOMEN IN $100,000 FIRE

House of Refuge at Cobourg Destroyed Early Today

INMATES REMOVED

Firemen Work With Only One Line of Hose

Cobourg, Ont., Dec. 22 (CP) — Sixty-two aged men and women were rescued unharmed early today, when fire swept the United Counties House of Refuge a mile from here with a loss of $100,000.

Only the walls of the old three-storey stone building owned by the counties of Northumberland, Durham were left standing when the fire burned itself out three hours after it started in a partition, presumably from defective electric wiring, at 2.15 a.m. The roof crashed through burned floors into the basement.

Neighbors, firemen and attendants at the refuge carried infirm inmates down fire escapes from the flaming building and led others to safety through smoke-filled halls. Three old men were missing for more than an hour and were believed dead until they were found in the refuge's barn.

The inmates were taken to the large home of Mrs. J. Elliott across the Toronto highway from the refuge and made comfortable by neighbors. Most of them escaped from the burning building in their night clothes, only a few remaining long enough to snatch up their clothes.

Starts in Bedroom

The fire started in a bedroom and was noticed by one of the 10 women sleeping there. She called Mrs. Bruce Thompson, the matron, who summoned Cobourg firemen. Clarence MacMillan, son of superintendent John MacMillan, who is in Toronto carried a paralysed woman to safety from the room in which the fire started.

The aged men and women feared for their lives, when the fire alarm was rung and only the calm work of the attendants averted a panic. Little groups of them stood around in two feet of snow screaming and crying as rescurers left them outside the building to return for others, finally neighbors took them to Mrs. Elliott's home, where they were made tea and coffee and wrapped in blankets.

Firemen worked with only one line of hose and were powerless to save any part of the refuge. It stood on an elevation and water pressure was not strong enough to pump more than a small stream to the building.

Matron Thompson was exhausted by her rescue efforts and was under a doctor's care this morning. It was believed none of the patients would be affected by the cold they met on coming from the building as few of them were outdoors more than a few minutes

Little of the building's furniture was saved.

POOR HONEST MAN FINDS MONEY ROLL

Kitchener, Ont., Dec. 22 (CP) —"You might have kept this money and no one would have been any the wiser," the policeman on duty at headquarters told a man last night who had walked into the station and laid down a roll of bills which he had picked up on the street.

"Yes, I guess so" he who had found the money replied.

"At Christmas particularly I could have used it. You see I haven't worked for two years."

Montreal School Keeps Order With Own Police Force

Montreal, Dec. 22 (CP)—Daniel O'Connell School, situated in suburban Notre Dame de Grace, has its own way of dealing with pupils who break school rules. The school has its own police force, complete with badge and vested with full authority over the students.

Inaugurated as an experiment three years ago, the police force proved such a success that it was adopted as a result school body. A captain was named from one of the higher classes and other officers, including sergeants, were selected as his assistants.

The boys, most of them around 13 or 14 years of age, were equipped with badges and given white belts and straps that come down over their shoulders and cross on their chest in the same manner as do the white straps worn by Montreal's regular police force.

The "police force" keeps order during recreation and at the noon hour and sees that none of the pranks usually played by schoolboys are performed. When school is out, several of the officers are stationed at nearby corners to direct traffic. The force is backed by the municipal police force and woe to any motorist who goes ahead against the signal of a youthful cop.

The system won high praise from civic officials when it was inaugurated three years ago and Police Director Fernand Dufresne pronounced himself as heartily in favor of the scheme.

HUEY LONG PLANS NEW CONSTITUTION

Does All He Can to Make an Empire of Louisiana

Baton Rouge, La., Dec. 22—(AP) —Senator Huey P. Long, having written upon the statutes every law he could conceive to make an empire of Louisiana, turned his attention today to drafting a "kingfish constitution."

His colleagues said he plans to rewrite the state constitution, to take further power from the local governments and to inflict further punishment on the opponents he has yet been unable to reach.

Administration men asserted after adjournment of the special legislative session yesterday that they expect the legislature to be reconvened in February, to call a constitutional convention.

Among Long's 11th hour moves with his legislature was an order for ejection of the rival administration of the City of Alexandria. Long also took over control of the City of Baton Rouge, where he has been engaged in a struggle for political supremacy since the house impeached him as Governor in 1929 when he tried to tax the Standard Oil Company by levying a five cents a barrel occupational tax on oil.

FOOD IS DEAR IN SOVIET RUSSIA

Man Making $500 Month Unable to Provide For Family

Sault Ste. Marie, Ont., Dec. 22—(CP)—Returned from three years in Soviet Russia where, he says, earning a salary of $500 a month he was not able to provide sufficient nourishment for his children, Robert Homberg is back to stay, and his family is delighted with the prospect of a real Canadian Christmas.

In support of his statement that $500 a month was not enough to keep a wife and three children on, Mr. Homberg, a construction worker of Swedish-Finnish extraction who came here in 1914 at the age of 15, mentioned the prices of some commodities.

Procedure in Voting Money Evolves Out of Interpretation of Message

Ottawa, Dec. 22—(CP)—Because Queen Elizabeth several Centuries ago gave two different verbal directions in regard to a single financial transaction, history was made and a new rule controlling government financing came into being. Finance Department officials say it prevailed ever since.

Judges were called together to determine just exactly what the Queen meant. They pondered over the directions. Finally they decided that discretion was the better part of valor. They did not attempt to determine what the Queen meant in this case, but they did draft a ticular case, but they did draft a procedure for the future. Its fundamental feature was that the Queen must give her approval in writing to such transactions.

And so it has come down to the present time. Parliament may appropriate money but before a single cent is expended, the Sovereign or his representative must sign a release.

750,000 WORKERS ON BRITISH LAND ELIGIBLE FOR DOLE

British Dole Will be Extended to Include Land Workers

COSTS 6 CENTS WEEKLY

Parliamentary Approval Is Expected For Dole Extension

(By George Hambelton)
(Canadian Press Staff Writer)

London, Dec. 22 (CP Cable) — Wide extension of the British dole system is contemplated. Seven hundred and fifty thousand landworkers who hitherto have been excluded from unemployment insurance are expected to be brought within its scope.

The Statutory Committee which investigated the whole question has now recommended inclusion of persons employed on the land whether in straight farming or horticulture.

Weekly contributions probably will be the equivalent of six cents each for workers and employers and 12 cents by the government. For workers over 21 it is expected the benefit will be about $3 weekly with an extra 50 cents for wife and child.

This proposed extension of the dole system to land workers will require parliamentary approval to make it effective.

CANNERS CLAIM MARKET IS MADE

Outlet And Better Prices Obtained by Fruit Vegetable Growers

Ottawa, Dec. 22—The price spread inquiry, hearing evidence concerning Canadian Canners Ltd., of Hamilton, was informed that the company has the right, under the contract to dock the grower for poor quality. H. M. Cootes, commission auditor said he could find no full record of this in the company's books.

Cootes quoted W. R. Drynan, vice-president of the company as follows, dealing with benefits received by the growers through association with canning companies.

"Were it not for the outlet provided by the Canners for the growers' produce, they could not find a market for a large portion of it, and certainly not at as attractive prices as they are able to get by having the canner take care of his surplus stocks. In other words, by reason of the fast that the canners are always ready to take their produce, they have not the same danger of the consumer markets for fresh fruits and vegetables being depressed. In other words, it avoids the possibilities of glutting. Again the grower counts on the canners' crops as being more or less cash crops and affording them the means of financing their operations."

Under the contract, the company insists on growers using their pea and corn seeds. This was done to insure quality and resulted in a loss of $257,730 since 1929. The net profit on tomato and other seeds reduce this to a net figure of $202,082.

Cootes reduced the 1929 purchases of tomatoes to the finished article. The purchase was 45,048,761 pounds and the pack, 26,722,988 or 59.3 per cent. In that year, 20.3 cans of size 2 1-2 were obtained from a bushel of tomatoes. In 1933, the purchase was 19,419,432 and the pack 12,033,929 or 62 percent. In that year. 21.3 cans were obtained from a bushel of raw tomatoes. On a basis of 25 cents a bushel, the contents of the can cost about 1 1-4 cents.

Under the company's contract, the farmer is prohibited from growing or selling products to competing canners, Cootes said. A. T Thompson, counsel for Canadian Canners Ltd., said this was inserted because of danger of contaminating corn. Chairman W. W. Kennedy opposed this view, pointing to another clause, which covered.

MRS. WEBB INJURED

Stratford, Ont., Dec. 22—Mrs. William Webb, 133 Ontario Street, is confined to the General Hospital with a fractured hip suffered in a fall on Ontario Street last night. The accident occurred only a few feet from the apartment building in which Mrs. Webb lives.

FAMILY PARTY ON FOR THE DIONNES

Christmas Tree And Dinner to be Held at The Hospital

Callander, Ont., Dec. 22.—(CP) —Christmas will be a family celebration among the Dionnes of Callander with the world shut out for a day from the home and hospital, that house Oliva Dionne, his good wife Elzire and their ten children.

When quintuplet daughters came into the simple northern Ontario farm family's life last May 28, they brought a publicity glare, that has left the Dionne's little privacy. Guardians were appointed for their famous daughters and they sometimes felt themselves outsiders, especially after the little girls were moved to their own hospital last October.

But on Christmas Day the Dionnes will be all together again for a family party. As the Quints cannot leave their hospital to come home for Christmas, their parents and brothers and sisters will visit them and take their Christmas dinner just a few feet away from the cots in which Yvonne, Annette, Cecile, Emilie and Marie will be sucking their bottles of milk and cereal.

The guardians will not be present but the nurses will take care of the babies as usual. Although the girls themselves will know nothing about the celebration—they will be only seven months old on Dec. 28, —everyone in any way connected with them is joining in plans to make the day memorable.

Dr. A. R. Dafoe and the other guardians as well as the neighboring farmers have selected gifts to match those the youngsters have received from the outside world. Mr. and Mrs. Dionne also have planned something for their famous daughters' stockings but everyone is keeping the contents of his Christmas parcel a dark secret.

BISHOP LAUGHS AT PICKPOCKET

Theft Costs Thief Seven Cents And Bishop Only Two

Kitchener, Ont., Dec. 22—(CP) — Bishop Jacob Janzen of Waterloo leader in the United Mennonite Church in Canada, so called Russian Mennonite has the laugh on a nervy pickpocket from Toronto the Good.

It actually cost the light-fingered Toronto thief five cents to ease the Bishop's wallet from his pocket.

While in the Queen City on his way home from a visit to the scattered parishes and missions of his church in Western Canada, the Bishop's pocket was picked on a crowded street car.

That's where the laugh comes in as naturally the thief had to pay seven cents to ride on the street car and the Bishop's pocketbook yielded only two cents and his keys. The Bishop hopes the thief will spend the two cents on a stamp and mail his keys back to him.

GOVERNMENT AID PRESSED AT OTTAWA

Ottawa, Dec. 22 (CP) — Urging government assistance in the construction of a grain elevator at Fort Erie, Ont., a delegation headed by George H. Pettit, Conservative member for Welland met Minister of Trade and Commerce R. B. Hanson. The assistance asked from the government was in the nature of guaranteeing the use of the storage facilities of the elevator to the extent of 1,250,000 bushels over a period of fifteen years. Consideration was promised.

Fish are Christmas Gifts From Wells at Camrose

Edmonton, Dec. 22 (CP)—Strange Christmas presents of fish from the depths of the earth have arrived again at the farm of J. Forhart, near Camrose, 70 miles southeast of Edmonton.

Each year at this season artesian wells on the Forhart farm spout forth their offering. The fish range from one to two-and-one half inch in length. Only at the Christmas season and usually only over a period of two or three days at most, the fish arrive.

The fish are prized by residents of the district who keep them in goldfish bowls. No effort at classification has been made so far.

The "Christmas fish" wells are far from any lake or stream and the mystery of the subterranean hatchery has not been explained. The wells are 40 feet in depth and six inches in diameter They give water of excellent quality and purity in never-failing volume.

RABBI CONDEMNS STRESS ON RITUAL

Holds Christianity And Judaism Fail in Saving World

Hamilton, Ont., Dec. 22—(CP) — Voicing the opinion that Judaism and Christianity had failed in a great mission through placing too much stress on ritual and not enough on ethics, Rabbi Dr. Arthur Feldman singled out the Kahilahs of Toronto, Montreal and Hamilton for sharp criticism in his sermon at Anshe Sholom Synagogue last night.

"Christianity has failed to transform the world because it had concerned itself more with redemption from sin and with salvation in the hereafter than with man and society and their improvement in the life here on earth.

"Has Judaism been any better than Christianity? One must be greatly prejudiced to answer in the affirmative," Dr. Feldman asserted. He declared that the prophetic principles of justice and righteousness had been englected for the observance of rituals.

AUTOPSY ORDERED ON MRS. BERTRAND

Found Seated in Car in 14 Feet of Water at St. Zotique

Ottawa, Dec. 22 (CP)—An autopsy will be performed today on the body of Mrs. Real Bertrand, 24, of Ottawa, who was drowned at St. Zotique, Que., when the car in which she was sitting went off the wharf at that place.

The accident occurred while Mrs. Bertrand was driving to Ottawa from St. Polycarpe, Que., with her husband, on Thursday night. Mr. Bertrand, it was stated, took the wrong road and brought up on the wharf, where he is alleged to have disembarked and left Mrs. Bertrand in the front seat while he went for help. On his return with assistance the car had disappeared, apparently plung into 14 feet of water. The car was not recovered until early Friday morning when Mrs. Bertrand as found dead in the car, seated where her husband claimed he left her.

THE WEATHER

Toronto, Dec. 22 (CP)—A pronounced disturbance centred in Saskatchewan has caused strong winds with some snow in the western provinces where it is becoming much colder. Local snowfalls have occurred in the southern districts of Ontario and Quebec and it is decidedly cold in northern districts while in the Maritimes the weather has been fair.

Lake Superior, Kenora and Rainy River—Moderate to fresh east to southeast winds; partly cloudy, becoming somewhat milder; some light snow at night.

WASHINGTON IS NOW NOTIFIED

Japan's Denunciation of Naval Treaty is Delivered

Tokyo, Dec. 22 (AP)—The duty of formally notifying United States of Japan's denunciation of the Washington Naval Treaty was given to Ambassador Hirosi Saito at Washington today.

Foreign Minister Koki Hirota cabled Saito his instructions after a conference with Emperor Hirohito. It was expected the formal announcement would be made next Thursday.

The Emperor received a report from Hirota on plans for continuing the Anglo-Japanese conversations in London with a view to establishing some basis for eventual agreement on naval limitation.

At the same time the Foreign Minister sent Ambassador Saito his instructions, he outlined to Ambassador Tsueneo Matsudaira in London the nature of the suggestions to be advanced in the bilateral discussions.

DR. WALLBRIDGE NAMED CORONER

Belleville Physician to Conducts Inquests in County

Toronto, Dec. 22.—(CP)—Notice of the appointment of the following Ontario Coroners is contained today in the Ontario Gazette:—Dr. C. W. Bennett, Kingston, Frontenac County; Dr. H. Alexander Elliott, Toronto, Associated Coroner for Toronto and a Coroner in York County; Dr. William Gibson, Kingston, Frontenac County; Dr. Eli Franklin Irwin, Weston, York County; Dr. Presley Archer McLeod, Kingston, Frontenac County; Dr. Gordon Wright Mylks, Jr. Kingston, Frontenac County; Dr. John Lee Poirer, St. Catharines, Lincoln County; Dr. Charles W. Sinclair, Aylmer, Elgin County; Dr. W. Douglas Thomas, Bobcaygeon, Victoria County; Dr. Ernest George Turnbull, Barrie, Simcoe County; Dr. Francis George Wallbridge, Belleville, Hastings County; Dr. John Parr Wilson, Richmond Hill, York County, Dr. Arthur Edward Harbeson, Kingston, Frontenac County.

LOST VESSEL FOUND

Halifax, Dec. 22 (CP)—Anxiety for the safety of the Lunenburg schooner Shirley B. Corkum, last heard of Thursday evening when she parted company with the saltbanker R. B. Bennett, was relieved today when the Royal Canadian Mounted Police cutter Fleur De Lis flashed word ashore, that she had run across the distressed vessel.

This ended the two-day search of three Mounted Police cutters and the government steamer Arras, ploughing through storm-tossed seas.

Prosperity Peak Reached in Christmas Trade at N. Y.

(Copyright, 1934, By The Associated Press)

New York, Dec. 22.—Dollars falling with reassuring regularity into the tills of retail business houses this month have established a Christmas trade reaching toward prosperity peaks.

A nation-wide survey conducted by The Associated Press reveals numerous reports pointing to a volume of retail shopping business ranging from "not unprecedented" in some sections to enthusiastic estimates of gains greater than 1930 or 1931 at some points.

Although the exact percentage of gain this year over previous years will not be known with finality until well into 1935, when books are rechecked, merchants in most cases declare their business will be 10 to 25 per cent greater than last year and decidedly ahead of 1932.

Some Soft Spots

There are spots on the business map where trade is about the same as last year. These points, however, are in the small minority.

Of much wider extent are the areas where gains are definite and point to the healthy condition of trade. Boom spots appear where localized conditions, such as re-employment, good cash crops and other aids to prosperity, lend assistance to the advance.

Reports of a larger number of individual sales are numerous, and in many sections where total sales are lower the average amount of individual sales are higher.

Many merchants note a new optimism in the faces of shoppers and declare "buoyant buying" is an index to a change in the psychological attitude of customers this year.

SANTA'S PRESENTS TOYS, FRUIT, CANDY REACH LONE ISLE

'Graveyard of Atlantic', is Inhabited by Few Islanders

PLENTY BLACK DUCKS

Island of Shifting Sands Prepared For Great Feast

Halifax, Dec. 22 (CP)—Provisions, toys, fruit and candy, all Santa Claus' requirements to ensure a Merry Christmas have been delivered to Canada's most easterly territory, the lonely lump of shifting sand 85 miles from Nova Scotia, Sable Island, where ships come to die.

Little kiddies here in this colony of 42 will hang up their stockings along with other Canadian children on the far Pacific Coast Islands and in the frost-bitten outposts of the Arctic circle.

The government supply ship, Lady Laurier, in command of Captain W. A. Robson, has arrived back from her quarter of semi-annual visit to "the graveyard of the Atlantic." In her hold were presents from mainland folk, special supplies for the Christmas dinner table, provisions for the wintry months, skates, toys and games for the Sable Island tots, and mail from the outside world.

Cargo of Joy

It was a cargo of joy for the lonely islanders who will spend their Christmas Day with the cold winds of the North Atlantic whistling around their housetops carrying their sand mounds away, continually building up and tearing down, moving their island onward into the sea.

They will get no turkeys on the Christmas dinner table for government superintendents found out long ago that turkeys will not live here. Some geese are kept. But black ducks are plentiful and Sable Island light tenders are crack shots. A wild goose is a welcome visitor these days.

John Gregore, keeper of the east light and his household of six are all prepared for a happy holiday. Their lighthouse, built in 1873, was demolished by a lightning bolt and fire two weeks ago. But a temporary light is burning to warn navigation of treacherous shoals.

Down the other end of the island, where the shifting sands carried away the substructure of the west light necessitating its replacement one mile further inland, James Horn, his wife and four small children will celebrate the festive season.

Others of the government staff of 18 will patrol the coastline where Gulf Stream, the St. Lawrence current and the frigid waters of the north meet. The island is covered with snow, but the kiddies have no use for sleds. Their sand hills are not high enough to get a thrill from costing.

FAMILY USING OIL DRUM STOVE

An urgent appeal for the donation of any sort of a cook stove was made today by the local fire department. A family who is at present using an old oil drum for cook stove is reported in distressing need.

City and District News

ROYAL BANK AT STIRLING CLOSED

The Stirling branch of the Royal Bank of Canada has been closed as the result of an agreement between the Royal Bank of Canada and the Bank of Montreal, whereby one or the other of the two banks will close its branch in places where each bank is represented, and business does not warrant the operation of the two. The business of the Royal Bank in Stirling will be taken over by the Bank of Montreal.

KINSMEN TO HELP TWENTY FAMILIES

Twenty families of the city whose need has been investigated by the central relief office and whose names have been turned over to the members will be given some of the Christmas cheer and assistance by the local Kinsmen's Club. The baskets to be delivered have been purchased by projects of the club.

SURVEY ROUTE THROUGH MARMORA

Engineers of the Ontario Department of Northern Development are in Marmora this week in connection with arrangements to make a survey of the route of the proposed extension of No. 14 highway north through Marmora, Lake and Wollaston townships to Coe Hill.

The fact a survey is to be made does not mean that the highway is to be built, or even started immediately, it is pointed out by engineers, but it does mean that the claims for the new road are to receive careful consideration.

Several surveys have been made through the northern part of the county and all routes will receive careful consideration by the Ontario Department before the final route is decided upon.

MAIN ROADS IN GOOD CONDITION

Despite the drifting of snow which fell over the county throughout the night, adding to the several inches already received earlier this week, traffic was still being carried on with little difficulty on the main roads, it was reported today.

Tweed road was reported today to be well open, while the road between this city and Marmora was also declared "in good condition, and no trouble encountered" by the driver of that bus. Snow plows were out early on that stretch of road this morning, it was stated.

Some difficulty may be expected on the less travelled concession roads, however, it was reported.

SNOW SHOVELLED FROM FRONT ST.

In an early morning surprise attack on mounting snow banks which lined the curbs on either side of Front street and other streets through the business section of the city, 48 men took the field in the business section at one o'clock this morning on the work of clearing the snow and loading it into the fourteen trucks also engaged. Throughout the night load after load of the heavy snow was dumped from the banks of the river just below the lower bridge. The men, all called from the list of relief workers were still on the job up to noon today clearing the streets with but a brief period out for breakfast. Parking was easier today.

SEND GREETINGS TO POLICE CONSTABLE

Tonight at 11.30 p.m. Lance Corporal "Ted" Bolstead of the R.C.M.P. stationed at Port Burwell Baffin Land, will receive the season's greeting over the channels of the air routes. Early today Inspector Frank Gardner and his staff of Provincial constables in conjunction with Sergeant Moore, in charge of the local detachment of R.C.M.P. and his officers, relayed a telegram to radio station CRCT Toronto, to be transmitted over that station's "northern broadcast" at 11.30 p.m. tonight wishing Lance Corporal Bolstead the compliments of the season.

Lance Corporal Bolstead was stationed in Belleville for a considerable period during 1933-34, being moved to the R.C.M.P. outpost at Port Burwell last last spring direct from Belleville. Constable Bolstead had previously policed the territory north of the Arctic Circle before taking over his Belleville duties.

WHITE WEEK END FOR RESIDENTS

It will be a white week-end, and probably a whiter Christmas, according to a long range prediction of the official weatherman. With Ontario already blanketed by a foot deep coating of snow, more flurries are on the way, followed by a drop in temperature over the week-end, it was reported.

TURKEY SHOOT FOR SERGEANTS

At the armouries this evening the Sergeants of the Argyll Light Infantry will hold their annual shoot for turkeys. The majority of the members have signified their intention of participating in this event.

Kingston To Have Wednesday Holiday

Although it is generally conceded that Monday will be a half holiday in the majority of offices and local concerns, no official observance of the day will be made, it was stated in the city today. Wednesday is also expected to be a full working day for the majority. In Kingston, however, a full holiday on Wednesday will be observed, following the proclamation to that effect by Mayor W. Peters following representation of citizens and merchants.

CHILDREN ENJOY SELVES AT ARENA

The joyous shouts of nearly 200 school children rang through the Arena this morning when the rink was thrown open for free skating to kiddies. Manager Redner was on hand with his staff to supervise the morning's recreation period. The children were present long before opening hour. Free skating provided by the management for children is in conjunction with an agreement between Arena officials and the Belleville city council. There will also be free skating on Monday from nine till eleven in the forenoon.

SNOW CONTRACTS LET BY DEPARTMENT

Notification that his tender had been accepted for snow removal this winter on the Tweed-Marmora stretch was received this week by Mr. Harry McCreary, Latta, from the Ontario Department of Highways. Mr. McCreary has already commenced the work of clearing that section.

A contract for the removal of snow on county roads in Prince Edward County has been given F. A. Sparkes, 220 Moira Street, west, this city, according to an announcement by H. B. Dunkley, Picton, Prince Edward County engineer.

LICENSE PLATES FOR CHRISTMAS PRESENTS

Ties, mufflers, shaving sets and other old time annual standbys may annually head the list of Christmas presents purchased for fond ones, but as yet the public have yet to become conscious of such a Christmas gift as a brand new set of car license plates, it was reported by the local issuer, Mr. S. E. Vermilyea, today.

So far this season only one resident had intimated a desire to purchase a license for a gift, but when man asked for number which could not be procured, the deal fell through.

MISS RUTH BELAIR IS GIVEN MEDAL

Lt.-Col. E. A. Geen today presented Miss Ruth Belair of St. Michael's School with the Governor General's Medal for obtaining the highest standing in the city in the High School Entrance Examination in June.

A. and N. Veterans Hold Successful Euchre

Under the auspices of the Army and Navy Association a successful euchre and dance was held last evening in the Moose auditorium. A number of tables were in play and prize-winners were as follows: Ladies: Mrs. Parker, Mrs. Vickers, Mrs. Nixon, Mrs. Herman, Mrs. Leavitt, consolation. Mrs. Kelleher secured a turkey as a door prize for ladies. Gents: Leo Hamilton, L. Davis, M. Donavon, J. McEwen J. Larimer, consolation. Mr. Lynn secured a turkey as a door prize for gents.

The Commodores Orchestra provided suitable music for dancing.

During the evening a drawing was made for several turkeys and those securing same were as follows: H. Frederick, Foxboro; G. Thompson, Napanee, and from the city were, W. Lynch; Miss Wellbank; H. Smith; P. Trowe; Helen Smith; Mrs. W. Stephenson, S. Colden, Helen Reddick.

CRIMINAL NEGLIGENCE CHARGEAFTERFATALITY

Preliminary Hearing on Friday and Bail is Allowed

Fred N. Henderson, Millbridge, appeared in the police court facing a charge of criminal negligence resulting in the death of his father-in-law, Joseph Palmer, this morning. The accused was not asked to plead, but remanded for preliminary hearing on Dec. 28. next, bail being set at $5,000 and given. Henderson appeared before Mackenzie Robertson, newly appointed Justice of the Peace.

The charge against Henderson came out of a fatal automobile accident that occurred 8 miles south of Bancroft on the night of Dec. 19, when the motor car which he was driving failed to make a turn in the road, turning over in the ditch, pinning Joseph Palmer, also of Millbridge underneath it, breaking his neck.

Today's hearing was under the direction of the Provincial Police who made the arrest.

◆

MUST REGISTER ALL FIRE-ARMS

Former Registrations Are Null And Void by New law

On and after January 1, 1935, all revolvers, pistols and fire arms in the Dominion of Canada must be registered under federal law. Chief Kidd today received the allotment of certificates for Belleville and vicinity and registration of fire arms may commence at once.

The certificates are made out in triplicate with one certificate being kept by the local police, one forwarded to the R.C.M.P. at Ottawa while the third is kept by the owner of the fire-arm after registration. This certificate is not a permit to carry a fire-arm but merely to register all weapons of the fire-arm type in the Dominion of Canada. The name and address of the owner of all revolvers, pistols and other such fire-arms is taken along with the make of gun, calibre and number there attached.

It is compulsory for everyone owning or having a fire-arm in his possession to register it, under the penalty of law. The previous registration of a fire-arm does not absolve the owner, neither does a previous registration made by a previous owner of a gun now in the possession of another. "All fire-arms in the Dominion of Canada must be registered at the nearest police office as soon as possible," stated Chief Kidd in explaining the new law today.

◆

OVERFLOWMARKET IS SEEN IN CITY

Fowl With Turkeys Leading Predominated The Sales

The city hall was today utilized for the overflow in the market building. Despite the fact, that the country roads were in bad condition owing to snow drifts many of our country friends were in the city today. Dressed turkeys, geese, ducks and chickens as anticipated were the chief products offered for sale and prices obtained for some were fairly good Turkeys averaged about 23c per pound, whilst the prices obtained for geeze were of a rather wide range, namely $1.50 to $2.50 each according to size. There were but few changes to note in prices generally over those of a week ago. Quotations are as follows:

Fall wheat	$1.00
Spring wheat	85
Barley	65
Oats	34
Rye	00
Buckwheat	45
Timothy	$8.00 bu.
Red Clover	$10 to $12 bu.
Alsike	$13
Dressed hogs	$10 55 cwt.
Live hogs	$7.55 cwt.
Dressed beef, fore	$5 cwt.
Dressed beef, hind	$8 cwt.
Butter	25c.
Eggs No. 1	33c.
Pullet eggs	27c.
Turkeys	20c lb
Geese	$1.25 to $2.25
Chickens	60c to 75c
Ducks	90c to $1.10
Potatoes	50c bag
Apples	25c to 35c peck
Onions	30c peck
Carrots	30c peck
Parsnips	30c peck
Turnips	35c peck
Beets	25c peck
Butcher trimmed hides	3c lb.
Rough hides	2c lb.
Horse hides	$1.
Veal hides	4c lb.
Sheep skins	15c to 25c.
Deacons	15c to 25c.
Wool	5c to 10c lb.
Hay	$17 ton.

◆

Today's the shortest day and the longest night. For a Screechy old Owl that's keen delight.

"Time is fleeting......"

But even if today appears to have been more than ordinarily fleeting, and darkness has crept upon you almost unawares this late afternoon do not blame it wholly on the fact, that the hectic rush of last minute shopping has kept you later in the downtown district. There is another reason. Today is the shortest day of the year, the one which has more night and less daylight than any other day of the 365.

Today the sun rose at 7.50 a.m. even if resdients of the city did not actually see it through the gray skies and scattered flakes of snow, which filtered slowly down. The same sun will set at 4.44 p.m. giving grudgingly a bare 8 hours and 54 minutes of the day.

But store employees and others who are attempting to handle the flood of customers thronging the downtown section will find that their hours are practically unchanged, despite the official regulation of the hours of daylight of the shortest day. Several days are within a minute or so of one another in brevity of daylight, and what's a minute or so in the matter of Christmas shopping!

Little Willie, it may be pointed out, will actually have a shorter night on Christmas Eve to await the arrival of Santa, because from today on the days will gradually lengthen until June 21, the longest day.

OFFICIAL START OF KING WINTER

Accompanied Start Today With Light But Persistent Snowfall

(By The Canadian Press)

Winter started officially in Ontario today and was accompanied by light but persistent snowfall in Toronto and other sections of Southern Ontario. The north and east, however, escaped the precipitation, it was stated at the local office of the Dominion Meteorological Service.

Two and one-half inches of snow fell yesterday and last night. Officials expected, however, the weather would clear later in the day and the temperature tomorrow would be higher.

It has been a different December than a year ago when the province by December 22 had suffered a month of cold weather. As early as December 9 the temperature had dropped to three degrees above the zero mark. There were three and one-half inches of snow on Dec. 13.

Queried about Christmas weather, the meteorological office said it was too early yet to hazard a forecast.

SYLVIA STEVENS DIES AT AGE 22

Daughter of Hon. H. H. Stevens Passes After Long Illness

Montreal, Dec. 22—Miss Sylvia Stevens, 22, daughter of the Hon. H. H. Stevens, former minister of Trade and Commerce, died last night at Montreal General Hospital, where she had been a patient for almost ten weeks, and where she underwent a very serious dual operation on October 15.

She had been ill for three years, and after consultation with leading physicians it was decided to operate as a last possibility of saving her life. So serious was her condition found to be, however, that very little hope of her recovery was entertained at that time.

The young daughter of the former minister, who resigned his portfolio as minister of Trade and Commerce and his chairmanship of the Royal Commission inquiring into mass buying and price spreads a few weeks ago, made a valiant fight for life. Some ten days ago her father announced that her death was merely a matter of hours, but her plucky spirit triumphed over failing strength for a time.

Mrs. Stevens was with her daughter constantly while she was in hospital here, and Mr. Stevens came to Montreal whenever it was possible for him to leave his duties at Ottawa.

The ill-health from which Miss Stevens had suffered for the past several years prevented her from taking active part in the interests of her friends of whom she had a host both in her birthplace, Vancouver and in Ottawa.

SCOTCH ARE THRIFTY

Glasgow, Dec. 22 (AP) — The thriftiness of Glasgow residents has been recorded in many a Scottish joke book

Now comes the annual report of the Savings Bank of Glasgow, published today, to confirm the legend.

Every third person in Glasgow, the report states, owns a bank book. And the bank has broken the record for trustee savings banks in the British Isles for the size of its deposits.

WILL PLACE PRICE ON TROLLEY TRACK

Arbitration Board Will Meet at Niagara Falls Jan. 9

Niagara Falls, Ont., Dec. 22 (CP) — Announcement was made here that the arbitration proceedings between the Niagara Parks Commission and the International Railway will start in the Refectory in Queen Victoria Park on Wednesday, Jan. 9. The proceedings will determine the amount to be paid by the commission for the abandoned properties of the street railway which operated from Queenston to Chippawa through the park.

The franchise was abandoned two years ago and a price must be placed on the tracks, trolleys, power house and concessions, the Clifton incline store and railway and the whirlpool rapids incline and store. The company seeks to collect $2,500,000 while it is understood the commission offers a sum considerably under $100,000.

Messrs. A. G. Slaght, K.C., Toronto and F. W. Griffiths, K.C., this city, will appear for the commission with Wilson and Bunne consulting engineers, Toronto, as technical advisers. D. L. McCarthy, K.C., Toronto, will appear for the railway.

◆

Obituary

LATE DAVID FINK

Iroquois, Dec. 22. — The funeral service of the late David Fink was held Friday afternoon at 2 p.m. from the residence of his daughter, Mrs. John D. Harkness, Albert street, to St. John's Anglican Church, and a large representation of townspeople paid their last tribute of respect to the aged gentleman. Deceased suffered serious injury on Saturday last when he slipped on the icy walk in front of his home and in falling fractured his hip. He was rushed to Brockville hospital, but on account of his advanced age and the seriousness of the accident, nothing could be done and he died Tuesday of this week. Deceased was in his 90th year and had spent practically all his life-time in the employ of the old Grand Trunk Railway, later the Canadian National. He was born at Napanee in 1845, where he learned telegraphy and his first charge as station agent was at Maitland, Ont., then Vaudreuil, Que., and in 1872 he was given the agency at Iroquois which he retained until he was superannuated a few years ago. In these places he also was the telegraph operator.

Deceased was prominent in Masonic and Oddfellow circles, he joined the latter in Prescott, Amity Lodge, No. 80, and when an I.O.O.F. Lodge was organized he transferred He filled the chief positions in the local lodges and was a P.D.D.G.M. of Harmony District, No. 51, I.O.O.F. and the first Noble Grand when Riverside Lodge No. 145 was granted a charter. A few years later the charter was returned to Grand Lodge and when resusitated in 1855 he became the first Noble Grand again. He was a Past Superintendent of St. Lawrence District of Royal Arch Masons.

After retiring from active railway work, he was appointed clerk of the municipality of the village of Iroquois in 1916 and retained that position for the period of six years and was then given the office of collector of water and light, both of which offices he filled to the utmost satisfaction of the municipality.

The funeral service was conducted by the rector, Rev. J. Lionel Homer, at St. John's Anglican Church and under the direction of the local Masonic lodge, the Masonic grave service was given just before the remains were conveyed to the Anglican cemetery, River Road East. Mrs. Fink, formerly Parazada Ulman of Morrisburg predeceased her husband thirty years ago.

The pall-bearers were Past Grand Lodge Officers, Herman Hamilton (conducted the grave service) and John G. Montgomery, Iroquois Falls, Walter T. Kingston and William Walker, Cardinal, Dr. Geo. Gorell and Howard Tyndal, Morrisburg. Surviving are five children, three sons, Harry, C.N.R. operator, Montreal, Angus, C.N.R. despatcher, Ottawa, and Allen, C.N.R. operator at Belleville; two daughters, Mrs. J. D. Wilson and Mrs. J D. Harkness of Iroquois. There were many floral tributes, among them one from Royal Arch Masons, one from the office of the executive of the C.N.R., Ottawa and the C.N.R. despatchers. Three deceased sons were also telegraphers.

'Bethlehem' Sung At Bridge St. Ch.

"Bethlehem", a sacred cantata by Maunder, will be sung on Sunday evening at Bridge Street United Church, at the special Christmas service which is to be observed. The large choir will be assisted by Mrs. Stobie, Miss E. Reddick, Mr. J. D. Bankier, Mr. E. Mouck, Mr. Fred Sprague and Mr. S. Burrows, and Mr. V. P. Hunt, organist and choir leader, will conduct. The service will also be marked by the singing of Christmas carols and the singing of Christmas hymns by the congregation. Rev. Dr. J. Semple, minister, will be in charge of the service and will preach on "Christmas Stars". The morning services will also be of a festival character.

GOLF 40 YEARS OLD

New York, Dec. 22 (AP)—Organized golf in United States celebrates its 40th birthday today.

It was on Dec. 22, 1894 that representatives of five clubs, four in the east and one in the midwest, organized the United States' Golf Association. Out of that meeting of 40 years ago has grown the powerful body which today boasts more than 850 member clubs and directs the activities of millions of golfers.

4 STUDENTS KILLED AT LEVEL CROSSING

Party Returning from Dance When Accident Happens

Canonsburg, Pa., Dec. 22 (AP)—Four high school students coming home from a school Christmas dance, were killed early today as their automobile was struck by a Pennsylvania passenger train at a downtown crossing.

The dead: Kenneth Culp, 18, centre and star player on this year's Canonsburg high school football team; William McKee, son of John A. McKee, superintendent of the local plant of the Continental Can Company; Fern Harris, 16, daughter of Samuel Harris, prominent Canonsburg merchant, and Jean Marshall, 16.

ADULT S.S. CLASS IS ENTERTAINED

MADOC JCT—On Tuesday evening, a number of the members of the Adult Class of the Sunday School here accepted an invitation to spend the evening at the home of Mr. and Mrs. Phil Carr, who were entertaining the Endeavour S.S. Class of West Huntingdon. A very interesting program was put on by the West Huntingdon Class, which was much enjoyed. A hearty vote of thanks was tendered Mr. and Mrs. Carr for the pleasant evening.

On Wednesday night, Dec. 19th., the Public School and Sunday School held an entertainment and Christmas Treee in Eggleton Church here. Mr. C. Fitchett acted as chairman and called the gathering to order. The following programme was then given:

Chorus — "While Shepherds Watched Their Flocks by Night".

Recitation —"A Greeting" by Leslie Prest.

Recitation—"A Wish" by Helen Stapley.

Dialogue — "Christmas Cookies" by Eunice Juby, Marcella Stapley, Ella Wannamaker, Hugh McMullen and Lawrence Wilson.

Recitation—"A Christmas Wish" by Gordon Clarke.

Duet—"Jolly Old Saint Nicholas" by Marcella Stapley and Jackie Raynor.

Recitation— "A Stupid Book" by Seymour Ashley.

Chorus by the School— "Santa Claus".

Dialogue—"Don't Count Your Chickens Before They're Hatched" by Marion McMullen, Eunice Juby, Charlie Stapley, Clifford Wannamaker, Stanley Cooke, and Jim Wannamaker.

Recitation — "A Christmas Dolly" by Rosella Fitchett.

A Christmas Acrostic by the School.

Musical Numbers on guitar and mouth organ by Tena Beauderie.

Recitation — "Message of the Chimes" by Mrs. W. Harlow.

Star Drill by seven little girls—Mary Chambers, Stela Gallivan, Hilda Stapley, Marcella Stapley, Laura Wannamaker, Vera Stapley and Ella Wannamaker.

Motion Song—"Christmas Stockings".

Dialogue— "Just Mother's Little Girl".

Recitation by Gladys Clarke.

Dialogue—"From Down East" by Misses D. McMullen, Bernice Cooke, Lenore Stapley and Messrs. Roy Danford and Billie McMullen.

Reading —by Mrs. Mina Wilson

Chorus by the School—"Come Hither, Ye Children".

Recitation —"After Christmas" by Hugh McMullen.

Musical Numbers by Tena Beauderie.

Recitation—'Look Pleasant Please' by Stanley Cooke.

Solo—Miss Keitha Stapley.

Monologue—"Peter Buys a Present" by Ralph Stapley.

Recitation by Marion McMullen.

Dialogue—"Married in Haste" by Misses H. and T. Beauderie and Messrs. Clarence Cooke, L. Waterfall and H. Cooke.

Recitation —"Santa is Coming" by Gladys Clarke and Rosella Fitchett.

Chorus—"Silent Night. Holy Night".

National Anthem.

The jingle of bells were then heard and Santa Claus arrived looking very jolly and happy in his red and white costume.

Much credit is due those who decorated the church so prettily and also Miss Dorothy McMullen, who so capably arranged this splendid program.

Arthur Vinton and Buck Jones in "The Man Trailer" and Maxine Doyle, Phil Regan, Betty Grable in "Student Tour", now at the Belle

STOP HAVING FUN!

◆

New "Association" would make world Laugh-conscious

STOP HAVING FUN

(By Central Press Canadian)

Toronto, Dec. 22.—"Stop having fun!" and don't smile when you say it, brother.

The "Stop Having Fun Club" is, paradoxically enough, the wits' latest contribution to the amity and pleasure of a worried world, a world harassed by rumors of wars, increased taxes and—blue laws. And charter members, here and in Cleveland, Ohio, violated the constitution, thereby becoming liable to a fine, supplemented by a frowned rebuff from Grand High Potentate Peter Edson of Cleveland, when they broke into a broad smile this week on learning that the club had assumed international lines by opening a branch in Tokio, Japan.

The idea is this. All members are pledged to stop hilarity, mirth and pleasure, unseemly or otherwise, wherever it is found. Wherever a few are gathered together, laughing or smiling—if a good joke is being told, or a small one is being hoisted—the member approaches the group with pained expression on countenance, points an accusing finger extended from outstretched arm—directly at the group and shouts "Stop Having Fun!" Whereat all listeners will be brought quickly to the realization, it is hoped, that life is an earnest and sober business, and not to be trifled with.

Members declare that the movement is bound to be a success, locally, and that, as it becomes solidly entrenched internationally it will achieve peace and concord among nations, by focusing world attention on such little things of life as jokes and mirth

And, after all, a hearty laugh in Berlin should merit at least a smile in Rome.

So that the League of Nations and the Dionne quintuplets, hitherto good international conversation pieces, had better look to their laurels.

Of course charter members of S. H. P. are permitted to have all the fun they like. The idea is to make people fun conscious—sort of "laugh and the world laughs with you" idea.

"Stop having fun" — but don't smile when you say it, brother.

NATIONAL
RAILWAYS

A MERRY CHRISTMAS....
and a HAPPY NEW YEAR.

In extending to its patrons and friends the Greetings of the Season, the C.N.R. is glad to record a year of improvement over that immediately preceding and to express its anticipation that the coming year will maintain this upswing in business. All Canada is of course interested in the welfare of its railroads — improved conditions for them means improved conditions generally.

But the realization of our hopes depends upon the patronage which the public gives us.

At this Season of Goodwill, it may be appropriate to suggest that those who are in a position to do so can confer a boon on their fellow-citizens by ridding themselves of hampering and groundless fears and by adopting instead an attitude of confidence and co-operation. Let them not be afraid to spend according to their means. In a very real sense every Canadian who consumes, wears or uses anything—and that means everybody—is an employer of labour. Increased use of commodities and services will provide increased employment, and increased employment is the answer to Canada's need today. 1935 will be a Happy Year if each one does his part to provide more work.

The C.N.R. seeks the goodwill of all Canadians. It looks for, and will strive to merit a greater measure of patronage, a fuller opportunity to be of service. The expenditure of just a few more dollars per head of population, during the coming year, on the services the company provides, will not only be of prime importance to the C.N.R. but will also be of benefit to all workmen and merchants in Canada . . . it will help to consolidate gains which have been made and will strengthen the impetus towards better times . . . it will bring an added degree of prosperity and renewed hope to the people of the Dominion.

And it will be a worthwhile expenditure because of what the C.N.R. gives — speedy and reliable transportation, courteous and efficient service, reasonable rates and fares all the year round, and special low rates and fares on many occasions, such, for example, as the present holiday time.

Let us, then, have a Merry Christmastide and a Happy New Year.

There are presently in force special holiday excursion fares, and special low rates for telegrams and cables.

CANADIAN NATIONAL

THE ONTARIO INTELLIGENCER

THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

BE CAREFUL

Mayor Stewart of Toronto, makes an apt appeal. "Let us get one holiday season over without an accident," he said urging careful driving and careful walking.

At this time of festivities, any tragic event is felt more keenly than at any other time because of contrast between the spirit of happiness and merriment at this season which sets tragedy in such undesirable shade.

The words are apt because they place a responsibility on the driver of motorcars not alone but also on the pedestrian who is so apt to step in front of traffic. Mayor Stewart says many motorists show little or no courtesy not because they don't know but because they don't think. Why not show the same courtesy on the street that you would show in the home?" He also refers to thoughtless pedestrians.

Particularly in the busy shopping days and in the slippery icy days these words of advice are appropriate.

GAME SANCTUARIES

The Province of Quebec has shown that it realizes the importance of fish and bird sanctuaries large preserves having been established in Mississquoi, Temiscouata, and Kamouraska. These sanctuaries were begun privately some years ago and have been eminently instrumental in preservation of game and insectivorous birds.

Preserves are a sign of the thought of the people of Canada on the problem of depletion of reserves of bird, game and fish life. The public has come to realize that natural life cannot be risked to go too far in its depletion lest the decline may gain a momentum which may ultimately lead to the disappearance of species from the face of the earth. This would be one of the supreme tragedies of civilization to permit disappearance of birds , and animals and fish to a degree which would lead to their extinction.

In Calgary sanctuary it is hoped to keep wild duck and geese north of the international boundary during the winter. This season five thousand birds are staying in the reserves where there is a body of ice-free water. These would undoubtedly under usual conditions have gone south for the winter. The birds want but little incentive in the way of suitable conditions to lead them to hibernate in the north.

Preserves are popular places too for the public. Those who have visited the Jack Miner sanctuary know this to be true.

BETTERMENT GOES ON

With Canadian trade over the billion mark for eleven months this year, according to the statement of the Hon. R. B. Hanson, Trade and Commerce Minister. This is the best in at least three years.

What this means is that Canadian trade with other nations has greatly increased, though some persons do not yet feel in their own conditions the betterment which is taking place.

The November improvement was the largest in over three years. Exports of hogs in that month were so large as to put into the shade totals for a good number of years.

If this means that Canada is improving, it also means that the nations with which Canada is trading are improving. It also means that their mutual trade is one of the ways to build up a recovered world.

The picture is most encouraging.

KNOCKING ECONOMIC WRITERS

Most persons except economists will agree with the idea of the Archbishop of Canterbury that "if I were dictator I should put all writers on economics and currency to the proof that they understood what they wrote." The only trouble is to find examiners, according to the London Sunday Express which wonders if they should be bankers, cabinet ministers or treasury experts, who declared that Germany could be forced to pay for the war, that England must pay the American debt and that England should go back to the gold standard. Yet though it seems impossible to get examiners the inference of the archbishop is generally accepted that most writers on economics and currency don't know everything and that even experts err. The world does know that too much economic advice has been given and fears that too much tinkering has been done by the in-expert.

THE AUTOMOBILE HORN

Automobile horns have been forbidden in Rome, one of the noisiest of cities which has become almost silent since last Monday.

The New York Times wonders if it is wise for Fascists or any other political organization to shut off noise as an outlet, claiming "people must blow off steam one way or another. Englishmen won't mind the motor horn curfew because they have so many other liberties. Mussolini's or Hitler's or Stalin's faithful subjects deprived of every other liberty should be allowed to blow automobile horns to their heart's content . . . You cannot sit on top of all of the people all of the time."

In summer time about Belleville there is an unwarranted blowing of horns as signals to persons in houses to get busy and come out. Think of a buggy driver or a coachman in the old days shouting as he was driving up to a residence at the top of his voice instead of going to the door and knocking. Restriction of liberties does not prevail here. Bellevillians have every liberty and some take the new liberty of 'blasting' everyone with their horns. How many outlets for superfluous energy do they want?

HUMAN APPEAL

Day by day the New York Times publishes authenticated records of Neediest Cases with the amount of money required to give these unfortunate individuals and families a helping hand until they are able to help themselves. Here is a typical case, that of crippled Ellen and her mother, attested and administered by one of the great philanthropic federations of New York City:

"Ellen M. has a shrunken leg muscle and must move slowly through life. She is only 16. She lived on a farm until four years ago and because of her deformity her attendance at school was irregular and her progress slow. Her parents wanted to bring her to a specialist in New York but there was no money. So Ellen grew up a quiet, sad child, content with the companionship of her parents and Moses, the collie. In 1930 her father died, leaving debts which were met only by the sale of the farm. Her mother, Mrs. Seraphine V., 39, came to New York with Ellen, to look for work. She had never supported herself, but she obtained a position as a child's nurse and Ellen went to live with cousins. After Ellen was enrolled in a city school, her mother took her to a clinic and doctors began a series of treatments for her shrunken leg. Just as Ellen was about to be discharged from hospital a short time ago, Mrs. V. had to have a major operation, from which she is now recuperating. Ellen's cousins could not take her back; the mother had no funds. The society was appealed to and put Ellen in a home near by. Doctors have found that her condition is due to glandular trouble and believe that with treatment she will improve. But she and her mother need aid during the coming year until both are well again and at least one of them is able to work. Amount needed $325."

This is but one of the many hundreds of cases in New York City. But such an appeal is not confined to New York. In every part of the continent, in the country, villages, towns and cities, the cry of the human heart is heard. In Belleville there are cases of heroic fighting against odds which seem almost insurmountable.

That call must be heard. Those who love their fellow men (and all do), cannot, if they are able, fail to heed the call. Somewhere are silent heroic spirits, carrying a load others will never know.

In the final analysis what is life and what is its chief aim but human brotherhood and the sense of responsibility as a brother's keeper!

No human can ever claim that he is not the keeper of his brother. This universal fact throws down the challenge to the richest and the poorest to take an interest in the families where children have not enough clothing, enough food, enough of the little amenities which would make them happy, and where adults bear heavy burdens with little sign of light except their own indomitable spirit and their hope that the spirit of human brotherhood will be so powerful that, someone will come and give a helping hand to aid them across the crisis.

THE LATEST IN BOX CARS

Railway equipment concerns in Canada have been trying hard to drum up business, and recently they suggested that the federal treasury should finance a replacement program for the railways to the extent of thirty million dollars, in the purchase of box cars and locomotives which, they claim, are now badly needed.

It is understood that the government has not looked favorably on the proposal, and this hesitation seems to be justified in view of the likelihood of the introduction of equipment quite different from that which the railways have been using to date.

The change in style of locomotives has been noticeable in recent years but the railways appear to be still utilizing a type of box car that has been familiar ever since railways became an important factor in transportation. It is claimed that such cars are too heavy for the purpose to which they are applied, and that there could be a tremendous saving in the cost of power if much lighter types were adopted. There seems to be a hint that builders of box cars have in mind certain improvements that would enable the construction of lighter cars that would be much more convenient for the handling of freight. One of the faults with the existing type of box car is that the standard side door in general use, is inconvenient for loading and unloading, and that this defect could be overcome by new principles adapted to the construction of such carriages.

If the railways of Canada require much new equipment it would be well to consider the power and labor saving improvements now said to be available. The railways have serious need for all the modern advantages that they can attain.—Woodstock Sentinel Review.

MARK TWAIN READ WITH PLEASURE his own obituary notice penned by an enthusiastic but inexact newspaper man. Mark said he approved of it but thought it was a trifle exaggerated—hence when folks start to reminiscence in print and give the supposed last survivors of any particular era or organization it is just as well to take to the bush for some time afterward for there is sure to be a bunch of survivors turning up to deny that they are dead and remark sarcastically that the hint of their demise was a bit exaggerated. Newspapers hate corrections like poison, and one big newspaper man went so far as to make it a policy of his paper never to make corrections. Hence when a man appeared at the office and said he came to correct his obituary notice he was told that he would have to stay dead as far as that newspaper was concerned. However the proprietor said, we can put you in the birth column so that you can be born again. And that brings us back to where we started, if we started anywhere. Reminiscing is risky—however, Rev. A. L. Geen, who has watched many Christmas seasons come and go, and taken an active interest in the development of this city, speaking about the list of those who had served the city in the council, and still live recalled that he is the only surviving member of the first council to govern Belleville after becoming a city. According to our records the first Mayor of Belleville City was Alexander Robertson with the following as Aldermen: D. Brennan, John Doyle, I. Diamond, W. J. Diamond, W. A. Foster, N. B. Falkiner, A. A. Farley, A. L. Geen, Thos. Holden, J. Hambly, M. Jellett, N. Lingham, M. McIninch, R. S. Patterson, David Price, A. E. Proctor, F. C. Ridley, D. B. Robinson, James St. Charles, Edward Sherwood, James Wickett. To the best of our knowledge and belief the only survivor of that Aldermanic group is Rev. A. L. Geen, still hale and hearty and going strong despite the years behind him. Should any of the other Aldermen listed in the dead column arise to deny that allegation we will be glad to place them, like the newspaperman referred to above, in the birth column so that they may be born again.

x x x x

PEACE ON EARTH and good will to men of good will, and all that—but it startles a bit to read in a New York newspaper that the kiddies of Flemington, New Jersey, were planning to gather in the corridor before the cell of Bruno Hauptmann charged with the murder of the Lindbergh baby, and sing Christmas carols. Walter Winchell suggests that Hauptmann be released long enough to play Santa Claus.

x x x x

SLANGUAGE MOVES APACE—a new word "Nodder" is said to convey the meaning of a silent "yes-man"—just a little lower than a regular "yesman" and not allowed to address "yesmen" unless spoken to—this of course referring to the great movie industry of Hollywood where "yesmen' 'are particularly prevalent and more than usually offensive.

x x x x

IN HOLLYWOOD the dear young ladies who are created flesh in the New York manner and turned into celluloid in the Hollywood manner by the great Genii of the Lamp transplanted from ancient Arabian Nights to modern One Thousand and One Nights of song and laughter—these young ladies when they wish to pass a remark about powdering their faces they simply drawl "Simonize the Duco". Just like that.

E—Tabernacle. Evening Subject: Hell Explored. Come Early to Secure Your Seat.—Daily Paper.

Letters to the Editor

ANSWER TO MR. DAIRYMAN

Editor Ontario Intelligencer:

Dear Sir,—

In answer to Mr. Dairyman's letter, I will say that I am very thankful that I am not ashamed to reveal my name. Perchance Mr. Dairyman is seeking some council office for 1935 and does not wish to expose himself to the public for fear he couldn't ride two horses to water.

In the first place I would say that Mr. Dairyman has not answered my letter. His whole letter tends to ridicule owing to the fact that I am successful in securing a reasonable price for 'part'" of my winter milk, due to the fact that I keep winter milkers, of which, no doubt, he does not. The rest of my milk I have to take present cheese prices for, the same as Mr. Dairyman.

Why shouldn't I be interested in our present cheese prices? Now, I think we are on equal ground and both as farmers should work and vote for the betterment of the dairy industry as I recently explained.

Mr. Dairyman speaks of brushing up on my ancient history. I think it would look better if he brushed up on his present history in reference to Mr. Hepburn's fluid milk price raise, which is not correct. I also would like to know where he has been keeping himself these last few months that Premier Hepburn has been slashing down an extravagant administration that has been saddling this province for years.

Mr. Dairyman seems to enjoy saying that I ridiculed my neighbor Mr. Weese, M.P., and also Hon. R. B. Bennett, but I am sorry to say I only stated true facts where they are concerned. I would be only too glad to support Mr. Weese providing he can show me where he has helped to lighten the farmers' burden instead of supporting a government which has been continually adding taxes which come out of the farmer.

Perhaps the reason Mr. Dairyman sympathizes with Mr. Weese, M.P., is because he too, has some other income beside the farm, and these taxes do not deprive him of some of the necessities of life.

Mr. Dairyman states that no Federal Government can control the price of cheese, when we are selling on a world market. In that statement I contradict Mr. Dairyman by saying they can do much toward the price of cheese, if they are a farm-supporting government.

When Mr. Dairyman asks me to be man enough and come forward in taking some of the blame unto myself, and how much milk I have sent to the cheese factory in the last four year, I do not fully understand what he means. The majority of my milk has been going to the cheese factory since I've been farming. Mr. Dairyman is either misinformed or else is trying to impress the public.

Surely he can understand that any farming "vicinity" surrounding a city will certainly supply some of its milk to the city.

In this case 100 per cent. of "such a vicinity" cannot send to a cheese factory, and if so it would make but little more cheese.

Therefore I think Mr. Dairyman had better bury his grievance and also brush up on some new idea or think over my previous letter.

Thanking you again for this space in your paper I am,

Yours truly,
Blick T. Brummel.

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

DEC. 22, 1914.

Ald. W. H. Panter's card announcing himself as a candidate for Mayor appears in today's issue of this paper.

Ex-Alderman Robinson has decided to enter the mayoralty contest for the year 1915.

At the arena last evening the Intermediate O.H.A. hockey team of this city had their first practice. Those out for places this year are Whalen, Symons, the two Brants, Bradley, Tuite who played with last year's team; Marshall, Earle, Morrison, Brown, Bowen, and Leavitt trying out for goaltender, were also out last night.

The Hon. Mr. Justice Clute of Toronto is paying a short visit to his sister, Mrs. John Williams, Charles Street.

The following officers were elected for the year 1915 by Belleville Lodge No. 251 A.O.U.W. at the annual meeting: Master Workman, Harry H. Lazier; Foreman, Thos. G. Smith; Overseer, James St. Charles; Treasurer, H. J. Clarke; Financier, J. H. P. Young; Recorder, W. Jeffers Diamond; Guide, M. Donovan; Inside Watchman, Bert Aseistine; Outside Watchman, M. Lynch; Trustees Thos. E Smith. Samuel Stocker and C. Donovan. One hundred new members were obtained during the past year.

30 YEARS AGO

DEC. 22, 1904.

Mr. A. E. Fish has returned home after a trip to the Pacific Coast.

Mr. Jack Green of this city left yesterday to visit friends in London and North Bay.

The fellow who lives on a corner lot had his own troubles this morning.

Mr. John Martin of Winnipeg, is visiting relatives in the city during the Christmas vacation.

Mr. R. C Luscombe of Newark, Ohio, is spending the Christmas holidays with his parents in this city.

The handsome new pulpit in St. Thomas' Church which was made and carved by Mr. [illegible] McPherson and presented to the church by the Misses [illegible] is now placed in position and will be used for the first time on Sunday, Christmas Day.

The market today was very largely attended by buyers and sellers. Turkeys sold at from 17c to 20c per pound; geese $1 00 to $1.50 each; ducks $1.00 to $1.50 per pair; chickens 60c to $1.00 per pair.

40 YEARS AGO

DEC. 22, 1894

There was a large crowd in town today. The hotels were over run and some of the proprietors were forced to send out for more provisions.

The open river was pouring its waters into the bay today. A Christmas trip to Massassaga is in prospect.

Hotel keepers had great difficulty today in finding accommodation for the enormous number of vehicles that conveyed the people from the country to the city to do their Christmas shopping and to attend the market.

Mr. Frank Wolever left today to spend Christmas with friends in Montreal.

Messrs. Ellis Bogart and James Wallbridge are home from college in Toronto to spend Christmas.

Messrs. H. McKeown, H. Walker, John Doyle, E. Pope and Ernest Praleck are home from Queen's University to spend Christmas.

50 YEARS AGO

DEC. 22, 1884

The snow shovel chorus was floating on the breeze from all quarters this morning.

Mr. F. E. Reddick, barrister, of this city has been made a Notary Public.

Three hundred and seventy six dogs have been registered to date and there are more to follow.

The Rev. M. W. Maclean and Mrs. Maclean received a genuine and agreeable surprise last evening when two members of St Andrew's Presbyterian Church congregation called at the manse and left with them a sealed envelope which when opened was found to contain $112.00 as a Christmas present from the congregation. Mr. Maclean has been pastor of the church for twelve years.

The slippery condition of the roads has caused the horse shoers to be very busy.

REGULATIONS TO PAY THE PREMIER

Given $15,000 For Being The First Minister of Crown

Ottawa, Dec. 22 (CP)—The position of Prime Minister of Canada is generally regarded as a fairly important one, but a curious fact is that the statutes governing expenditure of public moneys make no reference to him. As far as he is concerned, the only reference is in an act providing a salary of $15,000 for "the member of the King's Privy Council holding the recognized position of First Minister." Incidentally provision is made for a Dominion Cabinet of 20 minutes with portfolio, the present ministry has 16.

Definite regulations are laid down for payment of the sessional indemnity to Members of Parliament. If a session lasts more than 65 days a member receives his full $4,000, but if it runs less than 50 he is paid at the rate of $25 a day. results in his forfeiting $25 a day results in his forfeitnig $25 a day while away from his sessional duties.

ENTITLED TO POUND

Toronto, Dec. 21.—In spite of signs in a store such as "gross weight" or "these candies are sold gross weight," or any such other signs, a customer who goes into a store and asks for "a pound of chocolates" is entitled to receive a full pound, exclusive of the package.

Such was the effect of a judgment delivered in Health Court by Magistrate Tinker, who found Harry Eligh, of Cinderella Candies, 1552 Danforth, guilty of selling chocolates short of the quantity ordered. A conviction was made and Eligh fined $10 and costs or ten days.

Prosecution was laid under Article 63 of the Weights and Measures Act, which says that any person who sells anything by weight, measure or number, short of the quantity ordered shall be guilty of an offence and liable to a fine.

Will Instal Motor on Boiler At Collegiate to Eliminate Smoke Nuisance in District

Chas. Hyde and W. J. Harrison are Committee Named on Project

LITTLE BUSINESS

Col. Geen Thanked by Members For Duties as Chairman

Barely a quorum of members of the Board of Education were on hand last evening to wind up the year's business of the Board at the last meeting of the year. But a light agenda, which was speedily dealt with enabled early adjournment just previous to the passing of a motion that the inaugural meeting be held on the third Friday of January in 1935. The meeting will be one of general business also.

In his remarks at the season's last meeting, Chairman of the Board, Lt.-Col. E. A. Geen thanked the members for their consistent attendance during the past year and recalled in a brief address the harmony that had existed with all members throughout.

"We believe that we have left little business for the incoming Board to take up and that we have done all that can be expected in the matter of reduction of expenditures during the year," he said.

To the chairmen and members of the various committees, Chairman Geen extended his appreciation for the remarkably efficient and quiet service that had been performed. "It was done without blare and publicity and every man worked solely for the good of the city at large."

To all members of the Board and to the Principals and staff of the public schools and the Collegiate and Vocational Institute, Col. Geen extended his most sincere compliments of the season.

Chairman Thanked

In replying to the brief address by Col. Geen, Mr. George F. Ostrom, speaking on behalf of the members of the Board thanked his chairman for the considerate manner in which he had assisted in his capacity throughout the year. "It as been a pleasure for us to have served you, sir, and we can only hope that you will see fit to remain on the Board as chairman during the year to come. We have, we believe, performed our work in as good a manner as it was possible to do so. There has been harmony and unity and good feeling in all our dealings with one another. That has been good to see. And we hope that in the year to come we will be able to work even more closely together for the welfare of the city at large."

Mr. Ostrom also extended the compliments of the season to all members and to the staff and principals of the various schools.

Will Fix Boiler

Residents of the section in which Queen Mary School is located who have voiced complaints regarding the smoke nuisance said to have been caused by faulty combustion in the school heating plant will have their troubles minimized, it is expected, following the naming of a committee composed of Trustee Wm. Harrison and Chas. Hyde to look into the matter. Some method of ending the trouble by increasing the draft to the boiler through the use of a temporary motor will be sought. Some discussion on the matter occurred with Trustee H. J. Allin in the chair in the Committee of the Whole.

People in the district of the school were literally being smoked out since the trouble began intimated Trustee R. L. Brown in protesting against the condition.

"My house was a cream color not long ago, now it's getting to be a gray. Clouds of soot float over everything—even the washing on the lines. Some of the residents are bitter over the conditions," he warned.

Trustee Chas. Hyde, chairman of the Sites, Buildings and Repair Committee, stated that the trouble, he believed, could be remedied by the installation of a blower at an estimated cost of between $90 and $125. "But I don't like to recommend this right now," he added.

"The matter should be corrected —right away," commented Col. E. A. Geen.

Trustee Wm. Harrison advocated a temporary set up of a motor to learn if the condition could be corrected before the permanent installation of a motor and appliances was made.

Mr. Hyde and Mr. Harrison were then named as a committee with power to act in the matter.

School Dance Allowed

Permission for a school dance to be held by the Collegiate and Vocational Institute was granted for the evening of January 11, on the request of Principal P. C. MacLaurin.

Trustee Allin pointed out he was not against the dance in any way, but asked Mr. MacLaurin why lights should have been burning in the school several evening ago "after eleven o'clock at night."

"About forty members of the Badminton Club had their Christmas Tree that evening. They followed it with a little lunch at the cafeteria where they prepared it themselves. They were out of the building at or before 12 o'clock," explained Principal MacLaurin.

Just previous to adjournment Trustee Reg. Moncrieff put the motion that the Dominion Government be sent a resolution by the Board requesting that the taxes on school books for the children be cut. The motion was seconded by Mr. Allin.

"I believe that should be worded a little differently," suggested Mr. Ostrom. "I would have it read: 'If the government is taking into consideration the matter of reducing taxation on anything, that school books be given first consideration.'" The motion when put to a vote was carried.

Will Not Lend Chairs

No more will various individuals and societies and organizations of the city be permitted to borrow chairs from any of the schools, no matter how worthy the cause. A resolution which calls attention to the fact that the chairs are the property of the School Board and must not be loaned, was also unanimously passed when moved by Trustee Chas. Hyde and seconded by Trustee Sisler. The question of chairs was brought up by Mr. Ostrom.

"Those chairs have been a source of worry to us all year," stated Mr. Hyde. "They have been out of our possession at least three-quarters of the time, and we didn't know from one day to another just where they were. Everybody was using them."

"This motion will mean that no exceptions are to be made with anyone?" questioned Trustee Moncrieff. "Good," he replied when told that it was to be taken literally.

Adjournment of the Board was made shortly after 9 o'clock.

Present were: Trustees, Chairman Geen; Wotten; Allin; Hyde, Harrison; Mott; Brown, Moncrieff; Dawkins; Sprackett; Sisler; Ostrom.

LODGES, CLUBS

GIRL GUIDES

The Rednersville Girl Guides held their first Christmas entertainment Thursday evening in the town hall and it proved a very enjoyable undertaking.

They surely deserve much praise for the artistic arrangement of the hall in its truly Christmas decorations, the carefully selected programme added to by a really jolly Santa Claus, who distributed the gifts, exchanged by each Guide to her sister Guide from the tree.

Then from a larger hamper Santa had, was taken a little gift for some twenty-eight little children from two years to ten which included every child in the village, who were the guests of the Guides for the evening, and who thoroughly enjoyed Santa's antics.

It was indeed nice to see the growing interest in the girls' work among us, and especially by Col. and Mrs. Lorne Green in coming out from Belleville and bringing a number of Guides who helped with the programme, and the young folk from out at Centre for their help, proving their loyalty to Lieut. Helen Redner. Then came the fun of an auction sale of gifts contributed to the Guides, and especially the most generous donations by the Canadian Department Store of Belleville. All so ably and humorously disposed of by Mr. B. Covert.

Reverend Mr. Mullen kindly acted as chairman.

A vote of thanks was given by Mr. A. E. Phillips to those assisting on the programme especially those from Belleville who were kind enough to assist the "Guides" with the programme.

The singing of God Save The King brought the happy event to a close.

Mr. and Mrs. J.H. Grills Today Celebrate 50 Yrs. Wedded Life

Family to Meet at Bridge St. W. Home For Re-union

Fifty-five years of nuptial bliss are being celebrated by Mr. and Mrs. James H. Grills at their home 86 Bridge Street West., today. On a bright December day, the 22nd to be exact, in the year 1879, Margaret Amelia Post became the bride of James H. Grills in a pretty wedding attended by many of their mutual friends at the home of the bride's parents, the late Mr. and Mrs. Peter Post, 2nd concession of Thurlow.

As if it was but yesterday, the elderly couple recalled the mutual event, when relating the incident yesterday. "As I remember it, the day previous to our wedding it was bitterly cold, but when I awoke on my wedding day it was pouring rain, then, as if Heaven sent it, the sun broke out and shone brightly in the afternoon, when James and I were married" related Mrs. Grills while reminiscing the event yesterday. The happy couple were united in the holy bonds of matrimony by the late Rev. W. M. McLean, then pastor of St. Andrew's Church, both being stanch Presbyterians all their lives.

Bride Born in Thurlow

Mrs. Grills is the daughter of the late Mr. and Mrs. Peter Poste and was born on the 1st concession of Thurlow. "I have always lived within five miles of the place of my birth," stated Mrs. Grills in relating her life's experiences yesterday. James H. Grills is the son of the late Mr. and Mrs. James Grills and was born in the village of Tweed, 82 years ago, next February. Following their marriage Mr. and Mrs. Grills took up residence in the Township of Sidney and successfully operated a large farm for eleven years, subsequently moving to another farm adjacent to the birthplace of Mrs. Grills in Thurlow, where they remained until 17 years ago, when they retired to live at the home of their daughter, Mrs. James Pigden of this city. A family of five live to celebrate the fifty-fifth anniversary of their parents' wedding today, one son, D. W. Grills, 30 Chatham Street, three daughters, Mrs. Francis Purdy, Thurlow, Mrs. Fred Noakes, 57 Grier street and Mrs. James Pigden with whom the happy couple reside on West Bridge street. Ten grandsons and four grand daughters will also join in the family reunion today when all will gather to celebrate this unique stage in the lives of two well known Thurlow residents. Many congratulations have today been received by Mr. and Mrs. Grills on their 55th wedding anniversary.

Enjoy Excellent Health

Mr. Grills enjoys excellent health and expects to celebrate his 82nd birthday next February, while Mrs. Grills, who has been convalescing for some months, is improved in health and will enjoy her 74th birthday next. While reminiscing yesterday relating to weather, Mr. Grills stated that last winter was the most severe ever experienced by him, but generally speaking he thought, that there was much less snow in the present-day winters than in the old days. Mrs. Grills smilingly admitted that today's winters were much more pleasant than those experienced 50 years ago. "Why I can remember when the snow was piled sky-high on the roads leading into Belleville", stated Mr. Grills with a chuckle, while Mrs. Grills readily agreed with her husband relating to his opinions of the bitter cold experienced last winter.

The many friends and relations of Mr. and Mrs. James Grills join with them in celebrating their 55th wedding anniversary and convey to them "many happy returns of the day".

Resignation of School Nurse Is Accepted

In the last report, which will be given by her to the present and future Boards of Education of this city, Miss M. F. Ross, school health nurse tendered her resignation with her monthly report submitted to the Board of Education last evening.

It was disclosed in the report, that toxoiding of children of all public schools and St. Michael's Academy had been successfully carried out. A total of 630 pupils of the schools had been given the treatment by Dr. G. S. Cronk, M.O.H.

During November five scarlet fever cases were reported. A total of 22 cases of whooping cough were also registered.

The resignation of Miss Ross, which was recommended accepted by the School Management Committee and approved by the Board will take effect on January 18, 1935. It was also recommended that the salary of the nurse, who will replace Miss Ross be reduced to $1200 per year, the nurse to furnish her own transportation.

Personal Reasons

The resignation of Miss Ross was prompted by personal reasons.

"We've nothing much to add to this" rmarked Chairman of the Management Committee, Mr. Geo. F. Ostrom as the resignation was read the Board. "We have gone carefully over several other applications and now ask the disposition of the Board on the matter."

"I may say that in replacing Miss Ross we will confine our choice to some competent applicant of our city. We will not need to go outside of it to get some one, who is capable of carrying on."

On motion, the members of the School Management Committee were given power to act in the matter.

In accepting the resignation, Col. E. A. Geen, chairman of the Board paid tribute to the efficiency and sterling work of Miss Ross.

"We all feel, that we are losing a valuable ally and employee of the Board, and it is with regret that this application is accepted," he said.

"We propose to recognize this value that has been given us by Miss Ross and her many year's service to the Board in some little manner" explained Mr. Ostrom.

NINE YEARS TOTAL OF PRISON TERMS

Three Men Convicted at Montreal of Smuggling Liquor

Montreal, Dec. 21.—(CP)—Convicted a week ago of defrauding the Dominion Government of $1,700,000 by smuggling liquor into Canada from Newark, N.J., three men today were sentenced to a total of nine years in prison. William Fraser Montreal, and Amedee Brabant, Dorval, were given four years and Rodolphe Pharand one year.

They were accused of bringing in alcohol disguised as 'oil. A fourth accused Louis Gordon alias Millman, is being sought by police.

FOUR KILLED IN 'BLACKOUT' FOG

Highway Traffic in England Worst in Years

London, Dec. 22—(CP)— Four persons were dead today, victims of accidents in the "blackout" fog which blanketed most of England and southern Scotland last night.

One boy lost his way in the murky atmosphere, fell into a canal and drowned. A motorcyclist was killed, when he collided with a horse-drawn wagon. Two others were the victims of traffic accidents.

A ferryboat was badly damaged in a collision on the river Tyne, but its passengers remained calm and were brought safely ashore. Shipping on the Thames was paralyzed and trains transporting holiday-bound travellers ran far off their schedules.

Conditions along the highways were the worst in years. Visibility ranged anywhere from zero to seven yards. Motorists, abandoning attempts to navigate through the fog, slept in their parked cars or congregated in groups and sang Christmas carols until they were able to proceed.

Hundreds of trucks of perishable Christmas goods were stalled. Boys who have begun the traditional practice of singing carols about London for the sake of a few pennies have found it more profitable to lend their assistance to the guidance of motorists.

Wealthy men and women were occasionally seen walking ahead of their automobiles guiding their chauffeurs.

The fog lifted rapidly this morning, but weather observers forecast that the condition will be repeated nightly through the holiday season.

Today's Talk

By
George Matthew Adams
Author of "You Can", "Up"
"Just Among Friends"

One Continent

There is every sign that the people of Canada and the United States are at last becoming continent conscious! This is evidenced by both nations in their organized efforts toward promoting an interchange of visitors each year.

This North American continent was discovered, and has since been peopled and developed, by the best blood of the world. From Alaska to Mexico, from Labrador to the tip of Florida, is spread a page of deeds unmatched in all history. And across this continent are natural wonders, mysteries and scenic splendors unrivalled on the globe. You live here —spend here!

On the other hand, where in all the world, in all the pages of history, can a story be found of two nations such as Canada and the United States, neighbors, living in peace side by side—with the longest boundary line between them of any other nations in the world—and yet without a fortification or a single armed soldier from end to end of this remarkable line? Friends — of the same blood, language, ideals, and aspirations. This North American continent is unique!

What an opportunity for friendliness and neighborliness! Who can measure the extent of influence behind the understanding of such peoples as those of Canada and the United States, as they stand together searching for the best methods for solution of each other's problems?

Solon of Athens long ago said: "Know thyself." Through travel back and forth citizens of Canada and the United States may learn to know themselves as in no other way, as well as to love and appreciate each other.

Those in the United States who have never visited Alaska, Banff, Lake Louise and the wonderful Canadian Rockies, as well as the wild and rugged Jasper, in Western Canada; and in Eastern Canada quaint Quebec, Ottawa, the Gaspe peninsula. Prince Edward Island, New Brunswick, Cape Breton Island —that miniature Garden of Eden— and Nova Scotia, with its Peggy's Cove, its "Land of Evangeline", and its matchless summer climate, have a great treat in store for them. And Canadians visiting the United States will return to their homes bubbling with pride for this North American continent, after a visit through the great Northwest, a trip through the glorious redwoods and mountains of California, Yellowstone Park, the Royal Gorge, the Grand Canyon, the numberless underground caverns; the cotton fields of the South, in those States where God's hospitable Southerners live; Florida, "where it is always June in Miami", and New York City, "the unbelievable", just to name a few of the attractions.

In an invisible manner, the tourist industry between Canada and the United States is a measureless asset for both countries—but, in a larger sense, it may become an influential factor for permanent peace and neighborliness, of good will and understanding, that shall eventually spread throughout the world!

The North American continent, may it be united in mind, purpose and heart forever!

ALL COMMITTEES WITHIN ESTIMATES

Finance Committee Congratulated on Splendid Report

All committees of the local Board of Education will be well within their estimates at the end of the year, it was revealed by a recapitulation of expenditures of the Board, compiled by Secretary J. B Findlay and examined by members at their final meeting of the year held last evening.

Even in the expenditures for management of public schools in the city, annually expected to over reach the alloted estimates. this year it is shown a difference of only $500 exists. The estimate for the year 1934 for public schools was set at $75,703.40. The sum paid out during the year 1934 is given at $76,266.00. Teachers' salaries were estimated at $55,000.00. The sum paid out $55,981.86. Supply teachers estimates estimated at $1,000.00 reveals that only $532.50 has been paid. Insurance was reduced from an estimated $1,000.00 to $934.75.

At the Collegiate Institute estimates for teachers' salaries were set at $62,020.00. Sum paid out $64,804.00. Supply teachers estimate $200.00, with $220.50 paid out Repairs were also kept down this year to a close estimate with the sum of $1,412.46 being paid out against the estimate of $1,500.00. Light, power and water was reduced from an estimated expenditure of $1,600.00 to an actual expenditure of $1,259.46. Insurance was reduced from $725.00 to $690.00. Total estimates for the Collegiate and Vocational Institute set at $84,625.00 contrast with a paid out of $82,174.76.

"That's a splendid report" remarked Trustee Russ. Wotten, Chairman of Finance, as he read of the various items to the Board. "The secretary is to be congratulated on its excellence," he added. The same statement of appreciation was echoed by the Board as the list was laid on the table for inspection.

I am very happy to note, that all committees have really tried this year to effect the economies in their various departments," congratulated Chairman of the Board, Col. E. A. Geen.

◆

COLLEGIATE HAS GRADE A RATING

Only Two Minor Faults Found by School Inspector

Belleville's Collegiate and Vocational Institute has been given a Grade A rating by the Ontario Department of Education, following an official visit of Chief Inspector of Schools for the Department, Mr. C. F. Rogers, Toronto.

Only two minor faults were found with the school in the report of the Inspector submitted to the local Board of Education last evening. One matter mentioned was that ventilating was faulty in the gymnasium. The second was the apparent lack of facilities for a playground for the pupils. But to remedy the latter fault, a recommendation was made that the present school campus be turned over for various athletic activities.

"Household Science should be given more emphasis at the local institution," also recommended Mr. Rogers. "This will be more of a help to the girls in later life than many a subject that is at present being taught."

Pleasant relationship between teachers and pupils exists throughout the whole school and general efficiency is high, it was revealed. Praise for the manner in which classes were carried on in general was given.

"It is regretted also that night classes are not carried on here in both academic and vocational subjects" reported the Inspector. "With the government grant available for this work, and a small fee, evening classes could be made nearly, if not entirely, self-supporting."

"I am heartily in favor of that one recommendation regarding the playing grounds," agreed Mr. Allin as the report was read.

Tribute was paid Principal P. C. MacLaurin by all members of the Board for the excellent report that had been returned from Toronto following the visit of the inspector, and for his effort in placing the Belleville Collegiate and Vocational School in the Grade A rating.

The matter of ventilation was referred to the committee of Sites, Buildings and Repairs for a report to the new Board in January. The matter of the school grounds will be left in abeyance until the new year.

How Camps are Regulated In Unorganized Territory

By Hon. J. A. FAULKNER

(Minister of Health for Ontario)

Territory without municipal organization in Ontario covers about three hundred and fifty thousand square miles with a population of about two hundred and fifty thousand engaged in agriculture, lumbering, pulp operations and mining. These are industries which by their nature involve isolation from established communities so that questions of sanitation and medical service require special consideration. However, in all but agriculture there is some concentration of workers so that the camp has been used as a unit for the development of special regulations under the Public Health Act.

These regulations impose upon every employer operating a camp in unorganized territory the same obligations and responsibilities, with respect to communicable diseases that rest upon the householder and the attending physician, and with respect to nuisances the responsibilities placed upon owners or occupants of premises, in organized districts. A suspected outbreak of communicable disease in a camp must be notified to the district provincial sanitary inspector of whom there are six.

Responsibility of Employers

Employers with camps housing more than twenty men exclusive of one foreman and one clerk,—called permanent camps, are responsible for all medical, surgical and hospital care and treatment of workmen in their employ, subject to certain limitations respecting residence and diseases of excess, for a period of ninety days after the workman ceases to be employed.

Under these conditions, the employer may enter into a contract with a physician to carry out such medical treatment as may be necessary, the cost to be met by deductions from wages which are to be paid to the physician in their entirety

There are about ninety of these contract physicians who are also required to notify the district inspector of the presecne of communicable disease. Here then are physicians whose remuneration is independent of the amount of sickness in the group, so that such measures as they put into effect to control sickness are to the benefit of the employee, employer and themselves alike.

Contract With Physician

An operator of such a permanent camp is required to enter into a sanitary contract with a legally qualified physician. The physician's duty under this contract is to ensure that these camps are built and operated in accordance with the regulations with respect to sanitation, similar in effect to the duty of a sanitary inspector of a local Board of Health under the Public Health Act for the prevention and abatement of nuisances. The cost is borne by the employer.

District Provincial sanitary inspectors in unorganized districts order correction of any condition which may jeopardize the health of workmen housed in any camp. There are detailed provisions covering location, construction, sleeping and eating accommodation, ventilation, sanitary facilities and water supply of camps.

Forty Thousand Men in Camp

In this vast area with perhaps forty thousand men housed in lumber, pulpwood, mining and road camps, the number of communicable diseases from year to year has been small. The recent rapid extension of mining development has introduced some additional hazard but further to the ordinary requirements some, even of the smaller operations, have employed full-time physicians for the supervision of the health of workmen far removed from centres of population.

With the employer, contract physician and provincial sanitary inspector charged with definite responsibilities, the opportunity for an outbreak of disease which is controllable, is very limited. The need for medical attention in the individual case is largely met through the presence of contract physicians, and regulations requiring the employer operating a permanent camp to provide isolation and general hospital accommodation.

Maintaining the Provisions

Indication of the importance attached to these requirements by employers and workmen alike is the fairly common practice of maintaining the provisions for medical care in communities which have later become organized, and the objections which are raised should the duties outlined be neglected.

Explanation of the health significance of the various provisions by contract physicians and provincial sanitary inspectors has enlisted the active cooperation of all progressive operators. The department looks upon the requirements as the minimum essential for safeguarding the public health.—Canada Lumberman.

◆

DEATHS YESTERDAY

(By The Canadian Press)

Montreal: Miss Sylvia Stevens, 22, daughter of Hon. H. H. Stevens, former Minister of Trade and Commerce.

Somerville, Mass: Leslie Hudson Frazee, 64, generally credited with having helped build the first electric action organ in Canada.

Ottawa: Alexander Wilson, 87, who served in the Canadian militia during the Fenian raids of 1866 and 1870.

New York: Dr. Regina H Sanderson, 61, native of Brantford, Ont., practicing dentist here for more than 25 years.

London: George McDonald, 74, one of the most colorful personalities in the boxing world.

Moscow: Prof. Nikolai Ivovemvice Marr, 75, Vice-President of the Soviet Academy of Sciences.

Personals

Mr. and Mrs. Fred Deacon will spend the Christmas holiday in Chicago.

Mrs. F. A. Bapty, Marmora, is sailing from New York today for a trip to the West Indies and Panama. She is accompanied by her son, Jack, of Toronto, and expects to return about January 7th.

Miss Kathryn Gallagher who is attending Library School, Toronto University, is spending the Christmas vacation at her home in the city.

Teas at the Badminton Club have been postponed until after the holiday season.

Mr. Fisher Wilmore has left to spend Christmas at his home in Harrodsburg, Kentucky.

Mr. Harry Naylor has resumed his duties as Assistant Manager of the Ontario Liquor Control Board Store after a lengthy illness. He is much improved in health.

Mr. and Mrs. Roy Boake of Montreal, Miss Bernice Haggerty of Toronto are spending the holiday with their parents, Mr. and Mrs. J. W. Haggerty, Church Street.

Mr. and Mrs. Fletcher, Toronto, are visiting the latter's mother, Mrs. McDonald, Cedar Street.

Mr. John Clarke has arrived home from Dental College, Toronto, to spend Christmas with his parents, Dr. and Mrs. M. J. Clarke, Chatham Street.

Last night, to the strains of familiar Christmas carols, a group of friends surprised Mr. Clifford Templer, 136 Victoria Avenue, with a birthday party. A pleasant evening was had and a delightful lunch and birthday cake served by those who planned the occasion.

Friends and relatives of the little pupils attending Mrs. F. B. Brodribb's kindergarten, spent a happy half-hour yesterday witnessing the annual Christmas closing at Mrs. Brodribb's home, 151 Foster Ave. The tiny children delighted their guests by their clever French sketches and recitations and the evidence of their clever tuition shown in the charming kindergarten handicraft.

A splendid crowd attended the euchre party at the South End Club last evening. This was the last party of the fall series and prizes for aggregate scores were won by Mrs. P. Cote and Mr. Mossman. Prizes for the evening's play were won by Mrs. Frawley, ladies' first; Mrs Archer, second; Mrs. P. Cote, third; Mr. D. Rushlow, men's first; Mr. R. Rushlow, second, and Mr. F. Goyer, third. The winners were all presented with fine fowl.

Weddings

WEBSTER—STORTTES

A quiet wedding took place yesterday at St. Michael's Rectory when Miss Helen Margaret Storttes became the bride of Mr. Robert John Webster, both of this city. The ceremony was performed by Rev. C. E. Baker. Miss Mary Webster, sister of the groom, and Mr. Nelson Murphy were the attendants. Mr. and Mrs. Webster will reside in this city.

FINE ATTENDANNCE AT SCHOOL CONCERT

Salem—The annual Christmas entertainment was held in the church on Tuesday evening. Everyone enjoyed the splendid program. Proceeds were $31.50.

Mr. and Mrs. Russell Reid and family, Roslin, visited on Sunday with the latter's parents, Mr. and Mrs. Dan Hagerman.

Mr. and Mrs. Archie Chapman and family of Colborne, spent Friday with Mr. and Mrs. Robert Sparrow.

Mr. and Mrs. James Cole were Sunday evening callers of Mr. and Mrs. James Sills.

Mr. and Mrs. Frank Doxtator and Roy, Shannonville, were dinner guests of Mr. and Mrs. Clarence Hagerman on Sunday.

Quite a number enjoyed the school concert at No. 11 school on Monday night.

Mr. and Mrs. Owen Roblin entertained several of their relatives to dinner on Sunday.

Rev. and Mrs. Clarke, Shannonville, were tea hour guests Wednesday evening at Mr. Robt. Sparrow's.

Mr. and Mrs. Eugene Badgley, Melrose, were recent guests of Mr. and Mrs. James Sills.

Mr. and Mrs. Clarence McKeene, Roslin, Mr. and Mrs. Wilson, Fuller, also Mr. and Mrs. Will Anderson, third line, spent Sunday with Mr. and Mrs. Clifford Hagerman.

The W.M.S. met at the home of Mrs. Robt. Sparrow on Wednesday afternoon and held their regular monthly meeting.

Permanent Wave Process Tends to Dry Oily Hair

(The Beauty Box)

Dorothy Dearing

Her soft, radiant tresses enhance the beauty of this screen star.

By HELEN FOLLETT

To the girl whose hair is sleek, fine, silky and oily the permanent wave is a blessing. It helps each individual hair to live a life of its own, separate from its neighbour. Now that operators know that all heads cannot be treated alike, some requiring ten minutes of steaming, others just a few moments, locks of this character can be waved with success.

Water softening agents, which are a part of the sachets used in the hard boiled curling process, have a tendency to make locks less oily, and that makes the victim of buttered tresses happy and gay.

She will need a shampoo and finger wave more frequently than will the gal with a dry halo, but what's that in the great and glorious cause of pulchritude?

The best means of overcoming nail biting is to have the weekly manicure. When nail eaves are smooth, no hangnails present, this nervous habit will disappear.

Lip biting is another distressing practice. Keeps the surface ragged. Apply rosewater every night. It's only when shags are present that the impulse to chew oneself seizes one.

One way to reduce fatted calves is to try the stationary running exercise. You run like everything, but you don't get any place. Lift the heels high, keep on the toes as much as you can, let the arms swing naturally and easily, keep the head up.

Squatting exercises are good to reduce thighs as well as calves. Fun, too. The beginner is likely to topple over at the first try, which shows she hasn't much muscle control and that exercise is precisely what she needs for good looks, good figure and well being.

Victims of excessive perspiration are nearly always cursed with an unstaple nervous system. Hands moist, brow wet, clothes sticking, frocks discolored at the armpits.

No need of holding back from the use of deodorants. There are many that are safe and which cause no irritation. Strong ones that close the pores, allowing skin moisture no outlet, do no harm if used according to directions. Millions of pores elsewhere on the body carry on the eliminating job.

Black is excellent on the florid brunette, she of the high-lighted complexion, brown hair and brown eyes. Red shades she must avoid also stone gray and lavender. Navy blue is flattering, so are most of the greens.

When the hair breaks easily, it is better to curl the ends by moistening and arranging in flat circles than to use curling pins of metal. Hair of that character is not in normal health. Apply oil to the scalp the night before the shampoo, give yourself a rousing scalp massage to awaken blood vessels.

Correct Manners

By Mrs. Cornelius Beeckman

(Copyright 1934, King Features Syndicate, Inc.)

WEDDING ANNIVERSARIES

Dear Mrs. Beeckman:

1. Will you please give me a list of the gifts for the various anniversaries, such as the first year, second year, and so forth.

2. I would also like to know about sending birth announcements. I would like to know everything about this matter. For instance, how soon after the birth of the child should they be sent, whether it is correct to send to all of one's friends, or just a choice group, and so forth? If there are any other important facts to know along this line, I should be pleased to know them.

J.

1. These are the symbols usually given for the wedding anniversaries:

First year	Cotton
Second year	Paper
Third year	Leather
Fourth year	Silk
Fifth year	Wood
Sixth year	Iron
Seventh year	Wool
Eighth year	Bronze
Ninth year	Pottery
Tenth year	Tin
Twelfth year	Silk and Linen
Fifteenth year	Crystal
Twentieth year	China
Twenty-fifth year	Silver
Thirtieth year	Pearl
Thirty-fifth year	Coral
Fortieth year	Ruby
Forty-fifth year	Sapphire
Fiftieth year	Gold
Fifty-fifth year	Emerald
Seventy-fifth year	Diamond

These lists vary somewhat, especially in the symbols given for the first and second anniversaries, some authorities giving paper for the first anniversary and cotton for the second, so gifts for these anniversaries would be according to the kind decided on. However, nowadays, for wedding anniversaries, gifts are not very much given according to the symbols prescribed for the anniversaries, but rather are given according to what will be most welcome to the household.

2. Birth announcements are sent out as soon after the birth as is convenient. And usually they are sent to all relatives and friends. The simpler these birth announcements, the better. The baby's name and the date of birth should be given—not the name of the hospital at which the baby was born, and never the weight. The formal kind of announcement is the use of the engraved Mr. and Mrs. card, with the small baby-card attached with narrow white ribbon. Often, to complete the formality, Miss is engraved before the girl baby's name, and Master before the boy baby's name.

An all-white card is considered better taste than a card decorated with pink for a girl, and blue for a boy. If you are buying a card with spaces to be filled in with the information, buy the simplest kind of a card, with spaces only for the names of the parents, the baby's name, and the date of birth.

LETTING UNCLE SAM HELP

Dear Mrs. Beeckman:

Much valuable information has come to me through your column and I enjoy reading it.

1. Is it all right to "ask the parents" by mail?

2. Would it be correct to give the engagement ring four or six months before the wedding can take place?

3. Can the engagement ring be mailed, or must it be actually "placed" on the finger of the young lady?

L.

1. Yes, if distance makes it impossible for you to talk with the parents of The Girl, then you should write to her parents, telling them all the things you know they will want to know about the man who wants to marry their daughter.

2. Yes.

3. You should ask the young lady and abide by her choice!

(Mrs. Beeckman will be glad to answer questions on Good Manners submitted by readers.)

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE BELLE

Buck Jones Rides Again in Thrilling Film at Belle

That capable outdoor star, Buck Jones, is the chief purveyor of the fast action inherent in "The Man Trailer", that will delight moviegoers tonight and Monday, with its speed and thrills.

Buck, who seems to have succeeded to the throne held first by William S. Hart and then by Tom Mix, exhibits enough histrionic talent in his own quiet manner, to merit his wide popularity. Not only can he shoot, and supply action thrills, but he possesses a keen sense of the dramatic that lifts his roles above the somewhat familiar stamp of "western hero".

In "The Man Trailer" Buck portrays convincingly the character of an outlaw, who through a strange series of circumstances becomes an active right arm of the law and demonstrates his finer qualities by rounding up a dangerous band of renegades who have looted the town bank.

Opposite Buck is lovely little Cecelia Parker, whose blonde charms are sufficient reason for anyone to desert a career of crime. She is well cast in the role of a very attractive but very determined young lady, a character that sparkles with personality such as is, unfortunately, usually missing in such supporting roles.

"Student Tour" Romantic

Sparkling with mirth and bubbling with melody, "Student Tour" is announced as the second feature on the same program.

Jimmy Durante and Charles Butterworth have the comedy leads in this "different" musical picture, and the romantic story is in the capable hands of two brilliant newcomers, Maxine Doyle and Phil Regan.

The picture fairly scintillates with the spirit of youth. Metro-Goldwyn Mayer seems to have reached out into the byways of Hollywood for its most promising young talent, and there are at least half a dozen ravishing beauties in the cast who should go far in their screen work.

New musical numbers by Brown and Freed are scattered through the engaging story. One of these, the "Carlo," a new dance rhythm bids fair to revolutionize ballroom dancing and is said to be the most important evolution in popular music in twenty years. Other song hits include "From Now On" and "A New Moon is Over My Shoulder," both best-sellers.

The Belle Latest News Flashes, and a funny Irvin S. Cobb comedy is announced for exhibition on the same program.

Bing Crosby Next

"Here is My Heart" is the title of the delightful musical romance co-starring Bing Crosby and lovely Kitty Carlisle and featuring Alison Skipworth, Roland Young and Reginald Owen, that is announced as the feature attraction at the Belle Tuesday (Christmas Day) and Wednesday, matinee and evening.

"A Girl of the Limberlost"

Gene Stratton Porter's famous story of real people "A Girl of the Limberlost," featuring Marian Marsh, Ralph Morgan and Louise Dresser, is announced for exhibition at the Belle next Thursday and Friday.

New Year's Eve Frolic

Theatre goers in Belleville and vicinity will be delighted to hear that Eddie Cantor's biggest and funniest musical "Kid Millions," featuring Ann Sothern, Ethel Merman, Block and Sully, and the gorgeous Goldwyn Girls has been booked for exhibition at the annual Belle 11.15 p.m. New Year's Eve Frolic. The production is notable for girls and gags galore with a surprise finale in technicolor that you'll never forget.

AT THE CAPITOL

"I'll Fix It" Is Clever Comedy; Jack Holt Swell

A dashing, spicy, actionful romantic comedy of love and politics unassumingly makes its way into the Capitol Theatre Monday. "I'll Fix It" is the clever title of the new film tenant which boasts of the ever-popular Jack Holt in the starring role.

Produced from a story by Leonard Spigelgass and adapted to the screen by Ethel Hill and Dorothy Howell, "I'll Fix It" presents Holt as an eminently successful and genial political "fixer". He strides leisurely enough through the web of political intrigues with a smiling assurance of power, but meets his first real obstacle when a winsome young school teacher refuses to be bribed into altering Holt's kid brother's algebra marks.

When gifts of orchids, roses, and expensive jewelry fail, Holt tries out his debonair personality on the fair but firm school teacher, and then romance, entangled with his own comic buffoonery, entangles him. Forced to fire the school teacher, Holt finds the act boomerangs in the shape of a teacher's protest parade, which is just what the scandal-seeking newspapers want.

But Mona Barrie, the teacher, now smitten by the handsome "fixer", did not intend it to go so far. A motor accident to Jimmie Butler, playing the kid brother, makes a serious impression upon Holt. He sticks to face the music of an investigation, and the romantic school teacher, relenting, helps him to become once again the hero of all the schoolboys in town.

Winnie Lightner, popular, wild-eyed comedienne, and her roly-poly partner, Edward Brophy, frolic and rollick through the complications in situations which bring howls of glee. Charles Levison, hawk-nosed and fast-talking reporter, creates spine-chilling suspense as he trails the "fixer", and provides many laughs by his dumb maneuvres.

This is a rib-tickling human story and will appeal to every member of the family.

Added Featurettes

An exceptionally well selected group of short subjects will be shown preceding the feature attraction. Included in this group are "Domestic Blisters," an amusing comedy with York and King; a Melody Master, featuring Richard Himber's orchestra and an episode of the ever popular "Screen Snapshots."

Leaving Tonight

"One Exciting Adventure," with Binnie Barnes and Neil Hamilton and "Half a Sinner" with Joel McCrea and Buck Jones in "The Red Rider." Last show at 8.45.

Jack Holt and Mona Barrie in "I'll Fix It" coming Monday to the Capitol.

TRY TO FIND IF CHILD HAS SPECIAL GIFT

Trial by Error Method Handicaps Talented Child

By LOUIS E. BISCH, M.D., Ph.D.
Famous Authority on Health and Psychology.

(Copyright, 1934, King Features Syndiacte, Inc.)

Have you ever stopped to consider that many fine and unusual minds are going to waste? Among our children of the present day, for instance, are many—perhaps a few thousand—who might achieve signal and superlative success, make new creative discoveries, if only their talents were recognized early and fostered along the lines of development best suited to their needs.

Many years ago an educator tested the school children of a European city for drawing ability. He tested all of them, regardless of whether or not they had shown art talent and a fondness for drawing aptitudes that had been entirely unsuspected.

Arrangements were then made to have all these children trained in drawing. And thus, by a single experiment, the world was enriched by at least a few artists who otherwise mght have become ditch-diggers.

A great deal has been done thus far in testing for abnormality or subnormality. Tremendous headway has been made in late years in discovering mental defectives. Now the time is ripe for discovering unusual talent, precocity and genius in our children.

Civilization does not advance because of the abilities of the average; it pushes forward because of the achievements of the superior. But what are we doing to promote the development of talent above average? What are we doing in our schools to select the specially gifted and to foster pronounced aptitudes? What are parents doing to bring out the best in their children, irrespective of unusual abilities?

The answer, of course, is "practically nothing"!

When children are bright and alert, we let them skip classes, but we still cling to the old-time pedagogical standard of fitting the child to a definite and set school curriculum.

We really make no provision, either in school or at home, for searching for those inherent and often latent traits of superiority that can be discovered and made to flourish.

Our children run along through their schooling by hit and miss methods! It is not learned that the child possesses superiority until the child demonstrates it. Only then do we note the fact, and not always, even then, do we take steps to help the superior trait.

Modern methods are available for testing children as well as adults for superior traits.

The future of a child need not be a guesswork affair. It can be determined through psychological means with a fair degree—a valuable degree—of exactitude.

Let us preserve and develop to the utmost the talented among us.

Dr. Bisch's Daily Diet Hint

The diet in typhoid fever is highly important because the intestines are in an inflamed condition. The physician in charge always, of course, prescribes such a diet. Milk is the safest, most nutritious and most readily digestible of all the foods. Sometimes this is supplemented by soft boiled eggs, well-cooked oatmeal and toast with a little butter.

Fashion Flashes

By ALICE ALDEN
(Copyright 1934, King Features Syndicate, Inc.)

DON'T DELAY your selection of one of the new tweed suits. A new model with a butcher boy silhouette is in black hairy tweed with white hairs and red nubs. The coat, loose in back, is belted in front only. Jacket lining, blouse and scarf are of red duvetyn.

A SECOND LOOK will make you want to own a new cape-coat of natural Alaska seal. The double-breasted coat has big fur buttons, and there is a long cape in back. Coat and cape are of three-quarters length.

REGISTERING AT COLLEGE is the plaid woolen dress. A useful model is in gray, red, black and white shadow plaid woolen. Tucks stimulate a double shoulder yoke. Belt is of red boxcalf closed with gold metal rings.

RIGHT INTO YOUR HANDS is the useful muff purse. A model that should go with all untrimmed coats and suits is of black or natural Alaska seal. A zipper holds the purse compartment.

PEOPLE WILL STARE at the wearer of a new dress that will soon be seen. It is an evening gown of gold metal moire, moulded tight to the figure. There is a tightly fitting jacket over the dress which fastens high at the throat with tiny gold buttons.

A WARM WELCOME awaits the new colorful home gowns and lounging pyjamas that are now being shown. A delightful pyjama has red satin trousers and a sapphire blue velvet jacket with a high Chinese neckline and red belt.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Public Building, Guelph, Ont.", will be received until 12 o'clock noon, Wednesday, January 9, 1935, for the construction of a Public Building at Guelph, Ont.

Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Supervising Architect, 36 Adelaide Street East, Toronto, Ont., the Builders' Exchange, 1104 Bay Street, Toronto, Ont., the Caretaker, Post Office Building, Guelph, Ont., and W. A. Mahoney, Architect, 79 Quebec Street, Guelph, Ont.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

NOTE—Blue prints can be obtained at the office of the Chief Architect, Department of Public Works, by depositing an accepted bank cheque for the sum of $50.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
N. DESJARDINS,
Secretary.
Department of Public Works,
Ottawa, December 18, 1934.
d19 22 26.

SEALED Tenders addressed to the undersigned and endorsed, "Tender for addition to Dominion Public Building (Customs Building), Toronto, Ont." will be received at this office until 12 o'clock noon, Thursday, January 17, 1935, for the construction of an addition to the Dominion Public Building (Customs Building), Toronto, Ont.

Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Supervising Architect, 36 Adelaide Street East, Toronto, Ont., the Builders Exchange, 1104 Bay Street, Toronto, Ont., and the Superintendent, 150 St. Paul Street West, Montreal, P.Q.

Blue prints can be obtained at the office of the Chief Architect, Department of Public Works, by depositing an accepted bank cheque for the sum of $50.00 payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

Tenders will not be considered unless made out on forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank in Canada, made payable to the order of the Minister of Public Works, for the sum of fifty thousand dollars ($50,000), or Bearer Bonds of the Dominion of Canada, or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada of the value of fifty thousand dollars ($50,000) will be accepted as security or the aforementioned bonds and certified cheque if required to make up the amount stated.

The Security cheque or bonds will be forfeited if the person or persons tendering refuse to enter into a contract, when called upon to do so, or fail to complete the work contracted for.

By order,
N. DESJARDINS,
Secretary.
Department of Public Works,
Ottawa, December 15, 1934.
d18 22 26.

BREAK UP RING

DETROIT Mich. Dec. 22.—(CP)—Ten persons were arrested in Western Michigan in Federal and State raids on an illicit liquor ring which Berton N. Davey, Chief Inspector for the Michigan Liquor Control Commission, said had shipped 16,000 gallons of alcohol into Canada.

IN MEMORIAM

KNOTT—In loving memory of my dearly beloved mother, Emma Knott, who died suddenly, Dec. 23, 1932.

We little thought when leaving home,
She would no more return,
That in death so soon would sleep.
And leave us here to mourn,
We do not know the pain she bore,
We did not see her die,
We only know she passed away,
And never said good-by,
And never said good-by.

—Ever remembered, Daughter Florence, Husband, and Grandson, Robert. d22-1t

IN MEMORIAM

KNOTT—In loving memory of my dearly beloved mother, Emma Knott, who died suddenly, Dec. 23, 1932.

If all the world were mine to give,
I'd give it all and more,
To see the loving smile again,
That met me at the door.
So precious to my heart, and gone,
The voice I loved is stilled,
The place made vacant in my life,
Can never more be filled.

—Ever remembered, Daughter Alice, Husband, and Grandson, Albert. d22-1t

BIRTHS

FOX—At Belleville General Hospital on Friday, Dec. 21, 1934, to Mr. and Mrs. Wilbur Fox (nee Helen Kincaid), a daughter. d22-1t

BIRTHS

AMAN — Born to Mr. and Mrs. Stewart Aman in Kingston Hospital, on Dec. 8, 1934, a son. d22-1t

MARRIED

AMAN-METCALFE — In Hamilton, on January 20th, 1934, by Rev. Burnside Russel, Pastor of Wesley United Church, Thomas Freeman Stewart Aman, son of Mrs. Irene and the late Thomas Philip Aman, to Blanche Jessie, daughter of Mr. and Mrs. Arthur Metcalfe, Grimsby, Ont. d22-1t

Fleece wool, fine, 10c; medium, 9c; coarse, 9c; rejects (Burry, seedy, grey, black and cotted fleeces), 5c; flat wool, 8c; all delivered, Toronto.

LOCAL BARBER IS OUT FIVE SPOT

When He Arrived Home He Did Not Have Security For Loan

"The quickness of the hand deceives the eye," at least that is the firm belief of Jack Johnson, local barber, after seeing a diamond ring completely disappear right in front of his eyes yesterday, at a cost of one perfectly good five dollar bill in Canadian currency.

All day yesterday a man giving his name as H. N. Adam, Toronto representative of a Canadian beauty parlor supply company, was demonstrating his wares to customers at Mr. Johnson's barber shop on Front street. At the conclusion of the day's labours, Mr. Adam apparently found himself slightly short of ready cash. Making known his embarrassing financial position to Mr. Johnson, the demonstrator quietly took the proprietor of the store to one side and "buttonholed" him for the sum of $5.00 producng a lady's diamond ring, that he offered to leave as security. After examining the ring Mr. Johnson readily agreed to make the loan and produced a crisp five dollar note.

While the money was being brought forth, Mr. Adam held the ring in his hand, subsequently placing it in a small cardboard box and carefully wrapping it with brown paper and securely fastening it with a stout cord. Mr. Johnson was handed the box, in which he saw the ring placed, in return for which he gave Mr. Adam five dollars. Mr. Adam walked out of the store, stepped into his automobile and drove away. Later Mr. Johnson, desiring to demonstrate to his family the valuable diamond ring he was carrying in his pocket, opened the box at home, BUT, much to his surprise and chagrin, there was no diamond ring in the box, he had been a victim of the old "nut shell game", now you see it, now you don't. The matter was reported to the police and is being investigated.

Workers' Fund Totals $104.41

A total of $104.41 which was handed Fire Chief Wm. Lynch by President of the Association, E. J. Baldree for the purpose of carrying on relief work among the city's needy at Christmas, was the Christmas gift of the Belleville Cooperative Workers' Association to members of the local Fire Department today.

The sum was made up of $50.00 cash, $50.00 in grocery vouchers and a total of $4.41 collected by the Association at their annual Christmas Concert a few nights ago.

Chief Lynch, in accepting the gift, voiced the appreciation of the whole department for the effort made by the members of the organization.

It was decided by President Baldree to have the firemen distribute the donation in preference to the annual community Christmas tree held for the children and family.

Calgary Power Co.

Reports covering electrical situation in Alberta indicate that the loan of Calgary Power Co. for latter half of 1934 will show a steady gain over same period last year. In earlier months of this year the downward movement of 1933 had not been checked. It is clear therefore that earnings on common stock of the company will add one more to the series of amounts available well in excess of common dividend requirements of $6 a share.

NOTICE TO CREDITORS

IN THE ESTATE OF CLARA MAUD TEMPLE, late of the City of Montreal, in the Province of Quebec, Spinster, Deceased.

NOTICE is hereby given pursuant to Statutes in that behalf that creditors and others having claims or demands against the estate of Clara Maud Temple, who died on or about the 1st day of July, 1934, are required to send by post prepaid on or before the Twenty-first day of January, 1935, or deliver to Messrs. Ponton & Graham, 28 Bridge Street, Belleville, Solicitors for the Executor, their names and addresses and full particulars of their claims and statement of their accounts and the nature of the security, if any, held by them, duly verified.

AND TAKE NOTICE that after the Twenty-first day of January, 1935, the said Executor will proceed to distribute the estate of the said Deceased among the persons entitled thereto, having regard only to the claims of which he shall then have had notice, and that the said Executor will not be liable for the said estate or any part thereof to any person or persons of whose claim he shall not then have had notice.

DATED at Belleville this 21st day of December, 1934.

PONTON & GRAHAM,
28 Bridge Street, Belleville
Solicitors for the Executor.

FINANCIAL MARKETS
NEW YORK - TORONTO - WINNIPEG

TORONTO STOCKS

Toronto, Dec. 22 (CP)—Ford of Canada forged ahead to 28¼ on good volume today on the industrial section of the Toronto Exchange. The close at 28 showed a net gain of half a point. Distillers Seagrams also turned over in quantity.

Distillery issues closed with a strong tone and with gains of ⅛ to ½. Distillers Seagrams, the heavy trader, finished at 14⅛ for a gain to ⅜. Canada Malting chalked up a half point gain and the other brewery stocks were unchanged. An improved note was showed by Brazilian.

TORONTO MINES

Toronto, Dec. 22 (CP)—Today's session of the Toronto Mining Market was mainly a formality. Board rooms were well thinned out, Christmas shopping evidently cutting in on the time of traders. The price tone was generally firm.

Little Long Lac continued to moderate trade at an advance of 10 cents to 7.35 while God's Lake, Pickle Crow, Buffalo-Ankerite and Gunnar sold up 1 to 3 cents each.

Anglo-Huronian at 3.98 was up 13 cents. Lake Shore was down 10 cents, Teck Hughes up 2 and the other senior golds dormant. Silver and Base Metal stocks were decidedly lacking in interest. Noranda had a loss of 25 cents to $32.75 and Falconbridge was up 5.

NEW YORK CLOSE

New York, Dec. 22—Cross-currents of buying and selling gave the stock market an uneven appearance during today's brief session. Specialties provided most of the activity however. A few of the utilities resisted selling pressure. The close was irregular. Transfers approximated 490,000 shares.

BOARD ROOM GOSSIP

Little Long Lac

The persistent accumulation in shares found reflection in the price yesterday and it advanced to new high for movement well above $7. For many days stock has been active around $7 but there appeared to be a tremendous amount of selling at that price. Brokers reported in past two weeks well over 100,000 shares have been taken out of market from people who firmly believe that Little Long Lac will turn out to be a second Lake Shore.

Indications indeed point to such a possibility. Ore reserves are equal to about 4 years' supply on basis of 200 tons of ore daily. Previous estimates of earnings must be revised upwards as milliheads are considerably higher than anticipated.—Financial Service.

Walkerville Brewery

Another substantial decline occurred yesterday in shares which dipped to a day's low of $3.50. This level contrasts with high price on move and for year $10.10. From outset trading in shares was active. Rise in price was notably persistent and seldom did the issue have any substantial immediate reaction. During the past few months it has appeared that offerings have gradually been increasing.

As a matter of fact sales experience while showing a large improvement relatively to a year ago has been disappointing for the past few months as compared with expectations. As to the position of the company—a few official expressions have come forward within the past little while.

It would seem that the moment is fitting for the directors to issue an official summary of the position of the enterprise together with some authenticated figures showing the approximate earnings for current year to date but also general balance sheet position.

TORONTOS AND HAMILTON WIN

Varsity Downed 4-3 While Bengals Take Oakville 2-1

(By the Canadian Press)

Students of University of Toronto, who play hockey for their alma mater in the Senior "A" Ontario Hockey Association race, may be able to beat American rivals in International Intercollegiate tilts but when it comes to winning games in their own group they just can't do it.

They came close last night though with a fighting display of smart hockey against Torontos in the Queen City and only the sensational work of Goalie Andy Goldie, who was good enough to rate a trial with the Detroit Red Wings this fall, enabled Joe Primeau's lads to stagger off the ice with a 4-3 win.

The Toronto's victory combined with a 2-1 loss suffered by Oakville Villans against Hamilton Tigers, group leaders, in the Mountain City last night, broke an existing second place Torontos-Oakville deadlock and dropped the Villans to third place in the group standing five points behind the jungle cats, who have only lost one game and won six.

The Toronto battle was the sixth straight loss for Warren Stevens' Collegians and the fourth victory of the season for the opposition. A tripping penalty early in the opening session to Captain Jimmy MacPherson of the Blues paved the way for a Toronto win as they blasted three counters past Frank Shipp, Collegian Cageminder, in slightly more than a minute. Both teams added a tally in the second session and desperate third period charge by the blue raiders just failed its objective, failed because Goaler Goldie held the Fort.

Parsons High Scorer

Hard-shooting George Parsons was the high scorer with two tallies. "Shorty" Robinson and Teddy Olliver garnered the other Toronto goals. Ambey Kiefl and Lloyd McIlquham, who learned their hockey in Ottawa, and Phil Jeffrey scored for the students.

The battle at Hamilton produced the fastest hockey seen in Jungletown this season. All the scoring came in the middle period and it was the Villans, Intermediate champions of Ontario last season who jumped to Senior Company this term, who scored first by taking advantage of a cat penalty. The Bengals, with a terrific display of all-round speed and cleverness, banged their two counters behind ran Forder, goalkeeper with Newmarket Juniors, when they won the Dominion Championship two years ago before the end of the torrid session. Feeling ran high during the battle but Referee "Babe" Dye, former National League Hockey Star, had the game under control at all times. He doled out two major penalties to the Tigers, one to Howard and one to "Toe" Blake.

Next Wednesday the Villans get another chance at the Bengals right in the Villans' Village. On Friday Port Colborne sailors sail into the Mountain City in an effort to improve their position in the race and Oakville will be entertained by Torontos.

Alemites Got Breaks With Two Flukey Goals in Game

City League hockey came into its own in Belleville last evening when two of the best exhibitions of Canada's national game were exemplified at the Belleville Arena with the Alemite team downing the United Cigar Store sextette by the score of 3 to 2, while the famed Trenton Imperials were forced into a tie with the fast South End A.C. kids to a two all score. Both games were keenly contested and had the 300 odd fans present on edge throughout. The keen competition and sturdy play throughout each game was commented upon by those present, who in turn stamped their approval on the present brand of hockey played in the Belleville City Hockey League by the continued stamp of vocal and outward approval demonstrated during the games. The last minute goal of the S.E.A.C. gave them the league leadership of the league, incidently.

The opening game of the night was by far the best city-league hockey game played in Belleville in many years and saw the Alemite team eventually eke out a 3 to 2 victory over the United Cigar Store aggregation, after the "lubricants" had enmassed an early game three goal lead. The "tobacco smokers" staged a belated rally to all but thwart the efforts of their opponents, but a determined effort on the part of Coach Stan Hagerman's youths from around the east end of the city stayed off defeat with their superb defensive play. Two rather fluky goals, scored by the Alemites, when the puck deflected into the "smokers" goal, gave the Alemites an early lead, but centred efforts and combination all but knotted the count in the last stanza. No score was registered in the initial period, both teams playing fast hockey. Roy Covert opened in the middle frame, when endeavouring to pass the puck into a scoring position from behind the net, the rubber deflected off defenceman Alex Weir's stick into the Cigarmen's net.

Puck Deflected In Net

Th second period saw the United purely on the offensive with Goalie Sinfield, of the Alemites, assuming the hero role with his miraculous saves. Suddenly in the last stanza Covert again broke away and in an endeavour to give a pass near the United goal, the puck deflected off Goalie Jeffrey's stick into the waiting net, making the score 2-1 for Alemite. Harry Morgan on a beautiful solo effort beat Jeffrey for a third Alemite counter. With their backs to the wall, Jimmie Ketcheson's United Cigars made a final and determined effort in the last five minutes of play, when Alex Weir scored on a combination play with Bud Johnson, while on a three man play Murney Green bulged the twine for the final counter, that made the score 3-2 in favor of the Alemite. The United finished the game purely on the offensive.

"Shiner" Sinfield, the Alemite goalie, stood out as the star of the night repeatedly thwarting the efforts of the United Cigars' scoring efforts. Jeffrey at the other end of the Arena also turned in an excellent performance. Green and Weir teamed together as a formidable defence with Hull, Johnson, Sweeney, Harvey and McElrath going great guns on the forward line for the Cigars. With Sinfield in the hero role the Hagerman-led aggregation saw Rigby, Covert, Carl and Harry Morgan stand out with Lee and Ridley playing good hockey for the winners.

The line-ups—Alemite—Goal, Sinfield; defence, Rigby, Hammett; centre, Covert; wings, H. Morgan, Carl Morgan; subs, Lee, Wilkins, Little Liddle and Ridley.

United Cigar Store—Goal, Jeffrey; defence, Green, Gilbert; centre, Connors; wings, Hull, Weir; subs, Sweeney, Johnson, and Harvey.

Summary

1st Period

No score.
Penalties—Rigby.

2nd Period

Alemite—Covert 6.55
Penalties—C. Morgan, H. Morgan (2)

3rd Period

Alemite—Covert 7.10
Alemite—H. Morgan 2.16
United—Weir (Johnson) 6.05
United — Green (Sweeney, Johnson) 4.23
Penalties—H. Morgan.
Referees—J. Truaisch, L. Barrett.

Night Cap Game

The night-cap affair proved the thriller of the night, when the youthful S.E.A.C. kids held the sturdy Trenton Imperials to a two-all score. The Imperials took an early lead to score in the initial period. No score was registered in the middle frame, while the Trentonians bagged an early goal in the final stanza. With their backs to the wall and facing defeat the Keegan-led aggregation of juveniles from Foster Ward made a last minute and determined effort to score two goals and knot the count within the last second of play in a game, that continually held the fans breathless with speed and thrills. Every member of the S.E.A.C. team is under the age of 20 years and were pitted against the best O.H.A. material available within a radius of 20 miles of the town of Trenton. The local kidlets carried a world of speed and stamina and won the admiration of the fans with their determined and bulldog efforts. Al Hinton in the nets for the S.E.A.C. was by far the star of the night, when he repeatedly thwarted the efforts of the Trenton marksmen with his miraculous saves between the flags. Each and every member of the S. E. A.C. team from the goal out, played inspired hockey and to pick a standout would be unfair to the remaining players, Lott, Rosenplot, Smith and Johnson carried much of the Trenton offensive with that veteran Trenton goalie, Joe Gould, standing between the S.E.A.C. kids and victory with his many saves in a hectic third period, that was predominated by the local youngsters.

Lott scored for Trenton in the initial frame after a solo effort. No scoring was registered in the middle frame although the local kids carried the bulk of the play. On Rosenplot's pass Lott made it 2-0 for Trenton to open the third canto. At this stage of the game, the Keegan-led outfit showed their ability by fighting back only to have Cliff Howie race through and bat home his own rebound for a goal. Jimmie Kokesh tied the game with a nicely placed shot into the upper corner, that Gould failed to even see. The tie game elevates the S.E.A.C. into the leadership of the Belleville City League.

The line-ups—Trenton — Goal, Gould; defence, York, Lott; centre, Johnson; Wings, Rosenplot, Smith; subs, Lamore, Kidd, Miller and Thompson.

S.E.A.C.—Goal, Hinton; defence, Kokesh, W. Pepper; centre, Goyer, wings, G. Pepper Morgan; subs, Doran, Pringle, Howie, McCreary and Harris.

Summary

1st Period

Trenton—Lott 7.10
Penalties—G. Pepper, Harris.

2nd Period

No Score.
Penalties—None

3rd Period

Trenton—Lott (Rosenplot) .. 2.05
S.E.A.C.—Howie .... .20
S.E.A.C.—Kokesh 17.30
Penalties—Kidd.
Referees—Truaisch and Barrett.

SAMMY FULLER GETS DECISION

Victory Likely to Earn Fight For Lightweight Title

Boston, Dec. 22 (AP)—Sammy Fuller, lightweight title contender, held a decison today over Bobby Pacho, Yuma Indian, and 13,044 fans concurred in the unanimous decision. Max Baer and two former world's champions officiated at the bouts held in the Boston Garden last night.

Fuller made every blow count as he crowded the Yuma Indian through 10 bruising rounds.

Jack Sharkey raised Fuller's hand in token of victory. Fuller weighed 137 1-2 while Pacho scaled 138 3-4.

Max Baer, present world's champion, officiated while Al McCoy, 172, Boston, knocked out Buck Tracey, 173, in three rounds.

Jack Dempsey, who refereed a 10-round draw between Werther Arcelli, 142, Boston, and Harry Devine, 140, Worcester, drew the plaudits of the crowd.

Maxey Rosenbloom, 180 1-2, former heavyweight titlist, easily defeated Tony Shucco, 180, of Boston. "Buddy" Baer, 241-pound kid brother of the champion scored his 11th knockout by stopping Harry Surrette, 199 1-2, in two minutes.

Receipts were $19,218 of which a portion was turned over to a Christmas fund.

Webster's Win in England is Voted the Outstanding Event By the Canadian Press Poll

Marathoners Run One And Two in The Voting

THIRTY-NINE VOTED

Tennis Champ, Rainville Well up in The Running

(By Elmer Dulmage, Canadian Press Staff Writer)

Toronto, Dec. 22 (CP)— Sports editors of Canada, looking back over the bright spots of 1934, decided this country still looks best on the paved highways, where the marathon runners toil. They named 40-year-old Harold Webster of Hamilton, Ont., the country's outstanding athlete, man or woman, amateur Dave Komonen of Sudbury, Ont., who was accorded the honor in 1933.

Twenty-six of the 39 writers, who voted in a poll conducted by the Canadian Press, went for these marathon aces. Webster, winner of the British Empire games classic in London received 14 votes and Komonen, Canadian and United States champion in both 1933 and 1934, got 12.

While they were at it the newspaper critics called Webster's great win in England the outstanding achievement of 1934 by a Canadian athlete, mon or woman, amateur or professional.

The Empire games swimming accomplishments of Phillis Dewar of Moose Jaw, Sask., and Jimmy McLarnin's recapture of his welterweight crown ran second in this vote.

Outstanding Athlete Vote

Webster 14.
Komonen 12.
Marcel Rainville, Montreal, Canadian singles tennis champion 4
Charlie Conacher, Toronto Maple Leafs, National Hockey League scoring champion 3.
Jimmy McLarnin, Vancouver, welterweight champion 1.
Hugh Stirling, Sarnia, football player, 1.
Abe Ellowitz, Ottawa, football player, 1.
Bobby Pearce, Hamilton, professional sculling champion, 1.
Lionel Conacher, Chicago and Montreal Maroons, all-star N.H.L. defence player, 1.
Phil Edwards, McGill, Empire half-mile champion, 1.
Mrs. Alex. Stirling Fraser, Ottawa, Canadian women's open golf champion, 1.

Webster's Marathon Triumph

Webster's overseas marathon triumph was called by 11 writers the outstanding achievement of the year. The victory of Sam Richardson, 15-year-old Toronto schoolboy, in the Empire games broad jump, won three votes. Seven ballots were cast for miscellaneous feats, several sectional or local.

Mention was made of the one-week golfing stand of Jules Huot of Quebec City during which he won the Quebec open and the Canadian professional titles. Pearce's sculling triumph over Bill Miller of Philadelphia in defence of the Australian's world title received one vote.

So did Charlie Conacher's N.H.L. scoring feats and the fine showing in the Empire games sprints of Eileen Meagher of Halifax. The victory of Bob Dion, Vanxcouver, in the javelin htrow at London was mentioned.

Heavy Schedule For Week-End

(By The Canadian Press)

The heavy week-end schedule that forces all National Hockey League teams in turn to play two games in two nights hits three of them this week-end. Montreal Canadiens, Chicago and Detroit all will see how well their players can stand the iron man racket.

Red Wings and Canadiens are the only teams that can use the game to improve their position in the standings. If Wings should defeat Bruins in Boston tonight and then beat Americans in New York Sunday they would be two points up on the Bostonians and in second place in the American section standing.

By beating Eagles tonight in St. Louis and Hawks in Chicago Sunday the Habitants could go a point up on the Americans, if the latter should lose to Detroit. Chicago, who play in Toronto tonight and then rush home to meet Canadiens are on top in the American section and can't be caught over the week-end.

The other game in the six to be staged brings New York Rangers and Montreal Maroons together in Montreal tonight.

TREND TOWARDS PRO FOOTBALL AND OPEN PLAY

Canadian Lateral Pass Coming Into Favor in States

BOXING DECLINES

Bigger Crowds Seen at Practically All Events

By ALAN GOULD

New York, Dec. 22 (AP)—In the midst of a sweeping come-back on nearly all athletic fronts this year, from the viewpoint of gate receipts as well as the grade of competition, the two trends considered most striking by United States sports editors are (1) the rapid growth of interest in professional sports, notably football, and (2) the development of a more open style of play on college gridirons, featuring the use of Canada's lateral pass.

Other outstanding trends noted in the annual Associated Press sports poll include the drift of amateur stars to professional ranks, especially in tennis; the marked revival of baseball's popularity, spurred by the shift of major league power from east to west; and a boom in amateur boxing, as contrasted with the continued decline of interest in professional pugilism.

As one sports editor summed up: "1934 came closer to duplicating the sports activity and interest of boom times than any year since 1929 Except for professional boxing, every sport attracted bigger crowds and furnished more exciting competition than we have had in some time. At the same time the public continued to show more discrimination and apparently will patronize only the attractions offering the most for their money."

The growth of professional football to a point where it is rivalling the college sport for interest and crowds, prompted another sports editor to predict that within five years "there will be professional teams in nearly every city of 250,000 or more, and that these same pro teams, whether through rentals or actual acquisition of equity will be making many stadium bondholders rest easier."

The same observer pointed out that the "phenomenal rise of the National League" in pro football, followed by the organization of the American League, paves the way eventually for a world series comparable to baseball's annual classic.

GIVE DECISION ON JANUARY 2

Ultimatum by C. A. H. A. Probed in All Night Session

Moncton, N.B., Dec. 22 (CP)—Whether the Maritime Big Four Mercantile Hockey League will continue the season as a commercial loop or remain under the banner of the Canadian Amateur Hockey Association was still undecided today.

At a meeting which opened yesterday afternoon and did not adjourn until early this morning officials of the league failed to reach an agreement. They will study the matter further and advise President James Wry, of the M.A.H.A., of their decision by January 2.

The meeting was called to consider the ultimatum issued by President Wry, who told the league it must choose between mercantile hockey and suspension from the C.A.H.A., or drop all ineligible players and play under the C.A.H.A.

LONDON DOWNED 3-0

Windsor, Ont., Dec. 22.—(CP)—The stubborn drive Windsor Bulldogs have waged in the International Hockey League today placed them in a second-place deadlock with Buffalo Bisons, four points behind London Tecumsehs. Bulldogs used a 3-0 decision over the powerful Londoners to gain the points last night for the hop into second place.

Bulldogs apparently found the weak spot of Frank Nighbor's hockey brigade which dominated the circuit last year. The fleet and rugged Windsor crew, supported by the brilliant goal-tending of Earl Robertson, product of the Western Canadian professional League, blocked the power drives of the Nighbor clan in last night's clash and broke wide open the Arnott-Pringle defence.

(Day By Day)

"With the holiday season in full swing there isn't much use calling a hockey practice until after Christmas," was the answer Manager Ed. Thomas gave today in connection with the O.H.A. practices. "Just as soon as the boys digest their Christmas turkey I'll start them off on a strenuous week's practice," the manager said, and intimated that the first intermediate workout would likely be held next Wednesday night from 7 to 8. Last night Mr. Thomas took in the city league games and was caught casting odd glances of approval at a few of the participants. With the junior schedule not opening until after the New Year the intermediates will get in the first couple of workouts. They play in Port Hope next Friday.

Thru' the medium of public subscriptions alone the citizens of Lindsay have voluntarily contributed over $10,000 towards the building of their new Arena in that town. The rink is to be built at a cost of $12,000 and has been sponsored and supervised by the Lindsay Kiwanis Club, whose members took it upon themselves to personally assure its construction. When a town the size of Lindsay can raise $12,000 in the matter of a few weeks the civic spirt of such a community speaks for itself and is generally recognized by surrounding communities. The management of the rink announced recently that a gala opening night program would be presented on January 3rd. when two professional hockey clubs, made up of players from the Toronto Maple Leafs would formally open the place. Fancy skaters and other features will be included. Incidentally the Lindsay Kiwanis Club expect to have their new arena free from encumberance before the end of the current season. "Not bad for a town half the population of Belleville.

Did you know that Luis Angel Firpo, the Argentine heavyweight who knocked Jack Dempsey out of the ring before the Manassa Mauler punched him out, never allowed any manager to handle his affairs. No one ever got any part of Firpo, and when he left the United States it was with the bulk of his earnings intact. He bought a ranch in his native country.

Local sport fans passed up two real classy games last night at the Arena when the Alemite downed the United Cigars 3-2, while the South End kids held the fast Trenton Imperials to a 2-all tie. Either game was well worth the two bits' admission, and it was a shame to see only a handful of fans present. Without fear of contradiction last night's twin bill was the best exhibition of that class of hockey seen in the past four or five years. City League hockey is apparently on the upward trend in Belleville but the much-needed support of the fans is sadly missing. Those passing up these games are the ones missing a real night's entertainment. Ask some person who was there if you doubt us."

A rather queer incident happened in the Trenton dressing room at the end of the second period of the nightcap affair between the Trenton Imperials and the South End Club. Goalkeeper Joe Gould was heard to say: "This is the first game I ever played for Trenton without being bombarded to death with pucks." Joe gave the above statement in good faith, but we wonder if he could repeat that statement in the same frame of mind at the end of the game after the bombardment he was subjected to in the last period? Much credit is due the South Enders as each member of the team is eligible for junior hockey and they play an inspired game, never beaten until the final gong is sounded. The kids have gained many friends by their willingness to fight back in the face of what looked like certain defeat. It is the clubs the calibre of the Keegan-led outfit that make city leagues.

The Alemite-United Cigar Store game was a honey. First of all it must be admitted that the Smokers ran into rather tough luck when the "Lubricants" scored two soft goals on deflected pucks, but after that the game was a honey and all we can say is "you shud haf been der Sharlie!" Mr. J. Argue won the electric lamp given as the door prize.

SERIOUS—Valdosta, ears back looks serious as he wins a race at the Charlestown, W. Va., track.

"NO THOROUGHFARE!"—Goalie Hainsworth falls but successfully blocks Ranger try for goal against Toronto

Around the Christmas Tree

KINGSTON Road School No. 20 put on a splendid Christmas entertainment on Thursday afternoon. The primary room was very prettily decorated with bells, wreaths evergreens and a Christmas tree. Mr. H. K. Darling principal of the school made a brief address telling the true significance of Christmas and what it should mean to each girl and boy. He then asked Rev. T. H. Hall to act as chairman of the following programme.

Opening Chorus—"It came upon a Midnight Clear"—The school.

Greetings by three girls, Flora Ellis, Dorothy MacDonald and Gwen Pur(y.

Recitation — "Old Fashioned Christmas"—Noreen Duesberry.

Guitar solo—Douglas MacDonald.

Star Drill—Seven girls.

Reading—"First Christmas Eve"—Ross Gregory.

Recitation — "He Could Help" — Jack Manor.

Chorus—The School.

Dialogue—"Art"—Olive Gregory and Margaret Ivers.

Piano Solo—Bernice Rosetta.

Stocking Drill—Eight boys.

Recitation — "Christmas Chimes" —Marie Loadsmen.

Playette—"Christmas Toys Spoke"

Rev. Hall make a few remarks on the origin of Christmas Carols. The programme closed with a chorus by the school and God Save the King.

This programme and the excellent manner in which each number was given, reflects much credit to Mr. and Mrs. Darling, teachers, at the school.

CANNIFTON S.S.

The Cannifton United Church Sunday School last night put on their Christmas entertainment in the Cannifton Town Hall. The pastor of the church Rev. W. R. Merrick, acted as chairman of the following:—

Opening Chorus—Song by the entire school.

Recitation, "Welcome" — Floyd Cowen.

Dialogue, "Christmas Secrets" — Primary pupils.

Song, "Glad Christmas Secrets".

Recitation—Marjorie Farnham.

Recitation—Bernice O'Brien.

Monologue—Jack White.

Elf Drill—School.

Recitation—George Mathew.

Chorus—"Joy Song"—Girls of the School.

Play "Scrooge's Christmas"—Senior pupils.

God Save the King.

The pastor, the teachers, Miss Mary Cowain and Miss Helen Farnham were congratulated for the splendid programme they had put on. The audience was well pleased in the splendid way the pupils did their part. The hall was packed to the doors showing the interest the community takes in the Sunday School.

FOXBORO SCHOOL

Last night a splendid Christmas entertainment was put on in Foxboro Public School by the pupils. The school was beautifully decorated in green and red. Mr. Gough school trustee acted as chairman of the following program.

Opening chorus by the school.

Recitation' "Welcome" — Ruth Longwell.

Dialogue— "The Favourite Three" Kenneth McCaughen, Gordon Priest and Billy Read.

"Alphabet School" was given by the junior room.

A motion song was sung by four girls, Doris Dafoe, Pearl McCaughen, Marian Gay and Marjorie Teeney of the senior room.

Dialogue "Unexepected Company" —The senior room.

Tap Dance—Betty Elder.

Exercise "A Christmas Story — The junior room.

Song "Little Baby in the Manger —Primary pupils.

Recitation— Bobby Burd.

Tableau—"Christmas Symbols"—Junior Room.

Dialogue "Counting Eggs"—Senior room.

Pantomime—Primary pupils.

Girls' Drill— Old Fashioned Costume, Senior room.

Dialogue—"The Immigrants" — Junior room.

Tap Dance—Betty Elder.

Recitation—Mary Hollinger.

Exercise, "Merry Christmas"—Junior Room girls.

Pantomime "Hark the Herald Angels Sing" —Senior room girls.

Mr. Gough congratulated the teachers, Miss E. McInroy and Mrs. W. Sine for the splendid programme they put on. He also congratulated the children on their part in the programme.

MOUNTAIN VIEW CHRISTMAS CONCERT

Mountain View, Dec. 22—Mr. and Mrs. Clarke Sprung and Mr. and Mrs Clayton Sprung also Miss P. Gayton spent the dinner hour on Sunday with Mr. and Mrs. Eddy Hall and family of Huff's Island.

Mr. and Mrs. Jay Sprague and Eleanor spent the tea hour on Sunday night with the latter's parents Mr. and Mrs. James Way of Bowerman's.

Mrs. W. J. Hickerson left on Sunday for Kingston where she will undergo treatment for a few weeks.

Mr. and Mrs. Ben Anderson spent Sunday night with Miss Lillian Sprague.

Miss Hazel Minaker spent the week end with her mother, Mrs. W. Minaker and family.

Miss Olive Vanwart is working at the Kresge store of Belleville during the Christmas season.

Mrs. Howard Wallbridge of Massasaga, returned home on Saturday night after spending a few days with her parents, Mr. and Mrs. J. G. Sprague.

Mr. Gerald Gibson of Wellington and friend were Wednesday evening guests of Mr. and Mrs. Jay Sprague.

Miss Irene Gay of Belleville spent Wednesday evening the guest of Miss Mary Bristol and attended the Christmas concert at Mountain View.

The Mountain View Sunday School, Public School and Young People's held their Christmas concert on Wednesday night with a good crowd for the weather. It was a very stormy night and this kept the crowd from being larger. Twelve dollars were taken in at the door. Mr. J. D. Keeble acted as chairman of the evening. The following programme was given.

Chairman's Address by J. D. Keeble.

Opening Chorus—by the School.

Recitation—by Mr. Gordon Langstaffe.

Dialogue—"Capable Servant" — Messrs. Gordon Langstaffe, Cecil Langstaffe and Reynolds Langstaffe.

Recitation—by Mary Keeble.

Drill—by the School.

Recitation — by Master Evan Bovay.

SCHOHARIE NEWS OF PAST WEEK

Schoharie, Dec. 22—Miss Ethel Williams of Toledo, Ohio, arrived this week to spend some time with her father, Mr. H. M. Williams, who still continues quite poorly.

Mr. and Mrs. Harold Walters and Rose and Homer spent Sunday with Mr. and Mrs. Roy Leavitt, Picton.

Friends of Mr. Ralph Stone will be pleased to hear that he is progressing favorably at Prince Edward County Hospital after his recent serious motor accident and that he will be able to return to his home some time this week.

Mrs. Aaron Clark of Wooler, is the guest of Mr. and Mrs. John Shaw this week.

Mr. and Mrs. Roy Longwell and Douglas of Demorestville spent the tea hour on Thursday last with Mrs. Mildred Benson.

Miss Mabel Foster is spending the winter at Christian Street Hospital, Toronto.

Miss Gena Yott of Bloomfield spent the tea hour on Saturday with Miss Rose Walters.

A few from this neighborhood attended the commencement exercises at Picton Collegiate on Friday evening.

Miss Susie Cahoon is spending some time with Mr. and Mrs. Harold Cahoon.

Mr. and Mrs. John McGee entertained the former's brother, Mr. Harry McGee on Sunday.

SLOT MACHINE CHARGES

Kingston, Dec. 21—Five storekeepers were fined $5 and costs or one month in jail in Police Court yesterday when found guilty of operating gambling devices in the form of slot machines. Those fined included three proprietors of Chinese cafes, a barber shop owner and a tobacconist.

Magistrate Farrell said that while the fine was a light one, there would be no excuse in future for any store owner in Kingston having a slot machine on the premises Through the machines usually produced candy in return for each nickel, the gambling device was connected with them in the form of the jack-pot. In future, said the magistrate, cases will not

AMELIASBURG LADIES' AID HAS ANNUAL MEETING

Second Ameliasburg, Dec. 21.—Mr. and Mrs. Howard Bovay of Wellington had tea with Mr. and Mrs. Eldon Adams on Tuesday.

Ladies' Aid meeting was held at Mrs. E. Spencer's Wednesday afternoon. The following officers were elected for the coming year:

President, Mrs. Roy Giles; vice-president, Mrs. B. L. Redner; secretary, Mrs. Earl Fox; treasurer, Mrs. Cecil McFaul.

A vote of thanks was given the retiring president, Mrs. Stanton Fox, for her efficient services during the past two years.

Miss Jesse Duggan spent the week end with Mr. and Mrs. D. K. Redner, Betty and Joan.

Mr. Allan Wallbridge and Miss Ruth Townsend had tea with Mr. and Mrs. Frank Townsend Wednesday evening.

Mr. and Mrs. Oral Calnan and family of Picton were Sunday guests of Mr. and Mrs. Roy Giles.

Mr. Eldon Adams and son Arthur went to Kingston on Sunday to see the doctor.

Mr. and Mrs. Harold Wannamaker and children spent Sunday with Mr. and Mrs. Morley Wood.

Mr. and Mrs. Mac Giles called on Mr. and Mrs. Fred Cunningham of Mountain View on Sunday afternoon.

Mrs. Morley Moy spent Monday with Mr. and Mrs. Harry Redner.

Mrs. Wynne, Joan and Donald called on Mrs. Ella Giles on Monday afternoon.

Mr. and Mrs. Bill Fry and family of Belleville took tea with Mr. and Mrs. Charles Cannons on Sunday.

Mr. and Mrs. R. H. Calnan of Picton spent Tuesday with Mr. and Mrs. Roy Giles.

Wednesday evening despite the heavy fall of snow and slippery roads a large audience assembled at Centre Church for the annual Christmas concert. An important part of the program was the Christmas cantata, "The Lost Slipper". While in the act of going down a chimney Santa found a slipper which someone had lost on the roof while lowering a basket of doughnuts to a poor family. He eventually found the owner of the slipper and made her queen of the fairies. There were also dialogues and music. There could be no special mention of any of the performers because everyone did his or her part so well. The children enjoyed particularly the unloading of the Christmas tree by Santa. The evening closed with the National Anthem.

What You Should Know About Houses

A Weekly Feature Service Supplied to the Canadian Press by Home Builders' Service Bureau, 177 Jarvis St., Toronto 2

IMPROVING YOUR HOME IS SOUND ECONOMY

Even a tent, a summer cottage, a tenement or apartment room, as well as any urban or rural home, requires at least occasional reconditioning if it is to serve for long as a human habitation.

A home is to be lived in and enjoyed. Its primary function is to provide for the well being and to facilitate and increase the happiness of a family. And, in part, because each succeeding generation of Canadians is confronted with an ever increasing number of outside diversions, not only does it expect more and demand more from home life, but it deserves more.

If, therefore, home life is to be rich and alluring, it is not enough that houses be periodically reconditioned, as factory buildings are. Nor is it enough that they be equipped with such modern equipment as represents the major advances between the pioneer homes of our forefathers and those that best serve us today. Instead, to safeguard the financial and social investments already made, it is often the part of wisdom, especially during periods of slack employment and when materials are relatively low in cost, to remodel as well as to modernize homes. Home improvement is a more or less continuous process, if Canadian standards of living are to be maintained.

Reconditioning of homes is at all times a periodic necessity if the full value and service of a home are to be enjoyed, partly for the reason that buildings of nearly all kinds may be said to begin a struggle against destruction by the elements the moment they are put together.

Periodic reconditioning of any home is necessary to protect the investment already made in it and the loan value and savings it represents. When neglected, deterioration of any structure is rapid and progressive, it is contagious or "catching" and therefore, will draw compound interest. Moreover, "the melancholy prophecy of decay" in a home rapidly discounts its value and desirability.

Large investments in remodelling and modernizing of homes may not always be a wise procedure. It may be, to illustrate, that a house has for so long been without reconditioning that its ceilings, walls floors, and perhaps even its foundations, timbers, and other vital parts are beyond repair. It may be that a house is of such construction or design that its remodelling is uneconomic and architecturally or structurally impracticable. Also there are instances, where, for example they were located directly in the path of a new highway soon to be built, where construction or the beauty of surrounding topography, or where perhaps for want of adequate regulations, factories were soon to be built, or dwellings serviceable only as homes for factory workers, were soon to lose their value because of the removal of factories.

On the other hand, in many instances, home owners are justified particularly when construction costs are low, such as now, in extensively improving their houses by way of making them available for sale at a profit, or to increase their value in meeting individual and family needs.

It is evident that the great majority of Canadian homes could be materially improved by constructive remodelling and modernization, often at small expense, and in many cases by the handiwork of the home owner himself or other members of his family with no direct outlay save for materials.

"MODERN MARIE ANTOINETTE"

Magda Lupescu, red-headed weakness of King Carol, is threatening to overthrow his rule in Marie Antoinette fashion. She has become a storm centre in Roumania, with former supporters of Carol turning against him because of his refusal to stick to his promise of paying her off. Magda, also shown closeup, is seen with her royal lover at a French resort before his coup d'etat.

ENGLISH ACTRESS GRAVELY ILL

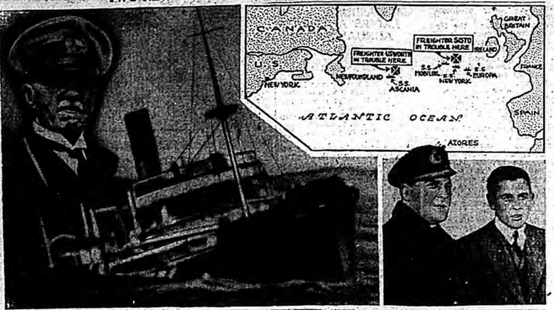
GERTRUDE LAWRENCE

Famous British actress and said to be engaged to marry Douglas Fairbanks, Jr., Gertrude Lawrence is in hospital in London in a serious condition. Miss Lawrence has been under treatment for weeks, it is understood, for severe mastoid ailment. Doctors report she was near death on three occasions. Fairbanks, meanwhile, has been practically living at the hospital.

TENNIS DOUBLES STAR TURNS PRO

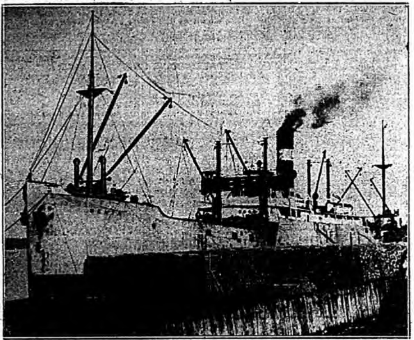
George Lott, popular Chicago tennis player, called the greatest doubles [illegible] in the game, signs to appear as a professional netman [illegible] "B." O'Brien, RIGHT. The former Davis Cup star will go on an exhibition tour of the United States.

TWO NEW RESCUES WRITTEN INTO ANNALS OF SEA



Courageous captains had two new outstanding feats of heroism to place in their logs as raging storms in North Atlantic crippled two freighters. Capt. Fritz Kruse (left), of German liner, New York, directed saving of survivors of storm-crushed Norwegian freighter, Sisto, and Capt. J. G. P. Bisset of British liner, Ascania, brought out rescue of Capt. J. J. Reed (with whom he is shown at right), and other survivors of freighter Usworth, which is seen sinking at left in graphic photo taken through heavy mist. Map indicates scenes of rescues.

REPORT DANISH FREIGHTER WRECKED WITH ALL HANDS



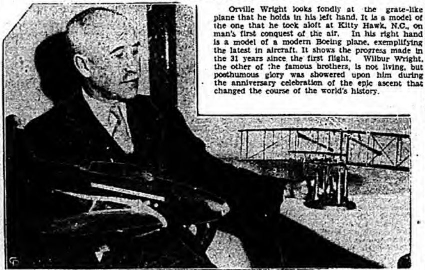
Still another tragedy of the sea is reported when word was flashed that the freighter Senta (shown above) had been lost off the French coast with all hands. The Senta, a Danish vessel, left Windsor, N.S. with a cargo of pulpwood.

AMATEUR PU CK-CHASERS FROM TI GERS LAIR

BLAKE! **TENO!** **BENNETT!**

Here are three mainstays of the Hamilton Tigers in senior Ontario Hockey Association amateur competition. Hamilton, producer of hard battling football squads,, also presents aggressive puck-chasers and are usually in the limelight during the ice season with a band of hockeyists sporting the striped jerseys of Jungletown, who can give the best of the Dominion's amateur teams a stiff argument. Left above is Hector "Toe" Blake, scrappy left winger, who was rumored heading for the maritimes this year but didn't go. Centre is Harvey Teno, goalie par excellence, and former St. Michael's College, Toronto, star. Right, Maxie Bennett, hard-shooting right wing who teams with Blake on the forward line.

ORVILLE WRIGHT HONORED ON ANNIVERSARY



Orville Wright looks fondly at the grate-like plane that he holds in his left hand. It is a model of the one that he took aloft at Kitty Hawk, N.C., on man's first conquest of the air. In his right hand is a model of a modern Boeing plane, exemplifying the latest in aircraft. It shows the progress made in the 31 years since the first flight. Wilbur Wright, the other of the famous brothers, is not living, but posthumous glory was showered upon him during the anniversary celebration of the epic ascent that changed the course of the world's history.

JAPAN STREAMLINING TRAINS

No longer the "land of dreamy dreams", the Orient now moves at a 60-mile-an-hour clip. In Japan this modern, semi-streamlined locomotive, the first sponsored by the government itself, is roaring over the rails in a trial run from Osaka to Nagoya, a distance of about 110 miles. The iron horse averages 60 miles an hour and maintains an excellent standard of efficiency.

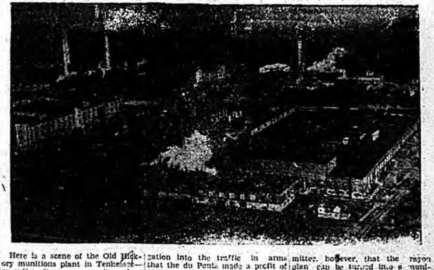
THREE MEMBERS OF JAPAN'S ROYAL HOUSEHOLD

As daughters of Emperor and Empress Hirohito these three little girls have a special place of affection in the hearts of the people of Japan. Princess Teru-no-miya Shigeko, centre, is just nine; Princess Taka-no-miya Kazuko, left, is five; Princess Yori-no-miya Atsuko, right is three. A brother was born recently, and all Japan rejoiced because of an heir at last.

NO WONDER THE POSTMAN HAS A TOUGH JOB!

No wonder the postman is one of the most abused gentlemen at Christmas! Here is a sample of what he has to deliver to your house and mine. This is just a small part of the season's Christmas mail for Canada from England.

CHARGE DU PONTS MADE 39,231 PER CENT. FROM THIS PLANT



Here is a scene of the Old Hickory munitions plant in Tennessee—or rather it was a powder plant during the war. Now it produces rayon for the du Ponts. It was charged at the U.S. senate investigation into the traffic in arms that the du Ponts made a profit of 39,231 per cent. from this factory during war years. Du Ponts estimate it only one-fourth of one per cent. It was stated before the committee, however, that the rayon plant can be turned into a munitions factory on short notice. The plant was first built by du Ponts at the instance of the government during the war.

Spite Wife

by Ann Forester

It took all of Judy's self control to keep her from upbraiding Stan, however as they drove home. She sat, nails digging into her palms, fiercely saying in her heart: "I won't be a nagger I WON'T!"

Eunice invited Judy to a bridge party at her house. Judy's heart sank, but she accepted. If she refused—and she hadn't the vestige of an excuse—they would know—Eunice and Georgia, Patty Warren, and Amy—that she was afraid. She couldn't refuse! It would be refusing to draw her sword in a duel.

She brought a new dress for the tea, a cornflower blue crepe, at an exorbitant price. It was necessary, however in some desperate feminine way that she be stunning at Eunice's house. But, Judy reflected later with bitterness, she might as well have worn the old white lace of Summerfield days.

Among the Chanel gowns, the Deja chiffons, the velvets from the Rue de la Paix, the cornflower crepe was modest inconspicuous even. Even Georgia De Haas, in a black faille, twice made over, had a sophisticated smartness which Judy felt she herself lacked. The balance of Amy's allowance had gone into the grey ensemble which she wore. Patty Warren appeared in a startling affair of diagonal black and white stripes which somehow contrived to be diabolically smart on her brown leanness. Eunice was a beautiful painting come to life in panne ivory velvet, her glorious hair caught in a shining knot at the back of her white neck.

Eunice's house took Judy's breath away. When Eunice married the Wilson millions she went on Roman holiday. Interior decorators wept tears of joy and remembered her in their prayers. Eunice welcomed any scheme of decorating providing it were bizarre and expensive enough. Telephones had buzzed and Lockwood tea tables were swamped with gossip while the remodeling continued. The older set who had known the first Mrs. Wilson, a conservative and estimable lady whose taste had been frozen fast in the mold of the Nineties and never melted, had been loudly scornful. But the younger set had capitulated in admiration.

The living room was almost entirely white, relieved here and there with traces of black. Heavy cream serge satin was chosen for the curtains, and the same material upholstered the English easy chairs and the sofa. Oyster white linen-damask covered a couch. Even the walls and ceiling of the room were unrelieved white. At the end of the apartment was a mantel of black marble where an alabaster vase held black and coral shell flowers. A white velvet carpet added the last bizarre note.

This last had caused the conservative crowd, with whom Eunice was none too popular, to hoot with well-bred derision. Eunice Wilson's money was going to her head.... this girl would do anything to get talked about!

But the crowd which Eunice dominated—had been loudly admiring, secretly envious. Amy, sunk in the old fashioned austerity of the Carter home and its relics of the Eighties, had wept with sheer rage.

But Eunice's white living room was not the only jolt she had prepared for Lockwood.

Eunice's party today was held in the bridge room—a black and silver room where black overstuffed furniture was grouped against silver walls. Tall silver lamps, shaped like urns, reflected concentric circles on the ceiling, and crystal trees with pink and blue and yellow enamelled flowers stood on tables of black glass. Crystal balls mounted on ebony stands glowed with a dull silver light at either end of the black marble mantel. Ebony smoking stands were fitted with sets of chased silver.

In this exotic setting Judy felt ill at east and the feeling increased as the afternoon wore on.

Judy played bridge badly—how badly she did not realize until today. Back in Summerfield, bridge had served as the excuse for jolly little gatherings which would break up spontaneously when someone turned on a radio and started to dance on the porch. A bridge party in Summerfield was quite as liable to turn into a moonlight spin out to Five Corners for iced watermelon.

But that was not the way bridge was played in Lockwood.

Today the black and silver room held an atmosphere of tenseness. Women's cheeks burned with excitement beneath the rouge and powder. Strained sweetness — as women addressed each other across the small ebony tables. Sheathed claws—and claws sometimes not sheathed.

Judy felt that she was in some play where she had lost her lines. She tried to fasten her mind on the cards, not her surroundings. She became nervous at warm glances directed at her across the table. She crimsoned when Patty Warren asked her impatiently whether she "was playing bridge with a partner or checkers by herself. Bridge was a serious business for Patty. She counted on her winnings to pay the household bills and Judy had just cost her a trick.

Judy felt her face burning, when she remained, a loser, at the table while the others changed. She envied the white-capped maid who slipped in and out of the room, emptying ash trays, passing cigarettes. All the women, Judy noticed, had their own cigarette cases. Patty's was orchid ostrich skin initialled slashingly in brass. Eunice's was white gold, her monogram enclosed in a circle of amethysts and chip diamonds.

The blue smoke drifted through the strange room. A queer white light filled it from the crystal balls. The curtains were drawn against the blaze of the flower garden. Unbelievable— Judy found herself thinking—that out there, the sun was shining. That there was wind and space and gusty laughter.

Life in here was bizarre—narrowed, darkened eyes....rouged lips tensely sucking at monogrammed cigarettes.

Judy lost a sum which staggered her. She did not have the money with her and was forced to ask Amy for a loan. Amy looked scornful and impatient. Judy's head was aching and she was amazed to find she was trembling when she rose to leave.

Getting used to Lockwood. .... She wondered, a trifle hysterically, if she would ever get used to it!

THE SECRET DUEL

CHAPTER NINETEEN

The aftermath of Eunice's bridge tea was a stormy scene between Stan and Judy.

Judy dreaded to tell Stan of her losses. But she would have to pay Amy back....there was nothing else to do.

She tried to speak of it as they dressed for dinner. Mrs. Carter was entertaining that evening, and Judy was already in her new blue crepe But she sat in the room while Stan took his shower and changed into his tuxedo when he returned from the city; these few minutes alone with him were so precious.

"I went to a party at your old girl friend's, today...." She tried to be pleasantly flippant as she opened the subject.

Standing before the glass, fastening his collar, Stan grunted what might—or might not—have been a reply.

Judy's grave eyes regarded the back of that handsome, narrow head before she launched the next remark.

"Such a gorgeousness! That house of hers. It took my small town breath away, Stan. White velvet carpets and marble and crystal. I felt like I was playing cards in the middle of a movie set. Money must have dripped from the ends of her fingers when she was ordering it.."

Stan swore softly at the collar button. "Oh, yes, Eunice can make money fly. And Wilson has the money to accommodate her!" His tone was not pleasant.

Judy's heart sank. Stan was in one of his black moods. Better wait. .. ..

She started it again, later that night, as they prepared for bed. She sat in her negligee, buffing her nails and covertly watching Stan as he restlessly paced the room, taking a final puff at his cigarette before casting it out into the night. Judy was angry because her heart was pounding fearfully. After all, she'd done nothing so dreadful! It was only what the rest of them had done time after time.

"Stan, you know what I was saying before dinner—about that bridge game today..Well, I lost. And I didn't have enough money. I had to borrow from your sister Amy.."

Stan was regarding her unpleasantly through the up-curling smoke.

"How much?"

She told him and he swore softly. His face flushed and he flung the cigarette into the dark garden with unnecessary violence.

"D—— it all, Judy; you must have been crazy"!

Judy flushed and held the buffer as though it were a weapon. "Could I help it because I lost!"

"But how in the world did you lose so much? If you don't know the game, why play...."

"I do know the game!" An edge of temper to her voice. "I didn't know they played for such stakes..'

"What did you think they played for? Crocheted tea towels?"

"I certainly never thought they played like professional gamblers!"

Stan made a little movement of disdain. "Oh can the small-town stuff Judy! They were simply more clever players than you. You were out-classed."

Judy's honesty made her admit secretly that Stan was right but her cheeks flushed. "I seem to be out-classed on many points!" she said in a voice which she tried desperately to keep steady.

His silence hurt her more than any words he might have spoken. Judy felt hurt pride rising within her; and on its wake came the instant hot jealousy of Eunice which never slept.

"I suppose you think I seem stupid in comparison with others. With Eunice Wilson for instance...."

"Oh good Lord" Stan said savagely. "Are we to have that again!"

He might better have struck her. A devil of jealousy lashed Judy on—recklessly blindly.

"Yes, we're to have that again! Why not! Why shouldn't you! If I have her thrust down my throat every day of the week.... People looking—watching you and her.... pitying me! Yes, pitying! I can see it in their eyes!"

Judy suddenly seemed to hear her own words, harsh and violent. She caught her breath in a sob. Stood there, aghast, fighting back her tears.

Stan's face was a mask of fury. He picked up another cigarette, lit it with shaking fingers, and she knew he could barely hold his temper in leash. "I don't know what you're driving at."

"Oh, yes, you do!" Judy was filled with the desire to hurt him—yet it was the image of Eunice she was striking at through him. Eunice, beautiful—disdainfully aware of her own beauty —her wealth and position.... "Oh, yes, you do! But, it's only lately I've known, too! She hates me—because I'm your wife. She wants her millions that she married but she wants to keep you too, and she's resentful because you've married me....She's trying to make me look like a fool.... To get me in wrong with you.."

Stan's face was livid with anger. "You're acting like something very fifth-rate! I have something else to do besides stage a scene to please you." He snapped off the light and got into bed.

For a moment Judy stood motionless in the dark, rage and despair battling within her.

Then suddenly the sustaining anger ebbed from her, leaving her white and shaken and very alone. Disaster gripped her. Oh, what a mess she'd made of it! Why had she said those things! She hadn't meant to. But she'd been full of them since that day at the golf links when Eunice had so easily taken Stan from her. And today—that had put her over the top. It was true.... but you can't always tell the truth to people—to a husband....

Sick at heart, she walked to the window and stood against the open frame looking down into the garden.

Out of the darkness rose the smell of fresh growing things and wet black earth. It made her think of the garden at home.. .. how the smell had stolen in the window of her bedroom. Sweet, tranquil nights they seemed now to have happened to some other girl in some other life time....

Oh, why had she said those things? ....Something very 'fifth-rate,' Stan had said. She was faint with self-disgust. . He was right.. .. She had been a harpy—nagging him—showing ugly jealousy. Oh, that quick temper of hers. .... If she only hadn't done it.

She closed her eyes, raising her face to the night wind, feeling it soft and caressing on her hot cheeks.

Stan's icy voice sounded from the bed. "It isn't going to make matters any better to stand there and sulk."

Judy turned, groped to make matters any better to stand there and sulk...."

Judy turned, groped her way to the bed through the dazzling blackness, feeling tears sting her eyes. "I'm not sulking...." her voice was smothered. "I'm just—oh, sick at heart.... I'm just—sorry, though I suppose you don't care if I am....I didn't mean to say all that.....But it —just came out. Please—Oh, darling, please don't rub it in! Let's —let's be friends."

Her frantic hands had found him Feeling over his face, about his unyielding shoulders. She was clutching him close, holding her tear-wet face close against his face, murmuring little endearments. "I can't stand it when we quarrel, darling. Please don't let's quarrel."

"I didn't start it—" Stan answered stiffly. Sulkily.

"I know, I know.... But, oh, things are so difficult Stan. You don't know. It's your home. It's different for me—all up-hill darling. Just like trying to run up-hill.... Oh, but never mind. ....Let's forget it. There's just you and me—Things are bound to come out all right if we love each other enough. Hold me tight—tight! Everything's all right now ,isn't it? We'll never quarrel again."

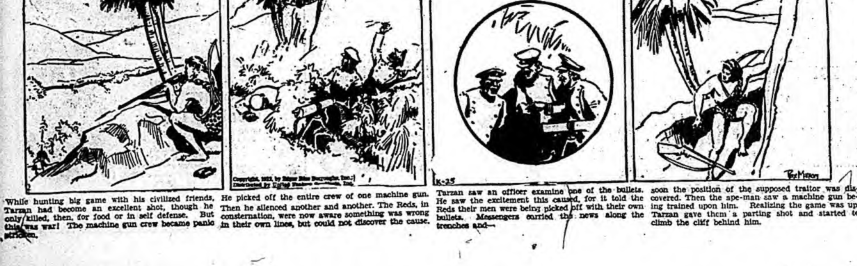
TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service. Inc.)

By Edgar Rice Burroughs



While hunting big game with his civilized friends, Tarzan had become an excellent shot, though he only killed, then, for food or in self defense. But this was war! The machine gun crew became panic stricken.

He picked off the entire crew of one machine gun. Then he silenced another and another. The Reds, in consternation, were now aware something was wrong in their own lines, but could not discover the cause.

Tarzan saw an officer examine one of the bullets. He saw the excitement this caused, for it told the Reds their men were being picked off with their own bullets. Messengers carried the news along the trenches and—

soon the position of the supposed traitor was discovered. Then the ape-man saw a machine gun being trained upon him. Realizing the game was up, Tarzan gave them a parting shot and started to climb the cliff behind him.

CAR SKIDS ONTO RAILWAY TRACKS

Entire Family and Friend Killed When Train Strikes Vehicle

Petitcodiac, N.B., Dec. 22 (CP)—While an entire family of four lay dead with a fifth victim here today, an inquest into yesterday's tragic train-automobile collision stood adjourned until next Friday.

Victims of the railway crossing accident were, Raymond Mitton, 29, his wife, 30, their two children, Stanley, 5, and Rose Marie, 3, and Curtis Garland, 25. All were residents of Prosser Brook, 14 miles from here. Mitton and Garland were farmers.

All five were dead an hour and a half after the accident. They had been Christmas shopping in Moncton.

The tragedy occurred at 5.22 p.m. when the "Gull Express" of the Canadian National Railways was proceeding from Moncton to Saint John. It struck the car broadside and carried it more than 100 feet. Two of the victims were killed instantly and the others died soon after at a nearby hotel.

One report said the brakes of Mitton's car were frozen and failed to hold when he suddenly noticed the train. Skidding on the icy highway, the car swerved onto the tracks.

"It is believed the driver of the automobile attempted to cross over the crossing ahead of the train," said an official statement issued from C.N.R. headquarters in Moncton.

Officials said a wig-wag signal protected the crossing and the view of approaching trains was good.

WEST HUNTINGDON W. M. S.

The annual meeting of the W. M. S. and Ladies' Aid of St. Andrew's Presbyterian Church, West Huntingdon, was held at the home of the President, Mrs. Wm. Shaw, on Thursday, December 13.

After a delightful dinner was served Mrs. Sills read the Scripture lesson followed by prayer by Mrs. S. Donnan, Mrs. J. Wallace, Mrs. M. Haggerty and Mr. Koffend. The roll call was answered by the keyword "Worship". Mr. Koffend sang "O Little Town of Bethlehem." Reports from various committees were read. Preparations were being made for a Christmas concert. The main feature of program was an illustrated lecture by Mr. Koffend on "The Other Wise Men" by Henry Van Dyke.

Mr. Koffend acted as chairman for the election of officers:

Honorary President—Mrs. (Rev.) J. A. Koffend.

President—Mrs. Wm. Shaw.

First Vice-President—Mrs. H. Ashley.

Second Vice-President—Mrs. M. Haggerty.

Secretary-Treasurer of W.M.S.—Mrs. A. Duggan.

Glad Tidings—Mrs. H. Wallace.

Bale Secretary—Mrs. J. Hassel.

Home Helpers—Mrs. J. Wright; Mrs. D. Haggerty; Mrs. J. McLeod; Bessie Fleming.

Press Secretary—Mrs. Sills.

Secretary—Mrs. S. Donnan.

Treasurer—Mrs. Sills.

Organist—Mrs. S. Donnan.

Mrs. Koffend gave a very interesting Christmas address after which hymn "We're Marching To Zion" was sung and Mr. Koffend closed the meeting with prayer.

MOIRA W.M.S.

The December meeting of the Moira W.M.S. was held at the home of Mrs. Joe Williams on Wednesday, December 12th in the afternoon. The president, Mrs. George Foster, opened the meeting with a Christmas hymn. Two Scripture lessons were read by Miss Norma Ketcheson and Miss Leona Morton, after which Mrs. D. Thompson led in prayer. Mrs. Thompson read an interesting reading and then a devotional leaflet was taken by Mrs. George Hollinger.

A program on the "Builders of the Indian Church" was taken by the following persons: Mrs. Geo. Foster, Miss Norma Ketcheson, Mrs. B. Morton, Mrs. J. Williams, Miss Leona Morton and Miss Laura Post.

The treasurer's report was then given and a hymn, "What a Friend We Have in Jesus" was sung. The election of officers took place which resulted as follows:

President, Mrs. Geo. Foster; first vice-president, Mrs. D. Thompson; recording secretary, Mrs. P. Emerson; corresponding secretary, Mrs. B. Morton; treasurer, Mrs. H. Emerson; press secretary, Mrs. J. Williams; temperance secretary, Miss J. Herity; pianist, Miss Lily Ketcheson; supply secretary, Mrs. L. Vanderwater; Christian stewardship, Mrs. C. Vanderwater; systematic giving, Mrs. C. Ketcheson; peace secretary, Mrs. George Hollinger; Watch Tower, Mrs. B. Ketcheson; lunch convener, Mrs. P. Ketcheson; flower committee, Mrs. B. Ketcheson. Mrs. C. Ketcheson and Mrs. G. Post

Mrs. Geo. Hollinger then favored those present with a beautiful solo entitled "Give Me the Things of Faith". Mrs. L. Vanderwater then closed the meeting with prayer. The hostess then served a delicious lunch and a social time was spent by all. The collection amounted to $1.20 with 25c thank offering.

SCORE RESCUED

Torrington, Conn., Dec. 22 (AP)—More than a score of guests were rescued from the blazing structure, when fire early today wrecked the Allen House, a land mark for more than 100 years.

Seven persons, six of them firemen, were overcome by smoke, while two persons were injured.

Firemen estimated the damage at between $75,000 and $100,000.

Christmas is a Time for Happiness, Kindliness, Forgiveness, Generosity

MAY THIS YEAR'S CELEBRATION BE OBSERVED IN THE FULLEST EXPRESSION OF THE AGE-OLD SALUTATION, 'MERRY CHRISTMAS', AND MAY MEN AND WOMEN, BOYS AND GIRLS FEEL NOT ONLY THE HAPPINESS AND JOY OF THEIR OWN GOOD FORTUNE BUT ALSO THE SATISFACTION OF HAVING OPENED THEIR HEARTS TO OTHERS' NEEDS AND TO ALL THE ENNOBLING INFLUENCES OF LIFE.

NEWS BRIEFS AND ODDITIES

St. Louis, Dec. 24 (CP)—Pigeons roosting at the City Hall—and annoying the city fathers—have proven too canny for an amateur pied piper.

Following his plan, corn was scattered for several days at one spot on the City Hall lawn. Then a wire trap was placed on the spot with kernels leading to it. The pigeons ate the corn— but only up to the entrance to the trap.

Atlanta, Ga., Dec. 24 (CP) — Christmas cards went modern this year.

Stationers disclosed today that about the only kind left after the holiday rush were the old-fashioned, "roses are red, violets are blue," sentimental type.

The nifties, burgeoning with wise-cracks, futuristic reindeer and decorations ranging anywhere from miniature whiskey bottles to cocktail glasses, sold out in a hurry.

Rochester, N.Y., Dec. 24 (CP)—John Mason, 68, trimmed a Christmas tree last night and walked across the street to look back at it lighted in the window. He was run down by a bus and killed.

Brussels, Belgium, Dec. 24 (CP) —Russia is preparing for monthly stratospheric flights during 1935 at a 60,000 foot altitude, Prof. Prokovieff said today during a meeting with Prof. August Piccard and Max Cosyns, electrical engineer associated with Piccard.

Chicago, Dec. 24 (CP)—William Reed, alleged house breaker, doesn't consider the snow and ice all to the bad.

Two policemen caught him at a house they said he had entered. One of them tripped, Reed ran. Five bullets whizzed by him. Then the officer took careful aim. As he fired, Reed slipped on the ice. The bullet went through his hat.

"Does your head hurt?" asked the officer, seeing his prisoner looking at his hat.

"No" Reed replied, "not my head."

Ignacio, Colo., Dec. 24 (CP) — Dame fashion is strutting through the tepees of the Ute Indians.

The young daughter of the Utes have turned to marcelled hair, plucked eyebrows and painted fingernails.

To the Ute women that represents a bold change, for it has been their custom never to adorn the hair. The typical squaw simply combs her hair straight back and rolls it in a ball.

The squaws are opposed to the new activities, but grant: "Huh! White girls all flappers. Why not Indian girls flap too?"

BISHOPS NAMED

Rome, Dec. 24 (CP)—The Pope today announced the transfer of James McGuigan, Archbishop of Regina, to the Archdiocese of Toronto.

His Holiness named Reverend R. H. Dignan, Bishop of Sault Ste. Marie. Bishop Dignan has been an assessor of the London, Ont., diocese.

STEAMER TAKEN IN TOW

Halifax, Dec. 24 (CP)—The Belgian steamer Emile Francqui wallowing in heavy seas with her rudder carried away 200 miles off Sable Island was taken in tow today by the steamer Henri Gaspar and was brought toward Halifax.

Distress signals had sent ocean liners speeding to her assistance to save her from "the graveyard of the Atlantic".

WEATHER

Toronto, Dec. 24. — The weather has become decidedly cold with snowflurries in Saskatchewan and Alberta and it has been moderately cold east of the Great Lakes except in the southern portion of Ontario. Light to moderate snowfalls have occurred in Northern Ontario and in some parts of Quebec and the Maritimes.

Lake Superior—Moderate to fresh winds, shifting to easterly; mostly fair and cold; local snowflurries at night.

Kenora and Rainy River—Fresh south-east, shifting to northeast winds; cloudy and cold, with snowflurries.

Manitoba — Fresh northeast to northwest winds; cloudy and quite cold, with occasional snow.

Saskatchewan and Alberta—Northerly winds; mostly fair and decidedly cold; local snowflurries.

Merrier Christmas in All Parts of Canada is Due to Year's Progress

Dominion Pleased With Year And Prospects For 1935

MESSAGES GIVEN

From Every Province Confidence Expressed For Future

(By The Canadian Press)

A merrier Christmas than any in several years, topping off 1934's economic improvement with optimism and well-based hope, is Canada's tomorrow. The Dominion is pleased with the year that is almost gone and confident of 1935.

From many parts of the country came holiday messages today from Provincial Premiers, who feel this is a Christmas to mark— a festive season, that climaxes for the year a period of steady upward climbing in business and trade.

There was no note of disappointment to cloud the review, but an unanimous opinion Canada has ample reason to make this a joyous Christmas.

"I am delighted to state," wrote Premier L. P. D. Tilley of New Brunswick, "that our province is slowly but surely pulling through the depression period, and conditions look much more hopeful for 1935. Let us unite in an effort to bring this country back to normal conditions."

Promising Christmas

Premier T. D. Pattullo of British Columbia—"Christmas should always be a time for cheerfulness, for the message it brings is one of good will. This Christmas, I feel, is of a more promising character for our people than for some years past. "While we are in the midst of evolutionary changes of profound import, there are evidences on all sides, that we are gradually fitting our economic, social and governmental technique to the rapidly changing conditions confronting society."

Acting Premier Harry C. Nixon of Ontario—"I am confident we can and will overcome any remaining obstacles between ourselves and the full enjoyment of general prosperity. By comparison with other countries we have so much for which to be profoundly grateful, and it is with optimism and good cheer, that I extend my best wishes for a truly Merry Christmas and a particularly Happy and Prosperous New Year."

Premier W. J. P. MacMillan of Prince Edward Island—"In view of the increasing evidence that we are emerging from these difficult days abundantly endowed to lead the nations forward to prosperity, we have every reason to face the future with greater optimism and unity of purpose."

Alberta Confident

Premier R. G. Reid of Alberta—"I am happy to express the feeling of increased confidence with which the Province of Alberta enters upon the New Year. Notwithstanding the damaging influence of crop failures in some parts of the Province, there have been numerous signs of improvement throughout the year which is now closing."

WILL RETURN TO CANADA

London, Dec. 24—(CP Cable) — Facing a charge of smuggling into Canada alcoholic liquors to the value of $5,000,000, William Alexander Yule, of Halifax, N.S. appeared in Bow Street police court today and argued to waive all formalities and return to Canada to meet the charge as soon as possible.

Greetings Voiced By Mayor Tice

Mayor George O. Tice today issued the following message of Christmas greetings to people of the City of Belleville:

"I wish to extend to all citizens of Belleville my best wishes for a Happy Christmas and the sincere hope that the New Year will bring to each Health and Prosperity and that co-operation and harmony may exist."

REVOLT REPORTED FROM ALBANIA

At London Legation Report is Scoffed At

Athens, Greece, Dec 24 (CP) — The newspaper Kathimerini, said today travellers from Albania reported a revolt was under way against the government headed by King Zog and that 2,000 men were marching in Tirana, Albania's capital.

The revolters, the newspaper asserted, are led by former army officers under the direction of the King's Aide-de-Camp. Martial law was said to have been declared with a partial mobilization of the nation's military forces ordered.

London, Dec. 24 (AP)— The Albanian legation scoffed today at reports from Athens of a revolt against King Zog.

"It is an old story," said a spokesman, asserting if it were true the legation here would have been the first to hear it.

"Greek newspapers which have no love for Albania are always stirring up something of the sort," he said. "They recently reported a plot against King Zog's life, but it was all a fairy tale."

Denies Report

Tirana, Albania, Dec. 24 (CP)— The Albanian government, in denying reports from abroad of revolt, said today there is complete calm throughout the country.

An official statement by the foreign office said false reports concerning an uprising in the Dibra region were circulated in Athens with the apparent purpose of marring the celebration today of the tenth anniversary of King Zog's ascension to the throne.

ATTEMPT TO LIGHT TREE CAUSES DEATH OF TWO

Washington, Dec. 24 (AP)—The deaths of two small children killed by fire in suburban Virginia were attributed today to an attempt to light their Christmas tree while their parents were out.

All available fire apparatus in Arlington County, Va., rushed to the scene last night as flames were seen soaring through a home in Thrifton Village.

Braving the flames, firemen rushed upstairs and found Peggy Lazo, three, choking in her crib. She died on the way to a hospital. Later the body of her brother, Richard, seven, was found.

Nippy Weather Waits Santa Claus On His Tour of Western Cities

Winnipeg, Dec. 24 (CP)— Santa Claus is going to have nippy weather for his quick visit to Western Canada's cities and hamlets tonight.

Alberta and Saskatchewan shivered, with blizzards in some parts, and Manitoba enjoyed zero weather with a light snow fall.

A high wind whipped snow in blizzard style in Southern Saskatchewan, with the mercury down to 20 to 25 below zero. In the north it was around 18 to 23 below, with Saskatoon reporting 18 below.

Calgary — Where Christmas Day golf is often celebrated — had 18 below. Edmonton reported 24 below. Storms preceded the drop in temperatures.

Winnipeg's weather was ideal for Christmas shopping, just a few points above the zero mark. It was 15 below yesterday.

At Portage La Prairie, Brandon and other Manitoba points sub-zero temperatures were reported.

FIRST WAR-TIME SPENT BY TROOPS ON MUDDY PLAINS

30,000 Canadians Spent Christmas of 1914 on Salisbury Plain

50 P. C. GAIN LEAVE

Troops' High Festival as Christmas Season Passes

Ottawa, Dec. 24 (CP)—The first war-time Christmas of the Canadian troops in 1914 was spent amid the muddy joys of Salisbury Plains. Two months previously 30,000 Canadians had descended upon the Wiltshire Downs, filled with patriotic ardor and keen to fit themselves at the earliest for the conflict raging in Flanders. Weeks of seemingly interminable rain which converted the downs into quagmires failed to diminish their enthusiasm. They welcomed Christmas with a joyous acclaim that reflected their own great spirit.

The powers that be were thoughtful. Fifty per cent. of the personnel of battalions and batteries were given Christmas leave, and for the holiday season the Canadians spread themselves over the whole British Isles. The remaining 50 per cent. left in camp—who were later given New Year's leave—enjoyed, in the parlance of the soldier, "a rip-snortin' time."

Christmas in the Canadian Expeditionary Force was a period when all ranks were levelled. For the time being, officers abandoned their mantle of authority and assumed the duty of ensuring their men enjoyed Christmas pleasures to the full. For weeks ahead the company committees had been functioning. From their own funds the officers and men purchased turkeys and chickens, Christmas pudding and canteen supplies. Parcels arrived from home, thus indicating that Santa Claus did not fail to operate even in the midst of the greatest war in history.

After days of feverish activity, the Christmas dinner was served. Officers acted as waiters and sat down with the men. This was an army tradition, faithfully observed by the Canadians.

Complete Abandon

Roistering songs that resounded over the plains, horseplay that kept the camps in an uproar and a general spirit of complete abandon pervaded the Canadian division. Speeches were few and were, on the whole, bad. Some of them were listened to.

Meanwhile in Flanders the weirdest Christmas ever celebrated was being observed on the British front. Extending from Ypres to La Bassee the whole line had for weeks been a raging volcano. Only a few yards separated the hostile forces in many places.

The way before Christmas was no exception to the general rule of bitter fighting; but towards evening the conflict died down. A strange hush began to settle over the whole front. Soldiers in the front line, their thoughts straying to the scenes attendant on Christmas at home, wondered what Christmas day would bring forth.

At midnight, as if by mutual consent, all firing on the British front ceased. Anxiously the troops waited, wondering if this might presage an attack. But from the enemy trenches came sounds of singing—"Stille Nacht, Heilige Naght!"

Ever-ready to co-operate, the British Tommies struck up their own Christmas carols.

At Front Line

The spirit spread along the whole front, and the dark hours of Christmas morning were spent in hostile forces shouting bantering greetings across No Man's Land. With the dawn and the customary "stand to," men's curiosity asserted itself. At points in the German line heads appeared above the parapet. Fearlessly some field-grey soldiers exposed themselves, followed instantly by the Tommies. And soon the trench prarpets for miles were lined with these antagonists. Boldly some intrepid Britishers plunged into No Man's Land. The Germans came to meet them. Soon the whole army was "out in front," bantering, joking, exchanging cigarettes and gifts with the enemy. Somewhere, someone produced a football; teams were selected, and in a minute a fullfledged "soccer" game was in progress.

WORLD'S LARGEST TRANSPORT 'PLANE TAKES TO AIR

Two years of closely-guarded construction, the efforts of Col. Charles A. Lindbergh and other famous technicians hung in the balance as this world's largest transport aeroplane, "The Flying Clipper Ship No. 7" whizzed through the air in its very first flight. The huge flying boat (largest aeroplane of any type ever built in the United States) soared aloft from the waters of Chesapeake bay under perfect control and was handled with facility and ease by W. K. (Ken) Ebel, test pilot and assistant engineer, who put the silvery 23,100—pound air giant through her paces. His verdict was "fine and dandy". The transport aeroplane has a capacity of 52 persons.

MINE INDUSTRY NOT HAZARDOUS

For Two Decades Death Rate Never Reached 5 in 1,000

Toronto, Dec. 24 (CP)—Work of boring far below Northern Ontario's rocky hinterlands in search of the ore that makes mining one of the province's key industries does not carry with it the high death rate to be expected, it is revealed in figures obtained from D. G. Sinclair, Chief Inspector of Mines for the Ontario Government.

In all the long and colorful history of Ontario's mining development there has been only one major fatality, the Hollinger fire which took 39 lives in February, 1928. For two decades the death rate never reached five men in a thousand.

So far this year there have been 33 deaths from mining accidents, although 20,000 men are engaged in the industry. Last year the death total was 25 and there were 5,000 fewer men at work in the mines.

Mr. Sinclair doubted whether such a disaster as the Hollinger fire could occur again. Legislation was passed afterwards by the Ontario Government to prevent the dumping of refuse underground. Also, mine rescue stations have been established at Timmins, Kirkland Lake and Sudbury.

The Ontario Workmen's Compensation Board had no statistics to show how the death rate in mining compared with other industries but the intimation was given mining is by no means the most hazardous industry.

BATTERED SHIP ARRIVES IN PORT

Decks Strewn With Wreckage and Flag Flying at Half Mast

Provincetown, Mass., Dec. 24—(AP)—Battered and broken, one of her crew taken from her by rolling sea, the two masted fishing schooner Mary T. Goulart today lay at her dockside, while her men talked of horrible hours on an angry Atlantic.

She slid into port yesterday, her flag at half mast and her deck strewn with wreckage. Somewhere out on the broad ocean, about 100 miles off Yarmouth, N.S. she left Frank Silva, 58-year-old seaman.

Captain Lawrence C. Santos, an old timer on the stormy fishing banks, told of a storm "the likes of which" he'd never witnessed before.

"I never expected to come back alive," he said.

He told of the night Silva went overboard as boiling seas and thundering waves carried away the wheel house.

AHEAD OF SCHEDULE

London, Dec. 24—(CP Cable)— The first regular air mail service from Australia reached Croydon airport today three minutes ahead of the 12-day schedule for the 12,000 mile flight, the longest regular air route in the world.

The two Imperial Airways planes carrying the mails brought a load of 1 3-4 tons, of which half a ton was from Australia and included a special blue bag containing Christmas greetings and presents from the Duke of Gloucester, third son of the King, to members of the Royal Family.

Family Divided To Hold Re-Union At Peace Bridge

Fort Erie, Ont., Dec. 24 (CP)—For half an hour tomorrow, on the international territory in the middle of the Peace bridge, a family of six that has been divided four years because of immigration restrictions will have its Christmas reunion.

Four years ago, when Mrs. Josephine Ortenzi took her twin sons, Dario and Dello, into Canada to visit friends, she found she could not get back into the United States. Pending appeals and consideration of her case, Mrs. Ortenzi has settled near Welland, unable to rejoin her husband, Barnabus, and their two other children, Mary and Rinaldo.

Italian friends have arranged for the reunion of the family on Christmas day.

No Possibility White Holiday In Old England

The Christmas spirit gripped much of the world. Here are some of the other places Santa Claus is expected, although they may not call him that.

London.—England was prepared for its gayest Christmas in years. Restaurants here received special permission to remain open an hour later than usual on Christmas and New Year's eve.

Mild and wet weather was forecast, and there seemed little possibility of a white Christmas. Fog closed in over part of the city.

Bournemouth, England. — Postal authorities introduced singing to speed up the work of handling a flood of Christmas mail. The employes were officially authorized to sing any "lively" song, but "sentimental" songs were banned, on the grounds that they slow up the work.

Berlin. — Germany's traditional role of Santa Claus in a commercial way to the world is being usurped by Japan.

Figures showed German toy exports dropped from 36,568 tons in 1930 to a little more than 13,260 tons for 1934 with the volume of general exports for this year about 25 per cent. under 1933.

But Germans consoled themselves with the thought of an increase this year in the volume of trade over 1933. Berlin alone imported 800,000 Christmas trees.

Bethlehem. — Thousands of pilgrims from many denominations were here for special Christmas services. The chiming of bells from the Church of the Nativity, over the spot where Christ is believed to have been born, will be broadcast to London as part of an empire broadcast.

Rome.—The cry of "Buon Natale, Signore," or in effect "Merry Christmas", rang out in Rome. And such greetings were supposed to be met with a "handout", an old Roman custom of Christmas gift-giving.

Tirana, Albania. — Albania held native festivities, not only in celebration of Christmas but in observance of the tenth anniversary of King Zog's ascension to the throne. Meantime there was report of a rebellion.

Santiago, Chile.—Chile, in the past more or less without a Santa Claus, decided to make friends with him and introduced a "Santa Claus Week". Twenty thousand persons saw him parachute down from an aeroplane to inaugurate the week.

Johannesburg, South Africa. — Drought, and then too much rain, forced South Africa to import its Christmas turkeys and ducklings for the first time in fifteen years. And, of all places, they are coming from London.

RENFREW HOLDS 2ND NOMINATION

Not Sufficient Candidates Qualify to Form a Council

By the Canadian Press

Completion of the annual lists of candidates for municipal offices was made today in Ontario municipalities where electors cast their ballots on New Year's Day. Qualification proceedings Saturday night produced a number of acclamations and in one case insufficient candidates forced the calling of another nomination meeting.

Renfrew found itself without mayoralty candidates and only four of the six required to fill council vacancies. No one offered to stand for the chief magistrate's office, vacated by the retirement after two years' service of Mayor F. X. Plaunt. Acclamations were received by D. B. McLaren in his bid for the reeveship and M. J. Sulpher became deputy reeve by acclamation.

Acclamations also were given to Reeve J. H. Carscallen, Deputy Reeve William Millmine and the three councillors of Saltfleet township; Dr. Hugh N. Cooke as reeve and Dr. Gordon S. Hyland as deputy reeve of Forest Hill village; Mayor F. W. Mertens and Reeve James Cameron of Weston Town.

A. E. Burgess dropped out of Toronto's mayoralty race, leaving Alderman Harry W. Hunt, Controllers J. G. Ramsden and James Simpson and A. E. Smith, secretary of the Canadian Labor Defence League. Five candidates, including two women, will bid for the four Board of Control seats and 62 candidates for the 18 aldermanic seats.

E. W. McQuay and George E. Atkey are the Owen Sound mayoralty contestants. Mayor Donald Renne has Dr. T. W. H. Young as an opponent in Peterboro while in St. Catharines three candidates are fighting for the mayor's chair, Ald. F. W. Beard, W. D. Mills and M. J. M. Lockhart.

TRIAL IS ORDERED FOR EXTORTIONISTS

Move Made After Couple Declared Normal by Hospital Staff

Detroit, Mich., Dec. 24 (CP) — William G. Comb, Chief Assistant United States District Attorney, today ordered criminal trial for Geo. A. Carpenter and wife, Bernice, who pleaded guilty Dec. 1 to an attempt to extort $10,000 from Daniel Sorenson, wealthy Toronto, Ont., automobile dealer on threats of kidnapping his two children.

Comb ordered criminal proceedings after receiving a report from Dr. David R. Clark, of the receiving hospital staff, that the Carpenters are normal mentally. They were transferred today from psychopathic ward to cells in county jail.

The Carpenters had written letters to Sorenson threatening his children Margaret, 19, and Donald, 12, unless $10,000 was paid.

3 INJURED IN CRASH

Lytton, B.C., Dec. 24—(CP)— Three persons were in the hospital here today with severe injuries suffered when the automobile in which they were riding plunged several hundred feet down a mountainside from the Cariboo Highway on Jackass Mountain, which took its name when a pack-train crashed to disaster in the gold rush of the 60's near the same place.

SCIENTISTS EAT PTARMIGAN FOWL IN PLACE TURKEY

Six Experts Marooned in Greenland, Make Best of Festival

PUDDING IS MISSING

Nearby Eskimos Will Be Treated From Party's Stores

Etah, Greenland, Dec. 24 (CP)— Marooned in this little Eskimo trading settlement under the Danish flag, a handful of British scientists prepared today to celebrate Christmas in the eastern Arctic.

Under the dual leadership of Edward Shackleton, son of the late Sir Ernest Shackleton of North and South Pole fame, and Dr. Noel Humphreys, six experts in scientific exploration work from London comprise the official party. With them is the doughty Sergeant H. W. Stallsworthy, of the Royal Canadian Mounted Police.

The festive dinner will be simple. Ptarmigan, a northern fowl, is to be substituted for the unobtainable turkey. The old-time English pudding will be missing. A few dressings, such as nuts, however, are on the menu. Nearby eskimos will be treated to food from the party's stores at noon-day; and in the evening the men of science will witness some native dancing.

From their sponsors, the Oxford University Exploration Club, or their families in England, a message of Christmas cheer may reach them from civilization—if sent a week ago. For these messages after reaching the wireless station at Cape York on Greenland's southwest coast have to be carried some 200 odd miles to this village by dog team.

Heavy polar ice in late September forced the party to winter here. They had hoped to set up winter quarters at Bache peninsula on Ellesmere Island, in Canadian territory, where their research activities are to be carried on.

When the northland had become a "walking street" of the Arctic last summer with several visiting exploration groups, the British scientists were forced to land here in the Norwegian sealer Signalhorn. The sealer returned to Norway; other exploration parties departed before the freeze-up.

In February, with 10 dog teams, they hoped to cross Smith Sound to Ellesmere Island and get down to work. Their plans are to return to England next summer.

Pilgrims March on Bethlehem

Bethlehem, Dec. 24 (AP)—Thousands of pilgrims, white and black and representing a score of denominations, poured into this little town in the Palestine hills today to observe the birth nearly 2,000 years ago of Jesus Christ.

Many of these modern pilgrims came by automobile over the broad highway from Jerusalem, only eight miles away. It is a smoother and straighter road and the conveyances many times fastre than those that were known in Herod's reign when the woman of distant Nazareth and her carpenter-husband trudged to this little market town.

PROGRAM GIVEN AT THE SHELTER

The Young People's Class of Shannonville under the direction of their leader, Mr. Emmons, visited the Children's Shelter on Sunday evening and delighted the children with a well arranged program. Songs, recitations and carols were given after which a Christmas Tree was held and each child was the recipient of a present. There were thirty in the party and after the program, the matron, Miss Harris, showed the visitors through the building and they were surprised to find the children so comfortable and contented. The workings of the institution were fully explained to the class.

POSSIBLES SCORED BY TWO MARKSMEN

At the Armouries on Saturday evening members of the Sergeants' Mess of the Argyll Light Infantry held a turkey shoot in which the majority of the members participated, each procuring a turkey. Twenty was the highest score to be made and two of the sharpshooters succeeded in making possibles. After the shoot refreshments were served and an hour or two of social intercourse was indulged in. The contestants and scores were as follows:

C.S.M. Fisher	20
Sgt. Bellinger	20
Sgt. Jordan	19
C.Q.M.S. Woodhouse	19
C.Q.M.S. Folwell	19

C.Q.M.S. Gill	10

NO COLD WEATHER FOR CHRISTMAS DAY

Just one year ago tonight the first wave of the coldest weather ever experienced in this district swept over the city ushering in temperatures which were registered at 28 degrees below zero. The wave of cold weather remained unbroken for well over one week. For Christmas Day this year, however, higher temperatures are forecast, with possible snow flurries, mixed with sleet and showers of rain.

SKATING CLUB HOLDS PRACTICE

A goodly number of skaters attended the opening exercises of the Belleville Skating Club held at the Arena over the week end. The ice was in excellent condition and saw the skaters thoroughly enjoy their afternoon's recreation. The Belleville Skating Club is open for new members and daily sees its number increase. Fancy and figure skating is featured as well as ordinary skating for those of adult age.

CERTIFICATES ARE NOW AVAILABLE

Registration certificates for all revolvers, pistols and other fire arms are now in the hands of local and Provincial Police. Citizens residing within the borders of Belleville must register their fire arms at the local police station, under the penalty of law, while persons owning fire arms in the surrounding counties must register their weapons with their nearest Provincial Police detachment. A penalty of $50.00 and costs or a severe jail penalty will be imposed for delinquents under the new Federal law pertaining to the registration of firearms. At present both the local Provincial Police office and the city police are in possession of the new registration certificates.

Our sincerest wishes to our many patrons for a Merry Christmas and a Happy and Prosperous New Year.

OFFICE HOURS AT THE POST OFFICE

"Christmas Day" being a statutory holiday the following hours at the post office will be observed on Tuesday. The public lobby will be opened from 8.00 a.m. to twelve noon, the general delivery, registration and postage stamp wickets will be closed all day as will the money order and savings bank wickets. There will be no letter carrier delivery and only an evening collection from the city boxes. All mail posted at the office up to 12 o'clock noon will be dispatched as usual.

MISS E. EARSHMAN IS SCHOOL NURSE

Announcement was made today by the School Management Committee of the Board of Education of the appointment of Miss Elizabeth A. Earshman as city school nurse, filling the position left vacant by the resignation of Miss M. P. Ross.

Miss Earshman was chosen from among five other applications of local residents, and is eminently qualified to fill the office. She is a graduate of the Belleville Hospital, and has also the record of having taught seven years in Queen Victoria School. She will assume office about the middle of January.

GOOSE FOR INMATES AT COUNTY HOME

One of the most ambitious menus will be served inmates of the Hastings County home on Tuesday at noon as is the annual Christmas custom at the home. This year both goose and chicken will be served together with all the trimmings, including mashed potatoes, vegetables of several kinds, pickles, plum puddings, oranges, candies, nuts, pop corn and other incidentals. A glittering Christmas tree in one corner of the room has already been stacked with gifts for everyone and will be distributed during the afternoon following the dinner. Many gifts will also be received from friends who will call at the home to pay their respects.

◆

Midnight Mass At St. Michael's

Midnight Mass will be celebrated tonight in St. Michael's Church and will be preceded by a procession of children to the crib at eleven-thirty p.m. Masses will also be celebrated at seven, eight-thirty and ten-thirty o'clock. The last Mass will be followed by Benediction of the Blessed Sacrament which will conclude hte services for the day.

◆

Police News

A number of petty thefts were reported to the local police on Saturday night, following an epidemic of thefts from parked automobiles in the downtown area. Only small parcels were reported missing, while numerous other citizens reported the loss of recently purchased articles during Saturday night's rush.

Orders were issued by the Highway Department today ordering that an extra amount of sand be used in sanding adjacent highways during the holiday season. Under the prevailing conditions, local highways running into Belleville are in fairly good condition, but caution must be taken to avoid fast driving owing to the icy conditions of the highways.

Edward Lazier, Belleville, reported to the police that early Saturday an unknown pedestrian had slipped and fallen to the pavement at the corner of Front St. and Victoria Ave. Mr. Lazier's car struck the prostrate man, who later rose to his feet and walked away apparently uninjured. The motorist could not ascertain the name of the man who slipped on the ice and fell directly in front of his oncoming motor car.

Clarke and Miles, local butchers, complained to the police that a 50 pound dressed lamb had been stolen from in front of their Front St. store. The lamb had been hung up at the front of the store for display purposes and was seen at 10.00 p.m. Saturday. One hour later the carcass was found missing. Local police were later informed that two men were seen carrying a dressed sheep across the lower bridge. The matter is being further investigated.

DEPLETED STOCKS TELL THE STORY

Christmas Trade This Season Better Than For Four Years

Depleted stocks lying in disarray on the counters in downtown stores today told their own story of the last minute rush of shoppers who took possession of the stores on Saturday evening as the final act in one of the greatest shopping sprees registered in the city since the boom days of '28 and '29.

It was evident from the start that this Christmas would be a good buying season. But in many cases results were far better than anticipated, it was reported by several store heads. Money appeared plentiful, and on the whole the purchases were of better quality than during the past Christmases of leaner years.

Enquiry revealed all manner of purchases from radios to electric refrigerators, and from bedroom suites to bicycles. Not least of the purchases came from the overcrowded toy counters where the greatest throngs were to be found.

Even Christmas card sales may reach a record level it was reported by the manager of one busy store. This season, it was stated by him, his customers commenced their buying earlier and continued to buy up to the last day.

H.K. DENYES IS EIGHTY YEARS OLD

Birthday Honored by a Gathering of Family at Home

A very enjoyable day was spent on Dec. 21 at the home of Mr. and Mrs. E. S. Denyes, Thurlow township, it being the birthday of Mr. H. K. Denyes who is hale and well at the age of eighty years. Mr. H. K. Denyes was born on the old Denyes' homestead, Thurlow Township, in the year 1854, the year of the Crimean War.

Among those present were the following children: Mr. F. K. Denyes, Reeve of Brighton Township, Mr. H. K. Lenyes Jr., who resides on the old homestead, Mr. Earle Denyes, Clerk of the County of Hastings. Mrs. Frank Jeffrey, only daughter, was unable to be present on account of illness, also another son, Rev. G. F. Denyes, of Newdale, Manitoba, both sending regrets at being unable to be present.

The following address was read by a grand-daughter, Miss Maude Denyes:

"Dear Father: It isn't given to all families the great privilege and honor of gathering to celebrate the eightieth birthday of one of the members of their family, and so today, we are very grateful to our Heavenly Father for His many blessings and the opportunity of gathering today to do honor to a loving father and grandfather.

"We, as children, will always treasure the memories of many years, and trust that the splendid example of your life and work, may ever be present in our lives.

"As a token of our esteem, we ask you to accept this lamp, and as it lights the evening of your's and mother's lives, may it reflect the love of your children and grand-children.

"Signed on behalf of your children and grand-children — Maude Denyes, Drury Denyes."

Mr. Denyes made a suitable reply, thanking all his children and grandchildren for their beautiful gifts, the expression of good-will and their greeting on this occasion. Mr. Denyes referred to many incidents in his long life and remembered some happenings as far back as seventy-five years ago. He remembers well, the plank road between Smithville, which is now Foxboro, and Belleville by the route of Canniff's Mills, which is now Cannifton; also the many toll-gates which have been a thing of the past for many years.

At the conclusion of the afternoon's enjoyments, the children expressed the desire that their father and mother might be spared to celebrate many more occasions of this kind.

WELFARE CLUB ENTERTAINED

Mayor Tice Will Preside at Community Event Wednesay Evening

What promises to be one of the most interesting community entertainments ever presented in this city will be held next Wednesday evening in the City Hall, beginning at eight o'clock with Mayor Tice presiding. Quinte Welfare Club a new organization of citizens pledged to help children not in the most fortunate circumstances, and follow up the efforts of others in a systematic way. The city hall is being given free for the occasion by the City Council and everyone is helping this most worthy object.

The program will be unique and interesting and decidedly different from any hitherto presented here. There will be no admission fee, just a silver collection, through which patrons can express their appreciation of the objects of the club and interest in the children of Belleville. The program will include Hawaiian music by Harry Wagner's orchestra, with songs by a boys' chorus, and others on the program will include Mr. and Mrs. Joseph Semain, formerly favorites of the London Music Halls, who appeared on the same program with Charlie Chaplin before the latter went into celluloid; Miss Madeline Walden, Bob Clare, Miss Jean Cook, Mrs. David Bradford, Miss Ida Warrell, James Scott, Douglas Browning, Jamie Clark and "Tootsie" and others.

MESSAGES TELL OF TWO DEATHS

Mrs. Carl Kessler Hears of Deaths of Mother and Sister-in-law

On Saturday Mrs. Carl Kessler of 44 Frank Street, city, received two telegrams both of which were of a sad nature. They conveyed the intelligence that her mother Mrs. Robert Towle of New Liskeard had passed away and her sister in law, Mrs. Harold Towle of North Cobalt was dead. Mrs. Towle, senior, was an aged lady who had resided in New Liskeard some years. She is survived by her husband, one son, Harold of North Cobalt, three daughters, Mrs. C. Kessler, city, Mrs. W. Legrow of Kirkland Lake and Mrs. King of New Liskeard.

Mrs. Harold Towle of North Cobalt was of middle age. She is survived by her husband and four children.

Obituary

LATE MRS. SARAH KINGYENS.

Sunday afternoon the funeral of Mrs. Sarah Kingyens took place from the residence of her son-in-law, Mr. B. M. Mason, 13 Geddes St. After the service in the home which was conducted by the Rev. R. E. Newman, pastor of Holloway Street United Church, the funeral party left by motor cars for Detlor where interment was made.

MRS. CARRIE PHELPS

Word has been received in the city of the death at Wilkie, Sask., of Carrie Huyck, formerly of Tweed, wife of George Phelps, formerly of Thurlow, on December 21st.

Left to mourn her loss are her husband, three daughters and three sons, all but one of whom are married. All but one live within sight of the parental home.

DEATHS OVER THE WEEK END

(By The Canadian Press)

Weymouth, Eng. — Vice-Admiral John Collings Taswell Glossop, retired, 63.

'Tis the Night Before Christmas for the Dionne Quintuplets

Santa Claus is going to get a bit of a surprise when he drops down the chimney of the Dionne hospital at Callander, Ontario. There he will be confronted by the five little Dionne sisters, Marie, Emilie, Yvonne, Cecile and Annette. (They are not named in order shown. Perhaps you can identify them!) Back to his beloved babies is Dr. Allan Roy Dafoe (CENTRE), who plays Santa Claus on this night before Christmas. At LEFT is Mrs. Oliva Dionne, and RIGHT, Mr. Dionne, each holding one of the babies. The little hospital is charmingly decorated in keeping with the first Christmas of the famous quintuplets. Copyright, 1934

MYSTERY PUT ON IN MEDIAEVAL WAY AT JOHN STREET

'Story of Carol' Told at Holloway Street Church

CANTATA AT BRIDGE ST.

Festal Anthems, Carols and Hymns Sung in Churches on Sunday

Christmas week was ushered in by the congregations in Belleville with festal anthems, carol-singing, and hymns of Christmas and addresses on the birth of Christ in Bethlehem of Judaea: In these communions which do not hold special services on Christmas Day, Sunday was devoted largely to the celebration of Christmastide.

Mystery in Mediaeval Style

The spirit of Christmas was beautifully exemplified at John Street Church last evening. The service opened with carol singing by the choir. Mr. Alex. Gordon's offertory number, "The March of the Magi Kings" by Dubois musically explained the trip of the Wise Men as they followed the star.

Rev. Mr. Hall then introduced the Christmas drama which was being presented by the choir, explaining to the congregation that in mediaeval times such plays were the only medium whereby the story of the birth of Jesus, could be clearly presented to the people of those days.

The roles of the Virgin Mary, angels, shepherds and wise men were taken by members of the younger organizations of the church.

The play had an excellent setting and was magnificently and reverently interpreted by those in the cast.

The moving tableaux of angels, shepherds and wise men around the manger scene were very lovely. The action was all in pantomime, the words being sung by the invisible choir. Mr. Harold Howard sang the solo part during the entrance of the wise men, and Miss Leona Riggs, the lullaby while the Christ Child was being laid to rest.

Special mention should be made of Mrs. Hall's sensitive interpretation of the part of the Virgin and of the beautiful pictorial effect as the angels announced the wondrous birth to the shepherds as they carried the lighted candles, symbolizing Jesus as the Light of the World, as they rejoiced in song and dance about the manger and as they snuffed the candles one by one at eventide, leaving Mary kneeling over the manger, her face lighted by a soft glow which seemed to come from around the Babe.

Thus quietly ended the story of that wondrous night in Bethlehem so long ago.

In Bridge Street United Church last evening "Bethlehem" by J. H. Maunder was sung by the choir, the solo parts being taken by Mrs. Stoble, Mrs. Houston, Mr. Fred Sprague and Mr. A. D. Monck, the choir leader and organist, Mr. V. P. Hunt, directing. This beautiful composition which opens so fittingly with sounds representing the quiet of night in the fields, was given a very fine interpretation by the members of the choir. The solos were impressively taken and the ensembles created a fine sense of harmony and fullness and richness of tone.

Rev. Dr. James Semple spoke a few words and chose his message from the thoughts which were set up by the decorations of evergreens about the pulpit and platform. "What are the gifts we should hang on the trees for our neighbors?" he asked. These he gave as the great Christian virtues in action among the human brotherhood.

Holloway Street Church

At Holloway Street United Church on Sunday evening "The Story of the Carol" was related by the Minister, Rev. R. E. Newman, the carols being sung by a junior and senior choir.

The word "carol" is not an unfamiliar one with us, though possibly few know its meaning or origin. A "carol" is a song of simple nature with a number of verses applied to the same tune.

The earliest "carols" date from about 1400 A.D., but they did not become very popular till about two centuries later. They were of French origin, and a secular nature. It was first, the name of a dance associated with spring. Since then the development and form of such music has made many advances and seen many changes.

"Carols" are divided into various sets, the more important being those based on folk tunes, (music applying to their own country), and traditional (those not tracing back as far as folk tunes, but having being used for some time.)

One form of development which has made the "carol" more popular was the introducing of it into "divine worship". No longer are carols only for secular purposes, but with proper settings go a long way to improving the music of churches.

In the present day, "carols" are sung more in the various countries of Europe and the British Isles. America is quickly grasping the important part that "carols" take in the art of music. We are not only becoming familiar with those of other countries, but creating ones pertaining to our own country.

It is an old and quaint custom still carried out in England, that "carol" singers go through the streets at night carrying lanterns and singing the favorite Christmas hymns and carols. It adds much to the festive season.

Carol No. 1

The citizens of "Chatres"—this is one of French origin in which the story of Jesus' birth is told by the people of Chatres, a village in France. It is an old French melody, and the English words are a translation from the original French.

Carol Nos. 2 and 3

The next two "carols" take us to England. In olden times it was the custom of the people to have a "Wossil-cup". This was used when the neighbors called to give each other Christmas greetings. The "Wossil-cup" was passed from person to person, each one partaking of its contents, and expressing his Christmas and New Year wishes to all.

(2) The Wossil Song is a jolly old English traditional "carol" of secular nature. (Carol sung).

(3) A very beautiful old English carol, telling of the "Messiah" is heard in "When the Sun Had Sunk to Rest". First verse:

When the Sun had sunk to rest,
O'er the cold and wintry plain,
Angel hosts were manifest
Singing in a joyful strain.
Glory in excelsis, Deo. (Glory to
God in the Highest).

Carols Nos. 4, 5 and 6

Still remaining in England, we hear three "carols" by present day composers. A difference will be noticed in the writings of these two periods, separated by many years.

Nos. 4 and 5: "Softly the Night Is Sleeping" and "O Leave Your Sheep". (Words translated from the French edition). Carols to be sung.

No. 6: When we hear of "Antiphonal" singing, it is meant singing responsively by two choirs. This form of music dates back to the Hebrews in Palestine about 1050 B.C. The next "carol" though by a modern composer uses this old form of writing: "On the Birthday of the Lord".

No. 7: Many great composers and much fine music has come from Germany. Possibly one of the most well-known and certainly most beautiful "carols" is that of "Silent Night, Holy Night", written by the German composer, "Gruber", in 1818 A.D.

No. 8: Schubert, another German composer, wrote a Cradle Song. Arranged as a ladies' trio, accompanied by four violins. It is equally as beautiful as "Silent Night". Mrs. Michael, Mrs. Denton and Mrs. Jas. Cordes composed the trio.

From the "carols" we finally turn to a heavier form of choral music, the anthem. The Christmas story as told by "Maunder" in "Christians Awake, Salute the Happy Morn", is the most impressive one. Mrs. O'Neil and James Cordes took the solo parts in the anthem.

An old German "carol" composed of 1623 A. D., is arranged in anthem form, and reveals to us one of the finest types of an anthem in which praise is given for the coming of the "King of Kings".

Now once again our hearts we raise
In hymns of thankfulness and and praise,
Alleluia, Alleluia.
Give praise to God this joyful morn,
On which the King of Kings was born,
Alleluia, Alleluia.

AT ST. ANDREW'S CHURCH

Special music at both services was given by the choir at St. Andrew's Church under the direction of Professor Wheatley. In the morning J. Arnold Thomson gave a solo as did Thomas McRea, while the choir sang the anthem "Christians Awake." The evening service was devoted to carol singing, Mrs. Wheatley singing "The Birthday of a King." The congregation at the close stood and sang the Hallelujah Chorus from Handel's Messiah. There were large congregations at both services and the pastor, Rev. W. J. Walker, delivered inspiring sermons.

◆

Christmas Day In the Churches

The observance of the Christmas Festival will commence in the parishes of St. Thomas' and Christ Church tonight, the Eve of Christmas.

At 11 o'clock p.m. in St. Thomas' Church there will be a recital of Christmas music and carols by the choir, and at 11.40 p.m. there will be a choral celebration of the Holy Communion. On Christmas Day there will be a celebration of the Holy Communion at 8 a.m.; Matins will be said at 10 a.m. and at 11 a.m. there will be choral celebration of the Holy Communion.

At Christ Church tonight at 11 o'clock the choir will give a recital of traditional carols and Christmas music and at 11.30 p.m. there will be a choral celebration of the Holy Communion. On Christmas Day there will be a celebration of the Holy Communion at St. George's Church, at 8.30 a.m. and at 10 a.m. in Christ Church there will be a choral

MERRY CHRISTMAS

A Merry Christmas to all!

Once again it is Christmas Eve, and tomorrow will usher in the greatest feast of the Christian world. No other occasion so wraps up Christianity's attention as this celebration of Christmas, the gladdest merriest time of all the year. For weeks, and in reality for months ahead preparations have been under way for this unifying festival which binds the hearts of men in one grand brotherhood across the earth. In war days soldiers of opposing armies sang the songs of Bethlehem and of the birth of Christ, so many centuries ago, and in those hallowed hours of Christmas Eve in the sordid trenches and dugouts there was celebration of that event. In peace times, while business and work are increased by the attention paid this time and the plans leading up to the festival, with Christmas comes the great lull of peace in the throbbing business world, in discussions which divide instead of uniting men, in social clashes which in other times keep men from fraternizing. But tonight and tomorrow with one heart Christendom becomes as a family of families and the child is held the centre of all festivities. It is a vast celebration of family life and of reunions. It is the home time.

Whatever may be said of the so-called materialism which makes business play so large a part in the pre-Christmas occupations (though it must be admitted that even this business has added to the total enjoyment of the season), and however, it may be claimed that the Christmas of the Northern countries has slowly added an atmosphere of its own and evolved almost a Christmas form of its own, yet Christmas has never got away from the central fact of the family and fireside. Christianity began in the family group in Bethlehem and it spread out across the east as it appealed to shepherds and to the Wise Men of the earth; it has swept the entire western world and everywhere the cradle and cot remain the attraction. In a world torn with movements which often dishearten, such as the growing tendency to divorce, the world still is bound together by the tie of the child, who keep many a home together which might otherwise break up. Northern Europe and North America, while they have given Christmas an apt climatic setting (which it has been the quality of Christmas to create, so responsive is it to human needs) still hold the child in the centre, and all children are typified in the Babe born in Bethlehem.

Out of that first Christmastide have flowed for nearly nineteen and a half centuries potencies and agencies which are making the earth over new, moulding men's hearts; and from it came the clearest light of the revelation of the Creator and Deity that has ever been shed on this earth. Devotees of other religions admit the supreme purity of the Christian ideal. Philanthropists take inspiration from the life lived in Galilee, economists and reformers have found a touchstone; womanhood has come to hold a place in life which no other life has so set forth in all its glory as the Life which came to earth over nineteen hundred years ago.

Its end will never be. Traces of those spiritual forces which came into the world so pronouncedly at Bethlehem are found in every heart. If only one billion billionth of the power which that Life showed could emanate from the lives of those who tomorrow celebrate Christmas the world would step at once to its appointed Eden of knowledge and power and brotherhood. But fail as the individual who celebrates will, the powers move on towards the great day which was foreseen by the Child of Bethehem.

It is no wonder that about this Holy Night gather the deepest emotions of Christian hearts, that men and women will cross a continent or the ocean to be home at the fireside where they received their first lessons in life's highest ideals. Here about the Christmas tree and about the cots of sleeping children, who have sunk into slumber with visions of glory in their eyes, the world worships. Slowly Christmas Eve becomes Christmas Day, the great miracle will have been wrought. The gift will have been received.

Under the spell of the season when the Birth of Bethlehem is celebrated, may the time become to every one hallowed with the richest gift and the gift of giving, and may happiness and merriment reign supreme, each one knowing that he has done his part to do true honor to the celebration of the birthday of the Founder of Christianity in festivity and in adoration and worship.

CHILDREN AND RELIGION

President Butler of Columbia University claims that one of the great evils of the day is lack of instruction in religion for children. He blames divorce of state and religion for the condition which has arisen and suggests that children be taken out of school for one day a week and given religious instruction.

He probably realizes what has happened to Sunday in many homes. Meditation and observance that once marked it have disappeared in quite a large percentage of families. At least church attendance and Sunday school attendance indicate this trend. For to thousands Sunday is just a holiday for pleasure, at least a day of recreation. Would another day receive any other treatment?

Why cannot some little instruction be given in public schools without its becoming denominational? Religion, especially Christianity, is expansive enough to provide room for much instruction on the common principles of faith without the classroom becoming a branch of any one communion. Protestant Christian and Jewish children could well be instructed in schools and it might even be possible for divisions of scholars to receive denominational instruction. Roman Catholic children, of course, are receiving religious instruction in the Separate schools.

If instruction in religion meant no more than a training in morals about which no one has any doubt, much good would undoubtedly be accomplished and the children could be given a proper foundation in religious education. Education of religion in the schools would no doubt mean, if it could be brought to avoid denominationalism, a trend to unification of churches and also to bringing home to children and parents the thought that religion is not a thing set apart from every other interest in life, that Sunday should not be the only religious day, that all days may be made religious, and that religion is as much at the basis of education and life as, or even more so than so many of the subjects taught. Some subjects may not be very useful to the scholar in after life but surely the scholar would never lose the benefit of training in the great life principles of morality.

Of course the child must not feel that he is being crammed but should be made to realize by the teacher, experienced in life, that the proper attitude towards the things of the spirit is as essential as every other thing which enters into his training.

Whatever is at the basis of the present laxity in religion, the fact that parents have been giving less and less instruction in the homes must bear a share of the blame.

BLACKMAIL

As a result of the convictions that have been made, and the drastic punishment imposed, it is to be hoped that the deathblow will be given to all such attempts in the province of Ontario. The practice of blackmail is an exceedingly despicable crime and deserves no mercy. As it is an attempt to destroy reputations and wreck homes, it is on a par with kidnapping. The next step that needs to be taken now is to procure amendments to the criminal code of Canada that will make it impossible for journals to be published which pay high prices for the material which these scoundrels secure. The Canadian people are not anxious to see filthy papers of this kind flourish in Canada—Brantford Expositor

DRUNKEN DRIVERS

It is admitted that the drunken driver constitutes one of the most dangerous hazards on the highways. The greatest difficulty in the courts is to estimate the degree of intoxication which must be noted before a man can be declared drunk.

Dr William J. Mayo of the famous Rochester clinic, has something to say about this. His contention is that the man who tries to drive a car with one or two cocktails in his system is even a greater menace to motorists than the man which is blind drunk.

Dr. Mayo says a man's judgment is affected after a very few drinks.

When a few more doctors make the same pronouncements—as they no doubt will—the safest course to adopt is to refuse to drive a car after one drink.—Chatham News.

THE REASON WHY

A member of Parliament who brings in the same Bill session after session is sometimes misunderstood. There was the old member who, after many vain attempts to have the cleaning of windows from the outside made illegal ,at last induced a sympathetic Home Secretary to issue a departmental order to that effect, and was congratulated on the success of his personal effort to make window-cleaning safer for the cleaners. "No, no, safer for myself," said the member. "When walking the streets I used to be afraid that a window-cleaner might fall on me."—'Aberdeenshire Mail.

Christmas this year will not be a green one except in the hearts. Nature will wear the familiar white garb which makes so excellent a setting for the celebration of Yuletide with trees and their gifts. Nature seems determined to shut in each little home and make therein a family celebration of December twenty-fifth.

Give according to your means or God will make your means according to your giving.—John Hall.

There is a gift that is almost a blow, and there is a kind word that is munificence; so much is there in the way of doing things —A. Helps.

He who loves with purity considers not the gift of the lover, but the love of the giver.—Thomas a Kempis.

The heart of the giver makes the gift dear and precious.—Martin Luther

CHRISTMAS

Now in hall and cottage, holly wreaths are hanging,
Homes are bright and cheery with the Christmas glow;
Back to home and fireside wayward feet are treading,
Once again they're children, as in the long ago.

Every care and worry to the wind they're flinging,
Careless of the sorrows that the years have brought.
Oh! the happy spirit of good will they're bringing,
Counting all the passions of the years as nought.

Gladsome is the greeting, free the joyous giving,
In it does the semblance of our Lord appear.
Oh! the Christmas Spirit makes a joy of living—
That its tender token might last throughout the year.

—Helen B. Anderson

OLD SCROOGE IS DEAD, long live Bob Cratchit and Tiny Tim.

x x x x

SOME FOLKS ACCUMULATE a whole lot of blessings at Christmas when the lid is off and it is no sin or disgrace to accept gifts—because the Wise Men of the East brought rich presents to that dark and lonely manger where the Lord of all the World was cradled with the cattle—others accumulate a headache because they thought only of their own pleasure and dallied long with the cup which cheers and jeers and sears—others accumulate a heartache or two because of thoughtlessness on the part of others—others—well anyway, most of us can get something bright and gay as well as sad out of the memories of Christmases past and gone. So if we can't all be very merry let's be as merry as we can, and count our blessings one by one—we'll be surprised, mayhap, to find how many blessings we really have.

x x x x

JUST WATCH THE FACES of the people in the stores and on the streets tonight, Christmas Eve—and be convinced that there is a Christmas Spirit.

x x x x

THE LARGEST CANNING INDUSTRY in the world is located at Hollywood, California, United States of America—or these disunited states, as some disgruntled Mugwumps would have it. This canning industry exports many tins of that product of the movie studios, beautiful faces and forms turned into celluloid, and improving on Chicago which has never been able to can the squeal of the canned hog—Hollywood does just that—cans the whole durn carcass, squeal and all—and that goes for Walt Disney, as well, and his three little pigs and the Big Bad Wolf and Popeye the Sailor Man—as well as Gloria Swanson, Greta Garbo, Shirley Temple, and all the other big and little stars of that firmament which is Hollywood.

x x x x

TWENTY THOUSAND FREE DINNERS for the needy is the gift of a restaurant chain in New York City—and not a publicity stunt either, for the tickets are distributed in a manner which carries no publicity and no one knows but the one participating that the splendid Christmas dinner is free. Ticket holders can go to any branch of the chain. Some folks say that the bigger the business concern the smaller the heart—but the above indicates that one big business concern in New York City, at least, has a heart which has kept pace in growth with the fortunes of the firm.

x x x x

GENIUS IS TEN PER CENT. INSPIRATION and ninety per cent. perspiration, according to Edison who himself was an inspiration, and certainly spared not the perspiration, for when he started on a job he freqently locked himself in his laboratory and, deaf to everything outside, stayed there until he had accomplished that to which he had set his hand and head.

An irate householder took back a domestic utensil to the cheap store. "This colendar," she said, "broke when I was using it"

"H'm," replied the assistant. "It evidently couldn't stand the strain."

RELEASING OF EMOTIONS IS BENEFICIAL

Turn Emotions Inside Out —Cry—Smile And Laugh

By LOUIS E. BISCH, M.D., Ph.D

Famous Authority on Health and Psychology

If you would be healthy, you must let off steam—that is, you must reveal your true feelings. Let your emotions come out into actual working practice. Try to be what psychologists call an "extrovert". Don't be shut-in, secusive or introspective. It makes you morbid. "Introverts" is what such people are called.

We exercise our muscles and we exercise our brains. We must also exercise our emotions! Therefore, turn that bubbling, boiling emotional life of yours into something tangible and real. Turn your emotions inside out. Smile and laugh. Laughter increases the heartbeat, whips up the circulation and gives you a physical kick.

Cry, too, if you like. In this women are more sensible than men. They are not ashamed to weep. They don't mind displaying disappointment or unhappiness through tears. Swearing, so largely taking the place of crying in men, is not as refined and socialised an emotional expression, but, nevertheless, it has a sound reason for being—the impulse to release pent-up emotion.

It is well to let anger display itself once in a while. Anger and its display peps up the ego because it is an attitude of defiance. This makes a person courageous and self-confident.

Get music into your system. Use your radio. Keep your phonograph busy. Never miss a concert, especially a stirring band in the open air.

The power of music in affecting the emotions cannot be overestimated. Researches are being conducted in many parts of the country concerning the effects of music upon the sick. The time is not far off when music will become part of the routine treatment of every hospital.

The great advantage of music is that you can select what you want, according to the emotional mood you happen to be in. If you are sad, there is gay music. If your soul is yearning for sentiment and pathos, music to supply that need is readily available.

Dance and sing. What does it matter whether you do them well or not? Get the rhythm of it, anyway. It is surprising how refreshing it feels merely to hum and beat time.

Attend various outdoor sports. Shout. Make a noise. Let yourself loose. Attend plays and pictures that rouse the emotions. If the theme upsets you, so much the better. At least it starts the emotions flowing. Read detective fiction and adventure stories. Wade through at lease one long love story each month.

Woodley's Furriers
A MERRY CHRISTMAS TO YOU ALL
BELLEVILLE'S OLDEST FUR STORE
273 Front St.

Lastly, let me mention what should really have come first—fall in love! If you can't find a human being to love, a dog, a flower garden or a canary is better than nothing.

But, whatever you do, whichever form of emotional expression you select, be sure you get busy on the problem at once!

Dr. Bisch's Daily Diet Hint

Olive oil is so excellent for health, that it might well be employed more often in cooking. The best olive oil is called "virgin oil" and is derived from the first pressing of the olives at a stage when half of the olive is composed of oil. During the winter months, a tablespoonful of oil right after eating is upbuilding.

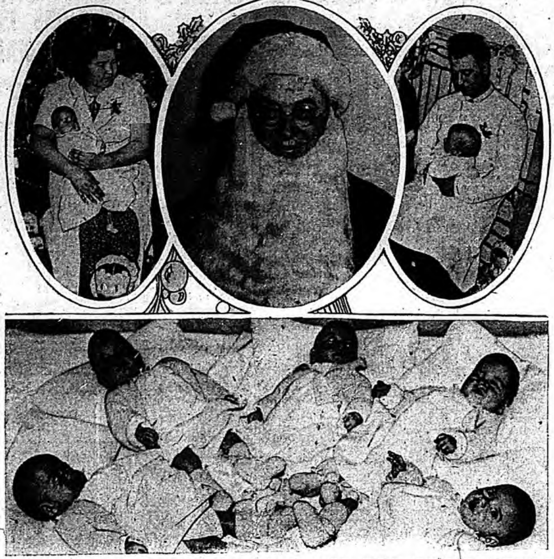
'Tis the Night Before Christmas for the Dionne Quintuplets



Santa Claus is going to get a bit of a surprise when he drops down the chimney of the Dionne hospital at Callander, Ontario. There he will be confronted by the five little Dionne sisters, Marie, Emilie, Yvonne, Cecile and Annette. (They are not named in order shown. Perhaps you can identify them!) Back to his beloved babies is Dr. Allan Roy Dafoe (CENTRE), who plays Santa Claus on this night before Christmas. At LEFT is Mrs. Oliva Dionne, and RIGHT, Mr. Dionne, each holding one of the babies. The little hospital is charmingly decorated in keeping with the first Christmas of the famous quintuplets. Copyright, 1934

MYSTERY PUT ON IN MEDIAEVAL WAY AT JOHN STREET

'Story of Carol' Told at Holloway Street Church

CANTATA AT BRIDGE ST.

Festal Anthems, Carols and Hymns Sung in Churches on Sunday

Christmas week was ushered in by the congregations in Belleville with festal anthems, carol-singing, and hymns of Christmas and addresses on the birth of Christ in Bethlehem of Judaea. In these communions which do not hold special services on Christmas Day, Sunday was devoted largely to the celebration of Christmastide.

Mystery in Mediaeval Style

The spirit of Christmas was beautifully exemplified at John Street Church last evening. The service opened with carol singing by the choir. Mr. Alex. Gordon's offertory number, "The March of the Magi Kings" by Dubois musically explained the trip of the Wise Men as they followed the star.

Rev. Mr. Hall then introduced the Christmas drama which was being presented by the choir, explaining to the congregation that in mediaeval times such plays were the only medium whereby the story of the birth of Jesus, could be clearly presented to the people of those days.

The roles of the Virgin Mary, angels, shepherds and wise men were taken by members of the younger organizations of the church.

The play had an excellent setting and was magnificently and reverently interpreted by those in the cast.

The moving tableaux of angels, shepherds and wise men around the manger scene were very lovely. The action was all in pantomime, the words being sung by the invisible choir. Mr. Harold Howard sang the solo part during the entrance of the wise men, and Miss Leona Riggs, the lullaby while the Christ Child was being laid to rest.

Special mention should be made of Mrs. Hall's sensitive interpretation of the part of the Virgin and of the beautiful pictorial effect as the angels announced the wondrous birth to the shepherds as they carried the lighted candles, symbolizing Jesus as the Light of the World, as they rejoiced in song and dance about the manger and as they snuffed the candles one by one at eventide, leaving Mary kneeling over the manger, her face lighted by a soft glow which seemed to come from around the Babe.

Thus quietly ended the story of that wondrous night in Bethlehem so long ago.

In Bridge Street United Church last evening "Bethlehem" by J. H. Maunder was sung by the choir, the solo parts being taken by Mrs. Stoble, Mrs. Houston, Mr. Fred Sprague and Mr. A. D. Monck, the choir leader and organist, Mr. V. P. Hunt, directing. This beautiful composition which opens so fittingly with sounds representing the quiet of night in the fields, was given a very fine interpretation by the members of the choir. The solos were impressively taken and the ensembles created a fine sense of harmony and fullness and richness of tone.

Rev. Dr. James Semple spoke a few words and chose his message from the thoughts which were set up by the decorations of evergreens about the pulpit and platform. "What are the gifts we should hang on the trees for our neighbors?" he asked. These he gave as the great Christian virtues in action among the human brotherhood.

Holloway Street Church

At Holloway Street United Church on Sunday evening "The Story of the Carol" was related by the Minister, Rev. R. E. Newman, the carols being sung by a junior and senior choir.

The word "carol" is not an unfamiliar one with us, though ~~possibly few know~~ its meaning or origin. A "carol" is a song of simple nature with a number of verses applied to the same tune.

The earliest "carols" date from about 1400 A.D., but they did not become very popular till about two centuries later. They were of French origin, and a secular nature. It was first, the name of a dance associated with spring. Since then the development and form of such music has made many advances and seen many changes.

"Carols" are divided into various sets, the more important being those based on folk tunes, (music applying to their own country), and traditional (those not tracing back as far as folk tunes, but having being used for some time.)

One form of development which has made the "carol" more popular was the introducing of it into "divine worship". No longer are carols only for secular purposes, but with proper settings go a long way to improving the music of churches.

In the present day, "carols" are sung more in the various countries of Europe and the British Isles. America is quickly grasping the important part that "carols" take in the art of music. We are not only becoming familiar with those of other countries, but creating ones pertaining to our own country.

It is an old and quaint custom still carried out in England, that "carol" singers go through the streets at night carrying lanterns and singing the favorite Christmas hymns and carols. It adds much to the festive season.

Carol No. 1

The citizens of "Chatres"—this is one of French origin in which the story of Jesus' birth is told by the people of Chatres, a village in France. It is an old French melody, and the English words are a translation from the original French.

Carol Nos. 2 and 3

The next two "carols" take us to England. In olden times it was the custom of the people to have a "Wossil-cup". This was used when the neighbors called to give each other Christmas greetings. The "Wossil-cup" was passed from person to person, each one partaking of its contents, and expressing his Christmas and New Year wishes to all.

(2) The Wossil Song is a jolly old English traditional "carol" of secular nature. (Carol sung).

(3) A very beautiful old English carol, telling of the "Messiah" is heard in "When the Sun Had Sunk to Rest". First verse:

When the Sun had sunk to rest,
O'er the cold and wintry plain,
Angel hosts were manifest
Singing in a joyful strain.
Glory in excelsis, Deo. (Glory to
God in the Highest).

Carols Nos. 4, 5 and 6

Still remaining in England, we hear three "carols" by present day composers. A difference will be noticed in the writings of these two periods, separated by many years.

Nos. 4 and 5: "Softly the Night Is Sleeping" and "O Leave Your Sheep". (Words translated from the French edition). Carols to be sung.

No. 6: When we hear of "Antiphonal" singing, it is meant singing responsively by two choirs. This form of music dates back to the Hebrews in Palestine about 1050 B.C. The next "carol" though by a modern composer uses this old form of writing: "On the Birthday of the Lord".

No. 7: Many great composers and much fine music has come from Germany. Possibly one of the most well-known and certainly most beautiful "carols" is that of "Silent Night, Holy Night", written by the German composer, "Gruber", in 1818 A.D.

No. 8: Schubert, another German composer, wrote a Cradle Song. Arranged as a ladies' trio, accompanied by four violins. It is equally as beautiful as "Silent Night". Mrs. Michael, Mrs. Denton and Mrs. Jas. Cordes composed the trio.

From the "carols" we finally turn to a heavier form of choral music, the anthem. The Christmas story as told by "Maunder" in "Christians Awake, Salute the Happy Morn", is the most impressive one. Mrs. O'Neil and James Cordes took the solo parts in the anthem.

An old German "carol" composed of 1623 A. D., is arranged in anthem form, and reveals to us one of the finest types of an anthem in which praise is given for the coming of the "King of Kings".

Now once again our hearts we
raise
In hymns of thankfulness and
and praise,
Alleluia, Alleluia.
Give praise to God this joyful
morn,
On which the King of Kings was
born.
Alleluia, Alleluia.

AT ST. ANDREW'S CHURCH

Special music at both services was given by the choir at St. Andrew's Church under the direction of Professor Wheatley. In the morning J. Arnold Thomson gave a solo as did Thomas McRea, while the choir sang the anthem "Christians Awake." The evening service was devoted to carol singing, Mrs. Wheatley singing "The Birthday of a King." The congregation at the close stood and sang the Hallelujah Chorus from Handel's Messiah. There were large congregations at both services and the pastor, Rev. W. J. Walker, delivered inspiring sermons.

◆

Christmas Day In the Churches

The observance of the Christmas Festival will commence in the parishes of St. Thomas' and Christ Church tonight, the Eve of Christmas.

At 11 o'clock p.m. in St. Thomas' Church there will be a recital of Christmas music and carols by the choir, and at 11.40 p.m. there will be a choral celebration of the Holy Communion. On Christmas Day there will be a celebration of the Holy Communion at 8 a.m.; Matins will be said at 10 a.m. and at 11 a.m. there will be choral celebration of the Holy Communion.

At Christ Church tonight at 11 o'clock the choir will give a recital of traditional carols and Christmas music and at 11.30 p.m. there will be a choral celebration of the Holy Communion. On Christmas Day there will be a celebration of the Holy Communion at St. George's Church, at 8.30 a.m. and at 10 a.m. in Christ Church there will be a choral celebration of the Holy Communion.

Christmas will be celebrated at Emmanuel Reformed Episcopal Church with the accustomed services appropriate to that day.

AGAIN IT IS CHRISTMAS

FOURTEEN OFFENDERS TO BE PICKED UP

Police Determined to Bring all Connected to Justice

Montreal, Dec. 24 (CP)—Two officers of the Royal Canadian Mounted Police were headed eastward today, bound for the Maritime Provinces to pick up a number of the 18 persons, who have failed to surrender on charges of being involved in a conspiracy to defraud the Dominion Government of five million dollars through the smuggling of alcohol.

Coincident with announcement yesterday that R.C.M.P. in the Maritimes had under close observation 13 of the 18 persons still wanted while one was being watched in British Columbia, came the word that one officer from the Montreal division had left for Prince Edward Island, to be joined at Rimouski, Que., by another. The two were to proceed to the island province, pick up seven suspects, and return via New Brunswick and Nova Scotia, taking into custody the others as they pass through. The men are expected to face arraignment Wednesday and Thursday.

The blanket warrant signed two weeks ago by Chief Judge Gustave Perrault charging 61 persons with the conspiracy was served on the 61 men Saturday when the deadline for voluntary appearance was reached. Police had made an offer to suspects to travel to Montreal for arraignment free of charge. 43 availed themselves of the offer. Four others are residing outside the jurisdiction of the Mounted Police.

They are Monty Rosebourne and Frank Paturel, of St. Pierre, Miquelon; Alan Robertson, St. John's, Nfld., and William A. Yule, Perth, Scotland. Scotland Yard is already on the trail of Yule.

PRAY FOR PEACE POPE PIUS URGES

Christmas Message is Addressed to Cardinals by His Holiness

(By Andrew Berding Associated Press Foreign Staff)

Vatican City, Dec. 24—Pope Pius in his Christmas address to the Cardinals said today, "The clamor of war spread ever farther" and urged the world to pray and work for peace.

"We see a constant increase in warlike arms," his Holiness asserted.

"This is a distracting element," he continued, "in which the spirit seems to have no part. We are on the eve of a day when the heavens resound with the hymns of angels calling for peace on earth.

"Never has a chant had more reason for being than today."

The Pope's remarks were addressed, according to tradition, before the 20 Cardinals of the "Curia" or that group of Cardinals, who reside in Rome.

Death had thinned their ranks this year as Cardinal Granito Pignatelli di Belmonte, dean of the Sacred College, led their procession into the room. This year three of the Pontiff's most beloved advisers were gone. They were Cardinals Pietor Gasparri, Francis Ehrle and Giuseppe Mori.

Making no effort to conceal his sorrow at the loss of the Sacred College the Pope nevertheless began the ceremonies on a happy note.

He spoke cordially to each prince of the church, as they gathered around him in the throne room, pressing their hands and wishing them happiness and fruitful work for the coming year as they knelt to kiss his hand.

Then the Pope ascended his throne and Cardinal Pignatelli read his short formal address. After the address the Pope was congratulated for completing another year of religious work. His achievements as supreme prince of the church were recalled and the loving obedience of the Sacred College to his edicts was emphasized.

Cardinal Pignatelli ended his address with the additional "ad multos annos." This Latin salute translated into English means "for many years" or, more liberally—"long life."

Tonight the Pope will avail himself to an age-old privilege accorded to every parish priest only on Christmas eve. With only a few intimates in attendance he will go to his private chapel at midnight and recite three separate masses in commemoration of the birth of the Saviour.

CHRISTMAS PEACE

The swinging bells keep ringing—
ringing,
Gladsome tidings ever bringing.
Tolling, tolling, never ceasing,
Their joyous silver tones increasing.
Ring! ring! glad bells and never
cease,
And fill our hearts with Christmas
peace,
Crisp and clear across the snow,
Now softly stealing, the tidings go;
And souls rejoice, our hearts at ease
With joy and gladness; Christmas
peace.

—Harry Atkinson, Albert College.

OBSERVES ANNUAL CUSTOM

London, Dec. 24—(CP Cable) —His Majesty observed what has become an annual custom when 700 of the poorest men and women in Whitechapel district were his guests at a Christmas tea-party in Whitechapel Sunday. The King inaugurated the custom when he was still Prince of Wales and has continued it every year since.

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE CAPITOL

"I'll Fix It"

Jack Holt Shows Flair For Comedy in Excellent Film

Beauty spots of Beverly Hills, Hollywood and Los Anbeles —to which hundreds of thousands of motorists travel thousands of miles yearly to see — will be shown to motion picture audiences in Jack Holt's fast-moving comedy-romance, "I'll Fix It" opening at the Capitol Theatre today.

Franklin Canyon Lake, one of the charming palm tree bordered mirrors of water in the Santa Monica mountains, will be seen as the alluring background for Holt's moonlight tryst with beautiful Mona Barrie, featured with him in the picture. Griffith Park, famed Los Angeles playground which encompasses 235 acres of hills, canyons, golf courses tree-bowered drives and playgrounds, will be seen in the background of the baseball field on which young Jimmie Butler playing Holt's kid brother, pitches the school nine to victory over their rivals.

The intersection of Hollywood Boulevard and Vine Street, noted as the busy shopping centre of film stars, is the locale of the "teachers' protest parade," led by Mona Barrie, who was ousted from her job after she declined to be bribed by Holt into passing his ball-playing brother in algebra. The famed Brown Derby, eating place de luxe of the stars, is in the background of this parade scene. Screen audiences will see here also crowds of Hollywood folk, who jammed the corners as traffic cops held back trucks, busses motorists and street cars for the shooting of that laughable scene in which Winnie Lightner and Edward Brophy, the comedy pair parade up a cleared street while the vanguard of teachers turn the corner down Hollywood Boulevard.

Beautiful residential sections of Beverly Hills are in the background of the motor mishap which sends Holt's kid brother to the hospital while a Beverly Hills Schoolhouse—the Hawthorne Street Elementary—was the site from which Miss Barrie walks virtually into the arms of the clowning Jack Holt. Rare glimpses of the famed southland are given to screen audiences throughout "Ill Fix It."

Added short features include a comedy riot entitled "Domestic Blister" featuring York and Kris; Richard Himber's famed Radio Orchestra; Screen Snapshots and orchastra; Screen Snapshots and another selected subject.

Today and Tuesday "Du Barry Dinnerware" at matinee and evening performances; saucers will be given away. Complete shows at 2.30; 7.15 and 9.15

Tickets now on sale for "Midnight Frolic" New Year's Eve. Adults 30c, children 35c. Why pay more?

STATUS OF WOMEN MUCH ELEVATED

Christianity's Blessing to Woman Theme of Rev. G. G. Wright

That if the women and girls of today were losing something of the indefinable grace and quality which the coming of Jesus into the world, brought to womankind, it was a loss which could not but be regretted with the deepest sorrow, said the Rev. G. G. Wright, rector of Christ Church, in his sermon Sunday morning. He was speaking of the elevation of the status of woman through the coming of Christ and of the nineteen centuries which it took to produce the modern status of womanhood. Now, he felt, he said, as if women of today made themselves too cheap and he cuold not therefore throw all the blame on the masculine portion of society for any change in the attitude to womanhood. He himself had been taught to look upon woman as superior to man. The ancient world gave woman but a low status.

To Mary, the mother of Jesus; was given the honor of bringing to the world the greatest gift which has ever come to the race. And from the holy family there came those lessons in family life which have brought the world on its way upward, he said.

Attacking the attitude of some women of today, Mr. Wright said that there was nothing in the story of Mary to show that she was what might be termed masculine, for she was perfectly feminine, she was not of the kind that sought popularity, but the greatness of her character was indicated by the fact that she was chosen to be the mother of Jesus.

The rector pointed to the devotion of the painters and artists of the Middle Ages, whose work was so largely religious and he voiced regret that modern painters and sculptors gave so much less attention to the treatment of religious subjects with the inevitable result that the mass of the people gave less thought to the religious aspect of life.

He knew, he said, that the modern world was complicated and there were so many subjects of which the artists might take advantage, yet he could not but regret that the place of religion in art was so less prominent than it used to be.

AT THE BELLE

All Women Alike But Kitty Carlisle Finds Men's Types Varied

Women, according to charming Kitty Carlisle, are the same the world over whereas men are as different as the lands in which they may be encountered. Kitty Carlisle should be qualified to pass judgment. Born in America, her childhood passed in Sweden, with vocal training in Vienna under the masters and Germany as the land where she was educated, she posses an unusual Continental background widened by her observations of American men since coming to Hollywood.

"Women behave very much alike no matter where they come from," says Miss Carlisle. "Regardless of what her walk in like may be whether she happens to be a housewife, business or professional woman, a woman likes to look her prettiest, dress her best and act her best when there's a man around. It amuses her to believe that the man is pursuing her, when in reality she does the pursuing.

"Almost every woman is a mother at heart, whether she babies a child, an animal or a grown man."

Men, Carlisle believes, differ according to race. The men of Italy she believes to be the most dominant. They want their women to look artistocratic, but to say little.

Spaniards, she says, want other men to admire their women, but as she puts it: Heaven help the Spanish woman who so much as looks at the other man who may be admiring her.

The German men she refuses to catalogue. They are serious conversationalists, but make wonderful companions, she declares.

She admires the charming manners and fastidiousness of the Englishman.

The Russian Oh, he's delightful. He is the most romantic of all. When he kisses your hand, you know he means it. He has suffered so much that it has made him a real he-man!

American men are completely individual, concludes Miss Carlisle. They come home after a hard day's work and proceed to act like little boys. They never grow old. And women like men to be just boys, at times.

Miss Carlisle who scored tremendously in the screen version of George White's "Scandals", is costarred with Bing Crosby in the romantic, tuneful delight, "Here Is My Heart", coming to the Belle Christmas Day and Wednesday, her beautiful voice is heard in duets with Bing Crosby in three tuneful hits that are sweeping the country, namely, "It's June in January", "I'm a Sentimental Mourner" and "With Every Breath I Take." Alison Skipworth and Roland Young are uproarious in this delightful holiday attraction.

The services at Christ Church were those for the fourth Sunday in Advent and the rector indicated his belief that the church was justified in stressing Advent to the close so that the suddenness of the change to rejoicing at Christmas might bring a fuller realization of the meaning of that day. It was however, he said, very difficult not to anticipate Christmas.

Today Christ Church was being decorated for the service tonight to usher in Christmas and for the Christmas Day communions.

NEW POLICY FOR ONTARIO ORPHANS

Hon. David Croll Outlines New Policy to be Followed

Windsor, Ont., Dec. 24 (CP) —When the new year opens in Ontario the government will embark on a new policy for children's aid administration which will include close inspection and regulation of societies by the welfare department under Hon. David A. Croll. During the week-end Mr. Croll announced the new step to care for children placed in the government's hands and it came as Christmas cheer to those without the guiding hands of parents.

Mr. Croll said his department's aim will be to place children in foster homes whenever possible and they will be visited regularly by qualified officials until they become of age to fend for themselves. Home life for the children will be the motto of what he considered "the greatest forward step in child protection of this century in Ontario."

"We are building a civilization to pass on to our children," the minister said. "Let's develop children fit to take over that civilization. Children do not have the vote; they have no lobbies to speak for them; they do not form organizations and make demands on us. So by common consent let us all do our part to make life happier and more hopeful for the little ones who can't fight for themselves."

In explaining the children would be placed in foster homes either free or through payment of board, the minister said Children's Shelters would be used so far as possible only as clearing centres before placement. Superintendents of children's societies will have the incentive to improve their organizations as their salaries will be controlled by the government, the highest salaries going to those in charge of the best operated societies.

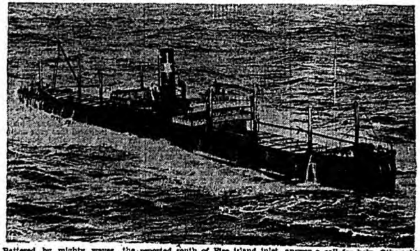
Local societies will be classed according to their merit, the announcement said, and superintendents will receive grants from the government according to their classification. Only qualified, trained staffs will be employed. The school attendance act will apply to all wards of Children's Aid Societies; children in shelters will be covered by liability insurance and complete, easily understood records of every child admitted to the shelter will be kept.

KINGFISH RULES CITY WHERE HE WAS ONCE ROTTEN-EGGED

SENATOR HUEY LONG VIEWS OF ALEXANDRIA, LA.

Dictating the action to Louisiana lawmakers, Senator Huey Long of Louisiana has seized despotic powers over the state, swept away local self-government by legislative members and ousted the city administration of Alexandria, where once stink bombs and rotten eggs were showered on Long when he tried to make a political speech. New officials for the city, two views of which are shown above, were to be appointed by Gov. O. K. Allen, lieutenant of the Kingfish-senator. East Baton Rouge Parish, including the capital, has been reduced to a province ruled by the state machine. Industries and politicians opposing Long's dictatorship have been harassed with spite and taxes.

RUDDERLESS SHIP AT MERCY OF ANGRY OCEAN



Battered by mighty waves, the Boston freighter Severance, with 41 aboard, is pictured fighting the fury of an Atlantic storm. The ship, reported south of Fire island inlet, limped feebly under her own power toward New York, while other vessels stood by ready to answer a call for help. Other ships were reported badly crippled in towering seas in the forst storms Atlantic has had in years.

MR. H.O. TRUSDALE IS NEW PRESIDENT

Boys' Work Board Elects Officers For Year 1935

At a meeting of the Belleville Boys' Work Board held in the Y.M.C.A. Friday evening, Mr. H. O. Trusdale was elected President for the year 1935. Mr. Trusdale is an active leader in Boys' Work being mentor of the Baptist Church Trail Rangers. The Board is assured excellent leadership during the coming year under Mr. Trusdale.

Ken Munning, member Boys' Parliament 1932, was elected Vice President and D. W. Moore, Secretary Treasurer.

Organized a year ago, under the leadership of Dr. Jack Marshall, the Board has made good progress in Trail Ranger, Explorer and Tuxis work. There are now six active Trail Ranger groups in the city namely: St. Andrews, Bridge Street, John Street, Tabernacle, Baptist and Holloway St., St. Andrews and Bridge Street have active Explorer groups as well.

During the coming year the local board will give more attention to Tuxis Boys and look forward to having several Tuxis groups formed. It is the intention of Dr. Jack Marshall to give his personal attention to the Tuxis organization work.

At the coming session of the Ontario Boys' Parliament, Belleville will be represented by Jim Allison (St. Andrews) as member, and Ross Clare (Bridge Street), as Trail Ranger representative. Boys' Parliament opens in Toronto on Dec. 26th and continues till Dec. 31st.

S. CHAMBERLAIN MASTERINSTALLED

Brother of F. Chamberlain of City Receives High Honor

The officers of Bay of Quinte Lodge A.F. & A.M. of Toronto for 1935 were installed Friday evening at the Toronto Masonic Temple.

Wor. Bro. Charles G. Mikel retired as Immediate Past Master, and Wor. Bro. Samuel Chamberlain was installed as Master of the Lodge. The latter is a brother of Wor. Brother F. G. Chamberlain of this city and the former a cousin of Rt. Wor. Bro. W. C. Mikel, D.D.G.M.

Rt. Wor. Bro. W. C. Mikel and Wor. Bro. F. G. Chamberlain were present and participated in the work. At the banquet in the evening Rt. Wor. Bro. Mikel responded to a toast to the Grand Lodge of Canada in Ontario, in which he referred to Wor. Bro. Captain John Walden Meyers as the father of Free Masonry in Prince Erward District from which Bay of Quinte lodge originated.

He referred to the fact, that Captain Meyers was made a Free Mason at the City of Quebec on the 27th of February 1780, when he was 35 years of age, he died in 1821 many of his descendants having been members of the Craft.

He suggested that a movement be erected at Belleville to commemorate the services of Captain Meyers not only to Free Masonry but also to his activity in the settlement and early development of Belleville, where he established the first brick house in Upper Canada at Belleville. He said, that if Free Masonry were to cease to exist the world would lose one of its most potent influences for good. While Free Masonry is not a benevolent or charitable organization, nevertheless Grand Lodge distributes about one-quarter million dollars every year in benevolence and the Subordinate Lodges a similar amount in Ontario.

Many former residents of Belleville, the County of Hastings and County of Prince Edward residing in Toronto are members of Bay of Quinte Lodge.

2 SCORE KILLED IN UNITED STATES

Traditional Day of Joy Brought Sorrow to Many Families

The day before Christmas, traditional day of joy, became one of sorrow today for several American families, saddened by tragedies that brought death to some two score persons.

Seven members of a single family died Sunday at the hands of a distraught mother; at least 14 persons died in automobile accidents; three were killed in a train wreck; 10 were lost in aeroplane crashes; three died in a hotel fire, and at least two in a burning tug.

Pittsburgh.—After playing Santa Claus to her brother's children, Mrs. Kathryn Schoch, 37, crazed by the recent death of her own son, turned a revolver on the sleeping forms of six of the family, killing all but one. She then shot herself. Her sister was found slain at Dunkirk, N.Y.

Wilmington, Calif. — Lost in a heavy fog, Elmert R. Hunt, 29, drove his car off a pier, his wife and two children drowning. Hunt escaped.

Lincoln, Neb. — An automobile, crashing into a truck, brought death to four.

Medora, Ind.—Mr. and Mrs. Robert M. Eshom and their nine-months old son, driving home from Sunday school Christmas exercises, were killed when their car was struck by a train.

Four Killed in Bus

Pittsburgh. — Four persons died when a bus, carrying travellers home for Christmas, was in collision with an automobile.

Delaware, O. — Two fast trains, bearing Christmas passengers and mail, crashed, killing three members of the locomotive crews.

St. Louis.—A student pilot's Christmas present to his room mate, his first aeroplane ride, ended in death for both when the ship crashed.

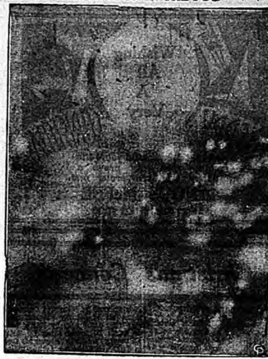
Sunbright, Tenn.—An air mail pilot, Russell Riggs, was found dead in the burned wreck of his plane atop Big Pilot Mountain.

Mazatlan, Mexico. — Hope was abandoned for seven persons aboard a plane which fell into the Gulf of California.

Carlsbad, N.M.—Fire which destroyed the Carlsbad Inn brought death to three persons.

Fairport, O.—A fishing tug, wrecked by an explosion, burned to its water line. Coast guardsmen said they believed the two members aboard were blown overboard and killed.

IT'S LONDON IN THE FOG



London groping in an impenetrable fog again inspired our artist, ever on the alert, to illustrate what the Empire's capital looks like when pea-soup fog descends. This, believe it or not, is the Strand, though all that can be seen are street and bus lights. So thick was this most recent fog that conductors and motor car owners had to get out in front of their cars and lead them with torches. Visibility was less than five yards. Half of Britain was fog-bound.

"A HELL OF A WAR!"

Irenee du Pont, executive of the great American explosive company bearing his family name, is pictured before the U.S. Senate Munitions committee as he made the straight-forward statement that he believed "we would have a hell of a war no matter what measures were adopted. To wage a successful war you need an absolute monarch. I have yet to hear of a democracy or a republic waging a successful war."

MRS. GREY OWL

ANAH-AN-EO

Famed for loving care of Canada's beaver is Grey Owl, the Canadian government's official "keeper of the beaver." Not so famed, but no less adept, is Anah-An-Eo, or Mrs. Grey Owl, who it was disuaded Grey Owl from destruction of game as a trapper to conservation. Anah-An-Eo who is seen above with a beaver, is an Ojibway Indian. Grey Owl's mother was a full-blooded Apache of New Mexico. His father was Scotch.

CHAMPION—Mrs. E. H. Vare, Jr., presents championship field trials trophy to Jay F. Carlisle of New York, at Pinehurst, N.C.

MERRY CHRISTMAS
Wishing All A Very
and that for you and yours the coming year may prove a happy and prosperous one.
ANGUS McFEE
ESTABLISHED 1860

Christmas Concerts

AVONDALE SCHOOL

THURSDAY evening in Avondale School the annual Christmas concert was given by the pupils. The school house was gaily decorated for the occasion and made a perfect setting for the interesting evening's entertainment.

At the conclusion of the program several presentations were made. Mrs. G. Sharpe who had so capably acted as pianist and aided in the musical part of the concert was presented with an electric table lamp by the teacher, Miss Smith, in appreciation of her assistance.

The pupils then presented their teacher, Miss Lorene Smith, with a lovely bathrobe. Each member of the orchestra, from Belleville, and Mr. Frank Sills who was instrumental in securing the musicians received Christmas boxes.

The program follows:

Music by orchestra; chorus, "Old Santa Claus"; recitation by George Flagler; chairman's address; dialogue, "Buying Eggs"; recitation by Muriel White; solo by Earle Vandervoort; recitation by Jean Scott; dialogue, "Rastus Rambles On"; instrumental by Philip Flagler; wreath drill; recitation by Muriel White; pantomime, "Joly Old St. Nicholas" recitation by Jean Scott; trio by James Christie, Edward and Jack Sills; acrobatic stunts by Ruth Hagerman; recitation by Reggie Fulton; dialogue, "Going to the Dentist"; ballet dance, "Betty Gilbert"; reading by Philip Flagler; duet by Earle Vandervoort and Helen Scott; recitation by Robert McKenzie; dialogue, "Uncle Joe's Will"; recitation by Ruth Hagerman; chorus, "Merry Christmas Day"; swinging clubs, Roberta Kingston, Margaret Cameron; dialogue, "Train to Loontown"; music by orchestra; drill, four girls and four boys; recitation by Donald Livesay; ballet dance by Ruth Hagerman; recitation by Delbert Coles; dialogue, "Bugginsville Uplift Society"; music by orchestra; instrumental by Margaret Cameron; recitation by Johnny Flagler; military flag drill; solo by Earle Vandervoort; Highland Fling by Betty Gilbert; pantomime "Nearer My God to Thee"; reading by Arthur Tucker; dialogue, "Reading the Weekly Banner"; presentation to Mrs. Sharp; recitation by Orville Thornton; chorus "Christmas Bells"; National Anthem.

CARMEL UNITED CHURCH

SUNDAY School of Carmel United Church held their annual Christmas entertainment in the church on Friday evening. Mr. John Patterson, superintendent asked the pastor, Rev. W. R. Merrick to act as chairman of the following programme.

Greetings of Welcome by the primary pupils; Opening Chorus by the school; a drill "The Old Fashioned Garden," this was done in a splendid manner as Mr. Jack McCabe sang a solo the same name as the drill; dialogue "Christmas Eve in the Belleville to Carmel Trolley Car"; motion song "Six Little Milk Maids," put on by six junior girls; chorus "The Winter Time is Here," junior pupils; dialogue "The Light in the Window," junior pupils showing how Christmas comes to the poor through the rich people having the Christmas spirit; chorus "Blessed is the Story"; flower drill, junior pupils; Merry Christmas, recited by the primary pupils; dialogue, "Christmas at the Stebbins," senior pupils showing how the spirit of Christmas reaches the rich through the common people; instrumental, Mr. Willet Pitman; tableaux, "The Queen of the Days"; recitations were given throughout the programme by Byron Bronson, Hilda Howes, Luella Homan, Clifford Parks, Muriel Homan, Carl Haynes, Roscoe Moorman, and Earl Lattone.

God Save the King.

Rev. Merrick thanked the ones who took part in the programme on behalf of the Sunday School. Then Santa Claus came with all his merriment and gave out the presents to the pupils. The pastor thanked the school for the beautiful present they had given to his family.

QUEEN MARY SCHOOL

ON the afternoon of the 19th. inst. the pupils of the senior rooms of Queen Mary Public School presented an interesting Christmas program and the following afternoon the pupils of the junior rooms gave a program. Many visitors were present both afternoons, including Col. E. A. Geen, chairman of the Board of Education; Col. W. N. Ponton, K.C., Col. Barragar, ex-principal of the school and Mr. G. F. Lent, all of whom made brief and appropriate addresses.

The stage in the auditorium of the school was appropriately decorated for the events, representing the birthplace of the Saviour. The scholars participating in the program acquitted themselves in a marked degree.

Senior Programme

"Welcome," a dialogue, Miss Ketcheson's class.

Christmas Tree Drill, Miss Sullivan's class.

Recitation, Master Allan Austin.

"The March of Time—1934," Mr. Fairman's Class.

Quartette, guitars, Marion Robson, Herbert Middleton, Jean Sherry, Leighton Thompson.

Japanese Drill, Miss Hart's class.

A Christmas Carol, Mrs. Carr's class.

Piano Solo, Master Bill Gordon.

Christmas Stocking Drill, Miss Elson's class.

Recitation, Miss Helen Brown.

Christmas Chorus, Miss Leslie's class.

Recitation, Miss Heather Dodds.

Recitation, Miss Anna Hogle.

Presentation of Prizes

Physical Drill, junior, Miss Elson's class; senior, Miss Sullivan's class; presented by Col. E. A. Geen.

Provincial W.C.T.U. Prize, Miss Jean Sherry; presented by Mrs. (Rev. Dr.) Baker.

I.O.D.E. prize, Miss Edna Bull, presented by Mrs. J. E. Lang, of St. Julien Chapter.

A pageant and pantomime was presented representing Christmas. This feature was portrayed by the senior fourth class. The three kings were portrayed by Tom Hyland, George Winter and Kenneth Cherry, the solo part being taken by Tom Hyland.

Junior Programme

Those taking part in this program were as follows:

Speech of Welcome, Dorothy Stewart.

Christmas is Coming, chorus, Primary class.

Recitation, Billy Duggan.

Duet—Shirley Bunnett and Kenneth Sargent.

Recitation, Noreen Moureau.

Chorus, "Christmas Bells," Miss Craighead's room.

"Three Kings," Roy Bowler, Jack Gibson, Douglas Buck.

Chorus, "On the Hillside," Miss Craighead's room.

Recitations, (1) Kathleen Nolan; (2) Jean Romp; (3) Bobby Orr.

Candles Game, Five Primary Girls.

Chorus, "Away in a Manger," Miss Craighead's room.

Drill, Primary Class.

Chorus—Mrs. Carr's room.

Recitations, (1) Muriel Taylor; (2) Helen Nolan.

Duet, Eldene Simpson and Ruth Foster.

Recitation, "Little Gifts," Patricia Drew.

Motion Song, "Little Birdies".

Recitation, "Santa Claus", Alice Vandervoort.

Christmas Chorus, Miss Styles' Room.

Recitation, Lawrence Watson.

Chorus, "Up on a House Top."

The Christmas Roundelay, Primary Boys.

Recitation, Gerald Smith.

Stocking Drill, Miss Elson's Room

Reading, Anna Hogle.

Recitation, Pauline Huddlestone.

Christmas Carol, Miss Leslie's room.

The principal of the school, Mr. C. I. Frederick and teachers are to be congratulated upon the success which attended their efforts.

Mr. and Mrs. Walter Hick Happy on Golden Wedding Day

Bride of Half Century Tells of Accomplishments of Girl of 1884

STORM IS RECALLED

Sleigh bells jingled behind prancing steeds drawing shiny cutters through the snow covered streets in this city just fifty years ago today but more noticeable than the tinkling harness of the horses was the peal of wedding bells for a happy young couple who stood in a tiny church on the northeast corner of West Bridge and Isobel Streets and were united in the bonds of holy matrimony.

The church has long since been removed from that location; the officiating minister, the Rev. Canon Bogart, has passed on to his reward years ago; and of the eighteen close friends of the happy couple who attended the wedding, only two still remain. But memories of that day are still strong in the minds of two of Belleville's best known citizens even today, so long afterward.

Today, sitting beside the window of her home, 10 Elmer Street, in a brief rest between rounds of her various household duties, Mrs. Walter Hick gazed through the glass at the white covered ground outside and contrasted the day to that wedding day fifty years back on December 24, 1884, when the party battled through heavier drifts and a pelting storm in a cab to the little church on the corner.

"We had a terrible storm that day," recalled Mrs. Hick as warm memories surged in flood tide back over the many years. "It was so bad that some one pointed out when we reached the church that it would be too bad if we had that kind of a storm during our married life. But we haven't had. We've been happy. More than happy ever since. We have been blessed with health and well being and perfect contentment."

The calmness of countenance of Mrs. Hick and the brisk mannerisms of her still athletic and vigorous partner in life bear eloquent testimony to the fact that in that contentment has been found the complete harmony of life so evident with the happy couple.

Both Mr. and Mrs. Hick are original residents of this city in which they have continuously resided. Mr. Hick was born just a few houses from the one he now occupies on the west side of the city. Mrs. Hick, formerly Miss Janet Nicholson, first saw the light of day in the vicinity where the North Station now stands. She was a daughter of the well known Mr. Richard Nicholson, grain buyer of the district for many years. She attended public school No. 2 near the location Queen Victoria School now occupies, and even today confesses that holidays were preferable to school periods. Again memory serves her: "No, our teachers weren't any more strict than they had to be to keep order, I guess," she will answer when questioned.

Did every young bride who got married fifty years ago find that the preparation of meals was almost an automatic operation? And did every girl of those days know how to cook "almost anything"—bread making included?

A bit guiltily perhaps even now, Mrs. Hick will have to admit they didn't. At least a lot of them didn't. "I didn't know the first thing about cooking when I got married, except perhaps how to cook the simple little things that girls just naturally know how to do. Making bread, well that was something else again. But I've improved considerably since then," she will add with a bright smile. 'And by the way, you're just a little too early for a piece of Christmas cake. One that I cooked myself" she told a reporter of the Daily Ontario Intelligencer who called at the home today to pay his personal respects.

A decked out Christmas tree, glittering and shining in its dressy decorations stood in one corner of the room as the interview progressed. Following the gaze of the reporter. Mrs. Hick called attention to it. "My grandson came over and fixed it up for me. Not that I couldn't have done it myself, but he just wanted to help. On Christmas Day we will all hold our regular family gathering here as we generally do." A heap of carefully tied and decorated packages under the tree indicated that each one of the family who called would receive his or her gift thoughtfully purchased and made ready some time previous.

Of the eighteen friends who took part in the wedding fifty years ago, only two are left, it is recalled by Mrs. Hick. A Mr. Pitt of Toronto, and Mr. Hinch of Kingston, are still living and annually convey their respects and congratulations to the local couple.

Mr. and Mrs. Hick have two daughters, Mrs. E. R. Hinchey resides at 148 Moira Street west, and Mrs. Harold Hunt is expected to travel from Kingston to be with her parents on Christmas Day. Five grandchildren will also be present to brighten the home of the grandparents.

Mr. and Mrs. Hick have no definite philosophy of life. The Golden Rule so far has served them both along a path that has been strewn with but few of the stones that are encountered by the average married couple. Its observance has brought smooth contentment and peace. It has enabled them to live and grow old gracefully in utter peace.

"It is hard to grow old . . . ." commented Mrs. Hick after a brief pause.

But the comment of the admiring reporter who sought to word a sentence containing "age", "gracefulness" and "happiness" in return was so obviously not needed.

Personals

Mr. and Mrs. Ernie Phillips and daughter Dorothy, of Ottawa, are spending the Christmas holidays with Mr. and Mrs. C. H. Brook, Trent Rd.

Mr. Frank J. Dolan, Montreal, is spending Christmas at his home, Church Street.

Mr. Tom Hughes, who is attending St. Michael's College, is spending the holidays at his home here. He is convalescing after a recent operation for appendicitis.

Master Bruce Doyle, who has been ill at his home shows an improvement in his condition.

Mr. and Mrs. Russell Harker, Pembroke, are spending Christmas with their parents in this city.

Miss Clorinda Cruji, Kingston, is spending Christmas at her home here.

Mr. Gordon Booth, North Bay, is spending Christmas at his home here.

Mr. and Mrs. Arthur Cruji, Brockville, are spending Christmas with the former's parents, Bleecker Avenue.

Mr. Jack Crozier, of the Dominion Bank Staff, Oshawa, is spending Christmas at his home, Forin Street.

Miss Helen Ackerman, Queen's University, is home to spend Christmas with her parents, Mr. and Mrs. H. W. Ackerman, Ann Street.

A delightful Christmas party was arranged for the old folks at the Home for the Aged on Friday evening by the Girl Guides of the city. The girls presented the Home with a Christmas tree which they decorated in the afternoon and had in readiness for the evening's program. This consisted of songs, dances, recitations and a small play. The dances were in response to a special request by the old folks. Those taking part in the program were: Mary Vose Thomson, Mickey Forster, Victoria Scott, Margaret Martin, Elizabeth Kiser, Tony Forster, Mary Geen, Jean Thompson, Mary Burton, Betty Anderson, Edna Bush, Edna Gilroy. Much applause greeted each number and at the conclusion of the program one of the residents moved a vote of thanks and three cheers were given for the Guides. Christmas carols and Guide songs were sung. The brilliantly lighted tree contained gifts for the old folks and these were presented at the close of the enjoyable concert.

BOY GIVES MITE TO TRI-POT FUND

Touching Stones of Interest to Others Revealed by Adjutant Martin

Eager eyes of little children gaze upon the picture of Santa Claus, displayed on the Salvation Army "Tri-Pot" stand down town, which has been out now for one week, appealing for "public" subscriptions to alleviate "public" need, not touched by other agencies.

Two incidents of more than human interest came under the notice of Adjutant Martin last week, who was taking a shift at the stand to relieve the worker in charge.

One poorly dressed little chap with a gaze of doubt as to whether Santa Claus would find a tree at his house, made his application to the Adjutant—"Please mister, will you give me twenty-five cents to buy a tree?" He was of course advised as to how his wants might be better provided for, but this young citizen represented the class of folks who are still in need, and how such incidents lead up to the discovery of real want.

Another young "gentleman in the making" passed by with an air of dignity, although even more poorly clad than the other, and dropped a one cent donation in the pot and seemed to feel a sense of happiness at having done what he could for "others."

Many other good folks, in hundreds pass by the same stand, and many do not even take the notice given by the first boy, or give as much as the second.

This fund, as is well known is used exclusively for Christmas cheer and united relief, administered with the discretion and experience typical of Salvation Army executives. The Army 'pioneered' the Christmas giving to the poor, which seeks to assist the needy regardless of class or creed.

On Saturday last $15.15 was given in the pot, the largest day of the past two years, and the officer in charge expresses great thankfulness, but in view of pressing winter needs, this fund needs at least another $25.00 in the pot today.

The stand will be open till tonight, and would Mr. and Mrs. Belleville do unto others, as they would be done by—"if they were just one Christmas in want."

Mona Barrie, Jack Holt and Winnie Lightner in "I'll Fix It," now at the Capitol.

POLICE, UNDERWORLD MAKE AN AGREEMENT

London, Dec. 24 (CP)—A "gentleman's agreement" between Scotland Yard and the underworld will enable Scotland Yard to release from duty all but 25 of its staff on Christmas day.

Crooks traditionally keep an unwritten truce over Christmas in London and nearly all of Scotland Yard's 500 officers will be enabled to enjoy the holiday—though it is true that 300 men can be recalled within ten minutes.

Trenton Rotary Club Plays Santa to Host of Children

Traffic Blocked on Main Street But Order Maintained

Trenton, Dec. 24.—Traffic was blocked on Dundas Street on Thursday afternoon, when Santa Claus paid his annual visit, with his expenses being cared for by the Trenton Rotary Club. He was met at the town limits by the Rotary committee and arrived at the Post Office on an Allore Co. truck. The public school pupils had gathered long before the scheduled time. Order was maintained by the teachers and a troop of Boy Scouts. Santa had the opportunity to speak to many of the children and assured many that he had received letters and that he was doing all he could to fulfill everyone's wishes. Rotarian Norman Bower was in charge of the visit of the distinguished guest. President Tom Jarrett, George Cobley, Art Cuff and many others were helping Santa give over thirteen hundred bags of candies to the many children, who welcomed Santa. Miss Nora MacLellan led the children, when they sang many carols for St. Nick. Ernest Smith accompanied on the cornet.

In previous years the pupils of St. Peter's School attended but the annual concert at the school had been scheduled before the Rotary Club were notified the day Santa would arrive. Old Santa solved the problem by a personal appearance at the school and he gave each child a bag of candy. Rotarian Charles Allore was absent at the Post Office but we heard that he stayed to watch Santa's reindeers, while he was downtown. Santa was about the same size as Charlie, so the reindeer would not be afraid of him.

Liberal Ward Elections Complete

Thursday evening wards two and six held their election of officers to finish the ward elections. Roy Westfall will head number two ward with W. Deshane as vice-chairman and L. Stinson as secretary. Councillor Henry LaFleur was chosen as chairman of number six. H. Mayhew was elected vice-chairman and I. McCaughey, secretary.

From the six ward chairmen, a President of the Trenton South Hastings Liberal Association will be elected among themselves. Those eligible for the office are: Ward 1, J. Coleman; Ward 2, Roy Westfall; Ward 3, James Dillon; Ward 4, Sam Jenners; Ward 5, Councillor Owen McEvoy; Ward 6, Councillor Henry LaFleur. The new president must be chosen before January 8th, according to the constitution of South Hastings Liberal Association.

E. Behan Heads Christmas Tournament—Mrs. Taylor Bowls Well

Twenty-seven bowlers competed in the Christmas Tournament at MacKenzie's Bowling Academy Thursday night. E. H. Behan came out on top with a three string of 725 to win the electric iron. Mrs. Carl Taylor bowled with the men and was successful in placing many of the gents behind her. Twenty-four were awarded prizes with three failing to get in the win column. The following scores were registered: E. Behan 725; F. Pafford 683; L. Yerex 679; W. Bowen 663; H. Ormshaw 659; Weaver 657; G. Bell 625; E. Bowler 590 L. Lamore 590; D. MacDonald 586; Le Fleur 579; D. Celfits 576; C. Crews 558; E. Eldt 546; N. Drolet 544; Mrs. C. Taylor 539; P. Moon 538; R. Williams 538; E. Follows 531; H. Onyon 526; H. Barker 526; C. Allore 515; D. Powers 505; A. Fisher 502; J. Alexander 460; A. Paton 455; R. Roy 327.

St. Peter's School Christmas Report

Many Christmas Entertainments

Friday night many programs were presented at the various Sunday Schools in Trenton. The Sunday School children and the parents enjoyed the programs which were presented.

Grace United Church

A very delightful Christmas concert was presented in the church with Mr. Hedley Derry, superintendent of the Sunday School, in charge of the program, assisted by Mr. Roy Brown.

Chorus, Junior Girls; Recitation, Douglas Hyde; Recitation, Jean Woodworth; Recitation, Ruth Mitchel; Rectation, Glen Hyde; "Bright Little Star", Doris Blakely and June Brown; Solo, Caroline Campbell, "Santa Claus Is Coming To Town"; "A Santa Claus, of Course There Is" by Agnes Campbell; Recitations by Harold Carswell, Dorothea Lott, Gerald Flood and Lois Eckert; The Doll Parade: Mary Lewis, Ramona Lott, Jean Woodward, Hazel Faul, Dorothy Ferguson, Lillian Ayres, Freda Buck, Viola Meyers.

Christmas Gift—Vernon Campbell, Douglas Carswell, Erwin Beattie, Shirley Keitel, Marion Bell, Marion Campney; Solo—Dorothy Mountenay; Recitations — Bobby Blakely, Dorothy Maidens and Albert Pearson. Trio—Margaret, Agnes and Isobel Campbell.

Christmas Song by Miss Gauen's Class, "Little Yeller Dog," by Marion Bell; Recitation, Grace Anderson; Recitation, Erwin Beattie; Darkey Song, Mr. Brown's Class; Play, by Senior Girls; Solo, Kathleen Parish.

"Mince Pies for Christmas"—Phyllis Dempsey, Norma Williams, Nellie Williams, Emma Brownlie, Lena Westfall, Sarah Pearson.

Recitation — "An Up-to-Date Santa Claus", Reggie Workman; Recitation, Phyllis Gray; Guitar Duet, Malcolm and George Campbell; Good-Night Song by Junior Class.

The Senior Girls taking part in the play were: King, Beulah Cooney; Jester, Dorothy Moore; Page, Beulah Flood; Courtiers, Sarah Pearson, Norma Williams, Marguerite Leland; Guards, Ruth Cory, Betty Waldron, Onnalee Rosenplot; Peasant, Margaret Smith; Carol Singers, Francine MacMillan, Marjorie Schensel, Grace McCaw, Phyllis Smith, Doris Pacey, Thelma Garbutt, Helen Moniker.

Salvation Army

The following programme was presented at the Salvation Army Hall on Friday evening:

Opening Song; Prayer; Bible Reading; Recitation, Marjory Donaldson; Primary Item, "Christmas Is Near"; Mouth Organ Solo, Russell Yarrow; Recitation, Stanley Metcalfe, "An Acrostic"; "Christmas" recitation, Barbara Walsh; Song, the Sunday School; Dialogue, "Christmas Wishes"; Recitation, Bobbie White; Dialogue, "Truebell's Troubles"; Recitation, Guy Dickens; Tableaux, "Jesus, The Very Thought of Thee"; Recitation, Harvey Yarrow.

At the end of the programme Santa Claus distributed a bag of candies and nuts to the children.

St. Andrew's S. S.

Proceeding the annual Christmas concert at St. Andrew's Presbyterian Church Sunday School over 150 children sat down to a delightful banquet which was served by the ladies of the church. Lantern slides were shown by Allen Miller and James Heath while the dinner settled before the program started which follows: Carol, "Ring Bells of Christmas" by the Sunday School; Welcome Recitation by Margaret Joan McCung; Primary Chorus, "Tiny; Candles of Night" Recitation, Dorothy Ferguson; Song, Percy Simpson; Primary Boys Dialogue, "Stockings"; Dialogue, Jean Hickerson and Reginald Campbell; Guitar Solo, Floyd Maybee; Recitation, Hubert McCoy; Primary Girls, Dolly Song; Piano Solo, Lina Marilyn McClung; Recitation, Bruce Potts; School Chorus, "Santa Claus Is Coming To Town"; Tap Dance, Jean Blair; Drill, Soldier Song, Miss Galbraith's Class; Piano Duet, Elton Jackson and Russell Wilkins; Recitation, Earl Cruickshanks; Chorus, Mrs. Brown's Class; Dialogue, Mrs. Clarke's Class; Three Quakeresses, Elsie Jackson, Alma Barker and Dorothy Mitchell; Recitation, Kenneth MacKenzie; Chorus, "Over the Fields of Bethlehem", Sunday School; Playette, "Christmas Stars" Mrs. Weddell's Class; Tableau, Miss Little's Class; Chorus, "O Little Town of Bethlehem."

The big surprise of the night was the personal appearance of Santa Claus just before the close. He gave each child a bag of nuts and candies.

Personals

Victor Nolan of Oshawa is spending Christmas with his parents, Mr and Mrs. W. J. Nolan, Dundas St.

Harry LeBeau of North Bay, is home for the holiday with his mother, Mrs. Frank Smith, North Trenton.

Mrs. Clinton Jones, of Belleville, spent a day in town last week with friends.

Mr. and Mrs. Vic Willie left for Toronto yesterday where they will spend Christmas with Mrs. Willie's parents, Mr. and Mrs. Fred Desjardins.

Mr. J. Pow will spend the holiday at St. Catharines.

Gordon Johnson, of the University of Toronto, son of Dr. and Mrs. J. W. Johnson, is spending his vacation with his parents.

Bert Langdon, who is attending the Ontario College of Pharmacy, is home for the Christmas holiday.

Bessie Keighton of St. Michael's Hospital, Toronto, is spending the holiday with her mother, Mrs. J. Keighton, North Trenton.

Maurice Almey of Williamsburg is spending Christmas with his parents, Mr. and Mrs. Almey, Shuter Street.

Mr. Averill Mutton of Bishop College, Lennoxville, P.Q., is home with his parents, Mr. and Mrs. C. Button, King Street.

Mr. and Mrs. J. L. Irish of Orillia, are spending Christmas with Mrs. Irish's sister, Mrs. J. Squier, Quinte Street.

Dr. and Mrs. J. F. Ward are in Toronto visiting Mr. and Mrs. F. M. Shearer for the holiday.

Mr. and Mrs. Alphonse Couture of Detroit are spending Christmas with Mr. Couture's mother, Mrs. Oliver Couture.

DIONNE HOSPITAL IS RIOT OF COLOR

Callander, Ont., Dec. 24 (CP)—Santa Claus has seen many strange sights during his year of travelling around the world spreading joy and happiness but for the first time in his storied existence he will see quintuplets, alive and healthy, when he drops down the chimney of the Dionne Hospital here tonight.

The home of the famous sisters—seven months old on the 28th. of December—was a riot of color. Christmas decorations were all about the place and their myriads of colors blended with the many flowers that arrived over the week end, a gift from a Brampton nursery.

The babies' mother, Mrs. Elzire Dionne, personally supervised the decorating and was ably assisted by Nurses Madame Louise de Kirilline and Yvonne Leroux.

Even then Papa Oliva Dionne was far from satisfied with the two trees he had cut on his own farm and it took a great deal of persuasion on the part of the women of the household to prevent him from going in search of others.

The babies however, seemed to approve for they gargled and smiled when Nurse Leroux switched the lights of the tree off and on, while they stretched on the table for their daily exercise.

TORONTO MINES CLOSE

Toronto, Dec. 24 (CP)—The mining department of the Toronto Stock Exchange developed a strong tone in today's abbreviated session. with trade bulking mainly in the medium-price gold stocks. Bradian was a leader of the group jumping 45 cents to 2.45 on heavy turnover. Bralorne, which has a heavy interest in Bradian, came along with an advance of 1.24 to 13.20.

Little Long Lac showed less action than usual, trading at 7.30, unchanged. Volume was fair in God's Lake at 1.95 for a gain of 5 cents. Macassa advanced 7, Pickle Crow 4, McKenzie 3 and Prospectors Airways 5 to 1.30. Reno, Sylvanite, Buffalo-Ankerite and Central Patricia all held at unchanged prices.

◆

TORONTO STOCKS
(Close)

Toronto, Dec. 24 (CP)—Cutting today's session today to 2 1-2 hours, to give brokerage staffs time to do their Christmas shopping the Toronto Stock Exchange staged a slow performance. Prices over the Board however, were firm to strong.

Ford recorded a gain of 1-4 to 28 1-4 and Nickel was up 1-8 to 22 3-4 but other interlisted leaders were barely firm. C. P. R. was off 1-8 and the big liquor issues and the oils were unchanged to soft. Walker's Common at 24 1-4 was down 3-8 and Distillers Seagrams weakened 1-8 to 13 7-8. Industrial Alcohol gained a small fraction.

BOARD ROOM GOSSIP

Brazilian Traction

December earnings both gross and net of Brazilian Traction seem likely to register still greater improvement over a year ago than was established in November figures which were reviewed in these bulletins yesterday as marking a new peak for Company's recovery. It was in December last year that earnings felt the first shock of arbitrary reduction in rates and both gross and net fell off sharply compared with November.

November was the first month since October, 1931, in which ratio of net earnings to gross was higher than in the same month of previous year. In December last year, with arbitrary reduction in rates cutting down earnings without any reduction in expenses the ratio of net to gross slumped to 47.7 per cent from 54.0 percent in the previous month. By November, this year, the ratio has been built up again to 54.4 percent and with December gross anywhere in the neighborhood of other recent months net should show a sharp increase over last year.

MAE'S CHRISTMAS CARD

Hollywood, Calif., Dec. 24—(AP)—Mae West is keeping in character on her Christmas cards.

She had a drawing of herself sitting on Santa's lap, with this jungle:

"If Santa fails to reach your house
"Just bear it with a grin.
"I wrote and said 'come up some time'
"And the dear old guy moved in."

'Flying Frenchmen' Win Two Over Weekend and Move Up Within Two Points of Maroons

Former Amateur Star Jack McGill is Hero of The Wins

LEAFS WIN

Jackson Scores Only Goal on Pass From Kilrea

(By A. E. Fulford, Canadian Press Staff Writer)

Those few who had already counted Montreal Canadiens out of the National Hockey League race took another look at the standings today and decided to withhold judgment until more returns are in.

For the Habitants showed a flash of their old-time "Flying Frenchmen" form over the week-end and, taking games from St. Louis and Chicago, jumped just two points behind Montreal Maroons.

The Montrealers' bright showing highlighted an N.H.L. week-end packed with six games and almost as many surprises. Not only did the Habitants beat the world champion Hawks 4-1 Sunday after handing St. Louis a 2-1 defeat the night before, but New York Rangers humbled Montreal Maroons 2-1 and Boston knocked over Detroit 4-3 to hold on to second position in the U.S. section.

Toronto Leafs' 1-0 win over Chicago at Toronto Saturday more to be expected but they had to wait until the second last minute of the game before Hec Kilrea passed to Harvey Jackson for the only tally. After losing Saturday Detroit beat Americans 2-1 Sunday night in the sixth game played.

McGill Stars

Jack McGill, the left winger Leo Dandurand brought up from McGill University's team, starred in the Canadiens' two victories, scoring the winning goal against the Eagles and two of their four counters against Chicago.

In the game at St. Louis Pete Lepine got a first period goal that was evened up by Glen Brydson early in the third. Bill Beveridge's stellar goaltending kept the Habitants out until McGill beat him after a passing attack with Broadway Jenkins and Wildor Larochelle.

At Chicago Canucks went out in front with three goals in the first two periods through Leroy Goldsworthy McGill and Aurel Joliat and Hawks never had a chance after that. Both teams scored in the third, McGill getting his second and Johnny Gottselig Chicago's only counter.

Hawks had served up the fastest game of the Toronto season Saturday night when George Hainsworth shut them out to tie in that regard with Tiny Thompson, Boston, and Lorne Chabot, Chicago. The game was a rough affair, twenty penalties being handed out. Bill Kendall was serving one for tripping when Jackson scored the goal that sent 14,000 fans home happy.

Rangers Take Maroons

The aging Cook-Boucher-Cook line got back into its old scoring stride when Rangers took Maroons over the hurdles at Montreal. Bun Cook scored both goals for the New Yorkers, brother Bill and Frankie Boucher assisting on both of them.

Earl Robinson, Maroon sharpshooters, brought his team back into the running in the third after Lester Patrick's team had scored in both the previous periods but the Montrealers couldn't beat their old team-mate Dave Kerr more than once. Kerr, sold to Rangers recently, stopped 37 Maroon shots compared to the 16 Rangers gave Alex Connell to handle.
period0 pl.. shrdlu shrdl un uuu

Nels Stewart has developed a habit this season of scoring goals in pairs and it was just as well Saturday night at Boston. Bruins were leading Detroit 3-2 with less than three minutes to go when the big centre scored his brace in exactly a minute and a half.

Amerks. Hard to Down

With goals by Cooney Weiland and Larry Aurie in the first and second periods to more than offset Max Kaminsky's second period counter, Detroit seemed in control until late in the third when Marty Barry's shot went in off Doug. Young's stick, tieing the score. Weiland's second goal put the Wings ahead again before Stewart's counters broke up the game.

Red Wings had to come from behind to beat the determined Americans in New York Sunday. Amerks held the lead Lorne Carr gave them in the second until Johnny Buswell scored in the third and Tommy Anderson followed through with the winning counter.

WINDSOR BREAKS WITH MONTREAL

Says N.H.L. Club Has Not Lived up to Their Agreements

Windsor, Ont., Dec. 24 (CP)—Contending Montreal Maroons violated agreements with them, directors of the Windsor Bulldog Hockey Club have broken off relations with the National Hockey League Club and will return two Maroon players now with their team.

The action of the International League Club came yesterday after Harold Starr had been sold by Maroons to New York Rangers and Sammy McManus recalled from Bulldogs to the Montreal team. The local club claims it had an understanding with Maroons, that these players would be left in Windsor for the season.

Bill Mackenzie and Aubrey Webster are still with Bulldogs but will be returned to Montreal as soon as their transportation is received.

After an emergency meeting Sunday the Club directors declared "unfulfilled promises" and players' withdrawals by Maroons had almost killed professional hockey here. In a telegram to Tommy Gorman, Vice-President, and Manager of Maroons, the directors said Gorman's promises were "shamefully violated in every particular."

The Windsor Club had worked with Maroons since 1928 although local fans had protested vigorously against the arrangement because of frequent withdrawals of players.

N. H. L. STARS

(By the Canadian Press)

Jack McGill, Canadiens, led Canadien scorers in wins from St. Louis and Chicago.

Harvey Jackson, Toronto, won Leafs' game against Chicago with the only goal scored.

Bun Cook, Rangers, scored both his team's goals when the New Yorkers beat Maroons 2-1.

Nels Stewart, Boston, got two third-period goals that gave the Bruins a 4-3 win from Detroit.

Cooney Weiland, Detroit, scored two goals and assisted in a third against Boston.

THE BIG SEVEN

(By the Canadian Press).

The tie for last place in the National Hockey League's Big Seven ranking was cut to two today as week-end scoring points were computed. Marty Barry, of Boston, Tommy Cook, Chicago, and Larry Aurie, Detroit, were knocked out of the standings and Herb Lewis of Detroit, jumped into a last place tie with Bill Cook of the New York Rangers.

	G.	A.	Pts.
Jackson, Toronto	16	6	22
Conacher, Toronto	9	10	19
Weiland, Detroit	8	10	18
Robinson, Montreal	10	5	15
Goodfellow, Detroit	7	8	15
W. Cook, Rangers	6	8	14
Lewis, Detroit	4	10	14

PLAN GALA DAY AT THE ARENA

Skating in Afternoon And Hockey Match at Night

The arena management are preparing for a big day tomorrow, in the afternoon probably one of the largest crowds ever will be on hand for public skating with the band in attendance. At night a smart hockey match between Trenton Imperials and Belleville Grills' Garage, in a regular scheduled set-to will occupy the card.

Arrangements are being made for added decorations for the gala day. Manager "Bob" Redner and his staff will say Merry Christmas to all by the best possible attention to the patrons.

Mr. Hulme is in town and will no doubt be on hand personally and we know he will be pleased to see the many happy faces enjoying recreational hours.

◆

LONDON TECS ADD TO LEAD

Syracuse Stars Win And Lose Over The Week-End

By The Canadian Press

Eddie Power's Syracuse Stars carried the heavy end of the International Hockey Schedule over the weekend and although they registered a last period victory over Buffalo Bisons they also dropped a game to Cleveland, which prevented them from jumping into a second place tie with Windsor and Bisons.

London Tecs took a 2-1 fall out of last place Detroit Olympics in overtime with the net result they stretched their lead to six points at the top of the league.

Showing unexpected power Cleveland whipped Syracuse, 5-1 in the former city Saturday night. Indians scored twice in the first and three times in the second. The marksmen were Frank Daley, Sparky Vail, Bud Cook, Cunningham and Dick Benson. Al Huggins counted for the losers, on Ken Doraty's pass.

Back on their own ice Sunday, Syracuse did a little scoring on its own account, popping in a pair in the last period to edge out a 3-1 victory over Mickey Roach's Bisons. George Massecar gave Buffalo a one goal lead in the first period but Bob Davidson got this back in the second while goals by Ronnie Martin and Jack Markle clinched the verdict for Stars.

Eddie Ouellette was the "big noise" in London's victory, the Windsor-born youth scoring both tallies, one in the first on a penalty shot and the second in overtime. Wilf Starr was the Detroit marksman.

◆

ANNOUNCE ENGAGEMENT

London, Dec. 24—(AP)— A Daily Express dispatch from Berlin said today the engagement of Juliana, Crown rincess of the Netherlands, and the Grand Duke Frederich Franz of Mecklenburg would be announced in January, according to an authoritative source.

Because the court at Amsterdam is in mourning for the late Prince Consort, the story asserted, the announcement has been delayed.

A VERY MERRY CHRISTMAS

Now and in the future, we sincerely express our desire that the Joys and Happiness of this Gala Season be yours.

CURRENT SPORT

(Day By Day)

THE SPORTS DEPARTMENT OF THE ONTARIO INTELLIGENCER WISHES ITS MANY READERS A VERY HAPPY CHRISTMAS.

"Never a Christmas morning,
Never the Old Year ends,
But somebody thinks of somebody,
Old days, old things, old friends."

Two mornings over the week end the Belleville Arena resounded with the joyous shouts of school children enjoying periods of skating and recreation. Saturday morning a goodly number were on hand, while again this morning Manager Redner and his employees were again kept busy restraining the youthful energy from bubbling over too frequently. Other free periods of skating for school children will be afforded the youth of the city three mornings this week. The Belleville Arena proves an ideal place for parents to dispatch their children during the busy holiday season, where they can be assured of adult supervision and doubly assured that no fatalities may ensue in the matter of drowning. The arrangements for free skating at the Arena followed a mutual agreement arrived at between the Arena management and the Belleville city council and undoubtedly has its merits as an excellent arrangement from both angles.

On Christmas night local sport fans can digest their turkey, etc. at the Belleville Arena, while attending a city league hockey game, that does not start until 8.30 p.m. The contestants are Trenton and Grills' Garage, both well up in the league race at present, but a defeat for either will drop them further down than desired at this stage of the race. Incidentally after the calibre of hockey dished up during last Friday's dual performance in the city league the old ice igaloo should see a very large crowd on hand Christmas night. These city leaguers are dishing up an interesting brand of hockey that pleases and simply because the loop seems to be fairly well balanced throughout. Ordinarily there are two games scheduled each night in the city league, but owing to Christmas night festivities and the fact that both Trenton and the Grills' aggregation are supposed to be the stronger brothers of the loop, a single game was deemed more profitable from all angles concerned.

In the near future there will appear in the columns of the local sport page a resume of the 1934 sports activities by months. Each month will be completely by itself and incorporated to include the outstanding events in the world of sport as happened this past season. The usual cuts will accompany the service to make the reading for the fans that much more interesting. Directly after Christmas this service will be introduced to the readers of the Ontario Intelligencer with the hope, that the articles presented will be of interest.

The United States Intercollegiate Lacrosse Association will send an all-American team to Europe next summer for a series of games, it was decided at a meeting yesterday at the Hotel Paramount. Three games already have been scheduled with Oxford, Cambridge and a North of England team.

Early today Eddie Thomas, mentor of local O.H.A. hockey teams nowadays, informed us that the initial practice of the Belleville Intermediates would be held on Wednesday night next. All players desirous of trying out for a position on the local Intermediate team are cordially invited to be present and display their wares. Every position is wide open for competition with the best players showing their wares being chosen for the coveted places on the local team. The Belleville Intermediates this season are grouped in a splendid loop and the best team possible will be drafted from the turnout of players during the next few practices.

N.H.L. News

A dry stick for scoring of penalty shots—that's the tip of Newsy Lalonde, crafty veteran manager of Montreal Canadiens in the National Hockey League.

Lalonde claims that a dry stick, fresh from the lockers, puts a spin on the puck which a wet stick cannot give. Armand Mondou, big left winger, is the Canadien team's penalty-shot performer and when at Toronto Canadiens earned a penalty shot against Leafs, he drove the puck with such force that it smashed goaler Hainsworth's stick but did not score. It was made with the stick Mondou had been using in the game. The puck travelled fast, but perfectly straight.

Canadiens got a penalty-shot against Rangers recently. Mondou again took the shot, their second, but this time with a dry stick He whipped it away at terrific speed, and the puck took a sharp curve, like one of Dizzy Dean's inshoots, to flick under Andy Aikenhead's arm-pit into the cage.

PHYLLIS DEWAR IS BEST WOMAN ATHLETE IN 1934

'Mermaid of Plains' From Moose Jaw Real Swimmer

A. MEAGHER NEXT

Miss Mackenzie, First Last Year Did Not Gain a Place

By ELMER DULMAGE
Canadian Press Staff Writer

Toronto, Dec. 24—(CP)— Regardless of what the Women's Amateur Athletic Federation will have to say on the subject shortly, Canada's outstanding woman athlete in 1934 was Phyllis Dewar, "the mermaid of the plains" in the view of more than two-fifths of sports editors participating in a Canadian Press poll.

The newspaper critics lauded the swimming accomplishments of the 18-year-old Moose Jaw, Sask., girl, holder of four British Empire games gold medals, in returning her victor over starry track and field athletes and golfers. She succeeds Ada Mackenzie of Toronto, 1933's outstanding woman athlete by virtue of her victories in the national golfing championships.

While Miss Mackenzie was losing both her open and close titles this year and Canada's track and field forces were being humbled consistently at the empire games, Miss Dewar was writing new swimming history for this country. Nationally she was unknown a year ago.

When she arrived in the east for the empire trials at Hamilton, Ont. she had no fame and few friends to tell the east about her conquests in Saskatchewan, Alberta and Manitoba. It occasioned no great surprise when she was defeated by Irene Pirie of Toronto in the 100 and 440 yards free style events.

Competing against international swimmers for the first time, Miss Dewar placed second in each of her specialties, winning a place on the team. Expert coaching did the rest. The Moose Jaw girl was supreme during the sweeping triumph of Canadian swimmers at Wembley pool.

Defeats Miss Pirie

She defeated Miss Pirie and the best speedsters of England, Australia, South Africa and New Zealand in the 100 yards free style to open her campaign. Miss Pirie was a bang-up second. Even Miss Dewar was confident she would not beat the Toronto star later in the week in the 440 yards final.

In fact for the greater part of that race Miss Pirie was in front. Then Phyllis spurted, passed her teammate who was weakening and raced in ahead. She capped the whole business an hour or so later by anchoring a relay team to victory with a great last-leg drive. That was the second victorious relay team of which she was a member.

On her way home, Phyllis stopped off in Toronto and won the Canadian one-mile championship at the Canadian National Exhibition. Now she is home, inactive as far as competitive swimming is concerned, but adhering to a strenuous training programme with a view to being in peak condition for the 1936 olympics.

Sports editors voted firmly in favor of the Moose Jaw flyer. She received 25 of the 37 votes cast. Seven went to Aileen Meagher, Halifax, 220-yard spring star who placed second in her event at the empire games and was a big factor in Canada's only winning relay effort on the track.

Single votes were cast for Hilda Strike, Montreal sprinter who was voted the outstanding woman athlete of the year 1932; Betty Taylor, Hamilton, Ont., Crack hurdler; Mrs. Alexa Stirling Fraser, Ottawa, Canadian women's open golf champion; Margery Kirkham, Montreal golfer and Irene Pirie.

IN AGAIN, OUT AGAIN, FOR GOLDSWORTHY

LEROY GOLD SWORTHY

Smart forward, who has moved up and down between major and minor hockey league teams, and is now reported sold to Montreal Canadiens by his owners, Chicago Black Hawks. Goldsworthy has been starring for London Tecumsehs, leaders of the International Hockey league. He was owned by Canadiens for 24 hours when the pre-season trade which saw Howie Morenz leave the Redshirts, took him to Montreal, but the champion Hawks immediately bought him back, only to ship him to London. Now he will again become a Flying Frenchman.

We take great pleasure at this season of the year to wish our many customers a Very Merry Xmas and a Bright and Prosperous New Year.
Our Store will remain closed until Thursday morning, Dec. 27th., 8.30 a.m.
Meagher's Clothing Store

Greetings to YOU! —AND YOU AND YOU whether you ride or walk, with Our Best Wishes for a Very Merry Christmas and a Happy and Prosperous New Year.

Spite Wife

by Ann Forester

Judy trampled pride under foot. Anything —anything to have things all right between them again. She loved Stan so.... Something of sweet despair, when he finally relented, his lips finding her lips in the dark. Surely he couldn't kiss her like that if he loved Eunice Wilson! She wound her arms about him. She crushed her face hard against his shoulder. Everything all right again....

But that night, long after Stan was asleep beside her Judy lay staring wide-eyed into the dark.

This was a new job..being Stan's wife. She couldn't change him. Stan was set rigidly in the mold of his life. She was the one who would have to fit in. She would have to fit herself into the image he wished.

A duel between herself and Eunice. A duel the more deadly because it would be fought with smiles. What was that line of Kipling's? "Never can battle of men compare with merciless feminine fray."

If she was going to fight a duel with Eunice she would have to sharpen her weapons, Judy decided.

UP HILL

CHAPTER TWENTY

In a time to come Judy was to look back and see something pathetic in the seriousness with which she tried to accommodate herself to Lockwood society. She was like an eager child trying to learn a new and difficult lesson.

As intently as she had ever learned to work, in the days before her marriage, now Judy set herself to the task of learning to play. She hired the professional player at the Country Club—a rather dour young man with a soul which never rose above the fairway—to teach her golf.

Under his curt instructions, urged by her dogged resolve to learn the game, Judy's skill increased. Moreover the mornings on the sunny links— practice amid the healing quiet of the greens, soothed her bruised heart. She made some pleasantly casual friendships out there at the club—Mary Lockerbee and her comfortable stout, blond husband. Antoinette — "Tony" Wentworth cordially hated Eunice Wilson— it is regretful to state that this was part of her charm for Judy.

One other there was who noticed the girl who came out so faithfully to practice. Dart Towers, the long and lean young bachelor with the elegant mustache, was more enthusiastic about feminine beauty than he was about golf. He was the off-shoot of a sturdy and slightly strait-laced English family, who preferred to keep him half a world away, on a monthly remittance, to dealing with him at first hand close at home.

Dart Towers— drifting to the United States, via British Columbia—had found California a delightful place to loaf. Casual friendships had brought him to Lockwood. Family connections had caused him to be taken up by the smart set—put up at the country club—hailed with delight by harried hostesses longing for an extra man to fill in at dinners and dances.

Since he had no office hours to hamper him, Dart Towers was at the club more often than any of the other men. He had strolled over one morning to watch Judy practising teeing off. Made a few helpful suggestions. Out of such scanty soil an acquaintance had bloomed.

Judy had her moment of triumph one Saturday afternoon when she drove out to the club with Stan. Eunice and Georgia were lounging in a corner of the wide verandah as they walked up the steps. Eunice—looking like a smart advertisement in a yellow flannel dress whose apparent simplicity had set Wilson back a check in three figures.

But Judy was smart and trim herself in creams and tans, and there was a warm beauty to her slim young figure which caused Dart Towers' appraising eyes to go over her approvingly.

"Come and play with me, Stan!" Eunice ordered imperiously. "Here are Georgia, Dart and I, simply honeing for a game!"

Perhaps Dart Towers saw the quick pink in Judy's cheeks. Perhaps he simply wanted to devil Eunice—there was no great love lost between them. A feline streak in the man's make-up made Eunice transparent to him. He was perhaps the only man on whom Eunice did not lavish attention—secretly she was uncomfortable in his presence and this made her dislike him, but he was indispensable as an extra man for parties, so she did not quarrel with him.

Dart Towers spoke up now: "Yes, let's start a foursome. And, if I may, let me suggest that Mrs. Carter and I play two of you. I have an idea we can win today."

It took Eunice by surprise, and a triumphant little smile tugged at Judy's lips as they started out—she and Dart Towers playing Stan and Eunice. And this time it was Georgia who remained sullenly on the porch.

Judy was too erratic to ever be an excellent partner, but on the whole she played a fair game, and Dart Towers' brilliant playing won them the match, to Stan's surprise and Eunice's obvious displeasure.

Later as they lounged in the wicker chairs waiting for the attendants to bring them the light supper they had ordered Eunice got in her barbed sting.

"Really, Judy, your perseverance has shown me up today. My game's is getting rusty—I must get out and practice every day the way I've seen you do!"

"I'll have to let Judy take me in hand, too. She licked the tar out of me today—" There was warm approval in Stan's dark eyes as he looked over at the slim figure of his wife. Judy's heart sang and a little flame of happiness was kindled within her. Oh, it would be all right.

Eunice was furious. Mary Lockerbee and her husband had joined the group and Eunice saw the knowing look which passed between them. This duel was not so secret now....and Eunice could not bear to lose.

Nor was Eunice's temper improved to meet Tony Wentworth at the Patty Warren shop the next day. Tony was surveying her small figure in one of Patty's long mirrors, trying the effect of a green sweater versus a yellow one when Eunice came in along with her faithful satellite, Georgia.

"Mary told me your game is falling off, Eunice darling," came Tony's soft southern drawl. "You'll have to smart you'self up honey. Yo' work is getting dusty!" Tony giggled wickedly and Eunice flushed with anger.

"I play better golf than you, Tony!" Eunice had to struggle to keep the temper out of her voice.

Tony opened her dark eyes in exaggerated surprise. "Oh, I wasn't speakin' about yo' GOLF, dahling!" And she giggled ever more wickedly as Eunice swept by her into the back room.

Up hill. Hard work. Sometimes Judy wondered if it were worth it. If it hadn't been so trivial! After one had worked it was hard to take play so seriously. There were times when it seemed the better part to stay in the old-fashioned library curled up with a book. Better to draw into herself and leave this petty feminine warfare alone.

But she would be alone.... She would be shutting Stan out. This was the life he wanted. She could not change him. She could only change herself.

After all, what was there left for her to do? Judy asked herself with a sort of inner panic. Her old life was gone....

Even had the old house still stood in Summerfield, even if Judy could still return to the old tranquil life with Aunt Hetty.... long quiet, busy days at the library—evenings of visiting with Maudie Watson or Rosamond Curley or drives in Ken Baker's jumpy little flivver, she knew that she would never choose it. She wanted Stan, spoiled, moody handsome Stan She wanted him even if it meant accepting this futile restless insincere life. Stan meant all of that to her.

In other moods the injustice of it struck her. There were clashes in the privacy of their own quarters. Stan's black eyes flashing:

"Oh, good Lord, are we to have that again!"

Fear stabbing Judy. "Oh honey, let's not quarrel we were both wrong—"

"I'll be hanged if I was! It's you're touchy—"

"Oh all right. All right, dear. Please—let's kiss and make up!"

Judy dreaded to see the sullen cloud come on his brow. Dreaded to see his teeth set and the angry little muscle twitch in his cheek. She thrust back her own impatience. A little while..... wait. When they had their own place everything would be all right.

If only one fight with big deeds! She told herself despairingly. But insincere smiles....honeyed words which carried a sting—the sting Eunice could put in them.....such petty weapons as golf and bridge and affecting a gay flippancy at parties....

But that was life. Life was played with a light touch these days. Judy scolded herself for being too serious minded. Men didn't like it. If she really showed Stan how deeply she loved him, it would bore him.

Crowding rushing days filled, with emptiness. She had her own intimates now — Mary Lockerbee and Tony Wentworth. Tony was the petted and spoiled only child of a wealthy retired army colonel. She had had a girlish crush on Stan since her high school days. She was quite resigned to accept Judy as his wife but she cordially hated Eunice as his ex-sweetheart. Tony was not ntirely single-minded in her friendship for Judy.

Now and then would come a day when Judy felt that she could not stand the chitter-chatter of the bridge tables. Another day golf lingo—an afternoon hanging about the Patty Warren shop, listening to Patty's smart sophistries, to the idle gossip of Eunice and Amy and Georgia—of watching Eunice's eyes glisten like narrowed jewels through the haze of cigarette smoke would drive her mad.

She dipped back into her old solace—books. Curled up in the library at three o'clock of the late summer afternoon.

How still the house was! Mrs. Carter and Amy gone to a bridge tea. Vera up in the city. Madame Carter taking her siesta upstairs in her own quarters on the third floor. The servants silent in the back of the house.

The clocks ticking.... a sleepy sound here in these great shadowy rooms. Plastered walls, frowning down on her in aged dignity..... brown leather chairs.. sombre and restful.....Judy's eyes closed, the book slipped unheeded to the floor.

She woke with a start, several minutes later. Woke to the strange warning of the unknown sense which tells us that we are no longer alone.

Nick Carter stood before the chair, watching her.

BREATH OF FREEDOM

CHAPTER TWENTY-ONE

There had been something about Judy asleep in the big chair, which had touched a spring of sympathy somewhere in Nick Carter's heart. She looked so slim and young —pitifully young, here in this gloomy brown room which breathed of the elegant Eighties. Too young to be here by herself, shut away from the sunny day outside—like a butterfly in a trap. She was Nick thought, a little thinner than she had been when last he saw her. As though these old walls had drained the young fire from her body....

Just a kid....a pretty kid...... Warmer, more natural than those other girls Stan had always played around with—that beautiful, selfish little devil Eunice, for example—and the pest, Georgia—and useless fretful Amy.,... A sweet kid....

Nick has got this far in his unusual sentimental musings when Judy's lashes lifted and he found her startled blue eyes regarding him.

"Why......I—I must have been asleep...." she stammered the obvious remark and sat upright trying to collect her scattered wits. She laughed, an embarrassed little laugh and here hands pressed her disordered hair.

"You and Eliza both have to have your siestas, it seems," the man grinned down at her, and she noticed how his plain square face lit with something of beauty when he smiled. "I just came down from the third floor and found her dead to the world. And than I walk in her and find you the same. Well I suppose all you old ladies need your rest."

The casual friendliness of his words warmed Judy's heart. Without knowing it, she had become mentally tense in the past few weeks. Wary ..too intense....when she was with Stan, swinging from the heights of romantic ecstasy when Stan held her in his arms and told her he loved her, to the depths of humiliation when she felt that she had failed him. With others she had always been watchful and alert. Only with this big friendly man did she feel entirely at ease. As at ease as she might have felt with her old childhood sweetheart, Ken Baker back in Summerfield, with the added confidence that here was a sophisticated and dependable man instead of a small town boy.

"It's the life we lead...." she explained with mock seriousness. "Knitting and crocheting and tatting.... such excitement."

He had settled down in a leather chair opposite and his white smile showed through the faint dusk of the room. "Don't tell me that you have taken up Eliza's pastimes. I can't recall that beautiful brides went in for knitting and tatting by themselves, when I lived here in Lockwood."

(TO BE CONTINUED)

Little Benny's Note Book

Mr. and Mrs. Hews came around after supper to play bridge, and pop and ma was tawking to them about diffrent subjecks and pop said to ma, Tell them what little Willie said to the Santa Claws.

You tell it, Willyum, you tell stories so well, ma said. Go on, you tell it, ma said.

Wich pop started to, saying, Well you know that little grandson of ours thinks of the darndest things to say, but this one takes the cake. It seems Pawleen here had him downtown to see the holiday sites yestidday afternoon, he said, and ma said, No, the day before yestidday, Willyum, I went to the concert with Gladdis yestidday.

All rite, the day before yestidday, pop said. Anyway as luck would have it and according to the law of gravitation, they soon found themselves in Hookbinders toy department, he said, and ma said, Not Hookbinders, Willyum, Marks and Carcus's.

Okay, okay, a top department is a toy department, pop said. At all events it seems Willie was naturelly keen to tawk to Santa Claws, and these department stores do everything on a lavish scale, including Santa Clawses, so they have 2 of them at Hookbinders, he said, and ma said, Marks and Marcus's.

No doubt, pop said. Well, it seems the ferst Santa Claws Willie encountered was a very thin one, he said, and ma said, No, a little fat one, Willyum, the 2nd one was the thin one, though of course it wouldn't change the principal of the story either way.

So it wouldn't, you go ahead and finish it, pop said, and ma said, Well I should say not, the ideer such an ideer I'm not going to tell the remains of anybody elses story, and besides, Willyum, you're so good at telling stories.

I'm not so good at bridge, but let's get down to bridge, pop said.

Wich they did, not seeming to make much diffrence to the Hewses whether they missed the end of the story or not.

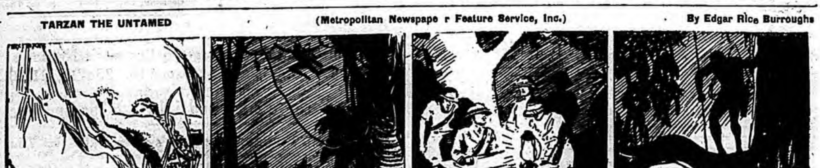
TARZAN THE UNTAMED

(Metropolitan Newspape r Feature Service, Inc.)

By Edgar Rice Burroughs



Copyright, 1932, by Edgar Rice Burroughs, Inc.; Distributed by United Feature Syndicate, Inc.

Scaling the cliff, Tarzan disappeared among the hills. For several minutes he heard the sputter of machine-gun fire concentrated upon the spot he had quitted. "Let the Reds pay for the killing of my Waziri," he mused, "but—for the murder of my mate they can never pay—no, not if I killed them all!" That night he circled the flanks of both armies, passed the British outguards and came into their lines. None saw him pass nor knew he was there.

Headquarters of the 2nd Rhodesians occupied a sheltered position comparatively safe from the Reds' observations. So, even lights were permitted. Under a great tree, Colonel Capell was discussing military plans with several of his staff.

They spoke of the numerical advantage possessed by the enemy and their own inability to advance. Already they had sustained severe losses, and the British situation was desperate. The Colonel was especially worried over another thing.

Children of Cons. School Present Splendid Program

Entrance Examination Medal Presented to Winner

Tweed, Dec. 24.—The children of Tweed Consolidated School held their annual Christmas concert at the school on Friday afternoon. An interesting program of recitations, songs and a one-act play, "Farmer Brown's Christmas", by some of the children of Miss Richardson's room was given in one of the class rooms. After the program the children returned to their class rooms where they gave presents to their class mates and their teachers. The teachers also remembered the children with candy, nuts and oranges.

The program was as follows:

Opening chorus, "The First Noel"; chorus, the primer class; recitation, [illegible]en Orr; solo, "Silent Night", by Anna McGuire; recitation, Maurice Leal; chorus, Miss Campbell's class; recitation, Helena Elliott; duet by Phyllis Dyer and Roy Thompson; reading, "How the Chimes Rang" Gerald Luffman; recitation, Helen Austin; dialogue, "Farmer Brown's Christmas"; recitation, Archie Sinclair; presentation of entrance medal to Anna Kleinsteuber; two-part song, Miss Blaney's class; recitation, Ruth Sinclair; chorus, "The First Christmas Morn"; recitation, Julia Lindsay; song with descant, "Good Christian Men, Rejoice", Mr. Connor's class; recitation, Vincent Sinclair; chorus, Miss Moran's room; recitation, Helen Courtney; chorus, "Bethlehem Lullaby"; God Save the King".

The medal presented by the Board of Tweed Consolidated School to the pupil obtaining the highest mark at the high school entrance examination in June was won by Anna Kleinsteuber and was presented to her at the Christmas concert at the Consolidated School on Friday afternoon, Dec. 21.

The W. A. of the Anglican Church held their final meeting for the year in the guild rooms on Thursday with the president in the chair. The opening hymn was "Thy Kingdom Come, O God". After the reading of the Scripture lesson and the opening prayer by Mrs. M. Wallace, she called upon Mrs. J. Elliott and Mrs. W. E. Leal to take charge of the program. A paper, "Missionary Work in the Northwest" was given by Mrs. Geo. W. Thompson. Mrs. Leal sang "Holy Night". A paper, "Missionary Work Among the Fishermen of the Pacific Coast" was given by Mrs. J. E. Elliott. The next item was the discussion of a chapter of the study book by the president. A short address by Rev. W. G. H. Swayne and the members' prayer concluded the meeting. A lunch was served to the members.

"THE FLAVOR LASTS"

The heavy snow storms of the past week have resulted in making travel on the roads by motor car very difficult. On Friday the snow plough cleared No. 37 between Tweed and Belleville and made travel much easier. Farmers will welcome the snow as it will make it possible for them to bring in their wood. The short cut between Tweed and Stoco across the lake is being used largely.

Miss Isabelle C. Campbell, Miss F. Blaney, Miss Grace Houston and Miss Grace Moran of the Consolidated school staff are spending the holidays in Batavia, N.Y., Maxville, Ont., Belleville, and Prince Edward. Miss Hazel Grindell, B.A., Miss E. Stuart, B.A., and Mr. Thos. Calnan, B.A., of the high school staff are holidaying at Guelph, Osgoode Station and Vernonville respectively.

The following teachers are spending the Christmas vacation at their homes in Tweed: Miss M. Meiklejohn, Belleville; Miss N. Allen, Flinton; Miss M. Elliott, Actinolite; Miss H. Thompson near Northbrook; Miss Millicent Moffat, Prince Edward; Miss Mabel Gunning, Carmel; Miss Evelyn Reynolds, Madoc.

Mr. H. A. Abbot of Hughendon, Alta., is visiting friends in Tweed, Northbrook and Kingston after an absence of eighteen years in the west.

The Campbell Construction Company which has been engaged recently on some highway construction work near Kaladar has secured a contract to build a section of road in northern Ontario. Mr. Archie Turnbull, an employed of the company and formerly a resident of Tweed for some time, has received notice of his tran[illegible]r to Whitney.

Jr. IV.—Pearl McCaughen 88, Marjorie Teney 85, Willie Rombough 83, Douglas Scott 78, Eugene Spencer 73, James Reynolds 70, Grant Wright 69, Marion Gay 64.

Sr. III.—Bobbie Burd 85, Doris Dafoe 83, Eugene Kelly 89, Mary Hollinger 75, Ralph Bell 73, Lyn Hanna 72, Madge Kilpatrick 58, Ralph Jamieson (absent).

Evelyn McInroy, Teacher.

Jr. Room, Jr. III Class—Kenneth McCaughen 89; Billie Read 87, Lois Spencer 82, Gordon Priest 78, Joan Ketcheson 76, Elaine McTaggart 75, Betty Kelly 70, Ruth Latchford 70, Doris Scott 69, Glenn Bamber 68, Hazel Dafoe 68, Joyce Bell 62, Gladys Woodcock 56, Hilda Knight 54, (Roy Jamieson absent for all examinations).

Class II.—Norma Hanna 79, Arthur Read 77, Ruby Kilpatrick 73, Garnold Peacock 72, (Betty Hodgins 49 absent for three examinations).

Class I—Carl Spencer 75, Glenn Priest 73, Madelene Kelly 71, Douglas Hopkins 64, Reta McDonnell 61, Bobbie Gay 49. (Rhea McCullough 27 absent for four examinations), (Reta Christie absent for all examinations).

Primer—Doris Burd, Dorothy Read, Ruth Longwell, Betty Elder, Vincent McDonnell, Murtagh Cain, Jackie Boyd, Carman Hopkins, Keitha Thrasher.

Wanda I. Sine, Teacher.

ST. ANDREW'S GILEAD W.M.S

The regular monthly meeting of the St. Andrew's Gilead W.M.S. was held on Wednesday afternoon Dec. 12th at the home of Mrs. Wilfred Clare. The president, Mrs. Fred Yorke opened the meeting by singing "Hark the Herald Angels Sing" Prayer by Mrs. Wilmot Clare. The Scripture lesson was read by Mrs. Lorne Weese from the 2nd chapter of Mathew. Mrs. Wilfred Clare sang "Disciples of Jesus." Mrs. Hubble, Mrs. C. Yorke and Verna Huffman took part in a playlet entitled "Dollars and Diana" which was very interesting and helpful. The minutes were read by Mrs. Hubble. Collection $1.33 with thirteen members and two visitors present. Rev. W. R. Merrick then took charge of the reorganization. The officers are as follows:

President—Mrs. J. O. Huffman.
Vice President—Mrs. D. Hubble.
Recording Secretary—Mrs. Fred Belcanquel.
Treasurer—Mrs. Fred Yorke.
Corresponding Secretary — Mrs. Everett Yorke.
Christian Stewardship — Mrs. Wilmot Clare.
Strangers' Secretary—Mrs. Guy Leavens.
Supply Secretary—Mrs Everett Yorke.
Missionary Monthly Secretary — Mrs. E. Huffman.
Literature and Press Secretary — Verna Huffman.
Temperance Secretary — Mrs. Wilfred Clare.
Organist—Mrs. R. Lawrenson.

Mrs. Wilmot Clare moved a vote of thanks to the retiring president. Mrs. Fred Yorke replied thanking the members for the co-operation during the past two years. Hymn "Joy to the World" was sung and Rev. Merrick closed with prayer. Lunch was served by the hostess and a social half hour was spent.

ZINOVIEFF SEIZED

GREGORY ZINOVIEFF

Outstanding Bolshevik leader, Gregory Zinovieff, has been arrested in Moscow in the purge of the Russian Communist party following assassination of Sergei Maronovich Kiroff, according to despatches from Moscow. Observers said Josef V. Stalin is determined to wipe out all opposition to his dictatorship.

ROSLIN

On Friday afternoon, December 21st, the Roslin School held their Christmas concert in the schoolhouse. A number of visitors were present. Rev. D. C. Hill acted as chairman. The program was as follows:

Opening Chorus—Merry Christmas by the School.

Reading—"Christmas" by Harold Hart.

Dialogue—"The Sick Dollie" by Margaret Harrison and Glen Goodfellow.

Song—"Santa's Trip" by Keith Harrison.

Recitation—"The Postman" by Teddy Welsh.

Recitation—"If" by Glen Goodfellow, Clare Chisholm and Harold Colden.

Song—"Santa's Helpers" by Helen Welsh, Bessie Howes, Margaret Harrison and Jean Howes.

Reading—"A Perfect Housewife" by Phyllis Sills.

Play—"A Slight Misunderstanding" by Mary Johnson, Helen Welsh, Donald Chisholm, Walter Chisholm, Dorean McAvoy.

Recitation—"Down on the Farm' by Donald Sills.

Christmas Carols by the School.

Recitation—Helen Sills.

The main item on the afternoon's programme was a debate.

"Resolved that Travel is more benefit to Education than Books."

The affirmative side was taken by Miss Margaret Sills and Master Edgar Burleigh, while Misses Reta Harrison and Hanorah McAvoy upheld the negative side.

A number of very interesting points were presented by both sides

The judges gave their decision in favor of the affirmative side.

At this period in the programme Santa Claus appeared with his long white whiskers and dressed in his bright red suit and distributed gifts from a heavily laden pack which he carried on his back.

The following address was then read to Miss Rutherford by Miss Mary Johnson while Miss Hanorah McAvoy on behalf of the school made the presentation of a vanity set:

Roslin, Dec. 21, 1934.

Dear Miss Rutherford,—

We, the pupils of Roslin School, feel we cannot have you leave our school without expressing or appreciation for your many acts of kindness to us, while you have been with us, and to also thank you for the gifts and prizes that you have given so freely out of your own money and the help you so willingly gave us with our concerts as well as our school work, and although the time you have spent in our school may not always be pleasant to remember we would like you to remember the right days and not the dark ones.

We will ask you to accept this small gift with all good wishes from the pupils of Roslin School.

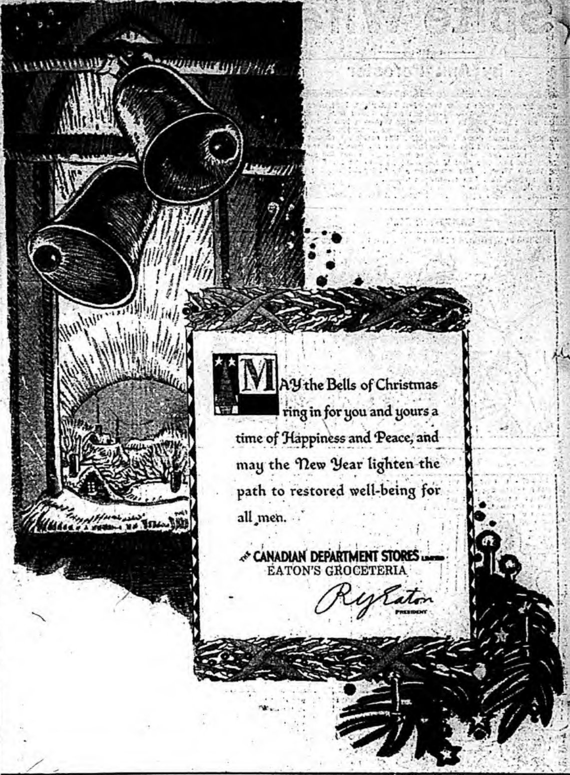
Signed on behalf of the school,
Hannorah McAvoy,
Mary Johnson.

MRS. MOSSMAN IS GIVEN BLANKET

Tuesday evening the regular meeting of Belleville Chapter 435, W.O.T.M., was held in the Moose Auditorium with Senior Regent Holland presiding.

The regular business of the chapter was transacted during which a report was read of the very successful tea and sale of home cooking held on December 6th. The winners at cards on that occasion being as follows: Mrs. Brickman, Mrs. Beare, Mrs. Symons. Mrs. Frawley and Mrs. Clare, lone hands. The door prize was won by Mrs. Deline.

At the conclusion of the meeting Mrs. Mossman who has had charge of the afternoon card parties during the year was presented with a rose woollen blanket in appreciation of her untiring efforts to make these events the successes they have been.



May the Bells of Christmas ring in for you and yours a time of Happiness and Peace, and may the New Year lighten the path to restored well-being for all men.

COACHES BREAK LIKE MATCHWOOD IN WRECK

Those Injured In Accident

TORONTO, Dec. 26.—(CP)—W. A. Kingsland, vice-president and general manager, Central Region of the Canadian National Railway Company, issued a statement at noon today listing 15 dead and 31 injured in the train wreck near Dundas last night. In addition to the names given, the statement says some passengers destined for Toronto were treated at Grace Hospital upon arrival of the special train and later went to their homes.

Thirteen of the killed were passengers and two employees. The list:

DEAD

P. F. Sise, 400 Avenue Road, Toronto.

Dr. G. A. McGuffin, Cooksville, Ontario.

Harold Pryce Jr., 134 Colin Ave., Toronto.

Daniel W. Markham, K.C., 6 Pine Crescent, Toronto.

H. Stewart Jones, 410 Dufferin Ave., Toronto.

O. H. Erlach, Toronto.

Marion Parker aged about 12 years, 100 Bloor Street East, of Toronto.

P. E. Smith, Parlor Car porter.

F. Green, Parlor Car porter.

One unidentified woman.

(Since the statement was issued, Hamilton reported identification of the bodies of four of the women. They were—Miss Alice McDougall, 20 Chaplin Ave., Toronto; Mrs. Kathleen Erlach Toronto; Mrs. Winnifred Markham, 6 Pine Crescent, Toronto, and a Miss Spackman, of Toronto.)

Following are the 31 injured listed in the railroad's official statement:

George A. Wilkie, 5 Close Ave., Toronto, trainman; burns on hands and face lacerations of scalp and both knees.

Leo Smallwood, London, fractured skull.

Unidentified woman, condition serious.

Miss Margaret Anderson, 394 Dovercourt Road, Toronto; bruises on head and hip.

Miss Dot Boddington, 335 Dundas Street east, Toronto; lacerations of forehead and back; condition fair.

Mrs. J. Bayes, 202 Campbell Ave., Toronto; shock.

Alice Baker, 528 Huron Street Toronto; abrasions and cuts on face and hands.

Harry Brennan 120 Kendal Ave., Toronto; bruises; condition good.

Miss E. N. Culver, Bank of Montreal, Toronto; bruises; condition good.

Bert Condon, 608 Dundas street, Toronto; abrasions on forehead; condition good.

Miss Daisy Copeman or Capman, 154 Close Ave, Toronto; fractured rib.

T. R. Down, 254 Avondale Ave., Toronto; sprained back; condition good.

Mrs. R. L. Down, 254 Avondale Ave., Toronto; contusions on face and leg.

W. O. Detwalter, 117 King Street W., Toronto; dislocated collarbone.

Miss Marion Garfunkle, 117 Forest Hill, Toronto; fractured rib.

C. Herne, 37 Rusholme Road, Toronto; crushed foot.

Mrs. George McCracken, Border Cities Star, Chatham, Ont.; lacerated shoulders, thigh and fingers.

W. J. McCauley, 116 Garfield Ave. Toronto; abrasions and lacerations; condition good.

W. Muir, 180 Fern or Ferie Ave., Toronto; lacerations; cuts; condition good.

W. M. Murray head office, Bank of Montreal, Montreal; fractured legs.

Cecil McBride 135 Howland Ave. Toronto; burns on hands and face; condition good.

Miss Florence McConcee, 39 Spadina Ave., Toronto; sprained muscle on shoulder and shock.

W. A. McDonald, 480 Oriole Parkway, Toronto; fractured nose.

Mrs. Hilda Parker, mother of Marion Parker, 100 Bloor Street, E. Toronto; contusions and lacerations.

Walter Rice, 90 Burnside Ave., Toronto; contusions on face and legs.

George Reid, 101 Uxbridge Ave., Toronto; lacerations face and legs.

Mary Second, 90 Chestnut St., Brantford, abrasions right thigh; lacerations face.

A. M. Smith 130 Windsor Cres., London; lacerations scalp and back.

M. K. Shafer, 100 Humberside Ave., Toronto; lacerations.

Ruth Stevenson, 100 St. George Street Toronto; abrasions and fractured leg.

George Toy, Ford Hotel, Montreal; lacerations.

Some passengers received medical attention on the special train, the statement adds, and proceeded directly to their homes in Toronto or other points.

"An investigation into the circumstances surrounding the accident is now proceeding at Hamilton," said the statement, "but it seems to be clear that it was due to a misplaced switch."

15 Dead, 31 Injured as Train No. 16 Ploughs Through Open Switch Into Christmas Special at Dundas Siding

Wooden Coaches of Special Splintered Like Matchwood, One Being Thrown on Top of Locomotive of Express—Engineer Burrell Did Not See Open Switch Until Within 200 Feet.

LONDON-TORONTO SPECIAL WRECKED

Injured Rushed to Hamilton, Station Being Made Clearing House—All Doctors and Nurses in City Render Assistance—Newspaperman on Special Helps Save Man Trapped in Washroom—Parties Separated During Fatality Some Never to Meet Again in Life

HAMILTON, Ont., Dec. 26 (CP)—Latest list of those killed in a Christmas night train wreck at Dundas, near here, today brought the number of identified victims to 14, leaving the body of one woman unidentified.

The newest list included the names of D. W. Markham K.C., prominent Toronto Liberal worker, and his wife, Winnifred; Miss Alice McDougall; Mrs. Kathleen Erlach and a Miss Spackman (initials unavailable), all of Toronto. Mr. Markham's body previously had been erroneously identified as that of a man named Smith.

Tired wrecking crews neared the end of their labor in clearing debris from the right of way near Dundas Station, six miles east of here. As they worked through the wreckage of coaches of a Christmas night special passenger train they found a woman's foot. The discovery spurred them to seek another body but they found none.

SAW TRAIN STANDING

Engineer B. Burrell, in charge of the "Maple Leaf," passenger train No. 16 of the Canadian National Railways, running from Detroit to Toronto, saw the standing train on the siding and drove on expecting to proceed down the main line. He felt his locomotive swerve sharply into the siding, applied the emergency brakes and released the couplings between the engine and cars to reduce the shock to his passengers.

Persons on the "Maple Leaf" felt a jar and the lights in the coaches were extinguished. No one on that train was injured.

It appeared the "Maple Leaf" had struck an open switch but that could not be established definitely.

Persons aboard the special train were hurled in all directions as the "Maple Leaf's" locomotive ploughed through the last coach, caused the second to telescope and broke the back of the third. Many bodies were removed from the wreckage of the rear coach, a parlor car, and more from that of the second, a chair car.

RESCUE TRAIN SENT

Ambulances and doctors were called and the railway sent a rescue train from Hamilton. Rescuers were hampered by slippery ground and by the fact a steep hill falls away almost 100 below the spot where the crash occurred.

Most of the injured were taken to the Hamilton General Hospital, but a few who suffered only minor hurts were sent to Toronto and treated at Grace Hospital there. All those treated in Toronto were said to have been sent home after treatment of superficial injuries.

Canadian National Railways policemen went to the scene of the wreck to direct salvage of passengers' property which will be held in Hamilton until owners claim it. Much of it consisted of Christmas gifts wrapped in gay colored paper which was soiled and torn in the collision.

HARROWING STORIES TOLD

Survivors told many harrowing stories of their experiences and of the horror they suffered in the darkness as they sought to help rescue the groaning and screaming injured.

Two small boys, apparently brothers, were seen a few minutes after the accident stumbling over the ties and snow crying hysterically for their father. They searched for him among the wreckage until doctors compelled them to go aboard the auxiliary train.

A Cooksville physician, Dr. G. A. McGuffin, went to London by train because he thought railway travel safer than driving in winter, he told friends. He was killed.

A young woman, painfully injured, waited more than five hours at hospital here expecting to get news of her husband. Her father arrived and assumed the watch. He identified the body of her husband.

ENGINEER BURRELL PRAISED

Passengers of the "Maple Leaf" praised the skill of Engineer Burrell in saving them from injury. He was credited with conforming to the high code of his profession. He remained in the cab and struggled vainly to avert the collision.

Burrel said that when he felt his engine swing into the siding he knew he could not stop it because the distance was too short. It was estimated his train was travelling about 55 miles an hour.

The rear coach of the special, broken and twisted, was thrown up on top of the locomotive of the express and the cries of the injured

(Continued on Page 3)

One Dies Believing it Safer by Rail Than by Automobile

TRAINS FORM PYRAMID

Decorations Hanging in Hospital Where Victims Taken

Cooksville Ont., Dec. 26 (CP) — Dr. G. H. McGuffin of Cooksville, is dead because he believed it would be safer to travel to London, Ont., by train than by automobile.

Mrs. A. H. McFadden, widow of the physician whose practice Dr. McGuffin assumed, said Dr. McGuffin told her he was going to London by train because it was "safer." He was returning last night on the London-Toronto special train which was struck by the Detroit-Toronto flyer at Dundas.

Mrs. McFadden drove his car to the Toronto station to meet him. He did not appear. She drove home and found a telegram reporting his death.

Different Versions Given

Hamilton, Ont., Dec. 26 (CP)—Christmas decorations, holly and bunting today hung in the General Hospital where victims of last night's Dundas train wreck were brought in ambulances.

Some of the victims, not seriously hurt, told their versions of what happened when the Detroit-Toronto express plowed into the rear end of a standing Christmas night special train bound from London to Toronto.

W. C. Rice, Toronto representative of the Regina Leader-Post, said he heard the approaching express and glanced backwards to watch it pass the standing train on which he was a passenger. As he turned his head he saw the front of the express locomotive bearing down on the car in which he sat. He was hurled across the car and through a window, landing with his hands on the roadbed outside and his toes clinging to the window sill. He was not seriously hurt.

Family Separated

Mrs. Philip P. Sise, of Toronto, had asked her husband to get her a drink of water. He was at one end of the car near the water cooler when the crash came. Mrs. Sise, badly hurt, was brought to the hospital here. She waited hour after hour for news of her husband. He did not appear. He was dead. Mrs. Sise's father arrived at the hospital in time to spare her the task of identifying the body.

Could Hear Cries

(By Donald J. McFarlane)

Hamilton, Ont., Dec. 26 (CP)—You could hear the cries quite distinctly as soon as you got to the station.

We had been playing bridge at the home of a friend when the father of one of the girls telephoned to say he needed the car. He told us about the train wreck. Playing bridge with us were two girls, Miss Mae Wright and Miss Minnie Sturrock, who had had some training as nurses.

I want to say those girls did some fine work. They did everything possible to aid the doctors.

There were other nurses, too, and considering the equipment at hand, it was remarkable the work they did.

Dr. D. M. Livingstone, Dr. R. Smith and Dr. Bill Swann were some of the doctors there first.

Trains Form Pyramid

It looked as if the two trains had come together and formed a pyramid. On top was a man. He was black as soot and he looked as if he had been caught there. Evidently he had been between two cars at the time of the collision and when they buckled he was on too. It took them some time to get him down.

The terrible thing about it was that you felt so helpless. There was so little I could do. I took three women who had been in the flyer to the hospital. They were just shaken up a little, but they were mighty thankful for the way the engineer had handled their train. They said it was just moving at the time they went into the siding. The engineer had uncoupled the cars when he saw there would be a collision.

I think they took eight dead out of the first coach that was hit. I saw one lady who was taken out unconscious. She lived only a few minutes after they got her out. Another lady died on the auxiliary car that came up from the city.

The place where the wreck occurred is difficult to reach. It is several hundred yards from the station and cannot be reached by motor car.

NEWSPAPERMAN ON SPECIAL TRAIN GIVES DETAILS

Most Horrifying Sight of Life Says Reporter of Wreck

SAVED ONE MAN

Coaches Telescoped And Passengers Thrown in All Directions

By Douglas Mackie

Hamilton, Ont., Dec. 26 (CP)—I was seated in the fourth car from the rear of the London-Toronto train which was drawn up at the siding at Dundas.

Just after receiving a telegram informing me that I was due back at work in Sudbury on Wednesday (this) morning, I looked at my watch. It was exactly 9.22 p.m.

A second or so later the entire train shuddered with such violence that all the people in the car were thrown forward in their seats. At the same moment the lights went out. Silence reigned for a few seconds and then the air was filled with shouts of confusion as the passengers realized that the train had been struck.

(Continued on Page 3)

Engineer Averts Greater Loss by Quick Thinking

Hamilton, Dec. 26.—(CP)—Engineer B. Burrell and the crew of the Canadian National Railways train No. 16 living up to the traditions of railroading, averted even greater death toll in the Dundas Station train wreck it was revealed here today.

Seeing no hope of preventing the speeding locomotive of No. 16 from piling into the rear of the "special" train on the siding, Burrell prevented the coaches he was hauling from telescoping behind him. He ordered the locomotive cut loose.

Somehow the trainmen managed the deed. The conductor in charge was E. Palmer. The locomotive, its string of cars rattling along behind it, ploughed into the standing train and when the free coaches bumped it there was scarcely any shock. The jar was only sufficient to extinquish lights in the train.

Railroad officials freely admitted the engine crew had lived up to the finest traditions of railroading. One passenger expressed surprise there had been no great shock after the collision. "There was only a slight jar, after which the lights went out," he said.

Misplaced Switch Probable Cause

Toronto, Dec. 26.—A statement issued by W. A. Kingsland, Vice-president and general manager, Central Region, of the Canadian National Railway, said "It seems to be clear" that the accident "was due to a misplaced switch". An investigation is proceeding into further circumstances of the accident which sent a Detroit-Toronto express train plowing into the rear end of the special Christmas train from London to Toronto.

TRAIN WRECK INQUEST WILL OPEN ON MONDAY

Hamilton, Dec. 26—(CP)—An inquest on the bodies of the victims of the Dundas train accident will be held at the court house here next Monday evening. Dr. J. H. Mullin will preside.

It was learned here today the Ontario Provincial Police are conducting an investigation into the fatality which took the lives of 15 persons and injured numerous others.

Ottawa, Dec. 26 (CP)—The Board of Railway Commissioners will conduct an investigation into the cause of the Canadian National Railways train wreck near Dundas, Ont.

WEATHER

Toronto, Dec. 26 (CP)— The weather has been very cold in the West with light snow in Southern Alberta. Snowfalls have also occurred on the Great Lakes while from Quebec eastward it continues fair and moderately cold.

Lake Superior: Strong northwesterly winds with snowflurries; becoming much colder.

Kenora and Rainy River: Moderate to fresh northwest winds; fair and decidedly cold.

Manitoba: Moderate winds; fair and very cold

Britain Faces New Year With Every Indication Of Steady Improvement

November Exports Rise Ten Million Dollars Over Year Ago

SALES ABROAD RISE

Measured But Steady Economic Activity is Reported

London, Dec. 26 (CP)—Indications that England faces the new year on an increasing plane of recovery were seen today in Board of Trade statistics which gave evidence of improved business conditions throughout the country and of British trade abroad.

Exports in November, it was pointed out, were £2,000,000 above the mark set in November, 1933, an increase due in a great measure to increased sale abroad of British manufactures. Exportation of these manufactures was, as a matter of fact, £1,700,000 above last year's November mark although importation of similar articles was as great last month as in November, 1933.

This commercial expansion is the result of great economic activity, the progress of which has been measured, but constant. The coal industry revealed considerable activity. Domestic demands and orders from abroad have been increasingly heavy, and this has been true of commerce in general.

The heavy industries have benefitted by a new expansion movement and have recorded increased demands from abroad. Consumption of cast iron in Great Britain has been particularly strong and its production higher than a year ago. Production of steel is maintaining the advance it made in October over last year.

Fifteen Bodies Taken from Wreck

Hamilton, Dec. 26—(CP)— Fifteen bodies had been recovered at 6 15 a.m. today from the wreckage of the train crash at Dundas, Ont., seven miles west of here last night. All the bodies were in the Hamilton General Hospital morgue, but only 10 had been definitely identified The bodies of five women remained unclaimed. The list of known dead follows:

Marian Parker, 15 (100 Bloor St. E) Toronto.

P. F. Sise, 400 Avenue Road, Toronto.

Fred Green, colored porter, London, Ont.

O. H. Erloch, Toronto.

Dr. G. H. McGuffin, Cooksville, Ont.

P. E. Smith, colored porter, Toronto.

Smith (initials not available), colored porter, London, Ont.

Harold Pryce (134 Colin Ave.) Toronto.

Harold Pryce, jr., Toronto.

H. S. Jones, (410 Dufferin Ave.) London, Ont.

7 PERSONS DIE CAR-TRAIN CRASH

Car is Carried Two Blocks Near Harvel, Ill., Early Today

Chicago, Dec. 26 (AP)—Seven persons, all believed to have been workers in the Illinois Emergency Relief Station in Chicago Heights, were killed today when the automobile in which they were riding was struck by the "International Limited" of the Grand Trunk line at a crossing near suburban Harvey.

The automobile was driven by John Burk of Chicago, an employe of the relief station. From a list of missing employes of the station the other victims were believed to have been Mrs. Ruth Greenberg, Mrs. Hope Hines, Mrs. Harvey Friedmann, Mrs. Marion Riggs, Miss Mary McCann and Wendell Tarkoff, all of Chicago.

The bodies of four women and two men were taken to a Harvey undertaking establishment. Harvey police said attempts were being made to extricate another body lodged under the locomotive.

SUPPOSED DEAD, IS ALIVE

Hamilton, Dec. 26—Harold Price Toronto, supposedly dead in train wreck has turned up alive at the General Hospital in Hamilton.

Dundas Wreck Recalls Other Major Accidents

Toronto, Dec. 26 (CP)—The accident between two Canadian National Railway trains at Dundas last night which resulted in 15 deaths, recalls other previous major railway accidents in Canada. Herewith are a few.

1857 (March 12)—Desjardins Canal; train broke through canal bridge; 70 killed out of 90 on train.

1864 (June 29)—St. Hilaire; train derailed on bridge; 83 killed and 200 injured.

1872 (June 22)—Near Shannonville, Ont., engine derailed; 30 killed.

1884 (January 2)—Near Toronto; collision on Grand Trunk; 31 killed.

1889 (Feb. 27)—St. George, Ont.; collapse railway bridge; 17 killed.

1889 (April 28)—Near Hamilton; train derailed; 17 killed.

1892 (Nov. 15) — Near Trenton, Ont.; collision on G.T.R.; 12 killed.

1902 (Dec. 26)—Wanstead, Ont., collision on G.T.R.; 28 killed.

1910 (Jan. 21)—Webbwood, Ont., C.P.R. train derailed at bridge over Spanish river; 63 killed.

1915 (July 7)—Queenston; electric railways car jumped the rails; 16 killed.

1929 (March 20)—Drocourt, Ont.; C.N.R. head-on collision; 14 killed.

1930 (June 26)—C.N.R. train slipped in river following washouts near Vermillion Lake, Ont., 15 killed.

1930 (June 27) — C.N.R. train wrecked near Capreol, Ont.; washouts; 9 killed.

BANK IN TORONTO IS ROBBED TODAY

East End Branch of Royal Bank Loses $1,500 to Bandits

Toronto, Dec. 26 (CP)— Two armed men entered the East End Branch of the Royal Bank of Canada at Gerrard Street and Greenwood Avenue shortly after noon today and after herding the staff and customers into the vault made their getaway with $1,500.

Rushing from the bank they sped away in a waiting car, while A. Elliott, bank book-keeper fired revolver shots after them. The bandits disappeared, however, leaving no trace.

NUMBER 13 CHAIR PROVES LUCKY

Nurse on Start of Trip Says '13' is Lucky And So it Proves

London, Ont., Dec. 26—(CP)—Chair number 13 was lucky for Miss Daisy Copeman of Toronto, a sister of Mrs. R. R. Caughey, of 64 Wharncliffe Road. South, in the opinion of Mrs. Caughey.

Miss Copeman suffered a fractured rib, according to word received by Mrs. Caughey, but the latter believed today her sister was lucky to be alive.

"I was down to see her off last night," said Mrs Caughey, "and we were joking about the bad luck in having chair number 13. But my sister laughed right back. She said it was lucky, rather than unlucky and said that she guessed she'd be all right. Having come through the Great War unscathed. She was a nurse in the war."

Mrs. Caughey said she was going to Hamilton hospital today to see her sister who had just spent the Christmas holiday with her here.

LITTLE DAMAGE AT COTTAGE FIRE

On Monday evening the fire brigade had a run to Dundas Street. A slight blaze occured in a summer cottage owned by Mr. D. La Rue which was extinguished before much damage resulted.

PASSENGERS IN FEAR

S.O.S. Call is Heard But Steamer is Too Far Away to Aid

In what was reported by her passengers to have been her grimmest battle with the elements in her many years of oceanic travel, the S. S. Sulairia pounded and buffeted by one of the worst storms experienced in years on the Atlantic crawled into port at Halifax last week two day's overdue. She carried with her as a passenger Mr. Frank High of this city who returned from abroad on Friday after having spent the past several months in England, renewing friendships in London and Essex County.

Today at his home at 363 North Charles Street, Mr. High related a story of actual terror, that gripped the passengers in mid-Atlantic as the ship limped slowly through mountainous waves, decks awash and superstructure pounded by the combers, that towered up to her steaming funnel and smashed at the battered bridge.

None of us ever expected to see land again," stated Mr. High this morning. "Some of the passengers, even the hard bitten old cowboys, that were returning to the west after having convoyed their cattle across, got down on their knees in the stateroom and prayed for help. Lots of the passengers were hysterical and the captain and crew had their own trouble in keeping order."

Radio Messages Received

Had the Sulairia delayed her sailing from Glasgow for one day she would have undoubtedly been the first one to reach and offer aid to the stricken tanker Usworth ill starred boat which founded in mid-ocean with the loss of several lives. Quivering radio messages for aid crackled through the storm and were picked up by the Sulairia's receiving set, but on receiving assurance, that the Belgian freighter, Jean Jadot, was rushing to the stricken boat's assistance, the Sulairia with propellors thrashing out of the water continued on her way. Throughout the night, however, the same radio messages were being intercepted and passengers were informed of the rescue work going on.

Although Mr. High is a seasoned traveller, he has no desire to repeat a voyage with similar experiences. The sturdy boat managed to head into the storm and crawl through the mountainous troughs of the sea safely, but the trip was not made without considerable damage to boat and fittings.

A new note of prosperity and a better feeling all around is noticeable at the present time, stated Mr. High. A stronger feeling of better times is also evident, and it is reported that industrial conditions are definitely on the upgrade.

2 C. C. M. BIKES WON IN THE CITY

Ernie Parks and George Fordyce Write Best Essays

Two fine C.C.M. bicycles were presented at the Capitol Theatre Saturday to lucky winners of a contest for boys and girls conducted by the Quaker Oats Company, of Peterborough through The Ontario Intelligencer. Each contestant had to submit an essay under rules stated in this newspaper, and in the essay name his groceryman. Over one thousand essays were submitted from this district, while the total received for the Dominion ran into hundreds of thousands. Belleville supplied two winners in Ernie Parks, 47 Bettes street, and George Fordyce 67 Cedar street. The bicycles were presented by Santa Claus in person, who visited the Capitol Theatre Saturday afternoon with presents for the kiddies. On account of the absence in Toronto of Ernie Parks, the bicycle was received on his behalf by his friend, Ralph Grigg. In all there were one thousand bicycles given as prizes all over Canada to boy and girl winners. Judges included Lord and Thomas, advertising agents, Toronto; Terry Turner, advertising agent, Toronto and officials of the Quaker Oats Company.

SLIPS ON HIGHWAY STRUCK BY MOTOR

Driver Attempts to Avoid Striking Man, But Blow Glances

James O'Brien, employed at the Trenton Airport, was at an early hour on Christmas morning the victim of an accident. O'Brien was walking on the highway near the Airport when he slipped and fell. At that moment a car driven by Amos Wicks of Trenton, was proceeding eastward and the driver was unable to avoid striking the prostrated man. It was a glancing blow, resulting in O'Brien sustaining facial and head injuries. He was taken to the local hospital and is doing as well as can be expected. No blame whatever is attached to the driver of the car.

MIDNIGHT MASS AT ST. MICHAEL'S MOST INSPIRING

Church is Thronged With Worshippers and Visitors

PASTOR CELEBRANT

Rev. Christopher Keating, S.J., Delivers The Sermon

St. Michael's Church was thronged with worshippers and visitors on Monday evening when the great Feast of the Christmas began with the celebration of Solemn High Mass at midnight. The beautiful high altar was brilliant with lights and flowers. The pastor, Rt. Rev. J. F. Nicholson, V.G., was celebrant at Mass, Rev. C. E. Baker acting as deacon, and Rev. J. J. Collins, subdeacon.

Preceding Mass a procession of children to the crib was a touching and inspiring sight. The lights in the church were lowered, leaving one shaft of light on those in the procession. Children representing angels, shepherds, St. Joseph and Blessed Virgin proceeded from the sanctuary to the crib echoing the strains of "Gloria" as a quartette of boys sang a Christmas hymn. The figure of the Infant was laid in the crib at a splendid presentation of the scene at Bethlehem.

Music Beautiful

The music at Midnight Mass was beautiful. A special Mass "The Missa Brevis" by A. Ferber was prepared by the choir under the direction of Mrs. James Grant and was sung in perfect style by the choir, Miss Dorothy Grant presiding at the organ.

Before Mass, Mr. Jack Fahey sang "Holy City," and a quartet of boys, Jack Barrett, Harold Davison, Douglas Duminie and Bill Meagher sang "On Judea's Hillside," and Christmas hymns. Harold Davison was the soloist for "O Holy Night" at the conclusion of the procession. At the offertory a quartet, Miss Dorothy Grant, Mrs. J. Trualsch, Messrs. Harold Barrett and Ed. Brown sang "Adeste Fideles," while the soloists at Communion were Mr. Ed. Brown who sang "Holy Night"; Mr. Jack Darlington "Mother of Sorrows"; Mr. S. R. Burrows, "The Lord is My Light"; Mrs. R. A. Flynn, "In Judea" and Mr. Harold Barrett, "Night of Nights."

Spoke on Christmas

The sermon at Midnight Mass was delivered by Rev. Christopher Keating, S.J., rector of Regiopolis College, Kingston, an eloquent pulpit orator who spoke n the significance of Christmas.

God had revealed Himself in the world at various times, the speaker said. The inspired books of revelation contain records of His goodness to man. He was manifest in the Garden of Eden, displayed His power in the deluge and made known His commandments at Mt. Sinai, but on that far-off Christmas morning He came to mankind not in the guise of a mighty ruler, or an avenging judge or an omnipotent law giver but in the form of a Babe in the manger. He would steal into the hearts of men and conquer them, winning them not by fear but by the power of affection.

The speaker exhorted his hearers to repair in spirit to that scene at Bethlehem, where the Blessed Virgin and St. Joseph and the Christ Child with the invisible hosts of angels commemorated the great Feast of the Nativity—of God Made Man.

We should put our hearts in order and receive Christ who would dwell therein. The angels had sung "Glory to God in the Highest and on earth, peace to men of goodwill." Individuals and nations may experience that peace that passeth all understanding wholly on condition that their hearts are filled with good will to God and man.

Monsignor Expresses Wishes

At the end of Mass, Monsignor Nicholson expressed pleasure at the large attendance, stressing the large number who had received Holy Communion. He wished all present every grace and blessing of the Infant Saviour not only at Christmastide but for the coming year.

Masses were celebrated at seven, eight-thirty and ten-thirty o'clock, the last being a High Mass said by Father Keating.

Benediction of the Blessed Sacrament followed High Mass and although the services for the day were then concluded, hundreds of parishioners, young and old, visited the crib during the day. Here was splendidly shown the scene of the first Christmas in the hills of Judea, the lights of the city in the background, while angels, shepherds and the animals in their flocks worshipped the tiny Babe in the care of the Blessed Virgin and St. Joseph.

TWO INJURED ON CHRISTMAS EVE

James Moffat's Car Strikes Parked Motor

Toys and Christmas presents were strewn about the highway following a motor accident on Highway No. 14, near Bonarlaw early Christmas Eve, when an automobile, driven northward by James Moffat, Marmora, collided with a parked car the property of A. B. McComb, Bonarlaw. Doreen Woodcock, aged three years, a passenger in the Moffat car sustained a broken right leg while Annie Moffat, another passenger sustained an injured right ankle.

According to Traffic Officer Ervine, who investigated, the Moffat car was a complete wreck, being badly damaged during the collision The injured persons were removed to the Belleville General Hospital where little Doreen's fractured leg was reduced. Mr. Moffat also sustained slight shoulder injuries. The accident happened just after the Moffat car had passed over a rising knoll on the road. Mr. Moffat was returning home after completing his Christmas shopping the highway being strewn with parcels where the accident occurred.

FIRST PRACTICE

Local railbirds will be treated to their initial peek of the season at the aspiring intermediate O.H.A. players tonight when the season's first practice will be held. Manager Eddie Thomas announced this morning that final arrangements had been concluded between the Belleville Hockey Club and the Belleville Arena with the result that every available evening from the hours of 7.00 until 8.00 p.m. the local O.H.A. squads will hold sway at the local ice emporium this season.

Manager Thomas stated today that no position on either club was being held or promised to any particular players no favourites being shown. "Each place on the two local teams is open to the player making the best showing during practice, we are opening the season with the intermediate practice tonight simply because that club is scheduled to play in exactly eight days, junior practices will follow next week," stated Skipper Thomas.

'BOXING DAY' TO BE BIG ONE

Servants of Public to Receive Gigts on This Day

By FRANK H. KING

London, Dec. 26 (AP)—If the record amount of money in circulation in the British Isles has anything to do with individual prosperity, today ought to be a big "boxing day", auguring the prosperity Great Britain hopes to consolidate during 1935.

"Boxing day" is when the postman, the policeman, the newsboy, the butcher boy and hosts of their ilk call at homes and get annual contributions for services they have rendered during the year.

There is the equivalent of more than $2,000,000,000 in notes circulating in this country, which is a new all-time record and $50,000,000 more than last year, causing this country to greet 1935 with calm confidence.

Hope was expressed for another year of slow but steady recovery, marking progress toward the old days of national prosperity which England has not seen since the sudden crisis of 1931.

In 1935 three outstanding events or series of events are expected. One is a general election, at which Ramsay MacDonald's national government will seek another mandate from the people for non-party administration. The spring and summer will feature a royal jubilee, marking 25 years of King George's presence on the throne. In the realm of legislation, probably the most important reform in a century of law-making at Westminster, the India Bill, giving large measures of home rule to India, will mark the parliamentary year.

As for the "new deal", legislation of North America some of it already is old upon the statute books of this country, including national social legislation, stock exchange control, marketing schemes, government housing schemes, collective bargaining, codes and government control or supervision of business and industry.

Probes Munitions

LORD MACMILLAN

Lord Macmillan is named as the president (probably) of the royal commission established to investigate the armaments business in Great Britain. Lord Macmillan is well known in the British Dominions and served as chairman of a royal commission which investigated banking in Canada at the request of the British government.

PLANE CROSSES OVER ANTARCTIC

2700 Mile Flight Made by Ellsworth And Belchen

Wellington, New Zealand, Dec. 26 (AP)—Lincoln Ellsworth, Antarctic explorer, and his pilot, Bernt Balchen, were reported today to have made a successful aeroplane flight across the Antarctic from Deception Island to the Bay of Whales.

Admiral Richard E. Byrd and his Antarctic expedition are now encamped at Little America Antarctica, which is on the icy "shore" of the Bay of Whales.

The Ellsworth-Balchen flight apparently was 2,400 miles, for Deception Island is one of the South Shetlands group, lying approximately between Cape Horn and the South Pole.

The flight was made yesterday, Christmas Day.

The report did not say whether Sir Hubert Wilkins, the partner of Ellsworth on the expedition, was in the plane with Ellsworth and Balchen.

It did, however, say that the members of the expedition intended to have a great time in their encounter with the expedition headed by Admiral Richard E. Byrd at Little America.

SOILED PRESENTS TELL TRAGIC TALE

Little Greeting Card Falls From Handbag After Dundas Wreck

Hamilton, Dec. 26 (CP) — A woman, or perhaps it was just a little girl somewhere is bereft of her Christmas gift from "John and Mary", and also her friends.

"Anne—much love, John and Mary." Just a little greeting card, the kind thousands read Christmas morning but behind this soot-grimed piece of pasteboard there was a tragic story. In the darkness of the Dundas station wreck, railway officials picked it up last night after it fell from a handbag full of Christmas gifts.

And, the gifts will never be delivered for John and Mary, these were not their true names of course, died in the wreck. Their remembrances, dirtied and broken, were put aside in a special car, unidentified and unclaimed. Somewhere, "Anne" is waiting for the happy meeting that will never come.

Obituary

JOSEPH GEORGE CARNEY

Many friends and acquaintances in Belleville of Joseph George Carney will regret to learn of his death which occurred on Friday, Dec. 21st, at Hammond, near Chicago.

The late Mr. Carney was born in Kingston, his parents being the late Mr. and Mrs. Michael Carney. The greater part of his life was passed in Chicago. For the past five years and until recently, when he returned to Chicago, he had made his home with his brother, Mr. Frank P. Carney, 110 Victoria Avenue in this city. He was a man of fine character and was held in high regard by all who knew him He was a member of the Knights of Columbus being a Fourth Degree Knight, and while residing in Belleville he was a devout member of St. Michael's Church.

He was a bachelor and is survived by his brother, Mr. Frank P. Carney and his sister, Miss Annie Carney of this city.

The body of the late Mr. Carney will arrive today and will be conveyed to the residence of Mr. Frank P. Carney, Victoria Avenue.

Police News

"It was one of the quietest Christmases in many years, in our department," stated Chief Kidd today in reference to activities in and about local police circles over the holiday.

A rather seasonable gesture was exemplified by a local citizen on Christmas Eve when he requested the local police to send all transients, who stayed Christmas Eve at the police station, to a local cafe where Christmas dinner would be provided at his expense. Only three transients were registered at the sergeant's desk on Christmas Eve, all being provided with an excellent dinner at the expense of the charitable citizen.

A minor motor accident, that resulted in one person being slightly injured, happened at the corner of Pinnacle and Bridge Sts. at 11.30 p.m. Christmas night, when two automobiles collided. Leslie Pearsall, 25 Queen St. was proceeding westerly on Bridge St. when another motor car driven in the opposite direction by Clarence Ketcheson of Halloway, sharply made a left-hand turn at the intersecton. The two cars collided practically head-on, with the Pearsall-driven car being badly damaged about the radiator and fenders. Loca police investigated and found that Miss Muriel Walmsley, Napanee, had sustained severe facial cuts as a result of the glass that was broken in one of the car windows.

15 Dead, 50 Injured as Train No. 16 Ploughs Through Open Switch Into Christmas Special at Dundas Siding

(Continued From Page 1)

could be heard in the town of Dundas below as the fast Detroit to Toronto train smashed into the wooden cars of the special.

Ten Identified

Early today 10 of the dead had been identified, and five women lay in the morgue of the General Hospital here, unknown. Surgeons and nurses at the hospital were doing their best to care for the 33 emergency patients admitted. At least 20 others, who had been hurt, were attended in other places.

Most of the passengers on the train and most of those killed were Toronto people but among the casualties were residents of London, Ont., Cooksville, Ont., Brantford, Ont., Montreal and one woman from Chatham, Ont.

The special train, composed principally of wooden day coaches and crowded with people returning from Christmas holidays, arrived at Dundas shortly after nine o'clock, and backed into the siding, according to schedule, waiting for the regular express train to pass through.

It had been at rest about 10 minutes, when the headlight of the express flashed into sight. Instead of continuing along the main line, the locomotive took the switch and streamed into the siding where the special train lay.

Engineer B. Burrell applied emergency brakes but the distance was too short. The entire special train was knocked several hundred feet along the right of way, with wreckage flying in every direction. Burrell had, however, thrown a lever that uncoupled all the cars in the express. The uncoupling diminished the shock in the cars behind the moving locomotive to such an extent none of the passengers on the express were injured.

No official statement could be obtained as to responsibility for the wreck. It was evident the switch had not been set for the express.

Rescue work was begun immediately by uninjured and slightly injured passengers of the trains, Dundas station employees and others, who rushed to the scene. An emergency call was sent to Hamilton and all available ambulances and doctors were pressed into service.

Those who reached the scene immediately after the crash were horrified at the sight. Severed limbs and mangled bodies were extricated from the wreckage or found along the right of way.

One man who apparently had been sitting in the end seat of one of the coaches was pinned in the crash and remained in the same position for two hours before he was freed. Partly conscious, his face covered with soot, his clothes in tatters, he murmured occasionally, a twisted smile on his face, as men wielded axes by torchlight to release him. Doctors gave him stimulants. Finally he was released through the floor of the coach and was rushed by ambulance to the hospital.

Douglas Mackie, a reporter for the Sudbury Star, was in the second coach ahead of those smashed. He aided a number of the injured and helped save the life of one man trapped in a washroom with steam escaping and filling the small compartment.

"I can't see how anyone could have been in those coaches and lived," said Mackie. "It was horrible. The screams of the injured and dying were mingled with the shouting of those in the other coaches."

The baggage room of the C.N.R. station on Stuart Street was compared by an old soldier with a clearing station behind lines after a major battle in the war.

Railway Line on Cliff

The scene of the disaster was in a rugged section of country. The railway line runs along the edge of the Dundas Valley, high over the quiet little town. Dundas station itself is set in the side of a precipitous slope. Down below the tracks for some distance there is an almost sheer drop of about 150 feet.

The darkness and damp, raw air added to the horror of the scene. It brought to a tragic end many people celebrating one of the most joyful festivals of the year.

Injured began to arrive at the Hamilton General Hospital shortly after 11 p.m., barely two hours after the crash. They came at first in ones and twos, but with the arrival of a special train bearing injured from the scene of the disaster, stretchers began to enter in quick succession. An augmented staff of doctors and nurses quickly administered first aid.

Nurses bustled to and fro bearing instruments, bandages and other appliances to alleviate the suffering of the injured. Anxious relatives and friends stood quietly in corridors watching with bated breath as the door of the admitting room opened.

Heart-Rending Scenes

One of the most heart-rending sights was a young woman, holding a dog's leash tightly in her hand. The animal, apparently sensing the tense atmosphere, gazed steadfastly at her. She had been uninjured but had become parted from her husband during the confusion. She watched anxiously as each case entered the hospital.

Then as the pace of the number of arriving stretchers gradually dwindled and finally stopped, she asked: "Are there any more to come?"

"I don't know," replied a newspaperman. "I think that is all."

"Oh, there must be more," she cried, and sank into a chair, sobbing.

Brought in on Stretchers

Occupants of the stretchers looked more like members of the engine crew than passengers as they came into the hospital. Some lay still on the stretchers as they were taken into the emergency room for first aid treatment. Others moaned with pain as their wounds were treated.

Internes of the hospital were kept busy while other practitioners of the city entered and offered their services.

The first case to arrive at the hospital was that of Mrs. Hilda Parker, of Toronto. Her uncle, William Parker, superintendent of the Hamilton Street Railway, arrived shortly afterwards. Later it was discovered Mrs. Parker's 15-year-old daughter, Mary, was among the dead.

Travelling 55 Miles an Hour

Survivors estimated the Chicago-Montreal Express was travelling about 55 miles an hour as it approached the siding. The signal light of the switch showed green, indicating a clear track.

Engineer Burrell said he saw the special waiting on the siding but that he drove on in accordance with his orders.

"I drove straight through as my instructions called," Burrell was quoted as having said. "Suddenly my train swerved violently and crashed into the rear of the special. That's all I know. The cause will have to be determined."

Railway officials went to Dundas, six miles west of here, and started a complete investigation.

In addition to the five dead women, hospital authorities said, another woman patient lay in their institution critically hurt. They were unable to learn her identity.

Dr. Myles G. Brown, deputy coroner, said that as soon as all the bodies had been identified a preliminary inquest would be held. One unidentified body will be held pending the inquest and the others will be released for burial.

STUDENTS DRIVEN OUT INTO COLD BY FIRE

Flames Sweep Monastery in North Edmonton

Edmonton, Dec. 26 (CP)— Eight priests and 29 young students were driven from their beds into a temperature of 35 below zero early today as flames swept the monastery of the Franciscan Fathers in North Edmonton. Damage is estimated at $15,000.

All escaped unhurt and were sheltered in a nearby convent. Several firemen suffered severe freezing of hands and feet. The monastery is the central position of a building which also houses a college and a church. Cause of the fire was undetermined.

LIGHTS GO OUT IN DUNDAS CRASH

Bert Condon Sits Pinned in Darkness Fearful of Fire

Hamilton, Dec. 26 (CP)—Head bandaged and hands grimy, Bert Condon, employee of the Chartered Trust Company, Toronto, and living at 608 Durie St., gave his account of the train accident at Dundas, as he lay in a hospital bed here today.

Mr. Condon said he was returning to Toronto from his home in Kingsmill, near St. Thomas, after spending the holiday with his parents.

His first intimation something was wrong was when he felt the car rock and bump. This he attributed to the coupling of additional cars, until suddenly the roof of the coach in which he was riding collapsed.

"I was pinned helplessly amid the wreckage, not knowing what had happened," said Mr. Condon. "I was confused by the darkness for the lights had immediately gone out and the shrieks of the injured in the other coaches. I was horribly afraid of fire as I sat pinned in the dark coach."

His own injuries were mostly head wounds.

Miss Dorothy Boddington, who accompanied him, suffered an injured foot. He became separated from her following the crash and it was not until he had been in the hospital for some time he learned what had happened to her.

FREIGHTER POUNDS UPON PASS ISLAND

Ship is Abandoned After Seams Are Sprung in Storm

St. John's, Nfld., Dec. 26—(CP)—The raging seas and high winds which battered the fishing schooner Jean Smith off Codroy and pounded a small freighter against the rocks of Pass Island were subsiding today and fishermen all along the coast began estimating damages.

Captain Aaron Kearly and the crew of the Jean Smith were forced to abandon ship when the craft sprang her seams. Bound for Gloucester, Mass., the captain and men considered themselves very lucky to reach Codroy after eight miles in open dories.

Details of the other shipping accident were lacking except that one seaman, named Woodland, was swept overboard and drowned. Captain George Efford and the rest of the crew reached shore safely.

MURDER, SUICIDE END CELEBRATION

Stabbed Woman and Then Plunges 8 Inch Knife Into Breast

Hamilton, Dec. 26—Murder and suicide ended a gay Christmas party in the foreign section of Hamilton early Tuesday morning.

Stabbed three times, Mrs. Tillie Bielak, aged 42, of Gerrard Street, expired in the cellar of her home. John Tkaczyk, boarder, who is said to have inflicted the fatal injuries, buried an eight inch butcher knife in his chest and fell dead a few feet from his victim's body. Several foreigners who were in the home were questioned but were released, police being satisfied that it was a clear case of murder and suicide.

While it is thought Mrs. Bielak and Tkaczyk had quarrelled, no one heard them. They were in the cellar when the assault took place. How they got there police could not learn for other occupants of the home thought they had retired. The knife which the boarder carried had been removed from a drawer in the kitchen. It is thought he secreted it in his clothing earlier in the evening. It was last seen at the supper hour.

When she was first stabbed, the woman screamed for help as she fell. Tkaczyk had started to ascend the cellar steps. John Burak, another boarder ran to Mrs. Bielak's side. He realized her condition was serious. He started out to call a doctor and was horrified to see the boarder again rush at the woman.

Stanley Ladnak, boarder in the house, joined Burak. Tkaczyk stood a few paces from them wielding the knife in threatening fashion and muttering to himself.

The men feared an attack as he approached, but suddenly he stabbed himself and fell dead.

Following supper, Joe Bielak, husband of the victim, their two children, aged 12 and 14 years, and boarders and friends held a Christmas celebration. Beer and liquor were served, and shortly after midnight the gathering dispersed. It was not known that the two had gone to the cellar until the woman's cries were heard. One of the Bielak children told detectives that he had heard his mother speak sharply to Tkaczyk earlier in the evening, and he thought his mother had been crying. Bielak was unable to offer an explanation, and said so far as he knew his wife and the boarder were friendly and there had been no trouble between them earlier in the evening.

NEWSPAPERMAN ON SPECIAL TRAIN GIVES DETAILS

(Continued From Page 1)

One man who had entered the wash-room almost suffocated when the steam pipe burst. His shouts for help were heard by those outside. Attempts to open the door failed. Helped by other passengers, I made my way through a small window and was able to free the trapped man.

Every Window Broken

Every window in the fourth coach was smashed.

Then I made my way out of the car to find the rear chair cars a shambles. They literally had been telescoped together by the engine of the following express.

I can't for the life of me see how anyone could have been in those coaches and lived. It was simply horrible. The screams of the injured were intermixed with the confused shouting of those from the other coaches.

The baggage room of the C.N.R. station on Stuart Street, Hamilton, resembled a clearing station behind the lines following a major engagement in the Great War. Officials, policemen and others there, stood in horrified silence as the first pitiful bodies were brought in by ambulance train from the scene of the accident, just a few miles out of Hamilton.

Shortly after 1 a.m. there were seven of them lying there beneath tarpaulins. Two were those of little girls, who a short time before had been prattling delightfully of the Christmas presents they had received.

A middle-aged man from Toronto, who declined to give his name, told me his impressions.

Other Impression

"I was in that coach," he said. "My wife and daughter were with me and they are both injured. I don't think they are badly hurt. They put them on a train and said they would either send them through to Toronto or leave them off at Hamilton for hospital treatment. We pulled into Dundas at 9.10 p.m. or thereabouts and backed into the siding. I guess we had been standing there about 10 minutes in the dark, except for the train lights, when there was a crash and I found myself underneath a seat. I got my wife and daughter out. It was terrible. People were crying and moaning."

Three college boys were among those in the coaches of the standing train. The boys were in the same car I occupied.

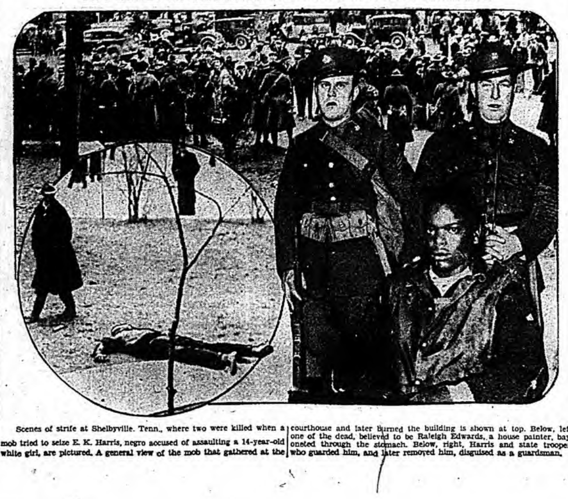
After a long delay on the siding, one of the boys remarked if they didn't "get going" the regular train would soon be along. The boy had no sooner spoken than the crash occurred.

SYMPATHY EXPRESSED

Toronto, Dec. 26.—(CP)—A statement, expressing sympathy to the relatives and friends of those killed and injured in the train accident at Dundas last night was issued early today by W. A. Kingsland, vice-president and general manager, Central Region, Canadian National Railways. The statement follows:

"On behalf of the management of the C.N.R., I desire to express sincere sympathy with the relatives of those injured fatally or otherwise in the accident at Dundas, an accident which is the more regrettable because of its occurring on Christmas night."

TWO KILLED AS TENNESSEE TROOPS GUARD NEGRO FROM MOB



Scenes of strife at Shelbyville. Tenn., where two were killed when a mob tried to seize E. K. Harris, negro accused of assaulting a 14-year-old white girl, are pictured. A general view of the mob that gathered at the courthouse and later burned the building is shown at top. Below, left, one of the dead, believed to be Raleigh Edwards, a house painter, bayoneted through the stomach. Below, right, Harris and state troopers who guarded him, and later removed him, disguised as a guardsman.

"What I say when I talk to myself"
(A Soliloquy)
"Of all the things I own, nothing has held up as well as my life insurance.
"Helen and I will have a comfortable income on which to retire; and if I should die before that, there will be ample provision for her and the children. If I live or die, there will be ample funds. There is nothing to beat life insurance as the backlog of an estate."
YOU also may attain this happy position with London Life co-operation. *The London Life is presenting a Financial Independence plan which combines in one document protection for dependents and provision for retirement.*

DIONNE FAMILY AMAZED AT GIFTS

101 Year Old Woman Knits Five Pair Mittens For Quints

Callander, Ont., Dec. 26 (CP)—This is Boxing Day by the calendar but there's still a Christmas Day atmosphere where the Dionne quintuplets live.

The Yuletide mood continued today as the parents of the five sisters, Mr. and Mrs. Oliva Dionne, planned to stage a family party at the Dafoe Hospital near here. The party originally was planned for Dec. 25, but was postponed for a day.

The quintuplets themselves emerged from the excitement of their first Christmas Day in fine form. They are now almost seven months old. It was a day of excitement for them, but in spite of that, customary routine was not neglected. They had their regular airing and a frolic in their play pen.

The latter "ceremony" was made more interesting because the tiny girls had Christmas presents with which to divert themselves. While the proud parents spent most of yesterday receiving friends at their own home, they spent two hours in the afternoon with the quints.

They were thoroughly excited and a trifle amazed at the avalanche of gifts which accumulated at Callander and at the hospital for them and for the quints.

Notable among the many presents was one of five pair of woollen mittens, knitted by Mrs. Mary Ferguson McIntyre, of Dalhousie Lake in Lanark County, Ontario. Mrs. McIntyre, a great grandmother who is in her 101st year, knitted the woollen mittens herself.

GAVE UP SMOKING, ESCAPES INJURY

Toronto Man Tells Why He Happened to be Out of Smoking Car

Hamilton, Dec. 26 (CP) — "But for the fact I had given up smoking a week ago, I'd probably have been seriously hurt or killed," declared C. E. McBride of Toronto, as he was treated for his injuries in the emergency ward of the General Hospital here today. Mr. McBride was injured in the train crash at Dundas last night.

Mr. McBride said the passengers in the smoking car suffered most, for that was the car that was telescoped. He had seen one man decapitated as he left the coach in which he (Mr. McBride) was riding, for the smoking car ahead.

This man was later discovered to be Harold Pryce, 134 Colin Ave., Toronto. His head was held at the General Hospital for some hours before his body was found.

Hamiltotn, Dec. 26 (CP)—"May I never have to go through such an experience again," William Garving of Montreal, exlaimed early today in telling of the train wreck at Dundas. A passenger on train No. 16, he said he felt no severe shock. There was a slight jolt, he stated, followed by the flickering of lights.

Later, stepping out on the right of way he aided in removing several bodies.

Ex-Commissioner Ross Is Given Wrist Watch

OTTAWA, Dec. 26.—(CP)—Employees of the Ottawa Hydro Electric Commission marked the Christmas holiday season by presenting to P. D. Ross, ex-member of the Commission and engraved address and a handsome wrist watch. The address stated that it had been for some time the desire of the Ottawa employees to express to the Commissioner their appreciation of the interest displayed in the staff. It emphasized the happy relations which has persisted between Mr. Ross and the staff during his period as Commissioner.

CAR SKIDS INTO WELLAND CANAL

Wife Riding in Back Seat Jumps Clear, is Rescued

Port Colborne, Ont., Dec. 26 (CP)—Efforts were underway here today to raise the motor-car which carried Peter Corey, 35, to his death here yesterday when it plunged over the wall of the Welland Ship Canal into 30 feet of water.

Corey's wife, Kathryn, in the back seat of the vehicle, jumped clear before the car reached the water and was rescued by three men who heard her cries for help.

While Mrs. Corey was unable to give a coherent story of what happened it is believed icy roads were primarily responsible for the tragedy.

It is believed Corey was unable to negotiate a turn after crossing the Welland-Port Colborne highway, and the vehicle slid across 75 feet of parkway and plunged over the canal wall. There were no skid marks on the highway or on the grassy parkway between the highway and the canal.

The couple were enroute to church at the time of the accident. Mrs. Corey was rescued with difficulty as she was wearing a heavy fur coat. The men who went to her aid were Latimer Leslie, Archie Haywood and Dr. G. N. Black.

The two cuckoos, Wheeler and Woolsey in "Kentucky Kernels" coming to the Capitol, Thursday.

THE ONTARIO INTELLIGENCER
THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

HIS MAJESTY'S WORDS OF CHEER

However many the ties which bind the various parts of the British Empire, there are two ties which on Christmas Day bound the component parts—the voice of His Majesty King George speaking "as I sit in my own home" and the Empire broadcast, the closing note of which was the monarch's words. As the King expressed it, the idea of one family was paramount. In the family attitude His Majesty saw the hope of recovery and the conquest of the anxieties which yet face the world.

Into millions of homes came the words of the King, himself celebrating with his family in the British way—the family way, the great Christmas festival. Surely with such a monarch stressing the home life as paramount in the social state, his subjects cannot but be influenced in their determination to uphold the home as it should be upheld. There can be no greater tie linking the nations of the empire than that of the one-family attitude.

The empire-wide broadcast was an achievement of magnitude as it showed the various peoples how the countries were spending the day, how their climates varied but their hearts were beating in unison. There was a song sung in a Canadian lumber camp in French by French-Canadians, there were Toronto radio scenes, Winnipeg scenes, British Columbia scenes, and there was an almost infinite variety of entertainment from the various climes. One of the happiest was towards the close and just before the King's message when a shepherd from the Cotswold hills spoke a few words. Then the broadcast was turned in from Sandringham, Norfolk, where the King was spending the day with his family.

As Britishers go to it to bring about recovery, they are encouraged by the unity of accord among the Empire peoples as they look towards bettered conditions. They find encouragement in the very fact that despite depression's heavy burdens so many were able to spend the festival occasion in the cheer of the family circle.

NOT TO BE FORGOTTEN

Christmas is over but the spirit of the festival will not end with the passing of the twenty-fifth of December. Many will recall the pleasures and happiness of the day and the good deeds done at this season should be earnest of good deeds to come in months and years ahead. The homecomings are not forgotten, the children cannot forget even though they become sophisticated with the inevitable little worldly knowledge about Santa Claus.

MUNICIPAL ELECTION DATE

Quite a number of municipalities retain the old voting date, evidently believing in making the holiday season a busy time. Other municipalities have got away from the first-of-the-year voting and while there have been objections raised to the first Monday in December on the ground that it is no holiday as New Year's is and that it therefore may detract from the attention and participation of the labor group and others in the voting, Belleville since the adoption of the early date has not heard a complaint. Evidently this city is satisfied with getting the election out of the way of the busy festal season.

MODERN PORTIA

Eighty-two new King's Counsel created by the fiat of the Government. To the legal profession that is a cherished honor. To the credit of the government, a woman, Miss Helen Kinnear of Port Colborne, is the first woman in Ontario to bear the honor. It is believed that she is the first woman to win such a decoration.

And yet women have played a good part in law. There is the old example of Portia in the play of "The Merchant of Venice," who though not a lawyer in the modern sense of the word, used the great art of persuasion and the woman's appeal to abate the purpose of one of the protagonists in the drama. Of course that is only a story but Shakespeare rightly makes of Portia a fine exemplar of womanhood.

Women in the law have no doubt played just such a part. One cannot imagine the woman barrister whose personality, fine intuition and sense of justice do not find a large place in her success at the bar.

Probably the eighty-two lawyers will be remembered most of all by the honor which came to their Portia, Miss Helen Kinnear. Miss Kinnear must be an outstanding member of the bar to attract the attention of the government in the way which she has done to suggest the thought that woman ought to be given a place of honor among the honored of the legal profession.

UNIVERSAL CRY

The universality of the race and the human brotherhood and sisterhood was clearly enough demonstrated the other night when the Dionne quintuplet broadcast was put on. The Dionnes of French-Canadian parentage sounded the universal cry of childhood, which knows no barriers. The sounds are worldwide. It will be some years before the five reach that stage when their articulation is forced into channels which will make them speak a definite language.

They have ahead of them that stage or period when their little soundboxes and tongues will be heard in sounds which appear in foreign languages, all showing that the cultivated language of the elder population is founded on the universal principle.

The sounds of the little Dionnes the other night had that entrancing cry which touches and which makes Tennyson speak of man in his life struggles, as "an infant crying in the night and with no language by a cry."

But the Dionnes are coming to the time when they will have something more than a cry for the entertainment of their brothers and sisters and father and mother. Months will pass and they will start into that period of chatter, when they begin their great schooling at their parents' knee in the mysteries of language.

CHOOSING AN OBJECTIVE

It was sound advice which W. J. Dunlop, B.A., D. Paed, director of extension at the University of Toronto, gave to the students of the Oshawa Collegiate and Vocational Institute at the annual commencement exercises. The main theme of his address, that of the necessity of students choosing an objective even at the beginning of their secondary school education, struck just the right note for a gathering of this kind.

Education with a definite objective, as he pointed out, is likely to be far more effective than an aimless following of a list of the most desirable subjects, with the more difficult ones dropped. In education, as in everything else, it is necessary for the student to know where he or she wants to go, and the best way to get there.

Incidentally, Mr. Dunlop's address, although he may not have been aware of the fact, was a complete vindication of the system of occupational and vocational guidance which is now in effect at the Oshawa Collegiate and Vocational Institute. It aims to do the very thing which he advocated, give the students an objective in keeping with their likes and dislikes, their talents and inclinations. This scheme is already making its influence felt, and, coupled with the plan of teaching a general course in the first year, is starting the students on the right track in their secondary school courses.

It was notable that Mr. Dunlop made special mention of the value of such subjects as algebra and Latin to the secondary school education. These are subjects which are often criticized as being useless to a great many of the students, but Mr. Dunlop struck a note which was popular with the teaching staff, at least, when he warned the boys and girls against dropping these subjects. In this, Mr. Dunlop's views were at variance with those expressed by the minister of education, who, in a recent address here, was inclined to decry the value of these subjects to a large proportion of the students. Mr. Dunlop, however, looks at the question from a different standpoint from the minister of education, but his views, neverheless, are more in keeping with those of secondary school staffs generally than are those of the Hon. Dr. Simpson.—Oshawa Times.

THEIR PRIVATE LIVES

It is the Dionne babies' first Christmas. To all appearances it is also their last peaceful and domestic Christmas. By next year's Yuletide the outside world, which has loved the babies and will no doubt continue to love them, will nevertheless be too much with them.

The outside world made an early attempt to lay hands on the quintuplets and bring them to the Chicago Fair. That invasion was repelled. Perhaps the invaders themselves were a bit shamefaced about it. But the months have passed, the miracle infants have kept piling up their daily half-ounces of weight and the invasion has been renewed and is making headway. The Sunday pictures and the newsreel have had them for some time. Now the radio has caught them in its network. Business men are advertising quintuplet-brand merchandise.

Pictures of little Marie show her staring at the diminutive Christmas tree on her bed. Cecile, or is it Emile? smiles when they switch on the electric light and cries when they turn it off. Stare, smile and cry as your hearts move you, Marie, Cecile and Emile. By next year you will be much more calculating in your reflexes. By next year Annette may be smiling for the camera boys. Yvonne may be thinking of her Public.—New York Times.

GIVING AWAY A MILLION DOLLARS.

That a millionaire would give away all his money and then declare himself to be happier than he was when he had plenty of dollars is something astonishing in this supposedly materialistic age.

A. E. O. Munsell, of New York, a graduate of Harvard, was a millionaire but is one no more. He gave away every dollar and is now living in a cheap lodging house where he says he is happier than he has ever been before. He has found great peace in poverty.

The entire incident is symptomatic of the eternal search for happiness. Some look for it in possessions and others in the lack thereof. The philosophers probably have the correct answer to the problem when they declare that happiness is only to be found in the healthy exercise of the powers of mind and body.—Calgary Herald.

THE MISER'S HEART

I have not hungered for the gleam of gold
Or bartered craftily for goods and lands;
The freedom of my soul I have not sold,
Or known the stain of sin on grasping
hands.
And yet I am a miser, hoarding up
The look of stars that gem the midnight
sky,
The sunrise splendor brimming heaven's
cup,
The mists that fashion twilight's mystery.
The purple velvet of the violet,
The gold which sunset scatters on the sea,
Upon these riches all my heart is set
For beauty makes a miser out of me.
Gold slips away from out of my careless
hand,
But well the miser's heart I understand.

—Aline Michaelis

x x x x

OUR LOS ANGELES CORRESPONDENT sends greetings and a few paragraphs from the Land of Flowers for the edification and entertainment of the Sidelight Family. Incidentally we might mention that the correspondent referred to, a former City Editor of the G.F.J., is W. S. MacDiarmid, and for the benefit of his many friends his address is 2285 Duane Street, Los Angeles, California. As will be seen by the paragraphs below this Christmas had made W. S. a Grandfather and added another Native Son to that great family of Native Sons whose sole mission in life seems to be to tell people that the sun always shines on California, and the alleged earthquakes there are just spite bombs planted by Florida boomers to try and turn the tourist trade Florida way. So here's W. S. Mac's paen of joy:

"California is the only state in the Union that boasts of a society called Native Sons of the Golden West. The boys and girls that are born here are immensely proud of themselves and as soon as they can talk they will tell you that California has 364 days of sunshine and the other day is missing on account of leap year or high fog. The sun-kissed children consider they are lucky and they are.

x x

"Santa Claus was expected to bring a Native Son to Bruce and Beulah MacDiarmid on Christmas Day. He came early. The date was December 12th. It's the climate. It is hardly necessary to say mother and son are doing well. How could you expect anything else in California.

x x

"This Native Son is different from all the rest. His father and mother will tell you in all seriousness that all the other babies are small oranges. They say he looks like his father and mother his grandfather, grandmother, his uncles, cousins and his aunts. Your California correspondent feels that it is hardly necessary to say the baby has a lot of handsome relatives. After months of deep thought they decided if a boy he would be called Ronald Bruce.

x x

"The father of the fortunate baby has been connected with the Southern California Telephone Company for the past twelve years and holds a responsible position. His grandfather asked him if Walter S. Gifford, president of the A. T. & T. Co. would not be anxious about his job now on account of the new baby. His answer was "No, not necessarily. Ronald Bruce is lined up for President of the United States."

x x

"The man who wrote, "Why We Behave Like Human Beings," says the boys take their talents from the mother. This baby's mother is a beautiful singer. The boy may be another Caruso. Grandfather is neutral. It is plain to the readers of this Great Family Journal that a remarkable new candidate is ready for membership in the sons of the Golden West."

x x

And so another Blessed Event is duly chronicled not in the Winchell manner.

x x x x

Two strangers got into conversation in a railway compartment.

"I'm a banker," explained one.

"I am a music hall artist," remarked the other.

"Ah," said the banker, "I haven't been in a music-hall for twenty years."

"And I haven't been in a bank for quite as long as that," said the artist, sadly.

x x x x

Constable—Nice story that is! Carol-singing, indeed! Of course you didn't know the people are away, did you.

Suspicious Character—"Ho, yus, I did. That's why I come 'ere to rehearse!"

115 DIE ON ROADS UPON CONTINENT

Grim Tragedies Bring Death to 163 Persons on Holidays

New York, Dec. 26—(CP)—Grim tragedy stalked here and there about the North American continent Christmas to bring death to at least 163 persons.

A train wreck near Hamilton, Ont. resulted in the loss of at least 15 lives while fires, motor car accidents, drownings, suicides and other tragedies turned the day from joy to sorrow for scores of United States families.

As is usual on holidays the heavy traffic on highways caused the most of the fatalities, at least 115 of the dead perishing in motor mishaps.

The auto death toll by states showed:

Indiana 3; Pennsylvania 6; Missouri 13; North Carolina 3; Louisiana 5; New York 5; New Jersey 2; Ohio 6; Arkansas 10 (Since Sunday) Michigan 14 (since Sunday); Texas 6; Washington State 7; Idaho 3; Utah 2; Oklahoma 4; Georgia 3; California 14; Illinois 2; Massachusetts 2; and one each in Florida, Alabama, Kansas, Maine, Connecticut and Oregon.

Fire Swells Death Total

Fires in Missouri and other sections helped considerably to swell the death total. A mother and her three children perished in flames at Sedalia, Mo. Another mother and her three children were burned to death at Joplin, Mo. Chicago counted two dead in fires. A 4-year-old girl was burned fatally at San Diego Calif., and a farmer perished in the same manner near Madison, Minn. At Albany, N.Y., a woman was asphyxiated while preparing her Christmas breakfast, and an Albany man was burned to death in his shack.

A blaze in New York City which started from a short circuit in a Christmas tree lighting system caused injuries to four persons. Three were hurt in an explosion and fire in a Newport, R.I. tenement, and three others were injured in a fire which destroyed their home at Bedling, Mich.

Gunplay was responsible for several deaths. A South Carolina farmer was accidentally killed by a shotgun in the hands of his 15-year-old daughter. A prowler was shot to death in Chicago. Rex Pyle, owner of a jewelry store in Chicago was shot and killed in the home of Fred Feiner. An 11-year-old boy was accidentally killed at Shreveport, La., by a rifle he received for a Christmas gift. Louisiana also reported a fatal stabbing. One man was shot to death at Evarts, Ky. Alabama gun fights accounted for three deaths. A bank robber was slain in Nebraska. Fatal hunting accidents were reported from Mississippi and Missouri.

Woman Found in Thicket

Discovery of the body of Mrs. Loretta Wilson, in a thicket at Port Jefferson, N.Y., and the death of Rene Katz, six months old, who was strangled to death in his Little Rock, Ark., home when his sleeping suit twisted about his neck, were among the tragedies reported.

Sylvia Stredman, 18, of Preston, Ida., was drowned when her car skidded on an icy highway and overturned in a shallow stream. Two young girls were drowned when they broke through the ice on the Blue River near Crete, Neb. Leroy Maple, 17, of Brownsville Pa., a farmer boy, gave his own life in saving two boys from drowning while skating. Two persons were drowned in Ohio.

More than a dozen persons chose Christmas to end their lives. In New York City eight persons killed themselves. One of them left a note on which was written:

"Merry Christmas."

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

DECEMBER 26, 1914

Private Geen is in the city on leave over the holidays.

Mr. Harry Leavens is home from Montreal to spend Christmas.

Mr. Charles Dolan is home from Moose Jaw, Sask., to spend the Christmas vacation.

Mr. Arthur Bird came home from Toronto to spend Christmas.

Miss Milburn is home from Rochester, N.Y., to spend Christmas.

Mr. Walter Newton is home from Toronto to spend the holidays.

Mr. Jamieson Bone, manager of the Dominion Bank, Swift Current, Sask., and formerly of this city, is spending the Christmas vacation here.

Mr. Harvey Ketcheson of Port Hope was in the city for Christmas.

Mr. George D. Wilder of the Montreal Star, spent Christmas at his home here.

Mr. Frank Panter of Peterboro. was home for Christmas.

Mr. Harold Buchanan of Deloro, spent Christmas at his home here.

The thermometer registered 22 degrees below zero this morning.

Ten Leafs Figure in Scoring As Canadiens Swamped 6-2 In Christmas Day Fixture

Out in Front So Far Race is Practically Over

MAROONS WIN

Hawks Increased Lead Over Bruins by Downing Red Wings

(By the Canadian Press)

The National Hockey League was out in gala array for the Christmas festivities and every team in the circuit saw action except St. Louis Eagles. Today, with a third of the season and an extra game behind them, Toronto Maple Leafs totalled up the points for 14 wins in 17 starts and took added satisfaction from the fact they administered a decisive defeat to Montreal Canadiens on the Habitants' ice for the first time since they entered the league in a brilliant display of team work last night the Leafs skated to a 6-2 victory over the Canadiens. A holiday crowd watched the match in the Forum and saw ten Leafs figure in the scoring, collecting a total of 15 points.

Montreal Maroons, however, apparently just couldn't see Toronto extend their winning streak and bowled over the Boston Bruins 5-3. It was the first meeting of these two teams this season.

Hawks Gain on Bruins

The Bruins' loss was Chicago Black Hawks gain for it enabled the Hawks to strengthen their lead in the American section by defeating the powerful Detroit Red Wings 2-1. A win for Boston would have put Bruins again within one point of the Chicagoans.

New York Rangers, in the American section cellar, also picked up a couple of points and at the same time evened their intra-city series with New York Americans when they won 3-1. Both teams have one victory apiece in their series to date.

Leafs spanked a goal behind young Wilf Cude in the Canadien nets in the first period, divided a brace of counters with the Habitants in the second and then in the last frame outscored the Canadiens three to one. George Hainsworth, with his smart blocking in the Leafs' goal was no small factor in the Toronto win.

Bill Thoms put the league leaders ahead in the first period with a nice goal on a combination effort with Hec Kilrea and Buzz Boll. George Mantha evened the count in the second on a double pass from Pete Lepine and Wildor Larochelle and then before the period ended Charlie Conacher gathered in Joe Primeau's pass for another Leaf goal. Buzz Boll made it 3-1 early in the second with Kilrea getting the assist. Then the young baseballer Canadiens got from Chicago, Leroy Goldsworthy, shot from just outside the crease. Lepine and George Mantha were in on the play but within five minutes Cotton sent one whistling past Cude and from then on Toronto had the scoring to themselves.

Kelly Scores his First Goal

The old "Kid line" showing just about everything in the way of form they ever had, accounted for the next Leaf goal. Jackson scored with Primeau and Conacher's help. "Pep" Kelly, young Leaf rookie, notched the last Toronto goal. It was his first of the season, scored on a pass from Bill Hollett.

Boston's usually rugged defence had its hands full with the Maroon stalwarts. Repeatedly they stickhandled through to scoring position and capitalized three times in the first period, let Boston get two to their one in the second and then split a pair of goals in the third frame.

Allan Shields started the scoring and Baldy Northcott took Smith's pass for the second. Trottier notched Montreal's other first period goal. Dit Clapper gave Max Kaminsky a pass for the first Boston counter and then reversed the order with Eddie Shore for the second goal. Trottier got his second tally before the middle period ended, on a pass from Blinco.

Clapper made it three scoring points for the night early in the last period, taking Barry's pass to beat Alex. Connell. Cain and Gracie combined for the last Maroon goal. The win was the first Maroons have scored since taking the measure of St. Louis on Dec. 8th.

Hawks' Win a Gift

Chicago's win over Detroit was something of a Christmas gift. The winning goal was credited to Tommy Cook but it was as much good luck as good management on Tommy's part. He lost the puck to Wally Kilrea as he swept in from the side and in trying to clear the rubber, the young International League winger shot it into the Detroit nets. Howie Morenz displayed the old dash that earned him the sobriquet "Stratford Flash" when he left the wings far down the ice and scored on a pass from Gottselig. Near the finish Detroit counted their orphan goal, Herb Lewis scoring on a pass from Larry Aurie.

The Amerks skated to the Rangers al lthe way in the renewal of their city series but Dave Kerr in the Ranger net gave them few scoring opportunities and only one they could capitalize on. "Iron Man" Murray Murdoch, Mason and the redoubtable Boucher scored for Rangers. Art Chapman and Dave "Sweeney" Schriner, a couple of Westerners combined for the lone Amerk marker.

N. H. L. STARS

By The Canadian Press

George Hainsworth kicked out many difficult shots when Toronto Maple Leafs swamped Montreal Canadiens, 6-2.

Dave Kerr made spectacular saves in New York Ranger's net.

Dit Clapper figured in all Boston Bruin goals, scoring twice and assisting in the third.

The Ring Maulers' Killer Instinct Again

After a day of hunting in the Maine woods near Bangor, Jack Dempsey posses beside two bucks he bagged. Despatches didn't say whether the former heavyweight champion shot them or hit 'em.

STAGE AND ACTORS IN ROSE BOWL DRAMA ON NEW YEAR'S DAY

Dixie Howell
Bobby Grayson
Rose Bowl at Pasadena

BILL LEE BOB REYNOLDS YOUNG BOOZER JIM MOSCRIP

Stars of Alabama, champions of the south, and Stanford, winner of the Pacific coast title, clash in the Rose Bowl at Pasadena, Calif., New Year's Day, in the annual classic of the United States gridiron. Three widely chosen All-American players will appear. They are Bobby Grayson, Stanford fullback; Jim Moscrip, Stanford end, and Dixie Howell, Albama halfback. Bill Lee is Alabama's captain and All-Southern tackle. Bob Reynolds of Stanford is All-Pacific tackle. Young Boozer (that's his real name) is an Alabama sophomore star.

SARNIA IMPERIALS ARE 1934 CANADIAN GRID KINGS

Sarnia's Three Star Imperials, rugged gridiron warriors, climaxed their six years of competition in Ontario Rugby Football Union circles by annexing the Canadian championship after defeating Hamilton Tigers in the Eastern Canada finals. They emerged victorious in a hard-fought game with Regina Roughriders, monarch of the west. Regina ousted Winnipeg, 1933 western titleholders and put up stubborn resistance before succumbing 20 to 12 before Sarnia's attack. Photo shows Olsen, Regina, tossing a Sarnia opponent in the championship game and (inset) Ab Box, great Toronto Argonaut backfielder, who was awarded the Jeff Russell Memorial Trophy as outstanding Canadian football player of the year.

SPORT .... SHORTS

THE LIMIT

Montreal Maroons equalled their own best winning streak in N.H.L. competition this season, when they won six straight games. In 1931 they also compiled a six-game record, which was ended by a defeat at the hands of Montreal Canadiens.

PINCH-HITTER

Little Ken Doraty, Toronto Maple Leaf forward, doubly robbed Montreal Canadiens when he scored a goal to best them in the dying seconds of a game at Maple Leaf Gardens, Toronto. Doraty was slatted for a berth with the Frenchmen but when he came through in the pinch he clinched his place with Toronto, thus robbing Canadiens of both the game and his services.

STEER AWAY FROM BOSTON

Montreal Canadiens cannot break the jinx which Boston puts on them. Since November 20, 1928, they have lost 13 straight games in the Boston arena, once by a count of 10-0.

DANGEROUS

Dave Kerr, new Ranger goalie, doesn't think playing hockey is so dangerous. He once received a puck in the face while watching a game. He has already suffered a broken nose during his net-minding career.

CORSETS

George Mantha, fleet but brittle-boned wingman of Montreal Canadiens, has revived the corset style. Recently he took the ice wearing a steel corset to protect three sore ribs, broken some weeks before when he tripped over Sylvio Mantha's stick.

◆

THE BIG SEVEN

(By the Canadian Press)

Marty Barry, scored two assists in Boston Bruins game with Montreal Maroons Christmas night and the two points were sufficient to lift him into the National Hockey League's big seven in place of Bill Cook of New York Rangers. Otherwise the rankings were unchanged though the high scoring circle collected a total of 6 points.

The standings:

	G.	A.	Pts.
Jackson, Toronto . . .	17	6	23
Conacher, Toronto . . .	10	11	21
Weiland, Detroit	8	10	18
Robinson, Montreal . .	10	5	15
Barry, Boston	9	6	15
Goodfellow, Detroit . .	7	8	15
Lewis, Detroit	5	10	15

Schedule is Now Revised

Owing to unforeseen circumstances a slight change has been found necessary in the drafting of the local City Hockey League. The following is the revised schedule to be released by the executive of the Belleville City League and should be clipped for future reference by interested persons.

Dec. 28 — Grills vs United; S.E.A.C. vs Aajmaa.

Jan. 1.—20th Century vs United; S.W.A.C. vs S.E.A.C.

Jan. 4.—Trenton vs S.W.A.C.; Grills vs S.E.A.C.

Jan. 7.— S.W.A.C. vs 20th Century; Aajmaa vs Trenton.

Jan. 14.—S.E.A.C. vs United; 20th Century vs Grills.

Jan. 21—S.W.A.C. vs Aajmaa; United vs Trenton.

Jan. 28.—Aajmaa vs United; Trenton vs 20th Century.

Feb. 1.—Grills vs S.W.A.C.; 20th Century vs Aajmaa.

HITTING CROWN TO PAUL WANER WITH .362 MARK

Left Hander Again Leads National League Hitters

29 HIT .300

Melott Had Total of 369 Bases For His Hits

New York, Dec. 26—(AP)—After six seasons as an also-ran in the National League batting races, Paul Waner of the Pittsburgh Pirates has returned to the top, helping to continue the domination of the Southpaws in the Senior Circuit.

Since the six-year reign of Rogers Hornsby as Batting King was ended in 1926, left handers have forged to the front in six seasons out of nine. It was Waner, who started the southpaw swing in 1927, when he compiled a .380 average. Frank O'Doul, Bill Terry and Chuck Klein carried on with Hornsby and Chick Hafey coming in with a pair of right handed triumphs, then "Big Poison" came back in 1934 with a mark of .362 in the official records released today.

The final figures for the season showed 29 players, who hit .300 or better and of these 16 were southpaws and two were switch hitters as compared to confirmed right handers. Waner won the top post by eight percentage points from Terry, another portside swinger.

Other leading regulars—players who took part in 75 or more games—were Hazen ("Kiki") Cuyler, Chicago, .338; Jim ("Ripper") Collins, St. Louis and Floyd ("Arky") Vaughan, Pittsburgh, .333; Sam Leslie Brooklyn, .332; Joe Moore, New York .331; Ethan Allen, Philadelphia .3304; John Moore, Cincinnati and Philadelphia, .3300 and Harlan Pool, Cincinnati, .327. Cuyler and Allen are right hand hitters, while Collins can connect from either side.

Waner and Collins were the outstanding all-round hitters. The Pittsburgher made the high marks of 217 hits and 122 runs. Collins tied Mel Ott of New York for home run honors with 35 and collected 369 total bases on his hits.

CANADA'S BEST IN PRO AND AMATEUR SCULLING CIRCLES

CHARLIE CAMPBELL

BOBBY PEARCE

Individual rowing honors among Canadian contestants during 1934 undoubtedly went to Bob Pearce, Australian-born sculler now resident in Canada, and Charles "Chuck" Campbell, young Toronto amateur, who astounded observers with his showing at the Canadian Henley and later in U. S. trials at Baltimore. Campbell's achievements in winning all outstanding singles honors in competition and then losing only to Winthrop Rutherford, Princeton star and Diamond Sculls' finalist in the American championship races, was probably more amazing than Pearce's defence of his world's professional singles crown against Bill Miller whom he thoroughly outclassed in the Canadian National Exhibition race.

Union Concert is Presented By Pupils of Rawdon Schools

Allan And Williams School Children in Program

Rawdon, Dec. 26—On Thursday evening December 20th the hall at Mount Pleasant, Rawdon, was well filled with folks who reside in the two school sections it being the occasion of the annual public school concert of the Allan and Williams schools

The pupils were trained by the Misses Muriel Milligan and Doris Rainnie and were surely a credit to their teachers.

Rev. F. G. Joblin was master of ceremonies and Miss Olive McConnell capably presided at the piano for the various accompaniments.

The programme opened with an address of Welcome by Audrey Sharp and an opening chorus given by the two schools "Sing a Song of Christmas."

Eric Summers was heard in a cute recitation, "All I Want." Several boys of the Allan school, Percy White, O. MacMullen, Mack Sharp, James Hoard, R. White, Ross and Ralph Jeffs and Douglas Campbell took part in an interesting dialogue entitled "Christmas Helpers."

The fifteen pupils of the Williams school rendered as a chorus "Up In Santa Land."

Anna Sharp impersonated a mother and Marion Rose the child with suitable stage settings and gave as a dialogue "Mother's Christmas Story" telling of the birth of Jesus.

Douglas and Billy McAdam, Harvey Couch, Donald Johnson and Frank Spencer contributed another dialogue "Christmas Sharing Band Are We."

Twelve pupils of the Allan school delighted with an intricate Tambourine drill. The girls wore white dresses with pink trimmings and the boys were bedecked in blue sashes, bands and tambourines.

The upper school contributed another dialogue "Two Santas" with with the characters as grandparents Vera and Harry McAdam, parents, Frank Spencer and Phyllis David, old maid, Helen Spencer, taxi driver Ira David, children, Gladys Summers, Billy McAdam and Harvey Couch.

Eight girls of the Allan school depicted a pantomime with Miss E. Phillips kneeling beside the Babe in the Manger and the girls grouped around with notions, while the Misses Mildred Sharp and Olive McConnell sang "Silent Night" and "Away in a Manger."

Billie McAdam recited "The Tale of a Bog and a Bee" and ten girls of the Allan school sang "Christmas is a Singing Time."

Phyllis David and Gladys Summers were seen in a tableau with Miss Edna Thrasher singing "Star of the East."

Miss Anna Sharp recited "Cookery by Radio" with Mac and Gladys Sharp as announcers.

A half hour play entitled "Christmas at Mount Pleasant" was given by all of the pupils of the Allan school. Winnie Phillips took the part of the school teacher and Marie Sharp an old lady. The pupils rehearsed their Christmas concert and this brought forth gales of laughter as many local hits were heard. During the rehearsal Ray White and Marion Phillips sang a duet; Helen Hay read a composition; O. MacMullen took the part of Santa Claus and each of the twenty pupils took a part. This skit was greatly enjoyed as the youngsters portrayed the trials of a teacher.

Phyllis David rendered a monologue "Sister's Beau Comes to Call" and Harry McAdam acted as beau.

Three boys of the Williams school presented a unique dialogue, "Gifts of Christmas Tree Day."

Ten boys of the Allan school sang "We're so Pious" and the Upper school gave a motion song, "Watching for Santa". Six of the Allan school took part in a song "Christmas Stockings" with Audrey Sharp representing an angel and Gladys Sharp poverty.

The pupils of Williams school sang another chorus "Christmas Time" and then both schools massed again on the platform and joined in a chorus "There's a Jolly old Fellow" and Miss Phyllis David gave the closing address. At this juncture Rev. Joblin expressed deep appreciation of the splendid work accomplished by the teachers and they also came into view and made brief addresses of thanks.

The large audience heartily applauded the teachers and also tendered appreciation to the pianist, Miss Olive McConnell, the curtain manipulator, Mr. Kenneth Holmes and the chairman Rev. Joblin.

The National Anthem closed this interesting programme and jolly old Santa arrived on the scene with bags of candy and nuts for every child.

The beautiful Christmas tree with its various decorations and heaps of gifts was dismantled by Santa, the two teachers and his helpers, Irvin Potts, Harry McAdam, Harold Rowe, Burton Sharp, Nerman McConnell and Kenneth Holmes and the gifts were presented to their rightful owners.

The hall was decorated with greenery and garlands of red and green ropes with a cheery fireplace and it all made a pretty setting for the annual union concert of the two schools at Mount Pleasant. The proceeds of the evening amounted to $23.50.

Mr. and Mrs. Clarence Scott were supper guests Thursday evening at the home of Mr. and Mrs. Murney Scott.

Mrs. Merle Spencer spent a few days last week with her parents Mr. and Mrs. Thomas H. Rowe, Campbellford.

Mrs. John Douglas of Fuller is spending a few days with her daughter Mrs. Donald Sharp.

Mr. and Mrs. Merle Spencer, Helen, Frank and Donald, attended the wedding of Mrs. Spencer's sister, Miss Lucille E. Rowe, youngest daughter of Mr. and Mrs. Thomas H. Rowe of Campbellford to Mr. Thos. W. McKeown of Rylestone on Saturday, December 15th, at the bride's home. The dinner guests numbered twenty-three and the happy couple have the best wishes of numerous Rawdon friends on their matrimonial journey.

Born—To Mr. and Mrs. Allan Reid, Mount Pleasant, Rawdon, on Friday, December 21st, 1934, a son.

The heavy snowstorm on Thursday and Friday partially filled the roads and made travelling heavy for the motorists.

Mr. and Mrs. Ed Patrick of Frankford spent a day this week with Mr. and Mrs. George Rupert.

Mr. and Mrs. Frank Smith have arrived home from a holiday with relatives in Baltimore Maryland and New York.

Twice last week the straw stack adjoining the frame barn belonging to Mr. Clarence Seeney caught fire and the neighbors were called to assist. However on Monday evening about eleven o'clock, fire again broke out and before help could be summoned the structure was burned. Fortunately the stock was all saved, we understand the loss is partially covered by insurance.

Mr. and Mrs. Fred Thain attended a shower at Madoc in honor of Mr. and Mrs. Harry Woods (nee Ada Baker), Madoc, on Wednesday evening.

Allan School Report

The following in the report of the Allan School with Miss Muriel Milligan, teacher.

Sr. IV—Total marks obtainable 1050—Anna Sharp 864 3-4; Marie Sharp 829; Winnie Phillips 805; Edna Hubble 778 3-4; Ormel MacMullen 711 1-4; Malcolm Sharp 685 1-2.

Jr. IV—1050 obtainable—Audrey Sharp 806 1-2; Percy White 765; Helen Hay 633 1-2.

Sr. III—950 Obtainable—Ray White 659 1-2; James Hoard 608; Gladys Sharp 569 1-2.

Jr. II—Total 900—Marion Phillips 640; Gladys Hay 486.

II Class—Total 650—Marion Rose 541 1-2; Ross Jeffs 483; Bert Sharp 444 1-2; Ralph Jeffs 442 1-2;.

First Class—Total 350—Lloyd Cooney 290; Douglas Campbell 270.

Primer—Carleton Phillips.

Prize in spelling—Marion Rose.

Miss M. Milligan, teacher

Mr. and Mrs. Neil Bedell of Salem, Rawdon, celebrated their fiftieth wedding anniversary on Tuesday, December 18th very quietly at their home but on Christmas Day they further celebrated at the home of their daughter in Campbellford. Both Mr. and Mrs. Bedell are well known Rawdon folk as they were born in, and have resided in the township throughout the whole period of their lives. Mr. Bedell works his farm and is also school attendance officer for Rawdon township. A host of Rawdonians extended congratulations to them.

A few Rawdon folk recently attended a dance at Wallbridge.

DROPS HUBBY NO. 7

"Don't marry!" is advice now offered to girls by Virginia Overshiner Etc. Cogswell, who was "Miss Georgia" in 1922. She's seeking legal separation in New York from her seventh husband, Arthur J. Cogswell, commercial artist.

9 Women Hurt Bus Hits Pole

Toronto, Dec. 26 (CP)—Nine women were injured today, none seriously, when a bus bound from Brampton to Toronto, skidded on a curve and crashed into a transmission pole on the Lake Shore highway at Mimico, just outside this city.

The bus felled the pole, bringing down a high tension cable which dropped across the road. A light sedan driven by P. R. Martin of Hamilton ran into the cable, but Martin and Miss Blanche Welch of Toronto, his passenger, jumped clear through a shower of sparks and flame. They were unhurt.

BREEDERS' CLUB ELECTS OFFICERS

Broadie Ness is Named President of Association

East Seymour, Dec. 26— The annual meeting of the Central Ontario Ayrshire Breeders' Club was held in St. Lawrence Hotel, Campbellford, at 1.30 p.m. on Wednesday Dec. 19th. Owing to the inclement weather and slippery roads there was only a fair attendance. Mr. Wm. Peoples of Havelock, the President in the chair, the minutes of the previous annual meeting were read and approved, this was followed by the Auditor's report and the Secretary Treasurer's yearly report which showed that finances were in a satisfactory condition.

Mr. Peoples made a brief address stating that the demand for Ayrshires was ever increasing telling how in his own case a calf was purchased by his father in 1898. Business for the ensuing year followed, an important item was a resolution passed advising the Secretary of the parent association that the club was unanimously in favor of having one judge and a consultant judge at 1935 Agricultural Royal Winter Fair, naming as judge J. L. Stansell of Straffordville, Ont., with R. Cunningham of the Experimental Farm, Ottawa, as consultant judge. A discussion then arose re the advisability of getting an expert from the Agricultural Department, Toronto, to hold barn meetings at different points throughout the district, at first the area of the club extended from Yonge Street, Toronto east, to Frontenac and Leeds counties but two years ago, a new club was organized which took off the western end of this district, this Ayrshire club is the oldest Ayrshire club in Canada, was the first Breeders' Club of any breed to be assisted by the Agricultural Department in Ottawa, and the first club to contribute to the prize lists at the local fairs, that there is a lively demand for Ayrshires was evidenced by the fact no less than four buyers wanting grade and pure bred Ayrshires were in the neighborhood that day Dec. 19th.

Offices for 1935 are as follows:

Honorary President: Alex Hume, Campbellford.

President: Brodie Ness, Les Lamoine's Point, Portsmouth.

1st Vice President: W. A. Hume, Campbellford.

Secretary Treasurer: F. Rutherford, Bonarlaw.

Directors: John Locke, Campbellford; John Thompson, Campbellford; Percy Oddie, Campbellford; E. A. McCook, Campbellford; Robt. Little, Campbellford; Hector Wood, Ivanhoe Robt. Bunnett, Halloway; Clarence Mann, Peterboro; Gordon Rutherford, Colborne; Charles Rutherford, Colborne, T. J. Hume, Cobourg.

Auditors: Gordon Rutherford, Colborne; E. A. McCook, Campbellford.

Menie Cheese Factory Meeting

The annual meeting of Menie Cheese Factory was held on Monday afternoon Dec. 17th. The company is well pleased with their year's work. Pounds of milk 162238, pounds of cheese 134796, pounds of butter fat 50177.5, average price per lb. cheese 9.79, average price per lb. butter fat 22.7.

Officers for 1935

Cheesemaker: F. M. Little.

President: Roy Walker.

Sec. Treas.: W. S. Milne.

Auditor: Mitchell Rannie.

Directors: Robt. Linn, George Ingram, Chas. Hutcheon, Allan Hutcheon and J. W. Rannie.

The company put in an electric refrigerator and all electric equipment necessary for making whey butter this year.

Personals

Petherick's Hockey Club held an "at home" in Lumb's hall, Menie on Tuesday evening Dec. 18th at which Mr. Martin the newly appointed agricultural representative for Northumberland Co. from Brighton addressed the audience; Claire Ingram, a member of the club was the lucky winner of the turkey.

Stafford Courneyea, of Queensboro and Mr. R. Ketcheson of Menie recently bought a Guernsey bull calf each from Mr. Wm. Matthews of Harold. Mr. Matthews' herd of twenty-four head of cattle lately passed the test and are now a fully accredited herd.

Mr. and Mrs. James K. Meiklejohn of the town line of Seymour and Rawdon celebrated their golden wedding on Dec. 24th. They were at home to their many friends in the afternoon and the nephews and nieces were entertained in the evening.

Scenes from Gene Stratton Porter's "A Girl of the Limberlost" coming to the Belle tomorrow.

CHURCHES FILLED ON FESTAL EVE

Anglicans Worship in Large Numbers on Christmas Day

Christmas Eve and Christmas Day services in St. Thomas' Church and Christ Church were largely attended and the altar in each church was beautifully adorned with flowers and the other parts of the church decorated in keeping with the great festival.

The singing of carols and Christmas music by the choir of each church prior to the midnight celebration of the Holy Communion was greatly enjoyed. The number of worshippers at the midnight service in each church was large.

At the midnight choral celebration of the Holy Communion in St. Thomas' Church, the vicar, the Rev. A. Beauchamp Payne was the celebrant, assisted by the Rev. B. F. Byers; the Rev. T. H. H. Hall was the celebrant at the celebration of the Holy Communion Christmas morning at 8 o'clock and at the 11 o'clock choral celebration of the Holy Communion the Vicar was celebrant, assisted by Rev. T. H. H. Hall and the Rev. B. F. Byers.

At the midnight choral celebration of Holy Communion and the 10 o'clock choral celebration of Holy Communion in Christ Church Christmas morning, the rector, the Rev. G. G. Wright was the celebrant, assisted by the Rev. A. L. Geen. The rector was the celebrant at the 8.30 o'clock celebration of the Holy Communion in St. George's Church.

The musical portions of the services in both churches were remarkably well rendered.

At St. John's Mission, Herchimer Avenue, Christmas Eve, there was a midnight celebration of the Holy Communion, the celebrant being the Rev. T. H. H. Hall. This service was quite largely attended.

SEALED Tenders addressed to the undersigned and endorsed, "Tender for addition to Dominion Public Building (Customs Building), Toronto, Ont." will be received at this office until 12 o'clock noon, Thursday, January 17, 1935, for the construction of an addition to the Dominion Public Building (Customs Building), Toronto, Ont.

Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Supervising Architect, 36 Adelaide Street East, Toronto, Ont., the Builders Exchange, 1104 Bay Street, Toronto, Ont., and the Superintendent, 150 St. Paul Street West, Montreal, P.Q.

Blue prints can be obtained at the office of the Chief Architect, Department of Public Works, by depositing an accepted bank cheque for the sum of $50.00 payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

Tenders will not be considered unless made out on forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank in Canada, made payable to the order of the Minister of Public Works, for the sum of fifty thousand dollars ($50,000), or Bearer Bonds of the Dominion of Canada, or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada of the value of fifty thousand dollars ($50,000) will be accepted as security or the aforementioned bonds and certified cheque if required to make up the amount stated.

The Security cheque or bonds will be forfeited if the person or persons tendering refuse to enter into a contract, when called upon to do so, or fail to complete the work contracted for.

By order,
N. DESJARDINS,
Secretary.
Department of Public Works,
Ottawa, December 15, 1934.

MUSICAL PROGRAM AT ROTARY CLUB

26 Christmas Baskets Distributed to Needy of City

Belleville Rotary held a musical meeting the day before Christmas with a program which was very pleasing. On the same day the Club sent out twenty-six Christmas baskets filled with the very best of Christmas eatables, a large committee being engaged in the pre-Christmas work of the Club under the chairmanship of Harry Hill. The program Monday at the regular meeting in the Hotel Quinte was in charge of E. V. Ilsey, and included vocal selections from Miss Leona Riggs, Mrs. MacLean Haig, violin solos by Leslie Lennox, recitations by Miss Muriel Vermilyea, all very well rendered and much enjoyed. Leo Riggs played the accompaniments and Sandy Burrows led the community singing. The grill room of the Hotel Quinte where Rotary meets, was tastily decorated with Christmas novelties and a large lighted Christmas tree stood in each corner. Visitors present were cordially welcomed by President Jamieson Bone.

MANY REVOLVERS ARE REGISTERED

Local police authorities have been continually questioned of late relating to the registration of rifles and shot guns, following the recent announcement, that fire-arms are to be registered in Canada. It was pointed out today, by the local and Provincial Police, that only pistols and revolvers must be registered under the new Federal law. A goodly representation of the registration of revolvers and pistols has been received by the police all ready, although the new law does not come into force until Jan. 1st, 1935. The owner does not have to bring his revolver or pistol to the police, when registering. All that is required is the make, calibre and number.

Churning Cream—	
No. 1, lb.	.21
No. 2, lb.	.19

(F.O.B. shipping point)

◆

Livestock

Toronto, Dec. 26 (CP)—Trading on the Toronto Livestock Market showed the effects of the Christmas holiday at the opening today, and there was very little movement in any division. Cattle trade was very dull, with too few early sales to establish prices. Cattle and lamb trade was steady. Hogs were unsettled.

Receipts as supplied by the Dominion Livestock Branch were: Cattle 480, calves 50, hogs 600, sheep and lambs 40.

Calves were steady at the opening, bringing $7.00 to $7.50 for choice and downward to $3.00 for common grades.

The few lambs offered sold at steady prices from $5.50 to $6.75 per cwt. There were few sheep offered.

Hogs were unsettled with opening bids at $7.50 F.O.B. for bacons, $7.85 off truck and $8.25 off car.

Montreal, Dec. 26 (CP)—Offerings on the two Montreal livestock markets today totalled 325 head. Receipts were composed of 22 cattle, 44 calves, 167 hogs and 92 sheep and lambs.

42 grass calves were sold at $2.75 and two medium to good veals at $7.00.

Cattle were slow.

The hogs were practically all feeders.

The lambs were sold at $5.60.

Sheep were around $3.00.

◆

HOGS

Toronto, Dec. 26 (CP)—Gains of 10 cents were made on bacon hog prices at Brantford today while all other reporting points showed unchanged levels. Today's prices:

Hull, $7.75; Brantford, $7.60; Kitchener, $7.50; Barrie, $7.50; London, $7.50; Stratford, $7.50.

◆

STEEL OPERATIONS UP

New York, Dec. 26 (AP)—An unusual year-end rush for steel lifted this week's operations in the industry it was reported today.

The "iron age" stated that accumulating pressure for steel, particularly from the automobile industry, limited the Christmas showdown and caused a general revision in mill schedules to provide increased production.

It estimated ingot output for the industry had risen to 36½ per cent. of capacity from 35½ a week ago and forecast "further gains before the year end."

◆

Grain Markets

Winnipeg Grain Exchange closed today.

NEW YORK CLOSE.

New York, Dec. 26.—(AP)—A resumption of selling in Utility Shares unsettled the stock market today. Industrials and Rails ruled narrow, however. American Telephone, Consolidated Gas and American Can lost a point or more. U.S. Steel was slightly lower, while Santa Fe, General Motors and Westinghouse were fairly steady. The late tone was irregular. Transfers approximated 980,000 shares.

Obituary

VINCENT DREWERY

Word was received in this city over the holidays of the sudden death of Mr. Wm. Vincent Drewery at Warkworth on Monday. A sudden heart attack suffered at his home at Warkworth proved fatal.

The late Mr. Drewery is well-known throughout this district as Past President of the Central Ontario Cheesemakers' Association, and a continuous director of the organization since its formation. He was one of the best known cheesemakers in Central Ontario of the Percy Cheese Factory at Warkworth.

Mr. Drewery is survived by his widow and three grown children.

FINANCIAL MARKETS
NEW YORK - TORONTO - WINNIPEG

TORONTO STOCKS

Toronto, Dec. 26 (CP)—The industrial list firmed quietly today as sentiment for the buying side improved on year-end trade reports. Construction steel and implement issues were among the leaders on the up side with volume heavy in Canadian Car and Foundry and Massey Harris.

Reports were current that the railway equipment companies were in line for orders, particularly from the C.N.R.

Interlisted leaders were firm to strong, Nickel rising to 23, Distillers Seagrams to 14½ and the Brazilian to 10½.

Ford "A" was a heavy trader in the morning session on a price advance, part of which was lost in early afternoon profit-taking.

◆

TORONTO MINES

Toronto, Dec. 26 (CP)—The mining section dragged today on scattered buying orders but at generally firm prices. Senior golds, base metals and silvers were decidedly slow. Eldorado held above Monday's closing price and the other Great Bear Lake stocks were unchanged.

Active issues of the list were Reno, Central Patricia, Siscoe and Little Long Lac, all holding strong except the last which was off 20 cents to $7.10. Reno pushed up to $1.25 at the opening but profit-taking erased part of the gain.

◆

WALL STREET FINANCIAL

New York, Dec. 26 (AP) — Wall Street returned to work from the Christmas holiday in fair spirits but reported that Santa Claus did not leave any big bullish bundles in its stocking.

Further selling in utilities kept the stock list somewhat unsettled, although the rest of the list managed to hold up pretty well. A few industrial specialties managed to advance. Bonds maintained a good undertone.

Among Canadian stocks International Nickel and Canadian Pacific were steady, while McIntyre receded fractionally. On the curb, Hiram Walker ruled about even. Dominion Government bonds were inactive. Canadian funds improved 1-32 of a cent at 100 15-16 cents.

Consolidated Gas dropped more than a point to another new low, and American Telephone declined 2, dipping under 102. Public Service of N. J., American Water Works, North American, Western Union and American Can lost major fractions to more than a point. Non-ferrous metals perked up a little, accompanied by a revival of inflation talk as a public expenditure program of several billions were understood to be in preparation for the new congress. U. S. Smelting rose nearly 2 points, and Cerro de Pasco and American Smelting moved up fractionally. Farm implements were also firm, Deere rising a point. General Motors, American Rolling Mill, Bethlehem, Penny and Montgomery Ward were among issues up small fractions.

BOARD ROOM GOSSIP

Bankfield Gold Mine

The shaft on property is now well past 100 feet in depth on its way to 300 ft objective according to reports from the field. A station will be cut at 150 feet and a second level established at 300 feet depth to be followed by lateral work on both levels simultaneously. It is expected the first level will be cut sometime around the end of the present year.

Siscoe Gold

The Supreme Court of Canada yesterday handed down judgment dismissing the appeal of Siscoe Gold Mines from judgment of Montreal Superior Court awarding Felix Bijakowski 30,000 shares of the company's stock with dividends. It was stated by an officer of the company that upon filing its appeal Siscoe Gold Mines had placed in trust the required number of shares that all dividends on these shares have been paid regularly into this trust account.

Canadian Canners

Current fiscal year ends Feb. 28. From present indications the company is meeting improving results through the current fiscal year and it would wind up the period in quite comfortable position. According to information excessive carryovers of inventories of the past few years have been substantially liquidated. This together with the short crops of last summer in a number of company's packs has resulted in a firming price structure. The probability of good improvement in this year's earnings is of course suggested in the recent action of the directors in raising the quarterly disbursement on the convertible preferred stock from 7 1-2c to 12 1-2c a share together with their declaration of an extra payment of 2 1-2c a share.

AMELIA READY FOR BIG ADVENTURE

MYRNA LOY AMELIA EARHART PALMER PUTNAM

Giving her aeroplane a last minute inspection before embarking for Hawaii, from where she will take off in an attempt to fly back to the United States, Amelia Earhart, CENTRE chats with her husband, Palmer Putnam, and Myrna Loy of the films at Los Angeles.

Spite Wife

by Ann Forester

"If it were that simple!" she groaned. "No, it's golf and bridge. And parties, but they're all alike. They either begin with golf or end up with bridge. You can't imagine!"

"Oh yes, I can! I lived here."

Nick's eyes were upon her—those shrewd light eyes, which read far more than Judy realized. Oh, Lord, didn't he know! This house—the maddening complacency of those who lived in it. He thought of his own boyhood and the hidden tyranny of his stepmother.

With the thought, Nick could almost see himself, an awkward, well-meaning but blundering boy who always contrived to do the wrong thing no matter how hard he wanted to do the right one. The sacred bewilderment at life, which he kept securely hidden in his own heart—the calloused indifference he assumed as protection and which had drawn his step-mother's complaints and alienated the father whom he secretly odored.

It had been an unhappy childhood Nick had spent in this old house, a time when he had always moved in a chill cloud of disapproval. His father infatuated by his beautiful shallow wife, had seen the awkward boy through her eyes. The other children were favored before him. Yes, Nick Carter had put in may miserable hours in this place. Only the doting old woman upstairs could have drawn him back in this way. And here was another young thing.. .. secretly wistful as pitifully alone.

"Tell me where you've been since you left here—You've flown to the moon of course—" Judy's eyes were taking in his big frame dressed in the usual leather jacket ad breeches and the heavy leather boots which set him apart from the rest of masculine Lockwood clad in business suits or the inevitable golf knickers.

"Of ocurse," he answered gravely falling in with her mood. "Visited the Mount of Vision and the Sea of Cold and the Ocean of Tranquillity."

"Are all those on the moon?"

"Get a layman's book of astronomy if you don't believe me."

"And where have you been on the earth?"

"Oh—El Paso for one place. And Albuquerque. And Zuni, where I saw the Indians do the dance of the Corn and nearly got killed for trying to take a photo of them."

"Really" Judy's eyes were like blue stars. She leaned forward as intent as a child. "Tell me about it, please!"

Nick spoke of that strange rite in the Land of Little Rain. Told her of kivas —hidden rooms where the Indians keep their sacred ceremonial dresses 50 feet underground in tunnels no white man has ever seen. Judy stood on the housetops with him in fancy—those strange cliff dwellings which outdate history—and watched the sacred dance. As he spoke the world crowded into the silent old house. He brought the wind and the sky in here. The walls throbbed to the magic of his words. He made life seem vital and adventurous and glowingly worthwhile, this big brown man with the pleasantly gritty voice.

It was a relief to Judy to speak of these far-off things. A rest to turn her eyes from the feverish contemplation of her own daily affairs. She saw her struggles of the past weeks—golf scores —bridge lessons—petty social triumphs and snub as sfutile and trivial. Nick carried her up and out of herself by the sheer magic of his words.

He pulled out his watch and rose "I've got to get back over to the airport. Have to see a man and send a wire."

Judy looked, he thought, like a child suddenly rebuked in the midst of exciting play. "Look here," he spoke impulsively. "Why don't you run over there with me? I'll take you up in the old boat."

"Oh......" the pink poured into her cheeks. "Do you think....I've never been up! ....Oh, if we could Stan wouldn't like it. Stan disliked Nick. Then hot rebellion came on the wake of this. Well, what of it! She didn't dislike him! She wanted to go. She would go!

Judy went. And on the ride over to the airport in the automobile she told Nick in a burst of confidence: "Isn't it strange—from the first night I met you I've had the feeling that—well, that I'd known you a long time. You know how it it, with some people you get acquainted slowly. You come into the hallway of their minds and later on, you are let into the front room —and then into the room beyond that and so on. And with some people you come in and never get beyond the hallway no matter how long you know them."

He took up the simile: "I know. They leave you standing there eternally along with the umbrellas and the goloshes." They laughed together at the picture. Nick Carter knew a secret astonishment in his own mind. This girl whom he had known such a short time had walked so instantly into the centre of his own mind. She might have been his sister—a younger sister, he added quickly in his thoughts, he must be all of 12 years older than she was.

On the way over he told her what flying meant to him. "It's escape. I may be blue or bothered about something, but the minute I get in the plane and leave the earth I leave it all behind me. It's freedom, hen you're up there, looking down you see how small it all really is."

Judy thought of that on the flight. Even the excitment of the take-off. The first thrilling momen when the plane left the ground and rose on its wings, the rubber tires spinning slowly in empty air while the earth seemed moving away below them, she found time to think of that.

How small it all really is.....The big airport with its red roofed hangars spreading out below them in the sunny plain. The blue of the back bay and the grey-white salt marsh coming to view. And Lockwood.. ..a patch of rooftops and trees—just one of several such patches scattered down the pinninsula as other suburbs came to view. Getting above it like this, Lockwood didn't seem to matter much. What did it matter that Eunice Wilson was jealous and resentful, that Georgia was spiteful— what did it even matter that Stan might be displeased with her.... Nothing mattered but this glorious new sense of freedom and the sun warm on her head and the wind rushing by.

Judy felt a hand touch her shoulder and she looked around into the anxious eyes of Nick Carter, shielded by his helmet. "All right?" She saw his lips frame the question.

All right! Her glowing face his answer.

Flashing blue water and grey salt marsh with sloughs cutting through like writhing black water snakes. Wide country..where hills flattened out—where big things became small and small things disappeared entirely. This was freedom For the first time since that hasty marriage in the old parlor at Summerfield, Judy felt free.

POLITE BLACKMAIL

CHAPTER TWENTY-TWO

Georgia De Haas lived in the Palm Court Bungalow Apartments. The name was not entirely misleading. The flimsy stucco bungalows did surround a small sun-baked space which, by a violation of the imagination could be called a court. And the discouraged tree in the centre, slowly strangling to death in the iron ground was undoubtedly a palm tree.

Great is the power of suggestion! Georgia was given to explaining vigorously to all who would listen: "I wouldn't live there if it wasn't for John—" John being her precocious white-faced son of four years. "I'd prefer a hotel room myself, but the child has to have some place to play."

John could have told her that the hard-baked ground bent his tin shovel. That the wilting palm cast no shade on his bare head. That flies stung his small hot legs, and that it was altogether dreary playing like this by himself with a row of white doors looking blankly down upon him. But Georgia clung to her illusions—it was more comfortable that way.

This morning, the boy loitered in the archway between the small living-room and the infinitesimal hall dreariiy eyeing his mother's visitor while he wound and re-wound himself in the blue velopr drapes in an excess of boredom.

"Now just look at that child!" Georgia hurled the words at Amy Carter who sat across the room on the shabby brocade Chesterfield, smoking. "Hanging around the house when I've told him 20 times to get out in the court where he belongs.

"John, I don't want to have to speak again! Get your pail and shovel and get out and stay out!"

Panting slightly in nervous irritation, she lit her cigarette.

"I declare—" she went on sharply, when the child had reluctantly departed, "I don't know what I'm going to do with that child! He doesn't miss a trick; and it's getting so I don't dare spell things before him any more. I tell you, you are lucky you have no child!"

There was venom in the words, for Amy had tried Georgia's soul today by showing up looking irritatingly well groomed and wearing a new fall packet and a new afternoon dress.

To be sure, Georgia had derived some satisfaction by ignoring the new clothes until Amy was driven to the point of calling her attention to them. Then she had eyed her visitor critically, pausing in the act of taking ice cubes from the refrigerator to mix a highball.

"Oh......that's right. I haven't seen those before, have I? Squirrel, Humm-m-m, very pretty. I hear Eunice has a new one too, Ermine."

A flush of annoyance rose in Amy's cheeks. It was maddening! she thought hotly, that whatever she bought, Eunice should have something of the kind—and a shade the better!

The flush made Georgia feel better. Later, when she related this scene to Eunice, Georgia would say vindictively; "I took her down a couple of pegs, believe me! She could have bitten my head off!"

That was a rivalry between Georgia and Amy that there was not between Georgia and Eunice. Amy was another divorcee, for one thing, and Georgia envied Amy her freedom from responsibility and the free use of her alimony.

Eunice, on the other hand, was unapproachable, either in the matter of wealth or beauty. A queen —a star—someone to be flattered and admired above other mortals—while Amy was an earthly rival.

So, while Amy was someone to cultivate and play up to for the sake of the crumbs which dropped from her table, Georgia did so with a smarting heart. She would rage to Eunice: "Amy Carter's only goodlooking because she spends all her money in the beauty shops and because she has good-looking clothes! If she had to skimp the way I do.... If it wasn't for my child I'd show her...."

"The crowd"—Amy, Eunice and Georgia, clung together for mutual benefit or through mutual distrust, but there were no loyalties.

Amy said resentfully now, at Georgia's barbed thrust: "I understand that squirrel's to be smart fur this year! I can't imagine why Eunice would get ermine —unless it was just to show she could afford it Who couldn't, married to Fred Wilson! Believe me, I paid a pretty penny for this coat! My alimony's gone for months to come! And just try and get some extra allowance from the estate! Nick won't loosen up for a single penny! Sometimes I think Vera's right! Nick's misused the funds and he's afraid we'll find out—that's why he grinds us down so!" This last came out in an angry rush through the haze of Amy's cigarette.

"Nick's still over at the house, isn't he? He's staying quite a while this trip." A dull flush had risen in Georgia's cheeks at the mention of Nick. She dropped the ice cubes in the glasses with unnecessary violence.

"Too long I don't know what's got into the man. He's invited himself to go on down to the beach house with us over the week-end. Said he wants to see about repairs before the winter and simply moved in on the party—"

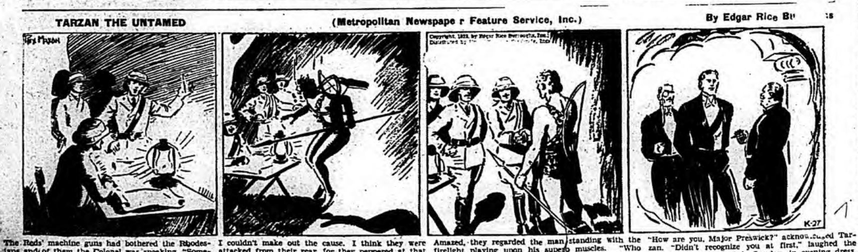
TARZAN THE UNTAMED

(Metropolitan Newspape r Feature Service, Inc.)

By Edgar Rice Bu s



The Reds' machine guns had bothered the Rhodesians and of them the Colonel was speaking. "Something silenced several today," said a young officer. "Once when I was observing. I saw a great commotion in a trench sector but —

I couldn't make out the cause. I think they were attacked from their rear, for they peppered at that bluff behind them. Wonder what it meant?" The tree bough rustled slightly and a lithe, brown body dropped among the astonished group.

Amazed, they regarded the man standing with the firelight playing upon his superb muscles. "Who the devil are YOU?" snapped the Colonel. "Tarzan of the Apes!" replied the newcomer. "Otherwise Lord Greystroke!" cried a major, extending his hand.

"How are you, Major Preswick?" acknowledged Tarzan. "Didn't recognize you at first," laughed the major. "Saw you last in London, in evening dress. SOME difference, you'll admit!" Tarzan half smiled and turned toward the Colonel.

Quickest Relief from
Stomach Troubles
People who have suffered for years with Indigestion, Acid Stomach, Gas, Heartburn, etc. are amazed at the quick relief which KIRK'S STOMALKA gives. A small dose tones up even the most stubborn case of sour, acid stomach, headaches, pain, revives appetite. Everyone is subject to occasional stomach troubles, so never be without a bottle in the house. At drug stores. Get KIRK'S STOMALKA at
DOLAN THE DRUGGIST

Little Benny's Note Book

After supper ma said to pop, Well Willyum, you laughed at me this morning when I told you I had a presentiment that something unpleasant was going to happen if I went downtown today, but it was just another proof that my forbodings are based on some hidden instinct from some ulterior source. Well, to come rite down to the sad essentials of a long story, my diamond ring was completly and totally missing from my finger when I arrived home, she said.

The dooce it was, pop said, and ma said, I remember having a premonition for the werst when I slipped it on this morning, but as usual you laughed at my feers and as usual I listened to your allegedly superior wisdom, and this is what comes of it.

So you claim that in some mystick manner, I stole your diamond ring? pop said, and ma said, Not at all, I meerly claim that it's gone and you're directly responsible, and you can draw whatever inferents you please from that statement. I shouldn't be serprised if some master thief hadn't filed it unsedupulisly rite off my finger with a file made for that very illegal purpose, she said.

Maybe you never even wore it this morning, pop said, and ma said, Thanks for the faint ray of misguided hope, but I happen to be quite positive on that point.

Then this cant be yours, pop said. And he took ma's diamond ring out of his vest pockit, saying, I found it in an abandoned condition on the wash stand this morning.

Well why didn't you say so instead of putting a streem of ambiguous werds in my mouth? ma said. Willyum Potts stop laughing, you're a dubble deeling snake in the hand that feeds you and if you dont take me to the movies this minnit you'll wish you had, she said.

By gollies I had a forboding myself and this is it, pop said.

Him genrelly preferring home to the movies.

Stop Rheumatism At its Source
Rheumatism is caused by uric acid in the blood. Urea, a blood impurity, should be extracted by the kidneys. If kidneys fail, and urea remains, it changes to uric acid which in minute crystals lodges in joints or between muscles causing excruciating pains. Avoid rheumatism by keeping your kidneys in good condition. Flush them every three weeks with Dodd's Kidney Pills—for over three generations the favorite kidney tonic and remedy. Non-habit forming.

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE CAPITOL

"Kentucky Kernels"

Wheeler and Woolsey in Their Most Hilarious Film

Down below the Mason and Dixon line go Bert Wheeler and Robert Woolsey as "Kentucky Kernels," and concoct a mint julep of merriment.

"Kentucky Kernels," Wheeler and Woolsey's latest comedy hit, comes to the Capitol Theatre Thursday. Interpolated with gay music and rousing dances by pulchritudinous chorines, the story reveals the comedians' mad and merry antics in the jolly you-all section of Banesville, Kentucky.

Bert and Bob are seen as two unemployed vaudeville actors whom Fate has inadvertently appointed guardians of "Spanky," an impetuous youngster with a glass-breaking mania. Their ward is getting in their hair when two lawyers inform them that "Spanky" has inherited the Milford Homestead at Banesville.

The boys see a short cut to Easy Street and deliver "Spanky" to his family, and simultaneously, to a feud between the Milfords and their century-old enemies, the Wakefields. Bert has meanwhile fallen in love with Gloria Wakefield, and Bob believes that fights should be kept within the family. So they undertake to reconcile the enemy factions.

The first step toward an armistice is a garden party given by the Milfords, honoring the Wakefields. Everything is ideal. Aunt Hannah Milford and Colonel Wakefield, separated in their romance decades ago by the family feud, are reunited. Bert and Gloria are holding hands. The Wakefields are accepting Bob's bouquets as a peace offering until young 'Spanky' investigates a champagne bottle. The pop of the cork is mistaken as a pistol shot, factions take to ambush and the battle is on again.

Others in the cast include Spanky McFarland, Mary Carlisle, Noah Beery.

This Day and Age

Mighty Spectacle of Modern Times

Termed the first great spectacle of modern times "This Day and Age," is the second feature attraction on this same bill. The film depicts the fight of a community's youth to combat their city's racketeers and gangsters after all legal efforts by the adult members of the community have failed.

Judith Allen makes her film debut in this picture, and others in the cast include Charles Bickford and Richard Cromwell.

Capitol News will be shown at each performance. Last complete show, 8.45.

Leaves Tonight

Jack Holt in "I'll Fix It."

FULLER SCHOOL ANNUAL CONCERT

Fuller, Dec. 26—On Friday afternoon December 21st the pupils of S. S. No. 8 and their teacher, Miss May Marriam of West Huntingdon, entertained a packed school house with a most interesting program of Christmas recitations, plays, songs and exercises. Much credit is due Miss Merriam for the splendid training the children have received. The following numbers were given:

Chorus: "Away in a Manger."

Address of Welcome by Wesley Mitts.

Reading: By Beverley Palmer.

Play: "Zachary's Hired Man."

Speech: By Tommy Collins.

Reading: "Christmas Song" by Jean Mitts.

Chorus: "Jolly Old St. Nicholas."

Reading: By Marion Kellar.

Reading: By Clifford Collins "A Serious Talk With Santa."

Song: By Mr. Frank Palmer.

Acrostic: By Doris, Lewis, Marion, Helen and Orval Kellar and Eva Mitts.

Play: "Mother and Dad and their [illegible]"

Chorus: "Hark the Herald Angels Sing."

"The Christmas Story", by Rev. R. J. Merriam.

Reading: By Doris Kellar, "The Wise Way."

Reading: By Bernice Mitts.

Pageant: "Silent Night."

Reading: By Orval Kellar, "The Shortest Day."

Reading: By Lewis Kellar.

Reading: By Beverley Palmer.

Drill: "The Five Points of the Christmas Star."

Chorus: "Jingle Bells."

God Save the King.

Presents were distributed from the prettily decorated tree to all the children by John Mitts, Sam Vardy and Jack Reid.

Candy and pop corn in large quantities were served to all by Lily Mitts, Ella Morland and Aileen Collins.

The four teachers Miss May Merriam, Ruth Emmerson, Charles Morne and Mr. Mott are enjoying a well earned relaxation from the strain of teaching.

ASTHMA

Can't breathe? Awake, gasping for breath half the night? Wheezing? Choking? Persistent bronchial cough? Thousands have found [illegible] relief in RAZ-MAH. Makes breathing easy. Clears bronchial tubes of phlegm. Easy to take. No harmful reactions. Relief or your money refunded. At druggists [illegible] and $1. For Chronic Bronchitis, too, [illegible] — Templeton's RAZ-MAH Capsules

AT THE BELLE

Splendid Cast Interprets Gene Stratton Porter's "A Girl of the Limberlost"

The grim determination of youth in its efforts to gain an education against almost unsurmountable odds, forms the stirring theme of the photoplay magazine, namely, "A Girl of the Limberlost", which comes to the Belle tomorrow and Friday, matinee and evening.

Laid against a background of the Indiana swamplands as depicted in the famous novel by Gene Stratton Porter, the story loses none of its flavor when presented on the screen with Louise Dresser, Ralph Morgan, Marion Marsha and Henry B. Walthall in the leading roles.

The picture which was directed by Christy Cabanne, varies little from the book which has been acclaimed by millions as a true description of the beauties that abound in the region of the birth place of the famous novelist.

Elnora Comstock, daughter of Katherine Comstock, is hated by her mother to such an extent that she is refused any help in the furtherance of her education. Katherine blames the impending birth of Elnora for the death of her husband.

Elnora proudly accedes to every wish of her mother's and still manages to go to school through the efforts of her congenial neighbors, the Sintons. Wesley has taught Elnora the ways of the birds and insects which abound in the Limberlost and when she expresses a desire to go to school, he helps her catch rare specimens of moths which she sells to Mrs. Parker, the bird-woman, for her tuition money.

A beautiful romance with Phillip Ammon, nephew of Dr. Ammon, springs up when Phillip arrives from the city to spend some time with his uncle. He falls in love with Elnora but doesn't realize it until he is almost ready to marry Edith Carr. Through a mutual interest in the strange ways of nature, Phillip and Elnora become united just when it appeared that they must separate because of the interference of her mother. When Mrs. Comstock, however, learns the truth of the events on the night of her husband's death, her attitude changes and she humbly apologizes to her daughter for her rudeness through the years.

Louise Dresser offers a sterling characterization of Katherine Comstock, closely followed by Ralph Morgan, who is seen in the role of Wesley Sinton. Marian Marsh, recently returned from England, portrays the title role with the same wistful charm that raised her to stardom in the space of a few short months.

Excellent performances are turned in by Henry B. Walthall as Dr. Ammon; Eddie Nugent as Phillip, and Helen Jerome Eddy, Betty Blythe, Barbara Bedford, Robert Ellis and GiGi Parrish.

Ira Morgan is credited with a beautiful job of photography, his scenes of the Limberlost being especially effective.

Exceptional Shorts

An exceptional array of holiday short treats have been assembled for presentation on the same program including Thelma Todd and Patsy Kelly, the screen's greatest comediennes in "One Horse Farmers." A new Walt Disney Silly Symphony Kartune in full beautiful technicolor, "Goddess of Spring" and "Mountain Melody", a tuneful screen gem.

DEATHS MONDAY AND TUESDAY

Phoenix, Ariz.—George W. P. Hunt, 75, six times Governor of Arizona.

St. George's Grenada—Hon. Nicholas Julian Paterson, K.C., O.B.E., member of the Executive Council and former Attorney-General of Grenada.

Pictou, N.S.—Peter McInnes, for many years Secretary of the Pictou County Farmers' Fire Insurance Company.

Rome.—Senator Ernesto Pestalozza, 94, famous gynaecologist and author of many important scientific works.

Minneapolis.—Hector Baxter, 85, prominent attorney here for the past 50 years.

Paris.—The Comtesse Gaston Chandon de Brailles, the former Mary N. Garrison, of New York City.

Detroit—William Reid, 67, described as the "loneliest man in the world."

Morin Heights, Que.—Dr. Joseph Bourdon, 77, former administrator of the Dental Faculty of the University of Montreal.

SEPARATE SCHOOL PUPILS HEARD IN SPLENDID CONCERT

Marmora.—On Friday afternoon the pupils of the Marmora Separate School gave a most delightful and entertaining concert.

The school was very smartly decorated in Christmas colours, trimmed with evergreen boughs, tinsel and bells. The Christmas tree, very beautifully decorated was most attractive to the spectators, as well as to the pupils, and was well laden with gifts.

The programme was most interesting and much praise is due the teachers in their unexcelled training of the pupils. Rev. Father J. J. Keeley, p. p., acted as chairman. The following was the programme:

Recitation—Dorothy Ferguson.

December—Senior Room.

Chorus—The Season's Greetings.

Chairman's Address—Rev. Father J. J. Keeley, p. p.

Reading—Tom Brady.

Play—"Victim of Charity."

Drill—Junior Room.

Musical Selections—Eugene Reynolds.

Post Office—Two girls.

Dialogue—Pride and Humility.

Song—Reuben Warren.

Drill—Senior Room.

Doll Song—Hush-a-Bye.

Reading—Eugene Reynolds.

Musical Selection—Eugene Reynolds and Ilene Doyle.

Song—Three girls.

Song—Adorate Devote.

Irish Dialogue.

Recitation—Marjorie Stevens.

Recitation—Billie Bulbuk.

Song—Eugene Reynolds.

Chorus—"Hark! The Herald Angels Sing."

Santa Claus.

Personals

Mr. Glen Chambers of Henneger and Scott's, is spending Christmas at his home in Toronto.

Miss P. Wilson of the Continuation School Staff is spending the holidays with her parents in Port Hope.

Mr. Mumby of the Public School Staff, is holidaying at his home in Springbrook.

Miss Mary Hemphill of Deloro who is attending Queen's this year, is spending the holidays with her parents.

VICTIM OF COLD WAVE

Dunblane, Sask., Dec. 26 (CP) — His frozen body found half-buried in a snow-drift a short distance from here, Robert Plane, 65-year-old pioneer district farmer, today was thought to have been a victim of extreme cold. Plane left the village Christmas Eve to return to his farm home, a half mile distant.

$10,000 LOSS IN BREWERY FIRE

Bottling Department of Taylor and Bates Brewery Gutted

St. Catharines, Dec. 26.—An early morning fire Tuesday caused between $5,000 and $10,000 damage at Taylor and Bates Brewery. The bottling department was badly gutted by the flames. Firemen found George Johnston, night watchman, unconscious from smoke and he received treatment at the General Hospital.

The fire was first seen by Ald. Arthur Goring. The flames threatened the entire plant and a general alarm brought all city firemen to the scene. For nearly three hours the fire was battled. In the department which was destroyed the blaze had gained such headway that little could be saved. The road leading to the old Welland canal valley where the plant is located was so slippery that two pieces of fire apparatus were stalled and could not be returned to the fire hall until later in the day.

The loss is entirely covered by insurance and will not interfere with operations. E. T. Sandell, president of the firm, said today.

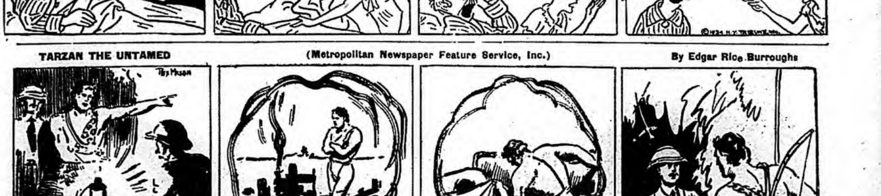
TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs



REX MAXON
K-28
Copyright, 1933, by Edgar Rice Burroughs, Inc.; Distributed by United Feature Syndicate, Inc.

"I overheard your words, Colonel. It was I who had the luck to silence those machine guns. I have just come from behind the Reds' lines and perhaps I can help you," said Tarzan, after the major introduced him to the commanding officer.

Briefly, Tarzan related what had brought him out alone in pursuit of the Reds. They listened sympa- emotion, he told of thetically as without apparent the savagery wrought during his absence from home and how —

he had sworn vengeance upon the murderers of his mate. When he finished; the Colonel asked: "And now you have come to join us?" "No, not regularly," replied the ape-man. "I must fight in my own way, not yours, because —

whenever I wish I can enter the Reds' lines." "That is not possible," said the British Colonel, "I have just lost three of my most experienced men trying it." "Is it any more difficult than entering your own lines?" challenged Tarzan.

GAME INSPECTOR BURNED TO DEATH

Defective Wiring on Christmas Tree is Cause

Halifax, Dec. 26.— (CP)— Two deaths and damage of $50,000 was caused by fires, which played havoc with Christmas celebrations in five communities of Nova Scotia.

St. Clair McDonald, 28-year-old Special Game Inspector, was burned to death at Sheet Harbor as he slept close to a Christmas tree where defective wiring started a fire. Near Truro, two-year-old James Dobson, perished in flames, which destroyed the home of his parents. The tot's mother left him to get milk from a neighbour and when she returned the house was burning so furiously that she could not enter. His charred body and the stump of a trees on which his toys were to be placed were found in the ruins.

On Christmas morning fire swept through a historic landmark on the Halifax waterfront the 109-year-old stone building which formerly housed the Halifax Banking Company, first bank in the province. A beverage company and a grocery broker, who had premises in the building at the time of the fire, estimated their loss at $20,000. Flames drove Walter A. Weir and his family into the street at New Glasgow, the same morning, causing $7,000 loss in the building owned by Mr. Weir.

CLOTHES COVER BURNS ON WAIST

Deputy Sheriffs Think Burns Might be From Blow Torch

GRAND RAPIDS, Mich., Dec. 26.—(AP)—The death of an elderly man at his small farm near Grand Rapids yesterday was the subject of an investigation by Kent County officers who were uncertain whether the victim died from an accident or some bizarre torture.

The body of the victim, Cornelius Vander Veen, was found slumped in a chair in his house today. He was severely burned from the waist down and had suffered a deep gash over one eye. Deputy Sheriffs, who said the burns might have been inflicted by a blow torch, found the victim's clothes had been put on over his burns.

Deputy Sheriff Jay Schenck said that an elderly neighbor of Vander Veen had been arrested for questioning. He declined to reveal the name of the man held, but said the latter told of having found Vander Veen lying in bed wounded. Schenck quoted the man as saying he helped Vander Veen to a chair and that he died while sitting there.

Vander Veen, who was receiving relief from the County Welfare Department, had a small amount of money in his pockets.

TRENTON TIED FOR TOP RUNG

Defeat Grills' Garage 4-2 in Rather Peppy Game

The Trenton Imperials moved into a tie for the leadership of Belleville City Hockey League, when they downed the Grills Garage sextette by the score of 4 to 2 at the Arena on Christmas night. The affair proved rather spirited throughout and held the attention of the 400 odd fans present from the outset. Sticks were carried high and more attention was centred on the personal contact than actual hockey.

Feelings ran high and climaxed when Lott of Trenton and Bill Henn of the "Mechanics" clashed in a fistic encounter in mid-ice. No particular damage resulted but the fracas was not terminated until a few well-placed fists had found their mark. Each player to have started in the affair was given a major penalty which automatically brings a one game suspension upon the heads of the principal participants.

The Imperials scored in the initial frame and added another in the middle stanza. Grills kept within close proximity in the scoring by bagging one in the second period and scoring first blood in the last canto to knot the count. The Trentonians then forged to the fore by scoring two goals in quick succession to pull well to the fore and win by a 4-2 score. The victory elevates the Trenton team into a tie with the S.E.A.C. for the league leadership.

The line-ups—Trenton — goal, Gould; defence, Smith, Lott centre Johnson; wings, McCoy, Lamore; subs— Thompson Miller. Grills — goal, Buskard; defence, T. Henn, B. Henn; centre, Barriage; wings, J. McGuire, F. McGuire; subs— Day and Semark.

Referees—"Bouncer" Holway and "Larry" Goyer.

Mr. and Mrs. McMechan Mark Golden Wedding Anniversary

The home of Mr. and Mrs. Robert McMechan on the fourth concession of Tyendinaga, was the scene on Monday, December 17th. of a gathering of more than family and community interest the occasion being the fiftieth anniversary of their marriage.

On December 17th., 1884, in the village of Madoc Rev. David Wishart, minister of St. Peter's Presbyterian Church, united in marriage, Robert B. McMechan and Beatrice M. Miller daughter of Mr. and Mrs. George Miller of Madoc.

With good health and hopefulness and the willingness to work so characteristic of those earlier days. The young couple spent the first twelve years of their married life on a farm in Sidney and then moved to the fourth concession of Tyendinaga, the locality where they have since resided. Here continuing the busy life of farming, they saw their family grow up amidst a happy home life each winning a place of esteem and usefulness, worthily continuing the high ideals which had won for their parents the high regard and affection of all who knew them. Always interested in the work of the church, the family were members of the Presbyterian Church, and since the Union, members of the Melrose congregation of the United Church. Through all these years the ministers of the congregation were always welcome in their home, and every good cause received their cordial support.

At noon on Monday, the members of the family, five children and ten of their eleven grandchildren with other relatives and friends to the number of fifty in all assembled at the parental home to do honor to the beloved couple. From Melrose and vicinity there were present Mr. and Mrs. William McMechan and children Mr. and Mrs. Russell Macfarlane and children; Mr. G. Macfarlane and children; also Mrs. M. Embury, Mr. and Mrs. Robert Sparrow, Mr. and Mrs. Ed. Lazier and Sherman, Mr. and Mrs. Wm. Liddle and Rev. W. H. Clarke and Mrs. Clarke of Shannonville; from Belleville, Mrs. C. E. McKinney; and from Hillier, Mr. Harry Burris. There were present also from Peterborough Mr. and Mrs. Sam McMechan; Mr. and Mrs. A. J. Newton, Mr. and Mrs. John Miller and Mr. and Mrs. John Gray. From Madoc Mr. Wm. McMechan Sr. and his son, Mrs. Hugh McMechan and Mrs. E. West; and from Tweed, Mr. Angus Nicholson and his son. From Thurlow were Mr. and Mrs. Robert Millar and Mr. and Mrs. Arthur Miller and their little daughter; and from Wallbridge in Sidney Mrs. George Nicholson.

Around the tables, spread with inviting abundance, the guests were seated. A special remembrance of the occasion adorning the tables, was the gift of a beautiful bouquet of golden Chrysanthemums from the Melrose Women's Institute. Central and appropriate was the special anniversary wedding cake with its fifty candles lit by Mrs. McMechan, the bride of that earlier wedding day. After the enjoyable fellowship of the dinner hour, Rev. W. H. Clarke, as pastor of the family proposed a toast of congratulation and good wishes to the bride and groom of fifty years ago, who seemed still so youthful expressing the hope that many years still of happy life and kindly influence might be theirs to enjoy.

In response to this toast the gathering joined heartily in singing "For They are Jolly Good Fellows".

The toast was also responded to first by Mr. Angus Nicholson, a brother-in-law of Mrs. M. McMechan. Mr. Nicholson spoke of the courage and faith with which Mr. and Mrs. McMechan and others of the same spirit had met times of depression in earlier days and he offered to the young people present their example, that young people of today might realize that if there is no depression of our own spirit and outlook, all other difficulties can be overcome and we will find that after all there is much real abundance in the world.

Mr. John Gray of Peterborough, a brother-in-law of Mr. McMechan followed with most appreciative words regarding the good influence of Mr. and Mrs. McMechan on their family and in the community and asked for a moment of silent thought in memory of the one member of the family whom death had called away, Mrs. George Macfarlane who passed away in July 1928.

Mr. William McMechan of Madoc, a cousin of the groom, who had been present at their wedding fifty years ago recalled that occasion and spoke of the great joy it was for him to be present with them to celebrate this golden anniversary, and to add his congratulations and to express the sincere good wishes of all present.

To these words of appreciation and congratulation Mrs. McMechan replied on behalf of Mr. McMechan and herself, thanking all most sincerely for their presence and good wishes. She recalled that their wedding day of fifty years ago was a day of just such beautiful winter sunshine as that which shed its brightness over this golden anniversary day. Among the interesting memories that came to mind again of that earlier day, was the recollection of the drive they took on their wedding day, which was taken not as young people might today, with a beautiful modern car but by driving with a horse and yet Mrs. McMechan said, she was sure that they enjoyed that drive just as much as young people would now in their car.

The group joined in singing the old song, "Put on Your Old Grey Bonnet".

As Mr. and Mrs. McMechan have sold their farm and will be removing in a few days to Melrose, it was with a grateful thought of their appreciation of the community friendships which they had enjoyed that it was their wish that there might be present with the family on that occasion, the nearby neighbors of the years now past. And as this would be the last gathering in the old home with its happy associations, the whole company, children and friends and neighbors joined hands with them around the tables to sing together the familiar and loved words of "Auld Lang Syne".

The good wishes of those present were also expressed by many beautiful and appropriate gifts. Of special interest was the gift by their children of a beautiful and comfortable studio couch.

After photographs had been taken to commemorate the occasion the guests separated to their several homes, taking with them the memory of having joined in a very happy gathering and leaving for the couple they had come to honor, the wish and prayer that their later years may be full of that true enjoyment, that brightens the evening of life well spent and truly lived.

◆

King Cheers Vast Empire With Hopes

London, Dec. 26.—(CP)— The British Empire, pausing to celebrate Christmas, yesterday heard the voice of King George as it was carried round the world. An empire-wire broadcast, the main feature of which was a message from the King, drew closer together the people of different climes and races who owe allegiance to the British flag.

From his private study at Sandringham, Norfolk, where the Royal family spent the Christmas holiday, the King sent forth his message. It was one primarily of greeting and encouragement but containing also a reference to the "restless and troubled" condition of the world, but His Majesty said, the clouds were lifting. "We still have our own anxieties to meet. But I am convinced that if we meet them in the spirit of one family, we shall overcome them."

The King said:

"On this Christmas Day I send all my people everywhere my Christmas greeting.

"The day, with its hallowed memories, is the festival of a family. I would like to think that you who are listening to me now in whatever part of the world you may be, and all the peoples of this realm and Empire, are bound to me and to one another by the spirit of one great family.

"My desire and hope is that the same spirit may become ever stronger in its hold and wider in its range.

"The world is still restless and troubled. The clouds are lifting but we have still our own anxieties to meet. I am convinced that if we meet them in the spirit of one family we shall overcome them, for then private and party interests will be controlled by care for the whole community.

"I send special greetings to the peoples of my Dominions overseas. Through their peoples the family has become a fellowship of free nations, and they have carried into their own homes memories and traditions of the Mother Country. If my voice reaches any of the peoples of India let it bring assurance of my constant care for them and desire that they too may ever more fully realize and value their own place in the unity of the one family.

"May I add very simply and sincerely that if I may be regarded as, in some true sense, head of this great and widespread family, sharing its life and sustained by its affection this will be full reward for the long and sometimes anxious labors of my reign of well-nigh twenty-five years. As I sit in my own home, I am thinking of the great multitudes listening to my voice, whether in British homes or in far-off regions of the world."

In conclusion His Majesty wished all his listeners a happy Christmas and commended them to God.

Around the world, north and south, east and west, wherever the British flag flies, in the capitals and other cities, towns and villages, people listened to the King's voice. They also heard descriptions of widely differing climatic conditions, weather, and Christmas celebrations in remote parts of the Empire. Thousands of miles were bridged by the voices of those speaking from the United Kingdom, Canada, Australia, India, South Africa and other countries.

It was the third Christmas broadcast to be arranged by the British Broadcasting Corporation, and the King's message followed an exchange in which all parts of the Empire participated. Carillons and jingle bells rang their cheery Christmas message around the world; then the different Dominions told each other and the Mother Country how they were spending Christmas. The extent of the Empire and its marvellous variety were revealed in the contrast of amusement and occupation. Summer ruled in India, Australia and New Zealand, but Canada and the Northern Countries were blanketed with snow.

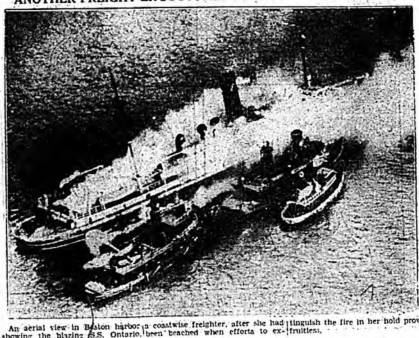
HOW TO SETTLE AN INTERNATIONAL CONFERENCE

It was a good day for a naval parley. Wate renough to float a navy as four of the world's foremost diplomats—members of the London Naval Conference—played this game of golf at Walton Heath. Judging from the happy expressions, one would imagine that everything in the line of naval ratios had been settled. Nothing could be further from truth. The Japanese delegation would under no circumstances agree to a continuation of the present 5-5-3 ratio and has already announced its intention of scrapping the treaty. LEFT to RIGHT; Norman Davis, United States ambassador-at-large and the official U.S. representative for the naval talks; Admiral Stanley of the U.S. navy; Sir John Simon of England, and Ambassador Watsudairi of Japan.

"TOMMIES" LEAVE FOR SAAR PEACE PATROL

Despite the fact that they were recalled from Christmas leave these Tommies are buzzing with excitement. They are part of the international peace army, the first of its kind the world has seen, now policing the Saar territory. With contingents from Italy, Holland and Sweden they have the duty of keeping peace during the plebiscite campaign culminating January 13 in the battle of ballots. The lower scene took place at Catterick camp, in Yorkshire. At the top a detachment of 12th Lancers are putting armored cars in perfect trim for the campaign.

ANOTHER FREIGHTER SUCCUMBS TO SEA'S WORST ENEMY



An aerial view in Boston harbor showing the blazing S.S. Ontario, a coastwise freighter, after she had been beached when efforts to extinguish the fire in her hold proved fruitless.

PROTECTED HOMES

Homes heated with our smoothly burning Coal are more easily regulated for temperature. Our Coal is the remedy for those dangerous "high" and "low" variations of heat — the temperature fluctuations that result in colds and winter illnesses. Try this home-protecting Coal for one month!

THOUGHT EXTRA ON MAIN LINE, THREW SWITCH

NEWS BRIEFS AND ODDITIES

Norwich, Conn., Dec. 27 (CP)—The last of the Mohicans, says Gladys Tantaquidgeon, is just the name of a book, and she should know whereof she speaks.

Being a full blood Mohegan, or Mohican if you will, Miss Tantaquidgeon was named by the United States government to take a census of the tribe's members in New England. Today her survey showed 175 of them living in that territory.

. . . .

Chicago, Dec. 27 (CP)— Frank Cinelli saved $500 in a close shave.

While Frank, who owns a tavern, had gone to a bank yesterday three men entered his place, held up the employe and four customers.

"Where's that money Cinelli went to the bank for?" one of the men asked.

"He's not back yet," said Tony Ducellina, tavern manager.

The robbers waited five minutes, became impatient and finally left with $40 from the cash drawer. Frank walked in a few minutes afterward explaining he was late because he stopped for a shave.

. . . .

New York, Dec. 27 (CP)—From a street sweeper to superintendent of the street cleaning department is the modern success story of William J. Powell, who was yesterday appointed head of the department by Mayor F. H. Laguardia at $4,500 a year salary.

Powell started as an extra sweeper in 1906. He rose steadily and in 1931 was made Borough superintendent of Queens.

Mayor Laguardia said the promotion was made in accordance with his policy of advancing competent men from the ranks.

. . . .

Milwaukee, Dec. 27 (CP)—Eight year old Donald Manchester is a Byrd expedition fan and that explains why rescuers found him in ice-floating water up to his chin.

Donald decided the frozen sea lion pool in the Zoo here would serve as a first rate Antarctica for him to explore.

He started his expedition, but miscalculated the strength of the ice, through the surface he plunged and suffered a frigid ducking.

. . . .

Butler, Pa., Dec. 27 (CP) — Kind-hearted poundmaster William Williams has a goose among his dogs which he will trade for something that doesn't require feeding.

A man with the goose under his arm came to Williams:

"I haven't the money to pay now but my boy wants his dog back. Please take my goose for security."

Whether to roast the security or wait for the man's reappearance is a problem Williams hasn't settled.

. . . .

Wheeling, W. Va., Dec. 27 (CP) —When the boys in Wheeling High School go home to mother now they may say:

"Well, this evening we can have a nice fluffy omelet, some devil's food cake, creamed peas and — Oh, yes, spinach."

Eighteen of the boys have banded together and organized their own domestic science class in competition with the girls.

Arctic Blast Sweeps U. S.

Chicago, Dec. 27 (CP)—The Arctic blast which swept across the United States struck with renewed fury at many points today leaving behind a steadily mounting list of fatalities.

Shipping along the North Atlantic coast was endangered as the storm whipped across the Eastern States.

The British freighter Quebec City, caught by a 40 mile an hour wind, was wrenched loose from her anchorage and driven aground on the mud flats of Brooklyn, while the rudderless Belgian freighter Emile Francqui, bound for Antwerp from New York with a crew of 35 was battling a gale off the coast of Nova Scotia.

Heavy seas battered the Maine shore when a 57-mile an hour gale howled across New England, with rain, snow, sleet, hail and lightning following in its wake.

San Francisco felt the tail end of the storm, in the form of a hard rain, while the Pacific Northwest was raked by 70 mile-an-hour gales, jeopardizing shipping off the coast. A hangar at the Portland, Ore., airport was demolished. Blizzards were raging in the Cascades. The storm appeared to be moving southward, and a heavy fog tied up shipping in the Los Angeles harbor.

BLOW UP CHILDREN THREATS MADE AGAINST MAYOR

Mayor Stewart Receives Another Threatening Letter

POT. IODIDE SAMPLE

Letter Sent N. F. Newton of London, Writer Claims

Toronto, Dec. 27 (CP)—Another threatening letter signed "XXXX Spike" was received by Mayor W. J. Stewart today, attacking the Mayor and Crown Attorney N. F. Newton of London, Ontario. The writer threatened to blow up their children. A number of similar letters have reached the Mayor recently, the last little more than a week ago.

Enclosed with today's letter was a sample of potassium iodide. The letter said:

"So you are hiding behind a police net, Stewart—that exists. I never as yet sent you any poisoned candy—. You inquired about N. F. Newton's candy. It fooled the professor. It was poisoned with tincture iodine, five percent, 23 percent potassium iodide and 70 percent alcohol.

"A sample you find in a letter. Roebuck (Attorney-General A. W. Roebuck) and Newton got a card, the same as you did. Slike (correct) work.

"N. F. Newton will get a letter the same time.... with about four hours' difference. I hate that man Newton with the bitterness of my heart. Sooner or later I'll get his kids, Ross and Derek and Newton as well. I warned him, I should penetrate his house despite the fact he put extra chains on his door and police protection. I did with the poisoned candy and make my moast (correct) of it. I am aware of the police blinds, their traps, etcetera, to catch me. I was away for a month or two. I was watched Newton (correct). That accounts for Four X Spike's silence."

DESTROY MONEY NOT BEING USED

Treated Down at Mint And Then Disposed of in Sewage

Ottawa, Dec. 27 (CP)—Sixty million dollars in Canadian money goes down the sewer annually—into the Ottawa River.

From the east block of the Parliament Buildings, it is poured into the sewage system with all kinds of refuse periodically. It is beyond retrieve, even in times of depression.

The sum total represents Canadian bills of all denominations, taken out of circulation. Because of wear and tear, their life averages from nine to ten months. In one and two dollar bills alone, $40,000,000 are thus destroyed each year.

No longer may the financial hopes of a visitor to the Capital be raised momentarily by the flicker of pieces of paper money on lawns of Parliament Hill. That was when the practice was to burn the bills, parts of which sometimes escaped through the flue.

Money Treated Down

Time-worn paper currency is treated now by the Department of Finance in paper-mill fashion. Boiled beyond recognition with the aid of chemicals to obliterate the print and coloring, the bills are put through a steam pressure and beater and then shoved into the sewer pipe. Time was when after going through the macerating plant they were rolled into laps and sold as pulp. But in recent years, lack of a market for low-grade pulp made the present treatment much less expensive.

Branch banks all over Canada almost monthly hand over old bills to the various assistant Receivers General in return for fresh, crispy bills. The withdrawn currency is shipped to Ottawa then for destruction, cut in half, but in separate parcels to guard against theft.

TRAFFIC SUPT. OF BELL DIES

Brantford, Ont., Dec. 27.—(CP) —Mark Ernest (Ernie) Moore, Traffic Superintendent for the Bell Telephone Company for Brant District since 1928 died during the night. He was in his 44th year.

Mr. Moore had a long and distinguished record during the time he served the Bell Telephone Company.

BLIZZARD RAGE TIES UP TRAFFIC TEARS DOWN SIGNS

Stone Chimneys Carried Down With Big Oil Sign

BRANCHES SCATTERED

Pedestrian Runs Head-on Into Standard And Breaks Glasses

Held in the grip of a whirling, blinding snowstorm which swept into the district on the tail-end of a driving blizzard reaching almost cyclonic proportions during the late afternoon, this city experienced its most severe winter's day of the season on Wednesday.

Driven before the gale which whipped through the city streets, an opaque wall of heavy snow obscured buildings and even pedestrians on the streets, and drifted into heavy windrows making traffic temporarily impossible. Scores of travellers were marooned in the city while the storm raged. Transportation on highways came to an abrupt stop.

CAPTAIN BERNIER EXPLORER, DIES

Sailed in Practically Every Section of The World

Levis, Que., Dec. 27 (CP)—The name of another noted explorer was added today to the lengthening list of those who have died since extending the bounds of civilization far into the frozen Arctic—that of Captain J. E. Bernier.

Captain Bernier, outstanding Canadian explorer of the north who during his lifetime had sailed in practically every section of the world, died at his home here yesterday after an illness of ten days brought on by a paralytic stroke.

The 82-year-old explorer put up a valiant fight against death, clinging tenaciously to life for days when physicians expected him to pass away any minute. His second wife, formerly Miss Alma Lemieux; a brother, Alex. Bernier of Montreal; a sister, Mrs. Joseph Boisjoly, Quincy, Mass., and his physician, Dr. J. Leblond, were at his bedside when he died.

Possession by Canada of a large number of areas in the Arctic will always be attributed to the daring of the fearless explorer, who time and again defied death to sail thru' the infested waters to plant the flag of Canada on new territory. Among the lands he took possession of in the name of Canada are Lincoln Land, Ellesmere Island, Melville Island, Bellot Island, North Somerset Island and Prince of Wales Island. In 1908 he found the lost records of Admiral Perry after setting the Canadian flag on Cone Island.

Captain Bernier went to sea at an early age, helping on the ships captained by his father. He got his first command when only 17 years old and for many years plied the waters of the north where he was popularly known among the natives as "The Bear." During his long life on the sea he crossed the Atlantic Ocean 269 times.

PREMIER BENNETT IS BACK AT DESK

Important Matters Will be Dealt With Immediately

Ottawa, Dec. 27 (CP)—With Prime Minister R. B. Bennett back at his desk today after a brief Christmas vacation, action on a number of important matters may not be further delayed. In addition to the Prime Minister, Finance Minister Edgar N. Rhodes, who spent the holiday in New York and Minister of Justice Hugh Guthrie, who was at his home in Guelph, also returned to the Capital. The cabinet is gradually getting back to full strength, and active preparations for the coming session will now go ahead.

An early announcement of an appointment to the post of Assistant Deputy Governor of the Bank of Canada is expected. J. H. Bender, Montreal, is said to be the choice for the position.

WORST WRECK IN 40 YEARS KILLS 15

Frantic work by railway wrecking crews, volunteers, medical men and nurses succeeded in saving many more lives in the tragic train wreck at Dundas, Ont. Injured passengers were given first aid even before they were extricated from the wreckage. Fifteen were killed and 35 injured when a through flier crashed into a sidetracked special excursion train. Above shows scene of wreckage with workers, spectators and passengers viewing the debris.

BROKEN SPINE IS CAUSE OF DEATH AFTER ACCIDENT

Leo Arno, Marmora, Dies in Hospital Here Last Night

HURT ON MONDAY

Did Not Complain About Back Until Wednesday Afternoon

Leo Arno, aged 18, of Marmora, died in the Belleville General Hospital at 1.00 a.m. today as a result of a broken spine received during an automobile accident on Highway No. 7, four miles west of Marmora on Monday night last. Arno, accompanied by a chum, George Vinleff, also of Marmora, was driving

GIGANTIC CRIB MOVED IN PLACE

First Step in Building of New Dock is Taken

Sixty tons of huge fir timbers in a compact mass larger than the average size dwelling teetered precariously over the edge of the Government Dock late this morning and then slid into the water with a grinding roar and thundering splash.

The first step in the actual construction of this city's new dock and harbor extension was begun today with the launching of the crib work, which has been in process of construction at the dock for the past several weeks. Finally completed this week, the huge mass of fir timbers especially imported from British Columbia to this city by the local Harbor Commission and comprising the crib work was left teetering on the edge of the dock, needing only the blow of a sharp-edged axe to launch it into the water.

Following the launching of the crib, which was built to the contour of the bottom of the harbor in the position it will occupy was floated to place by the men. Work of filling the empty framework with the stones to hold it in place will be begun at once.

On hand to witness the launching of the crib by Mr. W. LaRocque, expert builder in charge of the construction, were members of the local Harbor Commission who took up the initial task of constructing the new extension several years ago.

NAZI BLOOD PURGE USED IN SAAR TERRITORY

(By Milvin K. Whiteleather Copyright 1934 by The Associated Press)

Saarbruecken, Saar Basin Territory, Dec. 27 —Enemies of Reichsfuehrer Hitler today were using the Nazi blood purge of last June and reports of more recent executions as weapons as they redoubled their efforts to keep the Saar territory from choosing German sovereignty in the Jan. 13 plebiscite.

RELIEF DIRECTOR FOR ONTARIO DIES

J. A. Ellis, Well Known Figure in Municipal Life

Ottawa, Dec. 27 (CP)—An outstanding figure in the municipal life of the province, J. A. Ellis, Director of Unemployment Relief for Ontario, and a former mayor of Ottawa, died here early today. He was in his 71st. year.

An illness which necessitated an operation brought Mr. Ellis to the hospital here about a fortnight ago. Since being operated upon he had been in a serious condition although his state varied from day to day. Last night, however, his strength began to give out, and finally the end came in the small hours of the morning.

A career which embraced nearly every phase of civic activity came to an end with his passing. In Ottawa his name was linked in the minds of the public with several violent municipal conflicts in which he played an important part. He was constantly in the limelight as a staunch supporter of public ownership.

Four Times Mayor

Four times mayor of Ottawa after a year spent as controller and three years as alderman, he was one of the outstanding champions of public ownership and perhaps the greatest memorial to him in Ottawa is the Hydro-Electric plant owned by the people of the city as a direct result of his initiative and energy.

At the time of his death Mr. Ellis held the onerous post of Ontario Director of Unemployment Relief and it was the heavy load of responsibility and worry which he had to bear in this capacity for the past five years that no doubt contributed to the ill-health which caused his passing.

At his bedside when death came were Mrs. J. A. Ellis; his son, Arthur Ellis, M.L.A., and a daughter, Mrs. B. T. Anderson, of London, Ont.

Funeral arrangements have not yet been completed.

CONSECRATE BISHOP

Toronto, Dec. 27 (CP)—First Suffragan Bishop of the Anglican diocese of Toronto, Ven. Archdeacon A. R. Beverley of Simcoe diocese, will be consecrated today at ceremonies to be attended by two Archbishops and seven Bishops at St. James Cathedral. Most Rev. Derwyn T. Owen, primate of all Canada and Archbishop of Toronto, will officiate at the consecration.

MONOPOLY IN CANS CHARGE IS MADE BEFORE INQUIRY

Cost of Cans Higher Than Cost of Raw Fruit Probe is Told

MONOPOLY ON TIN?

Growers Get 12 1-2 Per Cent of Sale Price of Tomatoes

Ottawa, Dec. 27 (CP)—When Canadian Canners, Ltd., of Hamilton, Ontario, paid a low figure of 23 cents a bushel for tomatoes, it turned a net loss of $822,231 into a profit of $342,908, the Royal Commission on Mass Buying learned today from W. R. Kay, Toronto auditor.

Between 1929 and 1931, the vast canning organization, one of the largest in the world, dropped its

EXPRESS-SPECIAL CRASH IS PROBED

Three-Way Investigation of Dundas Rail Tragedy Made

Hamilton Ont. Dec. 27—(CP)—The grim business of determining the cause of the Christmas night crash at Dundas of two Canadian National Railways trains went forward today on three fronts. The death toll still stood at 15 and more than 30 who were injured in the disaster were in the hospital. Some were in critical condition.

While wrecking crews struggled to remove the debris at the scene of the crash investigations by the Dominion Board of Railway Commissioners by the C.N.R. itself and by a coroner and jury were launched.

Chief Coroner Dr. J. H. Mullin announced opening of an inquest on January 4. Inspector W. H. Moore of the Ontario Provincial Police was assigned to secure information and seek witnesses. The Ontario Attorney-General's Department pressed this phase of the inquiry. At Toronto it was learned Inspector Hammond of the Provincial Police had been ordered to Dundas to probe the smash-up and report back to the Department.

At Hamilton W. J. Pigott superintendent of the London District of the C.N.R. opened a railway inquiry into the mishap which brought sudden death, or serious injury to some fifty travellers.

From Ottawa came word that the Dominion Board of Railway Commissioners also would try to ascertain what caused a Detroit-Toronto express train to plough into the rear end of a special London-Toronto passenger train.

Eight Released for Burial

While the injured sought to banish from their minds the horror of the sudden crash arrangements went forward for burial of the dead. Definite identification of the bodies was completed yesterday and eight of them were released for burial.

Victims of the crash all were in the rear cars of the special train

(Continued on Page 3)

Brakeman on Front End Of Extra Threw Switch Sending No. 16 to Siding

E. S. Lynch Tells C.N.R. Probe He Thought Special on Mainline

GOING BACK FOR ENGINE

Official Report of C.N.R. Gives Cause of Dundas Accident

Toronto, Dec. 27—(CP)—Forward brakeman E. S. Lynch of the London-Toronto passenger extra threw the switch at the Dundas station siding that sent the Detroit-Toronto express crashing into the Christmas special Tuesday night, an official statement issued by W. A. Kingsland, general manager of the central region of the Canadian National Railways, said today.

Lynch told railroad officials at an investigation he thought the special train was still on the main eastward line.

When he saw the headlight of the "Maple Leaf" the No. 16 express, he became excited, Lynch said, and rushed to the switch, unlocked it and turned it for the siding in the face of the oncoming express. The "Maple Leaf" entered the siding and crashed into the Christmas special killing 15 and injuring about two score persons. Lynch has been in the company's service for 16 years and is a classed conductor.

The statement said close inspection of roadbed, track, automatic signals, switch light and switch showed all were in perfect order.

Switch Properly Locked

The company's statement said passenger extra 5300 arrived at the Dundas siding at 9 p.m. and stopped there because of a hot crank pin on the engine.

Brakeman Phelps set and locked the switch properly after the train had entered the siding. Phelps also turned the marker light on the rear of his train from red to green so the engineer of a following train would know the extra was clear of the main line.

The signal light near the Dundas station and one 2 1-2 miles west would show red (stop) and yellow (caution) during the time the siding switch was set for the extra. These would change to green after Phelps had reset the switch for the main line.

Lynch joined others of the crew when it was decided another engine would be asked for from Bayview to Toronto. He was instructed to go back to the Dundas station to have a message set to Hamilton for the relief engine.

Turns Switch For Siding

"Brakeman Lynch says that he had been busy with his passengers and did not know that his train had entered the siding", said the official statement, "but thought it was still on the eastward main line. As he was proceeding towards Dundas station he noticed the headlight of the engine of train No. 16 and fearing that it would strike the rear of his train if it proceeded on the main line, he says that he became excited and rushed to the switch, which he unlocked and turned for the siding in the face of approaching train No. 16, thus causing the latter train to enter the siding and collide with the passenger extra.

"The investigation discloses that train No. 16 had clear signals and a clear track until the moment the switch was thrown by brakeman Lynch immediately before train No 16 entered the siding. When the engineman on train No. 16 realized what had been done he immediately applied his brakes in emergency and made every effort to stop."

WEATHER

Toronto, Dec. 27 (CP)—Light snowfalls have also occurred in Ontario and the weather has become much colder east of the Great Lakes, while in the Western Provinces it continues fair and decidedly cold. Pressure is high over Ontario and the Eastern States, also over Saskatchewan, but relatively low in the Western States.

Lake Superior—Fresh to strong winds, shifting to easterly; partly cloudy and cold, followed by light snow.

Kenora and Rainy River—Fresh winds, shifting to easterly; cloudy and cold, with some snow.

7 Months Old Friday, Dionnes Stay Indoors

Callander, Ont., Dec. 27 (CP) — A few gifts for the Dionne quintuplets continued to trickle in today but for the most part their first Christmas is now history at the Dafoe hospital.

Sub-zero temperatures prevailed in the district today and the babies, who will be seven months old tomorrow, were kept inside.

PLOT TO MURDER STALIN REVEALED

Would Reinstate Trotzky Now in Exile in France

Moscow, Dec. 27 (UP)—A terrorist plot to assassinate Josef V. Stalin and replace him by Leon Trotzky, exiled Bolshevik leader now residing in France, was revealed Wednesday.

Leonid Nicoliev, who murdered Sergei Maronovich Kirov at Leningrad on Dec. 1, testified before the assistant public prosecutor at Leningrad that the terrorists' band of which he confessed he was a member, planned to shoot Stalin, Premier Viacheslav Molotov and other high Soviet officials.

They were to have been replaced by Trotzky, Gregory Zinoviev, Leo Kamenev and others, Nicoliev asserted.

Nicoliev also testified that he had negotiated with an unnamed consulate in Leningrad for military intervention in the Soviet Union. He said he got 5,000 roubles to finance the operations of the "Leningrad Centre," the name of the terrorist band.

The mysterious consular official also offered to make contact with Trotzky for the group, the assassin said.

Despatches from the Paris bureau of the United Press said the French Government had warned Trotzky against political machinations while accepting France's asylum.

Trotzky and Zinoviev long had been associated in opposition to the Stalin regime, but Zinoviev recanted and was admitted again into the Communist party. He is among the many arrested last week.

As a result of the testimony the prosecutor indicted all 14 defendants for violation of clause 58 in the Soviet Union law against counter-revolution and treason and remanded them for trial before the military collegium of the supreme court.

Terrorist Centre

The inquiry brought out that the "Leningrad centre" was composed of eight members who taught their followers that all ills in the Soviet Union resulted from the policies of Stalin, Molotov and their group.

The conspirators were convinced it was impossible to overthrow this leadership by peaceful means. Nicoliev said they thought a shot against Kirov would be the signal for widespread counter-revolutionary activity. He said the five men directly involved in plotting the murder were himself, Juskin Zvezdov and Antonov.

Coming Events

BINGO FOR TURKEYS AND hams in Sergeants' Mess, Armouries, Friday night, 8 p.m. Everyone invited. d27-2t

Mayor Tice will act as chairman. d26-2t

City and District News

200 BASKETS SENT OUT BY FIREMEN

With four trucks continuously active throughout the day on Tuesday, members of the local fire department completed their task of spreading cheer among the homes of the needy with their baskets of food and Christmas treats, made possible by their own donations and the donations of others of the city. Although a complete check up had not been made by Chief Lynch on Wednesday, it is expected that well over two hundred families will have been looked after before the work is completed. Last year nearly three hundred families were assisted through the season but this year, owing to the fact, that the annual ball held by them for the purpose of raising funds was not largely attended, and due also to the fact that donations were not so plentiful, the number was cut down.

CHILDREN ESCAPE HOLIDAY ACHES

Although nurses of the local branch of the Victorian Order worked throughout the day Christmas in response to a heavy number of calls, their work was performed mostly among the adult citizens. So far the expected wave o. common stomach aches as the result of mixed heavy diet in the juvenile ranks has not yet materialized, though generally such aches and pains do not come until the second on third day after, it was stated.

SNOW BLOCKADE DRIES UP MARKET

It was anticipated that the local market would have been fairly largely attended today, but owing to the blocked condition of the country roads, the market square and building were deserted. No doubt many of our country friends will visit the city on Saturday, being the New Year's market.

NO RUSH TO SECURE LICENCE PLATES

Although the new year is but a few days away, the office of the local issuer of motor vehicle permits has yet to register any rush to secure the new plates and licenses. So far the demand has been light, it was reported by Mr. S. E. Vermilyea today. According to the office of the Minister of Highways for Ontario, technically a motorist is in default if he displays old plates on his machine after the New Year. However, a month of grace has been granted for the past several years, and it is expected, that this same period will be extended this year.

RISING OF RIVER HALTS OPERATIONS

With their work inundated by the dammed Moira River, which rose several inches during the night on account of the heavy formation of anchor ice at the mouth a gang of thirty or more men, who have been engaged in clearing the river bed near the old Cooper's dam were forced to conclude their labors temporarily today. At the end of Victoria Park work was still being carried on by a second force of relief workers filling the trucks with fill material for the new dock reclamation work.

12 FROM SHELTER OUT HOLIDAYING

Twelve children between the ages of from two to seven years, wards of the local Children's Shelter this year were made happy over the Christmas period by local residents who have temporarily adopted them over the holidays. The number this year is slightly larger than last year.

RESIDENTS REQUEST SAND FROM CITY

The first flood of requests for sand to be used in sprinkling slippery spots on walks in front of homes in the city was being received at the office of the city engineer today. Requests for the sand were being filled only on condition that a suitable box or container was handy for the man giving it out from the truck.

ONLY ONE CALL FOR FROZEN PIPES

Even though the mercury descended to the season's lowest level today officials of the local waterworks department on Thursday had received only one call pertaining to a frozen water service. A deep covering of snow throughout the city will assist the department this season it is hoped in the matter of frozen pipes and services.

FIRE BRIGADE ON FOUR RUNS

A sharp drop in temperatures on Wednesday with the resultant stoking of lazy fires in homes and buildings throughout the city gave members of the local fire department a number of runs to minor fires during the day. Four alarms caused by blazing chimneys were answered to as many addresses on Front, Church, Earl and Bridge Streets during the day. On Thursday again a new high record of alarms was being answered.

TISDALE MAYOR BELLEVILLE BOY

Earl W. Van Blaricom, K.C., M.A., LL.B., Honored by Municipality

Earl W. VanBlaricom, K.C., M.A., LL.B., a former Belleville boy and student at Albert College, has just been elected Mayor of Tisdale, Sask., where he has been engaged in the practice of law for several years. Mr. VanBlaricom was returned by acclamation which is a tribute to his worth and public spirit. He is also prominent in Masonic circles and educational affairs.

The new Mayor of Tisdale is a son of the late William VanBlaricom of Sidney township where he taught school for several terms. He also served Overseas during the Great War. Many friends in the East will be pleased to learn of his progress and growing prominence in municipal, legal and fraternal circles in the Province of Saskatchewan where his only brother, Charles S. VanBlaricom is located at Rabbitt Lake, being very successful as a rancher and stock breeder.

PASSENGER TELLS OF AWFUL SCENES

Russell McKenzie Misses Train Because Chair-Car is Full

"I tried to purchase a seat in the chair-car on the rear end of the special train, Christmas, but they were all occupied, fortunately for me, and I travelled on the fast train", stated Russell McKenzie, local agent for the Chase and Sandborn Co., who was a passenger on train No. 16 on the C.N.R. that crashed into a holiday special near Dundas last Tuesday night.

"It was the most terrible sight I ever witnessed," stated Mr. McKenzie to the Ontario-Intelligencer while relating the story. "Of course when our train first stopped we did not realise just exactly what had happened, but upon learning the trouble we all hurried to the scene of the accident to render what assistance possible. It was bitterly cold and the process of liberating those pinned beneath the shattered wooden coaches was rather slow. We did all we could to assist but our efforts were rather futile, I guess.

"I cannot quite explain how I felt when I saw those poor people trapped inside of the splintered coaches dying, it was a sight I'll never forget and hope I'll never see again. Poor little children running around crying and looking for their parents, while anxious parents stood stricken as the bodies were removed from the shattered coaches, each hoping that their loved ones would not be the next to appear on the stretchers," added Mr. McKenzie.

"I might have taken the first train had there been room in the chair car, but there wasn't and I stayed at the station in London visiting with my mother until No. 16, the express came along," commented Mr. McKensie as he told of spending Christmas at his home in London.

Mr. Jack Size, local insurance agent who also comes from London, but now residing in Belleville, was also aboard the second train, but could not be located by the Ontario-Intelligencer in the city today.

Obituary

HIRAM WILLIAM HOLDEN

The death occurred at Portland, Oregon, on Friday, Dec. 21st., of Hiram William Holden, eldest son of the late Mr. and Mrs. Thomas Holden, who many years ago were prominent residents of Belleville, Mr. Holden being police magistrate here for some years. The Holden home was on George street, between Bridge and Queen streets.

The late Mr. Holden was born in Belleville and left here when a young man. For many years he had resided in Portland, Oregon. He was well advanced in years.

The surviving members of the family, are Mrs. T. S. Clark, whose husband was accountant in the Bank of Montreal here, years ago; Miss Letitia Holden, Miss Ella Holden and Mr. John B. Holden, all of Toronto.

Old friends of the family in Belleville will regret to learn of Mr. Holden's death.

Interment was made at Portland, Oregon.

4 Londoners Injured As Truck Hits Box-car

London, Dec. 27 (CP)—When a truck in which they were riding crashed into the side of a freight train at the Dundas Street interchange line of the Canadian Pacific Railway early today, four Londoners suffered minor injuries and body bruises. One of the injured, Mrs. Edward Vining, is in hospital but a favorable report was given today regarding her condition.

Three others, Marahall McCauley, Miss Marion Mooney and Edward Vining suffered minor lacerations and shock. Frost on the windshield was blamed for the crash.

"PEACHES" BROWNING WEDS AGAIN

Frances Heenan (Peaches) Browning is shown with her groom Bernard J. Hynes, theatrical man whom she married in a surprise ceremony at the home of a justice of the peace at Tuckahoe, N.Y. Peaches is remembered as the girl who skyrocketed into the news when (as a 16-year-old school girl) she married Edward W. (Daddy) Browning on April 10, 1926. The millionaire realtor died recently after making a will in which he carefully disinherited her of all except nominal dower rights of about $5,000 a year.

MARATHON WINNE R WITH FIANCEE

FLORENCE DESMOND T. CAMPBELL BLACK

Qualifying as a bridegroom by winning the London-Melbourne air derby, teamed with C. W. A. Scott, the British flier, T. Campbell Black, takes luncheon with his fiancee, Florence Desmond the actress upon returning to London.

BRITISH PLANES OF 300 MILE SPEED

London, Dec. 27 (C.P.-Havas)—The Royal Air Force will soon be provided with pursuit planes capable of attaining a speed of 300 miles an hour the Daily Herald said today.

Discussing recent experiments made at Martlesham Heath in Suffolk, the paper said the planes would be constructed with retractable landing gear, two way radio and oxygen equipment, permitting flight at high altitude. They will be piloted by aces of the air service who are now being trained to handle them.

FIRE ORIGINATES OVER SHOP FORGE

Brockville, Ont., Dec. 27 (CP)—Fire apparently originating over a forge in the machine shop did damage today to the upper part of an industrial building occupied by Brock Machinists and Welders and owned by the General Combustion Company, Montreal.

The blaze became centred in a part of the building containing old patterns and records and proved difficult for the fire brigade to combat in zero weather, although it was brought under control within half an hour. No estimate of the loss has yet been arrived at.

CAR FOUND IN EAST TORONTO

Toronto, Dec. 27 (CP)—The automobile used by bandits who held up the Royal Bank of Canada branch at Gerrard and Greenwood streets yesterday, was found by the police today at the corner of Donlands Avenue and Strathmore Boulevard, also in the east section of the city. The bandits got away with nearly $2,000.

LOCOMOTIVE BLAST KILLS THIRTEEN

Engine Carrying Workers to Mine Bursts at Montgomery, W. Va.

Montgomery, W. Va., Dec. 27 (AP)—Thirteen miners were killed and at least 43 injured today by the explosion of a locomotive of a train taking workers to a mine of the Elkhorn-Piney Coal Company, in the heart of this mountain country.

William Blankenship, the engineer; Delmar Oxley, fireman; Jess Persenger; William Maynes; Thos. Craft; Sam Runyon; Everett Leach; Steve Kosna, Sr.; William Turner; Pat Murphy; Rome Walton; two unidentified.

The blast, said to have been caused by a buckling of a fire box cover and the subsequent loosening of the boiler tubes, echoed thruout the valley along which the little train daily hauled the workers to and from their homes.

Pieces of the locomotive and cars were blown 100 yards away and the flying debris cut or bruised those of the workers who were able to flee the wreckage itself.

More than 100 men were riding on the three-coach train.

Of the dead only the fireman and engineer were identified immediately. They were: W. M. Blankenship, about 51, of Montgomery, the engineer; D. L. Oxley, 35, formerly of Lincoln City, W. Va., the fireman.

The blast hurled dozens of the passengers clear of the tracks and the injured cried out in pain as they lay exposed to a chilling cold.

Company officials, rushing to the scene in autos, trucks and buses, quickly gathered the dead and injured and rushed them to a hospital here.

At the hospital an attache said: "We are afraid a number of the injured men will die."

O. R. Stahl, division superintendent of the coal company said: "The boiler left the trucks, and came down on the first coach, killing and injuring a number of men."

Columbus, O., Dec. 27—A fast Pennsylvania passenger train tore into a string of freight cars, killing the engineer and fireman of the passenger locomotive and injuring an undetermined number of persons.

CRASHES TROLLEY HEAD-ON

Windsor, Ont., Dec. 27 (CP) — Natali Bortolotti, 32, and Otto Galli, 30, escaped with minor injuries when their small bread delivery truck crashed head-on with a trolley car here last night. Bortolotti, driver of the truck, said he had not seen the car approaching.

WELFARE CONCERT HIGHLY PRAISED

Severe Storm Mitigates Against a Large Attendance

Even though the weather outside was "wild and woolly like," a few hundred folk gathered last evening in the city hall auditorium for the entertainment put on under the auspices of the Quinte Welfare Club, a newly-formed organization here for the purpose of alleviating distress among unfortunate homes hit by the recent depression.

Mayor Tice, an honorary member of the club, presided as chairman for the occasion. In acknowledging the privilege conferred on him His Worship extended felicitations to the various societies and bodies in the city, namely service clubs, churches and the local firemen for successful efforts in handing out at Christmas time around 475 baskets of cheer in the way of foodstuffs and toys to needy families.

The leading part of last night's program was that of Harry Wagner's Hawaiian orchestra composed of several youthful pupils whose presence on the stage as a group made an imposing spectacle and revealed a gratifying source of creditable achievement. Mr. Wagner rendered some clever Hawaiian numbers and others took their roles in duets, trios, etc. for choice marches, waltzes on the Spanish and Hawaiian guitars, mandolins, banjos, violins and mouth organ as well. "Bones" Clarke acted as comedian and interlocutor to the delight of the juveniles in particular with his clown and darky combination.

Readings Given

Elocutionary selections were favorably given by Master Howard Truesdale, Mrs. David Bradford and Miss Ida Worrell. Excellent vocal solos were likewise contributed by Master Douglas Browning. Prof. R. H. Morgan was the efficient accompanist at the piano and led also Miss "Tootsie" Clark in demonstrating Irish Jigs and the Highland Fling in her Scotch costume.

These proved very entertaining as ever and gave a varied aspect to the bill of fare last evening. In addition and pleasingly so were the performances of Joe Sero, Point Anne, also a talented musician on several instruments, in step dance exhibitions and the clog and tap dances exquisitely rendered by Mr. and Mrs. Joseph Semain. In fact the feelings of the audience were tickled to rousing manifestations for many encores and there was a storm inside too, but of applause insisting upon more and more. It is no wonder that Mr. and Mrs. Semain in times past have captivated the attention of English Royalty in their dexterity and as they have appeared in artful poses before critics and admirers throughout many countries.

Provide 50 Hampers

Altogether a rare feast of mixed and satisfying entertainment was afforded last evening which left all with a good taste and satisfied appetite for enjoyment. The pleasure of personal comfort was enhanced in the knowledge that the whole program was voluntarily given and in behalf of providing more funds wherewith to supply necessities for especially juveniles, who may have been overlooked a little by busy Santa Claus in the Yuletide rush or in cases of further help necessary later on by food and clothing so that on no account children will miss school for this reason. The Quinte Welfare Club has already seen to about fifty hampers supplied to different homes and their purpose for the immediate future is to follow up endeavours towards systematic investigation of dire want, sickness and accident conditions along with action in the most deserving instances revealed through contacts with others. Last evening's supply of quarters, dimes, and nickels in a loose collection at the door netted over $11 and helped a lot to encourage hopes and plans.

The secretary of the club, Fred H. Henry, announced that later on another such community affair would be undertaken when the weather might be more favorable and new features introduced.

On behalf of the club he expressed gratitude to the mayor for so graciously presiding, to the city council for allowing the free use of the auditorium nicely arranged and heated, for the painstaking services of the caretaker and his assistant, the Ontario Intelligencer, management and advertising department for generous assistance, to Mr. Fred Smythe of the A1 Sign Co. for artistic bulletins, also to Mr. Archie Keegan for sign writing, the E. Wardhaugh Sign Co. for materials and to Messrs. George Gazley and Donald Grant for bulletins all freely furnished, to the South End Athletic Club, the Y.M.C.A. and Bert Adams for board space loaned, to Mr. Weaver of the Heintzman Co. store here for piano loaned, for the services of the Howard Papalm Trucking Co. contributed in moving the piano to and forth, and the kind services of Mr. B. C. Sills, piano tuner, also to all rendering gratuitously help in the fine progam and splendid co-operation to the committee in charge of this initial community venture.

Tweed United Church S.S. Presents Splendid Concert

Santa Claus Parade Delights Children of Community

Tweed—The annual Christmas Concert of the United Church Sunday School was held in the church parlors on Friday evening. The room was well filled with the children and their parents and friends. Mr. W. S. Gordon, Superintendent of the Sunday School welcomed the visitors. Rev. R. R. Nicholson read the second chapter of St. Luke and offered prayer. The programme was as follows:

Opening chorus—"Chime on, Sweet Bells"; Recitation, Jack McCutcheon, Betty McCulloch, Julia Lindsay; Violin and piano duet—John and Grant Locke; Solo, Milton McTaggart; Recitation, Heath Jones, Helen Austin, Billie Beatty, Helena Elliott, Lois Way; Exercise, "Christmas Dolls" by eight small girls, Audrey Dales, Elizabeth Gordon, Olive Reynolds, Helen Courtney, Betty McCulloch, Muriel Austin, Margaret Bateman, Della Austin; Recitation, Mary Locke, Donald Woodcock, Tom Moffat.

Presentation of Temperance Certificates by Mrs. S. G. Way.

Junior (a) up to 9 years of age—Lorne Vance; Robert McCulloch; Albert Palmateer; Delbert Benn; Donald Woodcock; Heath Jones; Jack McCutcheon; Harry Austin; Billie Barnett.

Junior (b) 10 to 12 years—Mary Kleinsteuber; Eileen Elliott; Marjorie McTaggart.

Intermediate—Senior (a) 11 to 14 years—Anna Kleinsteuber; Margaret Elliott; Delma Pipe; Ruth Foster; Marjorie Tummon; Barbara Barnett; Laura Johnson.

Intermediate—Senior (b) 15 to 17 years—Alice Nicholson; Vera Drinkwater.

Recitation—Anna Kleinsteuber, Douglas Purdy; Dialogue "A piece of pie", Mrs. G. Gordon's Class—Harry Austin, Jack McCutcheon, Alton Robinson, Billie Barnett, Howard Baldwin Lorne Vance. Song, "Silent Night", Anna McGuire; Physical Drill, eight girls, trained by Miss Elizabeth Stuart, B.A.—Anna Kleinsteuber, Marjorie Tummon, Marion Tummon, Marion Varty, Delma Pipe, Reta Godfrey, Ruth Nicholson, Ruth Foster; Piano duet, Alice and Ruth Nicholson; Pantomime "Preparing for Christmas", Marjorie McTaggart, Dorothy Lucas, Ruth Sinclair, Lorne Vance, Bert Reynolds Mary Kleinsteuber, Helen Palmateer, Beverly Purdy, Phyllis Austin; Pageant, "Christ of Bethlehem", Mrs. S. G. Way's Class—Vera Drinkwater, Margaret Moffat, Alice Benn, Alice Nicholson, Marion Tummon, Thelma Way, Barbara Barnett, Irene Lloyd, Dorothy Barnett; "Silent Night" "Angels from the Realms of Glory" and "O Come all ye Faithful" sung behind the scenes by Mrs. Dales, Mrs. Connors and Miss Richardson.

Bags of candies and nuts were given to all the children at the conclusion of the program.

Santa Claus arrived in Tweed on Saturday afternoon on the 1.45 C.P.R. train from Montreal. He was accompanied by Mrs. Santa Claus. A large crowd of children met the "royal' pair' at the station and escorted them to the Christmas tree at Kerr's corner. Here Santa Claus and some of his helpers distributed bags of candy and nuts to the children from Tweed and the surrounding district. The crowd was smaller than on previous occasions of this kind, due to the cold weather, and, more particularly, to the heavy fall of snow which has filled the country roads and made travel difficult. After Mr. and Mrs. Santa Claus had departed for their northern home, the children were treated to a peanut scramble by Mr. S. R. Curry, editor of the Tweed News.

Miss Mavis McGuire of Queen's University and Miss Marion Nicholson, of Toronto University are at home for the Christmas holiday.

Christmas services were held in Tweed United Church on Sunday, December 23rd. Special messages, appropriate to the season, were delivered by the pastor, Rev. R. R. Nicholson. The choir sang "Christians Awake." A trio "Hark, hark, my soul," was sung by Mesrames Dales, Connor and Grier. At the evening service Mrs. H. Grier sang "No room in the Inn."

Mr. and Mrs. Harold Clark spent the Christmas holiday with relatives in Brantford.

Dr. A. C. Locke of New York spent Christmas in Tweed with Mrs. Locke and family.

Capt. Marjorie Knapp of the Salvation Army who suffered a fainting spell following a week-night service a short time ago was taken to Belleville General Hospital suffering from a nervous break-down

Mr. and Mrs. A. B. Allen motored to Carleton Place on Saturday, returning on Sunday, accompanied by the latter's sister, Mrs. McFarlane and children.

Miss Amy Newton of Toronto spent the Christmas holiday at the home of her parents Mr. and Mrs. P. K. Newton.

Mr. and Mrs. Frank Hayward visited the latter's parents, Hon. and Mrs. W. G. Martin, Brantford, during the Christmas holiday.

Miss Myrtle Foster, B.A., of Frankford Continuation School Staff, Miss Jeanne Robinson, Springbrook, and Miss Emma Wallace, Kitchener, spent Christmas at their homes in Tweed.

W. FRANK PRENDERGAST

whose appointment as Assistant to the President has been announced by G. Harrison Smith, President of Imperial Oil Limited. Mr. Prendergast has been Advertising Manager of Imperial Oil Limited for the past seven years, and has served as President of the Association of Canadian Advertisers. He was previously engaged in editorial work in the Canadian newspaper and magazine fields where he had long experience.

Baskets of Christmas cheer were prepared at the United Church Sunday School on Monday afternoon by members of the Ladies' Adult Bible Class. Toys, articles of clothing and food were brought in between 1.00 p.m. and 3.00 p.m. by members of the church. These articles were later in the day distributed among the needy families of the community.

Honor Roll

QUEEN ALEXANDRA SCHOOL

HONOR ROLL FOR DECEMBER

Senior Primer (Class I)—Violet Anderson, Betty Domosly, Donald Moore.

Senior Primer (Class II)—Ruth Blatherwick, Jeanette Fisher, Phyllis Truesdale, Margaret Williams.

Junior Primer (Class III)—Betty Calberry and Evelyn Bedore equal, Jean Flintoff.

Junior Primer (Class IV)—James Greer, Jack Gibson, Jack Davidson, Wilbert Calberry.

Junior Primer (Class V)—Franklin Mondeville, Frank Rushlow, Ruth Linnier, Daisy King, Douglas Calberry, June Rushlow.

—A. M. MacKay, Teacher.

Primer (Class I)—Dorothy Wallace, Kingsley Farmer, Robert Ragsdale, Carolyn Morden, Norman Myers, Charlotte Finkle, John Rollins, Carol Martin, equal; Alice Pack, Roma Wright, Leo Rushlow.

Primer (Class II)—Garnet May, Bert Trice, Harry Abbott, equal; Donald Shackrow, Ralph Gerow, Mollie McIntosh, June Ostrom.

Primer (Class III) — Ruth Williams, Anneva Dracup, Bruce Diamond, Betty Soderberg, Ross Watson, equal.

Primer (Class IV)—Muriel Rushlow, Ralph Stokes, Billy Anderson, Donald Denike.

—L. M. Aull, Teacher.

—Phyllis Clemence, Teacher.

First Book (Class A)—Dena Pappas, Barbara Bews, Helen Foran, Mary Redner, Barbara Ann Michael, Charlie Lloyd, Allan McKenna, Helen Bateman; Billy Bankier.

First Book (Class B) — Bobby Hanna, Billy Stephenson, Lloyd Davis, Flossie Barriage, John Miller, Donald Taylor, Shirley Smith, Dorothea Collins, Jesse Burns, Gwen McBrien.

—H. Potter, Teacher.

DUKE OF GLOUCESTER HAS MERRY CHRISTMAS

Spends Same In Australia Under Tropical Suns

Auckland, New Zealand, Dec. 26 (CP Cable Via Reuters)—The Duke of Gloucester observed Christmas Day beneath the warmth of southern sunshine.

After attending divine service at the Cathedral here and partaking of Holy Communion, the Duke spent most of the holiday in the open air. He motored in the morning to Piha, a west coast bathing resort, spending an hour in the surf along with other bathers. Following this the Duke had a picnic lunch in the bush and also tea in the open air.

Early today he heard the voice of the King, his father, as His Majesty sent a message of greeting to the Empire. (Owing to the difference in time, it was past midnight by local time, when the Empire broadcast took place).

SUNDAY SCHOOLS ARRANGE PARTIES

Christmas Trees and Concerts Enjoyed by Large Gatherings

Madoc, Dec. 27—St. John's Anglican Sunday School held a Christmas party for the teachers and children. The evening was spent in playing games and contests. The Christmas tree was loaded with presents which were distributed among the children after each had said a little verse. Prizes for regular attendance were given to Miss Mary Smith, Miss Jean Aylesworth and Master Alex. Watson. At the close of the party a lunch of sandwiches, cake and cocoa was served to the guests.

St. Peter's Sunday School held their annual Christmas tree in the school room of the church. Mr. G. West superintendent acted as chairman. After a few words of welcome the following programme was well presented by the members of the Sunday School.

Infant's class: "Aay in a Manger"

Infant's class: "Away in a Manger."

Piano duet: Misses Barbara and Joyce Nicol.

Nursery Rhymes: Infant's class.

Piano solo: Jeanne Crowford.

Recitation: Hughina Clarke.

Dialogue: "World Wide Xmas," Sr. Girls.

Words of Greeting: Rev. Mr. Hunter.

Dialogue: Miss Ellis' class.

Song: Mrs. Clarke's class.

Piano solo: Audrey Smith.

Song: "Santa Claus is Coming to Town", Miss Cochran's class.

Guitar trio: Misses R. Holland, P. Holland, A. Donohue.

Song Sr. boys.

Drill: Miss Mackintosh's class.

Dialogue: "Old Maids Convention," Sr. girls.

Santa Claus visits the children and distributes the numerous gifts.

Trinity United Church Christmas tree was held in the Sunday school room of the church with a splendid attendance and an excellent programme was presented. Mr. R. Wellman, the superintendent, presiding, opened the programme by asking all to sing "Glory to God in the Highest" after which Rev. G. W. Rivers led in prayer. After a hearty welcome by Mr. Wellman the following programme was given.

Chorus by the Sunday School: "There's a Song in the Air."

Recitation Helen Zuercher.

Pantomime: "Little Tim", Mrs. Philip's class.

Finger Play Exercise: Primary class.

Minstrel Show: "Pop Tuffus" J. Bristol's class.

Song: "Old Year Clock", Sadie Tumelty.

Dialogue: "The Hypnotist", Mrs. Hamm's class.

Remarks by Rev. G. W. Rivers.

Song: "Santa Claus is Coming to Town", Sylvia Abbott.

Pageant: "Star Gleams", by three Senior classes.

Santa Claus.

Morning Service

In Trinity United Church on Sunday morning and evening were in keeping with the Christmas season. Rev. G. W. Rivers gave a special message taking his text from John 3.16. portraying the life of Jesus from a babe to manhood. Special music under the leadership of Mrs. Leslie Ashley was rendered by the choir.

Processional: "O Come All Ye Faithful."

Anthem: "Thy Light Is Come."

Anthem: "Sing O Heavens", soloists Mrs. Geo. White and Mr. Reddick.

Solo: "O Come to My Heart Lord Jesus," Mrs. W. Hulin.

Anthem: "Shine O Wonderful Star," soloist Mrs. W. Hulin.

Evening Service

The evening service was in keeping with the Christmas season. The pastor Rev. Mr. Rivers taking as his text the visit of the wisemen from the east Matt. 2-2, using it as a foundation for his message "The Preparation For Christmas". The choir rendered special music as follows:

Processional: "O Little Town of Bethlehem."

Solo by Mrs. Zuerches, "The Christmas Babe."

Anthem by choir: "Song in the Air."

Quartette: Mrs. Hulin, Mrs. Eagleson and Misses N. Fair and E. Salisbury, "Christmas Lullaby."

Anthem by choir: "In Bethlehem's Inn."

Carol Singing

St. Peter's Presbyterian Church held their Christmas service in the morning. Rev. Mr. Hunter taking his text Luke 18th chapter and 16th verse. His Topic "Except Ye Become as a Little Child." Referring to the meaning of the true Christmas and taking as his example the Babe Jesus born in Bethlehem. The music under direction of Miss Marion Robertson organist and choir leader was as follows:

Choir Anthem: "First Christmas Morn."

Solo: "Away in the Manger," Master Stanley Hawthorne.

Choir Anthem: "When Jesus was Born."

Solo: Mrs. Ansell.

Solo: "Night of Nights", Mrs. Crawford.

Master Stanley Hawthorne accompanied the Rev. Mr. Hunter to Tweed and sang a solo at the service in St. Andrew's Presbyterian Church.

On Saturday afternoon the Madoc Community Club held their annual Christmas tree at the four corners. Santa Claus arrived in town at 2 o'clock and gave a large bag of candy to each of the five hundred odd children of Madoc and the surrounding community. Santa Claus was assisted by Mr. C. Anderson principal of Madoc high school and by Mr. J. Irwin, principal of Madoc public school.

Personals

Mrs. Henry Kells of Sidney township spent a few days in town this week.

Miss Alice Armstrong of Toronto, is spending the holidays with her mother.

Mrs. Jenkins left for Toronto this week and will spend most the winter in the city.

Mrs. Manchester is spending the Christmas holidays in Ottawa.

Miss Lilian Rivers of Essex High School staff and Mr. Gray Rivers of Toronto University are spending Christmas holidays with their parents, Rev. and Mrs. G. W. Rivers at "The Parsonage."

Mrs. W. Cross left for Simcoe this week to spend sometime visiting her son Mr. Eric Cross.

Miss M. Ferguson of Peterboro General Electric staff is spending Christmas at her home in Madoc township.

Mr. Lough and Miss Lough left on Saturday to spend Christmas at their home in Grand Rapids, Mich.

Miss Eleanor Cochran, of Blenheim High School staff is spending the holidays with her parents, Mr. and Mrs. Alex. Cochran.

Miss Kate Ross is visiting her sister in Toronto.

Mr. Watson of Markham, is spending the Christmas holidays in town.

Dr. and Mrs. Harry Whytock and two little daughters of Hamilton, are visiting at the home of Mr. and Mrs. Jas. Kincaid.

Miss Clarice Dafoe of St. Clements school, Toronto, is spending the holidays at her home here.

Miss A. Mackintosh of Brantford, is home for the holidays.

Mr. Colin Dafoe, of Queen's University is spending the holidays with his parents, Mr. and Mrs. Frank Dafoe.

Mr. and Mrs. Gordon Munro and Wellington Munro are spending Christmas in Toronto and Weston.

Miss T. White of Toronto, is visiting at the home of Mr. and Mrs. George White.

Mr. and Mrs. Pearl and family are spending the holidays in Grand Rapids, Mich.

Miss Dorothy Nickle, R.N., of Montreal, is spending Christmas with her parents, Mr and Mrs. T. L. Nickle.

Miss Minnie Green of Peterboro, was a visitor in Madoc on Saturday.

Mr. Clinton Nickle of Peterboro Normal School is home for the holidays.

Misses Mabel, Hazel and Laura Ross of Toronto, are spending Christmas with their mother, Mrs. Walter Ross.

Messrs. Warren and Haskins of Hamilton spent a few days in Madoc this week.

Mr. Cecil Taylor of Albert College, Belleville, is home for the holidays.

Misses M. Uhrich and E. MacDermid of Madoc High School staff are spending the holidays at their respective homes Mildmay and Martintown.

Miss Grace Garrett is spending the holidays at her home in Elginburg.

Mr. Charlie Hill of Toronto, is visiting his father, Mr. W. J. Hill.

Miss L. Bresnaham of Bancroft, visited her aunt, Mrs. F. E. Brown on Saturday enroute to Renfrew for the holidays.

Dr. and Mrs. Crawford and children and Mrs. Jas. Whytock will spend Christmas at Niagara Falls guests of Dr. and Mrs. Arthur Whytock.

Mr. and Mrs. R. Wellman, Earl and Helen Wellman and Mrs. Huffman will spend Christmas with Mr. and Mrs. Wesley Huffman, Belleville.

Mr. James Irwin has purchased the residence of the late John Tucker.

Mr. and Mrs. Leslie Broad of Weslemkoon are spending the Christmas holidays with Mr. and Mrs. W. Broad.

Backache and Stiff Joints Disappear

Says Ontario Lady After Using Dodd's Kidney Pills

Miss Mitchell Recommends Dodd's To All Kidney Sufferers

Lloydtown, Ont., Dec. 27 (Special)—"I was troubled with severe backache and stiff joints and could not get any relief," writes Miss Nellie Mitchell, a resident of this place. "I started taking Dodd's Kidney Pills, and must say I got wonderful relief. In all I took six boxes and felt just fine; all backache and stiffness had completely gone. I also have a friend who received great benefit from Dodd's Kidney Pills. We both recommend Dodd's Kidney Pills very highly to any one suffering from any of these complaints, or any other kidney disorders."

By toning up the system and revitalizing the kidneys your body is kept healthy and ready to stand the attacks of what may be serious ailments, if neglected. Don't delay—try Dodd's Kidney Pills to-day.

JOLLY PARTY MARKS 23RD BIRTHDAY

Halloway, Dec. 27—On Tuesday evening Mr. and Mrs. P. Kelly entertained Mr. and Mrs. E. Hough, Mr. and Mrs. J. Townsend and Mr. and Mrs. F. Wilson on the occasion of Percy's 23rd birthday.

Mr. and Mrs. A. Wilson attended the 40th wedding anniversary of Mr. and Mrs. M. Faul of Corbyville on Tuesday night.

The Christmas trees were both quite a success although the recent heavy fall of snow hindered many from attending the United Church tree on Wednesday night. The talent were all present and sponsored a fine program.

Miss B. Spencer is spending the Christmas holidays with friends in Toronto.

Rev. Mr. and Mrs. Beazer and Mr. and Mrs. J. Johnston of Roslin spent the tea hour at Mr. J. Lowery's on Tuesday night and Mr. Beazer conducted a Christmas service.

Mr. H. Beatty had the misfortune to lose a horse one day last week.

Mr. and Mrs. F. Carter entertained their four daughters from Toronto and Mr. and Mrs. Wannamaker and family from Demorestville for a few days during the Christmas holiday.

There was no church service or Sunday school at this appointment on Sunday last.

Carter's School Holds Concert

On Wednesday evening the pupils of Carter's School with their teacher Miss Iva Horton held their annual Christmas concert. The school was beautifully decorated with Christmas greenery, red and green ropes and garlands with a Merry Christmas. On the platform was a large Christmas tree trimmed and laden with presents.

A large crowd was present and was entertained with the following programme.

Chairman's address by Mr. N. Wilson.

"A Welcome Exercise" by Donald Foote, Helen O'Neill and Dorothy Foote.

School chorus: "Christmas Time."

Recitation: "Size is no Barrier," by Max Collins.

Recitation: "Short Greetings" by Georgena Goodfellow,

Dialogue: "A Christmas Disappointment," by Elizabeth Alford and Frank O'Neill.

Song: "Alice in Wonderland," Cecelia O'Neill.

Recitation: "Christmas Greetings" Phyllis Cross.

Quartette: "Four Little Maids at Tea," Helen O'Neill, Edith Crawford, Cecelia O'Neill and Nellie Gray.

Dialogue: "A Photographer's Troubles," Frank O'Neill, Elizabeth Alford and Kathleen Carter.

Recitation: "A Little Wish," Harold Crawford.

Duet: "My Kitty" Irene and Edith Crawford.

Recitation: "A Real Friend", E. Cross.

Recitation: "My Dolly," Marion Coulter.

"Butterfly Dance," Kathleen Carter, Marie Collins, Elizabeth Alford, Cecelia O'Neill, Madellene Bennett, Helen O'Neill, Mabel Cross and Dorothy Foote.

Recitation: "Family Troubles," Betty Foote.

Song: "Queen of my Mother's Heart," by Eugene Tracey.

Solo: Mr. Vincent Bennett.

Dialogue: "Catching the Train to Track", Milton Crawford, Mabel Cross, Frank O'Neill and Elizabeth Alford.

Solo: Mrs. V. O'Neill.

Dialogue: "The Lost Child" K. Carter, Max Collins, Milton Crawford, Frank O'Neill, Elizabeth Alford, Madellene Bennett, Irene Crawford, Richard Bennett, Eugene Tracey, Donald Foote, Fred Gray, Annie Gray and Cecelia O'Neill.

Recitation: "Everyone", Annie Gray.

Recitation: "Please do not Notice", Leon Tracey.

Solo: Mrs. G. Goodfellow.

Pantomime: "Fairy", Madellene Bennett and "Angels", Cecelia O'Neill, Helen O'Neill, Kathleen Carter, Elizabeth Alford and Marie Collins.

Drill: "The March of the Christmas Trees", Donald Foote, Cecelia O'Neill, Irene Crawford, Rodney Wilson, Eugene Tracey, Nellie Gray, Elizabeth Alford, Milton Crawford, Richard Bennett, Marie Collins, Kathleen Carter and Frank O'Neill.

Dialogue: "The Dolls Christmas" Madellene Bennett, Eileen Coulter, Eileen O'Neill, Shirley Foote and Margaret Bennett.

Duet: "I Don't Want to Play in Your Yard." Cecelia O'Neill and Irene Crawford.

Dialogue: "Henry's Mail Order Wife", Mr. Vincent Bennett, Miss Vera Copeland, Mr. Kenneth Carter. Mr. Albert Alford, Mrs. E. Cross and Mr. John McLean.

Recitation: "A Closing Speech", Rodney Wilson.

Mr. Wilson complimented the teacher and pupils on their splendid programme.

The National Anthem was sung at the close.

DEATHS YESTERDAY

Levis, Que.—Captain J. E. Bernier, 82, outstanding Canadian Arctic explorer.

Yonkers, N.Y.—John Emory Andrus, 93, reputed to be one of the wealthiest men in the United States.

Vancouver.—Dr. J. L. Turnbull, 77, one of the first Vancouver medical men to be elected a Fellow of the American College of Surgeons.

Owen Sound, Ont.—James E. Keenan, noted Canadian lumberman.

Meiningen, Germany — Max Grube, 80, one of the greatest figures of the pre-war German stage.

Ottawa.—Eugene Louis Chevier, 74, former postmaster of the Interior Department and father of E. R. E. Chevier, member of the House of Commons for Ottawa.

Winnipeg.—Dr. Gerhard Hiebert 66, prominent Winnipeg surgeon.

Biloxi, Mis.—Bob Lyle, 63, widely known writer and free thinker.

Express Engineer and Trainman on Special Sure Signals Proper

(Continued From Page 1)

which had pulled into a siding in order to let the express train running in the same direction overtake it. Passengers on the overtaking train felt only a slight jar. But the impact spread pandemonium and terror in the crumpled wreckage of the end cars of the standing train.

The last car was almost demolished by the heavy locomotive of the Express. The next two cars partially telescoped each other.

Identity Not Known

Identity of the man who was clutched by twisted steel at the top of a pyramid formed by two buckled coaches was still unknown today. His legs were caught in the wreckage as the two cars were crashed together and raised by the impact. While men worked frantically with acetylene torches to burn away the steel that gripped him the mystery man of the tragedy fought to maintain a smile as he mumbled instructions to the workers.

The picture he presented thirty feet above the ground, a grim smile on his face, sometimes twisted in pain will long be remembered by the rescuers. His face was blackened by soot and his clothing torn. To ease the pain of his crushed limbs doctors fed him stimulants through a tube as the workmen fought to free him.

Today no one knew if he was among the dead or whether he is upon a hospital cot fighting the pain of two crushed legs. Doctors and nurses were questioned and railway officials were interviewed but the identity of the brave one was cloaked in mystery.

A change in plans led Daniel Markham, K.C., and his wife to death in the collision. The couple journeyed to London to spend Christmas with Mrs. Markham's sister and had reserved chairs in the club car of the Maple Leaf express to return to Toronto. No person on the Maple Leaf, which plunged into the train on the siding was injured. Mr. and Mrs. Markham, however, climbed aboard the special in a last-minute change of plans.

Couple Die Together

The special left twenty minutes earlier and Mr. Markham, recently appointed a King's Counsel, and his wife decided to take advantage of the time saved. They died together in the wreck of Christmas Day, the day on which Mr. Markham's parents received news of the death of another son in a plane crash several years ago. Mrs. Markham's only brother also died in a plane crash, while a number of the Royal Flying Corps overseas. The husband was 45 years of age, prominent in fraternal circles and member of the Ontario Mothers' allowance and minimum wage boards and his wife was 38.

Several of the thirty-three injured persons are in serious condition. Hospital authorities reported William Murray of Montreal, (2070 Peel Street), was only in fair condition suffering from fractures of both legs and the left arm. The condition of Miss Frances Axford of Toronto, (11 1-2 Spadina Road), also was described as fair while Leo Smallwood of Toronto was in critical condition with a fractured skull.

Through a maze of opinions officials tried to gain the real cause of the wreck, that stole the Yuletide joy from numerous homes. How the express came thundering through the switch to plunge into the special of eight cars has not been determined.

Engineer T. W. Burrell of Sarnia, declared he saw the green light, the go ahead signal as he drove his express towards the siding, where the special waited. The train crew of the special maintained the switch had been thrown in the proper manner. It was also conjectured the front trucks of the express engine might have jumped the switch dragging the speeding train on its death mission.

CARMEL CONCERT GREATLY ENJOYED

Carmel—There were quite a number in attendance at the school concert on Wednesday.

Mr. and Mrs. H. Dafoe and Carman spent Sunday evening with Mr. and Mrs. D. Hollinger at Chatterton.

Mr. Fred Vandewater spent the week end with Mr. Chas. Simpson and mother.

Miss Theda Mott, Belleville, called on Mrs. M. Reid on Tuesday afternoon.

Mr. Jno. Homan is able to be out around again after being confined to the house with whooping cough.

Mr. and Mrs. Joe Hollinger and Mr. and Mrs. D. Hollinger spent Wednesday night at Mr. and Mrs. H. Dafoe's.

Mrs. Wells is visiting her daughter, Mrs. W. Sills.

RESOLUTIONS

In but a few days now the world will begin to think in terms of the new year. Rolling forward as time does, the few remaining days will quickly pass and new resolutions will be put to the test.

The forming of resolutions is a good habit. To form a resolution means at least the possession of some strength of character and will. And the forming of a resolution is generally the formation of a desire to change behaviour or actions. It means that a considerable change or an intensification of interests may be the result.

The failure to form resolutions may indicate a laziness of the will, even the thought of forming of resolutions possibly being of a fatiguing nature to a few.

The failure to carry out resolutions may mean a number of things, but chiefly that the will is not properly exercised, or that the individual does not like to have himself marked out from the throng. But the person who makes a resolution and then fails still has probably developed some strength of character even in the contemplation of changes of behaviour or intensification of interests contemplated.

Christmas has been a good preparation for the next few days when people will look over the past and on the basis of its successes or failures map out their lives for the coming year in as far as the will is concerned or as far as they have power to carry their plans out.

Resolutions may occasionally be too radical and make success not so likely.

Few make resolutions to do evil. The resolves are to be and to do better. Not one person in thousands deliberately sets out as King Richard the Third is painted as "determined to prove myself a villain."

It is well worth thinking over for a few days. The cost in effort will not be great. The gain may be tremendous.

THE CALENDAR

Calendars are not so plentiful as they used to be but the indefatigable boy and girl collector are not deterred. Children of course do not realize the full attachment that a calendar has for the adult, with its appeal as a guide as to dates of days and months, a means of reckoning, and really as a set of books as some persons would keep books if they were required to do so.

IMPROVEMENT IN TRADE

Days of counting are now here as the merchants add up the sumtotal of their season's trade.

That the holiday business was an improvement on anything for the past few years is expected to be proven true in a large number of lines. It is doubtful if any felt conditions worse than they have been. The consensus of opinion is that the Christmas trade was very satisfactory.

It probably is that trade is finding itself more normal, that is, without the undesirable restraints and involuntary brakes on trade.

In a word the situation seems easier and the flow of money more normal.

HORRIBLE TRAGEDY AT DUNDAS

Dark tragedy stalked along the railway tracks near Dundas, Ontario, on Christmas night and took a toll of lives in a train wreck which has shocked the entire province and country. The happy, gay and waiting passengers of a Christmas special train were waiting to continue the last stage of their journey homewards from the most enjoyable festivities spent in Western Ontario, when more quickly than a bolt out of the blue descended the hand of death to claim fifteen lives and to maim over thirty other passengers.

The coincidence of the happy festival and the dire calamity shocked and caused a sense of horror which is not soon forgotten.

From every home will go out sympathy to the relatives of the victims and regret that so many lives were lost.

A searching inquiry is to be opened by the Board of Railway Commissioners for Canada and an inquest is being opened to bring out the facts about the fatality.

GERMS AND WINDS

In the brave days when the relation of bacteria to disease was still both an alarming and a reassuring discovery, the great Pasteur thought of collecting micro-organisms from a hot-air balloon and thus throwing some light on the manner in which epidemics spread. Such were the difficulties that he contented himself with conducting experiments at elevations as high as 6,500 feet in the Jura Mountains. Since then European and American pathologists have established beyond a doubt that spores and pollen are carried vast distances by the wind. Our Department of Agriculture has been especially assiduous in thus contributing to our knowledge of the epidemiology of rusts and other plant diseases and of the movement of air currents. With the introduction of aircraft the search for microscopic organisisms at high altitudes was pursued with new energy. Both the Los Angeles and the Graf Zeppelin have played their part in aiding those who devote their lives to the study of contagions and infections. Nor should we forget the pioneer collecting of spores made from airplanes by pilots of the Army Air Corps as early as 1921.

From an article which Mr. Fred C. Meier of the Weather Bureau publishes in the current number of the Scientific Monthly, it is evident that Colonel Lindbergh did more than merely retrace the ground already covered by his predecessors in searching the atmosphere for micro-organisms when he explored the North in an airplane. In the first place, he designed a new and particularly effective device for trapping specimens, and, in the second, he swept over water and ice in regions which had not yet been explored by pathologists of the air. The results are evidently of high scientific value. In the more or less barren Arctic the organisms caught by greased surfaces are not likely to have been liberated by prolific local fungi and plants. A truer picture of the distances to which minute forms of life can be wafted is thus obtained. Although the species trapped have not yet been completely identified, it is evident enough that the Colonel's work may be as important in the field of natural science as it has proved to be in opening up uncharted lanes for transatlantic aerial traffic.

Mr. Meier's resume must be read in connection with the reports that come from Harvard on the longevity of bacteria in air. Contrary to the prevailing supposition, it has been shown that droplets of moisture laden with dangerous microbes do not fall to the ground like sand, there to perish. What happens to them in the open air where they are caught by every wind? Here we are still in the dark. Although Colonel Lindbergh seems to have collected chiefly spores and pollen, there can be little doubt that pathologists will be in a better position to explain how plant and possible animal diseases spread with a rapidity that sometimes baffles the public health authorities.—New York Times.

YOUTH STILL DANCES

Opening night at the Metropolitan Opera House, said The Times reporter, did not show many young faces. The debutantes and their gentleman friends were more interested in the holiday dances that were going on all over town. Not even the new $250,000 opera lighting system, the new chairs and the fresh sandblasted arcade could tempt the young people away from the local ballrooms.

It is not so long ago that observers who wanted to be down in the mouth about America were terribly down in the mouth about our habits of vicarious enjoyment. Americans did not play games, but only sat in ball parks and stadiums to watch them being played. It was a picture which concentrated on baseball and football.

It left out of account several million golfers, more million fishermen and hunters, still more million automobile drivers, and probably as many milion young women and men who like to dance. In New York "society," at any rate, there were more young people last Saturday who preferred to enjoy themselves actively rather than to go to the opera and sit around vicariously.—New York Times.

INSANITY INCREASES

Mental illness in Ontario is making serious inroads on the health of the population, according to Dr. C. M. Hincks, Director of the National Committee for Mental Hygiene, who points out that more beds are occupied in mental hospitals today than in the general hospitals of the country.

There is an apparent cause for this spread of mental disturbance. It is found in the general economics difficulties that have cropped up during the last five years. Loss of money, frustrations of ambitions; unemployment, lack of opportunity accompanying the depression are the conditions that the authorities of mental diseases blame for the higher wave of insanity. They do not believe that physical health has suffered to the degree indicated by the mental breakdowns. It is the prevalence of worry of various kinds that is causing so many people to become mentally incapable.

This rather forbidding picture is relieved by the assurance that science has made important progress in the prevention of mental collapses. It is believed that if economic conditions became more normal and the stress of depression were lessened, there would be a noticeable improvement in the condition of those who have given way to the strains of worry and disappointment.—Sarnia Canadian Observer.

LOOKS SIMPLE

The facts of where taxes come from were made clear by a Western member of Parliament to the people of his constituency. He was sent to Ottawa to assist in reducing public expense; in other words, to do something about reducing taxes.

When he came back from Ottawa after a session he called a meeting of his supporters to give an account of his stewardship.

On one hand he placed the resolutions that had been sent to him asking that he use his influence to cut expenses.

In another pile he placed a series of resolutions asking for the expenditure of public money in the constituency.

He then invited his auditors to take a look at one pile, and then at the other, and to do some thinking about it.

Since that day, the story goes, he has received no requests from his constituents for public expenditures in the riding.—Regina Leader-Post.

YOUNG DREAMER

What does he dream beside the Winter fire,
The round world at his threshold? Silver hills
That shatter into foam of cities—spire
On lofty spire? What is it that he wills?

Or does he dream a ship with ghostly sails
Gallant and steady in the whirling drift
Of storm, her rigging frozen in the gales,
Stumbling and rising as the great seas lift?

Stripped and alert, himself astride the bow,
A watcher of the stars, the giant stride
Of mighty waters—will they draw him now
To danger on the breast of wind and tide?

Or dreams he of majestic azure flight
In countries of the cloud where mountain peaks
Recede to anthills and the fleeing night
Shrinks to a shadow . . . Is it this he seeks?

He stirs beside the fire, his dark eyes bright
And wide with vision . . . Suddenly there falls
A tapping at the window … … .. muffled . .. white .. . .
And to a little boy the first snow calls!

—Florence Ripley Mastin

THE GREAT FLIGHT of Christmas Greeting cards which covers the earth like a blanket Christmas-time is a modern phenomena worthy of thought. To moderns this Christmas greeting card custom has developed so gently that it is taken as a matter of course. If our grandparents had been told that in the year 1934 millions of beautifully designed cards costing all the way from five cents to one dollar or more would fill the mails just to express good wishes to friends they would hardly believe it.

x x x x

A VERY PLEASANT FEATURE of this Christmas from the standpoint of this sanctum centred in the many kind greetings and good wishes received from members of the Sidelight Family of readers. Of course the home folks were kind as usual in their expressions of good will, which is a tribute worth much, for as the boy said, a friend is one who knows all about you and still likes you—then the home folks' regard is certainly worth a lot. Greetings and appreciation of this column came from California; Dallas, Texas; St Petersburg, Florida, and other distant places, an indication that this Great Family Journal travels some and meets cordial welcome wherever it follows the postman's knock. In fact, the cub reporter says that the sun never sets on your newspaper—to which we make haste to add the amendment, well, hardly ever, for the last paper in always in the mail before sunset.

x x x x

GREETING CARDS reached this column from J. Jackman, and Joe Chew, two Chinese friends, former residents of Belleville. The former will be remembered as manager of the Radio Cafe at one time, and the latter, Joe Chew, as the promising young artist who painted some very worthy pictures of scenes in and about Belleville. Both of these young gentlemen have recently returned from an extensive visit to their old home in China.

x x x x

JOSEPHINE DIDN'T WAKE on Christmas morning—she just closed her eyes in sleep and wakened in the Happy Hunting Grounds, if such there be—and sadness was the portion of the friends of Josephine, particularly her foster father Pete Gettas, Front Street business man, to whom Josephine was as one beloved, and in consequence his Christmas was denuded of its accustomed happiness. Josephine was a wee Persian kitten, but a furry bundle of intelligence and affection, capable of inspiring affection in others, which is more than some humans are capable of.

x x x x

Alfalfa Ike—What happened to that tenderfoot who was out here last week?

Badger Pete—Oh, he was brushin' his teeth with some of that new-fangled tooth paste and one of the boys thought he had hydrophoby and shot him!"—Washington Evening Star.

x x x x

"Where is that beautiful canary bird of yours that used to sing so clearly and sweetly?" asked Mrs. Weatherbee.

'I had to sell him," Mrs. Butlam said tearfully. "My son left the cage on the radio set and he learned static."—Montreal Star.

LADY CHAYTOR ENJOYS VACATION

Sojourning in southern California is Lady Isobel Chaytor of Witton Castle, County Durham, England, a noted British sportswoman, who flew from London to Australia two years ago. Lady Chaytor is shown here trying a bicycle ride. She is vice-president of the Women's International Federation of Aeronautics, and is reported to be planning a trans-Atlantic flight next year.

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

December 27, 1914

Mr. Bill Wallace who has been residing in Empress, Sask., for some time, has returned to Belleville.

Harold Wilkins, a graduate of Belleville high school and of the Royal Military College, Kingston, who joined the Bedfordshire Regulars, reached the front on Dec. 8. He is the first Belleville boy to reach the front.

Belleville merchants report business as excellent during the Christmas shopping.

Mr. H. B. Stock spent Christmas in Hamilton.

Mr. Arthur Bell of Toronto spent the holiday with his parents, Mr. and Mrs. T. G. Bell, Isabell street.

Mr. and Mrs. L. R. Slater of Toronto are visiting Mr. Slater's parents, Mr. and Mrs. Fred Slater, North Front street.

Mr. S. Russell, George street, has left on a brief visit to Moncton, N.B.

Mr. and Mrs. Claude Hayes of Madoc spent Christmas with Mrs. Hayes' parents, Mr. and Mrs. Casper Wills, Yeomans street.

30 YEARS AGO

December 27, 1904

This is St. John's Day and the various Masonic officers will be installed this evening by Bro. Henry Pringle, D.D.G.M.

Mr. L. H. Hamilton is home from Quebec to spend the Christmas vacation.

Mr. A. Curry of Toronto was home for Christmas.

Mr. Arthur Weeks of Peterboro is home on a visit.

Mrs. W. J. Ridley of Midland is visiting relatives in the city.

Mr. and Mrs. Frank Yerex of Boston are visiting relatives in the city.

Miss Sidna H. Browne of this city played violin selections at a concert in Bowmanville last evening.

Mr. Ed. Coulson of Toronto is spending the Christmas vacation at his home here.

Mr. Walter Dobbs of Montreal spent Christmas at his home here.

Mr. Walter Nelson was home from Sault Ste. Marie to spend the holiday.

Mr. Edward Harrison of the School of Practical Science, Toronto University, is home to spend the Christmas holidays.

The City of Mexico Daily Record reports that sixty members of the Canadian Club in that city called on President Diaz to congratulate him on his re-election. Among the delegates were Capt. E. A. E. Halliwell and Mr. F. W. Strong, both former residents of Belleville. Mr. Strong is a son-in-law of Mr. George Denmark, barrister, of this city.

40 YEARS AGO

DEC. 27TH. 1894.

Miss Mary Burns and Mr. J. T. Burns of this city spent Christmas with friends in Port Hope.

The employees of the Oak Hall on Christmas Eve presented their employer, Mr. C. H. Vermilyea, with a handsome reclining chair. At the close of business a supper was enjoyed at 'Dickens' & Sons restaurant.

The employees of Mr. James Wallace, baker and confectioner, on Christmas Eve presented him and Mrs. Wallace with an excellent enlarged crayon portrait of themselves. The portrait was beautifully framed.

This was a green Christmas. The last green Christmas was in the year 1887 and the one before that was in the year 1637. Winter, however, is with us at last and no mistake. With the temperature at zero and a twenty-five mile an hour gale accompanying a heavy fall of snow today the ice king is making up for lost time.

Mr. R. F. Miller of Ritchie's store, and Mrs. Miller are visiting friends in Madoc.

Mr. Ed. Roy and Mr. Harry Borbridge of this city spent Christmas in Peterboro, the guests of Mr. and Mrs. R. M. Roy.

50 YEARS AGO

December 27, 1884

Scarlet fever and throat complaints are quite prevalent at the present time.

About noon today the residence of Mr. W. A. Hungerford on Isabel street was discovered to be on fire. The firemen promptly responded to the alarm, but it was evident that the building was doomed. The furniture from the lower rooms was saved, but was damaged by rough handling, but the heavy furniture and carpets upstairs were lost. The building was at one time occupied by Mr. James Glass, but is now owned by Mr. Jas. McCuaig of Picton.

At nine o'clock this morning the thermometer registered nine degrees below zero. Later it registered two degrees above zero.

The mayoralty candidates and their supporters are making a very active canvass. Mr. Frost's supporters have organized and Mr. Dunnett's admirers will organise on Dec. 29.

Sidewalk cleaning in this city as a general rule is fairly well attended to, but there are some places everlastingly neglected.

Toronto Archbishop

MOST REV. J. C. McGUIGAN

Succeeding the late Archbishop Neil McNeil as metropolitan of Roman Catholic ecclesiastical province of Toronto is Archbishop James Charles McGuigan, of Regina. At 40 years of age he is the youngest to hold such a post on this continent or the British Isles.

BROKEN SPINE IS CAUSE OF DEATH

(Continued from Page 1)

in an automobile westward on the new No. 7 Highway, when the vehicle suddenly swerved and struck a rock cut. The automobile scrapped the side of the rock cut for a distance of over 100 feet, completely tearing out the side of the car on which Arno was riding.

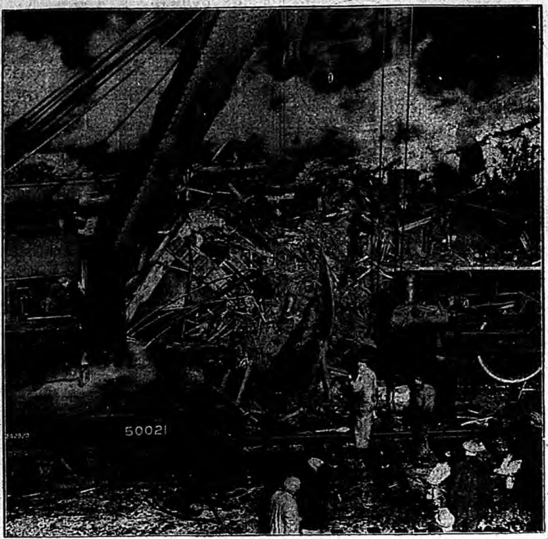
A passing motorist picked up the injured lads and rushed them into Marmora, where it was disclosed that Arno was suffering from a severe scalp wound, measuring some six inches in length. Drs. Wellman and Crawford were called to attend the injured men, but Arno at that time made no mention of neck or back injuries. On Wednesday Arno suddenly complained of being unable to move his lower limbs, it being then discovered that paralysis were slowly setting in. The injured lad was immediately rushed to the Belleville General Hospital, where Dr. G. S. Stobie was called in for consultation. It was at this time, that the fractured spine was located. Despite frantic efforts on the part of physicians in charge, the lad died at an early hour today.

The matter has been in the hands of the Provincial Police since and is being investigated. Constable Percy Gray took charge of the wrecked car yesterday, while Constable John Kelly went to the scene of the accident today. Traffic Officer Sam Ervine also is conducting an investigation relating to the identity of the driver of the car at the time of the accident. It was disclosed yesterday, that Vinleff and Arno had left Marmora late Monday night, Madoc-bound, owing to the bad roads the lads turned their automobile around and started to return home after being on the road for some little time. Despite the efforts of the police it has not been established as yet which occupant of the automobile was actually driving at the time of the accident. The motor car was completely demolished by the impact. Vinleff sustained minor cuts and bruises.

An inquest was opened today at the Funeral Home of Tickell and Browne before Coroner Dr. R. W. Tennent.

Preliminary evidence only was submitted and the enquiry was adjourned until January 3rd in this city. B. C. Donnan, K.C., conducted the investigation for the Crown. John Quinn identified the deceased, stating that he was a ward of the North Bay shelter and nine years ago was adopted by him. On Monday evening, the deceased with Mrs. Quinn left for Marmora and he was not seen again until after the accident. The jury was composed of W. H. Panter (Foreman), George Dulmage, J. W. Barlow, Thomas Marshall, R. D. Black, Eddie George, Samuel Wedden, Gerald Spafford and Charles Walters.

RESCUERS FRANTICALLY SEARCH DEBRIS FOR TRAIN WRECK VICTIMS



Thundering through an open switch at nearly 60 miles an hour, a Canadian National flier, near Dundas, Ont., crashed into holiday special, crushing like matchwood three cars killing at least 15 and injuring more than 35. The special train had drawn into a siding to allow flier to pass through, but switch in some manner remained open. The above shows the tangled debris as wrecking crews worked frantically trying to extricate the dead and injured.

Notable Progress Made by Royal Bank of Canada

Deposits Increase $50,000,000—Liquid Assets $382,172,287—Profits Down Slightly After Heavier Taxes

The financial statement of The Royal Bank of Canada for the year ended November 30, 1934, reflects a period of improved business conditions. Figures of total assets, deposits, cash, investments, commercial loans and note circulation all show an increase during the year.

Total assets are $758,423,904 of which $382,172,287 are liquid, being 58.16% of total liabilities to the public, compared with 55.76% a year ago. Cash, cheques and bank balances aggregate $165,683,031 or 24.35% of public liabilities.

Government and municipal securities have increased during the period from $113,782,602 to $133,220,489.

Big Gain in Deposits

The outstanding feature of the statement is the increase of $50,554,510 in public deposits. Of this increase it is understood that $41,347,334 is in Canada, the balance abroad, Canadian savings deposits being up $11,126,336.

After a steady decline in commercial loans of banks in Canada over the period of the past few years it is encouraging to note as further evidence of business revival, that the Royal Bank's figures under this heading show an increase of $10,092,494, the total standing at $226,942,028.

Profits for the year were $4,398,217 but are not properly comparable with published profits for the previous year because heretofore they were reported after deducting Provincial taxes but before Federal taxes. For the sake of uniformity, and the fuller information of shareholders, both classes of taxes are now disclosed in the published report.

During the year under review Dominion and Provincial taxes aggregated $1,075,016. Making allowance for the increase under this heading, profits are lower by $268,448. Net profits, after taxes, covered dividend requirements of $2,800,000, annual contribution of $200,000 to Officers' Pension Fund, the usual appropriation of $200,000 for Bank Premises and left a surplus of $123,200 to be added to Profit and Loss Account, increasing that account to $1,506,804 to be carried forward to the next fiscal year.

The showing while gratifying to the shareholders will this year be of special interest to the public, as it affords perhaps the most striking evidence yet given of the extent of the improvement in trade throughout Canada.

The Annual General Meeting of shareholders will be held at the Head Office of the bank in Montreal on Thursday, January 10th.

Profit and Loss Account Figures Compare as Follows for the Years Ended November 30:

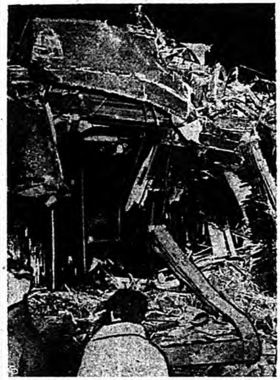
IT WAS A TRAIN COACH



This was once a railway coach. Happy Christmas visitors were returning to Toronto from London on a special excursion, when a through flier crashed with terrific force into the rear of the sidetracked special at Dundas, Ont., smashing two coaches like matchwood and badly wrecking the third. At least 15 were killed while more than 35 were seriously injured. The above is the remains of one of the coaches.

ZERO WEATHER IN EASTERN CANADA

Cold Blast Comes From West Where Five Lives Lost

(By The Canadian Press)

Zero weather and snow moved into eastern Canada today while western Canada was still held in the grip of a cold spell which took six lives.

Chill winds and snow flurries beat down on the Prairie Provinces where sub-zero temperatures remained from yesterday's storm. Regina and Edmonton were the coldest spots in the prairies, both had 35 below weather with Moose Jaw and Calgary right behind with 32 and 25.

Atlantic gales which lashed the Maritime coast yesterday continued today and temperatures dropped further. Both Saint John and Halifax reported heavy wind from the northwest. Central Nova Scotia was struck by a blizzard which brought a foot of snow and lower temperatures.

Although weather was bright and clear in most parts of Quebec, a cold, sharp wind blew from the west. Doucet at 30 below was the coldest point. This morning temperature at Quebec City was eight below and at Montreal ten below.

Five Frozen to Death

Five persons were frozen to death on the prairies and another died in a gale on the Pacific coast yesterday but no further casualties were reported today.

Plows smashed at heavy drifts on highways in the Owen Sound district where a severe snowstorm that raged yesterday blocked traffic. Government officials expected the roads would be ready for traffic late today.

Country roads near Woodstock and Galt were impassable as a result of heavy drifts. Highway traffic is proceeding slowly at Stratford but is blocked completely at Kitchener.

In Peterborough districts highways are open but country roads are piled high with snow.

Highway workers succeeded today in opening the highway from Morrisburg to a point eight miles west of Kingston but the stretch from Morrisburg to the Quebec border remained blocked. No. 16 highway from Beckett's Landing to Ottawa will not be free of snow drifts until this afternoon, highway officials reported.

Highway traffic was at a standstill at Brockville and plows worked to free roads of deep drifts. The weather was clear and cold at Ottawa.

PRISON TEAM NOTSCOREDON

Win 10 Straight And Roll up 508 Points in Season

Joliet, Ill., Dec. 27 (CP)— The 1934 Stateville penitentiary football team—it won 10 straight games and rolled up 508 points while holding opponents scoreless—was hailed as the finest in the prison's history today

No relations of Santa Claus, the boys completed their victorious season by trampling the Rock Island Fans, a professional eleven, 63-0 Christmas day. They had handled rivals from all parts of the State in similar fashion.

But the convict enthusiasts haven't seen anything yet, Coach Walter Niersthelmer pointed out. All the men will be back on the squad next year—unless, he added archly "somebody leaves unexpectedly." The players will be feted at a banquet Sunday and awarded the coveted "S".

◆

BLIZZARD RAGE TIES UP TRAFFIC

(Continued from Page 1)

Hundreds of dollars damage resulted when the strong wind seized one of the city's largest electric signs, the 3-Star oil display on the roof of the Belvidere Hotel, upper Front street, and tottered it from its heavy moorings.. In the fall the huge metal framework carried with it two stone chimneys, flinging bricks far and wide as it struck. The reverberating roar as the sign was carried away was heard for blocks. The few pedestrians fortunately escaped the shower of debris which followed. Notified of the danger of the tottering framework, Plainclothes Constable Fred Isard, first on the scene, took up the task of warning passersby and removing the parked cars from the danger spot. A hurry-up call to the Finkle Electric Company brought employees who secured the swaying frame.

Traffic Jams

Traffic jams through the business section were many and two cars from local garages were active in hauling the stranded cars from the heavy drifts. The outline of street walks in many cases was completely obliterated by the drifting snow.

Hundreds of tree branches littered the streets today after having been wrenched from the trees by the strong gale and flung wildly about. Broken glass littered the downtown section as well as the residential districts where the panes were broken by the force of the wind and scattered in front of homes.

Head down in an effort to avoid the force of the wind, and his vision obscured by the blinding snow, a local citizen walked into a steel light standard on Front street and smashed his glasses. His jaw was also badly bruised from contact with the post.

It was reported that between this city and Napanee six heavy transports were observed, partly in the ditch at the side of the road.

Snow Plows Out

Snow plows were out on rural roads, and on Thursday, drivers of transports stated that traffic had again been resumed on the more heavily travelled roads.

Railroad lines leading out of the city had emergency crews digging out switches and clearing partly blocked lines.

Scores of otherwise unemployed men found the day a mixed blessing by affording them work as they made house to house canvass of homes soliciting snow shovelling.

A fairly large force of men employed by the city also took the field this morning with shovels on their shoulders clearing off street crossings and city property.

Firemen battled through the storm in response to several alarms caused by blazing chimneys.

◆

DUNDAS RECALLS RAIL DISASTERS

Bridge Collapse in 1857 at Hamilton Caused 70 Deaths

Hamilton, Dec. 27 (CP) — The Christmas day accident on the C.N.R. near Dundas has recalled other railway disasters in this vicinity. The worst was the Desjardins bridge on March 12, 1857, when a train broke through the bridge, falling to the ice below. Out of 90 passengers on the train all but 20 were killed.

Another horror within sight of the bridge accident and the handsome highway entrance to the west end of Hamilton was what is known as the Y accident, which occurred on April 28, 1889. The Y is formed by the junction of the Toronto and London branches of the C.N.R. In this case, too, it was a crack Chicago train, which was just passing into the Hamilton yards.

Eleven Buried in One Grave

From a cause never clearly determined the engine was derailed, and passenger coaches piled up on the locomotive. The coaches caught fire and many of twenty-two victims were burned to death. One strange feature was that there was never even so much as an inquiry for eleven of the victims who were all interred namelessly in one grave. A Hamilton man had the unusual experience of attending his own funeral. As a body was being interred under his name, he arrived just in time to correct the error.

In February of the same year, the collapse of a railway bridge at St. George took a toll of 17 lives.

Last Tuesday night's accident has revived a legend concerning William Lyon Mackenzie. The story is that the rebel leader of 1837 had used a cave near the scene of the accident as a hiding place. One of the interesting places in Dundas is the site of Mr. Mackenzie's old printing shop. While there is no doubt as to the authenticity of the shop, the story that Mr. Mackenzie took refuge in the cave is of legendary character.

CODE PRICE FIXING IS RULED ILLEGAL

KANSAS CITY, Dec. 27—(AP)— Code price fixing under the NRA was ruled illegal by Judge Merrill E. Otis in Federal District court here today.

"Congress has no power to fix prices in transactions undoubtedly a part of interstate commerce", Judge Otis held in his opinion.

◆

ENGINE CREW KILLED

Columbus, O., Dec. 27.—(AP)— The engineer and fireman of Pennsylvania passenger train No. 614 were killed today when the train crashed into a line of freight cars near here. An undetermined number of persons were injured.

◆

SYMPATHY EXPRESSED TO HON. H. H. STEVENS

OTTAWA, Dec. 27.—(CP) — Sympathy with Hon. H. H. Stevens in the death of his daughter, the late Miss Sylvia Stevens, was voiced by the Royal Commission on Mass Buying here today. Miss Stevens died in Montreal several days ago following a long illness.

Miss Mary Stewart left on Saturday to spend the holidays at her home in Brampton.

Mr. Wm. Holmes and Miss Annie Holmes spent Christmas at the home of Mr. Holmes' son, Mr. John Holmes, at Stirling.

The Union Sunday School held its annual Christmas entertainment on Tuesday evening, Dec. 18. A splendid programme of readings, recitations, songs and drills was given, under the able leadership of Miss Muriel Mutton, the popular teacher of Blakely's School.

The special feature of the evening was a one-act play, "The Whole Truth" under the direction of Mrs. Bert McCreary. This play was a splendid example of the fact that truth will always come out all actors doing their parts most excellently, doing credit to their training. The cast was as follows:

Bartley—Cecil Robinson.
Reggie Brooks—Jack Empey.
Lord Harding—Harry Blakely.
Amy Ross—Miss Mutton.
Phyllis Faulkner—Miss Stewart.
Mrs. Montain—Miss Grace Robinson.
Mrs. Hathaway — Miss Eva Chambers.
The Butler—Marvin Cooney.

Eldorado Sunday School also held its annual Christmas tree and entertainment, Wednesday evening, December 19th. Despite the unfavorable weather conditions there was a good attendance. The young people and children furnished a splendid programme of readings, recitations, songs, a Christmas drill and two humorous dialogues which caused much merriment.

The Public School at Eldorado under the leadership of the teacher Miss Wright, held a Christmas entertainment in the School room on Friday afternoon, December 21st. The following programme was well rendered by the pupils:

Chorus by the School.
Recitations of Welcome—Bessie McCann and Don Campbell.
Recitation, "Something In Our Attic"—Marion O'Brien.
Dialogue "Merry Christmas Wishes": Fairy—Nora Sandford; Poor children making wishes—Bessie McCann, Raymond Goodchild, Harry White and Norma Boyle.
Recitation, "Santa's Little Son"—Harry White.
Recitation, "Merry Christmas"—Bobby O'Brien.
National Song, Christmas Lullaby—Marion O'Brien, Norma Boyle, Helen Tate, Doris Andrews, Earle Carman, Joyce Sandford, Bessie McCann, Shirley Andrews, Irene White, with their dollies and cradles.
Recitation, "Some Folks"—Ralph White.
Recitation, "Shovelling Snow"—Lemuel Sandford.
Solo, "Silver Haired Daddy of Mine"—Don Goodchild, accompanied on the guitar by Claude Goodchild.
Dialogue, "Uncle Hiram's Cold"—Verna McCann, Glenn Boyle, Helen Tate, Doris Andrews, Earla Campbell, Margaret Robbins and Lemuel Sandford.
Recitation, "Stitch In Time"—Shirley Andrews.
Recitation, "Joke On Pa"—Don Campbell.
Chorus, "Jolly Old St. Nick"—School.
Recitation, "Buying Christmas Presents"—Irene White.
Recitation—Norma Boyle.
Dialogue, "Minister's Mistake"—Doris Andrews, Merton Wright, minister, Earla Carman.
Instrumental Guitar Solo—Bernice McCann.
Recitation, "Red Stocking"—Clayton McCann.
Song, "Santa Claus Is Coming To Town"—Harry and Irene White, accompanied on the guitar by their mother, Mrs. R. White.
Recitation, "Daddy's Darling"—Joyce Sandford.
Chorus, "Jingle Bells"—School.
Recitation, "Before Christmas Comes"—Billy O'Brien.
Dialogue, "A Chance Encounter"—Raymond Goodchild, Bernice McCann, Fred Wright, Earla Carman, Clifford McCaw.
Song, "Cowboy Jack"—Helen Tate, Norma Boyle, Irene White with guitar accompaniment.
Recitation, "Santa's Speech"—Helen Tate.
Dialogue, "Christmas Bells"—Shirley Andrews, Billy O'Brien, Bessie McCann, Bobby O'Brien, Irene White, Ralph White, Joyce Sandford, Clayton McCann and Mary O'Brien.
Monologue, "Aunt Jane's Christmas Presents"—Merton Wright.
Dialogue, "Pulling Sam's Tooth"—Bernice McCann, Verna McCann, Harold Chambers, Claude Goodchild and Don Goodchild.

Mr. Harry Tate capably filled the position of chairman.

The timely arrival of St. Nicholas brought to a close a very enjoyable afternoon.

A vote of thanks was tendered to Miss Wright for her successful efforts in training the pupils for this splendid entertainment.

Mr. Sandy Martin is at present at Grafton assisting in laying steel on the railroad at that place.

Robert Woolsey, Mary Carlisle, Bert Wheeler and "Spanky" McFarland, who, with Noah Beery appear in "Ken ucky Kernels."

MEN'S CLUB HOLDS SOCIAL EVENING

Bonarlaw—On Tuesday evening of last week the St. Marks' Church Men's Club held a social evening to which the ladies were invited. There was a large attendance. Games were played while members and guests were assembling, after which the President, Mr. J. F. Baker, introduced the guest speaker of the evening, Mr. Joe Wilson of Stirling, District Agricultural Representative. Mr. Wilson's address was very instructive as well as entertaining, being illustrated with many slides showing the beauties of Hastings County and methods to adopt to combat the pests which are a menace to farm animals.

At the close of Mr. Wilson's address the program was handed over to Mr. W. J. Barlow, Chairman of the Program Committee, who gave a reading and also staged a contest. Mr. Harold Auger of Marmora, guest artist delighted the audience with a number of comic songs and instrumental numbers on guitar and harmonica, which were heartily applauded.

Mr. Wilson was assisted by Mr. Arthur Gould of Stirling who operated the lantern.

At the close of the program the lunch committee served a dainty lunch of sandwiches cake and coffee.

A splendid school concert was held on Thursday evening of last week by the teacher and pupils of S.S. No. 5 at the school house. Canon W. G. Swayne, acted as chairman in his usual capable manner and during the course of a brief address touched on the educational value of such concerts to the pupils who take part and gave much credit to Miss Leola Pollock, the teacher who trained them for the performance.

The program consisted of choruses, dialogues, monologues, pantomimes, drills, plays, solos, tableaux and recitations.

There was a large attendance, the school house being filled to capacity. The room was prettily decorated in Christmas style and a large Christmas tree was also decorated and loaded with presents which were distributed to the children at the close of the program.

The annual Sunday School entertainment of St. Mark's Sunday School was held in the Sunday School rooms on Saturday evening last and the attendance was splendid, about 130.

Mr. J. F. Baker, Superintendent of the Sunday School acted as chairman.

The program consisted of recitations, dialogues, songs, plays, monologues and pantomimes by the pupils of the 12th line school and Bonarlaw school and a couple of songs and a recitation by Mr. Kenneth Bain. The chairman also filled in between numbers with a couple of songs.

At the close of the program presents from the Christmas tree were distributed to the junior pupils of the Sunday School and a bag of candy to all the boys and girls.

The chairman thanked all those who assisted with the program especially mentioning Miss Laura Foley, teacher of 12th line school who kindly accompanied her pupils and assisted with the plays, etc.

Weddings

VERMILYEA—ALFORD

A quiet wedding was solemnized by Rev. Dr. James Semple at Bridge Street United Church Parsonage at 4 p.m. on Wednesday, December 26th, when Jane Colden Alford, only daughter of Mr. and Mrs. H. Alford, became the bride of Stanley Edgar Vermilyea, only son of Mrs. Vermilyea and the late Mr. S. W. Vermilyea.

The bride was becomingly gowned in a poudre blue crepe dress with hat and accessories to match. The happy couple left on the evening train for Montreal. On their return they will reside in Belleville.

MALLORY—BURR

A very quiet wedding took place at Bridge Street United Church at three o'clock this afternoon when Madeline Frances, only daughter of Mr. and Mrs. Clayton W. Burr, became the bride of Mr. John I. Mallory, son of Mr. and Mrs. Clarence Mallory, Bloomfield. Rev. Dr. James Semple officiated, assisted by Rev. James Blanchard of Bloomfield United Church.

The bride, who was given in marriage by her father, wore a lovely gown of midnight blue chiffon velvet, trimmed with silver and velvet turban to match. She wore a corsage of Butterfly roses and white heather, sent from Edinburgh, Scotland, by her brother, Dr. Ronald Burr.

A reception was held, following the ceremony, at the home of the bride's parents, Bellevue Apartments, Patterson Street. Only immediate relatives were present.

Mr. and Mrs. Mallory left on a wedding trip to Ottawa and upon their return will reside in Bloomfield.

18 KILLED IN ENGLAND

London, Dec. 27 (CP-Havas) — Eighteen persons were killed in traffic accidents throughout England on Christmas day it was announced today. Seven of them were killed in London.

MOIRA SCHOOL STAGES CONCERT

Interesting Programme Given by The Pupils

MOIRA—Friday evening, Dec. 21st., the school children came forth with flying colours to stage their annual Christmas entertainment, but owing to the inclemency of the weather the audience was not as large as it would otherwise have been. Much praise is due the teachers, Mr. Harold Mott and Miss Ruth Emerson for the effort that was put forth and which really materialized to be one of the finest programs presented for quite a few years. Mr. Blake Ketcheson very capably filled the duties as chairman and following is the program with Miss Norma Ketcheson presiding at the piano.

A Welcome —Master Beverley Foster.
Opening Chorus by the School.
Chairman's Address.
Recitation—Lois Holgate.
School Chorus — The Daring Froggie.
Recitation—Edith Scott.
Dialogue—Squire Hawley's Christmas.
School Song—Good Christian Men Rejoice.
Recitation—Grace McInroy.
Scenes in Grandma's day.
Motion Song by Junior Pupils—Jolly, Jolly Santa Claus.
Recitation —Dorothy Thompson.
Cowboy Song—Mr. Milton Vanderwater and Master Glenn Morton.
Recitation—Muriel Holgate.
Dialogue—Merry Maidens' Club.
Chorus — Good King Wenceslas.
Recitation—Elsie Scott.
Song—The Leaflet.
Recitation—Fleda Mullett.
Farmer's Drill.
Recitation—Rita Holgate.
Dialogue—Making A Cake.
Recitation—Doris Mullett.
Song — Miss Betty Foster and Master Herbert Holgate.
Dialogue—Waiting for the Doctor.
Drill.
Chorus—The Clacker.
Cowboy Songs—Mr. Vanderwater and Glenn Morton.
A Playette—Brother Jedediah.
Recitation—Betty Foster.
Chorus—By the School girls.
Recitation —Vera Moreland.
Chorus by the school.

Following the program Old Santa made his appearance on the stage and afforded himself the pleasure of handing out the varied and numerous gifts to the children.

Mr. Millen Hazzard has been confined to his home through illness during the past two weeks. His condition is causing some anxiety although a little change for the better is seen at the present time. The services of Dr. Welsh were necessitated on Friday afternoon. The community at large express a wish for a speedy recovery to health for Mr. Hazzard.

Mr. and Mrs. Wilbert Caverley and family spent a few days recently with Mr. and Mrs. J. L. Brickman.

Messrs. Milton and Kenneth Thompson came down from the north country where they are employed to spend the Christmas holidays under the parental roof.

Rev. R. J. Merriam spent the dinner hour on Sunday with Mr. and Mrs. Joe Williams.

Mr. Sam Ketcheson of Toronto, and Miss Bessie Ketcheson of Belleville are at home for the Christmas holidays.

Mr. and Mrs. Wilbur Hazzard of Belleville, are staying with Mr. and Mrs. Millen Hazzard.

BELGIAN FREIGHTER RIDING OUT GALE

Rescue Steamers Stand By to Throw Out Tow Lines

Halifax, Dec. 27 (CP)—Anchored less than a mile from treacherous shoals, the rudderless Belgian freighter Emile Francqui was riding the wake of a gale today, while two rescue vessels awaited an opportunity to shoot tow lines and bring here to a haven in Halifax harbor.

The government steamer Lady Laurier and the powerful tug Foundation Franklin were guarding the disabled craft from the "Blind Sisters" rocky graveyard of many ships of other days. It was only a matter of time before the freighter would be safe in the harbor, in the opinion of C. H. Hosterman, District Agent for the Department of Marine.

SEVEN DROWNED

Amsterdam, Netherlands, Dec. 27 (CP-Havas)—A bus carrying nine passengers left the road today and plunged into the canal. Seven of the nine occupants were drowned.

INTEREST REVIVED IN FAMOUS "I'M ALONE" CASE

Interest in the famous "I'm Alone" case, in which, five years ago, the Canadian rum-runner was sunk by a U.S. coast-guard cutter off Louisiana, is being revived as Canada claims $30,000 damages from U.S. government. The case will be heard in Washington before a judicial commission, with Chief Justice Lyman P. Duff of Canada and Associate Justice Van Devanter of U.S. supreme court acting as commissioners. The layout shows (TOP), the "I'm Alone's" crew, with Captain Randall seated in centre. LEFT, the rum-runner "I'm Alone". BELOW, the U.S. coast-guard cutters which fired upon and sank the Canadian vessel during the U.S. government's warfare against rum-running during prohibition era.

just given told you by officials of the company?" Sommerville asked.

"No Sir, it is just our comment."

"Youre treading on dangerous ground there," Mr. Factor observed.

"Is there any way of computing what increases could be made in wages and prices to growers, if the water is squeezed out of this company," Sam Factor asked.

"I do not think it would amount to very much," replied Mark Senn, Cons. Haldimand.

The price of cans remained pretty stationary, but labor costs fluctuated. Kay had no explanation for the former situation and knew nothing of any "tin cartel."

"As I understand the situation of the canneries," said Sam Factor (Lib. Toronto West Centre), "there is a close combination or cartel among the tin producers that enables them to maintain prices. It is a world cartel, I believe."

12½ Per Cent. for Grower

In 1933 one bushel of tomatoes, canned by the company, was sold at $1.49, and of this the grower received 25 cents, or 14 per cent. For a ton of peas, canned, the company received $277.71, while the grower was paid $28.56, or 12½ per cent.

The spread in prices received for their products by the growers and those received for the finished article by Canadian Canners showed varying percentages over a large list of commodities. The spread on tomatoes had dropped from 19.4 per cent. in 1929 to 16.8 per cent. in 1933. In the former year, however, 42 cents a bushel had been paid to the farmers and in 1933 the price paid was 25 cents a bushel.

The smallest spread was on plums. This had dropped sharply from 19.2 per cent. in 1929 to 8.2 per cent. in 1931 and 1932, and 10.1 per cent. in 1933.

Asparagus tips showed the widest spread. In 1932 the difference between the price paid the grower and that received by the company was 55.2 per cent. and last year 44.7 per cent. The spread in raspberry prices ranged from 24.5 per cent. to 49.6; on corn from 14.1 per cent. to 40.2; on strawberries from 18.4 to 37.9; on peas from 14 per cent. to 26.2 and on pears from 18 per cent. to 31.1.

FINANCIAL MARKETS
NEW YORK - TORONTO - WINNIPEG

TORONTO STOCKS

Toronto, Dec. 27 (CP)—There was nothing in the news to stimulate action in the industrial share section and prices eased down a little in the morning session and firmed in the early afternoon. A half dozen stocks supplied the bulk of the trade, including Ford A, Massey Harris, Canadian Car and Foundry and Walker's preferred.

Interlisted issues were influenced by an early sell-off in the New York list and this afternoon Nickel, Ford, Brazilian, Industrial Alcohol A. and International Petroleum were off ¼ to ¾. The other oils were quiet and C.P.R. was up ⅛.

◆

TORONTO MINES

Toronto, Dec. 27 (CP)—The firm morning tone of the mining list was not maintained as the session advanced, afternoon prices showing a paring down of the early gains. Senior golds were slow and slightly soft, base metals firm to strong and silver shares barely steady.

Pickle Crow was a heavy trader with the price swinging up and down and holding a narrow gain this afternoon. God's Lake, Macassa, Siscoe and McKenzie all were off a little from the best morning level. Buffalo Ankerite dropped 15 cents and Coniarum advanced 10.

◆

WALL STREET FINANCIAL

New York, Dec. 27 (AP)—Steadier tendencies appeared in the stock market today, but holiday hesitation still persisted and price changes, on the whole, were narrow.

The utilities found some support on the theory that they probably had been oversold. At the same time most of them did not proceed very far on the return trip. Scattered industrials developed moderate strength and the rails were without any definite trend.

A few utility bonds showed resistance, but trading in most corporation loans was of a cautious character.

Among shares of Canadian companies, McIntyre, International Nickel and Canadian Pacific were all about even. On the curb, Lake Shore and Hiram Walker ruled steady. Dominion Government bonds were inactive. Canadian funds eased ⅛ of a cent at 100.68¾ cents.

Shares of Public Service of New Jersey dipped to a new low, but subsequently came back for a small net gain. American Telephone, American Water Works, Consolidated Gas and North American improved fractionally. Inland Steel got up around 4 points on a few transfers. Others, up slightly to around a point or so included American Can, National Distillers, Radio Preferred B, McCrory Stores, Sears Roebuck, Montgomery Ward, Wilson and Co. "A", U. S. Smelting, Cerro de Pasco, Chrysler, General Motors, U. S. Steel, Union Pacific and Santa Fe.

◆

NEW YORK CLOSE

New York, Dec. 27 (AP) — Mild rallying tendencies developed in the stock market today following some initial indecision. The late tone was steady, with advances of fractions to around a point appearing in Consolidated Gas, American Can, National Distillers, U. S. Steel, Douglas Aircraft and United Aircraft. American Telephone ruled about even. Transfers approximated 1,350,000 shares.

◆

Graded Egg Prices

Toronto dealers today were paying the following nominal prices for graded eggs, cases free: Grade "A" large, 31c; grade "A" medium, 23c; grade "B", 18c; grade "C", 17c; "A" pullets, 21c.

◆

AUDITORS' REPORT

TO THE SHAREHOLDERS, THE ROYAL BANK OF CANADA:

We have examined the above Statement of Liabilities and Assets at 30th November, 1934, with the books and accounts of The Royal Bank of Canada at Head Office and with the certified returns from the branches. We have verified the cash and securities at Head Office at the close of the Bank's fiscal year, and during the year we counted the cash and examined the securities at several of the important branches.

We have obtained all the information and explanations that we have required, and in our opinion the transactions of the Bank, which have come under our notice, have been within the powers of the Bank. The above statement is in our opinion properly drawn up so as to disclose the true condition of the Bank as at 30th November, 1934, and it is as shown by the books of the Bank.

BOARD ROOM GOSSIP

Coniaurum

Particularly interesting in the week's trading were the successive new highs established by Coniaurum. The company is said to be in the best ore position in its history and development work at the mine is being pushed aggressively on sevearl levels. Millheads also said to be showing increases.

Little Long Lac

Previous week's strength carried through and stock moved contrary to the trend elsewhere. Milling operations meeting with success and first bullion shipment made from the property.

Kirkland Lake

With new flotation plant operating satisfactorily recovery by Kirkland Lake Gold was sharply higher in November at about $65,000 as against $45,000 in October. It will be recalled that the grade of ore going through the mill in October was reduced and increased in latter part of November.

Hard Rock Gold

Development work progressing satisfactorily according to J. C. Dumbrie, engineer in charge. The shaft of three compartment size has reached a depth of about 85 feet and is being sunk at the rate of about 5 to 6 feet per day. It is planned to continue the shaft to 500 feet.

Laura Secord Candy Shops

It is understood that Christmas holiday sales turnover of this chain candy shop organization has been excellent. Demands have run considerably ahead of other recent years. This season constitutes the peak of activity during the company year.

MONOPOLY IN CANS CHARGE IS MADE

(Continued From Page 1)

prices to fruit and vegetable growers by 40 percent. In the fiscal year 1932-33, the company had a net loss of $822,231 but the next year, when selling the tomato crop that cost an average of 25 cents, this loss was turned into a profit of $342,908.

Relationships between the canning organization and the American Can Company of Hamilton, Ontario, a United States firm with Canadian factories, will be received later, it was promised by Chairman W. W. Kennedy. Since 1929, despite falling prices to growers and decreased selling prices, the price of cans has remained steady.

Tinplate Monopoly Charged

Already in the Commission's investigation, charges have been made that a vast, world-wide cartel with headquarters in the United Kingdom, has a monopoly on tinplate, dictating and boosting prices.

Kay said Canadian Canners had no interest in the American Can Company although it sold its Simcoe, Ont., can factory to the United States company some years ago. The canning company worked on a 20-year contract and in 1933-34 paid more for cans and containers than for raw fruits and vegetables.

Wages Blamed on Low Prices

"Because of low prices", Kay told the Commission, "the (Canning) Company has been forced to pay low wages and small prices to growers, to earn bond interest and some return on capital. Low prices to consumer help to increase needed demand but if too low, result in disaster to grower, wage-earner, canner and many distributing units."

"Haven't we in this evidence," asked Norman Sommerville, "something to the effect the company issued a large amount of bonds in exchange for shares."

"Yes, Sir."

"And that made a substantial addition to their bonded indebtedness, so that in order to pay interest on these bonds the company has had to pay low wages and low prices to growers," counsel said.

"I think that is a conclusion we should arrive at, not the witness," Sam Factor interjected.

"Just Comment"

"Was the information you have just given told you by officials of the company?" Sommerville asked.

"No Sir, it is just our comment."

"Youre treading on dangerous ground, there," Mr. Factor observed.

"Is there any way of computing what increases could be made in wages and prices to growers, if the water is squeezed out of this company," Sam Factor asked.

"I do not think it would amount to very much," replied Mark Senn, Cons. Haldimand.

The price of cans remained pretty stationary, but labor costs fluctuated. Kay had no explanation for the former situation and knew nothing of any "tin cartel."

"As I understand the situation of the canneries," said Sam Factor (Lib. Toronto West Centre), "there is a close combination or cartel among the tin producers that enables them to maintain prices. It is a world cartel, I believe."

12½ Per Cent. for Grower

In 1933 one bushel of tomatoes, canned by the company, was sold at $1.49, and of this the grower received 25 cents, or 14 per cent. For a ton of peas, canned, the company received $277.71, while the grower was paid $28.56, or 12½ per cent.

The spread in prices received for their products by the growers and those received for the finished article by Canadian Canners showed varying percentages over a large list of commodities. The spread on tomatoes had dropped from 19.4 per cent. in 1929 to 16.8 per cent. in 1933. In the former year, however, 42 cents a bushel had been paid to the farmers and in 1933 the price paid was 25 cents a bushel.

The smallest spread was on plums. This had dropped sharply from 19.2 per cent. in 1929 to 8.2 per cent. in 1931 and 1932, and 10.1 per cent. in 1933.

Asparagus tips showed the widest spread. In 1932 the difference between the price paid the grower and that received by the company was 55.2 per cent. and last year 44.7 per cent. The spread in raspberry prices ranged from 24.5 per cent. to 49.6; on corn from 14.1 per cent. to 40.2; on strawberries from 18.4 to 37.9; on peas from 14 per cent. to 26.2 and on pears from 18 per cent. to 31.1.

Produce Markets

(By United Farmers Co-Operative Company)

Toronto, Dec. 26. — Wholesale prices on produce delivered at Toronto as supplied by the United Farmers Co-operative Co. here today were:

FINANCIAL MARKETS
NEW YORK - TORONTO - WINNIPEG

TORONTO STOCKS

Toronto, Dec. 27 (CP)—There was nothing in the news to stimulate action in the industrial share section and prices eased down a little in the morning session and firmed in the early afternoon. A half dozen stocks supplied the bulk of the trade, including Ford A, Massey Harris, Canadian Car and Foundry and Walker's preferred.

Interlisted issues were influenced by an early sell-off in the New York list and this afternoon Nickel, Ford, Brazilian, Industrial Alcohol A. and International Petroleum were off ⅛ to ⅜. The other oils were quiet and C.P.R. was up ⅛.

TORONTO MINES

Toronto, Dec. 27 (CP)—The firm morning tone of the mining list was not maintained as the session advanced, afternoon prices showing a paring down of the early gains. Senior golds were slow and slightly soft, base metals firm to strong and silver shares barely steady.

Pickle Crow was a heavy trader with the price swinging up and down and holding a narrow gain this afternoon. God's Lake, Macassa, Siscoe and McKenzie all were off a little from the best morning level. Buffalo Ankerite dropped 15 cents and Coniarum advanced 10.

WALL STREET FINANCIAL

New York, Dec. 27 (AP)—Steadier tendencies appeared in the stock market today, but holiday hesitation still persisted and price changes, on the whole, were narrow.

The utilities found some support on the theory that they probably had been oversold. At the same time most of them did not proceed very far on the return trip. Scattered industrials developed moderate strength and the rails were without any definite trend.

A few utility bonds showed resistance, but trading in most corporation loans was of a cautious character.

Among shares of Canadian companies, McIntyre, International Nickel and Canadian Pacific were all about even. On the curb, Lake Shore and Hiram Walker ruled steady. Dominion Government bonds were inactive. Canadian funds eased ⅛ of a cent at 100.68¾ cents.

Shares of Public Service of New Jersey dipped to a new low, but subsequently came back for a small net gain. American Telephone, American Water Works, Consolidated Gas and North American improved fractionally. Inland Steel got up around 4 points on a few transfers. Others, up slightly to around a point or so included American Can, National Distillers, Radio Preferred B, McCrory Stores, Sears Roebuck, Montgomery Ward, Wilson and Co. "A". U. S. Smelting, Cerro de Pasco, Chrysler, General Motors, U. S. Steel, Union Pacific and Santa Fe.

NEW YORK CLOSE

New York, Dec. 27 (AP) — Mild rallying tendencies developed in the stock market today following some initial indecision. The late tone was steady, with advances of fractions to around a point appearing in Consolidated Gas, American Can, National Distillers, U. S. Steel, Douglas Aircraft and United Aircraft. American Telephone ruled about even. Transfers approximated 1,350,000 shares.

Graded Egg Prices

Toronto dealers today were paying the following nominal prices for graded eggs, cases free: Grade "A" large, 31c; grade "A" medium, 23c; grade "B", 18c; grade "C", 17c; "A" pullets, 21c.

Dressed Meat Prices

Beef, forequarters, cwt.	$ 5.00 to	$ 8.00
Do., hindquarters	12.00	15.00
Carcasses, choice	11.00	15.00
Do., medium	7.00	9.00
Calves, choice veal	10.50	12.50
Do., medium	7.50	9.00
Heavy hogs, cwt.	9.00	10.00
Abattoir hogs, cwt.	13.00	14.00
Lambs, cwt.	12.00	16.00
Mutton	9.00	10.00

AUDITORS' REPORT

TO THE SHAREHOLDERS, THE ROYAL BANK OF CANADA:

We have examined the above Statement of Liabilities and Assets at 30th November, 1934, with the books and accounts of The Royal Bank of Canada at Head Office and with the certified returns from the branches. We have verified the cash and securities at Head Office at the close of the Bank's fiscal year, and during the year we counted the cash and examined the securities at several of the important branches.

We have obtained all the information and explanations that we have required, and in our opinion the transactions of the Bank, which have come under our notice, have been within the powers of the Bank. The above statement is in our opinion properly drawn up so as to disclose the true condition of the Bank as at 30th November, 1934, and it is as shown by the books of the Bank.

BOARD ROOM GOSSIP

Coniaurum

Particularly interesting in the week's trading were the successive new highs established by Coniaurum. The company is said to be in the best ore position in its history and development work at the mine is being pushed aggressively on sevearl levels. Millheads also said to be showing increases.

Little Long Lac

Previous week's strength carried through and stock moved contrary to the trend elsewhere. Milling operations meeting with success and first bullion shipment made from the property.

Kirkland Lake

With new flotation plant operating satisfactorily recovery by Kirkland Lake Gold was sharply higher in November at about $65,000 as against $45,000 in October. It will be recalled that the grade of ore going through the mill in October was reduced and increased in latter part of November.

Hard Rock Gold

Development work progressing satisfactorily according to J. C. Dumbrie, engineer in charge. The shaft of three compartment size has reached a depth of about 85 feet and is being sunk at the rate of about 5 to 6 feet per day. It is planned to continue the shaft to 500 feet.

Laura Secord Candy Shops

It is understood that Christmas holiday sales turnover of this chain candy shop organization has been excellent. Demands have run considerably ahead of other recent years. This season constitutes the peak of activity during the company year.

Santa Claus Procession Held in Stirling Village

Community Christmas Tree Provides Gifts For Kiddies

Stirling.—Hailing the throngs of delinquent shoppers who swarmed the village streets on Saturday afternoon, Santa Claus, his sleigh drawn by two prancing steeds with glittering harness of scarlet and gold, bustled into town. The genial old gentleman in suit of red and white, with his sweeping white beard, beamed in every direction as standing in his sled he waved aloft to the citizenry who had congregated to hail his advent with equal enthusiasm. Charging up to the High School campus where the parade through the village streets to the huge community Christmas tree erected at the Memorial Park. The procession which was fittingly led by Mr. Thomas W. Solmes, President of the Stirling Community Christmas Tree Club, consisted of the Stirling Citizens' Band twenty-two strong followed by six hundred children marshalled by a local member of the 1st Stirling Troop of the Boy Scouts who were posted at intervals to see to it that the parade was kept in an orderly manner. Continuing the march to such well-known airs as "Band Boys", "Liberty's Sons", "Step Lively", and "Jingle Bells", played by the Stirling Band under the direction of Bandmaster Maurice Bell, the procession arrived at the Christmas tree where under its colourful shade and standing in the glow of the coloured lights, Santa distributed to the six hundred children a generous sized bag of candies, nuts and a huge orange. Each child went forth beamingly to meet Santa and received his gift, after which the procession formation was resumed and once more marshalled by the Scouts and led by the Band, the juvenile element proceeded to the local Community Hall for their annual treat. The picture which was being shown was particularly well chosen for this event, being Will Rogers in "Handy Andy."

Although the weather was not as favourable as had been anticipated for this important community affair, the attendance was splendid and it was felt that had not the heavy snow storms obstructed the traffic on many rural roads, the number of children who gathered at the tree would have outstripped by far all previous records. The children and their parents are indeed grateful to the merchants and citizens of Stirling and all those donors who gave so willingly that the Christmas of the boys and girls of the Stirling District might be gladdened. Prior to the showing of the motion picture, Santa distributed the fifteen prizes to the fifteen youthful winners of the Santa Claus letter-writing contest. In conversation with several of the merchants of the village, one and all avered that the glow of radiance and joy on each childish face was more than ample recompense for any effort that they may have expended in staging this municipal event.

Following is a list of the donors to the Community Christmas Tree Fund:

Thos. Solmes, C. E. Macklin, News-Argus, Bob Patterson, F. A. Sprentall, Wm. Whitty, Fox and Anderson, T. Ward, C. Rollins, P. Long, C. Baker, D. Burkitt, J. Montgomery, R. H. Williams, A. Weaver, A. Fleming, J. C. Beacock, A. Gordanier, Dr. Cline, A. Parks, W. Wright, Woodbeck's Garage, Reynolds' Shoe Store, Chas. Emery, Dr. E. A. Carlton, C. R. Bastedo, J. Whitehead, H. Hadley, A. R. Wannamaker, Mrs. Chas. Vance, Dr. C. F. Walt, C. F. Linn, J. Warren, Thos. Cranston, Robt. Lamb, Women's Institute, McGee and Lagrow, Rev. A. S. McConnell, Mrs. J. Ralph, Arthur Morrison, Frank Stapley, Chas. Faires, Jack Bailey, Gilbert Thompson, Miss Parker, Harry Wickett, Geo. Bailey, Thos. Donnan, H. C. Martin, Roy Duffin, Fred Ward, Harry Francis, Dr. Pedley, E. G. Bailey, Wm. West, Jas. Sarles, John McGee, A. S. Murduff, J. McCaw, Thos. McCaughen, J. S. Morton, Dr. Alger, G. W. Jones, Miss Caldwell, John Butler, L. and R. W. Meiklejohn, Annie Bailey, G. H. Luery and Son, Bert Eggleton, Fred McKee, R. T. Dunlop, Dr. Demorest, Fred Hulin, Jos. Wilson, Eric Mumby, Geo. A. Eggleton, J. N. West, Fred Elgie, Head Office Dominion Stores, Mr. Roy Stafford, British American Oil Co., Belleville, Mr. L. W. Persons, B. A. O. Co., Toronto; Robt. Simpson Co., Wrigley's Gum Co., Beechnut Gum Co., T. Eaton Co., A Friend, A Friend, Christie Brown, A. Wander, Peterboro, Canada Packers, Continental Paper Bag Co., Munro Bros., Stirling Welfare Community Club, Stirling Hydro Electric System, Belleville Fruit Co., R. G. Lawlor, Friend of Belleville, Women's Institute.

The annual Christmas entertainment of St. Paul's United Church Sabbath School Classes was held on Thursday evening, December 20th, in the church parlors. The programme was opened with a selection played by the Sunday School Orchestra after which an opening chorus was sung. The chairman's remarks was the next item of the programme and Superintendent Fred T. Hulin in his address extended to one and all a hearty welcome to the annual Sabbath School Christmas programme. Resuming the programme, little Ida Jean Mosier gave a recitation as did Jackie Lovell. Further recitations were also given in a sweet way by Eleanor Snarr, Vernon Woodbeck, Evelyn West, Arthur Rogers and Joan Williams. The little Misses Joan and Erna Munro, Iris Bastedo Joan Pedley and Betty Hulin gave a Christmas carol after which recitations were given by Dorothy Jones, Freddie Eggleton, Gerald Scott. The chorus "Christmas Stockings" was next given, followed by recitations by June Woodbeck and Helen Hicks. A Christmas Drill, "The Holly Wreaths" was beautifully executed by a group of the children. Gladys Deline gave another recitation, while the senior boys rendered a chorus in splendid style. A recitation by Ralph Vandervoort preceded another orchestra selection. The pantomime, "Sally's Christmas" was next staged and was splendidly presented. Other interesting numbers were a recitation by Donald Tucker, a piano solo by Maurieta McKee, a reading by Mildred White and a duet by Marjorie and Douglas Richardson. The play "All the World Loves a Lover" was the next item on the programme, each player in the cast excelling himself in his individual role. The concluding number was a monologue by Evelyn Davidson.

Here it was that Santa Claus entered the Sunday School parlours in some mysterious fashion and standing beside the beautifully bedecked tree, distributed to the younger element their various gifts. When the tree had been stripped of its burden, the children dispersed, their hearts gladdened with the joy of the Christmas-tide.

St. Andrew's Sunday School children held their annual Christmas tree entertainment on Thursday evening in the church basement and the rooms were taxed to capacity to seat the crowd of interested parents and friends who flocked to the children's annual entertainment. The Sunday School children rendered the opening chorus, Mrs. R. H. Williams acting as painist for the evening. Mr. Bob Eggleton, Superintendent of the Sunday School in his capacity of chairman extended to one and all a hearty welcome to the children's annual entertainment. Particularly was he grateful to the parents who in taking such a keen interest in the Sunday School work and fostering its every project, had contributed in no small way to the success of that society. Devotions were then conducted after which Rev. J. A. Koffend took the chair. The first item on the programme was a recitation, "I'm Not Going To Cry No More" given by Helen Fitchett. The junior boys gave a Christmas chorus after which Margaret Wilson delighted with a recitation. A number of girls of the Sunday School presented a brief playlette entitled, "Ten Pennies" in which they illustrated eloquently the merit of sharing. Little Lois McGee gave a recitation and a number of the younger girls sang sweetly, "Away in a Manger." Shirley Montgomery delighted with a recitation while a second playlette, "Christmas Shopping Early" made up of the cast of Helen Murduff, Jean Dafoe, Helen Fitchett, and D. Montgomery, was presented. The Gay sisters then sang a duet, "The Visit of the Christmas Spirit" following which the children presented a tableau. After the missionary play had been given a unique feature of the programme was supplied in a tableau, "Christmas in Flanders Fields", a splendid presentation. Those participating in this were Charles Jandrau, Frank Rogers, Tom and Cameron Foster, John Rosebush, Donald McIntosh and Leslie Eggleton.

At intervals during the evening, various telegrams were received from Santa Claus informing the children of his progress. Although seriously delayed by the heavy snowstorms, which at one time seemed to make impossible Santa's arrival, that jolly old gentleman arrived although rather late and what a reception he was accorded by the gleeful children. After the gifts had been distributed from the bountifully-laden tree, the gathering broke up and the children returned home laden with gifts and with a smile on their faces.

Miss Mary Crawford who is attending school in Toronto, is spending the Christmas vacation with her mother, Mrs. Myrtle Crawford.

Miss Marie Demorest who is a student at Queen's University, Kingston, is a holiday guest of her parents, Dr. and Mrs. J. S. Demorest.

Mr. Ivan Martin of Queen's University, Kingston, is a Yuletide guest of his parents, Mr. and Mrs. H. C. Martin, at their home here.

Miss Evelyn Shea of Buffalo, N.Y., is a Christmas week-end guest of her parents, Mr. and Mrs. Michael Shea.

Miss Dorothy Eggleton of the Weller Secretarial College, Toronto, is a Yuletide guest of her parents, Mr. and Mrs. N. E. Eggleton.

Mr. Cecil Baker of the Royal Bank Staff of Hastings, spent the week-end at Bonarlaw and in town.

Miss Margaret Walt of Queen's University, Kingston, is a holiday guest of her parents, Dr. and Mrs. C. F. Walt.

Miss Dorothy Joblin of Sidney, is spending the Christmas holidays with her parents, Rev. P. G. and Mrs. Joblin at the Rawdon Parsonage in Stirling.

Miss Ellen Shea of Stoco, is a Christmas holiday guest of her parents, Mr. and Mrs. M. Shea.

Miss Etta Thompson of Thomasburg is a holiday visitor at her home here.

Miss Helen Jones of Corbyville is spending the Christmas vacation the guest of her parents, Mr. and Mrs. Wilbert Jones.

Miss Donalda Richardson of Queens University, Kingston, is a holiday visitor of her parents, Mr. and Mrs. Volney Richardson.

Friends of Mr. Elijah McMullen are grieved to hear of his serious illness at his home here. Dr. E. A. Carleton is the attending physician.

Mr. Lorne Anderson of White Lake is a holiday guest of his parents, Mr. and Mrs. W. L. Anderson, at their home here.

Miss Sally Shea, Reg. N., of Buffalo, New York, is a Christmas holiday guest of her parents, Mr. and Mrs. M. Shea.

Mr. Cliff Goddart who has been in charge on the construction work of this district is spending the holiday season in Toronto.

Mr. Arthur Duncan is spending the week-end and Christmas Day in Toronto the guest of his parents.

Mr. and Mrs. A. Dault of Toronto are Christmas holiday guests of the latter's mother, Mrs. Jennie Donohoe of River Valley.

Miss Alice O'Donnell of the Staff of the Canadian Magazine of Toronto, is a holiday guest of her parents, Mr. and Mrs. J. E. O'Donnell.

Skating at the local arena was enjoyed for the first time on Saturday evening when a fine crowd of youths turned out to enjoy the fine sheet of ice which the caretaker had provided. It is expected that the hockey season will soon be under way in the local icehouse and the local and rural fans will once more have the opportunity of seeing their favourites in action.

The officers of Keystone Chapter No. 72, G.R.C., were duly installed on Monday night of last week by Rt. Ex. Comp. Dr. C. F. Walt. The following is the list of the newly installed officers:

I.P.Z.—C. R. Bastedo.
1st Prin. Z.—J. E. Salisbury.
2nd Prin. H.—F. R. Mallory.
3rd Prin. J.—G. C. Craven.
Scribe E.—Thos. W. Solmes.
Scribe N.—Walter Wright.
Treasurer—Dr. E. A. Carleton.
Prin. S.—I. Eggleton.
Sen. S.—E. W. Ormiston.
Jun. S.—J. C. Beacock.
Organist—Dr. C. F. Walt.
Tyler—R. T. Dunlop.
D. of C.—G. B. Bedford.

At the annual meeting of the Stirling Citizens' Band, the officers for the new year were elected and the financial statement for the year submitted. The election of officers resulted in the following slate:

President—Earl Luery.
Secretary-Treasurer—Ted Hildebrandt.
Leader—Maurice Bell.
Assistant Leader—Russell Pitman.
Music Caretaker—Donald Scott.
Managing Committee — Russell Pitman, L. Waterfall, C. Conley, Tom Ward, George Duffin.
Auditors—Ted Hildebrandt, Colin Fox.
Business Manager—Tom Ward.

Maurice Bell then submitted the financial statement for the year which was as follows:

Receipts—Engagements, $209.20; Members late or absent from practice, penalties, $9.30; Band Dance, April 2nd, 1934, $56.12; Street Dance, June 19th, $484.12; Bank Interest, $1.66; Total receipts, $760.41.

Expenditures—New instruments, $173.55; New Band equipment, $30.03; Music, $50.38; Hiring other than local musicians, $32.05; Transportation, $33.64; Express, $3.24; Expense at rink, Mar. 3rd and 6th, $20.11; Street Dance, June 19th, $252.84; Band Dance, April 2nd, $9.85; Phone $1.72; Exchange on monies .57; Advertising .53; Wreath in memory of Mrs. D. Ketcheson, $3.03; Presentation to Ned Potts, $19.06; Cash on hand, $129.81; Total expenditure, $760.41.

Assets—Cash on hand in Bank, $129.81; Value of instruments $475.00; Value of Band instruments, $30.00; Value of music, $75.00; Members late or absent, penalties owing Band, .35; Total assets $710.16.

Liabilities—Due local members for services, $81.74.

Maurice Bell, treasurer; Approved by auditors, E. Hildebrandt and Colin Fox.

The A.Y.P.A. was held in the vestry on Monday evening. The meeting was opened by the President, Mr. Howard Morrow, following which the minutes were read and adopted. Several items of unfinished business were discussed and settled. A report from the sports committee regarding plans for winter sports was given by the President, Rev. A. S. McConnell who gave an interesting talk on Christmas Trees. Plans were further formulated for the final meeting of the year which was to take the form of a Christmas tree entertainment.

Friends of Mr. Thomas Heard have heard with deepest regret of his serious illness which has confined him to his home for the past few weeks. Mr. Heard has been the efficient caretaker of the local Community Hall since its erection and it is with sincere regret that the citizens learned that Mr. Heard through illness has been forced to relinquish his post. Mr. Wilfred Gravers has been appointed to temporarily fill the vacancy occasioned by his illness.

Friends of Mr. W. L. Jones, linotype operator of the News-Argus staff, will be sorry to learn that he is still confined to his bed at his home here. Last Friday Bill was taken to the Belleville General Hospital for an X-ray which revealed the injuries sustained in the recent motor accident on the Belleville Highway in which five local youths were involved, to be of a much more serious nature than has been supposed. The X-ray showed a minor fracture in each hip bone as well as an injured pelvis. In addition to the above injuries, Bill suffered a slight concussion and his left eye was put out of focus in the accident. It will probably be some time before he is able to resume his full duties again.

Late on Monday night, fire of an unknown origin destroyed completely the large frame barn and its contents, the property of Mr. Clarence Seeney, who resides some four miles west of Stirling. The origin remains unknown and the loss is only partially covered by insurance.

Mrs. Sarah Fargey who resides on the Ridge Road suffered a slight paralytic stroke on Sunday and is at present confined to her bed under medical care.

The attractive new Red Indian Gas Station erected by the McColl-Frontenac Oil Company on the William Chambers' property on the eastern extremity of Front Street, has been leased, it has been announced, to Messrs. Sheldon McIntosh and Harold Wells. Both of these young mechanics are well and favourably known, each having served in Baker's Service Station for a number of years, while Mr. McIntosh subsequently has been employed in the J. B. Boyce Motor Sales in Belleville.

On Friday, Mr. Philip Conley of River Valley suffered the misfortune of gashing his right leg with an axe when he slipped from a log while working in the bush. The gash required several stitches and Mr. Conley will be confined to his home for several weeks.

The severe snow storm which passed over this district last week left the main streets of the village in a serious condition, not to mention the rural roads. Until Saturday, to drive to the side of the street almost invariably necessitated a helpful push from the bystanders to once more get started on one's way. The highway from Stirling to Foxboro was well ploughed out, however, and it is hoped that traffic will no longer be curtailed by such snowbanks.

Friends of Mrs. Caleb Bateman of Rawdon, who has been paying an extended visit to her daghter, Mrs. Wilkinson, of Toronto, were indeed sorry to learn that she had sustained a fracture of the hip. While performing some domestic duties about the house, in some strange and unaccountable manner she fell, fracturing her hip. This accident is a most deplorable one as Mrs. Bateman is in advanced years and for that reason will necessitate a long period of rest to allow the fracture to set properly.

Mrs. Harper Rollins was the guest for a few days last week of her mother, Mrs. Mary Matthews, of Burnbrae.

Miss Jean Preston, Reg. N., of Peterboro, is spending the Christmas vacation, the guest of her parents, Mr. and Mrs. W. J. Preston.

Mr. Charles Allen was in Brockville and Athens for a few days last week. He was accompanied home from the latter town by Mr. Allen Meiklejohn of the Athens High School Staff who is spending the Yuletide vacation under the parental roof.

Mr. Frank Stapley, Pearl, Mr. and Mrs. Douglas Stapley, and Messrs. Tom McGee and Fred Elgie were Toronto and Hamilton visitors this week.

Mrs. George Whitty is a Christmas holiday guest of Mr. Felix Rashotte and family of Tweed.

The following article relative to Mr. Tom Shea, a former Stirling resident, who has been in the Canadian West for several years, appeared in a recent edition of the Camrose (Alberta) Canadian:

"Tom Shea, a former resident of Camrose, now residing some few miles south of Rosalind, was a visitor last week with his brothers here, George, Ambrose and Francis Shea. Mr. Shea came west from Stirling, Ontario, in 1890 and had many unusual and often stirring experiences.

"During his visit here last week, he recalled that in 1898 in company with Camille Miquelon and Duff Reon of Wetaskiwin, he set out from Edmonton for the Klondyke. On arriving at Peace River, they found that about one hundred men had already reached this point and had whip-sawed lumber and constructed boats preparatory to continuing their way down the Peace River to the gold fields.

"They were very anxious to get started but also wanted to obtain their mail before leaving. The mail was delivered only once a month to Peace River in those days, from Lesser Slave Lake, and at that particular time, was not due for another week. The men were wondering whether or not they could get it quicker by sending a man for it, a distance of 180 miles return trip.

"Although the country was very sparsely settled, and the route to the lake was marked only by a dim trail, Tom Shea offered to deliver the mail inside of 24 hours if they would pay him one dollar per letter. The offer was immediately accepted and Mr. Shea saddled a mule at 10 o'clock that night and set out. He was back at Peace River at 9 o'clock the following night, having made the round trip of 180 miles in twenty-three hours. To make it easier for the mule, Mr. Shea would ride for a few miles and would then run ahead of it for a mile or two. In this manner the record trip was made. No feed was carried for the mule, so it had to subsist on whatever grass it could nibble during brief resting periods. The story is only one of many Mr. Shea is able to relate about life in the early days."

Special Christmas services were held at St. Andrew's Presbyterian Church on Sunday, both at morning and evening worship. At the matinal service, in "The Christmas Song," Rev. J. A. Koffend took the obligato solo, the second anthem being, "Unto Thee a Child Is Born." The evening service consisted of Christmas Carol song service, Rev. Koffend singing an illustrated solo, "O Little Town of Bethlehem" and the carol "Silent Night", Mrs. Charles Fargey taking the obligato. Other sacred numbers were, "Holy Night Divine", "Away In a Manger". Rev. Koffend told, with the aid of forty beautifully coloured slides the story of "The Other Wise Man" by Henry Van Dyke. The attendance was splendid and the choir under the direction of Mr. Charles Allen was never heard to better advantage.

SAAR POLICE HEAD

Major-General J. E. S. Brind, who will have the distinction of being the first officer to command the international peace army sponsored by the League of Nations. The English general is preparing to leave for the Saar, where his 'army' will enforce order during the plebiscite on Jan. 13. It will be a picturesque group indeed. Outside of the crack English Tommies there will be "Bersaglieri" from Italy with black cock feathers in their hats, and contingents from Sweden and the Netherlands. France will not send a group, it is reported.

Y. P. LEAGUE NAMES OFFICERS

Miss Audrey Haryett is Elected President

Frankford, Dec. 27.—The meeting of the Young People's League opened on Monday evening by singing hymn 309 followed by the Lord's prayer repeated in unison. The minutes of last meeting were read after which Harder Bonisteel took charge of the program which opened with hymn 285. Prayer was given by Miss Eva Morrow, Scripture by Miss Foster, explanation of Scripture by Doreen Loney. Hymn 302 was sung and Mr. Gerald Snider gave the study book followed with the topic by Miss Morrow. A piano duet was given by Mrs. W. Morrow and Mrs. J. Parr. Hymn 312 was sung and the election of officers followed: President, Audrey Haryett; vice-president, Miles MacGillivray; secretary, Gertrude Ferguson; treasurer, Harder Bonisteel; first convener, Myrtle Foster; second convener, Gwendolyn Pyrce; third convener, Helen Gay; fourth convener, Freda Rogers; official board, Roy Lockwood; missionary T., Vera Tackleberry; assistant secretary, Reta Badgley; pianist, Gerald Snider; assistant pianist, Hazel Mikel; auditors, Damon Conley and Kenneth Lawrence. Speeches were then given by Gerald Snider, Roy Pollard, Ruby Hadley, Arvella Conley, Freda Rogers, Reta Badgley, Audrey Haryett, Harder Bonistell, Damon Conley.

Mr. Jack Rogers of Hamilton has returned home for the Christmas week.

Dr. and Mrs. Vining have left to spend Christmas in London.

Mrs. Arthur Consaul is spending a few days with Mrs. P. Consaul.

Christmas Concert at Stockdale

In the basement of Stockdale United Church Thursday evening a Christmas concert was held and with the aid of Sunday school and public school children a good program was given. After the program was ended the arrival of Santa Claus with his pack caused quite a disturbance among the children. Santa proved to be very jolly and distributed gifts and candy among the children.

Mr. and Mrs. Grant Simmons and family of Hamilton are spending Christmas with the latter's parents, Mr. and Mrs. Will Rogers.

On Thursday afternoon the ladies of the Anglican Guild met making wreaths to decorate the parish hall.

Christmas Concert at Frankford

Quite a number attended the Christmas concert held in Frankford United Church on Wednesday evening. The program consisting of dialogues, songs, recitations, etc., was very interesting. Santa Claus was there to the great delight of the children and distributed the presents from the nicely decorated tree.

Mr. William Cox of King City is spending Christmas with his parents Mr. and Mrs. Fred Cox.

Miss Madeline of Toronto and Laura Simmons of Greenwich are spending the holidays with their parents, Mr. and Mrs. N. Simmons.

Since the recent heavy snowfall many country motorists have had to turn to the old reliable horse and cutter.

Mrs. Will Johnson spent Monday afternoon with Mrs. Kenny Arnott.

Miss Anita Finnegan is spending a few days at home.

Miss Edith Boyle of Cobourg spent Thursday with her sister, Mrs. H. Madill.

Mr. Ralph Wrightman spent part of Sunday evening with Mr. and Mrs. Kenneth Arnott.

A miscellaneous shower was held for Mr. Norman Walt who recently married Miss Lena Brinklow at his home on Tuesday evening. Many lovely and useful gifts were received.

Anglican Christmas Concert

The annual Christmas concert of the Anglican Sunday school pupils was held in the parish hall on Wednesday evening. In spite of very bad weather the hall was well filled. A splendid program was given under the guidance of Miss Eleanor MacRostie and Miss B. Ostrom. Many gifts, candy and nuts were distributed by old St. Nick himself.

QUEENSBORO NEWS OF HOLIDAY GUESTS

Queensboro—Mrs. Jas. Akey of Sulphide spent the past week with Mrs. Sam Palmer who has been ill.

Mrs. McAvoy returned to her home at Marmora after spending some weeks with her brother Mr. Pat Laffin.

Miss Ida McCaw left on Friday for Sudbury where she intends spending the winter.

Mr. Albert Sager of Toronto is spending the holidays at his home here.

Miss Vera Bonter is spending the holidays at her home at Marmora.

Miss Margaret Kincaid of Bellevill is visiting her mother Mrs. W. Kincaid.

Rev. Hope Swayne of Tweed called at the home of Mr. Sam Palmer on Monday.

Miss Hazel Thompson of Belleville is spending the holidays at her home here.

The pupils of Queensboro public school held their annual Christmas entertainment in the Orange Hall here on Friday evening. The pupils staged a very interesting and amusing programme. The remainder of the evening was spent in dancing.

Miss Hattie Mededith is spending the Christmas holidays at North Gower.

Mr. and Mrs. Harry Tokley are spending a few days with their daughter Mrs. John Bailey at Madoc.

A number from here attended the community Christmas Tree given in Madoc on Saturday afternoon.

Miss Mildred Gawley is spending the holidays at her home near Eldorado.

Mrs. Sara Moore and Miss Mary Moore of Toronto are guests of Mr. and Mrs. J. W. Moore and other relatives here.

Miss Audrey Fitchet is spending the holidays at the home of her parents in Keene, Ont.

Quality Always Higher than Price

NEW VACCINE MAY CURB PARALYSIS SAYS DR. BRODY

Canadian Physician Works on Vaccine For Five Years

SLEEPING SICKNESS

This Dreaded Disease May Also be Curbed by Vaccine

(By Sam Robertson, Canadian Press Staff Writer)

New York, Dec. 27 (CP)—Five years ago, in a Montreal laboratory Dr. Maurice Brody set himself on the trail of the germs responsible for afflicting untold millions with infantile paralysis.

Today, the young Canadian bacteriologist reported before the Pittsburgh convention of the American Association for the Advancement of Science on his long labors and the vaccine they have produced to bring high hopes that the frightful disease is to be curbed.

The modest, 31-year old Ottawa scientist left untold, however, the fact that his experiments appear to be also pointing a way to ridding the world of sleeping sickness.

His laboratory search for a preventive vaccine for this mysterious malady is advanced to the point where vaccinated white rats are able to withstand the intracerebral injections of the virus itself.

Although born in Liverpool, Eng., as were his parents, Mr. and Mrs. Samuel Brody, Dr. Brody is a Canadian citizen. He lived more than 20 years in Ottawa and received his primary education in the public schools and the Talmud Torah there. He graduated in medicine from McGill University.

It was a Montreal physician, Dr. Altman Rosenbloom, who weaned him from his chosen pursuit in brain surgery and turned him instead into the mystical realm of bacteriology. The first three and a half years of his outstanding work in preventive medicine were spent in Montreal, financed at first by two citizens of that city, then by the Banting Research Foundation of Toronto.

Before leaving for Pittsburgh Dr. Brody told the Canadian Press of his work and his humanitarian hopes. Dynamic, of medium height, prematurely greying, he shied in self-effacement from the first person singular, always using "we" in speaking of accomplishments.

TWO GUARDS HURT IN PRISON RIOTS

Envious of Those Allowed to Smoke, While Awaiting Trial

Glasgow, Dec. 26 (CP)—Stringent precautions to prevent a general disturbance among its 800 prisoners were taken in Barlinnie prison here today where unrest among the inmates was manifested in minor incidents last Friday, culminating Christmas day in rioting.

Two keepers and half a dozen prisoners were injured in one of the cell blocks yesterday.

The men's exercise had been curtailed as a precaution against the renewal of mutinous demonstrations by some of the long-term prisoners who were envious of the occasional smoke permitted inmates awaiting trial but which is denied men who are serving sentences.

The guards had to use their batons in order to quell the Christmas demonstration. Reinforcements of keepers have been brought from other prisons in Scotland to reinforce the Barlinnie staff.

MALONE SCHOLARS IN PROGRAMME

Malone—Messrs Russell and Walter Fox visited their brother Mr. Fred Fox who is ill on Sunday last.

The men from Airhart Camp at Glanmire are spending their Christmas vacation at their homes here.

Mrs. John Ellis and Rita have returned after an extensive visit in Belleville.

Miss V. Owens of Nebraska arrived Sunday to spend the week here with relatives.

Messrs Fred and Bill Ellis called on Friends in Malone on Sunday last.

Mr. and Mrs. Henry Weese called at the home of Mr. and Mrs. Fred Fox on Sunday last.

The annual School Christmas tree was held last Friday evening and a large crowd was in attendance. A very enjoyable program was put on by the pupils and young people of Malone. The proceeds amounted to six dollars.

Mr. and Mrs. Thomas McCann called at the Weese home on Saturday last.

Dr Nickle and children Presley and Anne of Eldorado spent the dinner hour with Mr. and Mrs. W D. Nickle on Sunday last.

Mr. and Mrs. George Fox, Mr and Mrs. Russel Fox spent Thursday last in Belleville.

Mrs Haines is spending some time the guest of Mrs. W. D. Nickle.

Mr. and Mrs. Jack Pack and son Fred spent Sunday at the home of Mr. and Mrs. Leslie Pack.

CAN OF COAL OIL FALLS ON STOVE

One Woman May Die, Three Persons Seriously Burned

Hawthorne, Ont., Dec. 26 (CP)—One woman was so badly burned that little hope is held out for her recovery, and three other persons were less seriously burned when a can of coal oil fell from a shelf to the top of the stove on which delicacies were being prepared for Christmas.

Those burned were: Mrs. John McEwen, 84, whose body was badly burned from her knees to her head. Her condition was critical.

John McEwen, her husband, badly burned about the hands.

James McEwen, her son, who also suffered burns on the hands and Mrs. P. Brennan, a daughter, suffered severe burns about the face.

The accident occurred while members of the family were gathered together Christmas eve. Mrs. McEwen was preparing food for Christmas when a can of coal oil fell from a shelf to the stove where it exploded. The aged woman was quickly, enveloped in flames, and even with help close at hand was badly burned before the flames were put out.

AIKENS' S. S. PRESENTS "THE ROAD TO BETHLEHEM"

Sidney Crossing, Dec. 27— A Christmas service entitled "The Road to Bethlehem" was given in Aikin's Church on Sunday morning by the Sunday School and was well attended.

The following programme was given:

Opening Song: "Great Joy" by a number of the classes.

Responsive Scripture reading by Mr. Carmen Grills and his class of boys.

Prayer by Rev. H. B. Johnston.

Solo: "Sing a Joyful Song" by Mrs. Gerald Brickman with the classes joining in the chorus.

Reading: Mr. Kenneth Bush, "Gold, Frankincense and Myrrh."

Reading: "The Prince of Peace", by Miss Grace Mitchell, (also Isa 9:6-7).

Duet: Misses Jean and June Aikins, "Oh Holy Night."

Exercise: "What do You Want for Christmas?", by five of the Beginners.

Quartette: "The Happiest Song We Know," by the Juniors.

Reading: Miss Violet Mitchell, "That Holy Night."

Solo: "While Shepherds Watched" by Miss Norma Eggleton with the Intermediate Girls joining in the chorus.

Reading: "The Name We Love The Best," by Mr. Norman Wheeler.

Solo: "Sleep in Thy Manger," by Miss Edna Wheeler.

Rev. H. B. Johnston then made some remarks. He then wished the people of Aikin's appintment a Happy, Joyous and Peaceful Christmas. The offering was taken and the choir sung "He is King."

Miss Doris Brohm then gave a recitation. The closing chorus was "The Story of the Shepherds," Rev. H. B. Johnston then closed with a short prayer.

Everyone enjoyed this beautiful Christmas service which was so well given by all those who took part.

Mr. and Mrs. Lloyd King of Wellman's are spending a few days with the latter's mother, Mrs. G. Dickens and family.

Mr. and Mrs. Ernest Outwater spent Sunday afternoon with Mr. Bruce Hogle and family.

A few from here attended the Christmas entertainment at Centenary on Friday evening.

Quite a number attended the Christmas entertainment at Aikin's Church on Thursday evening, given by the school children and Mission Band. Much credit is due to Miss Evelyn Herfington the school teacher.

Complete Death List in Wreck

Hamilton, Dec. 27 (CP)—The following complete list of 15 persons killed in the wreck of the Canadian National Railways special near Dundas Tuesday night was issued last night by W. A. Kingsland, vice-president and general manager of the Railway:

P. F. Sise, Toronto.
Dr. G. A. McGuffin, Cooksville.
ville.
Harold Pryce, Jr., Toronto.
O. H. Erlach, Toronto.
Mrs. O. H. Erlach, Toronto.
Mary Aileen Parker, aged 12, Toronto.
P. E. Smith, parlor car porter, Toronto.
S. A. Brooks, parlor car porter, Toronto.
D. W. Markham, K.C., Toronto.
Mrs. D. W. Markham, Toronto.
Miss E. Spackman, Toronto.
John McDougall, Toronto.
Miss Alice McDougall, Toronto.
Mrs. Neil Sinclair, Toronto.
H. Stewart Jones, London.

OPERETTE GIVEN BY CENTRE SCHOOL

CENTRE—Centre Christmas entertainment on Wednesday night 19th was fairly well attended in spite of the stormy night. A fine program was given of songs, dialogues, etc. The main feature of the program being a operetta entitled "The Lost Slipper" all acted their parts with wonderful aptness. Proceeds of the evening were $21.55 which would have been greatly added to had it not snowed so heavily in the early evening.

Miss Jessie Duggan public school teacher and pupils gave a bright little entertainment to the people of the section on Friday afternoon.

Mrs. Arza Pulver is spending Christmas week with her parents, Mr. and Mrs. F. Profit of Peterboro.

Mr. and Mrs. Earl Fox spent a few days last week with her father, George McCurdy of West Huntingdon.

The trustee board of Centre church held their annual meeting on Monday afternoon.

Mr. J. Conkell, former teacher of Centre, visited friends in this vicinity on Sunday.

Mr. and Mrs. Herbert Pulver and Winston also Mr. and Mrs. Melvin Pulver and Morris were Thursday evening guests of Mr. and Mrs. Arza Pulver.

Mr. and Mrs. Albert Buckle of Waterford, are spending their Christmas holidays with her father W. N. Redner and sister, Helen.

CHRISTIAN STREET COMMUNITY NOTES

Christian Street—Mrs. Stanley Werden spent several days last week with her mother, Mrs. Harry Pooley of Bloomfield, who has been quite ill.

Mr. and Mrs. P. W. Roblin spent Tuesday at the home of her brother, Mr. Wm. Clarke of Foxboro.

Messrs. Harold Noxon, Arthur Morden and Harold Cross attended Lake Lodge No. 25 A.F. & A.M. at Ameliasburgh on Monday evening.

Miss Minaker and the pupils of the school and Miss Killip and the pupils of Crofton school put on a very enjoyable entertainment at Crofton Hall to a large audience on Thursday evening.

Rev. H. Jones of Picton, made a very able chairman and the teachers deserve a lot of credit for the splendid training given the children. After the programme Santa arrived and the presents and S. S. prizes were distributed.

Mr. and Mrs. Raymond Calnan spent Saturday evening with Mr. and Mrs. Stanley Werden.

Mr. and Mrs. Fred Johnson and Mr. Herb Rutter motored to Kingston on Tuesday, where Mr. Johnson entered the hospital for a serious operation. Everyone wishes him the best of luck.

Mr. Stanley Werden and Mr. and Mrs. M. M. Werden spent Monday afternoon in Picton.

Mr. and Mrs. Lorne Caughey of Fifth Concession spent Tuesday with Mr. and Mrs. Arthur Bovay.

A large number from this neighborhood spent Saturday in Belleville and Picton.

TRIBESMEN GO ON THE WARPATH

21 Filipinos Killed When They Swarm Down on Constabulary

Manila, P.I., Dec. 26 (AP)—Twenty-one Filipinos were killed when fanatic mountain tribesmen went on the warpath on the Island of Mindanao, advices to Philippine constabulary headquarters here today said.

Sixteen of the dead were members of the mountain tribe, killed when they attacked a constabulary camp in Agusan Province last Saturday.

The other five were villagers murdered by the jungle warriors before they swarmed down on the constabulary Captain Francisco Rosca reported.

The constabulary suffered no casualties in repulsing the attack of the mountaineers, armed with primitive spears and bolos.

No reason was given for the attack, nor did Captain Rosca specify whether the tribesmen were Moros, Mohammedans of the Southern Philippines who recently go berserk.

REDNERSVILLE WEEKLY NOTES

Rednersville, Dec. 27—Mrs. Allison and son were Wednesday visitors of Mrs. Harold Ward's.

Miss Marjorie Redner spent the tea hour with Mr. and Mrs. Bernard Redner on Thursday.

The Girl Guides held a Christmas entertainment on Thursday evening.

Mr. Waterhouse of Mountain View was a Sunday visitor of Mr. Harold Wannamaker.

Quite a few from this vicinity were in Belleville on Saturday.

Mr. Jas. Weese entertained company on Saturday.

Mr. and Mrs. Keith Redner and son were Sunday afternoon callers at Mr. Bernard Redners.

Mr. and Mrs. Harold Ward and boys were Sunday visitors of Mr. A. Ward's, Wellington.

Mr. T. Leslie of London is spending a few days at Mr. Jas. P. Weese's.

WALLBRIDGE WEEKLY NOTES

Wallbridge, Dec. 27—Mr. and Mrs. Wil Sine, Mr. and Mrs. E. T. Hinchliffe and Ruth, Mrs. John Hinchliffe, and Mr. and Mrs. Burton Hinchliffe and June were guests of Mr. and Mrs. James Hinchliffe for Christmas dinner.

Mr. and Mrs. Charlie Fair spent a couple of days at Christmas with Mr. and Mrs. John Fair and family at Bayside.

Miss Ruth Hinchliffe of Toronto is spending the Christmas holidays with her parents, Mr. and Mrs E. T. Hinchliffe.

Mr. and Mrs. Sam Nicolson, Grant and Audrey had Christmas dinner with Mr. and Mrs. Lorne Badgely.

Mr. and Mrs. Barton Hinchliffe and June visited Mr. and Mrs. Sanford Hubble of 3rd. of Sidney on Christmas night.

The annual Sunday school Christmas tree and concert was held in the town hall on Friday evening.

Mr. Arthur Clare and family have moved into part of Mr. Leonard Sine's house.

The boys' and girls' attending the short course in the village as well as the children of the public school are enjoying their Christmas holidays.

HEART VICTIM

Winnipeg, Dec. 27 (CP)— John McIvor 67, one of this city's earliest real estate operators, is dead here today, victim of a heart ailment. He was born at Millbrook, Ont. His widow, one daughter and one son, survive.

FIRE DESTROYS FARM BUILDING

Five Fowl Are Burned and Twenty-five Disappear

Carrying Place—Fire of undetermined origin broke out in the early morning hours last Saturday and destroyed a combination hen-house and pig-pen owned by Mr. Clarence Madigan in Gardenville, two miles west of here. Thirty fowl had been in the building the evening before; yet when the ruins were searched only five carcasses were to be found. Doubts occasined by the unusual hour when the fire broke out seemed strengthened when this discovery was made; and now the local sleuths are beginning to wonder if some very clever or very lucky chicken thief set the fire to cover his own misdeed. A strong wind was blowing at the time, and tracks in the snow would be almost immediately filled. A straw stack only a few feet away was saved owing to the direction of the wind and the net loss is not great, although naturally indignation is strong at the action taken, either purposely or accidentally, by the thief. A crowd collected at the scene of the fire almost immediately but little could be done to save the building. This is the second fire in Gardenville recently, the home of Mr. Sherman Terrill having burned less than a month ago. No trace or clue of the chicken-taker has been secured thus far.

Sympathy of the community is extended to Miss Elsie Pitchett in the loss of her father in Belleville a few days ago. Mr. Pitchett's death was quite unexpected as he had been ill only a week, and came as a great shock to members of his family and circle of friends. Funeral services were held in Belleville on Thursday.

The first heavy fall of snow for the season arrived a few days ago and with nearly a foot of snow on the roads motor traffic was slow until the snow-plow made its trips on Saturday. Particularly at the Dead Creek bend motorists found steering tricky; and one unfortunate car-driver slid so far into the hollow at the bottom of the long banked turn that he became hopelessly stuck, and had to leave his coupe there until the following day. While motoring to Picton on Saturday afternoon the correspondent saw one new Ford coach resting on its side in a ten-foot ditch, quite undamaged to all appearances after its slide down the bank. It was removed by a tow-truck and derrick later in the day. Mail service so far has been uninterrupted, but Saturday morning's mail from Trenton was an hour late owing to the heavy travel.

Mr. E. H. Hennessey left for Detlor more than a week ago to get from his farm there a car-load of wood for use at their home here. The wood arrived a day ago and has been put on the siding near the station, while Mr. Hennessey himself arrived home on Sunday by motor. In conversation with the correspondent Mr. Hennessey says that the fall of snow at Detlor and Coe Hill at present is no heavier than it is here.

Carrying Place Hockey Club have taken a definite step toward recognition this season with the formation of a team and the entry of it in the newly-formed Trenton town league. At a meeting held last week in the office of the Trenton Courier-Advocate, eleven teams were entered, a schedule was drawn up, and the teams get into action during Christmas week. The locals appear in the second game of the schedule on Monday, December 31st, against the Trenton High School sextet. Other teams entered in the league are Cities Service, Trent Cottons, Brighton, Frankford, Benedict Proctor, Wooler, Relief Project, Cooperative Workers, Smithfield and the High School team. The next meeting between the locals and an outside team will be on January 11th when they engage the Relief Project team.

For organization purposes a meeting was held on Wednesday evening of last week at the home of Mr. Ross Hennessey, one of the local representatives at the Trenton meeting, and plans were made for action. As manager Bob Dempsey was the popular and unanimous choice, and Fred Hicks was appointed as captain of the team. A large number turned out to the gathering and all expressed great interest in the movement. By affiliating itself with the Trenton league the local boys have entered another branch of organized sport; and although they will be hampered by not having suitable places to practice they will give the best account of themselves they can.

Mrs. A. H. Norrington of Picton has arrived to spend the holiday season with her son, Mr. A. H. Norrington and Mrs. Norrington and Barry.

Miss Pitchett presented her school concert in the school last Friday evening. The storm outside kept away a large number who would like to have come, for the Youngs' school concerts are always popular, but even so a good crowd came and enjoyed very much the songs, dialogues and other numbers given by the boys and girls there.

Miss Helen MacDougall of Picton is expected home on Monday to spend the holiday.

Parents and friends of pupils from the Carrying Place Public School gathered on Thursday evening last in the Parish Hall there for the presentation of the annual Christmas concert; and in spite of the unpleasant weather and snow-filled roads, upwards of two hundred persons attended. With Mr. W. G. LaTour, secretary-treasurer of the school board in the chair, the program opened with the singing of "Oh Canada" by the audience. In his opening remarks the chairman expressed his pleasure at being present and at seeing so large an audience. A chorus, "Hark! The Herald Angels Sing", by pupils of the senior room was enjoyed, and was followed by a humorous recitation by Donald Young. With Mrs. G. Weller at the piano the junior pupils sang a chorus, this number being followed by a recitation by Harry Richardson. A vocal duet by Billy and Frankie Moynes with accompaniments on tenor banjo and ukelele was enthusiastically received. Gordon Bonter followed with a recitation "The Brighter Side". A dialogue followed entitled "Cousin Joshua". The cast was composed of Margaret Weller as Aunt Sophia, Jean Weller as Kate, the cook, Dora Cooper as Josie, the niece, Lyons Davis as Mr. Dark, a salesman. Gordon Bonter as Mr. Brown, the minister and Lloyd Hennessey as Cousin Joshua from the country. A waltz number by the school orchestra followed, with piano played by Esther Young, tenor banjo by Billy Moynes, guitar by Johnny Buchanan and kazoos by Margaret Weller and Willie Perrow. The number was well received, and was followed by a recitation by Dorothy Herrington. Sunbonnet drill with six junior girls followed and was prettily done, and a dialogue "Christmas Troubles" also by junior pupils was funny and well acted. Billy Moynes and Mr. Norrington with mouth organ and guitar played an instrumental duet, and were followed by a drill by six junior boys. Freddie Moynes gave a recitation and little Lena Cooper, after some coaxing, a song. A dialogue, "Quarantined at Christmas" had as cast Elsie Brooks as Mrs. Smithers, Jean Weller as Annie, Lois Batchelor as Susie, Esther Young as Aunt Miranda, Norman Weese as Uncle Ben, Johnny Buchanan as Jimmie, George La Tour as Billy, and Joseph Perrow as Mr. Smithers. An acrostic with ten junior girls and boys was next presented, and a reading of a letter, supposed to have been written twenty years in the future revealing the destinies of many present, quite convulsed the audience with mirth. Esther Young gave the reading, and was followed by Velma Baker with a short recitation. A song by four junior girls, "Silent Night", was followed by a recitation "Kris Kringle" by Madeline Barker, Jean Weller, Lois Batchelor, Gerald Lafferty and Arnold Perrow. The orchestra next played a jig-time medley with four Jew's harpers added to the number, and Helena Brooks followed with a recitation. The most entertaining drill of the evening was next given with sixteen characters in full costume as part of the "Mother Goose" drill. Erma Gould gave a recitation and Velma Barker, and Frank and Fred Moynes sang "Chawin' Gum" with some emphasis. A three-scene dialogue, "Brother Jedediah", followed as the last number of the programme, with Billy Moynes as Jedediah, Elsie Brooks as Susanner, his wife, Donald Young and Esther Young as Mr. and Mrs. Lee, and Madeline Barker and William Perrow as Lucille Lee and Mr. Nolan. At the conclusion of the programme the chairman called Mr. Moynes to come forward and assist Santa Claus in getting the gifts from the tree and distributing them. The singing of the National Anthem concluded the event. A very fair sum was realized.

NEWLYWEDS ARE HONORED

UNION VALE—In Napanee on December 12th., the marriage took place of Mary E. Huff, daughter of Mr. and Mrs. William A. Huff of Adolphustown to Alton L. Vincent, only son of Mr. and Mrs. C. A. Vincent. The ceremony was performed by Rev. Harry Pawson. They spent their honeymoon in Ottawa and other points east. On their return on Friday night a large number of people invaded their home as a charivari. After much noise was made, the bride and groom invited all in their home, where everyone was treated to candy, cake and sandwiches.

Mr. and Mrs. Thos. Bongard of Bongard's Corners, took dinner on Wednesday of last week with Mr. and Mrs. Clifford Vincent.

Mrs. Dwight Reynolds visited with her sister, Mrs. Lambert of Northport, one day last week.

Those from here who attended Schoharie Christmas tree on Wednesday night were Mr. Jack and Miss Marjorie Tubbs, Mr. Leland and Miss Reta Pearsall and Miss Aileen Pearsall.

The teacher, Miss M. King and pupils held their Christmas tree on Friday afternoon. A splendid programme was provided.

Mr. and Mrs. Mervin Huggins of Long Point spent a couple days last week with Mr. and Mrs. Clifford Vincent.

Mr. and Mrs. Kenneth Brown of Black Creek are spending a week with the latter's parents, Mr. and Mrs. Jas. Tubbs.

Mrs. E. L. Orser spent a day last week with friends at Picton.

LOBLAWS Annual Stock-Balancing SALE

This week, in addition to the "Specials" listed, we are offering many lines not advertised at greatly reduced prices. Each year, on account of the holiday rush, our shelves become over-stocked with some seasonable lines. Our merchandising policy demands that all goods must be disposed of on a quick turnover basis; this ensures our shelves always being stocked with only the freshest of foods.

Watch for the yellow tickets, they denote special values.
"Specials" may not be alike in all stores this week.

LEN KOENECKE BEST FIELDER IN NATIONAL

Made But Two Errors in 318 Chances During Season

RECORD FOR DAVIS

Philly Pitcher Takes Part in Twelve Double Plays

New York Dec. 27 (AP)—Len Koenecke, the $75,000 'bust' of a few years back, celebrated his return to the major leagues last season by setting up a new National League record for outfielders.

The former Indianapolis ballhawk, for whom the New York Giants reputedly paid $75,000 in 1931 only to cast him adrift after a short trial, committed only two errors on a total of 318 chances in the Brooklyn Dodgers' outfield during the 1934 campaign. Playing in 121 games, Koenecke's fielding average of .994 shaved one percentage point off the old league record held jointly by Louis B. Duncan of Cincinnati and Wally Berger of Boston.

The only other individual record established during the season was credited to Curt Davis of the Phillies, who participated in 12 double plays, a new mark for pitchers. Burleigh Grimes, then with Brooklyn, set the old record of 11 in 1922.

Koenecke's closest outfield rivals were George Davis, who compiled a .988 average with the Phillies, and Paul Waner of Pittsburgh whose mark was .985.

Manager Bill Terry of the Giants nosed out Gus Suhr of the Pirates for first base fielding honors, .9941 to .9936, and another Giant, Hughey Critz, beat out Frankie Frisch, manager of the world champion Cardinals, .978 to .977 among the second basemen. Bill Urbanski of the Braves had a .961 average to lead the shortstops.

Arthur (Pinky) Whitney of Boston, topped the third basemen with a .968 average.

Appearing in 100 or more games for the tenth time during his major league career, Gabby Hartnett of the Chicago Cubs was the leading catcher with an average of .996. Twenty-one pitchers went through the campaign without an error, Lonnie Warneke of the Cubs, leading them with 73 chances.

◆

FOOTBALL TEAM HONORED

Hollywood, Dec. 27.—Some 250 Alabama football players, coaches, rooters and visiting journalists were guests yesterday at Jack L. Warner's annual luncheon to the visiting Rose Bowl team.

Al Jolson, who sang "Mammy"; Richard Powell, Pat O'Brien, Ruby Keeler, Jean Muir and Warren William were among screen personalities to attended. Joe E. Brown was master of ceremonies and the team elected Maxine Doyle sponsor for the game.

Howard Jones, Bob Zuppke of Illinois and Bill Spaulding of U. C. L. A. were among the visiting coaches who sat with Frank Thomas of Alabama.

Following luncheon the team saw Max Reinhardt direct a scene from "Midsummer Nights Dream," then rushed back to Pasadena for the afternoon secret workout.

◆

GANANOQUE WINS

Kingston, Dec. 27.—In one of the hardest fought games of the season, Gananoque eliminated Red Indians in the junior city league here last night 3-2 in 30 minutes of overtime.

Gananoque had a distinct edge in the first two periods when they outplayed the Indians. Harding scored midway in the first period and went two up, in the second where Wheeler tallied. Gordon counted for the Indians a few minutes later and for 15 minutes of the last period they ganged the Gananoque goal, the visitors putting up a marvellous exhibition of defensive hockey before Gow finally banged in the goal that sent the teams into overtime. The teams fought 17 minutes of overtime before Sargent finally beat Scruttou on an easy shot to win the game.

◆

Chicago, Dec. 26 (CP)—Dominic Gabriel is a patient soul. Six years ago Christmas day a passing stranger offered him a job.

The stranger hasn't shown up, but Dominic has been waiting for him night and day in a shack he built at the corner of Canal and Polk Streets. He said he built the abode there so he wouldn't miss seeing the stranger in case he returns.

CURRENT SPORT

(Day By Day)

Last night's storm and blizzard considerably lowered the attendance at the season's initial work out of the Belleville intermediates. Only a few were on hand to start the season off, the great majority deeming it inadvisable to venture out in the worst storm of the current season. Who was it recently stated that the present-day winters are not to be compared with the old timers?

* * *

Last night saw only the died-in-the-wool players of proven ability on hand with Alex Weir, Harry and Carl Morgan, Bill Henn, the two Ethier boys, Jim and "Shad", Rene St. Denis, Hap Day, Jack Connors and a couple of others parade before Manager Thomas. Naturally with no goalie between the posts at either end, only a light work-out was indulged in. This evening, however, the locals will have to get down to heavy going, as the locals open the season at Port Hope tomorrow night. The majority of the local puck-sters have been playing in the local city league for the past ten days and are in fairly good condition although they need a little practice together in order to become accustomed to each other's style and also team together. Owing to impassable roads the Point Anne contingent failed to put in an appearance.

* * *

Three members of the Brockville Magedomas were on hand in the persons of Jo Jo Graboski, Pete Morgan and Les Tice. The former two donned their skates and availed themselves of a little limbering-up practice. Pete carries just as much speed as ever while the wily Graboski showed his cunningness at times with his superb stick handling. Les Tice was seen talking rather confidentially to Manager Thomas, presumably in relation to the prospects of the locals this season.

* * *

President Harry Rollins announced today that players Ted Henn and Bill Lott, the two participants who entered into the fisticuffs during Christmas night's city league game had drawn a one game suspension "We distinctly laid down the rules relating to fighting in the City League at the organization meeting, no manager or player can plead ignorance and despite the fact the ice was not in the very best condition, we intend living up to the rules of the league and these players stand suspended," stated Prexy Rollins in reference to the Lott-Henn affair.

On Friday night another twin bill of city league hockey is on the books and brings together Grills Garage versus the United Cigar Store with the S.E.A.C. taking on the Aajmaa Club. The kids from Foster Ward are tied with the Trenton Imperials but they will have to down the Aajmaas if they wish to keep their record clean. The Grills-United affair should prove a real struggle, first of all Jim Ketcheson's United Cigars will take to the ice in their nice new bright scarlet uniforms and naturally will not want to disgrace them, while the Grills outfit is still smarting under the defeat handed them by the Trenton sextette on Tuesday. If Tuesday night's game is any criterion of the calibre of hockey to be dished up during future city league games the attendance is bound to increase.

* * *

Apparently the B.C.I.V.S. inter-form hockey league failed to function as one afternoon of hockey wrote finis on the proposed loop. The proposition was to operate an inter-form collegiate hockey league at the arena during the holidays. Two games were scheduled for each noon hour, from 12.30 until 2.30 p.m daily. Last Saturday saw the first and last game played in the loop. Apparently either the players were not interested or they didn't just care. It looks as though Coach Les Shiels will have to resort to some other method in his endeavors to unearth new material for his local interscholastic hockey team this year.

* * *

The first of a series of sport reviews of the year 1934 is being published on the local sport page today. Ten subsequent reviews will appear in order, month by month, and include the major sport happenings of 1934.

* * *

Tankanori Joshioka, the Japanese sprinter, Henry Nielsen of Denmark, who broke Paavo Nurmi's world record for 3,000 metres, Luigi Beccali, Italian holder of the Olympic 1,500-metre crown, and Erik Ny, Swedish middle-distance star, have been invited to compete in American indoor meets this winter by the Amateur Athletic Union.

* * *

Montreal Maroons of the N.H.L. will no longer be the rough tough hombres they used to be, says Tommy Gorman. "Stay on the ice" will be the motto, according to the new mentor.

'Ace' Bailey Recovers While Shore Suspended

—January—

January of 1934 presented something above the average in sport for the midwinter month, although no outstanding achievement was noted. The year opened with the shadow of death hovering over Ace Bailey after a brawl in Boston when the Toronto centre ice star crashed to the ice when rushed by Eddie Shore. Bailey's progress and the punishment meted out to Shore were the highlights.

The month also marked the rise of Barney Ross, Chicago lightweight champion, to the position of contender for welterweight honors by reason of a scintillating win over rugged Billy Petrolle.

'ACE' BAILEY

Jan. 2—Ace Bailey sends New Year's greetings to hockey fans from his hospital bed in Boston.

Jan. 2—Dave Komonen, great Finnish-Canadian runner, leaves Toronto to make his home in Sudbury, Ont.

Jan. 3—Babe Ruth opens his season's training activities.

Jan. 4—Ace Bailey, in his first press interview following his injury, absolves Eddie Shore of blame for fall which sent him to death's door on Dec. 12.

Jan. 4—Eddie Shore suspended by N.H.L. for 16 games for illegally charging Ace Bailey in Boston Gardens on Dec. 12.

Jan. 5—Ottawa Shamrocks, touring Europe, defeat Munich 4-0 to record 11th. straight win on their hockey tour.

Jan. 5—Wilfie Cude, young goalie owned by Canadiens and loaned to Detroit, makes debut in Red Wings' uniform.

Jan. 10—"Big Bill" Tilden, 42 years of age, defeats Ellsworth Vines in Vines' first professional tennis match before Yankees for $35,000.

Jan. 12—Cleto Locatelli, Italian champion, outpointed Jackie "Kid" Berg, English whirlwind, in a 10-round lightweight brush at New York.

Jan. 14—Babe Ruth signs one-year contract with New York Yankees for $35,000.

BARNEY ROSS

Jan. 16—Ace Bailey discharged from Boston hospital.

Jan. 20 — Lou Broulliard, French-Canadian battler, outpointed Bob Olin in a 10-round light-heavyweight brawl, bringing together the outstanding contenders for Champion M. Rosenbloom's title.

Jan. 22—Frank X. Shields, American tennis ace, won Canadian indoor singles title by defeating George Lott, in all-American final at Montreal.

Jan. 23—Andy Ritchie, former Toronto hockey amateur star playing with Atlantic City Sea Gulls, dies as result of injuries suffered in hockey game.

Jan. 24—Barney Ross, lightweight champion beat Billy Petrolle, the ageing "Fargo Express," to establish himself as a welterweight threat.

Jan. 27—Fred Perry, ranking British net star, won Australian men's single tennis crown from Jack Crawford, world's ranking player in straight sets.

Terrific Beating Halts Max Schmeling's Comeback

—February—

The death of John J. McGraw, veteran manager of the New York Giants injected the touch of baseball into a dull February, most of whose sporting features was provided by boxing activities. The comeback attempt of Max Schmeling was summarily halted by a terrific beating handed him by Steve Hamas who himself aspired to heavyweight heights.

STEVE HAMAS

Feb. 6—Maxie Rosenbloom successfully defended his light-heavyweight boxing title by outpointing Joe Knight over the 15-round route.

Feb. 7—Herb. Flack, Toronto skating speedster won men's senior North American speed skating championship at Toronto.

Feb. 9—Larry Gains, Canadian negro heavyweight, lost his British Empire crown when badly beaten by Len Harvey, British middleweight, in a 15-round bout in London, England.

Feb. 13—Steve Hamas gave Max Schmeling a terrific 12-round beating to halt the German's attempted comeback.

Feb. 14—Toronto Maple Leafs defeated a picked National Hockey League All-Star team 7-3 in a benefit game at Toronto for Ace Bailey.

Feb. 25—John J. McGraw, former famous manager of New York Giants' baseball club, died at New Rochelle, after a lingering illness.

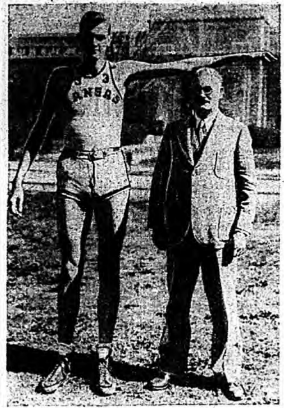
INTERCOLLEGIATE—In winter intercollegiate swimming meets, Captain U. Balcom Grannis, Jr., of Princeton, is a star

FUNNY FIGHT

Chicago, Dec. 27.—Max Baer, world's heavyweight champion, isn't afraid of King Levinsky's roundhouse swings. The champion today received permission from the Illinois State Boxing Commission to use six-ounce gloves in his four-round fight with the Kingfish at the Chicago Stadium on Friday night. By mutual agreement, the hands will be wrapped with three feet of gauze and two feet of adhesive tape—about half the amount of wrappings usually used.

The commission ruled that no decision would be given but that if either fighter was knocked out he would be counted out. Thus, if Max should go down for the count his championship would belong to Levinsky.

AND THEY CALL THIS LAD "SHORTY"



One of the tallest—if not the tallest—basketball centres in America this season is Alphone "Shorty" Willhausen of St. Louis, Mo., who plays on the University of Kansas team. Shorty helps the Kansas team, a perennial winner among U.S. squads, carry on. He is six feet, seven inches in his stocking feet and weighs over 200 pounds. He is shown with Dr. James Naismith, inventor of the game of basketball, and now professor of physical education at the University of Kansas. Dr. Naismith is a Canadian by birth, a native of Almonte, Ont. He is a graduate of McGill University where he played football. He invented basketball in 1899.

Hershey Hockey Team Out To Make Record in Pastime

Building Rink to Accommodate Over 15,000 People

(By George Maguire)

Hershey, Pa., Dec. 27 (CP)—Montreal, Toronto, Boston and New York may need to watch their hockey reputations with something akin to zealous care if plans formulated here for the game's near future materialize.

This thriving city in the Pennsylvania hills almost a complete stranger to Canada's great winter sport a few, short years ago now threatens to jump right into the top flight of puck chasing circles.

A smattering of imported Dominion amateurs blended with local talent formed the first club organized here and the opposition was purely regional. Brighter stars were then brought down from Canada and the team branched out into the Eastern Amateur League, composing New York City, Baltimore and Atlantic City teams. Patronage has increased steadily and now the fans are as rabid supporters of the home team as any major league city fans possibly could be.

The success of the game has led local officials to start planning for the immediate greater expansion of puck chasing which they think is inevitable.

A modern rink seating 15,000 persons is planned. It will be larger than Toronto's Maple Leaf Gardens or the Montreal Forum, although built along the modern hockey lines of those rinks at a cost approximating $1,000,000.

In addition to hockey the palace will accommodate all indoor sports as well as various industrial exhibitions and conventions.

To keep pace with the new building the local hockey team will be advanced another notch toward big time competition by application for a franchise in the Canadian-American League, which is expected to be granted without much debate, as the city has a large hockey following to draw from in the surrounding towns and cities.

◆

Seattle, Dec. 26 (CP)—Henri Damski is both the leader of a prominent northwest orchestra and a member of the Boiler-makers' Union.

Now he announces he will file his candidacy for the city council, to bring some harmony of "one kind or another" in that group.

SIX GAMES IN N.H.L. TONIGHT

Leafs Can Lengthen Lead in Contest With Amerks at N. Y.

(By the Canadian Press)

Tommy Gorman's Montreal Maroons have their chance to show tonight whether that 5-3 win over Boston Christmas night really indicated they have snapped out of their slump. They go right back against Frank Patrick's Bruins tonight in Montreal and with a win can widen their lead over Montreal Canadiens to six points.

With New York Rangers and Chicago, the Habitants are idle tonight. In all six teams play. Detroit meeting Eagles in St. Louis and Toronto playing Joe Simpson's Americans in New York.

Red Wings have hopes of getting back into a tie with Bruins for second place in the National League's American section by winning from Eagles while Maroons beat Boston.

Americans should jump into third place in the Canadian section by beating Toronto Leafs but the New Yorkers would be well satisfied if they tied the fast-stepping Leafs, who have been defeated only twice in 17 games.

◆

Chicago, Dec. 26 (CP)—Firemen gave Otto Olson a $300 Christmas present last night, hours after the scheduled visit of Santa Claus.

Fire broke out suddenly in the northside rooming house where Otto lived and there was no time for him to pick up his savings before the flames drove him outside.

At his plea for them to "do something" firemen raised a ladder to the window of his room and one man raced up, braved the flames and emerged from Otto's room grasping the $300. The blaze swept on, burning out the third floor of the building, and destroying the contents of Otto's room.

THIRD THURLOW PERSONAL NOTES

THIRD THURLOW—Mr. and Mrs. Clarence Scott (nee Alta Andrews) spent a few days with Mr. and Mrs. J. Anderson.

Mrs. Frank Walker called on Mrs. Frank Pound on Friday.

Mr. and Mrs. Harry McPherson attended the Christmas entertainment of the Anglican Church in Stirling on Thursday evening, where the young people of that church presented them with a beautiful tray and mirror and other articles.

Mrs. Frank Easton spent Thursday with Mrs. Frank Pound.

Miss E. Wilson, Fuller, spent Friday with her sister, Mrs. Wm. Anderson.

Mr. P. F. Casey was entertained at the home of Mr. and Mrs. Harry Walker, Fourth Line on Sunday.

Mr. H. Faulkner has returned to his home near Stirling for the holidays.

The Bethany Christmas entertainment was well attended despite the bad weather on Wednesday evening last. The lengthy program was very much enjoyed and the proceeds amounted to twenty-seven dollars and fifty cents.

On Tuesday evening a number of relatives of [illegible] and Mrs. M. Faul were entertained at their home. It being the occasion of their fortieth wedding anniversary.

MEN'S CORRECT CLOTHING

Cavalcade's Owner Heads List of Money Winners

Mrs Isabel Dodge Sloane

Cavalcade

In 1934 track winnings the stable of Mrs. Isabel Dodge Sloan led by the great racer Cavalcade, headed the list. The Detroit horsewoman's crack three-year-old won the Kentucky Derby and established himself as the best of the year's crop.

By Charles "Horses" Ayers

Toronto, Dec. 26—Of interest to racing fans is the announcement made that for the third time in eleven years the famous Whitney Eton blue and brown capped silks fail to head the list of money-winning owners on the American turf. Supplanted in 1928 by E. B McLean and in 1925 by Samuel Riddle, the colors carried by some of the country's greatest thoroughbreds, yielded to the powerful Brookmeade stable of Mrs. Dodge Sloane, headed by the crack racer Cavalcade.

With the 1934 Kentucky Derby winner leading money winner of the year, earning $111,235, the well-balanced stable trained by Bob "Whistlin'" Smith, won the magnificent total in purses $251,138.

C. V. Whitney, with the mighty Equipoise on the ailing list shelved for most of the season, had one of the leanest years in the history of these famous silks. They won only $168,520 and just managed to nose out J. E. Widener, who with Chance Sun, taking the $100,000 Belmont Futurity and Peace Chance the $50,000 Belmont Stakes, pocketed $160,125.

The Greentree stable, owned by Mrs. Payne Whitney, was the only other owner to pass the $100,000 mark, winning $110,835. E. R. Bradley, Mrs. John Hay Whitney and Charles T. Fisher each of whom ranked high in 1933, finished well down the list this year.

Although forced into second place this year the Eton blue silks have dominated the American turf as few colors have since founded by W. C. Whitney, grandfather of C. V. Whitney, in the early part of the century. Twelve times they have been at the head of the list. They began their last streak with Harry Payne Whitney as master in 1924 and ended the three-year-old reign of Harry F. Sinclair's Rancocas stable.

The colors passed to C. V. Whitney upon the death of his father in 1930. With Top Flight travelling at high speed the stable had its greatest year in 1931, winning a total of $422,923 and came back the next year to account for $403,681, with Equipoise as the star. Last year the earnings dropped to $241,194 while this year's figures exceeded those of three other years in the days when purses were not so large.

The American record of $438,849 was established in 1923 by the Rancocas stable, with Zev who during his three-year-old year swept all before him in national and international competition.

CHRISTMAS TREE PROGRAM GIVEN

4th Sidney—On Thursday evening last the annual Christmas tree was held at this appointment. A good program was given which was enjoyed by all. At the close of the program old Santa came and made the children happy with his many presents for each one. The proceeds was $13.00.

Mrs. Frank Tucker has been teaching during the past week in the absence of the teacher, Miss Huycke who met with an accident on her way to her sisters' at Campbellford. Her many friends are glad to know she was not seriously hurt.

Mr. and Mrs. Frank Pope were recent callers on this line.

Mr. and Mrs. Stanley Weatherall and children and Mr. and Mrs. Harry Pound and son, Ross, were recent guests of Mr. and Mrs. F. Harris.

Miss Keitha Lloyd of Toronto, is spending the Christmas holidays with her parents, Mr. and Mrs. S. W. Lloyd.

Spite Wife

by Ann Forester

Amy bit her lip too late. She had not intended to say anything to Georgia about the week-end party she had planned for Georgia was not invited. The Carters owned a summer home some miles from Lockwood on the ocean shore. A party was planned a party which did not include Georgia.

Amy stumbled in speech, continued quickly: "Of course I know Nick's got an eye on Grandmother's money; that's why he comes home at all—to play the old girl along.. And does she fall for it! If I was Mother I'd simply tell him to stay away....but it's Grandmo'ver's house, and even if she is so old we can't manage the house to suit ourselves...."

Georgia was not listening to Amy's nervous words. Her eyes were hot. There was suppressed excitement in her manner. Torture ....this smoldering passion she felt for Nick....For Nick, who never seemed to see her....

Amy continued in her fretful voice: "And for some reason he's giving Judy quite a tumble. Took her up in the plane the other day. I think he's taken quite a fancy to Elaine, the Lily Maid"— Amy's scornful nickname for Judy's lack of sophistication. "Likes 'em cold and pure, guess. Wouldn't you know he'd fall for her type! But she's the only one he bothers to be decent to. Imagine the immaculate Nick falling for his brother's wife! Isn't that a scream!"

While Amy spoke a demon of jealousy was lit in Georgia's eyes. Dull red splashed across her face.

Little John chose that inauspicious moment to run in crying with a cut finger.. "It bited me, Marmar, the shovel did. I was digging"

"Well why didn't you keep your fingers out of the way, you tiresome imp!" Georgia screamed it with such violence that the child gazed at her in dumb terror, and the cigarette dropped from Amy's parted lips. "Always something!" The words were an angry sob as Georgia hurled them. "Always something to drive me nearly insane....!"

As she dragged the child to the bathroom to apply first aid, Amy recovered her cigarette. Her eyes were narrowed, while she ground out the cigarette against the edge of the ash tray, and a queer little smile hovered about her neatly reddened lips.

So—that was it! Georgia was jealous.... falling for Nick, of all people! And the mention of Judy made her furious. That might be handy, thought Amy, casting about in her thoughts as to how she might use this surprising bit of knowledge.

Georgia came back with compressed lips and resolute eyes. The little boy, sobbing quietly, was thrust outdoors again and his mother sat down and sipped her highball.

"You know, my nerves are ragged," said Georgia. "I've got to get away, if it's only for a day or two. I'm going to park John with Mrs. Twilleger—" Mrs. Twilleger, good soul, took charge of little John, when his mother was away. "I think there's a holiday coming to me once in a while. Maybe—" Georgia's tone was light and bantering and her eyes became coy. "Maybe I'll join up with your party and go to the beach house with you. Salt air might be just what I want......"

Amy's tone was bland: "Oh, that would be too perfect, darling! If only I'd dreamed you could have made it, I'd have figured on you from the beginning. Too bad the party's framed now.... You know how it is—just so many beds..... and so many people..... You understand, dear...."

"Oh, certainly," Georgia said sweetly while here eyes went hard "I was only kidding....I think I'll run up to the city for the week-end. Guess who's visiting up there—Bee Curtis. She's spending a month over here before he returns to Honolulu. She wanted me to spend a couple of days with her before she left...."

A painful blush flooded Amy's face. She reached for her glass and drank slowly and over the brim her eyes went fearfully to Georgia's face.

Bee Curtis..Two years ago, when the Curtises lived in San Francisco, Amy had been very friendly with the Curtises. This tawdry apartment of Georgia's had served more than once for a meeting place for Amy Carter and Richard Curtis. Georgia knew a lot....too much.. If she should hint about those secret meetings to Bee....

Before she left, Amy said, gayly, enthusiastically; "Georgia I've been thinking—why don't you come with us over the week-end! Of course I'd have asked you in the first place if I'd ever dreamed you could make it. We'll manage somehow.. ....Georgia you must come!"

"Well...." Georgia narrowed her eyes, "I'll think about it, Amy. I should really see Bee—but the salt air might be good for me.... It's lovely of you to want me so much, darling...."

THE HOUSE PARTY

CHAPTER TWENTY-THREE

Week-end parties in Summerfield had been affairs of plain dinners and small economies. You wore your oldest clothes—some simple wash dress which could be tossed into the laundry hamper at the end of the trip. The boys split kindling and ran errands. The girls cooked the food.

But that was not the fashion for week-end parties in Lockwood.

The night before, Pon, the Chinese boy, was dispatched with a helper to prepare the beach house for its guests. A carful of provisions went with him—ice and clean linen, bridge tables and a portable radio.

Judy bought a new ensemble for the trip, charging it to the already swollen account at Madame Esmee's in the city. A smart green jersey, which made her as lithe and slim as a willow wand. A beige and brown silk scarf for contrast. Lizard sport shoes and beige silk stockings. An expensive hat of green felt, fitting her head like a glove. Why should it necessarily follow, Judy asked herself with a guilty quake, that the smaller the hat the larger the price?....

There was a new lizard handbag and green linen handkerchiefs. When she was buying, Judy had a vivid recollection of Eunice Wilson's gold and diamond vanity case and white jade cigarette holder. The result was that Judy's bag now contained a smart green enamel compact and a dull silver cigarette case with her engraved monogram encircled by a ring of green jade. This last was sheer extravagance, for Judy could not seem to acquire a taste for smoking. But it added the touch of sophistication. It seemed somehow to make her one of Stan's world....

She had a guilty sense of expense as she returned home with the spoils of her day's shopping, but she crushed it back defiantly. What good to stint and save? Stan had no intention of giving up the luxury of this big house—of his expensive clubs—for a small apartment where Judy would do her own work. Whenever she hinted about it he changed the subject. If she persisted, his quick temper flared into flame.

"For the love of Mike, put on another record! We're more comfortable here than we'd be in a two-by-nothing apartment! I can't stand that cheap stuff....When I can afford a decent sized place, with a maid, we'll move...."

She was too weary to quarrel about it. She and Stan quarrelled so much lately....

All this went through Judy's mind now as she stood before the mirror this morning dressing for the trip. After all, she did look smart....The tight green hat crushed down on the shining hair. Eyes clear and grave as a child's ....and this green dress made her skin look flawless as white rose petals....

Stan's amused eyes went over her —Stan was in excellent humor today. "Of all the vain wenches! Standing there admiring herself—'

Judy took his careless kiss on her lips and tried not to let him see the quick tears in her eyes. Why did she always want to cry when he kissed her, she thought impatiently as she slapped her face with a powder puff. An intensity in her love for Stan, which turned it to pain.... Must not let him see her so serious.... It bored men to have a woman too intense about them—men like Stan....

They met the others at Eunice's house. A gay little crowd in the black and silver room, where a maid passed frosted silver cocktail cups on a black lacquer tray. Fred Wilson was absent—detained in the city by an important business meeting. No one missed him. This house seemed to belong exclusively to Eunice, anyhow. The big, dour, middle-aged man did not fit in here.

Patty Warren had finished her third cocktail, and was growing expansive. "——as I was saying, the Crisseys,— the Allan Crisseys, you know, Crissey and Crissey the attorneys?—well, they were planning to put up over the week-end at Del Monte and Al Crissey said to me, 'Patty you simply must come with us'——"

Across the room Judy's eyes suddenly found Nick Carter's gaze and her own danced in answer. Nice to know there was someone who did not take this self-sufficient crowd seriously. Nice to know that Nick was included on the party....Stan needn't have been so nasty about it when Amy told him....

Eunice —beautiful in an imported suit of violet tweed, which she wore with her air of almost insolent smartness. The severe cut only emphasized the feminine allure of her beauty.

Georgia, dark and intense, her laugh too shrill, her voice crackling like a whip through the hum of conversation.

Georgia wore a yellow crepe a trifle limp and faded from many tubbings. It had originally belonged to Amy and had been donated to Georgia fo. some forgotten favor. Georgia had taken it, exclaimed rapturously over it and hated Amy for being able to patronize her. These complacent self-satisfied women, thought Georgia, her black eyes snapping, how she hated them! Let the tide turn—let her succeed in marrying someone like Nick Carter—and she'd show them how she despised them! And Georgia smiled sweetly at the room at large.

A strange gathering.. .. People who secretly disliked each other—or who liked each other too well....

As the crowd divided between the two cars, Eunice moved to the seat beside Stan at the wheel.

"I simply can't stand riding in back—" she explained, sweetly cool. "The curves—they make me deathly sick. No one minds, do they? Because I just can't help it. I always move up beside the driver when Fred and I go out——"

Eunice carried it off with that petted princess air. Judy found herself sitting beside Nick and Georgia in the tonneau and her cheeks were burning. Anger blurred the next few moments. She was vaguely aware of the other car following them down the highway.

It was not petty jealousy she felt! Judy told herself, staring out of the window with angry eyes. That insolence in Eunice's manner..... But what could she do? A scene! ——Oh, that would be dreadful! A jealous wife.... they'd laugh..Stan would be furious!

She was furious with Stan now, he seemed so content with the arrangement. Judy could have reached over and boxed his good-looking ears every time his dark head bent close to Eunice's smart violet hat.

Judy's hot anger succumbed to nervous fear. The highway had given way to a narrow, dangerous road leading through sparsely settled country. Abruptly it began to climb a steep grade. A road of hairpin curves and hilly passes. The machines rounded shoulders of rock and shot with alarming suddenness out on cliffs where one could glimpse the sea curling in white foam far below.

To Judy, born inland, in level country, it was terrifying. She forced a smile to her lips. Threw in a word now and then, that the others might not guess. Strange when she had felt no fear up there in the plane with Nick that she should know this dread on a mountain road! She swallowed hard and stared steadily at the back of Stan's head as they skirted a cliff's edge.

And then her hand was being held in a warm reassuring clasp. Nick's white teeth showing in his brown face. Nick, alone, guessing her secret fear.

Judy ran her tongue over her dry lips. "This road.... is it the only way to get down to the house?"

"The only one." Nick's steady voice helped her, it was so matter of fact. "Once there was a railroad there—we Carters should know! My Dad lost a mint on that! They put on a big boom along the coast —laid miles of sidewalks, erected an elaborate gateway to subdivisions—and then the bubble broke. There's where a fat slice of the Carter money went. Poor old Dad, I think the disappointment killed him. There's nothing left of the road now but the neglected right-of-way. They even ripped up the ties when the last train quit."

Nick's words fell on Judy's inattentive ears.... Under a fold of her coat her hand was clutching his band frantically. All her will-power went to keeping her self-control.

But the half heard words sunk down, deep in her consciousness. Years later, this scene was to flash back to her in its entirety. As though some part of her was aware of that tragic time to come and the dramatic part this road would play.

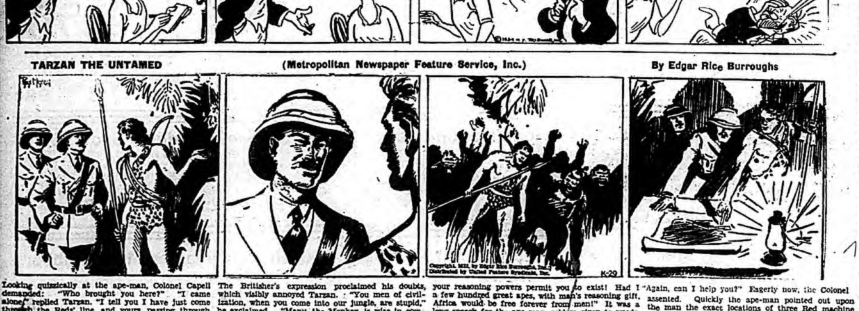
TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs



Copyright, 1932, by Edgar Rice Burroughs, Inc. Distributed by United Feature Syndicate, Inc.
K-29

Looking quizzically at the ape-man, Colonel Capell demanded: "Who brought you here?" "I came alone," replied Tarzan. "I tell you I have just come through the Reds' line, and yours, passing through your camp unseen."

The Britisher's expression proclaimed his doubts, which visibly annoyed Tarzan. "You men of civilization, when you come into our jungle, are stupid," he exclaimed. "Manu, the Monkey, is wise in comparison! Only your numbers, weapons, and —

your reasoning powers permit you to exist! Had I a few hundred great apes, with man's reasoning gift, Africa would be free forever from men!" It was a long speech for the ape-man, seldom given to words. "Enough of that," he broke off.

"Again, can I help you?" Eagerly now, the Colonel assented. Quickly the ape-man pointed out upon the man the exact locations of three Red machine guns doing deadly work among the 2nd Rhodesians.

Little Benny's Note Book

WORRYING

If you are ambitious to look distinguished by having a lot of wrinkels at a early age, the sooner you start worrying the better. But if you think wrinkels are more intristing on other peoples faces, leave them do the worrying.

Some people cant do their duty without worrying about it, while others never worry even if they dont do their duty. 2 diffrent people like that awt to proberely get married to each other and divide the results.

One of the werst worryers is your mother whenever you or your father happen to be a little late for supper, especially about a hour. The later it gets the more and more, sure she is that you are bein run over if you haven't already been, and when she finds out she's mistaken she's so relieved she stays mad for a half a hour.

If eveerybody that advises other people not to worry stopped worrying themselfs there wouldn't be any worryers left in the werld or anybody to worry whether there was or not.

This would make the werld more cheerful but proberly a lot of more things would happen to worry about because there wouldn't be anybody left to worry in time to stop them.

This proves human nature is a good thing the way it is, especially for the lucky ones.

Worrying spoils the appetite and upsets the digestion, so a starving man on a desert island could proberly go ahead and worry all he wanted to without making himself feel much werse.

Butler, Pa., Dec. 26 (CP)—The woman's auxiliary of the Butler County Medical Society made plans to give some toys to every little patient in the Memorial Hospital's children's ward.

Christmas day found the ward with but one occupant—a seven-day-old baby.

. . . .

Troy, Mont., Dec. 26 (CP)—This town claims to have one of the tallest Christmas trees in the country, and it's getting bigger each year. The 85-foot tree grows on a vacant lot and is used annually as a community tree.

What Local Theatre Managers Have to Say About Current Offerings

AT THE BELLE

"A Girl of the Limberlost"

Awarded Medal as Best Picture of Month

Recapturing the leisurely charm of the pre-war days in American rural life, "A Girl of the Limberlost," Gene Stratton-Porter's famous novel of Indiana country life, comes to the screen of the Belle Theatre today, for a two day run after recently being awarded a medal as the best picture of the month by Parents Magazine.

Twenty years ago automobiles were quite a novelty in Indiana, women wore hobble-skirts, and piled their hair and their hats high on top of their heads, while sweeping their skirts to the ground. It sounds silly to tell about, and the old styles look very strange in the snapshot albums of the contemporary period, but the Monogram staff has succeeded in retaining all of the beauty of the era with only slight modifications to conform to present day tastes.

The sets of the picture, too, are remarkably authentic. More than 60 different interior sets were used in the picture, while a crew of 85 men was kept busy for more than six weeks to construct the many houses used in the exterior locations of the Limberlost country. In fact, the Limberlost a famous Indiana swampland, was constructed in actual detail on the production ranch near Newhall, California. This latter project was no small feat, due to the arid condition of the ranch country, but was brought to successful completion under the supervision of Technical Director E. R. Hickson, who had the advice and assistance of Mrs. Jeanette Porter Meehan, the original "Girl of the Limberlost" and daughter of the author.

The cast of the production was chosen less with an eye towards the "name" value of the players, than with consideration for their respective abilities to play the roles, and the final choices, in every case were happy ones.

Playing the difficult role of the mother is Louise Dresser, famous for her portrayals of mother roles. She will be remembered for her performances in "The Goose Woman" and "Mother Knows Best" as well as other more recent productions. Ralph Morgan plays the sympathetic character of Wes Sinton, while Marian Marsh, pretty blonde ingenue, plas the title role.

"The Bird Woman", is played by Betty Blythe, statuesque star of silent days, who recently played her first talking picture role in "Money Means Nothing" and thereby launched herself upon a new career as a character actress.

Helen Jerome Eddy plays Margaret Sinton, while Eddie Nugent appears as Phillip Ammon. Billy is Tommy Bupp of "Our Gang" comedy fame, while Barbara Bedford plays Elvira.

Appearing in her initial picture for the company which made her a Wampas baby star, is beautiful Gigi Parrish, who has the role of Edith Carr, the "Other Woman" in the story. Henry B. Walthall, famous character actor, is seen in the part of Dr. Ammon.

AT THE CAPITOL

"Kentucky Kernels"

New Comedy Hit With Wheeler And Woolsey

Laid against a background of the sunny south, enhanced by Southern beauties, garden dances, gay melody and rollicking romance, "Kentucky Kernels" brings Bert Wheeler and Robert Woolsey to the Capitol Theatre today in their funniest, merriest and maddest vehicle.

Establishing a precedent in Wheeler and Woolsey productions, "Kentucky Kernels" boasts a plot, strong and intriguing, plus romantic and comical situations, in which the funsters successfully demonstrate their inimitable singing, dancing and fun-making. Their comedy is keyed to a theme melody, "One Little Kiss," sung by the stars. Mary Carlisle, beautiful blonde leading lady, and Noah Beery.

The comedy in "Kentucky Kernels" is nonsensical—which makes it all the funnier. It results from the boys' debut in Southern society when they deliver a child heir to a Kentucky clan. They also make their debut in a furious feud and when Wheeler attempts to court the daughter of the leader of the opposing faction, the bullets fly faster, Woolsey runs further, the dance gets merrier, the songs get gayer and the comedy goes completely crazy!

Mary Carlisle's golden loveliness; the pranks of "Spanky" McFarland as the child heir; and Noah Beery as the bona fide Colonel, contribute much to enliven the picture. Sleep 'n' Eat, a negro comedian, evokes many laughs in a minor role.

Grand Short Treats —

A grand array of short treats has been assembled for exhibition on the same program including Thelma Todd and Patsy Kelly in an uproarious comedy "One Horse Farmer," Walt Disney's new Silly Symphony Kartune in technicolor "Goddess of Spring" and "Mountain Melody" a screen gem.

"This Day And Age"
Sensational Drama of Youth In Revolt

That the spectacular is not confined only to ancient times is proven by Cecil B. DeMille in his latest picture, "This Day and Age," the second feature attraction.

Once more, Hollywood's ace director of the spectacle provides us with entertainment which is out of the ordinary run of film fare. This time it is utterly modern and timely in its theme. Story, acting, direction and photography are of the finest quality with enough sensation in the film to hold any audience from beginning to end.

The story deals with the revolt of the younger generation against the conditions which allow racketeers to run loose and intimidate the forces of the law. The manner in which youth takes matters into its own hands provides one of the most startling climaxes to be seen on the screen and incidentally gives DeMille the opportunity to go spectacular in his staging of a midnight tribunal in a deserted brickyard and of a torchlight parade in which the criminal is ridden through town on a rail followed by thousands of young men.

Charles Bickford, the centre of all this conflict, gives a performance which obviously taxed every bit of his acting ability and which marks him as giving one of the best performances of the year.

Others in the cast include Judith Allen, Richard Cromwell, and Ben Alexander.

Capitol News and a Krazy Kat Kartoon complete an exceptionally fine holiday programme. Last complete show 8.45.

Tickets now on sale for New Year's Eve Frolic. Fun, frivolity and happiness guaranteed.

BELLEVILLE, ONTARIO, FRIDAY, DECEMBER 28, 1934

WAGES, PRIMARY PRICES FIRST CUT PROBE TOLD

NEWS BRIEFS AND ODDITIES

Boise, Ida. Dec. 28 (CP)—T. B. Murray has again set about the task of reducing the State's rabbit population, which he estimates eats annually $500,000 to $1,000,000 worth of feed that otherwise would go to livestock.

The director of the biological survey in Idaho, he sent out 28 men to build pens for trapping the rabbits when the weather becomes severe. Murray is after the 2,000,000 which he estimated escaped his last declaration of war.

. . . .

Geneva, Ill., Dec. 28 (CP) — When it comes time for "scoff" hereafter in the Kane County jail (scoff being jail jargon fre meals) prisoners will find only two slices of bread at each plate instead of the customery five.

Sheriff Albert J. Kampmeyer announced the cut in rations today, explaining it not only was an economy measure but also an effort to prevent inmates from clogging drain pipes with excess bread.

. . . .

San Jose, Calif., Dec. 28 (CP) —The five-year-old twin sons of Mr. and Mrs. Howard Burkhart look alike, but that will be no reason for one of them taking the blame for jam pot raids perpetrated by the other.

Grandfather L. C. Mainard, who is superintendent of parks here, took the boys to the police station where they were finger-printed and "mugged." The youngsters have finger-prints in two different classifications.

. . . .

St. Louis, Dec. 28 (CP)—Policemen here consider themselves very well dressed gentlemen nowadays. A Hollywood studio has notified the department that its uniforms have been chosen as the snappiest for law and order and that all of the studio's screen policemen will be dressed like the St. Louis cops in the future.

. . . .

Chicago, Dec. 28 (CP)—. The remedy for stuttering is more of the same—stutter. Dr. Bryng Bryngelson, director of the University of Minnesota speech clinic recommended this treatment to the American Society for the study of speech disorders.

Snapping the fingers, whistling, counting to 10 fade into insignificance as a cure, he said. Deliberate stuttering teaches muscular control, he said.

. . . .

Oswego, N.Y., Dec. 28 (CP)—Ice in Oswego harbor has closed this port. A fleet of boats has been expected from Kingston, Ont., for a cargo of coal, but the storm this week prevented the boats from sailing and now the harbor is frozen over. It is expected the coal will be shipped by rail.

THREW SWITCH TO AVOID PITCH-IN

Evidence of Members of Two Crews Taken by Board

HAMILTON, Dec. 28.—(CP) —Briefly and simply, forward Brakeman E. S. Lynch told a Canadian National Railways Board of Inquiry Wednesday of swinging the switch that resulted in the Christmas night train wreck at Dundas, Ont., He said:

"I went down the track waving a lantern. Thinking something was going to happen, I unlocked the switch and swung it. Number 16 took the siding and the next thing I heard was the crash."

Fourteen witnesses were heard by the Board of Inquiry, headed by W. J. Piggott, superintendent of the London Division, C.N.R.

E. Palmer, conductor of the Maple Leaf Flyer, a man of 36 years' experience in railroading, testified:

"I got out of the train as quickly as possible. I met the flagman of the train ahead. I think his name is Lynch. He stated that, thinking his train was on the main track, he had thrown the switch to avoid a pitch-in."

M. Cherry, conductor of the holiday special, said Lynch had volunteered to go back to the station and telephone for a new engine.

"That was the last time I saw him until afterwards," Cherry testified. "Later he said that he had had the impression our train was on the main line. He frankly admitted his mistake. He was asked his condition before leaving London and he said that he had been all right. He had had a full sleep and there had been a complete crew on his train."

HANDWRITING IS BEING EXAMINED IN MURDER CASE

J. W. Farmer, Graphological Expert in Charge of Work

TRIAL FEBRUARY 12

Crown Expects it Will Take Two Weeks For Trial

The final phase in garnering the Crown's evidence in the case against Harold W. Vermilyea, charged with the murder of his mother on the night of October 4th last, is being enacted at the local Court House today. Mr. J. W. Farmer, Provincial graphological expert, arrived in the city late yesterday, in company with Inspector Hamar Gardner, of the C.I.D. Department of Provincial Police, Toronto, and spent today examining various hand writings that have been collected by the Crown in the case.

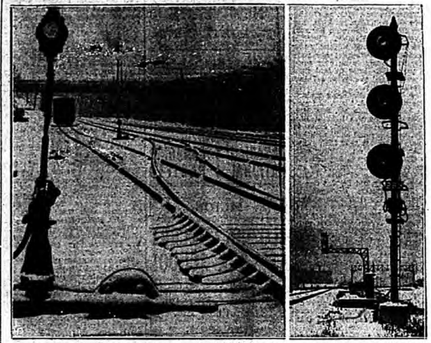
Mr. Farmer is a Dominion-wide known hand-writing expert, having been used by the prosecution in many cases throughout the country. Last evening Mr. Farmer and Inspector Gardner, carefully examined alleged letters and signatures of Harold Vermilyea and today compared these with signatures on the registers of hotels at which Vermilyea is alleged by the Crown to have stayed during his alleged visit to Canada, at the time and after the murder of Mrs. Vermilyea on the night of October 4th. A large quota of letters and signatures has been placed at the disposal of these experts by B. C. Donnan, K.C., local Crown prosecutor.

In reference to the case Inspector Gardner informed the Ontario Intelligencer today, that he had spent the greater part of last week in the city of Chicago, where he had been completing final arrangements to have Crown witnesses appear at the coming trial, who had been either passengers on the aeroplane in which Vermilyea is alleged to have returned home in, or else attendants and operators. Whether the pilot of the 'plane will be called as a Crown witness or not, was not divulged by the authorities today.

The date for the Spring sittings of the supreme Court has been definitely set for February 12th, when Harold W. Vermilyea will face a charge of murdering his own mother. His Lordship, the Honorable Mr. Justice Jeffrey of Toronto has been named as the presiding Judge for the trial. "We expect the trial to take at least two weeks," agreed Inspector H. Gardner and Crown Attorney Donnan, while talking over the case today. Practically all Crown witnesses have been accounted for and will receive summonses soon.

Later today Mr. Farmer took all available signatures and samples of handwriting that have been held by the prosecution in the case to McCormick's photograph gallery where each one was photographed separately and will probably be presented as exhibits to the juries during the trial, thus preserving the originals from being soiled and perhaps becoming indecipherable. Inspector Hamar Gardner and Mr. Farmer left the city with their available evidence for future examination late this afternoon.

THROWN SWITCH BROUGHT DEATH TO FIFTEEN



The engineer on the C.N.R. Maple Leaf flyer asserts that all lights were green as he thundered his huge engine on to the switch that threw his train into a siding, to crash into a waiting excursion train and kill 15 passengers. Above is shown, LEFT, the type of switch at the siding at Dundas, Ont., where the tragedy took place. RIGHT, type of lights along the right-of-way at Dundas. An official statement says the switch was thrown by a brakeman who thought the special train was on the main line. The brakeman was seeking to avoid a crash.

CANNING COMPANY PROTESTS REPORT

Plants Purchased Carried at Low Volume Says McIntosh

Ottawa, Dec. 28 (CP)—A protest against a press report which characterized the financial operations of Associated Quality Canners Ltd., as one of watering stock was registered before the Royal Commission on Mass Buying today by F. R. McIntosh, Secretary-Treasurer of the Company.

"I think," he said, "the newspapers have unintentionally issued a statement that is erroneous, when they say our stock was watered 90 percent. That does not appear in the report nor in the evidence of yesterday.

"How it arose," said Mr. McIntosh, "is from the fact that the value of the plants purchased by Associated Quality Canners was carried on the books at a low value But these companies were paid $1,600,000 on the appraised value of the plants—and we did pay that.

"To say the organizers of this company added 90 percent. to the actual cost of the plants is not a fact."

There was also the matter of the Whittall Company, which owned the Associated Quality Canners, Mr. McIntosh said. Ninety percent. of the Associated stock was owned by the Whittall interests, directors and employees.

"We would not like the public of Canada to think this company put over a flim-flam game to take their money," said Mr. McIntosh.

"But the facts are that the assets were depreciated 90 percent," commented Sam Factor (Lib. Toronto West centre).

Mr. McIntosh replied the assets were written down and carried on the books at a greatly depreciated value.

Mr. and Mrs. Esli Terrill Wed Sixty Years Saturday

Floral Hill Farm Will be Scene of Gala Event on Dec. 29

Mr. and Mrs. Esli Terrill, of Wooler, celebrate the Diamond Jubilee of their wedding at their home, Floral Hill Farm on Dec. 29, afternoon and evening. Mr. Terrill who has turned 86 years, was born on this farm in the year 1848, in Brighton Township, Northumberland County. Mrs. Terrill, formerly Ella J. Herrington, was born in 1853 in Brighton Township; they were united in marriage in the year 1874.

This interesting couple who have reached the sixtieth milestone of married life, are life-long members of the "Friends" society and of U. E. Loyalist descent and are still active.

Mr. Terrill has always taken a deep interest in Agriculture and is still taking part in most farm operations with his son, Stillman LeRoy Terrill. Mr. Terrill has always taken an active part in Township municipal activities, having acted in the capacity of Second Deputy Reeve, First Deputy Reeve, Reeve and Commissioner.

In 1904 he was Emigration Agent, and held this position until the breaking out of the World War, having during that time brought out many hundreds of farm hands and domestics and having placed them throughout Central Ontario.

His favorite sport is hunting deer. This year's hunt included makes fifty-six times he has gone since 1875. In politics he is a Liberal.

THREW SWITCH

E. LYNCH

A statement issued by the C.N.R. after its investigation into the wreck at Dundas, Ontario, which took 15 lives, blames the tragedy on Brakeman E. Lynch of Mimico, Ont., who, the statement says mistakenly believing his train to be on the main line, and seeking to avoid a crash, threw the switch onto the siding as he saw the flyer approaching. This took place after Trainman Phelps had properly set the switch for the main line.

INSTALLING OFFICER JUST 20 YEARS AGO

Also Acted at Last Joint Installation Some 16 Years Ago

Rt. Wor. Bro. H. J. Clarke of The Belleville Lodge No. 123 A.F. & A.M. while reminiscing today stated, that he had been the installing officer at one of the last joint installations of local Masonic masters exactly 20 years ago last night, St. John's night. Rt. Wor. Bro Clarke conducted the newly installed officers on that memorable evening into their respective offices in Moira Lodge No. 11, The Belleville Lodge No. 123 and Eureka Lodge No. 283, A.F. & A.M. The practice of the joint installation of officers into local Masonic lodges was discontinued some 16 or 17 years ago, V. Wor. Bro. Clarke also being the installing officer on that last installation as well. Other well-known living Masonic officers have also enjoyed the privilege, that is being remembered today by Mr. Clarke.

DEATHS YESTERDAY

(By the Canadian Press)

Hamilton, Ont.—Dr. James T. Rogers, physician and a leading figure in Toronto Masonic circles.

Perth, Ont.—Dr. W. A. Meighen, 63, physician and former noted athlete.

Montreal—Joseph E. Lemire, 48, prominent notary and supporter of the Quebec Conservative Party.

Strathroy, Ont.—Mrs. Duncan J. MacEachern, former superintendent of the Central and Marine Hospital, Collingwood, Ont.

St. Andrew's, Scotland—Col. William Playfair, 92, oldest member of the Royal and Ancient Club of St. Andrew's.

DIONNE BABES 7 MONTHS OLD

All Healthy And Well And Growing Every Day

Callander, Ont., Dec. 28—(CP) — In their little cribs at the hospital built especially for them, the Dionne quintuplets today greeted with baby kicks and gurgles the day that marked seven months of life for the world's most famous babies. As the five sisters were placed upon their play table for their daily exercise their healthy little bodies presented quite a contrast to the tiny mites, who startled the globe when they appearing early in the morning of May 28.

It has been a week of celebration at the Dionne hospital. Christmas trees still lent a yuletide atmosphere to the hospital, which was packed Christmas Day with gifts from all parts of the continents, there was a happy smile and absence of a worried look on the face of Dr. A. R. Dafoe as he viewed his charges and recalled the anxious days spent in guarding the small sisters against all the ills, that hover over babies.

Seven months of constant attention rewarded the country doctor with five squirming, lively babies, the pride of Oliva Dionne and his 28-year-old French-Canadian wife, who live in the small farm house, where the babies were born, 100 yards from the hospital with all its modern equipment to care for the quintuplets.

Speedboat Race Favored at Detroit

Detroit, Dec. 28 (AP)—An international speedboat race on the Detroit River to take the place of the Labor Day Harmsworth Trophy event was being considered today by the Detroit Gold Cup committee and representatives of the American Power Boat Association.

With Gar Wood and his Miss America X. unlikely to face a Harmsworth challenger in 1935, George W. Sutton, of the Power Boat Association, has proposed a programme for international competition in four events likely to bring to the Detroit River next Labor Day the best of the speed boat pilots of Canada, France, Italy and Sweden as well as the United States.

Fourteen Fractures Treated at Brantford

Brantford, Ont., Dec. 28 (CP)—As a result of falls, auto accidents and other misahps, 14 persons have been attended at the Brantford General Hospital for fractures within the past two weeks. A number of the fractures were caused by falls on slippery sidewalks and streets. Of the 14 victims only three were admitted to the hospital, two of these for fractured skulls and a third for a fractured elbow. The other eight were "out" patients, only receiving attention at the hospital, but not being officially admitted.

CANADIAN-BORN PERCENTAGE UP YEAR AFTER YEAR

Depression Cause of Remarkable Development in Canada

NEW LIVING STANDARD

Population of Dominion 11 Million, An Increase of 185,000

Ottawa, Dec 28—(CP)—Silent but remarkable changes are taking place in the population of Canada. As it increases year by year it is becoming more and more a Canadian-born population. This is one of the direct results of the years of depression which ordinarily escapes the notice of Canadians engrossed in the more personal, or immediate consequences.

It has not escaped the attention of studious statisticians and economists of the Dominion Government, many of which are beginning to ask themselves what it will mean in the future in terms of standards of living, wage and salary levels and types of industrial development about which economists usually trouble themselves long before they come home to the average citizen.

As the year 1935 begins it finds Canada with a population of some 10,835,000 according to the Dominion Bureau of Statistics just 185,000 more than a year ago. This is so despite the barriers which have been steadily maintained against immigration during the last four years.

The significance of the figures is that the population of Canada is increasing just as fast now as in the years when thousands of immigrants from the United Kingdom and Europe were permitted or persuaded to come here.

Prior to 1930 when Canada's doors were open to immigrants from overseas the doors of the United States were open to Canadians. As immigrants moved in Canadians moved out. Now immigrants stay out and Canadians stay in. The natural increase in population balances the gain formerly made by the excess of immigrants over the number of Canadians leaving Canada.

The year 1930 is the pivotal year for it was then that increasing unemployment led the Dominion Government to close the doors to newcomers except the few who intended to and were equipped with the capital and experience to make successful farmers.

In the 19 years from 1911 to 1930 the number of people in Canada rose from 7,207,0000 to 10,206,000 an average yearly increase of 157,000. In the four years from 1930 to the present when the immigration bars were up the population has increased from 10,206,000 to 10,835,000 an average annual increase of 157,200, approximately the same. Further the increase from 1933 to 1934 of 185,000 is the largest in a single year since 1928.

All-Europe Safety Pact Is Proposed

London, Dec. 28—(CP)— An authoritative Diplomatic source stated today that Great Britain with the co-operation of France and Italy, will propose a general security pact embracing almost all the countries of Europe immediately after the Saar plebiscite.

The suggested convention, it was said, will be submitted at Geneva, the seat of the League of Nations.

The plebiscite itself is to be held Jan. 13, and the council of the League of Nations is to meet just two days before the balloting by which the Saarlanders will express their desire as to the future sovereignty of the Saar Basin territory.

The suggested pact would be a joint pledge and guarantee of the independence of Austria. It also would pledge the signatory nations not make any moves against one another involving Austria or any other question in which two or more countries had an interest.

Germany, it was stated, has given assurances that she will participate in the conventions.

"SWITCH CLOSED"

CHARLES A. PHELPS

Asserting that he closed and locked the switch, Trainman Charles A. Phelps, of New Toronto, rear-end brakeman of C.N.R. special excursion, can throw no light on cause of crash when Maple Leaf flier crashed into waiting excursion train killing 15 and seriously injuring 45.

BANK'S DEPUTY

J. A. C. OSBORNE

Here is a new photo of J. A. C. Osborne, who has been appointed deputy to Governor Graham Towers of the Central Bank of Canada.

SEARCH FOR CAUSE CANCER ADVANCES

Might be Caused by Early Splitting of Chromosomes

Pittsburgh, Pa., Dec. 28 (CP) — The unceasing search for the cause of cancer may have advanced an important step through work of the past two years by Prof. C. L. Huskins and his associates of the Department of Genetics at McGill University.

Prof. Huskins reported last night to the Genetics Society of America, meeting her in conjunction with the American Association for the Advancement of Science, that he and Dr. Marie Hearne, also of McGill, had found evidence which caused them to think cancer may be caused by early splitting of chromosomes.

Another full year's work was necessary before they would know whether or not they had found fundamental information on the nature and cause of cancer, Prof. Huskins stated. He emphasized all conclusions must be regarded as tentative. His work had nothing to do in a direct way with the cure of cancer but was rather an indirect attack on the cancer problem.

Chromosomes—bearers of hereditary factors—split during growth and it had been found in lengthy experiments with mice that the chiasma frequency—the time of splitting of the cells —tended to have a definite bearing on cancer susceptibility.

CITY IS NAMED FOR SERGEI KIROFF

Moscow, Dec. 28 (AP)—The name of Gregory Zinovieff, once a high ranking official in the Soviet government and Communist party, was wiped from the map of Russia today.

The central executive committee ordered the name of the city of Zinovievsk changed to Kirovo in memory of Sergei Kiroff, Communist official who was assassinated early this month.

The Soviet government changed that Kiroff was slain as a result of a plot brewed by supporters of the platform enunciated by Zinovieff and Leo Kameneff.

PRICES FOR VEGETABLES

Evidence of Falling Prices Paid To The Farmers

OTTAWA, Dec. 28. — (CP) — The Royal Commission on Mass Buying heard further evidence today that primary producers and wage earners must bear the brunt of a declining market in a depression when affairs of Associated Quality Canners were reviewed.

A story of falling prices to farmers wage cuts to employees and fairly rigid overhead, interest and factory costs was told by W. H. Woodrow, Investigating auditor. For instance, while the price to growers tumbled drastically between 1929 and 1934, the price of cans remained fairly steady.

"That is the problem" agreed two Commissioners Sam Factor, Lib. Toronto, and Mark Senn, Cons., Haldimand, referring to the fact wages were cut and prices to primary producers slashed in a time of depression while the less inflexible items remained steady.

"It is not only the canning industry but every industry we have touched," commented Sam Factor. Other Commissioners agreed with him.

Wages and Primary Prices

F. R. McIntosh, secretary of the Canning Company agreed that wages and primary prices were the first items cut in a time of depression. He blamed the financial plight of his company —it has been losing money steadily in recent years—to overproduction in the canning industry. He said Ontario canning plants could produce one and a half times the whole consumption of Canada in one year. The industry was overbuilt.

It was shown that in the company's three chief products, corn, peas and tomatoes, the cost of the container exceeded the cost of the contents plus factory wages.

The canning company, which started operations in 1928 has decreased its pack and rolled up deficits in recent years, no dividends being paid since 1931.

In 1930 it purchased 36,410,944 pounds of tomatoes from Ontario growers and in 1933, none. In 1930 purchases of peas totalled 13,028,923 pounds and in 1933, 602,859.

Whittal Can Co.

Control of the company passed in 1929 to the Whittal Can Co., Ltd., of Montreal. Woodrow told the commission he was informed by canning company officials the Can Company purchased 70 per cent. of available shares so as to have a steady outlet for its products. Sam Factor said it was a good thing the Can Company secured control, otherwise the investing public would be holding the bag.

Ottawa, Dec. 28 (CP)—Affairs of Associated Quality Canners Ltd., of Toronto, were reviewed again today by the Royal Commission on Mass Buying. Control of the stock lies

(Continued on Page 7)

WEATHER

Toronto, Dec. 28 (CP)—The weather is decidedly cold in Quebec and Northern Ontario where some light snowfalls have occurred, but it has been mostly fair in the Western Provinces and not quite so severely cold.

Lake Superior—Moderate northerly winds; mostly fair and quite cold.

Kenora and Rainy River—Moderate winds; fair and quite cold.

Manitoba — Moderate shifting winds, fair and stationary or slightly higher temperature.

Saskatchewan and Alberta—Moderate to fresh winds; mostly fair and not quite so cold.

SEPARATE SCHOOL NOMINATIONS

Nomination for Separate School trustees for the city would have been held on Wednesday of this week but owing to no notice having been issued it could not be held. A special meeting of the Board will be held for the purpose of naming a nomination day.

LODGES, CLUBS

United Lodge No. 28 Brighton Installs Officers

An interested gathering of members and visitors witnessed the annual installation of officers of United Lodge, No. 29, A.F. & A.M., Brighton, last night. Fred S. Douglas, general manager of the Garage Supply Company of this city, was duly installed as Worshipful Master of the lodge for the ensuing year. The impressive ceremony was in charge of Wor. Bro. G. F. Little who has acted as chief installing officer for the past fifteen years. Assisting Wor. Bro. Little were Wor. Bros. W. M. Barlow and Howard Aselstine of Belleville, acting respectively in the capacity of senior and of junior Warden. Other Past Masters taking part in the ceremony were R. Wor. Bros. O. L. Morrow and J. O. Herity and Wor. Bros. F. G. Harnden, Dr. F. M. Dure, G. T. Solomon, H. D. McColl and M. H. Maitland.

The newly installed officers were as follows:

W.M.—Fred S. Douglas.
I.P.M.—M. H. Maitland.
S.W.—Dr. F. K. Dunnett.
J.W.—O. A. Sharpe.
S.D.—Morley Fritz.
J.D.—H. A. Rieger.
I.G.—M Gartshore.
S.S.—O. H. Harden.
J.S.—M. McConnell.
Tyler—R. M. Hare.

A lively banquet followed the installation at which Wor. Bro. Douglas presided as toastmaster. The toast to the "Grand Lodge" which was capably proposed by Wor. Bro. Dr. F. M. Dure was responded to by Rt. Wor. Bros. Morrow and Herity. The toast to the "Visitors" proposed by Wor. Bro. Harnden, has as respondents, Wor. Bros. Barlow and Aselstine of Belleville. The toast to the "Newly Installed Officers" was proposed by Wor. Bros. Little and the response was by the newly installed Wardens, Bros. Dunnett and Sharpe.

The post-prandial program was lively and interesting throughout and was greatly enjoyed by the audience.

THURLOW SCHOOL PRESENTS CONCERT

2nd Thurlow, Dec. 28—On Wednesday evening Dec. 19, the pupils of S. S. No. 4, Thurlow and their teacher, Miss Q. Mitchell entertained a large crowd with a programme of recitations, songs, dialogues and a play given by the young people of the community entitled "Flap goes the Flapper." Much credit is given Miss Mitchell for the excellent training the children have received and to the pupils for the splendid way in which they performed their parts.

Mr. Archie Greatrix ably acted as chairman for the evening. During one of the intervals, Miss Mitchell thanked all the older ones for assisting in the program, the pupils and everyone who had attended concert and helped make it a success. At the close of the programme, Old Santa appeared on the scene and caused much joy and excitement for the youngsters. Prizes for spelling from Sept. to Dec. were won by Jean Dent, Annie Lazariuk and Olga Shynzyshyn.

Proceeds from the door $10.

The programme was as follows:

Opening Chorus.
Recitation: Jack Gray.
Dialogue: "Trials of Christmas Shopping."
Recitation: Lola Dent.
Conversation called "Good-Bye".
Solo: Gordon Vivian.
Recitation: Lloyd Greatrix.
Dialogue: "No Christmas in the House."
Recitation: Garnet Mitchell.
Monologue: Olga Munduik.
Act I.: "Flap Goes the Flapper."
Song: "Star of the East."
Monologue: Annie Lazariuk.
Act II:: "Flap Goes the Flapper."
Mother Goose Exercise.
Song: June Gray.
Dialogue: "Dick's Resolution Carried."
'Rastus Rambles On."
Dialogue: "Fooling the Agent."
Song: Arnold Mitchell and Will Gray.
Manners Class.
Song: "Good Night."
God Save the King.

Mr. and Mrs. Douglas Atkins and family spent the tea hour and evening with the former's aunt, Miss T. Fargey.

Mr. and Mrs. Elmer Vivian, Gordon and Mrs. Keirl took supper with Mr. and Mrs. Arnold Mitchell and spent the evening on Saturday last.

Mr. Gordon Atkins spent Sunday with Mr. Geo. Bonisteel.

Several from this line attended the play "Correspondence Courtship" given by the Shannonville young people.

Master Wesley Arnold is spending the Christmas holiday with Mr. Arnold Babcock.

NEWS BRIEFS FROM BAYSIDE

Bayside—Miss Lottie Jackson, of Belleville, has been spending a few days with Mrs. E. Rush.

Mr. and Mrs. J. Harry entertained about twenty-one friends on Christmas day.

Mr. and Mrs. D. Green spent the day with friends in Belleville.

The teacher of Quinte View School is spending her holidays with her parents and friends in St. Thomas.

Miss E. L. Rush of Toronto, is spending holidays with the Rush family.

Mrs. John Fair is recovering from her illness.

Mr. Donald Rush has been laid up for a time with illness.

Mr. and Mrs. D. Rush spent Christmas day with Mr. and Mrs. C. Rush and family.

Owing to the slippery roads there have been a number of accidents.

Mr. and Mrs. G. Patrick took dinner with her daughter in Trenton.

A number of this district have received letters and cards from Mrs. Meggison reporting that Mr. Meggison is slowly improving and goes riding every day.

Mr. Eaton of Bayside held Christmas dinner at his place.

Mrs. C. W. Rush is slowly recovering from her illness.

Dr. Bisch's Daily Diet Hint

Give your children a half-glass of fresh fruit juice daily. This may be orange, prune, or tomato juice. Such juices should not, however, be given between meals, even after school, when children feel hungry. Breakfast is a good time for such drink or immediately before retiring. If a child becomes very hungry after school, it indicates that he should be given more food at lunch.

RURAL ELECTORS WILL NOMINATE

Monday is Date Set For Annual Event in Country

On Monday next between the noon hour and one o'clock nomination meetings will be held in the rural municipalities of Hastings and adjoining counties for placing of candidates in the field for the office of reeves, deputy reeves and councillors. In Thurlow township there will be a contest for deputy reeve between Councillors Robeson and Walker and possibly a contest for the Reeveship and Councillors. Up to the present time no opposition has developed in the township of Sidney against the members of the existing council. In various municipalities in the county there will be contests.

KEEP FOR SALE IS CHARGE LAID

F. Doucet is Remanded For Trial Until January 4th

Frederick N. Henderson, Millbridge, appeared in the local police court, held before Magistrate E. J. Butler, K.C., today charged with criminal negligence in the operation of a motor car resulting in the death of his father-in-law, Joseph Palmer, also of Millbridge, on the night of Dec. 19th last. The accused man was not asked to plead, the Crown and defence counsel both agreeing on a further enlargement of the case until Jan. 4th. next. The bail bonds previously set at $5,000 were accepted. C. A. Payne, K.C., represented the accused with B. C. Donnan K.C., acting for the Crown.

Fernando Doucet, Belleville, appeared before His Worship charged with keeping liquor for sale. The accused man's counsel asked for an enlargement. The case arose out of a raid made by the Provincial Police upon a house-boat adjacent to Belleville on the night of Dec. 16th last. The matter was enlarged until January 7th next at 2.00 p.m.

Five poll tax delinquents were supposed to have appeared before the cadi, only one being in attendance. "Next Monday is the end of the year and I'll give these young men until then to pay this tax", stated Magistrate Butler as he definitely stated that drastic means would be taken to force the payments of such taxes without adding such expense to the city as had been in evidence previously. "Remember, these taxes must be cleaned off the court books by Monday, or the maximum penalty will be imposed", added His Worship in striking a note of warning to the delinquents in the poll tax evasion.

One transient pleaded guilty to consuming too much wine, and was found guilty of intoxication. The minimum fine was imposed. Another local youth was deprived of the use of his individual motor operator's licence for a period of six months, after pleading guilty to the operation of an automobile, while intoxicated. The fact that the driver had not been implicated in an accident materially entered into his case. A six months' suspended sentence automatically accompanied the suspension of the driver's permit.

STANLEY P. COLE GIVEN TWO YEARS

Sentenced After Being Found Guilty of False Pretenses

Stanley P. Cole, Elginburg, was sentenced to serve two years less one day in the Ontario Reformatory, after being found guilty of obtaining a motor car under false pretenses. A second charge of the theft of another automobile of which the accused had been convicted on December 24th last, brought the accused man one year's sentence in the same institution, to run concurrently with the former sentence meted out by His Worship Magistrate E. J. Butler, K.C., in today's police court.

Cole appeared in the local police court facing three charges in connection with motor cars one week ago, he was found guilty of obtaining an automobile from the Lasage Garage in Tweed, under false pretenses and also convicted of the theft of Alex Weir's car in this city. A third charge of the theft of Joseph Weymark's automobile was dismissed against the accused at that time.

B. C. Donnan K.C., local Crown Attorney, presented Cole's previous record to the court, which included three previous convictions on fraud charges. "Apparently your previous penalties have not taught you the necessary lesson," stated His Worship before passing sentence. "May I ask for clemency?" requested the accused.

"You may, but not to this court," was the reply. Cole was led away to the police cells, heard mumbling to himself. Cole was arrested by Plainclothes Officer Isard after investigating the three charges in conjunction with Chief Constable Hayes of Tweed.

Obituary

MRS. P. H. HAMBLY

Many of the older residents of Belleville will regret to learn of the death of Mrs. Hambly, widow of Col. P. H. Hambly, which occurred on Thursday, Dec. 27th. in Ottawa where she had been making her home for some time with her son, Mr. George H. Hambly. For a great many years Mrs. Hambly was a resident of Belleville; her residence in Ottawa being only since the year 1933. Prior to that time she had resided at number 237 Ann Street in this city.

The late Mrs. Hambly's maiden name was Mary A. Mayo, her parents being the late Mr. and Mrs. B. Mayo. She was born in Birmingham, England, and came to Belleville as a small child with her parents about the year 1857. Her father had been an engineer with the G.N.W. railway in England and upon coming to this country he entered the service of the Grand Trunk Railway and he was one of the first engineers employed in Belleville in the early days of that railway. Her brother, the late Mr. B. Mayo was for half a century one of the best known engineers running out of Belleville. Her husband, the late Col. P. H. Hambly, passed away in this city during the winter of 1930. He also came of a well known pioneer family in this district. His father came from Plymouth, England, in the year 1837 and established himself in business in Belleville. Col. Hambly was a resident of Belleville for over 80 years and Mrs. Hambly resided here for only a few years short of that length of time.

The late Mrs. Hambly was a woman of fine character; she possessed many qualities which endeared her to many friends throughout her long life. She was a member of the Church of England and was associated with St. Thomas' Parish in this city.

The late Mrs. Hambly is survived by one daughter, Mrs. Ida E. Carey of Toronto, formerly of Belleville; five sons, Charles H. Hambly, Philadelphia; Warren H. Hambly, Arden, Pa.; Edward H. Hambly, Hackensack, N.J.; William H. Hambly, Wolseley, Sask.; George H. Hambly, Ottawa.

The funeral will take place in Belleville on Monday afternoon from the funeral home of Tickell and Browne.

THE LATE JOSEPH GEORGE CARNEY

The funeral of the late Joseph George Carney took place this morning to St. Michael's Church where Requiem Mass was celebrated by Rt. Rev. J. F. Nicholson, V.G. During the service, Mr. Harold Barrett sang "Nearer My God to Thee". Entombment was made in St. James' Cemetery vault, the pall-bearers being Messrs. Thomas Cushing, Fred Lee, Walter Belair, H. W. Barrett, J. V. C. Trualsch, and B. J. Black.

Police News

A slight motor accident happened on the lower bridge last evening, when an automobile driven eastward by C. A. Cronk, 216 Albert Street, skidded on the ice and struck the north side of the bridge. Mr. Cronk was proceeding at a moderate rate of speed across the bridge, when the vehicle started to skid. The automobile turned completely around, crashing against the cement bridge, breaking the right rear wheel. No persons were injured during the accident however.

Fourteen transients and one lone inebriate graced the police cells last night while other activities in the local police department proved rather tranquil throughout.

PICTON

CLOSING CONCERT AT YORK SCHOOL

Classes Present Splendid Program of Songs, Recitations, Etc.

Picton—York Street School was gay with Christmas decorations, and with two beautifully decorated Christmas trees on Friday morning, when Mr. Yarwood's room and Miss Wyoott's room presented their annual Christmas closing, with a large group of mothers present. Mr. John Maher presided and spoke words of cheer and encouragement to the boys and girls. Rev. Cecil Winter was also present and briefly addressed the children, later acting as chairman when Mr. Maher was called away. A very fine program was given by the pupils. No trouble or expense had been spared by the teachers, and the costumes and settings for the various numbers were most effective and beautiful. The program consisted of:

A Welcome—4 girls of Division II.
A Merry Christmas Exercise—Division I.
Recitation—Lenora Smith.
Song—"From the Northland Far Away"—Division I
Recitation — "Trees" — Wallace Reid, Kenneth Bolton and Billy Morris.
Recitations—Pearl Norman; Jean Wood; Cleo Bailey; Hilliard Welbanks.
Song—Hush-a-Bye— Division II girls.
Recitations—Cora Selmon; Walter Manlow; Donald Burns; Garnet Ferguson.
Merrily, Merrily, Merrily O—Ross Rand, Bernice Airhart, and Pauline Sayers.
Negro Chorus in costume with Negro make-up—"Sing a Song of Christmas Day"—Division II boys.
Recitations—Nevada Courtney and Howard McWilliams.

Dialogue—Division I. "A Christmas Lesson". —This was exceptionally well carried out. A father and mother decided not to allow the children to celebrate Christmas. In their sleep, though, the Christmas Fairy, the Christmas Heart, The Plum Pudding and the Stocking and Wreath and the Christmas Candy appeared to them and caused them to change their mind, by recalling other happy Christmasses.

The Fairy—Shirley Hunt.
The Christmas Heart—Donald Fournia.
The Plum Pudding—Johnnie Skitteral.
The Stocking—Arthur Rawlins.
The Evergreen Wreath — Clair Thompson.
The Christmas Candy—Charlotte Reid and Patsy Bailey.
The Father—Howard Green.
The Mother—Roma Cross.
The Children—George Hepburn, Connie Allison.
Kriss Kringle is Coming—Division II.
Recitation—Cletus Vestervelt.
Song—Jingle Bells—Division II.
Two Part Chorus—Merry, Merry, Merry Christmas Bells—Div. II.
Recitations—Gladys Shannon and Winnie Creighton.
How Far is it to Bethlehem—Division II.
Song—Jane and Shirley Brisbin.
Recitations — Aggie Creighton, Bernice Airhart, Madeline Lywood and Reggie Bolton.
Jolly Old St. Nicholas—Div. II.
What is Keeping Santa—Div. I.
Recitations—Bernice Duetta, Edith Norman, Marie Bailey, and Donna Bailey.
Recitation—A Christmas Tree — Kenneth Stafford, Arnold Claxton and Pat Bailey.
Recitation—Ronnie VanDusen.
A Christmas Dialogue—Jane and Shirley Brisbin.
Recitations—Lee Collier; Margaret Dodge; Noreen Smith and Margaret Duetta.

A pretty closing to the program followed when small Ronnie Van Dusen was called to the platform. Two boys held a large birthday cake with 7 lighted candles before him and a group of small boys sang "Happy Birthday to You" in honor of his birthday. The birthday cake and Christmas candy was then enjoyed by the pupils. Following this Santa arrived and made small hearts happy with lovely gifts.

Mrs. C. A. Wright is ill at her home, Mary St., West, with Miss Ruth Jones, Reg. N. in attendance.

Birth—In Prince Edward County Hospital on Saturday, Dec. 22, 1934, to Mr. and Mrs. Fred Juby of Trenton, a daughter.

Mr. and Mrs. Harold Carter have moved from their home at Wellington and are occupying the Van Dusen apartment for the winter.

Miss Jessie Redmond of Fort William came to Picton for the funeral, on Wednesday of her cousin, Mrs. John Betts.

Mr. Gordon Rose, V.S., and Miss Bessie Rose of Toronto spent Christmas with their parents Mr. and Mrs. Nelson Rose, Ferguson St.

Miss Gladys Bongard of Toronto spent Christmas with her parents, Mr. and Mrs. Thos. Bongard, Bongard's Corners.

The winners of the popularity contest at Teasel's Drug Store who received their lovely prizes on Saturday, Dec. 22nd are as follows:

Girls—Aileen Jones; Connie Allison; Barbara Pope; Ruth Kelson; Mary Allan; Helen Smith; Ruth Hicks; Betty McDonald; Jean Wood Patricia Shaw; Betty Wright; Annie Gentile.

Boys—Glendon Vancott; John Webster; Donald McGinnis; Bruce Falconer; Jack Smith; Sherman Scott.

Mrs. Thomas Kinney

The death occurred at her home, Bowery Street, on Sunday, Dec. 23rd of Isabella Shaw, widow of the late Thomas Kinney, aged 84 years. The deceased was born in Leeds County, a daughter of Thomas Shaw and his wife Mary Davis. She had resided in Picton for the past fourteen years. She leaves to mourn the loss of a good mother, one son, in Trenton and a daughter, Mrs. J. D. Reeves of Tweed. The deceased was a member of the Pentecostal Church and the funeral service was held at her late residence, on Wednesday afternoon, Dec. 26th at 1 p.m. with Rev. Mr. Moore conducting the service. Interment was made in Tweed Cemetery.

Mrs. John Betts

Carrie Myrtle Smith, beloved wife of John Betts, passed away at her home, Bridge St., on Monday, Dec. 24th after a long illness. The deceased was born in Picton 54 years ago, a daughter of the late William Smith and his wife Beatrice Redmond. She leaves, surviving, her husband and one brother, Fred Smith, of Trenton. A member of the Presbyterian Church, the funeral service was held at her late residence on Wednesday afternoon, Dec. 26th at 3 o'clock, with Rev. S. M. Scott taking the service. A very large group of relatives and friends gathered to pay a last tribute of respect and the floral offerings were most beautiful. Interment was made in Glenwood Cemetery.

Road Conditions In The District

Toronto, Dec. 28 (CP)— Heavy snows of the past few days have blocked parts of highways in Ontario, while others are subject to "heavy going." The Department of Highways today issued a list of the blocked roads, but reported snow plows were at work to clear them. The reports today showed:

Highway No. 4, Elginfield to Blythe, blocked; Elginfield to Mitchell, blocked.
No. 7—Elginfield to Ailsa Craig, blocked; Oakwood to Lindsay, blocked; Peterborough to Marmora, one-way traffic; Actinolite to Frontenac County line, blocked.
No. 9—Kincardine to Arthur, blocked; Primrose to Cookstown, blocked.
No. 17 — Pembroke to Carp, blocked.
No. 19—Tavistock to Shakespeare blocked.
No. 23 — Listwel to Harriston, blocked.
No. 29—Arnprior to Almonte, blocked.
No. 30—Brighton to Havelock, heavy going.
No. 35—Lindsay to Rosedale, blocked.
No. 36—Lindsay to Fenelon Falls, blocked.
The road from Peterborough to Burleigh Falls entails heavy going.

DR. W. A. MEIGHEN DIES

Perth, Ont., Dec. 27 (CP)— Apparently in good health up to the time of the seizure, Dr. W. A. Meighen, of Perth, suffered a paralytic stroke from which he died last night.

Mr. Meighen who was born in Perth 63 years ago, received his early education here. Later he attended McGill University and, after graduating, returned to his home town to practice.

Missionary Service is Held At Mount Pleasant Church

Rawdon.—On Sunday morning at Mount Pleasant United Church Rawdon, a special Missionary and Christmas service was held at the close of the Sunday School session.

Mrs. Edgar McKeown presided using, "It Came Upon the Midnight Clear That Glorious Song of Old." Miss Marguerite White gave a Christmas reading and Miss Myrtle McKeown read the Bible lesson.

Mrs. Cyrus Summers was heard in splendid address, "Live For Your Faith." Miss Olive McConnell delighted with a solo, "Are You In The Inner Circle."

At the regular evening service on Sunday, Rev. F. G. Joblin ably discoursed on "The Joy of Religion." The Misses Mildred Sharp and Olive McConnell sang a pleasing duet, "Hear the Bells of Heaven Ringing." Christmas hymns were sung by the congregation: "As With Gladness", "O Little Town of Bethlehem" and "Joy to the World."

Mr. Herbert Higgs of Bancroft is holidaying at the home of Mr. and Mrs. Thomas Andrews.

Mr. and Mrs. Frank Fitzgerald of Stirling spent Sunday with Mr. and Mrs. John Holmes and attended the evening service at Mount Pleasant.

Mr. Willie Jeffs has suffered a relapse and is now in Toronto undergonig treatment. His many friends hope for a speedy recovery.

Master Percy White spent Sunday with his friend, Donald Johnson.

Misses Gladys and Dorothy Joblin, Messrs. Fred Elgie and Kingsley Joblin were welcome visitors at Mount Pleasant on Sunday evening.

Mr. and Mrs. Allan Bailey and granddaughter, Miss Isobel Turner, are spending a few days with Mr. and Mrs. Garnet Bailey, in Toronto.

Mr. and Mrs. J. O'Rourke of Glen Miller, are holidaying this week with Mr. and Mrs. George Rupert.

Master Carleton Wallace took tea Saturday evening with Master Glenn Whitehead.

Mr. and Mrs. Thomas Andrews visited Mr. and Mrs. Everett Sine, Salem, on Sunday.

Miss Norah McMullen of Springbrook, spent a few days last week with her cousin, Miss Lauretta McMullen.

On Thursday evening Sine School S. S. No. 6, Rawdon, was well-filled with parents and friends when the pupils staged their annual Christmas concert under the direction of their teacher, Miss Florence Eggleton.

Mr. B. C. Tucker was chairman and the School was heard in an opening chorus, followed by an address of welcome by little Shirley Reid.

A dialogue entitled "Harry's Pocket" was next and then Doris Farrell sang "Silent Night", and this was followed by a pretty "Pennant Drill."

The next dialogue was "The Enchanted Boxes" and Miss Irene [illegible]ker rendered a solo. Thelma McMullen gave a recitation. The Kazoo Orchestra delighted with some numbers, and Myrtle Kirkey gave a recitation. Miss Helen Farrel contributed a guitar and vocal solo.

A humorous dialogue, "A Siberian Inquest" was very mirth-provoking. Two more recitations were given by Eva Sine and Madeline Reid.

The closing number was a dialogue entitled, "Good-Bye."

Santa arrived on the scene at this juncture and distributed the many gifts including candy and nuts. The collection amounted to four dollars, and goes to further the work of the Junior Red Cross.

Mr. and Mrs. W. H. Scott spent a few days last week with Mr. and Mrs. Murney Scott.

St. Mark's Sunday School held their annual Christmas concert at the church on Saturday evening.

The pupils of S.S. No. 7, Fourth Line Rawdon, with Mrs. Mabel Hayton as teacher, staged a very fine concert at the school on Friday afternoon. A large number of the section attended and all report [illegible] excellent programme.

Master Carleton Wallace was fortunate in winning a nice picture book as a prize for writing a letter to Santa in the six to eight class in connection with the community Christmas tree in Stirling.

Bethel Sunday School on Rawdon circuit held their Christmas concert at the church on Wednesday evening. Rev. F. G. Joblin, pastor, was in charge, and the programme opened with a recitation by Madeline Reid; a song by Mrs. Thomas McMullen's Class; a monologue by Elda McMullen; a recitation by Marie Ketcheson; a dialogue by Mrs. James Warren's Class, "The Singing Teacher"; a recitation by Sidney Wellman; a dialogue by Mr. B. C. Tucker's Class, "Disturbance in the Family"; Song by Bobby Elliott; Recitation by Wilfrid Willman; Dialogue by Mrs. B. C. Tucker's Class and Mrs. Sam Elliott's Class entitled "Christmas Carols"; Recitation by Mildred Morrison, and another by Irene Preston; Dialogue, "Morning Callers" by Mr. Tucker's Class. The closing number was a suitable recitation by Bobby Elliott. A silver collection was taken and amounted to over thirteen dollars. Dear old Santa Claus stopped for a brief visit and treated all the kiddies and distributed the gifts.

On Saturday several pupils of the two schools at Mount Pleasant were fortunate in winning prizes for writing the best letters to Santa. In the 6 to 8 Class the winners were Eric Summers, Lois McAdam and Douglas Campbell. In the 8 to 10 years Class—Gladys Summers, Billy McAdam, Lloyd Cooney and Marion Rose each won a prize.

On Christmas Eve about twenty-five of the younger folk gathered at the home of Mr. and Mrs. Clarence Scott, Mount Pleasant, and serenaded them with a noisy charivari. Later all were invited in the house and the leader proceeded to "Brinkworth" where treats were purchased in the form of cream candies and peanuts. Those who attended report a real jolly outing.

Williams' School Report

Christmas Examinations

D. M. Rannie, teacher.

(Number following name indicates percentage).

Sr. IV.—Phyllis David, 82 (h); Frank Spencer, 72.

Jr. IV.—Donald Johnson, 72; Douglas McAdam, 68.

Sr. III.—Billie McAdam, 64.

Jr. III.—Harvey Couch, 63 (absent for one examination).

II.—Gladys Summers, 68.

I.—Eric Summers, Evelyn Melville; Lois McAdam, Max Johnson, Everett Anderson.

Primer—Donald Spencer, Marian Johnson, Joyce Johnson.

Report of Fourth Line School S. S. No. 7, Rawdon

(Mrs.) Mabel Hayton, teacher.

Sr. Primer—Helen Ryan, 83; Douglas Ackers, 64.

Jr. Primer—Edwin Richardson.

Master Carleton Wallace of Anson, gave a recitation at his Sunday School concert held last week in town.

Christmas Concert

On Wednesday evening the Public School of S.S. No. 17, Rawdon, known as the Snarr School, was the scene of a merry time when parents, friends and pupils gathered to enjoy the annual school concert and Christmas tree which had been prepared under the capable direction of the teacher, Miss Priscilla Cook.

Mr. H. O. Hoover capably took the duties of chairman and the proceeds amounted to $4.35. The programme was carried out in the following style: A Welcome Recitation by Robert Matthews; Chorus by the School, "Merry Christmas Day"; Recitation by Jack Dunham; a Song by the Boys, "Jolly Old St. Nicholas"; an Exercise by the Girls, "Christmas is Coming"; Duet by Raeburn and Garnet Thain; Recitation by Donald Matthews; Monologue by Isobel Beckett; Carol, "Away in the Manger" by the Girls; Dialogue, "Getting Even With Sister's Beau"; Recitation by Harold Linn; Mouth Organ selection by Norman Leury; Reading by Lulu Hoover; Chorus, "Good Santa Claus" by the School; Recitation by Reg. Dunham; Dialogue, "The Twins' Christmas"; Guitar selection by Frederick Beckett; Monologue by Marguerite Cotten; Song by the Girls, "Sing a Song of Christmas"; Monologue by Helen Thain; Duet by Robert and Donald Matthews; Recitation by Garnet Thain; Horn Drill by the Boys; Song by the School, "Laughing Chorus"; Recitation by Norman Leury; Dialogue, "Organizing a Society"; Musical number, Stuart and Lulu Hoover; Recitation by Raeburn Thain; Song by the Girls, "Peace on Earth"; Monologue by Carl Linn; Musical selection by Lucille and Omar Dracup; Dialogue, "Dinner For One"; Recitation by Hazel Dnham; Carol, "Hark the Herald Angels Sing" by the School. The interesting program closed with "God Save The King." Santa then arrived on the scene and distributed the candies and gifts.

Wellman's United Church Sunday School Concert

On Friday evening the Sunday Schol at Wellman's, Rawdon, held their Christmas Concert with a fair attendance.

Rev. F. G. Joblin, pastor of the circuit, was chairman and Eleanor Heagle gave the welcome. The choir of the church with Mrs. John Heagle as pianist, rendered two numbers. Mrs. Lindsay Pollock recited and a trio musical selection was given by Mrs. George Watson, Messrs. Omar Dracup and Reg. McGee. Miss Hazel Dunham gave a reading. An instrumental was contributed by Miss Carolyn Johnson and Jim Watson. A guitar solo by Frederick Beckett. Recitations by Allan Heagle and Morris Clancy. A vocal duet with guitar accompaniment by Stuart and Lulu Hoover. Musical number, Mr. and Mrs. Reg McGee and Miss Lucille Dracup and brother Omar. Mr. Fred Elgie, brother-in-law of Rev. Joblin, was present and gave an interesting Christmas address and he also favoured the audience with a solo, both of which were greatly appreciated.

HONORS LIST TO BE SHORTER THAN USUAL

(By Thomas T. Champion, Canadian Press Staff Writer)

London, Dec. 27 (CP Cable)—The King's New Year's honors list is expected to be shorter than usual as far as the United Kingdom is concerned, it was learned today. The greater bulk of honors, it was said, would be left for his Majesty's Silver Jubilee celebration in the summer.

Persons close to the government said the list would probably lack political complexion. They said also that Prime Minister Ramsay MacDonald contemplates no immediate changes in the personnel of the government.

CARMEL ITEMS OF INTEREST

Carmel—Quite a number attended the Christmas tree which was held in Carmel Church on Friday night.

Mrs. Wanda Sine and family and Mrs. M. Reid and Miss S. Moore spent Christmas day at Mr. and Mrs. J. Paterson's.

Mr and Mrs. Ira Simmons of Foxboro spent Christmas day at Mr. W. Simmons'.

Mr. Don Spencer Rednersville, spent Christmas day at Mr. E. Horton's.

Mr. and Mrs. F. Whitney and Evelyn spent Christmas day at Mr. Lyle Mason's.

Mr and Mrs. Grills and Mr. and Mrs. Carney spent Christmas at Mr. W. Clapp's.

Mr and Mrs. F. Guay entertained their children and their families on Christmas Day.

Mr. R. McCameron spent the week end with her daughter Mrs. Chas Latchford.

Miss Irene Reynolds spent the Christmas week at her home here.

Mrs. J. Simpson and son Charlie entertained on Christmas the following: Mr. and Mrs. G. H. Vandewater and family, Mr. and Mrs. A. Arnott, Minneapolis, Mr. and Mrs Geo. F. Palmer and girls of Chicago, Mrs. M. Martin, Sturgeon Falls and Mr. and Mrs. H. B. Simpson and family of Montreal.

YEARLY REPORT OF CIRCUIT GIVEN

Financial Report Shows Improvement Over Past Year

Plainfield— The fourth regular meeting of the Quarterly Official Board, of the Plainfield Circuit was held in Zion United Church on Tuesday, Dec. 18th, with seventeen members and twenty-four visitors present. The pastor's report stated that eight funerals had been conducted during the year, three marriages solemnized and six baptismsm services. There are one hundred and twenty-one families on the circuit who contribute to the financial support of the churches and their were forty-two families being served who make no financial contribution. Since coming to Plainfield the present pastor has made one hundred and thirty-six calls on these non-supporting families, has read the scriptures and offered prayer seventy-four times and officiated at the burial of six of their friends.

The financial report was considered better than twelve months ago, one appointment presented a completed report for the year ending Dec. 31st, the other three appointments expect to complete their work satisfactorily in the near future. The minister's report on the M. and M. Fund promised, when outstanding subscriptions are paid, to be some fifty per cent in advance of last year.

At the close of the meeting the following resolution was presented and moved by Mr. H. K. Denyes, seconded by Mr. J. F. Treverton and unanimously carried:

"We the members of this Official Board convey to our pastor, the Rev. J. F. Everson, our heartfelt appreciation of his services in the deep interest taken by him in trying in so many ways to build up the work of the circuit. In organizing the Young People for Christian service and development, by his influence in bringing to our crcuit men with a wealth of knowledge and experience for our edification and spiritual upbuilding.

As a Board we wish to assure our pastor of our willingness to support his leadership in bringing about the best results attainable which may become possible through the prayers and co-operation of pastor and people."

The Christmas tree for the Zion congregation was held in the church on Thursday evening, Dec. 20th and was quite a success. The program consisted of recitations, dialogues, music and singing, given mostly by the school children of "Maple Leaf" and "Zion Hill" public schools and much credit is due Miss Helen Caskey and Mr. Orval May, the teachers for their tireless effort in training the children. Among the grown folk who contributed to the program were Orval May and Roy Sills.

The entertainment at Plainfield was held on the following evening, Dec. 21st and many words of praise were handed out to Miss Irene Murphy, the teacher of Latta school who gave her help without stint in an effort to prepare her scholars for the part taken by them.

SKATING PARTY AT WELLINGTON

Consecon, Dec. 28—Mr. and Mrs. Harry Chase spent Christmas with Mrs. Huycke and Mrs. B. Weeks. Mr. and Mrs. M. Huycke spent the day with Mr. and Mrs. Dafoe, Niles Corners.

Mr. and Mrs. A. McConkey spent Christmas day with Mr. and Mrs. J. McConkey, Mr. and Mrs. T. Alexander.

Mr. and Mrs. S. Danford and family spent the day with Mr. and Mrs. Stanley Herrington and family.

A number of young people from Consecon enjoyed a skating party at the Arena in Wellington on Monday night.

Mr. and Mrs. K. Alyea entertained on Christmas day, Mr. and Mrs. Norris Alyea, Howard and Baden, Mr. and Mrs. R. Spencer and Baden man, Mr. and Mrs. Ross and son, Mr. H. Burris, Miss S. Cronk.

Miss Edna Rathbun of Kingston General Hospital spent the week end with her mother Mrs. H. Rathbun.

Miss Margaret McLean of Ottawa, also Mr. Roderick McLean of Hamilton are spending the holidays with their parents Mr. and Mrs. J. McLean and spent the dinner hour on Christmas with Miss M. Holmes and Messrs. Tom and Joe of Hillier.

Mr. and Mrs. C. Burr also Mrs. W. Anderson and son spent Christmas with Mr. and Mrs. A. S. Burr.

Mr. W. Mastin spent Christmas with his daughter Mrs. V. Brown.

Mr. and Mrs. E. Mastin and Dick also Mr. Howard Mostin of Toronto spent the week end with Mrs. M. Mastin, returning home on Christmas day.

On returning from the service here on Christmas morning, Mr. Struthers' car skidded and ran in the ditch. Not much damage was done to the car and fortunately Mr. Struthers and his driver escaped uninjured.

Mr. and Mrs. Puffer entertained about twenty of their friends to dinner on Christmas day.

Mr. and Mrs. Lorne Alyea and Gwen spent Christmas with Mr. and Mrs. Herman Alyea.

Mr. and Mrs. Roy Taylor entertained on Christmas Mr. and Mrs. F. Taylor, Mr. and Mrs. E. Taylor, Mr. and Mrs. W. Blakely and Cecil and Mr. and Mrs. Keith Blakely and Doris.

HILLIER NEWS OF PAST WEEK

Hillier, Dec. 28—Mr. and Mrs. L. Leavens spent Christmas at Consecon with Mr. and Mrs. William Zufelt and family.

Mr. and Mrs. George Benway and Ronald spent Christmas with Mrs. Benway's mother, Mrs. Wm. Hamilton and family of Consecon.

Mr. and Mrs. Clark Clapp and Vernon have moved to Belleville for the winter.

Master Glen Young of Melville, is spending the holidays with his grandparents Mr. and Mrs. M. Troumpoor.

Mr and Mrs. Charlie Benway entertained Mr. and Mrs. A. W. McConnell of Wellington on Christmas day.

The Niles Corners school had their school concert on Friday afternoon with a good attendance.

Mr. Jas. Palmer of Winnipeg, Man., is spending the holidays with his family at the home of Mr. Ray Pierson.

Mr. and Mrs. Will Benway and family spent Christmas with Mr. and Mrs. Benson Pearsall.

Mr. and Mrs. Jack Roote and boys of Consecon Lake spent Christmas with Mrs. Roote's parents, Mr. and Mrs. Frank Benway.

No mail on Christmas day this year for the first time since the rural mail was started, but the mail man surely should have a holiday on Christmas.

3RD AMELIASBURG HOLIDAY NEWS

3rd Ameliasburg, Dec. 28— Mr. and Mrs. Ross Adams and family spent Christmas with the latter's parents, Mr. and Mrs. William Pope.

Mrs. P. Carley is now on the road to recovery after a long illness.

Mr. and Mrs. Bill Jones and Howard Adams spent Christmas at home with their parents.

Mr. and Mrs. Gordon Boyle are leaving this neighborhood in the near future.

Mr. and Mrs. George Alyea entertained Mr. and Mrs. H. Goodmurphy, Mr. and Mrs. Edward Hamilton and family, Mr. Edgar Alyea and Miss M. Doubley of Toronto on Christmas. The same evening a dance was held in honor of the guests, for which Ralph Ellis and Joseph Dempsey supplied the music.

The Christmas concert held by the Adam's Sunday School proved to be a great success as a large crowd attended.

Mrs. P. Henderson, Harold and Mavis are spending their holidays with Mr. and Mrs. Morley Carrington, Mrs. Henderson's parents.

Mr. and Mrs. Donald McQuarrie and family spent Christmas with Mrs. E. Humphrey, Flossie and boys.

Mr. and Mrs. Charles Lloyd, Mr. and Mrs. Albert Sager and G. Mastin arrived home for Christmas on Monday evening.

Mr. and Mrs. Jack Miner motored home to Oshawa after spending Christmas with Mr. James Dempsey and family.

Mr. Ebber Alexander and wife spent the dinner hour with Mr. and Mrs. Burton Adams and daughters.

Mr. and Mrs. Smith Brown, Harvey and Eva spent Christmas with Mr. and Mrs. S. Adams and Charles.

Annual Christmas Concert At Mission Church, Picton

Picton, Dec. 28.—On Wednesday evening, Dec. 19, the Mission Church was packed to the doors for the annual Christmas Tree. Rev. David Wren made a very capable chairman and Mr. Albert Case ably assisted Mrs. Ball, R.N., in presenting the fine program. The opening number was "Home Sweet Home" played by the Wizards' Harmonica Band. This was followed by a chorus by the Maple Leaves "Like the Shepherd". Johnnie Skitteral recited "Welcome To You" and Gladys Shannon "Light the Christmas Candles". An exercise "Joybells" was well presented by Clarence Vestervelt, Harvey Hunter, Billy Dunlop, Eddie Stewart and Donald Fournia. Three recitations followed, one selected by the small Beasley twins, "Helping Mother" by Madeline Lywood and "My Speech" by Teddy Bailey.

An exercise "God's Best Gift" was presented by Arthur and Ronnie Rallins, Mark Bailey and Arnold Claxton. Recitations "A Little Girl's Wish" by Winnie Creighton, "A Hard Place" by Cletus Vestervelt and "I'd Like to Visit Santa Claus" by Zora Cross were next given. The Sunbeams gave the chorus "Away In a Manger" which was followed by recitations "Glasses for Santa" by Eldon Scott, "Playing Santa Claus" by Patricia Bailey and "A Story For Dolly" by Bernice Airhart.

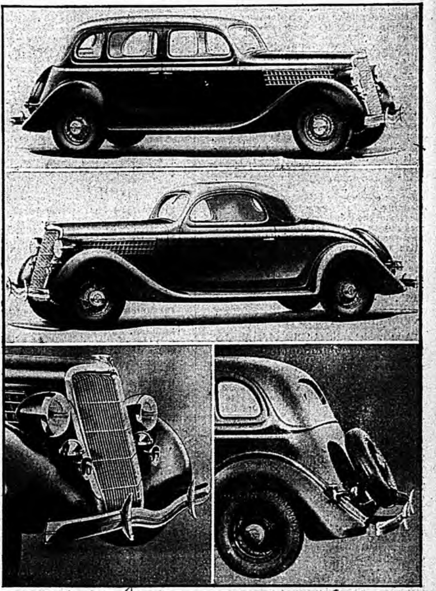
Little Jane and Shirley Brisbin sang very sweetly "Pussy Mine". A group of girls gave the exercise "The Beautiful Star". Recitations followed "A Dream" by Garnet Ferguson, "Christmas Appetite" Donna Bailey, "My Investment" Jack Dunlop, "At Christmas Time" by Teddy Brown.

The four Shannons gave a very amusing dialogue. Father Shannon decided he had so many troubles that he would not keep Christmas this year. Mother Shannon and the two children showed him things might be so much worse, that he decided he had much to be thankful for and would try to have a merry Christmas. A chorus "Jolly Old Saint Nicholas" was given by Roma Cross, Aggie Creighton, Jane Brisbin and Marie Bailey. Recitations, "Merry Christmas" by George Richardson, "Christmas" by Betty Burns, "A Present For Mother" by Stewart Courtney, "The Angel Song" Edith Norman, "Christmas Penny" Cleo Bailey and "Welcome to You" by Kay Brown were well given.

Selections by the Harmonica Wizards were especially enjoyed as presented by Albert Case and the Lone Wolves. Recitations followed, "A Suitable Gift" Bernice Duetta, "A Christmas Prayer" Pearl Norman, "The Christmas Beacon" Douglas Fournia, "Cradle Roll Baby" by Jane Brisbin. An exercise followed "Christmas Joy" was given by Walter Manlow, Josephine Burns and Aggie Creighton. Recitations came next, "The Christmas Scout" Leslie Rawlins, "The Little Lambs" Shirley Brisbin, "The Other Santa" Marie Bailey, "A Christmas Story" Roma Cross, and "Pies For Mother" by Raymond Dunlop. The chorus "The Light of the Star" was sung by the Maple Leaves. Recitations were next given, "Dolly's Piece", Mary Ellen McAlpine, "The Holly Wreath", Aggie Creighton, "Boy Wanted", Roland Welbanks and "No Santa Claus" by Noreen Smith. An exercise "If Christmas Day Was Every Day" was presented by Cora Scott, Dorothy Young, Mary Selman, Zora Cross and Monica Stewart. Two dear little girls, Ella and Beatrice Myatt sang the duet "Up On the Housetop" exceptionally well, and illustrated the song with motions. An amusing dialogue "Christmas Cookies" was given by Mrs. Starr, Mrs. Beasley, Miss Miller, Tom Turpin and Carl Scott. Recitations followed,"My Stocking's Full", Margaret Duetta, "Betty Lou's Tree", Lenora Smith, "Christmas Greeting", Mary Norton, "Waiting", Celia Selman, "A Poor Little Girl", Dorothy Hineman, "Santa Is a Dear Old Man", Doreen Brown, "Looks Like Pa's" Hiely Welbanks and "A Day For All" by Claire Thompson. A beautiful tableau with a large silver and tinsel star, "Points of the Star" was given by a group of older girls. A vocal solo with mandolin accompaniment "The Strawberry Roan" was well given by Albert Case and heartily encored. "Goodnight" by Margaret McAlpine brought the program to a close.

Great excitement and the ringing of bells was then heard in the porch and Santa entered and proceeded to the beautifully decorated tree on the platform. Here he distributed gifts for all from the youngest child to the oldest mother present and general hilarity and a Christmas atmosphere prevailed.

New Body Lines and More Room in 1935 Ford V-8



THE largest and roomiest cars Ford has ever built, with new body lines of advanced streamline design, are illustrated above in these Ford V-8 cars for 1935. TOP, the de luxe Fordor sedan seats six persons comfortably. CENTRE, the de luxe 3-window coupe, upholstered in taupe mohair or pinstripe broadcloth, as in the de luxe Fordor. Seats three inside. The rear window can be lowered and rumble seat is available. LOWER LEFT, a close-up of the front end. LOWER RIGHT, a view of the rear streamline treatment of the new sedans. All types are finished in a new baked enamel which is said to require only washing to restore its high gloss. Cars are approximately eight inches longer from bumper to bumper and seats are wider, front seats as much as 5½ inches. Chassis improvements, including moving the engine more than eight inches forward and new spring suspension, are designed to give added riding comfort, especially for rear seat passengers. Directed-flow crankcase ventilation is an improvement of the 90 hp. V-8 engine.

THE ONTARIO INTELLIGENCER
THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

WHEN THE EMPIRE CELEBRATES

A great occasion for the Empire is ahead. His Majesty King George in his Christmas Day message from Sandringham casually referred to it—the fact that within a short time he will have been King for twenty-five years. The King said, "May I add very simply and sincerely that if I may be regarded as in some true sense, head of this great and widespread family, sharing its life and sustained by its affection, this will be full reward for the long and sometimes anxious labors of my reign of well-nigh twenty-five years."

The reign has been marked with conditions which His Majesty could not have foreseen when he became King in 1910 on the death of his father, King Edward the Seventh. The most disastrous war in history, and one of the greatest depressions on record, if not the most severe, because it followed on the war and the great expansion of mechanism and industry and ideas, have marked the past twenty years. But there has also marked his reign a rapidly developing cohesion of the parts of the Empire, which are freer and yet bound more firmly by the ties of the commonwealth, and participation in Empire responsibilities. The affection which King George has ever shown for the millions who call him their king and emperor is marked. There has been a rapid expansion in new lines as in aviation, and other forms of scientific progress. In fact, King George it is who has been privileged to occupy the throne during a period of world greatness which cannot yet be fully defined. A new era has come to pass in his day and the King and his people as well as the other peoples of the earth have been trying to solve the pressing problems of governments. There are wondrous ages, these which King George and the world today look upon. They will live to see realized something new. The world is stepping forward with assurance of a greater day.

In these changing conditions, Britain and her king have found a way which makes the future the logical outcome of the past for British development is natural, even, and progressive. It is not revolutionary. To have achieved this is due to British genius. In her public life Britain clings yet to the love of pageantry, a symbol of greatness, material as well as spiritual and intellectual. She has not thrown away pearls as some peoples have done in the mistaken notion of correcting conditions by the destruction of past and present. Her foundation has been solid and will bear up whatever superstructure of state is built upon it in the coming days. The British Constitution is flexible, and the Dominions realize the greatness of this principle for they are young and naturally expect growth which will not be hampered by an iron system which cannot adjust itself. This is the glory of the British Constitution.

The King is representative of all that is best and progressive in the British character and constitution.

Next year when the silver anniversary of the accession of His Majesty is celebrated the Empire will participate, look on and listen in on the ceremonies which will mark that occasion. This time will also, it is hoped, indicate the further progress towards the recovery which seems to have made so fine a showing in the British Isles.

Recently the Empire participated in the glorious ceremonies attendant upon the wedding of the King's son, the Duke of Kent, and the Princess Marina. On Christmas Day the King spoke to his people and next year the people will join in the jubilation which will mark his quarter of a century as ruler. The King and the people are very closely drawn together and herein the King and the people have an association which is to be found nowhere else on earth.

DRUDGERY AND LEISURE

A pamphlet entitled "Blessed be Drudgery" elicits from a writer in the New Statesman and Nation the sarcastic comment that drudgery was enjoyed and warmly approved of by many people who were not drudges. Half a century ago, he says, the dignity of labor was freely praised by those who had plenty of time on their hands and plenty of money in their pockets. The trouble was that drudgery and leisure were not equally distributed. Drudgery which deprives the victime of opportunity for recreation and development is bad, but a reasonable amount of drudgery may do no harm. Charles Lamb found the routine duties of the India Office irksome, but relief from these did not produce any increased intellectual activity. Men who have retired from business while their minds were vigorous have found time hanging heavy on their hands. A studious man has means of occupying his leisure that are not available to others. A writer on history or any other subject requiring research may make good use of all his time. But it may be doubted whether a poet or any other author of a kind of work calling for inspiration is better off for having the whole day in which to expect to be stimulated in that way.

Machinery has done away with a great deal of undesirable drudgery, such as unskilled work for men, and irksome household tasks for women. It has shortened the hours of work in shops and factories and given increased leisure for study and amusement. We have not yet become accustomed to the new conditions. The writer from whom we have quoted says that we should all begin to train ourselves for the brave new world by idling efficiently. Expressed more seriously, we should learn to recognize that the use of leisure is as important as the bread-winning occupation.

Modern invention have not only enlarged leisure but provided new ways of spending it, including the automobile, the picture theatre and the radio. All these are good in their way, or may be made profitable intellectually and physically.—London Advertiser.

CATCHING A CHILD'S SPIRIT

This is a week wherein the child is finding new delight with the gifts he received so few days ago and yet he is not tired of the playthings he found in his stocking or on the Christmas tree. The child spends this week in an extra-romantic world of beauty, populated with things of loveliness but he does not let the toys and the pleasure he gets from them dominate him. He is the dominant figure even when he is surrounded with his toys.

Therein he differs from the grown man. This is Christmas week but the average man already has to fit back into the ruts and grooves of his routine existence. He must have taken a little time to be happy as the children have been and are happy, and even the harrassed business man finds relief from the strain of commerce or of the toilsome and moilsome task of brain or hand as he catches the enthusiastic eloquence of children's shouts and bursting laughter. Man's trouble may be said to be that he knows too much fact and not enough romance and faith. To the child this is a world of the most delightful scenes and things, he does not know of the woes that many parents have to traverse, he does not know what untoward calamities or accident mean—he is in a world in which he can create loveliness. He is a believer in his own powers to make something out of little or nothing and he does.

Some claim that the modern child is spoiled with the plethora of toys because his own creative imagination is held under restraint as it is not given time to develop so wrapped up is it in what is given him to play with. But it must not be forgotten that the child sees more in the toy than so much wood, so much metal and paint, so much plaster of paris, grass, and clothes in a doll. What he plays with are things as vital as his own little lungs and heart and impressionable brains.

To catch some of the spirit of that absorption might well be the aim of the man who would therefore unload from his shoulders a heavy burden. The papers the other day told the story of a man who disposed of his wealth to charitable organizations and decided to live in simple style in a garret on the little he could earn. His first impressions were like those of the child playing with the toys this week, though Christmas is past while its spirit lives on in that childlike world of presents and gifts with which he is surrounded. This man saw the futility of much of the striving of life to amass wealth, to gain position and to merit the acclaim of others. Now not blinded by wealth and by position he can occupy cheap surroundings and see the world beautiful. That itself is something of the miracle which can come into any life, which makes its target the highest things.

Of course the adult cannot live forever in the air of childlike experiences. He must face facts. That is part of the reason why the race exists. That is why so much of modern life has become possible. But facts should be so many helps. Man may preserve the child attitude of faith in the best, he may preserve his faith in the things that are unseen though he is tempted to think too much of the seen to give ample time for meditation upon the things of pure vision. In the presence of so many of the facts of life, some of which are distressing he must preserve the changeless attitude of devotion and spread kindness and show mercy wherever his path lies. His gifts, his toys, are the gifts and toys of the spirit and of friends, love of mankind, love of kindness, and humility and beyond and behind all he must use the vision of the child which sees this life peopled with angels. Chemistry and physics may analyze and probe until the final day of the universe and yet not know all but the man with childlike faith, the man who does not necessarily possess high and wide learning may see what pure science can never grasp, and catch a vision of something far beyond the stars.

It is only great souls that know how much glory there is in being good. — Sophocles.

He who loves goodness harbors angels, reveres reverence, and lives with God. — Emerson.

How far that little candle throws his beams! So shines a good deed in a naughty world.—Shakespeare.

Youth is the gay and pleasant spring of life, when joy is stirring in the dancing blood, and nature calls us with a thousand songs to share her general feast.—Ridgeway.

The strength and safety of a community consist in the virtue and intelligence of its youth, especially of its young men. —J. Hawes.

SEED AND FLOWER

I can look back and see
How life has molded me
Into the form I wear;
Now I discern at last
Each season of the past
That wrought this foul, this fair.

Here was the year that made
My spirit unafraid;
This hour of ecstasy,
This time of leaping light,
Disclosing truth and right,
Set me from bondage free!

I can look back, tonight
And see the years aright
When I, rebellious, went,
Not dreaming from that seed
Of stark desire and need
Would spring this flower, content!
—Aline Michaelis.

M.A.P., AMELIASBURG, WRITES: "I have been making a collection for my own amusement of advertisements containing unconscious humor. The most of them occurred in far-away papers or magazines, but three of enclosed were taken from advertising spaces of Belleville stores in our own Great Family Journal, and one from the local paper in a neighboring town. I pass them on so that the rest of the Sidelight Family can enjoy a chuckle or two:

1. Fancy Boxed Hankies—For Women, no sleeves, knee length, embroidery trim, 3 in box 59c

2. Very Smart French Kids, $2.50. It's all on the Cuffs this year.

(Note—We always did contend a cuff now and then doesn't hurt anybody's kids!)

3 Chamoisette Gloves—Regular sizes, all wanted colors, per yard 6c

4. One-piece Dresses— Straight line effect in both legs 7.95

5. Wanted—I would like to get a lot for $50. Write Box 923, City. (North Dakota paper.)

6. For Sale—Jersey Calf, fresh soon, banjo, uke, resonator, arm rest, snappy tone. $5.00. (Montana paper).

7. For Sale—Guernsey cow, gives good quality milk, also ropes, pulleys, stoves and refrigerators. (Stafford, Kansas, Courier).

8. Departmental Store Ad. Men's athletic union suits, tomorrow, 98c, bright colored cretonne, tie-back style, ruffled edges. You can't imagine how dainy these will look at your windows.

9. Special Values, sateen bloomers, sitting room in every pair.

Note—"Yes, but what I need, are some with a front porch."

x x x x

DISCUSSING POSSIBILITIES for 1935 for Belleville with various business men the wish most often expressed was that improvement should be made in civic government—that is an improved system of civic government. All expressed the belief that a City Manager was preferrable to the present antiquated system of electing a whole lot of men of varying ability to seats at the city council board. Generally as soon as they get passably acquainted with the best method of administering civic business they drop out of the City Council to give all their attention to their own business. The civic officials constitute the real machinery by which the city's business is transacted, but the different departments are not co-ordinated in a modern businesslike manner, and there is much waste motion and a lack of supreme authority and one responsible head. A body of ten or eleven men, without previous municipal experience, and constantly changing, would not be entrusted with the management of any small business let alone such a large and diversified business as the city of Belleville. The incoming city council could render a good service to the municipality by securing first-hand information upon the experience of other cities in Canada and the United States in the effort to improve the quality of civic government, and make the information public for the information of all citizens. If there is anything better for Belleville available let us know it—there is nothing too good for Belleville.

x x x x

BELLEVILLE BUSINESS MEN REPORT a splendid Christmas business, exceeding in most cases that of Christmas 1933. Belleville never looked prettier with its decorations of evergreen and colored lights in the business section and the shop windows tastefully dressed and brilliantly lighted. Shoppers from near and far expressed keen satisfaction and delight at the splendid service rendered by Belleville businessmen in providing splendid stocks, great variety and reasonable prices.

INDUSTRIES IN ONTARIO HOPEFUL FOR THE FUTURE

Not Artificial Stimulation But One of Steady Progress

WEST ONTARIO GAINS

Picture Not Quite so Bright in Eastern Part of Province

(By The Canadian Press)

Producing definite evidence of improved business in a year about to close, industrial Ontario looks to 1935 with a feeling of quiet but firm confidence.

The feeling is not one of artificial stimulation but is based on figures of increased employment, fewer relief recipients and marks the culmination of a year of slow but steady progress towards economic recovery.

Sixteen representative centres throughout Ontario have submitted reports for the last year, predictions for 1935. In nearly every case the record of 1934 is better than the previous period.

Western Ontario, heart of the Province's manufacturing, chronicled the greatest progress. The East was not quite so confident but the North, on the strength of intense activity in the mines, saw a rosy future.

Hamilton provided the brightest picture in the industrial section with an increase of more than 2,000 employees in its factories in November, compared with the corresponding months of 1934.

Construction of a $2,700,000 Federal building next year will help the building trades. Revival of rural prosperity must take place before the International Harvester Company once more enters the class of the extensive employers of labor.

Textiles Better

Hosiery Mills working night and day, the Kellogg Cereal Plant on an 18-hour daily schedule and a 31 percent increase in building constitute London's basis for optimism. Galt had fewer on relief. Greater business in textiles and shoe concerns but experienced quiet in iron and steel.

While Brantford's implement factories await revival of agriculture to bring back prosperity and the city's relief roll is slightly larger the city is hopeful. Its bank clearings the week before Christmas were $100,000 more than the corresponding week of 1933. Increase of 10 percent in the number of men engaged in railway work and greater employment for those who worked in the furniture plants delighted Stratford.

St. Thomas had a rather slim year as far as work in the railway shops was concerned but employment picked up before Christmas and the city looked to improvement in United States railroads to stimulate its car shops which serve American roads. Welland's factories had either increased their staffs or held steady at last year's employment levels.

Development of Chinese aviation spelt a measure of prosperity for Fort Erie on the Niagara Border. A new company there has a contract for the construction of 30 seaplanes at a cost of $180,000. The town, however, will not feel full effects of prosperity until shipments over the Border increase. In normal times it is said to be second only to Montreal in the list of ports in Canada through which shipment is made under bond.

Peterboro Optimistic

Port Erie's normal pay roll is $4,000,000. It was only $1,750,000 in 1934 but this represented an increase of nearly a quarter million dollars over the previous year.

In the East, Peterborough was the most optimistic centre, reporting 10 percent increase in employment and a favorable outlook for its factories in 1935. Brockville was rather glum with the hat industry and railway work dull. Wire, hardware and forge industries had a busier year than 1933, however. Cobourg and Gananoque had less unemployment.

Mining helped Sudbury score a 30 percent gain in employment over 1933. Lumbering and railway activity absorbed more men than a year ago. In the Sault, also, more employment was found.

Depleted stocks were causing a greater demand for lumber, pulpwood and ties, said Mayor C. W. Cox of Port Arthur, member-elect for Port Arthur in the Ontario legislature, in noting the city had a better year than 1933.

Alderman N. B. Darrell, chairman of Port William's relief committee noted a slight betterment in 1934 employment conditions. The city looked to lumbering in the district to provide much winter work. It was estimated 1,000,000 railway ties and 60,000 cords of pulp wood will be out there this winter. Haileybury noted increased employment, due largely to mining and prospecting.

SUFFRAGAN BISHOP IS CONSECRATED

TORONTO, Dec. 28.— (CP) — Venerable Alton Ray Beverley, former Archdeacon of Simcoe, today was consecrated in his new office of Toronto's first Suffragan Bishop of the Church of England.

Two archbishops and seven bishops took part in the service held before a congregation that packed St. James' Cathedral to capacity.

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

DEC. 28TH. 1914

Mr. and Mrs. W. E. Dobbs and little daughter of Winnipeg are visiting Mr. Dobbs' parents, Mr. and Mrs. E. Dobbs, during the Christmas holidays. Mr. Dobbs left Belleville 11 years ago, but he finds that his old friends have not forgotten him. He was the organizer of the Belleville Club in Winnipeg and is still executive of the club.

The opening game of the local O.H.A. will be played here this evening with Picton, and the hockey fans are all agog with excitement at the prospect of a real thriller.

The Curling Club has a large membership this year and everything points to a good time this winter.

While the mail and particularly the parcel post department was very heavy this past week, Postmaster Alf. Gillen and his staff, including the carriers, are the recipient of congratulations on every hand for the promptness in handling and delivering the local mail and packets.

30 YEARS AGO

DEC. 28, 1904.

The Belleville hockey team defeated the "Strollers" of Kingston here, the score being 9 to 4. The Belleville team was composed of the following, Holton, Townsend, Conley, Pepper, Allen, Hamilton and Weller. Irwin Wallace one of the old time stars, was referee and Sandy Burrows acted as timekeeper.

Think of the good old days when the best men in the city deemed it an honor to sit in the city council. Now they hide behind a barn or a hay stack if they see a deputation coming to offer them civic honors. All through the year critics of the council are as thick as flies around a molasses jug in summer, yet when nomination day comes around these same critics tear for the tall timbers. Take a hand in running the city's business! Not they. What a ridiculous idea.

Mr. J. A. Conger is spending a few days in the city with his family.

His Grace Archbishop Gauthier has announced the appointment of Rev. Father Dennis A. Twomey, pastor of Tweed, as successor to the Rt. Rev. Monsignor Farrelly, pastor of St. Michael's Church, Belleville, who is retiring owing to advanced age. To Father Twomey will fall the task of rebuilding the church recently destroyed by fire.

The last meeting of the city council for the year 1904 was held last night. The business transacted was entirely routine.

40 YEARS AGO

DEC. 28, 1894.

The stages are still running on wheels. A number of sleighs and cutters, however, were on the city streets today.

Mr. A. E. Fish has obtained a patent on his "King Shirt" which is a valuable invention.

The congregation of Bridge Street Methodist Church has extended an invitation to the Rev. Mr. Bishop of Queen Street Church, Toronto, to become their pastor. Mr. Bishop has the matter under consideration.

Mr. Herbert Hulme, barrister, Toronto, is visiting his parents, Mr. and Mrs. R. Croft Hulme, William Street.

Mrs. Jacob Pinkle is visiting friends in Napanee.

The funeral of Jacob Crothers, who died on Christmas Day, took place today and was largely attended.

Mr. A. W. Vermilyea of this city is conducting revival services in the Methodist Church at Plainfield.

50 YEARS AGO

DEC. 28TH. 1884.

Messrs. F. R. Lingham and J. B. Weller are in town for the Christmas season.

A memorial service in behalf of the late General Superintendent of the Methodist Church, the late Rev. S. D. Rice, D.D., will be held on Sunday in Bridge Street Church and in the Tabernacle Church, the Rev. J. B. Clarkson will conduct the service in Bridge Street Church and the Rev. Mr. Curtis will officiate at the service in the Tabernacle.

Skiff and Gaylord's Novelty Company will open a weeks' engagement at the opera house here on Monday. All lovers of the drama will have an opportunity for enjoyment as the price of admission is only 10 cents and the quality of the acting up to the standard.

Worth of Council Members Retiring from Board Expressed At Closing Session of Council

Ald. Woodley, Brickman, Donahue and Harker Leaving

MOTION TO MAYOR

His Worship Thanks All For Co-operation and Kindness Shown

Adjournment sine die was moved after the City Council had completed the business of the year last evening, the council meeting after the regular committee meeting. Departure of four aldermen, Brickman, Woodley, Harker and Donahue from the board of next year was deeply regretted by the members and in glowing terms, the worth of these Aldermen was expressed. Mayor Tice came in for words of praise for his handling of the city's business and his sympathetic dealing with the unemployment situation. The new board will meet two weeks from Thursday night for their committee meeting and council will be held on following Monday morning. Alderman Woodley was especially praised for his long and honorable service to the city and the hope was expressed, that to climax his municipal career, that he would some day be given a term as Mayor.

A motion put by Alderman Woodley and seconded by Alderman McCreary, "That this council go on record, that the year just ending has been a very trying one for His Worship Mayor Tice, not only in his family life but in carrying out his duties as Chief Magistrate of the City of Belleville, hereby extend to His Worship their sincere appreciation for the kindly and efficient manner in which he has presided over all meetings of the council:

"Also their deepest thanks for his untiring efforts at all times with matters in connection with the unemployment situation in such a manner to safeguard the interest of the taxpayers to the greatest possible extent at the same time dealing fairly with the complaints and problems of the unfortunates on relief", was read by the City Clerk and passed with a standing vote of the council after which three hearty cheers were given.

Visibly Moved By Motion

Mayor Tice was visibly moved by the expression of goodwill and told the members that the year just past had been a trying one and he was delighted with their expressions of gratitude and sympathy. "I have tried in the best way possible to act kindly towards you all", His Worship said. "It has been a pleasure to work with you and I appreciate your kind expressions of sympathy to me in my loss of a dear and devoted wife.

"I am almost at a loss to say anything of the retirement of the four Aldermen Woodley, Brickman, Donahue and Harker. The citizens of Belleville have discarded four men, who always took a personal interests in their affairs and at all times tried to legislate for the masses and not the few. Particularly do I wish to mention Alderman Woodley, who has sat at this council for nineteen years. He has been a man of mature judgment, straightforward in his dealings and I think I can say, one of the best Finance Chairmen this city has ever had. He will be missed. As for Alderman Donahue, when I first came into this council everytime he rose to speak I listened to him for he was of sound judgment and sane opinion and from him I learned much in my municipal life. He has been an able Chairman of Public Works and he will be missed. Aldermen Brickman and Harker have always tried to give their best and have always shown courtesy to me and members of the counc: and I regret to see them leave."

All Thanked For Kindness

Mayor Tice also thanked the city officials for their kindness and courtesy at all times and also the various boards of the city with which he is connected. In this respect he mentioned, the Police Department, the Fire Department, the Parks Board, the Board of Health, the Hospital Board, the Relief Office and the Hydro Commission. Every official and every member of these several Boards have been more than kind and at this time wish to personally thank them for their interest. "I have always tried to allow the chairmen of the various committees of the council to carry on their work without interference and I believe much harmony has resulted", said His Worship. "These men are capable and if anything came up they were not sure of, they brought the matter to the council as a whole and it was easily adjusted." In closing he wished for all, officials, members of the Council and citizens, happiness and prosperity in 1935.

Another motion introduced by Aldermen McCreary and Woodley was the expression of thanks of the members of the council for the officials of the city. This also was unanimously passed, Aldermen McCreary and Woodley speaking to the motion. Alderman McCreary thought the City of Belleville had the best staff of officials in the Province and much of the harmony, that prevailed in the year was due to their endeavours.

"I have a personal high regard for all the officials of the city," said Ald. McCreary and "admire the spirit with which they tackle every job." Alderman Woodley also stated, that the work could not have gone on had it not been for the co-operation so manifest in every department. As chairman of finance for eight years he stated, he had never had to speak sharply to anyone at anytime and he believed that the citizens did not fully appreciate the service the officials were giving.

Speaking as one of the members leaving the council, Alderman Donahue thanked the Mayor and members for the many kindnesses shown during his service in the city. "I am very sorry to leave", said Alderman Donahue "but my hearing is not good and it is impossible to hear the discussion and take part in the debate and I feel I would be better on the sidelines." Alderman Brickman said he had nothing to add only that the officials had been kind to him and shown co-operation and he wished the council every success in 1935. Alderman Harker said he was severing his connection wtih the council with a great deal of regret but it was a matter of business, that caused him to resign. "I have enjoyed the work and the associations I have made will never be forgotten," said Alderman Harker.

Gave Timely Advice

Alderman Woodley showed a true fighting spirit and gave the council some timely advice on leaving the board. "The people of Belleville did not see fit to elect me this year," said Alderman Woodley, "but I bear no ill feelings for this is my birthplace and I will always be working for the good of the city. I believe I have a certain amount of ability and that is not boasting and I believe, that I could have been of some help to the city in these trying times. Possibly I am a little too pronounced in my speech but I do not hesitate to call a spade a spade". The alderman stated that it would be necessary for the council next year to cut down on capital expenditure. He admired the man, who was trying to save his home and cited the case, where one came in with twenty-five cents to pay on his taxes and that he told the collector to take it, not for the value but for the incentive behind the act.

"This may be a young man's age, but I am of the opinion, that the council needs three or four men of experience to keep the ship on an even keel", said the speaker. Turning from the serious to the funny side of the council life, Alderman Woodley has gathered rich humor through the years and he read from a sheet of paper, that he held the famous sayings of the Aldermen during the year. Starting with the Mayor, he stated his favorite expression was "Just a minute gentlemen, I do not agree with you".

Alderman Brickman—"Sure that is all right we will give it to you".

Alderman Cushing—"Is that grant customary?"

Alderman Domenico—"I will favor anything for sport".

Alderman Foley—"I am just a student, I am learning every day".

Alderman Harker—"I'll write a motion for that":

Alderman Harvey—"Why not ask for tenders?"

Alderman Hill—"Our equipment is rotten".

Alderman Marshall—"Hold on mister, St. Agnes Manor can be made to pay, here are the figures".

Alderman McCreary — "I am strong for the pumper and some of our officials are underpaid."

Alderman Safe—"I was against the Chamber of Commerce, but I am now strong for it."

Alderman Wills — "I will look over that and see if it is legal."

Alderman Woodley — "Tell me how you are going to finance it and I will support the expenditure."

At the conclusion of his address as chairman of finance he paid off the council with possibly the last cheques he will sign, giving them all 'One thousand good wishes for 1935'. Alderman McCreary and Marshall both voiced the appreciation of the worth of Alderman Woodley and each expressed the regret of the council on his leaving the board. "He has been a real Alderman," said Alderman Marshall.

Recipients of relief in this city will be placed on direct relief after January 1st the council decided by a recommendation passed which stated "That owing to lack of suitable work this council authorizes the adoption of the system of "direct relief" as from the first of January as per regulations and instructions of Government Relief Board and that tenders be asked for bread, milk and wood for relief". There was no discussion on the motion.

W.C.A. Given Grant

The council also recommended an assessment be given the foundry part of the Fruit Machinery Company property of $2,500 as from the first of January. The City Treasurer was authorized to pay all outstanding accounts before the close of the current year providing the accounts have been approved by the chairman of the department and audited by the City Auditor. A request for a grant for $200 for the Institute of the Blind was filed with no action taken, Alderman McCreary believing this was a government responsibility and that municipalities should not be asked to contribute to this cause. A grant of $134.00 to the W.C.A. was given to defray the expenditure of indigent burials and grave charges. A third reading of the by-law to issue debentures for $51,500 and approved by the Railway Board and Long and Daly was given by the council.

At the conclusion the minutes of the meeting were read by the City Clerk and approved after which all the members of the council gathered in a circle and closed the year with Auld Lang Syne and the 1934 council passed into history.

QUINTE VIEW SCHOOL CONCERT

Bayside, Dec. 28—On Friday afternoon the pupils of Quinte View school with their teacher Miss V. Olde held their Christmas concert which was attended by neighbors and friends. The programme was opene with a chorus by the school.

Chairman's address; Recitation by Murray Lusher; Dialogue, "Meeting of the Celebrities;" Solo by E. Rush; Recitation by Ruth McQuigge; Drill by the school; Recitation by Lee Mallory; Solo by R. McQuigge; Dialogue, "Sam Meets Simeon;" Recitation by Jean Mallory; Doll song, "Lullaby;" Recitation by Norman Fair; Dialogue, "Christmas at Sant Flats;" Recitation by Orla Weese; Trio, by three girls; Comet orchestra; Solo by Mary Rose; Piano duet by Mary Rush and Jean Wilson.

Presents were distributed to the pupils and teacher. God Save the King.

Miss L. Rush is spending the holiday with Mr. and Mrs. Clifton Rush.

Mr. and Mrs. Harry Hess and family, Mr. and Mrs. Volney Finkle and family of Trenton spent Christmas with Mr. and Mrs. John Hess.

Miss Thelma Green, Toronto, is spending the holidays with her parents Mr. and Mrs. D. Green.

Mr. and Mrs. Kenneth Palmer, Frankford, and Mr. and Mrs C. Fair, Wallbridge spent Christmas with their parents Mr. and Mrs. John Fair.

Mrs. C. Nugent is spending a few weeks in Toronto at the home of Mr. and Mrs. Bruce Sutcliffe.

Miss V. Olde is spending the holidays at her home in St. Thomas.

Miss Gladys Rollins is enjoying the Christmas holidays at the home of her parents in Ivanhoe.

A large number of neighbours attended the Christmas concert in Bayside school on Friday evening.

SEEK REPRIEVE

Malone, N.Y., Dec. 28—(AP) — Refused permission to enter Canada, although one of them once worked on the Prince of Wales' ranch near Calgary, two young cowboy brothers today were seeking a reprieve to spend the rest of the winter in Franklin County jail.

William J., 22, and David J. Kidd, 20, have been in jail here since last summer when work got slack, and fell into the hands of American immigration officers. They were sentenced to 10 days in jail and since then deportation proceedings have been responsible for their continued incarceration.

ELECT OFFICERS OF S. S. CLASS

Clifford Elliott Named President For 1935

West Huntingdon.—On Thursday evening the United Church Sunday School held their annual Christmas Tree and entertainment.

Mr. Phillip Carr, Superintendent of the School, presided over this very interesting program. Recitations were given by Joan McCurdy, James Donnan, Arthur Hassell, Lindsay Sills, Marjorie McCloud, Hilda Elliott, Geo. Ashley, David Fargey, Billy Donnan and Muriel Thompson.

Two excellent songs were given by the Misses Marjorie, Phyllis and Marion Hammond.

Carol and Harold Thompson contributed mouth organ selections.

Four comic dialogues caused much merriment and were, "The Deacon's Spotted Calf", "Christmas Spirit", "Christmas Awakening" and "Mixed Mercies".

Sixteen pupils gave a drill.

Rev. R. J. Merriam gave a short address on "Christmas".

The Beginners' Class gave an exercise and the School rendered four choruses. Santa Claus arrived and distributed the presents. Much credit of this entertainment goes to Mr. Moran, Georgia Pitman, Mrs. Clayton Wright and Mrs. Wm. Fitchett.

Mrs. Holden is spending a few days with Mrs. Jas. McGowan.

Mr. and Mrs. Earl Fox of Centre were Friday guests of Mr. Geo. McCurdy.

Mr. John Moorcroft is some better. He has been suffering from a severe cold and pleurisy.

The Endeavours Class held their monthly social evening at Mr. Phillip Carr's home on Tuesday evening. Mrs. Clayton Wright presided over a very interesting program including Christmas hymns for opening the meeting. Mrs. Melville Donnan led in prayer and Mr. Melville Donnan read the Scripture lesson. Mrs. Raymond Chambers, a visitor from Oak Hills, gave a solo. Roll call was answered by a verse of a hymn.

The new officers for 1935 were elected as follows:

President—Mr. Clifford Elliott.

1st Vice-President—Mrs. Foster Wilson.

Secretary-Treasurer—Mr. Clayton Wright.

Mrs. Melville Donnan gave a reading and Mr. Phillip Carr gave an address. A couple of contests and a dainty lunch closed a very helpful meeting. A number of visitors were present from Madoc Junction.

Cottage prayer meeting was held at Mr. Melville Donnan's home on Wednesday evening.

Miss Milida Fargey of Belleville, is spending a few days at Mrs. Don Fargey's.

The Standard Church people are renovating a house on Mr. James McGowan's property and intend to start Evangelistic meetings there.

CLOSE—Passing the finish pole, there isn't much to choose between these two horses at the Coral Gables, Fla., track.

AT TROPICAL PARK—Thoroughbreds get off to a flying start at Tropical Park, Coral Gables, Fla., as thousands cheer

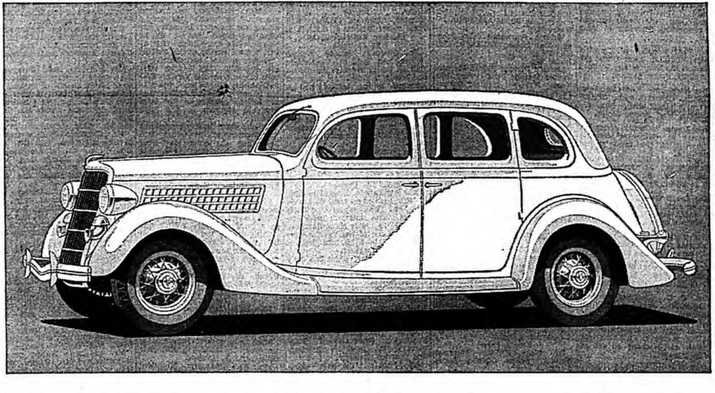
FORD V·8 FOR 1935



The New Ford V-8 for 1935 is the biggest and roomiest Ford car ever built. It is a strikingly handsome car, with modern lines and new, luxurious appointments.

But most important of all it is especially designed to give you smooth, easy riding over all kinds of roads—"a front-seat ride for back-seat riders."

COMFORT TO MATCH MODERN PERFORMANCE OF V-8 ENGINE

This ease of riding is achieved by the use of three basic principles never before combined in a low-price car.

1. Correct distribution of car weight by moving engine and body forward eight and a half inches.

2. New location of seats by which the rear seat is moved forward, toward the centre of the car away from the rear axle and away from the bumps.

3. New spring suspension which permits the use of longer, more flexible springs and increases the spring-base to 123 inches.

The result is Centre-Poise—which not only gives you a new riding comfort but adds to the stability of the car and its ease of handling. You can take curves from seven to eight miles faster with perfect safety.

A New Ford V·8 That Brings New Beauty, New Safety, and a New Kind of Riding Comfort Within Reach of Millions of People

NEW BRAKES—NEW CLUTCH—EASIER STEERING

There are many new features in the Ford V-8 for 1935 which make the car still easier to drive. New brakes give more power for stopping quickly with far less foot pressure on the pedal. A new type of easy-pressure clutch employs centrifugal force to increase efficiency at higher speeds. New steering mechanism makes the car still easier to handle.

Other notable features of the New Ford V-8:

Dependable, economical Ford V-8 engine—many refinements including crankcase ventilation—cast alloy steel crankshaft—copper-lead floating connecting-rod bearings.

New welded all-steel bodies with modern lines.

New wider rear doors—front doors hinged forward.

New lower double channel X-type frame—stronger—more rigid—easier to step in and out of car.

Rich, modern body colours of striking beauty, including a gun-metal finish on De Luxe cars.

Luxurious new upholstery and interior appointments—new pillowed seats and softer seat cushions.

New instrument board of modern design with combination fuel and oil gauge and heat indicator—on De Luxe cars.

Clear-Vision Ventilation with cowl ventilator adjustable to any position and a windshield that opens.

Tapered spring leaves for quietness as well as flexibility.

Larger tires with new wider tread for safety and comfort.

Insulation of bodies for quietness and temperature.

PROVED PERFORMANCE OF THE V-8 ENGINE

The New Ford V-8 for 1935 retains the V-8 engine which has demonstrated its dependability and economy in the service of more than a million owners. There are refinements, but no change in basic design. You buy premium performance when you buy this Ford V-8—full 90 horsepower and capable of 85 miles an hour.

We invite you to see this New Ford V-8 at the showrooms of Ford dealers. You will want to ride in it—to drive it yourself. You will find it a new experience in motoring.

Ford V·8 Prices Are Low

11 BODY TYPES—Coupe (5 windows), $645; Tudor Sedan, $665; Fordor Sedan, $750. DE LUXE—Roadster (with rumble seat), $715; Coupe (3 windows), $720; Phaeton, $725; Tudor Sedan, $730; Cabriolet (with rumble seat), $815; Fordor Sedan, $810. TOURING SEDANS, with built-in trunk—Tudor Touring Sedan, $750; Fordor Touring Sedan, $830.

(F. O. B. East Windsor, Ontario. Bumpers, spare tire and taxes extra. Small down payment, convenient terms.)

Personals

Mr. Harold Holway is in Toronto today on business.

Miss Grace Embury, 291 Foster Avenue, has been notified that she has passed her Registered Nurse exams.

Mr. James S. Johnson was in the city yesterday en route to Boston, Mass., after spending Christmas with friends in Toronto.

Master Carswell Anderson of Toronto is spending his Christmas vacation in the city.

Mr. George Ostrom, Queen's University, is spending the Christmas holidays at his home here.

Mr. and Mrs. A. G. Bowyer and daughter Norma of Watertown, N.Y., spent Christmas with Mr. and Mrs. J. T. Bowyer, Everett Street.

Mrs. L. A. Russell of Ottawa spent Christmas with her daughter, Mrs. Ned Moreau.

Mrs. Harry Bailey, 66 Grier Street, is confined to her home through illness.

Mr. and Mrs. Harold C. Weese and daughters, Yeoman Street, are spending the holidays in Peterborough.

Masters Graydon and Douglas Rogers, 97 West Bridge Street, who recently had their tonsils removed are progressing favorably at their home.

Dr. Fred Bonnell of Kingston General Hospital, spent Christmas a guest at the home of Mr. Wallace D. Embury, Foster Avenue.

Miss Neda and Roy Chambers, Halloway, Ontario, spent Christmas with their aunt, Mrs. C. Chambers, West Bridge Street.

Miss Leona Walmsley, nurse-in-training at Kingston General Hospital, spent Christmas at her home here.

Wallie Ward, St. Catharines, is spending the Christmas holidays with Jack Embury, Foster Avenue.

Miss Laura Cook of the Whitby teaching staff, is visiting her parents, Mr. and Mrs. Fred Cook, 284 William Street.

Miss Betty Davison, nurse-in-training at Kingston General Hospital, spent Christmas in the city.

Mr. Frank Cook of Detroit, is visiting his parents, Mr. and Mrs. Fred Cook, 284 William Street.

Mrs. C. O. Greenleaf, visiting her sister, Mrs. Sam Kearns, of St. Catharines over the holiday, was taken suddenly ill on the 22nd and operated upon for acute appendicitis. She is now in St. Catharines Hospital, and is doing as well as can be expected.

At St. George's Hall last evening a successful card party was held. Prizes were won as follows: Ladies' first, Mrs. Young; second, Mrs. W. Beare; third, Mrs. W. Parry; Men's first, Mr. Snell; second, Mr. Dewey. The door prize, a goose, was won by Mr. Jack Bone.

CHAIN STORES AGAIN

Tom Yawkey, owner of the Boston Red Sox, plans to add chain-store baseball to his list of experiments, designed to steer Boston to a baseball pennant. He hopes to acquire control of several clubs below class AA and class A ranking as well as operating Syracuse and Knoxville in those leagues.

Weddings

ANGLIN—JENKIN

A marriage of interest to Belleville took place in Peterborough on Wednesday, December 26th, at the home of Rev. Dr. J. E. Moore, United Church minister, the bride being formerly Miss Bessie Jenkin, Lindsay, daughter of Mr. and Mrs. J. S. Jenkin, North Front Street, and the groom, Mr. J. E. Anglin, also of Lindsay, head of the Anglin Bus Lines of Peterborough, and formerly of this city. After a honeymoon in Belleville, Kingston, and eastern cities, Mr. and Mrs. Anglin will take up residence in Lindsay.

3rd. Class Honors—John Doran; Harold Giffin.

Bert Wheeler and Robert Woolsey in "Kentucky Kernels" now on the Capitol screen.

Trenton and District

South End Kids Defeated by Trenton Imperials in Exhibition

Campbellford Unable to Play Owing to Bad Storm

Trenton, Dec. 28 (Special)—The opening hockey match of the season in Trenton was not very successful in the financial way owing to the stormy weather. Campbellford Maroons were supposed to play but the storm Wednesday afternoon made the roads impossible for them to appear. Duke Smith and his South End Athletic Club of Belleville, made the journey and were defeated by the locals by a 9-4 score.

Trenton seemed at home on their own ice and had little difficulty in defeating the visitors but the win was principally due to the work of Joe Gould in the Trenton net. Lott, of Trenton, and Henn, of Belleville, were the only players to net a pair of counters. The Pepper boys looked best for the losers, while no stars could be picked for the home club as every one played a stellar game.

S.E.A.C.—Goal, Hinton; defence Kokesh and G. Pepper; centre, Goyer; wings, W. Pepper and Morgan; subs, Pringle, Henn and Doran.

Trenton—Goal, Gould; defence, York and Smith; centre, Kidd; wings, Miller and Rosenplot; subs, Lott, Lamore; Thompson and McCoy.

Referee—Ross Burtt.

Summary

1st Period

Trenton, Lott 4.00
Trenton, Lamore 3.10
Trenton, Rosenplot (Miller) 10.10
S.E.A.C., Henn 2.40

2nd Period

S.E.A.C., G. Pepper 1.30
Trenton, Kidd (Smith) 3.00
Trenton, York 9.15
Trenton, Lott 6.00
Penalties—York.

3rd Period

Trenton, Lott 5.00
S.E.A.C., Henn 1.50
Trenton, Thompson (Lamore) 4.00
S.E.A.C., G. Pepper 2.00
Trenton, Rosenplot (Miller) 6.10
Final score: Trenton 9; S.E.A.C. 4.

Children Entertained At St. George's

St. George's Sunday School Concert was held in Canterbury Hall on Friday evening. An unique and colourful programme had been arranged by the teachers and a large number of the kiddies and members of the congregation who attended were well pleased with the entertainment given. The costumes in many of the numbers added greatly to the success of the concert.

The programme was as follows:

Opening Selections—Jean Fitton.

Carols by the Primary Classes, directed by Mrs. M. P. Taylor and Miss Estelle St. Croix.

The Big Parade, directed by Mrs. E. Weir, assisted by Mrs. G. Goodsell, Mrs. F. Little and Miss Doris Meyers. The numbers were announced by Miss Mary Salisbury and each one of the months were represented in a splendid pageant of colour and acting.

January, song, "Winter is a Jolly Time."

February, "Times Valentine"—by Shirley Burke.

March, solo, "Wearing of the Green"—by Eileen Whitley and the Irish dancers, Ruth Bonter, Alma Goodsell, Thelma Beale, Isobel Miller and Vivian Ste. Croix.

April, "The Rain Song"—Betty Penlington, Joyce Garbutt, Margaret Wells, Geraldine Kennedy and Beatrice Kennedy.

May, "Ma and the Auto"—Audrey Mar le.

June, solo, "I Love You Truly" and a lovely wedding procession led by Barbara Armstrong as the flower girl. Bride—E. Armstrong. Groom—V. Burtt. Best Man—Kenneth Mann. Bridesmaid—Leota Ste. Croix.

July, "Miss Canada"—Verna Benns and a chorus of eight girls, "The Maple Leaf Forever."

Piano Solo—Peter Smith.

August, Camp Scene—guitar and mouth organ selections—by Reg. Berry, Donald Goodsell, Bob Burke, and Frank Moon.

Piano Solo—Miss Florence Pane.

September—Recitation by Peter Smith and Flag Drill by Joan Grandy, Doris Mann, Corliss Boultin, Margot James, Marion Boulton, Margaret Long.

October — Hallowe'en Scene — Ghost story by Wilmer Taylor.

November—"The Big Parade" consisted of a parade of all the months to the music and singing of "I Love a Parade."

Duet—Misses Alma Goodsell and Isobel Miller.

Recitation—Vivian Ste. Croix.

December—A playlet entitled "That Troublesome Christmas Present" in which a mixup in a Christmas gift and an awkward maid proves an amusing problem. The mother, Nellie Cunnell; the father, Ernest Penlington; daughters, Hilda Yardy and Isobel Pane; the maid, Helen Stacey.

Cornet Solo—Ernest Penlington.

The accompaniments were played by Mrs. E. Weir.

Rev. F. A. Smith, rector of St. George's, and chairman for the entertainment, in a short address heartily welcomed the children and members of the congregation for their visit to the Christmas tree.

The distribution of prizes to the Sunday School classes was made by the rector and bags of nuts and candies were given ot each kiddie present.

The winners of the class prizes were:

Mrs. E. Weir's—Wilmer Taylor and Frank Moon.

Miss A. Galna's—Audrey Mantle and Marjorie Fletcher.

Mrs. F. Little's—Ruby Cunnell, (Grace McWaters, Florence Long).

Rev. F. A. Smith's Bible Class—Mary Salisbury, Eileen Whitley.

Miss D. Meyer's—Beatrice Kennedy, Dona Ford.

Santa Claus—Reginald Reid.

Miss Hill's—Reggie Hill, Constance Boulton, Marion Yardy.

Miss E. Ste. Croix's—Austin Ste. Croix, Billy Ayres, Stuart Tripp.

Mr. P. Moon's—Farley Hill, Donald Davidson Norman Armstrong.

Miss Mabel Orrill's—(Ruth Bonter, Isobel Miller), Alma Goodsell.

Miss Lillian Orrill's—Jean Wiggins, Iris Davisoon, Irene Wing.

Miss Eileen Mantle's—Vivian Ste. Croix and Barbara Hill.

Mr. C. Lockridge's—(Charles Ayres and Mary Whitley). The rest of the class each received a gift.

Miss Wilson's—Margaret Long and Margaret James.

Mrs. M. P. Taylor's—Each member received a treat.

Mrs. G. Goodsell's—Geraldine Kennedy, Marion Weatherall, Joyce Garbutt.

Mayor To Face Puck

Tonight Mayor Harry Cory will toss in the puck to open the Trenton District Hockey League. The first game is scheduled between the Trent Cottons and the Cities Service. Two outside teams will furnish the material for the night cap encounter when Brighton and Frankford meet. Last night we sauntered down to the arena and got a glimpse of the Brighton entry at practise and they had plenty of good looking material out. Lambert was not present but he will likely be on hand tonight. He will be remembered by the local fans as he wore a local junior uniform a few years ago.

O.H.A. promoters in Trenton are going to watch this league closely for material for next year when it is hoped that we will be able to again enter in the O.H.A. with a team worthy of the district.

Players on the Trenton entry in the Belleville City League have been barred from the Trenton District Hockey League until the season is over at Belleville. This does not include players on the team who are students at the High School.

Talking about hockey reminds us that Trenton will be minus Bun Lott when the locals meet Stan Hagerman's boys from the Alemite on the 4th of January, after Lott's suspension for his fistic encounter with Henn during the Christmas game with Grills' A. C.

Hand Injured on Saw

Charles Patrick narrowly escaped more serious injuries last Friday when he had his hand severely cut by a buzz saw. Mr. Patrick was walking around the machine when he slipped, throwing his hand striking the saw. He was taken to the office of Dr. Farley where ten stitches were required to close the wound. Mr. Patrick was very fortunate that he did not receive more serious injuries in the accident.

Personals

Miss Helen Taft spent Christmas in Oshawa at the home of her parents, Mr. and Mrs. Charles D. Taft, King Street.

The annual school meeting was held at Mountain View School on Wednesday. Mr. William Burkitt was re-elected as trustee.

HUNTER GOERING

Dressed in one of his famous costumes, Capt. Hermann Goering, Nazi Prime Minister of Prussia, tells a hunting story with appropriate gestures after a boar chase in Bavarian mountains. Reports from Germany indicate that Goering's men are not confining their shooting to boars, however.

Virginia Bruce, Adolphe Menjou and Wallace Beery in "The Mighty Barnum," coming to the Belle tomorrow.

Current Attractions at Local Theatres

What Local Theatre Managers Have to Say About Current Offerings

AT THE BELLE

"The Mighty Barnum"

The Prince of Humbugs Here On Saturday

A hundred years ago Phineas Taylor Barnum of Bridgeport, Conn. scorning Roget and Webster, went directly to the Bible for his synonyms. There among the Psalms and the gospels he found the "Blood-sweating behemoth" which he copied on to a poster depicting a rather mild-looking hippopotamus. Then he received inspiration to convert "fair" and "pretty good" and "large" into "mastodonic," "colossal," "Mammoth" and "leviathan."

The life and exploits of Barnum, the master showman, have been dramatized for 20th Century Pictures by Gene Fowler and Bess Meredith, and will be exhibited at the Belle tomorrow (Saturday) and Monday, matinee and evening, with the popular screen favorite, Wallace Beery as the bombastic Barnum.

All the dramatic episodes in Barnum's colorful career are accurately depicted, running the gauntlet from the grotesque to the sublime; from his initial exhibition of a three-legged frog to his exploiting and heralding the American debut of the lovely Swedish nightingale, Jenny Lind.

Adolhe Menjou has been cast in the role of Bailey, the second name of a combination that is familiar throughout the world.

Virginia Bruce plays the part of the beauteous Jenny Lind, and Janet Beecher enacts the role of Barnum's spouse, who stood by him and shared in his trials, tribulations and triumphs.

The Belle latest news of the World, a funny All-Star comedy with a host of famed funmakers, and a interesting oddity will be exhibited on the same program.

"Girl of the Limberlost"

Lending vivid reality to the "down to earth" characters of Gene Stratton Porter's famous best-seller, "A Girl of the Limberlost" gained popular acclaim at its presentation before a large audience at the Belle last night.

It's a simple story, but beautifully told, and remarkably played by such splendid troupers as Louise Dresser, as the Mother, Ralph Morgan as Wes Sinton, Marian Marsh in the title role, and Henry B. Walthall, Helen Jerome Eddy, Eddie Nugent, Betty Blythe, Barbara Bedford, Tommy Bupp and GiGi Parrish, the Wampas baby star.

Exceptional Shorts

The enjoyment of the feature attraction is enhanced by the exhibition of three exceptional junior features including Thelma Todd and Patsy Kelly in an uproarious comedy, "One Horse Farmer." Walt Disney's new Silly Symphony Kartune in full beautiful technicolor and approprooately titled "Goddess of Spring," and "Mountain Melody" a delightful harmony offering. The entire program will be repeated again tonight for the last times at 7.10 and 9.10 and is well worth seeing. You'll enjoy every unit of this excellent program.

New Year's Eve Frolic

Eddie Cantor in "Kid Millions", the wide-eyed comedian's new musical extravaganza, is announced as the feature attraction at the Belle New Year's Eve Frolic to be staged at the Belle Monday evening New Year's Eve commencing at 11.30 p.m. With Ann Sothern, Ethel Merman, Block and Sully and this year's crop of gorgeous Goldwyn girls. Five grand song hits are introduced with a finale in technicolor you'll never forget.

AT THE CAPITOL

"Kentucky Kernels"

World Famed Pair Wheeler and Woolsey

Beautiful belles and a frenzied feud are mixed together in a mint julep of merriment labeled "Kentucky Kernels', in the new comedy attraction whici opened at the Capitol Theatre yesterday.

It is well to mention that Bert Wheeler and Robert Woolsey, the inimitable comedy entertainers are starred in the title roles of "Kentucky Kernels", and you will have a plausible explanation of the rampant comedy in the production. As a pair of vaudeville magicians impersonating two gentlemen native to the South, Wheeler and Woolsey offer a bagful of new tricks which evoked a continuous stream of hearty guffaws from the premiere audience.

Concerning an age-old feud between two Kentucky clans, the plot abounds in exciting action and hilarious situations. An unforeseen crisis makes Bert and Bob foster fathers of a child heir to a Southern plantation. Delivering the boy to his family, they blunder into a terrific feud. The boys' attempts to settle the family war and Wheeler's wooing of the opposing faction's belle provide a mad and merry melange of music, girls, dancing, comedy and romance.

"Kentucky Kernels" introduces a new popular melody, "One Little Kiss", written and composed by Harry Ruby and Bert Kalmar, and sung by Wheeler, Woolsey, Mary Carlisle and Noah Beery, with a background of dances by an eye-filling chorus of gorgeous girls.

Fine performances in the minor roles are given by "Spanky" McFarland, "Sleep 'n' Eat", negro comic who scored in "Little Miss Marker;" Lucille LaVerne, William Pawley, Frank McGlynn, Jr. and Louis Mason.

THIS DAY AND AGE

Cecil B. DeMille's first production of the new screen season "This Day and Age", is the second feature attraction on this same programme. Termed "the first great spectacle of modern times" by the director, the film depicts the fight of a community's youth to combat their city's racketeers and gangsters after all legal efforts by the adult members of the community have failed.

This picture is announced as a true DeMille epic, revealing the same masterful handling of mobs, the same realistic touches that brought fame to his previous classics, "The Sign of the Cross", "The Ten Commandments" and "The King of Kings".

"This Day and Age" reaches surging heights when it presents a mob scene in which five thousand youngsters have put a racketeer on trial for his life in a "kangaroo" court. Kidnapped by his own subversive methods, the racketeer is brought by the mob to the old abandoned quarry and there "sweated" for a signed confession. Then he is ridden on a rail back to town, and the mob breaks into the home of the judge who had once acquitted their captive of a murder charge and forces the jurist to witness the confession.

DeMille has assembled a "youth" cast to portray the characters in his story.

A Krazy Kat Kartoon "The Curio Shop" and Capitol News complete the programme. Last complete show 8.45.

TOMORROW ONLY!

Thrilling action serial "The Red Rider" with Buck Jones and his horse "Silver".

INSUFFICIENT WATER

Powelton, W. Va., Dec. 28 (AP) —Clarence L. Jarrett, State Labor Commissioner, today said he believed an insufficient supply of water in the boiler of the locomotive caused it to explode and kill 16 miners aboard a train enroute to work yesterday.

"There is no question about the cause," said Jarrett after an investigation. "The water was low in the boiler; just why, nobody has been able ot determine. The crown sheet was red hot for half an hour after the explosion."

DYNAMITE BLAST PUZZLES WORKERS

Say Fatality Caused When Leading Wire Not Connected

Sturgeon Falls, Ont., Dec. 28 (CP) —Officials were prepared today to open the inquest into the dynamite explosion which yesterday killed Emile Lachance, powder man on the Front Street rock-cutting job, and injured two other workers.

An investigation revealed that Lachance was "loading the shot," or connecting the electric detonators to the lead running to the powder house when, due to some mysterious mishap, the dynamite exploded. Flying rocks killed him instantly.

Other workers on the job could not explain the explosion. They said the leading wire was not attached to the battery, a condition which, they say, is necessary to set off the caps.

Seven dynamite holes had been filled and covered Thursday and Lachance was about to connect the two end wires to the lead when he discovered he needed another little piece of wire to complete the job. He asked another employee to get the wire for him, and it was while the other man was returning from his errand that the dynamite exploded. Men standing near Lachance said he was holding in his hands the ends of a chain which had been wound around a number of logs to cover a dynamite hole just before the blast.

Was There Shortcircuit?

Some of the witnesses said they believed Lachance dropped one of the chain ends just prior to the explosion, but others were certain he had not. The possibility that the end of the chain might have been dropped and struck the bare ends of the two wires that were to be attached to the lead, thereby causing a short circuit, was being considered.

The explosion inflicted severe injuries to the right leg and hip of Joseph Paquette. He was admitted to the hospital here. His condition is not serious. Joseph Deschene, also hit by rock, received only minor hurts.

Barnabee Lecuyer, who was standing nearby at the time of the explosion, had the back of his coat torn off, but was not even scratched.

The rock-cutting work in which Lachance was engaged has been in progress about a year and a half and at present about 100 men are on the job

ASSOC. QUALITY CANNERS LIMITED STUDIED AT PROBE

(Continued From Page 1)

with the Whittall Can Co. Ltd., of Montreal, which owns approximately 70 percent.

The Associated Company, the Commission was told by W. H. Woodrow, Toronto auditor, controlled Belleville Canners Ltd., and Grimsby Pickle Co. Ltd., and had an investment of $4,000 in Canned Foods Ltd.

In 1934, Associated Canners operated eight of its twelve plants, all in Ontario. In 1933 they had nine idle plants.

Woodrow told the Commission he had been advised unofficially by officials of Associated Canners the Whittall Company purchased control in order to secure an outlet for its products.

Associated Canners purchase fruits and vegetables from farmers on contracts similar in terms to those of Canadian Canners Ltd., Woodrow said. The Company refused to grant contracts for tomatoes unless the farmer also contracted for a certain acreage of peas, beans or corn. Company officials, Woodrow said, endeavored to take the whole output of the farmer, even if it exceeded the contract figures.

The Company supplies the seed or plants to the growers at cost except pea seed which is sold at a loss. Since 1930, the Company has had a loss of $120,600 on pea seed supplied to farmers.

Sale of Peas

"Did you discover this, Mr. Woodrow, that since there is a limited number of canners—The Canadian Canners and Associated Quality Canners—which put up peas, it might be a deliberate policy of these companies to sell pea seed at a loss to the growers in order to discourage other smaller companies from going into the pea-canning business" asked Mr. Sommerville.

"I couldn't say, sir," was the reply.

If the farmer was paying the proper price for his pea-seed he would probably get $10.35 a ton more for his peas, said witness. This statement was objected to by Chairman W. W. Kennedy.

"We are getting into the realm of speculation," he said.

Woodrow agreed with Alex M. Edwards (Cons. Waterloo South) that in providing the farmer with pea-seed at a loss, the Company was also taking the risk of a possible loss.

Mr. McIntosh interjected that the farmer paid "nothing" for his seed. The cost was deducted from the sum due the grower after the crop was harvested.

The company's pack declined very sharply in the last four seasons. In 1930 a total of 71,206,919 pounds of fruit and vegetables was packed, but last year this had dropped to only 2,932,843 pounds. The auditor explained this as due to the huge carry-over from previous years. No tomatoes or beans were packed in 1933.

Woodrow had no explanation why Associated Quality Canners suffered so severely in 1932 and 1933 in comparasion with the business of Canadian Canners.

Prices Paid Show Drop

Prices paid to growers showed a heavy drop. In 1930 tomatoes sold at 45 cents a bushel, but this year the price declined to 27 1-2 cents. Other decreases were:

	1930	1934
Peas (ton)	$ 54.86	$35.35
Corn white (ton) .	12.00	8.00
Corn G.B. (ton) ...	12.00	10.00
Asparagus (ton) .	300.00	189.46
Beans (ton)	70.13	——
Spinach (ton)	35.26	27.00
Pumpkin (ton) . ..	5.15	5.00
Carrots (ton) . . .	36.43	——
Beets (ton)	40.00	——
Peaches lb	.03	.02½
Pears lb.	.03	.03
Strawberries qt.	.11	.08
Raspberries pt box .	.09½	.08¾
Cherries lb.	.04	.03¾
Plums lb.	.02½	.01½ to 2 cents.
Pears, Kiffer lb.	.01¾	.01

The Associated Company did not follow the example of the Canadian Canners and pay five cents a bushel more than the contract price to growers for tomatoes in 1934.

J. L. Ilsey, Lib. Hants-Kings, referred to the heavy losses of Associated Canners in the last few years. He wondered what would have happened to the company if some government agency had set a price higher than it could pay. A policy of this sort "might drive competitors of Canadian Canners out of business.

NAMED HONORARY COLONEL

Ottawa, Dec. 28 (CP)—Major-General H. A. Panet, D.S.O., has received the appointment of Honorary Colonel Commandant of Canadian Artillery, it was announced by the Department of National Defence today. He commanded the Second Division, Canadian Artillery during the Great War and later was Officer Commanding Military District No. 1, London, and Military District No. 2, Toronto. He was Adjutant General at Headquarters from 1923 to 1930.

BOARD ROOM GOSSIP

SMELTER GOLD

It is reported that progress is being made in diamond drilling at Koch-Daneff property of Smelter gold in eastern portion of the Sturgeon River gold area with a fourth hole now underway. It is planned to continue diamond drilling for some months. A development now reported is the picking up of eastern section of Dikdik vein at a point 2700 feet east of boundary of Dikdik and M. Koch-Daneff and drilling is being conducted along this strike.

STURGEON RIVER GOLD

Subsidiary of Coniagas has opened up another section of its rich vein making total length of 900 feet. The original 260 feet went 5 ozs in Gold over 9 inches and new section is said to be even richer. Deep drilling is now proceeding.

PROSPECTORS AIRWAYS

One of the most important finds of the year is how the miner sizes up Prospectors Airways new find at Rose Lake 70 miles north of Senneterre, Quebec. The find is opened for 500 feet and is said to show one ounce of gold over two feet widths.

MINING CORP OF CANADA

Issued capital 1,754,006 shares. Current price T.S.E. $1.10. A Holding Company. Principal assets consist of a 70 per cent—2,100,000 shares—in Ashley Gold Mining. About 1,000,000 shares of Base Metals Corp. Over 100,000 shares of Hudson Bay M. & S. Co. holdings in several dormant gold and silver prospects. Stock has had sharp decline from high of $2.45 this year due chiefly to drop in market price in both Ashley and Base Metals. Present outlook for Ashley is poor. Base Metals is dependent on lead and zinc prices. On an asset value —both actual and potential—basis the stock is cheap but it lacks speculative attraction due to, poor outlook for Ashley and steady decline in Base Metals coincident with drop in lead and zinc prices and unpopularity of holding companies.

ANGLO HURONIAN LTD.

Issued capital 1,252,605 shares. Current price T.S.E. $4.20. This company represents a merger of Vipond Consolidated Keeley Silver Mines and Anglo Huronian Mining and Finance. The company is developing much attention to mining prospects in various areas. In addition to revenues from producing Vipond Mines Company has large paper prospective profits on holdings in McIntyre Dome and several younger mines. Cash and marketable securities alone are equal to $4.00 a share. Silver properties are potential sources of revenue. A speculative investment backed by liquid assets nearly equal to current market valuation.

RAILWAY WRECK INJURED IMPROVE

Three of 29 Travellers Discharged From Hospital

Hamilton, Dec. 28—(CP)—With but one or two exceptions patients in hospital suffering from injuries received in the Christmas night C. N. R. train wreck on the Dundas mountain are recovering rapidly, according to a report issued by the assistant superintendent, Dr. Myles G. Brown. Three of the 29 travellers in the hospital were discharged yesterday and allowed to proceed home.

Cyril McBride, Toronto, who suffered a badly lacerated temple, was one of the three. The other two were W. McCauley, (116 Garfield Avenue) London, whose injuries consisted of an injury to his groin and right thigh and George Troy, Montreal, whose spine was hurt when he was hurled out of the seat in the London special he occupied.

A. M. Smith, London, Capt. Muir and Mrs. J. Bayes, both of Toronto, were discharged previous to yesterday afternoon and, as a result of yesterday's departures, there are only 26 injured persons now confined in hospital.

MINIMUM WAGE RULES TIGHTENED

Montreal, Dec. 28.—(CP)—Minimum wage regulations in Quebec Province will be tightened on Jan. 15th to prevent evasions by employers, according to announcement by the Minimum Wage Board.

The new code, details of which are still to be made public, will require Department, Chain and Retail stores to pay a certain percentage of their women workers the highest rate in the present schedule.

NAVAL SITUATION FACED

LONDON, Dec 28—(CP-AP Cable) —Admiral William H. Standley of the United States and Admiral Isoroku Yamamoto of Japan met today to discuss the naval situation as it appears now the tripower discussions have broken up. Yamamoto, among others, was Standley's guest at a luncheon.

NEW YORK CLOSE

New York, Dec. 28 (AP)—Stocks pushed steadily upward today with advances of 1 to around 3 points predominating in the late dealings. Trading which was moderate, was marked by considerable number of cash transactions for tax purposes. American Can and Liggett and Myers B rose 3 points each, U. S. Steel, General Motors, Chrysler, N.Y. Central, Du Pont and American Telephone were 1 to 2 higher. Transfers approximated 1,150,000 shares.

WALL ST. FINANCIAL

New York, Dec. 28 (AP)—Moderately optimistic sentiment dominated the stock market today and prices generally displayed firmer tendencies.

Although there was considerable year-end tax selling for cash — transactions for regular delivery having ended yesterday—this was absorbed without any disturbance and usually at higher levels. Bonds were without any decisive trend.

Canadian shares were generally quiet. Dome, International Nickel and Canadian Pacific ruled steady to slightly higher. On the curb Hiram Walker got up around a point. Dominion Government 4s, improved a trifle. Canadian funds were off 3-16 of a cent at 100⅛ cents.

Shares of U.S. Smelting, Liggett and Myers B. and Wilson and Co. preferred got up more than two points each and others, up fractionally to a point or more, included U.S. Steel, Armour and Co., American Telephone, Consolidated Gas, Western Union, Westinghouse, Case, American Can, Goodyear, Standard Oils of California and New Jersey, and American Rolling Mill.

TORONTO STOCKS

Toronto, Dec. 28—Action in Distillers Corporations-Seagrams dominated the industrial section today, the price of that distillery issue advancing 1½ to 16½ on heavy volume. Short-covering was reported to have helped the upward movement. Other liquor shares followed, Walker's common gaining more than a point and Industrial Alcohol A. ⅝. The general market tone was strong.

Ford A., Brazilian, Nickel and C.O.R. were all taken in good volume at higher prices and the leading oils sold up ⅛ to ⅝. Massey Harris backed up a little under profit-taking while Cockshutt Plow advanced.

TORONTO MINES

Toronto, Dec. 28 (CP)—The mining market continued slow today with trade showing some improvement in the early afternoon. Reno was a favorite and it climbed about 15 cents under heavy buying. Premier was also taken in quantity and the price advanced to the $1.50 mark.

Copper stocks were in poor demand and moderate recessions came out for Noranda and Hudson Bay while Sudbury Basin continued strong. The general tone of the silver group was strong with trading substantial in Eldorado and Castle.

Ethiopians and Italians Clash at Guerlogulio

Addis Ababa, Dec. 28 (AP)—An unconfirmed report received here today said Ethiopian and Italian forces had clashed again today at Guerlogubi, 40 miles west of Ualual with numerous casualties.

Relations between Italy and Ethiopia have been strained in the past several weeks as a result of a series of encounters between their garrisons stationed along the undefined frontier between Ethiopia and Italian Somaliland.

Olympics Defeat Indians And Stars Take London

By the Canadian Press

They're putting plenty of action into the International Hockey League fixtures these days.

Last night in Detroit the Olympics took the measure of the Cleveland Indians 5-2 and for a time, captains of both squads were on the outside looking in on the match that saw seven minor penalties, four misconduct bans and one major meted out.

Nine minors and one misconduct penalty were doled out in London where the league-leading Tecumsehs lost 5-1 to Syracuse Stars. The Tecs still remained at the top of the standing though while Syracuse moved into a three-way tie with Windsor and Buffalo for second position.

Detroit's win over Cleveland gave them a tie with their opposition for last place, Ronnie Moffatt, Detroit captain was chased for the rest of the game in the third period for protesting a $15 fine levied on Sparky Vail for using abusive language with Referee Mickey Ion. Just previously Vail, who captains the Indians got a misconduct penalty for the remainder of the game because he would not leave the player's bench. Uniformed policemen removed him.

N. H. L. STARS

(By the Canadian Press)

Alex. Connell, Montreal Maroons, who played brilliantly in goal to give Maroons a 1-0 victory over Boston.

Rabbit McVeigh and Normie Himes, New York Americans, who led the Amerks in a great rally that forced Toronto into overtime before the league leaders could win 4-3.

Pep Kelly, Toronto Maple Leafs, whose overtime goal on Harold Cotton's pass decided the Leafs-Americans game.

Bill Beveridge, St. Louis Eagles, who stopped 41 shots while his team made a mere 26 do the trick against Detroit Red Wings.

Crushing Defeat is Handed Detroit Red Wings by the Improved St. Louis Eagles

Score is 5-2 And They Were Best All Through Piece

LEAFS WIN

Pep Kelly Scores Winning Goal Against Amerks in Overtime

(By Elmer Dulmage, Canadian Press Staff Writer)

The much-looked-down-on St. Louis Eagles, who have been no great shakes in this National League hockey campaign by any method of examination, are nevertheless keeping good company. In the Canadian section cellar, they stand only a single game behind the New York Americans, who seemed to be heading somewhere just recently, and are only two points behind New York Rangers.

This may be faint praise for the Eagles but there was nothing faint about the crushing 5-2 defeat they scored over Detroit's Red Wings, the National League champions, last night. It followed a tie last week with Toronto Maple Leafs, leaving the Eagles in a position where they can still look only upward, but more hopefully.

While all other brigades except the implacable Maple Leafs are being bumped about, losing almost as many or more than they can win, Eagles seem to be getting organized at last. They are actually picking up ground at the expense of some and holding their own with the best.

Went on Scoring Spree

The Eagles went on a real scoring spree against the Red Wings, Nick Wasnie, Glenn Brydson, Carl Voss and Syd Howe slashing in scores in the first two periods. Johnny Sorrell cut the lead in half with two quick goals at the start of the third period but St. Louis let nothing else pass and old Frank Finnigan banged in an additional tally for good measure.

Meanwhile Toronto was defeating the New York Americans 4-3 in overtime at New York and Montreal Maroons were gaining a 1-0 shutout over Boston Bruins. The defeat was pretty tragic for the Americans because it left them only a game ahead of St. Louis and consolidated the hold of Montreal Canadiens on third place.

But the Americans made a smashing drive to pull an apparently lost game out of the fire after Toronto had scored three goals in the first period. Buzz Boll got two of these tallies and Joe Primeau the other. Any team that can wipe out that margin on the Leafs scarcely deserves to be only two points ahead of St. Louis.

Led by Rabbit McVeigh and Normie Himes, the Americans did it. They piled in on a team that seemed content to let the New Yorkers have their fun and five minutes from the end of the third period they made the score 3-3. McVeigh got first, Lorne Carr the second and Eddie Burke the third. Himes and McVeigh were involved in two of the goals.

Kelly Scores Winning Goal

But in the overtime Conny Smythe's mighty machine aroused itself once more, young Pep Kelly shooting the winning goal in two minutes and 44 seconds on Harold Cotton's pass. It was the 15th. victory in 18 starts for the Leafs who have lost two and tied one.

Big Nels Stewart, who has been doing some noble sniping for the Bruins of late, was hustled into the penalty box at Montreal for roughing things up with a high stick near the end of the first period. The Maroons immediately got a goal, Hooley Smith scoring during a ganging attack.

Alex. Connell gave a brilliant display for the remaining two periods to prevent the Bruins from scoring. Stewart, Charlie Sands, Marty Barry and other Boston forwards made it hot for the veteran.

"OULD SOD" HIS MAT

DANIEL O'MAHONEY

After pinning a number of wrestling aspirants to the "ould sod" Daniel O'Mahoney, Irish wrestler, who boasts a record of 17 victories in 17 minutes, arrives in America to do a bit of grappling.

Max and Buddy May Play But Other 'Heavies' Worse

The Baer family, Max, Papa and Buddy

By BILL BRAUCHER
Central Press Canadian Sports Writer

New York, Dec. 28—A glance over the list of large persons who call themselves heavyweight fighters is discouraging. Perhaps Fred Fulton wasn't so very bad after all. He did knock out Carl Morris, you know.

There is no indication the Laskys, Levinskys and Hamases, forming the drab pugilistic picture of today, could do as well. Not since Tom Cowler and Porky Flynn dragged their weary torsos from canvas to canvas has the scene been gloomier.

Art Lasky and Kingfish Levinsky, who might be called the two Morrises of the period, surely must be worse than Morris could ever hope to be, for Carl did win a fight from Fulton on a foul.

Steve Hamas, following a victory over Max Schmeling, wraps his cloak about him and asks to be called whenever Max Baer is ready to box him for serious money. Charley Harvey, who built Tom Heeney into a world championship match, is Steve's manager, which helps explain Hamas' reticence to take a chance on being slapped around by some obscure slugger. In other words, Uncle Charley is too smart to show Steve too much.

Bill McCarney emerged from the woods the other night with a world-beater named Steve Dudas (where are all these Steve's coming from?). But after losing a decision to Able Feldman, McCarney's discovery begins to look very unlike another Dempsey.

Max Baer, head man, is on tour with his brother Buddy. The trip is reminiscent of Primo Carnera's journey from town to town knocking down the popovers under careful supervision of Leon See and Bill Duffy. There is this much cheerful difference however: Buddy is not as bad as Primo was, even though the big boy still is in his teens and lacks ring experience.

Certainly it cannot be said that Buddy is a logical contender for the crown brother Max checks at night clubs here and there, but of all the big fellows around now, he looks most promising from this corner.

And, having seen him hit, I wouldn't want to come right out and say he won't become champion some day. The young man certainly can sock.

Of course, the customers are not clamoring for a bout between the Baer brothers, Inc., but by the time Max is through—and Max's time flies—Buddy may be the best man available to take over the job.

How that could be worked out remains a guess.

SPORT .... SHORTS

RICHEST

The Agha Khan, spiritual ruler of India's moslems, and known throughout the sporting world for his racing stables, was the 1934 money-winning leader in British racing circles. He netted $124,785 against $80,800 for Lord Glanely, his nearest competitor.

WARNING TO PRIMO

George Stefanescu, giant Roumanian youth now training under a boxing tutor, has but one aim—to beat Primo Carnera. Stefanescu is seven feet two inches all and weighs 330 pounds. He thinks he may beat Baer as well as "Da Preem."

RUNS AT 77

Dr. Graeme Hammond, 77, former track star of Columbia university, runs three miles at least twice a week "just to keep in shape."

ON THE FENCE

M. E. Nunn, whose job is to publicize the Crimson Tide, which is University of Alabamas football team, is on the spot. He liked this job fine until Alabama was invited to meet Stanford in the Rose Bowl classic. Nunn is a graduate of Stanford and usually one of their ardent supporters.

OWLS' TEAM

Temple university football team, who play Tulane in the post-season "Sugar Bowl game" at New Orleans can claim to be an "owl" team—more than a dozen of their best players were spectacles.

THE BIG SEVEN

(By the Canadian Press)

The four-way tie for last place in the National Hockey League's big seven was reduced to two today, Marty Barry of Boston and Earl Robinson of Montreal sharing the cellar rung. Separating them from the second place Charlie Conacher of Toronto were four Detroit Red Wings, while Harvey Jackson of Toronto, made his first-place points total 24 last night by getting an assist.

The standing.

THURLOW TWP. COUNCIL

Cannifton, Dec. 15, 1934.

Thurlow township council held its final meeting of the year.

Minutes of November meeting were read and approved.

Moved by Robson and Walker, that $4.17 be deducted from C. Parm's taxes owing to a mistake of $100 in assessment, also that error in assessment of S. E. Townsend be collected.

On motion of R. Robson and F. Walker, Mr. W. Clarke was reappointed School Attendance Officer and Sanitary Officer for year 1935.

Reeve Gray was appointed to interview the Minister of Welfare regarding work relief for 1935 as township was notified that agreement regarding work relief terminated on Dec. 31st 1934.

Moved by R. Robson and G. MacDonald that accounts be paid.

Chief Kidd ambulance, Mrs. Kilpatrick on order of Dr. Faulkner, Dec. 1933.—$6.00.

Phillip Shannon, 2 lambs killed by dogs—$10.00.

Harry Dunning, 1 ewe killed by dogs.—$5.00.

S Pope pay for 2 acres for quarry —$200.00.

W. Clarke, S.A.A. to account — 80 cents.

W. Gray to 60 trips for township work $160.00. Tel. $2.85.—Total $162.85.

Road voucher No. 33—$395.17.

Harbour Commissioners Ostrom and Wills were present regarding purchasing stone for dock extension in Belleville harbor. Offer was held over for a few days.

Moved by R. Robson and F. Walker that Auditor's report be adopted and treasurer to get same printed for distribution.

Moved by F. Walker and G. MacDonald that council go into a committee of the whole on bylaws. — Carried.

Bylaws appointing D.R.O's and Poll Clerks, also township Auditors were introduced and passed, signed, sealed and numbered 912 an 913.

On motion of G. MacDonald and F. Walker council resumed for general business.

Council adjourned.

E. W. Brown, Clerk.

1934 Sport Flashbacks Reviewing Sport

Pace - Setting Maple Leafs Ousted from N.H.L. Finals

—March—

March brought to a close the National Hockey League schedule and supplied the play-off games up to the finals for the Stanley Cup. After showing themselves the class of the league during the season, Toronto Maple Leafs were eliminated by Detroit Red Wings in five hard-fought games to provide the biggest upset. Primo Carnera's defence of his heavyweight crown in an uneven match with Tommy Loughran at Miami, and the accident to Walter "Rabbit" Maranville, which closed the great second baseman's career, were also incidents occurring in March.

March 1—Sir Hubert Scott-Paine withdraws challenge for Harmsworth trophy, thereby ending possibility of 1934 renewal of cup races.

March 2—Primo Carnera, world heavyweight champion, outpointed challenger Tommy Loughran over the 15-round route at Miami, Florida, to retain title.

March 4—Doug. Grant, Halifax, N.S., captured men's singles badminton championship of Canada.

March 9—Hedy Stenuff, sensational 12 year old Austrian figure skater brought to America by Karl Schaeffer, world's champion, amazes Toronto crowds with her exhibitions.

March 9—Rink representing province of Manitoba wins Dominion curling championship.

March 17—Manchester City and Portsmouth in English Football League enter finals for English football cup.

RUSS BLINCO

March 17—Russell Blinco, rookie centre ice star with Montreal Maroons of the N.H.L. selected as outstanding rookie star for season by hockey writers.

March 20—Thirty-two Canadians draw winning tickets on horses named in the Irish sweepstakes.

March 20—United States covered court tennis singles won by Lester Stoefen, giant Californian

March 21—Bert Pearson, stellar Hamilton, Ont. sprinter, beat Ralph Metcalfe, crack Marquette University star, in 40 and 60 yard sprints at Hamilton.

March 21—New walking record over one mile course set by Hank Cleman of Toronto, who covered the distance in 6.25.7 at Hamilton, Ont.

March 28—Johnny Heving, veteran professional baseball backstop, refuses to sign with Toronto Maple Leafs of the International League.

March 28—Boston Braves' great second base veteran, Rabbit Maranville, breaks leg in practice game to close career at age of 42, after serving with the Braves from 1912.

March 30—Detroit Red Wings eliminate Toronto Maple Leafs in the Stanley Cup playoff semifinal in the fifth game at Detroit, when Ebbie Goodfellow, Red Wing defenceman, scored to break tie.

March 30—London Tecumsehs of International Hockey League win league championship after round-robin, post-schedule series.

Ebbie Goodfellow

Komonen Outclasses Field To Win Boston Marathon

—APRIL—

April saw Chicago Black Hawks capture the Stanley Cup in the playoffs, following the N.H.L. season when their smart wingman, "Mush" March, scored an overtime goal in the deciding game. Dave Komonen, great Finnish-Canadian long-distance runner, also thrilled the sporting world by winning the hard Boston marathon. Major and minor league baseball opened the regular season schedules, and the English Football Cup went to Manchester City when they defeated Portsmouth, the rival finalist.

April 3—Chicago Black Hawks defeated Detroit Red Wings 2-1 in first game of Stanley Cup finals.

"Mush" March

April 4—Moncton Hawks won Allan Cup for second straight season by defeating Fort William 5-1 in third game of finals.

April 5—Jiroh Satoh, great Japanese international tennis star, committed suicide by drowning in Malacca Straits.

April 5—Chicago Black Hawks take second straight win in Stanley Cup finals with Detroit by 4-1 score.

April 7—Visiting Cambridge University rugger team wins from Harvard University, 41 to 18.

April 7—Goalie Wilfred Cude stars as Detroit Red Wings defeat Chicago 5-2 in Stanley Cup playoff.

April 9—New speedboat record set by Mario Castoldi, Italian driver, in piloting craft over Lake Garda, Italy, at 84.30 kilometers per hour.

April 10—H. "Mush" March, wingman, scores lone goal against Detroit Red Wings after 30 minutes overtime to give Chicago the Stanley Cup.

April 11—Moncton Hawks won mythical amateur hockey championship of North America by defeating Detroit White Stars 13-3 in third and deciding game of series.

April 12—Fifteen year old Kathleen Rawls of Miami, Florida, set women's world record by swimming 300 yards in 4.12.2.

April 15—Mrs. Edna Roxy Atkins of Toronto, captured women's 50-yard hurdling championship of America in indoor track and field meet at New York.

April 15—Stella Walsh, great Polish-American runner, set new world's record by running 200 yards in 26 seconds.

April 16—T. O. M. Sopwith's yacht, Endeavour, 1934 challenger for Americas Cup, launched at Gosport, England.

April 17—Major league baseball season opens. Lon Warneke, Chicago Cubs, hurls two-hit game, fanning 13 batters, against Cincinnati Reds.

April 18—International League baseball season opens.

April 19— Dave Komonen, Finnish-Canadian marathoner, from Sudbury, Ont., won Boston marathon from classy field by covering 26 miles in 2.32.53 4-5.

April 20—Tommy Gorman, manager of Chicago Black Hawks, unexepectedly resigns after leading Hawks to Stanley Cup.

April 21—Bob Pirie, of Toronto, set new middle distance swimming mark at Y.M.C.A. international meet in St. Louis, swimming 440 yards in 5.03.3.

Dave Komonen

April 27—Joe Wright, Jr., Toronto, former winner of Diamond Sculls, critically ill from blood poisoning.

April 28—Manchester City wins English Football Cup by defeating Portsmouth 2-1.

April 29—Harry "Hank" Cleman, Toronto, wins United States Amateur Athletic Union walking championship by beating field of 38 in 50,000 metre walking trials at Cincinnati.

LEAGUE LEADERS

(By the Canadian Press)

Canadian Section

Section—Toronto, won 15; lost 2; tied 1; points 31.

Points — Jackson, Toronto, 17 goals; 7 assists; 24 points.

Goals—Jackson, Toronto, 17.

Assists—C. Conacher, Toronto 11.

Penalties—Horner, Toronto, 47 minutes.

Shutouts—Hainsworth, Toronto 4.

American Section

Section—Chicago, won 10; lost 5; tied 1, points 21.

Points—Welland, Detroit, 8 goals; 10 assists; points 18.

Goals—Barry, Boston, 9.

Assists—Aurie, Detroit, 11.

Penalties—Coulter, Chicago, 30 minutes.

Shutouts—Thompson, Bruins 4; Chabot, Chicago 4.

CURRENT SPORT

(Day By Day)

Last night's local intermediate O. H. A. practice looked more promising, when a goodly number of aspiring players were on hand to battle for the various positions available. Manager Eddie Thomas trotted out two full teams and the lads took full advantage of the hour's practice. Besides the players out last night a few new faces were added. Joe Gould guarded the nets at one end with George Scopis doing similar duties at the other. Barney York, of the Trenton Imperials, looked like a sure-fire bet for a defence position, his style of play standing out during the work out. York is a good defence player and carries the puck well. A smart line made up of Roy Covert, Harry Morgan and Cy Barriage seemed to be clicking with some degree of consistancy in the matter of combination. Carl Morgan was seen dropping back on the defence at times along with York and went to make up a fairly good starting team. Bob Hull and Alex Weir were at the opposition end of the ice surface with St. Denis, Day, Ethier and Connors sharing alternate play. All in all the work out proved most satisfactory to all present.

The local intermediates will take to the ice at Port Hope in their initial O.H.A. game of the season tonight, bedecked in bright scarlet uniforms, the property of the United Cigar Store, Manager Thomas' new unies not having arrived in town as yet. This morning Skipper Thomas announced that he was angling for the services of Roy Wilson, Fred Bentley and Ran Card of Napanee. In seasons past these Napanee pucksters have elected to play their hockey in Kingston, but this year have changed their minds and may be seen in a local uniform this season. Napanee is mid-way between Belleville and Kingston, thus giving the Gibbardites a free hand in the choice of where they are most desirous to play in the O. H. A. The acquisition of a trio of proven pucksters, the calibre of Card, Wilson and Bentley, would materially assist the local intermediates and paramountly raise their stocks. Although the local contingent has had but two practices together, they seem to be in fine condition and ready for the opening of the season at Port Hope tonight.

Visiting Gaelic football players stood on the sidelines at University of New York stadium watching the Yankee footballers at practice. A loose ball rolled to the sidelines and Mike Connaire, one of the visitors, picked it up casually and drop-kicked the oval between the post from 60 yards out. The American grid heroes stood rooted to the spot.

Two more games of city league hockey are on the sport card at the arena this evening, when the Grills and the United Cigars clash while in the night-cap the leading S.E.A.C. kidlets take on the improved Aajmaa A. C. Already some of the clubs in the city league are setting up a howl relating to the weakening of their clubs when the local intermediate team is scheduled to play on the road. President Harry Rollins stood pat by the league rules last evening, however, reminding all clubs in the loop that this very question was firmly and forcibly dealt with at the annua meeting and would be carried ou to the letter. All clubs in the cit league agreed to carry out thei schedule regardless as to wha players might be drafted by the lo cal O.H.A. teams. Of course, slight change in the city loop sche dule might relieve such repetition in the future.

All the clubs in the league shoul take heed in regard to league rulings and govern themselves accordingly. Already Prexy Rollins an his executive have had a number o difficult situations confronting tho and have handled each and ever one according to the rules and regu lations laid down at the organiza tion meeting. If the heads of th loop continue to rule thus, the suc cessful future of the local city ho key league is all but established.

More than the usual interest is being taken in the local city hockey league this season by merchants, business men and the general public. Yesterday Geo. Finch proprietor of the Senate Ciga Store, announced that he would donate the Senate trophy to be awarded to the cleanest and most valuable player in the city league this season. The trophy wil be a permanent one and given to the player receiving the most number of votes. The league nominated its board of referees to be the sole judges in the matter. Jack Hathaway, manager of the local United Cigar Store, is giving 10 cigarettes to the player scoring the first goal in the United - Grills game tonight. This prize is open to the players of both clubs With outside personages [illegible] pointed interest in the leag [illegible] speaks highly of the future [illegible] local city loop.

A record of its kind for pena ties was achieved in the Nationa league game at Montreal betwe Detroit Red Wings and Montre Maroons recently. Seven penaltie all by Referee Ag. Smith.

Holiday Visitors At Schoharie Home

Schoharie, Dec. 28—Mr. and Mr Roy Longwell and Douglas wer Sunday guests of Mrs. Mildre Benson.

Mr. and Mrs. Harold Walter Rose and Homer spent the tea ho on Sunday with Mr. and M Angus, Bloomfield.

Spite Wife

by Ann Forester

KEEPING UP—

CHAPTER TWENTY-FOUR

The road wound abruptly off the grade into a country of sun-soaked sand-dunes.

Down by the cliff edge a three-story house stood in isolated dignity gulls wheeling and screeching about its wooden cornices. Weatherbeaten it was, standing in the midst of a neglected garden, for the Carter family visited it only on such brief holidays as this.

Today, however, the windows were wide to the sun and the sea breeze. Pon had placed bright garden chairs and grass mats on the warped wooden veranda. The sunny, square bedrooms on the second floor had been aired and made up for the guests.

Judy's elaborate fitted bag formed a whimsical contrast to the old-fashioned room. Her French perfumes and powder—lacy bits of lingerie, seemed consciously frivolous scattered over the bureau and chairs, fashioned in the mold of a by-gone generation. The old house seemed to be having a spasmodic return to youth.

Judy moved to the window and stood looking into the garden below. A tangle of old-fashioned flowers gone to see. ....There were clumps of rose-geranium and lemon verbena and old-maid's-pincushion, lavender and wine. Sweet peas, struggled above a thicket of wild rose vines. Two white butterflies hovered over the fragrant jungle and the sunny space was filled with the wash of the sea.

A sweet spot—thought the girl wistfully. If she were only here alone with Stan. She closed her eyes, trying to blot out the thought of the others—Patty's shrill laughter echoing up hall. Amy's sharp commands to Pon to bring her some hot water. Alone with Stan in this restful stillness. Their honeymoon....

It would be a restful oasis in their headlong existence. It seemed to Judy that she and Stan had been running madly since the day they had met. Stan had rushed her into love—— into marriage........ Nothing but rush since she had come to Lockwood.

If they could come here on a quiet week-end, down here in the sunny, deserted place, things would become normal. They would find each other....

Judy tried—a little shyly—to put this into words to Stan, as he stood brushing back his hair before the mirror. She could see the dark eyes flash, half amused, half impatient. Handsome Stan, who must have excitement and admiration. ....

"Oh, Lord, Jude! Have a heart! Two days of this jumping off place just about cures me! I have to have the crowd to help me through that!"

It cut into her heart. Quick pride flared up. "Too bad you can't stand your wife's unadulterated company for one week-end! That you have to have that drinking, bridge-playing crowd ....and.... Eunice Wilson...."

"Oh, Lord!" No question that Stan's eyes flashed then! "All roads lead to Rome, don't they! When you've come to your proper senses, come on downstairs!" He slammed the door as he left.

Judy leaned against the window frame, hating herself. Mingled with the anger and shame she felt was a baffled surprise. She hadn't meant to mention Eunice's name. She flew after Stan, called back in a stifled, tragic voice.

His tall figure turned at the head of the stairs. He turned slowly back, handsome face set. "What is it?"

Judy pulled him back into the room, even as something in her cried: "Don't make a scene—he'll hate it!"

She found, to her anger, that she had begun to cry. Why did she always cry when she most wanted her self-control? "Honey—please—I'm sorry....I know that sounds—petty! Please, say you forgive me——"

"Oh—sure." How weary his voice sounded. That tired indifference hurt her more than his anger could have done.

"It was the way she moved into the seat beside you....I wanted to sit there. I know it sounds silly, but—we've been together so little lately, and —I was counting on this trip——"

"Well—let's forget it. Snap out of it, now; this isn't a funeral!"

Stan's lips, tight and dry, brushed her own as Dart Tower's hall came up the stairs.

"Hey—Stan, they're serving a drink down here! Women and children first! Brass knuckles barred!"

"We'd better go on down——"

Judy listened to Stan's footsteps receding down the hall. After a moment she could hear his voice, gay and forgetful, mingling with the others.

Judy went back to the sunny window frame and dried her eyes. Something frantic was beating in her heart. What was the matter with her? she wondered in frightened bewilderment. Why did she blunder so stupidly from one scene to another?

Why should she always mention Eunice's name at the wrong time? It bored Stan and humiliated her.. It was probably because the thought of Eunice was always there, under the resentful surface— —ready to break through if she lessened the guard....

She remembered the first night she had seen Eunice's photograph. That night she had arrived in Lockwood. Something disturbing about it in the first glance....Women felt those things didn't they—women in love?

But Stan had reassured her then ....that old affair with Eunice had died. He'd married her Judy, hadn't he, just as Eunice had married Wilson?

And now, Judy thought, with a cold little sinking at her heart, her jealous love could not rouse Stan's protests. She bored him.. To bore a man was fatal to his love....Had she read that somewhere?

Don't stand here, thinking things to make her cry! This was playing right into Eunice's hands. Stan would think she was sulking. Stan sulked himself—but he hated it in others.. ..

Judy went down to a gay party, smoking and drinking in the incongruous dignity of the old parlor. The radio was blaring dance music. Pon was passing a tray of cocktails. Eunice and Stan started to dance. Stan's black eyes were defiantly mood. Their faces were ardently close and their bodies moved together like flames blown in the same wind.

Judy made a great point of not seeing them. She danced with Dart Towers, who held her too close in corners, where Amy's watchful blue eyes could not see.

She danced with Patty's colorless husband, secretly horrified and amused when she found that she could not remember his name. She told this to Nick Carter when he took her for a foxtrot a few moments later. It was pleasant to hear him laugh.

Judy tried to show them all that she was not watching Stan. She was not jealous. She'd make Stan believe that!

Across the room, thin legs crossed high in a manner incongruous on that old-fashioned sofa, Patty Warren blew a cloud of smoke between her raspberry tinted lips and said to Amy while here eyes followed Stan and Eunice about the room

"Something immoral about house-parties, I always think.. Deliciously immoral. Puts ideas in people's heads. Look over there at your good-looking brother."

Amy's lips curled thinly. "Eunice is losing her head.... Imagine the beautiful row if Wilson were here to watch his adored wife! And Stan had better watch out. That little sap is getting green-eyed!"

So much for Judy's frantic acting! She fought back her stinging pride. Laugh .... dance .... don't let this cruel audience suspect. This ghastly house party must end sometime. She could out-last them all..

A lunch, where everything was gay banter and very unreal. Eunice was in mad spirits. Her brilliant beauty had taken on a diamond edge. Her eyes clung to Stan's with bold caress.

Judy appeared not to notice. Her cheeks were flushed and she laughed a great deal. She made no protest when Dart Towers' arm strayed indolently over her shoulder. That was the way the game was played..... You played up to men ......They laughed at you if you showed you loved your own husband too much....

This was the pattern of Stan's life. He liked it. If she wanted Stan she'd have to like it, too. And she did want Stan. She wasn't going to lose him to Eunice Wilson, through any stupid move. There was no pride in her at the moment, just a great, aching love—a fierce, possessive love for Stan. He was her husband. Later at night, she would have him to herself for a few precious moments which were exclusively her own. She could hold his head on her shoulder; and shut out the image of Eunice Wilson's beautiful face....

Absurd to love a man like this—especially when you were married to the man....Absurd and —tragic.

Judy's thoughts, sweeping like wild fire across her mind, scorching her heart with jealousy while Judy smiled and kept cool, watchful blue eyes turned on the rest of the company.

UNDERCURRENTS

CHAPTER TWENTY-FIVE

Judy slept little that night. The nervous alertness of a strange bed—the creaks and groans of the old house, expanding its wooden bones after the heat of the day—above all, the ache of her own heart, kept her awake for hours, listening to the wash of the sea filling the big, dark bedroom.

To one born inland—as Judy was, there was something fascinating and awing about the roar of the ocean. Such an infinite, surging force. As tremendous — as uncontrollable as life itself....

This same sea would be surging over its rocks when this old house and all who slept here tonight, should be dead and forgotten.... But Judy was too young to philosophize. There was no comfort in the thought.

She slept lightly and the sound of the sea became the stirring of the wind in the pear tree beneath her bedroom window back in Summerfield. There shouldn't be anything sad about that. .. But there was. Judy woke to find her lashes were wet.

She lay, with eyes wide in the dark, wondering a little wearily about it all. Suppose, by some miracle, she could be flashed back to last summer. All of this unhappy present wiped out—her marriage—Stan.... What then? And Judy knew that she would reject the miracle. She would never give up Stan.

She stretched out her hand in the dark and gently touched his sleeping figure. Stan, spoiled and wilful, but precious.... as precious as life itself. ....She wasn't modern, Judy thought, a little ruefully. She could not take the matter-of-fact attitude to marriage that most other girls seemed to take. She couldn't manage the cheerful camaraderie which existed between Mary Lockerbee and her husband, who were the happiest couple she had met in Lockwood.

She was too intense. Love to her was the gate to romance. The entrance to a land where everything was touched with glamour. Where everything—all rapture—all devotion centred in one person. She had read modern books—she had scoffed at such devotion as "mid-Victorian". She had even staged very mild petting parties with Ken Baker—she had supposed in some vague way that she would marry Ken some day....and then she had met Stan.

What a stormy married life they were having! What a comedy it would make....the new wife forced into almost daily contact with the old sweetheart....She must have lost her sense of humor; she could not see the joke.... Oh, well, the first year was the hardest. Wasn't that what everyone said? She'd look back on this some day and laugh..

The next day—swept again into the hysterical gayety of "the crowd". Judy very gay—determined to be one of them. Drinking as many gin-fizes before breakfast as Eunice did. Laughing merrily at Dart Towers' clever—if slighty off-color—stories. Eagerly in for every plan that Stan proposed. Anything to fit in. To show Stan that she belonged in his world.

They went surf bathing that afternoon off the small crescent of beach below the house. A deserted beach most of the year, but blossomed now into a profusion of gay parasols, steamer chairs, bright cushions. There was ever a bridge table set under an awning where Patty Warren and her husband started a game with Amy and Dart Towers, all in bathing suits.

As highly colored, as glamourous as the bright advertisements in the backs of the magazines, thought Judy. The sort of house party she had read about back there in the quiet Summerfield library. How strange, thought Judy to realize that she would still be back there in the library, sitting behind the ugly yellow desk with Miss Briggs if it hadn't been for the freak of fortune which brought Stan to visit in Summerfield.

It was just such slim chances which turned destinies.... Only a chance that she was out here on this beach with these people.... people whom she really didn't know, after all, and who were nevertheless. making up her life.

TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs

Copyright, 1932, by Edgar Rice Burroughs, Inc. Distributed by United Feature Syndicate, Inc.
Rex Maxon
K-38

Promising the rBitish future information concerning the weakness of the Reds' defense lines, Tarzan announced his departure. Leaving the Colonel's staff he chanced to pass a slight officer whose face he could only partially see.

The firelight revealed the officer's upper features, giving Tarzan a brief glimpse of a vaguely familiar face. "Probably some officer I have met in London," he said to himself and went his way, passing safely the watchful outguards.

Hours he moved across Kilimanjaro's foothills. Toward dawn he settled himself to sleep. Kudu, the sun, was well up when he awoke. Stretching his giant limbs, he swung lightly to earth.

He had a definite object, the capturing of a certain Red spy alive. He had watched her in Red Headquarters deliver a message. Now he was positive he had seen that same girl in the British lines, disguised as an officer.

Little Benny's Note Book

I was late for supper again today, being a bad day to be late on account of it being about the 3rd time this week and pop proberly being tired of warning me, and I peeked in the front door and pop and ma was back in the dining room looking like 2 people about half ways through, me thinking, Aw, rats on the luck, heck.

And just then I had a good ideer and I closed the front door easy and snuck up to my room and changed my shoes and came down again, making a fearse noise coming down on account of not wanting anybody to think I was just coming in from the street, pop said, For Peet sake what are you, one boy or a thousand bricks? Do you meen to say you've been in the house all this time? he said.

All what time? I been upstairs changing my shoes because they were wet from the rain and ma dont like me to sit around catching a cold in wet shoes, I said, and ma said, My goodness I should say I dont, wet shoes are the cerse of good health at all ages. Sit down and start your supper, she said.

Wich I started to feeling lucky, and pop said, How in the name of petrified mollasses could you possibly take any such length of time to change your shoes?

Well G, pop, there was 2 knotts to undo in my shoelaces, and you know how slow I am about knotts, I meen I'm slow for other people even when I'm fast for me, and then G wizzickers one of my shoelaces had to go and brake on me and it took a lot of time wondering whether to find a new one and put it in or elts just tie the end together, and that's what I finely did.

O, all rite, all rite, pop said. But say, when was all this famous rain, it hasn't rained today, he said, and I said, I know, no sir but it drizzeled a while yestidday and they got pritty wet and I happened to think they still felt a little kind of partly damp.

Yee gods go on with your supper if you can with a conscience as gilty as yours must be, pop said.

Wich I did easy.

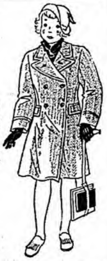
Special Value in Misses'
Silk Crepe and Chiffon
Frocks

Frocks here that you'd expect to pay more for—and you would if they weren't greatly reduced! Soft, filmy chiffons, for afternoon and evening wear, the smart silk crepe frocks for which you will find more than one purpose — both are included and in a smart range of detail interests that offers splendid choice and selection. Colors, too, are smart and include the season's leading successes. Sizes from 16 to 20—including a few half sizes.

4.95 and 6.95

—second floor



Children's
Coats

Specially Priced for Saturday

Smart Tweeds in those patterns which are popular with the kiddies—or you may have your choice of the smart chinchillas —both are in this group and are specially reduced to afford you big savings in this line. Sizes from 8 to 16 years—smartly tailored and cut with that youthful line which suits well girls of these ages. The sale prices, Saturday

8.95 and 10.95

Men's Overcoats
In Leading Styles

A splendid choice for any man who wants to pay 19.50 for a coat. Well tailored and finished throughout—smart men's and young men's models—both in smart styles which lead for this season. Warm, burly and good appearing—sizes from 36 to 44. We have priced them specially at

19.50

—men's store

Men's
Heavy Ribbed Combinations

A splendid weight combination for wearing right now—of wool and cotton yarns, a popular style of combination with long sleeves and ankle length legs. Sizes from 34 to 42. Suit **1.35**

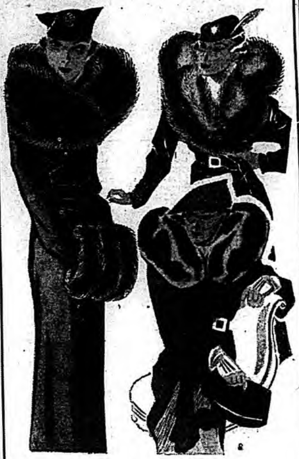
Boys' Corduroy
Breeches

Reinforced with double seat and knees. Of sturdy corduroy, hard wearing and very warm. Fully lined. Sizes from 25 to 34. Special, pair **1.69**

Men's Lined
Work Mitts

Made of muleskin, horsehide and calf leather—a choice of styles, some with snug fitting knitted wrist bands. Prices, pair **45c to 1.00**

SALE OF COATS



Great Price Reductions!
Big Value!
Splendid Assortment!

This includes our entire range and stock of fine quality coats, in the leading Fall and Winter Styles—rich fur trimmings, new and novel in design, on fabrics which were never smarter —that's what this big sale offers you, and every garment at a price that stamps it as outstanding value. Note the prices listed below, in five distinct groups—and every price affording you substantial savings over the original price.

Group No. 1, sale price **45.00**
Group No. 2, sale price **25.00**
Group No. 3, sale price **19.75**
Group No. 4, sale price **14.95**
Group No. 5, sale price **8.95**

Handsome Radio Benches

Beautifully designed and upholstered in dogcloth, finished with bullion fringe as a trimming. A choice of colorings, the wood frames of selected wood, well finished. Reg. 4.75. Sale price, each **2.98**

Unfinished Medicine Cabinets

The popular two shelf style, with plate mirror on front of door, and in a size of 12 x 16 inches. Strongly made, and left unfinished for you to paint any color you may wish. Each **98c**

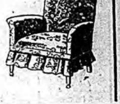
Fibre Window Shades

Lightweight, yet remarkably strong, these fibre paper window shades in plain green, or cream. Mounted on a strong spring roller, and complete with all fittings necessary to hang. Size 36 x 70 inches long. Each

35c 3 for 1.00

Upholstered
Bedroom Chairs

Reg. 4.75 to 6.50



That Christmas cheque will be invested well in one of these gay colored bedroom chairs at this special reduction in price. Several styles, some with valance trim, etc. Upholsterings include both chintz and figured sateen. On account of the limited number we advise early shopping. Similar to sketch, but without arms. Each

3.98

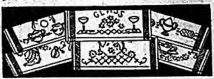
—main floor rear

Horrockses' Famous Stamped
Pillow Cases

The famous Horrockses' pillow cases, already stamped for embroidering, a fine even weave of cotton threads, snow white and finished with hemstitched ends. A nice variety to of pretty patterns to make a selection from.

Special Pair 69c

—main floor right



Stamped
Linen Glass Towels

Irish linen towels for kitchen use, in a fine, strong weave, stamped on the ends for embroidering. White with colored borders of blue, rose, green, mauve or yellow. Excellent size. Each **20c**

Lily Brand 4-ply Knitting Wool

A fine, even, 4 ply knitting yarn, in popular shades of maroon, mauve, jockey red, pink, old rose, pandora green, brown, copen blue, sky blue, black, white. In 1 oz. balls. Special, ball **10c**

Remnants Clearing
1/3 to 1/2 Off

A pre-inventory clearance of remnants of silks, cottons, woollens, linens, and rayons —odd lengths that are very useful and are priced for big savings. Lengths vary from ½ to 2½ yards—in a selection of patterns, colorings, and widths. Reduced, each ..

9c to 2.98

—main floor rear

Kitchen Size
English Colored Stripe
Towels

The popular kitchen size, in striped terry towels, sturdy, and well woven, with colorful stripes in red or blue on natural ground. Special, Saturday, pair **25c**

Clearance! 38 inch Printed
Silk and Rayon Rough Crepes

150 yards only at this pricing, and it's so low that we feel sure it will clear quickly, probably within the first few hours after store opening. A splendid choice of popular leading shades, in crisp, clean cut patterns which border on the modern trend. Remember, the price per yard is only **59c**

54 x 54 Inch
White Cotton Damask Cloths

Nothing gives so much service for everyday use as these snow white cotton damask cloths—and the price makes it possible to select two or even more. 54 x 54 inch, a good size for the average table. Special, each

49c

350 Yards Colored Stripe Flannelette, Special Yard 17c

Teconit Combinations

Of Silk and Wool

A fine quality, splendid weight combination of silk and wool yarns, designed for extra comfort and warmth during winter. Ankle length legs, and with long sleeves—soft and warm, they come in women's sizes 38 to 44. Suit **2.69**

Children's Turnbull
Ceetee Combinations

Real comfort for kiddies, too, on cold wintry days —if they wear Turnbull's Ceetee combinations. They are fine firm knit, of wool yarns, which makes them cosy and affording real cold weather protection. Sizes for 6 to 14 year olds. Suit .. **1.79**

—second floor

Snow Shovels

A long handled shovel with heavy galvanized iron blade, about 13½ x 14 inches. Each **60c**

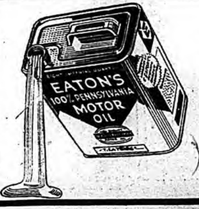
Furnace Scoops

D handle type, light but very strong. Steel scoop part about 9 x 13 inches. Each **49c**

Galvanized Iron
Coal Scuttle

Open top scuttle, about 10 inches high. Top about 17 x 10 inches. Good value and a mighty handy utensil to have in the house. Each **75c**

—basement



100% Pennsylvania Motor Oil

Refill that crankcase with this splendid quality lubricant, it's the well known 100% Pennsylvania motor oil, in three grades for winter driving. Drop in Saturday and buy your can.

BELLEVILLE, ONTARIO, SATURDAY, DECEMBER 29, 1934

DICTATORSHIP FOE OF FREEDOM, SAYS BALDWIN

NEWS BRIEFS AND ODDITIES

Salt Lake City, Dec. 29 (CP)—A record for long life is claimed by descendants of William and Jane Wilkie Hooper Blood, Utah pioneers. No adult deaths have occurred in the family for more than 72 years.

The present family consists of 10 brothers and sisters and their 158 children, grandchildren, great-grand children and great-great-grandchildren. One of the brothers is Henry H. Blood, Governor of Utah.

. . . . .

Dodge City, Kas., Dec. 29 (CP)—Police are looking for a thief who is somewhat better than the average second storey man.

Someone has stolen the huge red light bulb at the top of the 90-foot city water tower.

. . . . .

Marysville, Kas., Dec. 29 (CP)—Criminologists in listing adjuncts of banditry they would ban have overlooked the baby buggy.

Frank Smith, who pleaded guilty to robbing a slot machine of $16.90 told officers he loaded the device in the family perambulator and took it home before opening it.

. . . . .

Uniontown, Pa., Dec. 29 (CP)—William Peril, Secretary to the Fayette Country District Attorney is thinking about taking up a collection among courthouse employes.

He received a letter from a Fayette county prisoner in Western Penitentiary, asking:

"Would it be possible for you to lend me $35 so I can get a new set of teeth, I will make it up to you when I get out."

. . . . .

Chicago, Dec. 29 (CP)—The temperature was 12 above zero, but a robin was sighted by Mrs. Henry O. Sather who said she thought maybe the bird stayed over from last summer to be the first one here in 1935.

About the same time William Brunfield of Prairie Du Chien, Wis., reported he saw 41 robins in an apple tree in his yard.

The tree still has apples hanging on it.

. . . . .

Des Moines, Dec. 29 (CP)—A housewife complained over the telephone to Phil Cavender, Secretary of the police liquor squad, that her husband was getting intoxicated in a downtown cafe.

"Prohibition is over. It is legal now to sell beer," Cavender explained.

"Thank you," answered the woman, "I didn't know that."

BOY SCOUTS HOLD REAL JAMBOREE

11,000 Attend and Hear Address Read From His Majesty

Melbourne, Australia, Dec. 29.—(CP Cable via Reuters)—Fifteen thousand spectators today attended the opening of the big Boy Scouts Jamboree at Frankston, with 11,000 Scouts participating. Lord Baden-Powell, the Chief Scout, welcomed the Governor-General, Sir Isaac Isaacs.

The Governor-General read a message from the King in which His Majesty said: "I send to the Scouts of Australia warm thanks for their loyal and affectionate greetings on the occasion of the first Australian jamboree. I watch with interest and pleasure the uninterrupted growth of the Boy Scout and Girl Guide movements in the Empire and trust the spirit of brotherhood it spreads among you will continue to unite you as members of our great commonwealth. By keeping up this comradeship you are making a real contribution to the welfare of the Empire and the peace and prosperity of the world. I wish you a very happy New Year."

After the ceremony Sir Isaac inspected the camp, covering 320 acres in which Boy Scouts and Girl Guides from all nations are present.

The jamboree is still another of the great celebrations marking the centenary of Victoria and Melbourne.

GOING IS HEAVY ON RURAL ROADS

Reports of rural residents on the market square this morning were to the effect that travel through the outlying district was heavy. Many of the roads were reported to have been drifted heavily. Snow plows were out early again today clearing the main travelled roads.

MASS AND ENERGY ARE EQUIVALENT ASSERTS EINSTEIN

Speaks to Science Group at Philadelphia Contion

BEARS UPON ATOM

Fraction of Vast Power May be Freed For Human Use

By HOWARD W. BLAKESLEE
(Associated Press Science Editor)

Pittsburgh, Dec. 29 (AP)—Professor Albert Einstein Friday announced a new and simplified proof that mass and energy are equivalent, and for many practical purposes identical.

His new equations are an encouragement for that branch of physical science which hopes in the next few years to lay the foundations for a world more secure and comfortable.

He got rid of the complicated electro-magnetic fields with which this equivalence of mass (or weight) and energy have heretofore been proven. He used instead the simple collision of two material particles to prove the same thing.

It was his first important speech in the United States, and his first important announcement in several years. It was made at the meeting of the American Association for the Advancement of Science, under auspices of the American Mathematical Society.

While his audience of 400, the limit of the little theatre of Carnegie Tech, most of them holders of tickets drawn by lot, filled the auditorium from back wall to stage, Einstein slipped in by the back door and behind the stage curtain began covering the blackboards with figures and mathematical symbols.

As mathematical symbols they were unusually simple—ordinary letters and numerals, except one which somewhat resembled a snake striking.

The curtain rose with Einstein standing beside the two blackboards, his greying hair standing at all angles, a boyish grin on his face which set the audience of sceintists to chuckling. They applauded heartily.

Einstein spoke in English, for the first time at a lecture, but now and then he called on the audience to help him out with a word. "Impulses" was one that puzzled the auditors for a time until he asked for help and they discovered that he meant to say momentum.

The idea that mass and energy are equivalent goes back to 1897, even before Einstein's time. As an example of its working, if you move faster, your weight increases because of the added energy of greater motion.

At a speed of 99 per cent. of the velocity of light, it has been calculated that your weight would be multiplied seven times. Human speeds are so slow that they would not add as much as a grain of sand to a man's weight.

Developments in the last three years in science have made this mass-energy equivalence of immediate importance in investigating the nature of the nucleus of the atom.

It is from these nuclear investigations that material progress is expected. The atomic nuclei contain 99 per cent. of all matter, or all solid substances of earth and its atmosphere. None of this nuclear material has been available for man's use.

Now nuclear chemistry, a new branch of science, is just beginning to learn how this hidden 99 per cent. can be tapped. In addition to the mass, 99 per cent. of the energy of all substances is locked in the nuclei, such as the power by which a single lump of coal could run a liner across the Atlantic.

Although scientific leaders, including Einstein, do not believe this stupendous energy can all be "unlocked" as power, some of them expect to get useful fractions of it as a result of present nuclear studies.

◆

MEET IN CAMERA

Hamilton, Ont., Dec. 29—The official probe by the Dominion Railway Board into the Christmas night train accident at Dundas will open here on Monday, it was announced last night. The probe will be held in camera, and the meeting place of the officials has not been made public yet.

This morning the condition of the injured was reported by hospital authorities to be the same in all cases as it was yesterday with one exception. A slight improvement has been noticed in the condition of George A. Wilkie, Senior of Toronto.

PRESIDENT OF GREECE RE-ELECTED

Guarded by generals, President H. Zaimis of Greece is leaving the parliament building at Athens after taking the oath of office. He was re-elected to another five-year term. Members of the government, army and diplomatic corps were present at the ceremony.

WELLAND FARMER SURPRISE WITNESS

David Gilmour Says He Saw No Tomatoes Thrown Away

Ottawa, Dec. 29 (CP)—David Gilmour, a farmer of Wainfleet Township, Welland County, Ontario, was a surprise witness today before the royal commission on mass buying. From 1929 to 1932 he had contracts with Canadian Canners Ltd., for tomatoes for their Dunville plant.

Gilmour said he was satisfied with his 1929 contract but 1930 "was not quite so good. The crop was not so good and we had more dockage". In that year, Gilmour believed he had averaged 10 per cent. dockage or six pounds to the bushel.

"Was there any complaint from the farmers," asked Norman Sommerville, commission counsel.

"Quite a bit. We could not see any tomatoes thrown away. They were going through and being peeled. We saw no separate grades or tomatoes thrown away."

The year 1931 "was the worst year of all", Gilmour continued. It was a large crop of high quality but Canadian Canners shut the plant about Sept. 18 or 20. At that time, Gilmour had sold 500 or 600 bushels but had about 1,400 bushels left in his fields.

◆

Found in Snowbank Dies in Hospital

Windsor, Ont., Dec. 29 (CP)—Hugh Sharkey, 41, died in hospital today without regaining consciousness. A post mortem examination will be made by Dr. S. M. Asselstine to determine what caused death.

Sharkey was found Wednesday morning, lying in a snowbank at the foot of Jefferson Avenue. After futile attempts to revive him at Riverside police station he was moved to hospital. He remained in a comatose condition throughout the time he spent undergoing treatment.

◆

CUSTOMS ON INCREASE

Windsor, Ont., Dec. 29 (CP)—Customs receipts in the Border Cities during the year just ending showed an increase over 1933 of $4,235,494.89. The greatest jump was in import duties, an increase of $2,534,117.82, bringing the total on that item alone up to $7,206,249.89.

Total receipts from all sources were $12,604,224.71 as compared $8,368,729.82. Only in sundries was a decrease recorded, the figures dropping by $3,653.96.

Grim Christmas Re-Union After Dundas Wreck

Hamilton, Dec. 29.—(CP)—There was one grim Christmas reunion at the disastrous Dundas train wreck. The story of it is told by Harry Clarke, manager of the Bank of Montreal, at the corner of James and Barton streets here. Mr. Clarke, with his wife, was a passenger on the fast express which demolished the coaches of the holiday special.

"As we hurried away from the horrible scene, I noticed them trying to get a man from the top of one of the telescoped coaches, where he was pinned in the wreckage," said Mr. Clarke. "I little thought at the time, that the man, who was so bravely giving he workers directions on how to free him, was the same Bill Murray, that I took into the bank at Ingersoll in 1917.

"I did not recognize him at the time. I didn't learn until afterwards that it was William Murray, assistant secretary in the head office of the Bank of Montreal now. He was an Ingersoll boy, and first came to the bank, when I was there. He is a very brilliant young man."

Mr. Murray is now in the General Hospital. He is the most seriously injured of the survivors. His leg is fractured and a bone in his spine is broken, though he is not paralyzed. His recovery will be a very slow one, the hospital officials state.

"I hadn't seen Bill Murray since I left Ingersoll in 1919," said Mr. Clarke. "I was shocked to learn that he had been the man we had seen them trying to pry out of the wreckage."

◆

N. Y. RACKET MAN WAITING IN JAIL

Washington, Dec 29 (AP)—Danny Hogan, New York racket man, sat today in the District of Columbia jail waiting for the word that would project him into the international dispute involving the "I'm Alone".

Evidence was presented to an American-Canadian judicial commission yesterday in an attempt to show that Hogan, alias Halpin, was a part owner of the I'm Alone, vessel which the coast guard sank as a fugitive rum-runner in the Gulf of Mexico in 1929.

◆

GRANTED EXTENSION

Windsor, Ont., Dec. 29 (CP)—An extension of one hour will be granted to all Border Cities beverage rooms on New Year's Eve, according to George Hanrahan, Liquor Inspector for Essex County. The closing hour for beverage rooms will be midnight for that night only.

Fires are Built to Guide Searchers As Plane Lands on Top of Mountain

Albany, N.Y., Dec. 29—(AP)—From an unknown location a co-pilot on a Boston-Cleveland air liner missing since last night flashed word by radio today, that the plane was down and its four occupants "all O. K."

"We are on a mountain somewhere between Albany and Utica," radioed co-pilot Jack H. Brown.

"I don't know just where, but we are north of our course."

Brown's voice came through a loud-speaker at the airways radio station a few minutes after searching parties on snowshoes started into the Adirondack foothills, fearful the plane and its passengers were in dire distress.

"Everybody's all right. Please tell our folks," Brown said cheerfully.

"We crashed up in a group of trees. We have built a fire so you can find us."

"We are at 2,200 feet altitude."

The American Air Lines began setting up directional radio finders at Albany, Boston and Buffalo.

By comparing the direction and strength of Brown's messages, they planned to plot the location of the ship.

PARENTS CALLED

Lindbergh Taken Over Scene at Hopewell Mansion

Flemington, N.J., Dec. 29 (AP)—Col. and Mrs. Charles A. Lindbergh are destined to relieve, as witnesses in Bruno Richard Hauptmann's trial, the ordeal of their first son's kidnapping and death, but John Hughes Curtis of Norfolk, Va., will probably be denied a part in the drama.

Curtis, the shipbuilder, who once was convicted of obstructing justice for posing as a Lindbergh "intermediary" offered to testify against Hauptmann. Prosecutors apparently intent on other aspects of their case against the Lindbergh kidnap-slaying suspect, were cool to his suggestion.

Though Curtis said he would swear, that he has talked to Hauptmann and that the suspect showed him some of the Lindbergh ransom money, Attorney General David T. Wilentz merely vouschafed, that the matter was "under advisement."

From an official source came a definite prediction, that Curtis's offer would be "flatly rejected."

First Visit in Two Years

Colonel Lindbergh, for the first time in more than two years, went sorrowfully back yesterday to the Hopewell Mansion, where Charles A. Lindbergh Jr., was stolen.

With four prosecuting officials at his heels, he paced through the empty rooms, telling calmly of the things he said and did on the wintry night of March 1, 1932, when the baby was taken from his crib to death.

Patiently answering questions, in order to provide the prosecutors with a clear picture of the crime, he led them to the room, where the baby lay, to the window, where the kidnapper left a ransom note and finally to the living room where the father sat reading, unaware of the ugly crime.

The aviator told how Betty Gow, the child's Scottish nursemaid, cried out the news of the tragedy and how, carrying a rifle, he dashed outdoors and peered vainly into blackness of a Sourland mountain night. After the finding of the child's body, three months later, the Lindberghs left the house and went to live with Mrs. Lindbergh's mother, Mrs. Dwight W. Morrow, in Englewood.

BRANTFORD MAN DIES SUDDENLY

B. E. James Well-Known Sportsman Victim of Heart Attack

Brantford, Ont., Dec. 29—(CP)—Bert E. James, General Sales Manager and a director of the Brantford Cordage Company, Limited, died suddenly early this morning at his home in Brantford, age 44. The funeral will take place on Monday, afternoon at 2.30 p.m.

Mr. James was one of Brantford's best known sportsmen, having headed the O.H.A. intermediate club and the Brantford Red Sox intermediate and senior teams in the inter-county baseball league, retiring from sport only when heart trouble forced his retirement from all excitement. He had suffered severely for the past two or three years, having to spend his winters in Jamaica and Florida.

DEATHS YESTERDAY

By The Canadian Press

Hollywood: Lowell Sherman, 47, film director and actor.

The Hague, Holland: Viscount Adatchi, 65, former President of the International Court of Justice.

St. John's Nfld.: Herbert A. Herder, 47, circulation manager of the St. John's Evening Telegram.

Winnipeg: Richard I. Jones, 84, veteran of the Wolseley Expedition in the Northwest Rebellion of 1870.

Tokyo: Countess Tetsukuo Togo, 73, widow of the Admiral who was the hero of the battle of the Sea of Japan in the Russian war.

New York: Florence J McCarthy 80, actoress and opera singer of 40 years ago.

Ithaca, N.Y.: Prof. Thilly, internationally known for his writings on philosophy.

JAPAN DENOUNCES 1922 NAVY PACT AT WASHINGTON

Regret is Voiced by Britain at Denunciation of Treaty

EFFORTS CONTINUED

Japan Brings Strength to Within Small Ship of Limit

Washington, Dec. 29 (AP)—A diplomat who was present at the birth of the Washington Treaty twelve years ago sounded its death knell today by formally denouncing the Naval Limitation Pact.

Hirosi Saito, Japanese Ambassador, presented to Secretary of State Cordell Hull Japan's notification of its intention to abrogate the treaty on December 31, 1936, the earliest possible date.

The Ambassador made public an official statement outlining Japan's position, expressing the hope that a substitute pact would be agreed upon, and emphasizing Japan's willingness to cut its navy in half and abolish all battleships and aeroplane carriers if other sea powers reduced their fleets.

Japan's formal denunciation followed talks in London designed to smooth the way for the 1935 Naval Conference.

Another naval treaty, the London Pact, automatically ends on December 31, 1936.

Thus there will be no international agreement limiting navies after that date unless a new one is signed.

Japan's Navy Built Up

Japan's action today was taken after it had built up to within one small ship of the total tonnage permitted it by the Washington Treaty.

During the London talks British and United States spokesmen had expressed the fear that abrogation of the limitation treaties might lead to a naval armaments race.

Saito served his government's notice on the United States because this country is custodian of the pact. The State Department must now fulfill its treaty-ordained duty by notifying Great Britain, France and Italy, the other signatories.

The treaty was signed at Washington on February 6, 1922, and proclaimed by President Coolidge on August 21, 1923.

Provisions of 1922 Treaty

Its main provisions are:

The five nations agreed to build no capital ships (battleships and other over 10,000 tons and carrying larger than 8-inch guns) except to replace ships at least 20 years old and considered obsolete.

Total capital ship replacement tonnage was limited to the 5-5-3 ratio: 525,000 tons for United States and Great Britain, and 315,000 tons for Japan. France and Italy were each permitted 175,000 tons.

Total tonnage of aeroplane carriers limited to: United States and Great Britain, 135,000 each; Japan, 81,000; Italy and Franch, 60,000 each.

Capital ships were limited to 35,000 tons and 16-inch guns, an aedroplane carriers to 27,000 tons and 8-inch guns.

The status quo in fortifications and naval bases in the Pacific were to be maintained except:

United States: Adjacent to coast of United States, Alaska, Panama, and Hawaii.

Great Britain: Adjacent to coast of Canada, New Zealand and Australia and its island territories.

All five powers are to meet in conference within one year after Japan's denunciation.

FLEE FROM BANDITS BEATEN BY STORK

Changsha, Hunan Province China Dec. 29 (AP)—A group of fugitive missionaries which arrived here from bandit-threatened regions revealed that while they successfully evaded brigand armies, they were unable to out-distance the stork.

They brought with them two newly born babies, who came into the world under difficult conditions at a little Chinese village where the refugees paused briefly in flight from Changteh 120 miles to the west.

The first to arrive was a girl, born to Mrs. Nettie Loomis Graham of Carbondale, Pa. A few hours later a son was born to Mrs. W. N. Wagner, of Waterford, Mich.

They set out in junks for Changsha, hopeful of getting the expectant mothers to a hospital here before the birth of the children. After half a day's travel however, the junks were obliged to tie up at a country village, where the children were born in a rude Chinese house.

Great Struggle Impends, Baldwin Tells His Party Lashing at Dictatorships

Constitutionalism And Revolutionary Socialism At War

ORDERED FREEDOM

Dictatorship Without Respect For Free Will Free Speech

London Dec. 29—(CP Cable)—The necessity of preparing for a great struggle between the forces of constitutionalism and those of "revolutionary socialism" was stressed in a New Year message to the Conservative party today from its leader, Stanley Baldwin, Lord President of the Council, whose prestige within the party was never higher than it is today following the final rout of the die-hards over the programme for India.

"Dictatorship has returned to the world in new and formidable forms, and wherever it has obtained power it has sought to destroy the ordered freedom which is characteristic of our Christian civilization," the Conservative leader declared. "It has no respect for the individual and regards free will and free speech as anachronisms.

"No temporary difficulties in our ranks must be permitted to endanger essential unity. Before this menace to our national traditions, Conservatism must stand solid and united, inspired by enduring loyalty to all that is best and noblest in the traditions of our race."

BALANCED BUDGET IS ONTARIO'S AIM

Premier Hepburn Releases Message For New Years

Toronto, Dec. 29.—Ontario faces 1935 "with a spirit of confident optimism," Premier Mitchell F. Hepburn of Ontario said in a New Year's message released Friday night. The premier will not return from his vacation to Bermuda until early in January.

Despite the serious problems of finance, unemployment and relief costs, the province enters the New Year in confident mood, the premier said, adding it is the aim of the government to reach the ultimate goal of provincial financing—a balanced budget.

The premier believed Ontario had seen the worst of the depression and based his opinion on 1934 statistics of record metal production increased power consumption, improved tonnage in the steel industry, an estimated increase of 10 per cent. in tourist traffic, an upward curve in the building trades and evidence of recovery in the agricultural industry.

Despite savings the government has effected in costs of administration, Mr. Hepburn said, he expected a deficit of several millions of dollars for the year. However, he added, through what might be termed a process of restoration it is his aim to achieve a balanced budget.

"The three greatest financial problems facing the province, said the premier, are provision for the tremendous relief bill, reduction of interest costs and provision for retirement of the provincial debt.

"In the years 1931, 1932 and 1933 relief bills approximated $32,000,000 and practically all of this amount was added to the public debt," he said. "Our advice is that relief costs for 1934 will reach upwards of $30,000,000.

The most encouraging phase of Ontario's progress in 1934 was the production of metals, featured by the increase of $26,000,000 over the peak year of 1929 in the value of gold mined. Advanced silver prices in the United States stimulated production in the old silver area of Cobalt, the premier said, adding increased figures of nickel and copper production from the Sudbury area are also notable.

The premier promised the government will take steps to re-establish the lumbering industry in the province and also make an effort to improve the position of the farmer.

Former Residents Here on Honeymoon

Mr. and Mrs. J. E. Anglin, of Lindsay, were guests at the New Queen's Hotel yesterday, enroute to Kingston and other Eastern cities on their honeymoon. Mr. Anglin was formerly a resident of Belleville, and was the founder and operator of a passenger bus line to Kingston, which he disposed of to the present bus company. Mrs. Anglin is a former resident of Belleville, and will be remembered as Miss Bessie Jenkin, daughter of Mr. and Mrs. J. S. Jenkin, North Front Street, who moved to Western Canada several years ago. The marriage took place in Peterborough Wednesday, December 26, being solemnized by Rev. Dr. J. E. Moore, United Church clergyman of that city. Mr. and Mrs. Anglin will reside in Lindsay, which is headquarters for several passenger bus lines operated by Mr. Anglin.

Men's Club Will Sing Sunday Night

An exceptional treat is in store for Belleville music lovers in a concert to be given by the Belleville Men's Chorus, under direction of Ross Hunter, Sunday evening in the Capitol Theatre. This splendid organization gives but one concert a year, but has consented to give this extra concert for Mayor Tice to raise funds for the direct relief fund of the city. A fine program of songs will be given by the chorus which numbers twenty-five, and assisting artists will include Miss Leona Riggs and Miss Muriel Vermilyea. A silver collection will be taken at the door and children will not be admitted unless accompanied by their parents.

Merchants Thanked For Gift of Stoves

A note of thanks was expressed today by Fire Chief Wm. Lynch and members of the department for the donation of two stoves by the Smith Hardware and Mr. James Diamond, for two needy families of the city. In one instance a family had been forced to use an old oil drum for cooking purposes, before the gift of the stove.

ELECTRIC SIGN BEING REPLACED

With the sidewalk roped off to avoid possible accident, workmen were engaged today in the replacing of the large electric oil sign on the roof of the Belvidere Hotel blown down during Wednesday's storm. Previously pedestrians along Front Street had been detoured off the walk over which the heavy sign hung.

OVERHEATED PIPES CAUSE OF RUN

A brief run was made to 78 Queen Street shortly after ten o'clock this morning by local firemen who responded to an alarm occasioned by overheated stove pipes. No damage was reported.

WALKS CLEARED AFTER SNOWFALL

Twenty five or thirty workers employed by the department of public works benefitted by the second heavy snowfall which fell over the district during the late afternoon and evening on Friday. The men took the field in the city early this morning on the task of clearing the walks in front of city property and on the street crossings.

KINSMEN DANCE A FINE SUCCESS

One of the finest dances of the season was put on last evening by the members of the Kinsmen's Club at the Quinte Hotel. About two hundred and fifty young people from Belleville and Trenton attended this dance which has now become an annual affair. The members of the program committee spared no pains to make the evening enjoyable for their guests. Everyone was in the holiday mood and it was evident that the spirit of the New Year had entered the hearts of everyone.

The rotunda of the hotel was attractively decorated with Christmas trees while in the dining room where the dancing took place, the orchestra platform made a striking picture by the use of streamers done into the colors of the Club. Music was provided by the Commodores.

A fine floor show of acrobatic dancing by two young lady dancers, the Misses Wilson, from Toronto, entertained the guests several times during the evening. At midnight supper was served in the downstair dining room. Later on favors were distributed along with streamers which added much to the gayety of the dance.

Following is the list of patrons and patronesses and, also, those who were in charge of the program:

Mr. and Mrs. W. C. McIntosh, Mr. and Mrs. Jack Norris, Mr. and Mrs. J. A. Marsh, Mr. and Mrs. Edward Lally, Mr. and Mrs. R. D. Arnott, Mr. and Mrs. Ronald Keele, Mr. and Mrs. Percy McGuire, Mr. and Mrs. Geo. L. Finch, Keith Scott, Dr. Charles Adams, Dr. Austin Walters, Wm. R. Hurst, Gardiner Duff, R. J. Graham, John W. Cook, Carl Sills, Leslie Lennox, Harvey A. Ross, Norman Garbutt, Leslie Pearsall, Dave Jones, Orm Butler, Ralph Ketcheson, Cleo Colling.

Committee—R. J. Graham, chairman; Harvey Ross, W. F. McIntosh, Jack Norris.

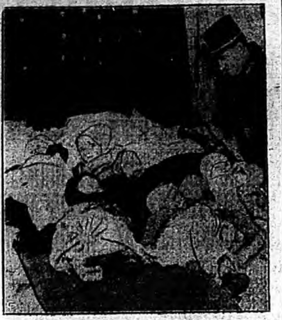
PITIFUL SCENE AS HUNGARIANS OUSTED



Seven little children who fell ill while being ousted from Jugoslavia to Hungary with their parents are shown in one bed at a makeshift railroad dispensary along the border. Some 27,000 Hungarians were ordered deported in reprisal for the assassination of King Alexander of Jugoslavia. A soldier is looking down sympathetically. The deportees suffered untold hardships. Most of them were poor and many were shunted about like cattle. After 2,500 had crossed the boundary line the deportations suddenly ceased.

EVIDENCE GIVEN IN HOME-CANNING PLANTS TO PROBE

Auditor And Wm. Rankin Testify Before Price Inquiry

Ottawa, Dec. 29 (CP)—Sixty-five women work in home-canning plants in the Belleville and Windsor districts of Ontario for an average wage of 10 cents an hour, the Royal Commission on Price Spreads and Mass Buying learned today from H. M. Cootes, Toronto auditor. They form part of a new system in tomato canning, introduced last year in Ontario by King and Rankin, Ltd. of Belleville.

The future of the Canadian canning industry lies in home production, William Rankin, one of the partners of the firm, advised the commission. His company places canning machinery on the farms, buying the processed goods from the growers who supply all labor. Farmers last year were paid 40 cents a case for two dozen cans of tomatoes which was 25 cents a bushel for the raw vegetables, the prevailing price and 15 cents for canning labor.

From the examination of paysheets written by the farmers, Cootes found the average wage paid in the individual home canning plants was 10.31 cents an hour. Out of the total of 113 workers, 63 women and four men were paid 10 cents an hour.

"That is about the lowest wage we have heard in any industry," exclaimed Norman Sommerville commission counsel.

Sam Factor, Lib. Toronto West Centre, interjected that here was an instance of farmers exploiting labor.

J. L. Ilsley, Lib., Hants-Kings, disagreed.

"It is merely an indication of the very low farm wages that apply all over Canada."

"That is right," agreed Alex Edwards, Cons. South, Waterloo, adding he did not believe there could be any interference with a farmer processing his own crop.

The King and Rankin firm maintain warehouses at Belleville and Riverside to label the cans processed on the farms. The auditor found a man 40 years old paid 10 and 12 1-2 cents an hour, and a 17-year-old boy 15 cents.

"They are not setting a very good example to the farmers," commented Sam Factor.

King and Rankin, Ltd. averaged $1.54 as the selling price of the tomatoes purchased from the farmers for 50 cents and had a small net loss on the year. Evidence indicated that the 40 cents paid the farmer was made up of 25 cents a bushel for tomatoes plus 15 cents for canning operations.

Charges Dockage Made

When the auditor finished his report Rankin took the stand and soon had an argument with F. R. McIntosh an official of Associated Quality Canners Ltd of Toronto. Rankin was manager of the Belleville plant of Associated Canners for four years and charged farmers there were docked for quality while under his system there was none.

McIntosh took exception to the statement drawing from Rankin the statement, "I ought to know. I ran your plant and did the docking."

"You might have docked but the company did not," McIntosh insisted which prompted Rankin to say he docked on the instructions of his superintendent.

Rankin said he had seen farmers docked from five to 12 per cent. on tomatoes. He did not say it was unfair, adding "some farmers would bring in anything." Dockage was exaggerated at the end of a season to discourage farmers from more picking.

Prompted by Norman Sommerville, Rankin said he was convinced the large canning companies sold tomatoes below cost because they "do not want the independent company to operate."

"Why cannot you pay more to farmers"? Sam Factor asked.

"Because we cannot pay more than Canadian Canners, Limited" Rankin claimed Canadian canners set retail prices as well as prices to growers, the other canners sitting back until they moved.

Questioned by McIntosh again, Rankin said the machinery in the Home Canning plant was as extensive as in a commercial factory. The Associated Canners official insisted his company had as low primary costs as King and Rankin but were forced to add more because of capital charges.

Information tabulated by the auditor showed that farmers who had previously sold to the canning companies had had a considerable proportion of their crop left in the field.

ENGLISH FOOTBALL RESULTS

London, Dec. 29 (CP Cable) — Soccer games played in the Old Country today resulted as follows:

English League—Div. 1

JAPAN DENOUNCES 1922 NAVY PACT

(Continued from page one)

Regret in Britain

London, Eng., Dec. 29 (CP)—The greatest regret is felt in British circles at Japan's actual denunciation today of the Washington naval treaty. That pact, which has limited the navies of the principal powers since 1922, is felt here to be the greatest successful step, if not the only step, ever made towards international disarmament.

A wise clause whereby the treaty remains in effect a further two years prevents the question being thrown into the melting pot and the British viewpoint is to emphasize that denunciation by no means is preliminary to a new naval race.

But, while it is recognized Japan like any other signatory has a perfect right to denounce the pact if she wishes, Great Britain has set the greatest store on the Washington system which has saved the signatories millions of pounds in naval expenditure altogether apart from its stabilizing influence.

No "Pollyanna" Atmosphere

There is no "Pollyanna" atmosphere in London despite Britain's dislike of dismal prophecies, but is felt here that while the denunciation admittedly may have undesirable effects on the general disarmament situation, on the British side there is every intention of continuing the greatest possible efforts to achieve agreement on a substitute for the Washington Treaty and, of course, for the supplementary London pact which, limiting cruiser and smaller classes while the Washington pact limited capital ships, becomes ineffective also at the end of 1936.

Tokyo, Dec. 29 (AP)—The Foreign Office in a statement made public today in connection with Japan's denunciation of the Washington Naval Treaty of 1922 said the action was motivated by a desire to promote peace and disarmament.

Japan has not, the statement said "the slightest wish to enlarge her armaments."

The hope was expressed that another pact might be concluded superseding the Washington Treaty, but the statement made clear that any new agreement must conform with Japan's "basic principles."

The common upper limit for all naval powers, the statement said, "should be fixed as low as possible."

Furthermore, it said, "in order to render it difficult for any power to attack another but easy to defend itself, offensive arms should be totally abolished or drastically reduced and defensive arms adequately provided for."

"December 13th., 1934.

"The Editor,
"Ontario Intelligencer,
"Belleville, Ontario.
"Dear Sir,—

British Income Tax

"Most of your readers are no doubt aware that it is possible for British subjects resident abroad to recover Income Tax suffered on dividends, interest, trust income, etc., derived from the United Kingdom.

"I find however that many people so situated are under the mistaken impression that the amount recoverable does not warrant the trouble involved in the preparation of these claims. I can assure them that this is not the case and would urge all recipients of income from this country to take steps to obtain their repayments without delay.

A time limit of six years is involved and it is essential that claims for the year commencing April 6th., 1928 be lodged before April 5th 1935.

"Yours faithfully,
"W. T. Fry."

PRIMARY ELECTION OF DIRECTORS COMPLETED

Final Selection By Ballots Will Be Made Next Week

The primary election for directors of the Belleville Chamber of Commerce was concluded at four o'clock yesterday afternoon and resulted in the nomination of the following eight condidates:

H. E. Fairfield,
J. W. Imlah,
J. H. Legate,
Laurie Lewis,
W. H. Morton,
W. A. Parker,
Leo. B. Riggs,
W. C. Springer.

These eight names will appear on another ballot which will be mailed out to the members at the beginning of next week for the final election which will be brought to a close on Friday, January 4th., at 4 o'clock p.m.

Yesterday's election awakened wide-spread interest among the members of the Chamber of Commerce and forty-six received nominations. The eight, whose names appear above, however, received the largest number of votes and they will therefore become the candidates in next week's final election.

Police News

Nine weary transients were afforded a warm night's lodging at the local police station last night, free from the stormy blasts of wintry weather that raged all night long.

At the midnight hour the local police removed a parked car from the corner of Cedar and Catherine Sts. The automobile, a Ford sedan, had been abandoned at that point earlier in the day, being left at the intersection in such a manner that it blocked the progress of pedestrian travel. The vehicle was towed to a local garage.

The local police were called upon to handle a rather pathetic case yesterday afternoon when an elderly lady, in recent ill health, was found wandering, on Wilkins St. The woman had recently made a successful escape from the local hospital where she had been receiving medical attention. After taking the woman into their care the police later provided transportation for her to Napanee, where relations promised further attention.

Although no motor accidents have been reported on adjacent highways for the past 24 hours, all side roads leading out of Belleville are rumored to be heavily blocked following the continued snow storms of late. Highways No. 2 and 14 are being rapidly cleared for motor traffic by the department of highways snow plows, but county roads and side roads are reported to be in adverse condition for motor travel.

Not a single arrest has been necessary in Belleville for the past 24 hours.

Obituary

MRS. ELIZABETH JANE McCOY

After an illness of some duration, Mrs. Elizabeth Jane McCoy, widow of John McCoy passed away this Saturday morning, Dec. 29th., at her home 12 Hillside Street.

The late Mrs. McCoy was born in Malta 73 years ago, her parents being the late Mr. and Mrs. John Austin. For the past forty years Mrs. McCoy had been a resident of Belleville and was held in high esteem by many friends for her many good qualities. In religion she was a member of "Jehovah Witnesses."

Left to mourn her death are three daughters, Mrs. John Dudgeon, Thomasburg; Mrs. Vera Pitcher, Belleville; Mrs. Janet McDonald, Belleville; three sons, Frank McCoy of Toronto; Alfred and Fred McCoy of Belleville; one sister, Mrs. Maria Canning of Toronto; one brother, James Austin of Melfort, Sask.

Toronto papers please copy.

Appointed Foreman At Lindsay

Fort Erie, Ont. Dec. 29—(CP) — Edward Walton for 25 years in service of locomotive branch of the Canadian National Railway here leaves tomorrow night for Lindsay, Ont., where he has been named general locomotive foreman. Walton was banquetted last night and presented with a gift prior to his departure.

MOTOR INDUSTRY SEES FUTURE BIG WITH PROSPECTS

Sales Staff Strengthened, Plant Capacity Augmented

Toronto, Dec. 29—With the approach of the annual Motor Show—that at New York early in January and that at Toronto from January 12 to 19—the automotive industry is busy estimating the prospects for expansion in 1935.

The increase in the sale of cars this year, together with the gradual revival of general business, encourages the manufacturers to anticipate a further improvement early in 1935. With this feeling general in the industry, automobile makers have been busy adding to their payrolls, getting newly-tooled production lines operating smoothly and completing plans to supply an expanding market.

In order to get increased volume, companies have been strengthening their sales staffs, augmenting plant capacities and planning greater expenditures for advertising and sales promotion.

One of the companies has set up separate field sales organizations for lines that had been allied during the worst of the depression. Others are realigning their field promotional forces and with the opening of the National Motor Show of Canada, all of the manufacturers will commence aggressive campaigns.

All have something new to offer the public, as visitors to the Show will see. Although not radical, new models go a step nearer full streamlining. Radiators are high and narrow, giving a greyhoundish effect. Longitudinal louvres tend to emphasize the length of the body. Sweeping curves give a pleasing appearance at the rear. Some body designers, by dividing the rear window, bring the rear panel back in a continuous sweep from the roof line to the extreme rear tip of the body.

Seats Wider

Front and rear seats are wider. One maker is adding three inches to the front seat width and giving more leg room by clearing the front compartment of the gear shift lever and emergency brake lever.

Built-in trunks blend into the form of the body, providing larger baggage capacity and space for a hidden spare tire.

In some cars engines are moved forward and rear seat brought ahead of the rear axle for easier riding. Overall height is reduced one to two inches without sacrificing head room or road clearance.

Engine refinements are designed to effect new fuel economies, easier starting in cold weather and longer driving without cleaning out carbon and grinding valves.

Spring suspension changes will be introduced by a number of makers.

Horsepower is being increased slightly, while better and easier braking has been developed. Altogether, the motoring public will see under one roof at the Automotive Building an exhibition of new models that should make the National Motor Show of Canada a record-breaking success.

Mr. W. Callaghan of Madoc was in town on Monday.

Miss Anna Crawford has returned to Trenton after visiting for the past week at her home in North Marmora.

Midnight Mass In Sacred Heart Church, Marmora, Most Impressive

The Sacred Heart Church, Marmora, was filled with worshippers of all denominations when Midnight Mass was celebrated by the pastor, Rev. Father J. J. Keeley.

The altar was very beautifully decorated with coloured vigil lights, flowers and tinsel, while to the left, outside the altar railing, a beautiful Christmas tree laden with artificial snow, tinsel and stars, shone forth; in the centre of which lay the "Infant" in the manger.

Before Mass began, Miss Rita Deacon, as organist, played "Adeste Fideles" very softly and sweetly, as the throngs of people entered the church. A most beautiful Mass in D was sung by the choir. At the Offertory "Adeste Fideles" was sung by the choir, with Miss Genevieve Shannon taking the soprano solos, and Mr. Harold Auger, the bass. At Communion, a pleasing duet, "Silent Night", was rendered by Miss Genevieve Shannon and Mr. Chas. Cummings, which was most inspiring.

Rev. Father J. J. Keeley, p.p., delivered a most instructive and eloquent sermon on the "Sacraments", "The Church" and "The Birth of Our Lord and Saviour Jesus Christ", and ended by wishing all the graces and blessings of the Saviour for all time to come. As the worshippers dispersed, the choir song, "O Holy Night."

Lepue at Campbellford; Mr. and Mrs. Wm. Hodgen and Betty at Mr. E. P. Yorke's, Gilead; Mr. and Mrs John Herbertson and Eleanor at Cooper; Mr. James Elliott at Mrs F. Sine's.

MANY THINGS WHICH MONEY CANNOT BUY

Money Seldom Brings Out Best Qualities of Human Soul

By LOUIS E. BISCH, M.D., Ph.D.
Famous Authority on Health and Psychology.

(Copyright, 1934, King Features Syndicate, Inc.)

Everbody wants to make money. Money is necessary to life. But money-making can readily become an obsession, an uncontrollable impulse usurping an individual's best powers.

America as a whole is big and powerful. Some people talk in terms of millions. It is natural, therefore, that every individual should acquire the habit of thinking and talking big himself.

We become impressed with the wealth displayed everywhere. It rightly stimulates us, but, unfortunately, the stimulus too often becomes a relentless determination to accumulate thousands and millions not for what they will do and bring in the nature of benefits, but for the sole purpose of accumulating money and nothing more.

To devote all one's energies to making money—to live for money—is a most deplorable attitude and plan of life. To be sure, money is an immediately gratifying commodity. It can satisfy our creative demands. It can supply many comforts and luxuries.

The possession of money enhances one's self-esteem. Money can quickly and invariably be changed into almost anything we want. Still, there are many things that money cannot buy. And these are the things that give life its true value.

Money, for instance, cannot buy health. It cannot buy genuine love. It cannot buy character. It cannot purchase happiness. Money seldom, if ever, brings out the best qualities of the human soul.

In fact, in the mad rush after money, the money-obsessed waste their best talents at the expense of these other more lastingly gratifying qualities just mentioned.

Accumulate, of course, all the money you need for the fundamental requirements that will allow you to live on the plane of comfort your tastes demand.

But don't neglect the other and better side of your nature—appreciation of the beauty of life—else you will find that, in the end, despite your fortune, your life has really been soulless and barren.

We, in America, are often accused of having little else in our heads besides the making of money. This, however, is an unjustifiable criticism—the money craze is international.

It is true, however, that we seem to be only concerned with piling up a lot of money in a fashion far beyond our needs and comforts, simply for the sake of saying we have a lot of it, or of becoming powerful because of it.

No sensible person should make it his ambition to accumulate more wealth than will bring comfort and joy to himself and his dependents.

The future should also be safeguarded, of course. But to accumulate far beyond these needs—and, mind you, these may be high—is to create a Frankenstein's monster which may very readily become a menace to his owner.

◆

CROFTON NEWS OF COMMUNITY

Crofton, Dec. 29—Mrs. W. J. Gray and family spent Christmas day with Mr. and Mrs. H. Parsons of Demorestville.

Miss Margaret Fox of Centre, and Mr. Edward Trumpour of Belleville and Mr. Lorne Munroe spent Christmas with Mr. and Mrs. S. J. Munroe.

Mr. and Mrs. Jerry Covert were in Picton on Thursday.

Mr. Victor Bongard and Jerrold motored to Trenton on Saturday and had dinner with his sister, Mrs. Don Smith and family and at Glenora in the afternoon and called on Captain and Mrs. Bongard.

Messrs. J. Covert, B. Jones and E. Crook were ploughing out the road on Monday.

Mr. and Mrs. J. Covert spent the tea hour on Christmas with Mr. and Mrs. Andrew Munroe.

Mr. and Mrs. Victor Bongard, Betty and Jerrold spent Christmas with Captain and Mrs. Bongard at Glenora.

Mr. and Mrs. B. Jones, Mrs. W. J. Gray, Mr. and Mrs. V. Bongard were among those to visit Belleville on Saturday.

The Christmas entertainment put on at the hall by the two schools Jericho and Crofton on Thursday evening was well attended and a good programme was enjoyed by everyone. The receipts at the door were something over $8.00. At the close of the programme Santa Claus appeared and delivered all the presents on the tree to the waiting children.

Mr. and Mrs. Sam Clement and Mr. James Clement of Big Island. Mr. and Mrs. Clayton Morden and Beatrice and Mr. and Mrs. David Fox of Jericho and Mr. and Mrs. Eugene Rorabeck spent Christmas with Mr. and Mrs. B. Jones and family.

ATTORNEY IS ACQUITTED

New York, Dec. 28 (AP)—Aaron Sapiro, Chicago and New York attorney, well-known in Western Canada as a farm co-operative organizer, was acquitted today by a Federal Court jury which heard evidence against him and Sam Roth, theatrical promoter, on charges of attempting to "fix" a jury and conspiracy.

Roth was convicted on one count.

INDICTMENT SOUGHT

Montreal, Dec. 28.—(CP)—A request for a preferred indictment against the three score persons named in the conspiracy charges to defraud the Canadian Government of $5,000,000 through liquor smuggling, has been refused by the Quebec Attorney-General, Jean J. Penverne, K.C., Special Crown prosecutor, announced here today.

THE ONTARIO INTELLIGENCER
THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

AIR POSSIBILITIES

British military airmen will be furnished with planes which will have an average speed of over three hundred miles an hour, according to a recent despatch. A French flier this week made a test with a land plane doing 314 miles an hour and an Italian has a record of 440 miles an hour with a sea plane.

One would think that the speed limit would soon be reached with these high rates, but as Britain is equipping the Royal Air Force with planes which will average over five miles a minute, it would look as if this rate is not near the top speed which can be attained.

But how much faster can airships go? Seven or eight hundred miles an hour or ten miles a minute! Speed limits have been mentioned in the case of planes as well as motorcars on the points of resistance and human frailty of flesh and blood. But even the bounds set by forecasters may be passed over within an early date.

These great speed developments come even though there is still a hazard in flying. But the future looks very promising with the possibility that this hazard will be reduced to a minimum. An accident in the air is of course very serious, at least there is the probability of greater risk should a plane start to fall. But the freedom of the air, the absence of obstructions such as dot the highways, borders, posts, trees, ditches, fences and soft shoulders as well as cars should mean greater freedom. Motorcars are tied down to narrow strips of road but the air routes are free. All that is needed is careful flying and a plentitude of landing places.

CAPT. BERNIER

Captain Bernier, whose name has been associated with Arctic exploration for longer than many can remember has sailed his last voyage, and has entered port. To the Canadian Bernier is an example of that hardy manhood which is a product of the sea. Canada is a wide country and some of her people have had no experience on sea and are not likely to find a life on the ocean wave, but Captain Bernier there found his calling.

He was accustomed to take his ship, the "Arctic", and go up into the North and there spend two years or so finding new territory.

Captain Bernier probably got as much out of his explorations and voyages and experiences in the North as did Jacques Cartier who sailed from St. Malo to discover Canada and to come as far west as the present Montreal, and thus open up a new world. No one can say at present what will be the ultimate worth to Canada of the explorations of Bernier, they may be of great value.

His life shows one thing. There is as much of endeavour and romance in the modern world if the boy and the man want it. Boy and man can find their way to an even greater degree than did the navigators and explorers of other ages.

The captain was an apprentice before the mast at an age when children of today are in grammar school. At 17 he received his first command; he was master of his own sailing vessel. The North Atlantic called him in his youth. Later he explained how he came to devote himself to the Arctic: "Once you get the Arctic fever, the lure of exploration and the adventurous life holds you in its grasp. You cannot escape it. The Arctic holds you."

The date when he first went beyond the Arctic Circle is not a matter of record, but one of his last voyages was as late as 1927. He then was 75 years old.

Captain Bernier's first recognition by the public and the Canadian Government came early in the present century, when interest began to be taken in the islands of the Arctic. He then became semi-official explorer for the Department of the Interior, and had equipment and vessels supplied him. For a quarter of a century he planted the British flag on uninhabited and practically undiscovered islands.

At an early age he held the belief that a commercial passage—at least during part of each year—existed in the Arctic regions. That was before Amundsen went through the so-called Northwest Passage in a vessel. In 1910 Bernier planned to attempt the passage. He said at the time that, had it not been for iron-clad instructions of the Canadian Government to him, he could have gone through to the Pacific Ocean on his previous voyage to the Arctic in 1908-09. It was his belief that a passage existed North of that made by Amundsen and that from near the North Pole a vessel might proceed to the Pacific Ocean. He never succeeded.

As late as 1924 Captain Bernier sailed in the steamship Franklin to the Arctic to claim for Canada the islands fringing the North American continent. His most famous voyages, however, were in the steamship Arctic. With that vessel he rescued explorers and placed caches at outposts never touched before. Many of these caches later saved lives. To his crews the caches came to be known as "Bernier's lifesaving stations."

On many occasions Captain Bernier came close to disaster. One of his most narrow escapes was in Winter Harbor, Melville Island, where his vessel was nearly crushed by ice. On that island he and his crew placed a cross on a hill overlooking the harbor for the benefit of future navigators. The labor took many days, as the base for the cross was made of rocks carried from the lowland.

Not all of his expeditions were successful. A number of times he was turned back. In 1916 he sailed from Quebec to aid Professor Donald B. MacMillan. He was gone a year, during which time no word was heard of him. During his absence his wife died. He returned to find that while he had been beset by ice, Captain Bob Bartlett had saved MacMillan and his crew. In 1918, during the World War, the explorer's vessel, the Percesion, sunk while on its way to Liverpool. The captain and crew were saved. Later in the same year he sailed into the Arctic to establish caches for Amundsen.

During the sixty years that Captain Bernier was at sea he is believed to have charted more than 500,000 square miles of land. He lectured extensively in an effort to make the Arctic region known to Canadians. In 1924 his vessel was among the first to use short-wave radio and as early as 1910 he expressed his belief in a motor-driven tractor for Arctic land travel.

For four years the explorer was Governor of the Quebec prison, but he gave up the position to return to the sea. He had also been dockmaster at Levis, where he resided for many years. He married twice. Both of his wives are dead, as is his only son.

APOLOGY FOR BORES

If these yawning stories keep up, the bore at home or on the platform had better look out. It is all very well to have a bore on the radio, where a flick of the dial will send him droning on to the Heavyside layer, but a bore at the fireside or at your favorite society may find himself regarded as a private or public menace.

Nobody wants to start a yawning marathon, that can only be stopped by having the feet tickled, as they did to the Chicago policeman, or be taken to the hospital, like the lady of Round Grove, Ill., to be released with the unsatisfactory verdict "virtually cured." Besides, yawning may lead to dislocation of the jaw, as it did in the case of a Schenectady singer.

Of course, the bore, providing he can get him to admit he is one, can triumphantly cite the two scientific reasons for yawning; first, that it is nature's way of expanding lungs whose expansion, like business, is long overdue, or that it is the body's way of relaxing, after tension.

The proper retort to the latter plea would be, of course, that the bore had accentuated tension through the irritability he had misguidedly caused, but every one knows that the public speaker does not cause tension except when he is interesting.

The individual whose idea of a speech is statistics or senile platitudes can relax you as effectively as any osteopath, and such relaxation is to be welcomed in these days of strain. There is something to be said for the bore after all—provided he comes at the right moment.—Hamilton Spectator.

THE COUNTRY DOCTOR

In the hearts of thousands of city folk there is a tender spot for some particular old-fashioned country doctor—philosopher and friend to a community back in the hinterland whence they came—of whom Dr. Allan Roy Dafoe is the perfect counterpart.

For years he has been building up that character and competence which enabled him to preserve the lives of the famous Dionne quintuplets. It was the merest chance which brought the challenge to him and thrust him into fame. But he was ready.

From Toronto has come to us a story about Dr. Dafoe which is not without its revealing charm. A man there went into his tailor's shop. "You'll be interested in this," said the tailor, proudly showing a letter. It was from Dr. Allan Dafoe, about two weeks ago, asking to rent a dress suit for formal occasions on his present trip.

To many a city physician evening dress is as important as a stethoscope. Fancy clothes, fancy technique, fancy hospitals are not in Dr. Dafoe's line. He works catch-as-catch-can style, subject to challenge from all comers. He is a specialist in any kind of ailment, from tip to toe, inside and out. Certainly no one could have done better with the quintuplets, if we may take them as a sample.

Such men, scattered over the land, are those who made the medical profession glamorous and a symbol of the good life to many of us. In paying affectionate notice to Dr. Dafoe New York is expressing more than mere curiosity toward the deliverer of wonderful babies—it is offering a bouquet to the belover old-fashioned general practitioner of its youthful memories. —New York World-Telegram.

What is meant by a "knowledge of the world" is simply an acquaintance with the infirmities of men.—Charles Dickens.

Supposing men were to live forever in this world I cannot see how it is possible for them to do more towards their establishment here than they do now.—Bruyere

My words fly up, my thoughts remain below; words without thoughts never to heaven go.—Shakespeare.

HONOR

Here is a word more glowing than a flame,
More beautiful than earliest hint of dawn;
Magic is here, emblazoned in a name
For youth to dream above, to ponder on!
This word it is for which strong men have died
On many battlefields in many lands
They have gone gladly, as unto a bride
With smiling look, with eager, outstretched hands.

This word, which on a breath goes drifting by
And leaves no ripple on the tranquil air,
A yellowed leaf upon sad Autumn's sigh,
Has power no prince or potentate can share.
No other wealth, of all by Earth possessed,
Can equal honor, dwelling in man's breast.
—Aline Michaelis.

CANUCKS WOULD PROTECT THEIR YANKEE COUSINS against the bold, bad Japs, if an attack were made by the Japanese on Yankee possessions in Alaska, according to a Belleville correspondent of the Vox Pop page in a Yankee magazine. Sez he:

> "If Japan attacked Alaska, what would happen if the United States found itself so hard pressed defending the homeland that it couldn't help its territory and said to Great Britain and Canada, 'If you want Japan as a neighbor, you can have her'?
>
> In my opinion, within twenty-four hours after such a proclamation you would find every British boat big enough to tote a cannon, every Canadian Mountie not after a man, and every Canuck that owned a pair of ear muffs hell-bent for Alaska."

Perhaps? and then again,—
Perhaps not.

x x x x

LARGE ELECTRIC SIGN demolished by the high wind, crashing down to the street, carrying debris with it, smashing an automobile, fortunately empty, suggests stricter regulation in the placing of signs and closer inspection. The falling of this sign might very well have been attended with a fatality and it was indeed fortunate that there was no one in the automobile at the time and no pedestrians in the way just at that moment. There should be an immediate inspection of all overhead signs in the city.

x x x x

WHEN THE STONES are all rearranged in the Moira River let's call a meeting and discuss the esplanade project. It is altogether probable that our children or our children's children, when they grow up, will wonder why we delayed so long in starting this very worthwhile project. When all the waterworks pipes possible have been laid and all the stones in the Moira River have been turned over, and much money paid out in direct workless relief, perhaps consideration will be given the esplanade plan.

x x x x

BIGGEST BOOZE RUSH since the eve of prohibition was witnessed Christmas Eve in the liquor stores of the province, an indication that folks are more prosperous. In Belleville a policeman was in attendance to keep the line in order and it was well along in the evening before the last customer was served and the doors closed. With all the extra flow of booze, however, there were no arrests for drunkenness in Belleville, indicating perhaps, that folks carry their liquor better, that they are not so liberal with it as in low price days of yore, or—but your guess is as good as ours.

x x x x

JUST ONE BIG FAMILY was the way King George greeted his world-wide subjects Christmas Day in a radio broadcast which circled the globe. His conception of the Empire as a family strikes a responsive and friendly chord in the heart of every Britisher. The King said:

> "On this Christmas Day I send all my people everywhere, my Christmas greeting.
>
> "The Day, with its hallowed memories, is the FESTIVAL OF A FAMILY. I would like to think that you are listening to me now, in whatever part of the world you may be, and all the peoples of this realm and Empire, are BOUND TO ME AND TO ONE ANOTHER BY THE SPIRIT OF ONE GREAT FAMILY."

Not subjects any more, but sons and daughters, brothers and sisters, with our King head of the great British family, joint owners of the best governed Empire the world has ever known—governed wisely by the consent of the governed.

KILLED IN CRASH

DR. G. H. McGUFFIN

One of the 15 victims of the Dundas, Ont., train wreck was Dr. G. H. McGuffin, of Cooksville, Ont., who took train home from London "because it was safer than motoring." He was instantly killed.

REPEATS AS HERO

Capt. Harry Manning, S.S. Manhattan, is no one time hero. He figured in several notable rescues at sea before taking up flying as a hobby. Now he has thrilling safe landing of aeroplane with shattered propeller to his credit. He's shown beside blade with which he contended in preventing crash in midst of New York crowd.

SCIENTIST LEAVES $6,500

Chicago, Dec. 29.—Erich von Gebauer Fuelnegg, who was killed in a Gary, Ind., laboratory on the eve of the announcement of discoveries for use in processing rubber which experts said, would be worth millions of dollars to the industry, had an estate of only $6,500.

His will, in which he left his entire estate to his wife, was admitted to probate yesterday. Dr. Gebauer Fuelnegg, an associate professor at Northwestern University and a consulting research chemist, inhaled gasses in the laboratory while at work which caused his death.

◆

SPECIAL SIGNIFICANCE

WINDSOR, Ont., Dec. 29.—(CP)—There will be special significance attached to the New Year's eve celebration this year for Mr. and Mrs. George Carr. It was on New Year's eve in 1884 that Miss Eliza Branch and George Carr, both natives of Felixtowe, Suffolk, Eng., were united in marriage and this year they will celebrate the golden anniversary of their wedding.

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

DECEMBER 29, 1914

Masonic officers of the various lodges in the city were installed yesterday afternoon by the Right Wor. Bro. Harry J. Clarke, D.D.G.M., Prince Edward District No. 13, assisted by other right worthy brethren. Moira Lodge No. 11, G.R.C.—W. Bro. Donald S. Bleecker, W.M.; W. Bro. James M. Wilson, I.P.M.; Bro. A. L. Bro. C. N. Sulman, Trustee of Masonic Property.

30 YEARS AGO

December 29, 1904

Anson G. Northrup, aged 72 years, died at his home on John street last night. He was one of the oldest public officers in Canada, occupying for over fifty years the position of clerk of the county court, deputy clerk of crown and pleas and registrar of surrogate court. The late Mr. Northrup was one of the most highly esteemed citizens of Belleville. He was a kindly gentleman of wide sympathy and impeachable character and Belleville was proud of him and of his record. Mr. Northrup was a devout member of John St. Presbyterian Church. For over forty years he was superintendent of the Sunday School and filled also many important offices in the church. His sudden taking off will be universally regretted.

Mr. W. E. Foster and family left today for Montreal where they will reside.

Miss Mary Lockerty acted as accompanist at a concert in Cannifton last night.

Mr. Albert Ostrom of Detroit, an old Belleville boy, is visiting relatives in the city.

40 YEARS AGO

Dec. 29th., 1894

The hockey rink will be open for practice on Monday.

The Bay of Quinte and the Trent River have not been so low as now since 1869.

Prof. Paul Denys has gone to Ottawa to spend New Years.

Mr. James Haggarty, M.P.P., and his son, Richard, were in town today.

Mr. Charles D. Fuller of Aylmer was greeted by many old friends on the street today.

Mr. Gilbert Parker arrived in the city today to visit his parents, Captain Joseph and Mrs. Parker, George street. He is enroute to the Northwest.

Mr. Allan C. McFee has passed the optional subjects at the Civil Service examinations at Kingston.

Mr. Wm. Smeaton has left on a business trip to the Atlantic coast.

50 YEARS AGO

DEC. 29TH, 1884.

The snow shovel brigade was at work on Front Street this morning. The walks are now clear of snow and ice.

Tobogganing cannot be enjoyed owing to the lack of ice. The weather is too mild for the followers of this recreation.

Mr. Thos. Ritchie left this morning for the Old Country. He will sail from New York.

The police found another store door unlocked last night. If the police were less vigilant the merchants would be more careful.

Mr. Aylesworth has retired from the County Council. He will be greatly missed as he was an able and very useful member.

The members of the Sportsmans' Gun Club will have a ball shoot at the rifle range on New Year's morning at ten o'clock.

◆

2 KILLED WHEN TRAIN STRIKES CAR

Same Train That Killed Seven Near Scene of Last Fatality

Chicago, Dec. 29 (CP)—Two women were killed and a man critically injured today when the "International Limited" of the Grand Trunk line struck an automobile in Suburban Blue Island. It was the same train which two days ago struck another automobile at nearby Harvey and killed seven persons.

The dead were Mrs. Mary Metzinger, 55, of Fargo, N.D., and Leona Metzinger, about 30, her daughter.

The injured man was Leon Metzinger, 55, husband and father of the victims.

The engineer was George Nye, and the conductor was J. Ruple, both of Battle Creek, Mich. Neither was a member of the crew of the train in the accident which Wednesday took the lives of seven Illinois Emergency Relief Commission Workers at a crossing about three miles from the site of today's crash.

THOMASBURG SCHOOL CONCERT

Christmas Entertainment Presented in I.O.O.F. Hall

Thomasburg, Dec 28.—On Thursday evening, Dec. 20th., Thomasburg Continuation School teachers and pupils presented their annual Christmas concert in the Oddfellows Hall. The Hall was tastefully decorated for the occasion making a perfect setting for the interesting evening's programme.

Mr. Ervine Bateman, secretary of the School Board, very capably acted as chairman and a splendid programme followed consisting of choruses, dialogues, recitations, a piano duet, motion songs, drills, a playette, "A Festival of Christmas", a pantomime "The Holy City" and short addresses by Rev. F. C. Beazer and the chairman.

At the conclusion of the program the presents were distributed from the beautifully decorated tree to each pupil. Miss Heasman, principal, was presented with a box of stationary by her pupils and Miss Dorothy Clare, pepper and salt shakers by her pupils. Several pupils were presented with special prizes for their work during the past term.

Much credit is due to these teachers, Misses Heasman and Clare for the splendid concert and capable manner in which each pupil had been trained to take his or her part.

The proceeds of the evening amounted to over twenty-one dollars.

Roslin Parish Anglican Church Sunday Schools held their annual Christmas Concert on Saturday evening in the I.O.O.F. Hall. Owing to the extreme cold weather and road conditions many Sunday School pupils were unable to be present.

Rev. F. C. Beazer, rector acted as chairman and an interesting programme consisting of the singing of several Christmas carols, recitations by Phyllis and Helen Sills, John Steven and Reggie Mouck, readings by Mrs. N. Steven and a trio "Away in a Manager" after which the children enjoyed several games. Santa Claus then arrived and presented the Sunday School pupils of the different churches in the parish with a bag of candy. Lunch was served and a social half hour enjoyed.

Mrs. Roland Perry met with a very painful accident while walking on the street in Belleville one day last week when she slipped on a piece of ice and fell fracturing one bone in her right arm just above the wrist.

Mr. and Mrs. Eugene Shaw and family of North Hastings spent a few days recently with his mother, Mrs. W. Shaw.

Mr. Alfred Flemming of Stirling spent a few days last week with friends in the village.

Mr. and Mrs. Edward Way are spending the Christmas season with Mr. and Mrs. John Lawson at Orillia.

Word was received on Thursday last of the death of Mr. Addison Wilson at his late home at Drydon, Ont. following a long illness. The late Mr. Wilson was well known in this community having resided here until about fifteen years ago.

Mrs. W. E. Kerr is spending a few days with her brother and sister, Mr. and Miss Emerson at Roslin.

Mr. and Mrs. Melburne Adams entertained a number of their friends on Wednesday evening last, at a progressive euchre party. The prize winners were Miss Verna Morton and Mr. Edward Carter.

Miss Mildred Adams of Toronto, is the guest this week at the home of her parents, Mr. and Mrs. William Adams.

Mrs. Albert Geen has returned to her home after an extended visit with relatives at Tweed.

Rev. and Mrs. F. C. Beazer of Roslin had dinner on Christmas day with Mr. and Mrs. Wesley Morton.

Miss Ella Fluke has sufficiently recovered from her recent illness to be able to be out.

Mr. and Mrs. Lewis Morton were Christmas day guests at the home of the latter's parents, Mr. and Mrs. F. Hall, Plainfield.

Mr. and Mrs. H. McTaggart and Miss Mabel McTaggart of Tweed, spent Christmas day with their son Mr. Willard McTaggart and family.

Service was held in the Anglican Church on Christmas morning at 10.30 o'clock with celebration of the Holy Communion. The rector, Rev. F. C. Beazer being the celebrant.

Miss Alice Heasman, principal of Thomasburg, Continuation School, is spending the Christmas vacation at her home at Stirling.

Mr. and Mrs. Murney Geen and family were Christmas day visitors at the home of Mr. and Mrs. Ernest Bateman at Lodgeroom.

Miss Olive Carter of Toronto, is spending the Christmas vacation with Mr. and Mrs. Edward Carter and other relatives here.

Little Miss Helen and Master Donald Sills of Roslin, spent a couple of days recently with their grandparents, Mr. and Mrs. F. Coulter.

Mrs. Roland Perry is spending a short time with her sister, Mrs. H. Carter at Foxboro.

Mr. and Mrs. Melburne Adams were Christmas day guests at the home of Mr. and Mrs. W. Huffman at Belleville.

Mr. and Mrs. Herman Elliott are visiting relatives at Napanee, this week.

Mr. E. Kerruish of Kingston, was a guest on Christmas at the home of Mr. and Mrs. W. Holbert.

Rev. H. B. Herrington attended the meeting of the Ministerial Association held recently at the rectory at Roslin.

Mr. J. H. Blakely, Mr. Murney Blakely and Mr. and Mrs. Gerald Reid and Carman spent Christmas with Mr. and Mrs. Reg. Reid at Ivanhoe.

Mr. Wesley Prindle of Belleville, was a Christmas guest at the home of Mr. and Mrs. Howard Thompson.

The annual meeting of Thomasburg Continuation School Board was held in the school on Wednesday.

Mrs. W. S. Embury is spending a few days with relatives and friends at Tweed.

While motoring to Belleville early Christmas morning, Mr. S. D. Prindle had the misfortune of damaging his car considerably when owing to the slippery condition of the road his car left the road and smashed into a telephone pole near Belleville. Fortunately Mr. Prindle was alone in the car and escaped with a mere shaking up.

Mr. Wallace McTaggart of West Huntingdon spent Christmas at his home here.

LATE MR. ROBERT MORTON

The death occurred on November 20th of Mr. Robert Morton at his late home, Sand Creek, Mich. The late Mr. Morton was born at Thomasburg, on June 3rd, 1851, where he resided until 1920, when he moved to Detroit, where he lived until one year ago, when he moved to Sand Creek.

Left to mourn his passing are his widow, Mrs. Mary Jane Morton, two sons, Frank of Detroit, and James of Sand Creek, and one daughter, Mrs. Oscar Fargey of Detroit and two sisters, Mrs. Horatio Peterson of Thomasburg and Mrs. John Chatham, of Sask.

◆

BANQUET CLOSES SHORT COURSE

Wallbridge Junior Farmers End Successful Sessions

Stirling—Shortly after noon Wednesday, a severe blizzard which whipped the newly fallen snow into huge drifts, swept over the Stirling district. The blizzard was accompanied by a rapid fall in temperature and by four o'clock in the afternoon, even the highways were impassable. Less than a mile from Stirling, over six cars were stuck in huge snowbanks on the Highway at once. Thursday morning all roads were blocked and even the mail carriers and Globe and Mail and Empire carriers were unable to reach their customers on the accustomed routes. With the assistance of road men, the highways although in a bad condition, are now all passable, except Highway No. 33 which will only permit of cars for two miles journey south of the village, the hill having to be dug out to allow even this. Thermometer readings Thursday morning registered 14 and 12 degrees below zero. Later in the day the mercury rose slightly falling again as night approached.

The latest business transaction in newly opened grinding mill in the the village is the transfer of the former Gay barn on Mill Street under the proprietor, Mr. Tom Cranston, to Mr. Ashley Brooks of Glen Ross. Mr. Brooks assumed charge last week and will continue to operate the mill in the customary manner.

Mr. Clifford Holmes of Peterboro Normal School is home for the Christmas vacation.

Rev. R. J. and Mrs. Koffend of Toronto were Christmas guests of their son Rev. J. A. Koffend and Mrs. Koffend at the Manse.

Miss Pauline Bailey of the Excelsior Life Insurance Company, Toronto, was a Christmas weekend guest of her brother Mr. Jack Bailey and Mrs. Bailey.

Dr. and Mrs. E. A. Carleton spent the Christmas holiday in Toronto. Dr. and Mrs. Carleton were accompanied to Toronto by the latter's parents, Mr. and Mrs. Mac Gillivray who returned home after a three weeks' visit with their daughter, Mrs. Carleton in town.

The annual meeting of the Banner Oats Association which was scheduled to be held on Saturday afternoon in the Agricultural Rooms did not materialze due to the fact that because of the severe snowstorms suspending traffic sufficient members to comprise a quorum were not present and the regular proceeding could not be followed. In lieu of this meeting a departure from the customary form was taken, the members present making the recommendation to Secretary Treasurer Jos. Wilson that dividends of $1 per share be paid to each member of the Association. It was further urged that Thos. Andrews be re-engaged for the current year 1935 to operate the seed cleaner for the organization for that period.

The year was quite successful in every respect and last year's slate of officers, all of whom have satisfactorily filled their respective offices since the year 1931, was returned for another term. The officers are as follows:

President—J. B. Belshaw.

Secretary Treasurer—Jos. Wilson, B.S.A.

Auditor—C. W. Thompson.

The Wallbridge Junior Farmers' Short Course concluded on Thursday at noon with a banquet prepared by the girls of the school being served. The banquet was a gala affair taking the form of a Christmas dinner. In addition to all those from the district who attended the course being present, Mr. Jos. Wilson, Agricultural Representative for the district was also among the guests.

Mr. Arnold McCutcheon of Toronto is a Christmas holiday guest of his mother Mrs. McCutcheon.

AWARD PRIZES FOR ATTENDANCE AT SUNDAY SCHOOL

Melville, Dec. 29—Mr. and Mrs. Will Morton and Mrs. J. Morton spent Christmas with Mr. and Mrs. F. S. Anderson, Belleville.

In spite of the sleet and snow a large crowd attended the Melville Christmas entertainment when the school and Sunday school gave their annual concert on Friday evening. A splendid program was put on of Christmas carols, recitations, dialogues, etc. At the conclusion of the programme Santa Claus appeared and unburdened the Christmas tree of presents for the children. Rev. Mr. McRae presented Howard Kinnear, Albert Edwards, Joyce McRae, Elmer McPaul, Frank Root and Leonard Root with New Testaments for perfect attendance at church since the last of May (eighteen Sundays in all), also Donald Root and G. A. Kinnear with books for church attendance. Rev. McRae announced that he would challenge the boys and girls for the year, starting Jan. 6th, 1935 for greater effort for church attendance.

Mr. and Mrs. J. Root and Donald, Mrs. J. Morton and Mr. John Morton spent Tuesday afternoon in Wellington.

Mr. and Mrs. Wood spent Tuesday in Belleville.

Mr. Jas. Wickson, Mr. and Mrs. Ernest Carley, Mr. C. Carley and Mrs. A. Carley, Mr. and Mrs. C. Kinnear were at Belleville on Wednesday.

Rev. Mr. McRae, Mrs. McRae and Joyce were Friday evening guests of Mr. and Mrs. Fred Maxwell, Bowerman's.

Mr. and Mrs. Harry Carley and Elmer, Mrs. Jas. Morton spent Monday afternoon in Belleville.

Mr. and Mrs. Willet Tripp, Bloomfield spent Sunday at the home of Mr. and Mrs. Will Joyce, Hillcrest, with the latter's mother, Mrs. H. Leavitt who is seriously ill.

Miss Lida Weeks, Burr's spent a couple of days last week at the home of Mrs. Albert Carley.

The Women's Missionary Society held their meeting at the home of Mrs. Frank Zufelt on Thursday afternoon Dec. 20th with the president Mrs. A. Carley presiding and Mrs. McRae as pianist.

Mrs. McRae took charge of Devotional exercises. Rev. McRae gave an interesting talk on Christmas or (Christ-Mass) meaning the day set aside for worship of Christ.

Christmas readings were given by Mrs. A. Cruickshank and Mrs. J. Root. Rev. McRae then took charge of the election of officers. It was moved by Mrs. Zufelt and seconded by Mrs. McRae that all the officers be reinstaed. Carried.

Other numbers were readings, Mrs. Tripp and Vera Bovay and music Mrs. L. Smith. The meeting closed with a hymn and closing prayer by Rev. McRae.

Mrs. A. Cruickshank assisted Mrs. Zufelt serve delicious refreshments and a social time was spent. Collection $1.20.

Mr. and Mrs. A. A. Carley, Mr. and Mrs. C. Carley and Muriel, also Mr. and Mrs. Harry Carley and Elmer were Christmas guests of Mr. and Mrs. T. Thompson, Doxsee's.

Mr. and Mrs. E. Carley, Dorothy and Clarence spent Christmas with Mr. and Mrs. Bride Hough, Burr's.

Mr. and Mrs. J. Root and boys spent Chrihtmas with Mr. and Mrs. Frank Benway, 3rd Concession.

Mr. and Mrs. G. Ferguson spent Christmas with Mr. R. Adams and family, Consecon.

Mr. and Mrs. Frank Zufelt, North Lakeside spent Christmas with Mr. and Mrs. Will Zufelt, Consecon.

Mr. and Mrs. A. Cruickshank spent Christmas with Mr. and Mrs. Earl Lumley, Doxsee's.

Mr. and Mrs. Warner Wood entertained a family party on Christmas Day.

Dr. Dafoe

took an

American Journey

. . . and when he came to New York he won hard-boiled Broadway. He exchanged "gags" with Sally Rand and captivated Walter Winchell. He was the guest of the "Happy Warrior," the toast of the city, THE NEWS OF THE WEEK!

But when he returned to his native Ontario his first request was for the North Hastings Review, published in his own home town of Madoc. He wanted to see what "the greatest newspaper in the world", as he calls it, had to say about him. The lavish laurels on the front pages of the big city press were interesting, but the North Hastings Review was something he knew about—something he had heard of before—something he was sure of.

To each of the hundred thousand readers of key city dailies, "the greatest newspaper in the world" is the one published in his own home city. And why not? It tells him about Dr. Dafoe being received by President Roosevelt and the daily progress of his beloved "quints", about assassinations in the Balkans and the sputterings in the Saar. It also tells him about what is going on at home and about neighbors and friends and about people he has known for a long time. It tells who held a successful tea, who is ill, who has had a "blessed event", who won the badminton tournament, who is coming home for the holiday, who is selling this and who is selling that. It is the ONLY paper that brings him ALL THE NEWS HE WANTS!

Manufacturers, advertising and sales departments who get this idea fixed and work for it in "the greatest newspapers in the world" will be away out front when some of the other fellows who are devoting all their time and attention to "only the larger centres" will be wondering why they got lost in the recovery shuffle. The cost need be no worry. Here are thirteen keys to thirteen responsive key markets—you can use all of them for less than two head office city dailies and for about a quarter the cost of one magazine.

Mr. and Mrs. P. Clapp and family were Sunday visitors at Mr. and Mrs. B. Gerow's.

◆

STIRLING

SCHOOL LEAGUE BEING FORMED

Six Teams May Enter Proposed Hockey Group

Stirling.—Efforts are being made to form an interscholastic league which will get under way almost at once with the resuming of the school term. The plan this year is to include a much greater number of entries and thus do away with so many of the smaller leagues. In this way the brand of hockey played will be better and superior to other years and the interest of the fans will be more keen. According to reports, the league will probably be comprised of an entry from Belleville, Trenton, Tweed, Stirling and probably Marmora and Madoc. A league of this kind, it is felt, would cover a sufficiently large territory to foster a greater amount of interest among the fans. The schedule will be drafted it is expected, shortly.

The December and regular monthly meeting of the local Library Board was held in the Library on Thursday evening with Acting President R. W. Meiklejohn, in the absence of Mrs. J. McC. Potts, President, in charge of the meeting. Business discussion occupied the major part of the meeting, the main feature being the approval of the books procured for the Library for 1934 and the authorization of the payment for them. The remainder of the meeting was devoted to property discussions and the meeting adjourned.

The Stirling Citizens' Band sponsored the second in their series of dances in the local Community Hall on Thursday evening. Due no doubt, to the unfavourable weather conditions and the impassable roads, the attendance was rather limited and so the event was not an outstanding financial success. An enjoyable time was spent socially with Mr. Chas. Allen supplying the music for dancing.

Mr. and Mrs. Charles Bennett and family of Frankford, Mr. and Mrs. George Bennett and Harry, Ridge Road, Mr. and Mrs. Arthur Hulin and Dorothy, Mr. Fred T. Hulin and Don, Mr. William Dermedy, and Miss Flossie Hulin, Mrs. Snider and daughter, Mrs. Neal, of Trenton, were Christmas guests of Mrs. Sarah Hockey.

Mr. William Alcombrac of Sackett's Harbour, New York, is spending the Christmas holidays the guest of his sister, Mrs. Sarah Hockey.

Chimney Fire

On Wednesday afternoon at 5.15, the chimney on the bungalow belonging to Mr. J. B. Belshaw and occupied at present by Mr. and Mrs. Sid Williams, took fire endangering the house. The Stirling Fire Brigade was summoned but before they could arrive neighours had mustered forces and with the help of the snow storm, succeeded in extinguishing the conflagration before their arrival.

Baker's Service Station which has been thoroughly remodeled has also been equipped with a new staff. Mr. Salisbury is now in charge of the repair department, while Mr. Harry McLaren of Campbellford, is in charge of the floor service, both of these men being experienced in their branch of work and competent to render the best in service.

Christmas Day at St. James' Roman Catholic Church was observed with Mass at 10 o'clock followed by Benediction of the Most Blessed Sacrament.

Christmas Day at St. John's Anglican Church was observed with Choral Communion at 9 a.m. The church was decorated with evergreens and holly, the latter donated by Mrs. Charles Morrow. The flowers on the altar were the offering of the Women's Guild. Rev. A. S. McConnell, in his sermon conveyed to his flock a truly Christmas message.

James Cartwright, farm hand in the employ of Mr. Sam Belshaw in some unaccountable manner slipped from the roof which he was repairing on Thursday afternoon suffering severe injuries. The unfortunate man besides being badly shaken up suffered chest injuries, sprained back and bruised shoulders. He is at present under medical care and will be unable to go about his duties for some time.

Hockey Schedule

The schedule for the Hockey League has been released, a double header being played in the local arena each Tuesday and Friday night commencing on New Year's night. The first game will start at 7 o'clock sharp. The following is the schedule:

Tuesday

Jan 1.—Zion Hill vs. Bethel; Evergreen vs. Glen Ross.
Jan. 8.—Bethel vs. Evergreen; Mount Pleasant vs. Zion Hill.
Jan 15.—Zion Hill vs. Evergreen; West Huntingdon vs. Glen Ross.
Jan. 22.—Bethel vs. Glen Ross; Evergreen vs. Mount Pleasant.
Jan. 29.—Glen Ross vs. Zion Hill; Mount Pleasant vs. West Huntingdon.
Feb. 5.—Zion Hill vs. Mount Pleasant; Glen Ross vs. Bethel.
Feb. 12.—Mount Pleasant vs. Evergreen; Glen Ross vs. West Huntingdon.
Feb. 19.—Evergreen vs. Zion Hill; Bethel vs. Mount Pleasant.

Friday

Jan. 4.—West Huntingdon vs. Mount Pleasant; Zion Hill vs. Glen Ross.
Jan. 11.—Glen Ross vs. Mount Pleasant; West Huntingdon vs. Bethel.
Jan. 18.—Mount Pleasant vs. Bethel; West Huntingdon vs. Evergreen.
Jan. 25.—Evergreen vs. Bethel; West Huntingdon vs. Zion Hill.
Feb. 1.—Glen Ross vs. Evergreen; Bethel vs. West Huntingdon.
Feb. 8.—Evergreen vs. West Huntingdon; Bethel vs. Zion Hill.
Feb. 15.—Mount Pleasant vs. Glen Ross; Zion Hill vs. West Huntingdon.

Fifteen homes in Stirling and district were treated to a pleasant surprise on Monday night when each was visited by a representative of the Community Welfare Club and the Boy Scouts, and a huge basket of Christmas cheer was left at each home. The Boy Scouts have been working hard in an effort to accomplish this. A large quantity of Buckingham cigarette wrappers have been gathered in return for which a quantity of toys were received which were duly distributed to kiddies whose parents were financially unable to procure such for this year's Christmas.

Each of the fifteen baskets contained one peck of potatoes, peck of turnips, sack of pastry flour, two tins of Ovaltine, half pound of tea, tin of pork and beans, two tins of tomatoes, one tin of corn syrup, one jar jam, one package of cakes, one package of crackers, sack of sugar, apples, nuts, candy, oranges as well as toys for the children. The baskets which were made ready by the Boy Scouts were a most acceptable gift and much credit for this splendid exemplification of the Christmas spirit is due to Mr. Thos. Solmes and Mr. Milton Bird. The supplies over and above the required amount were given to other children of the village, to the Children's Shelter in Belleville, and the balance forwarded to Evangel Hall in Toronto.

Christmas Tree

The St. John's annual Christmas tree was held on Thursday evening in the Orange Hall through the kindness of the Orange Order.

"JOLIE ENFANT, NE SUIS-JE PAS?"

"My name is Yvonne Edouilda Marie Dionne. I am the heaviest of the famous Dionne quintuplets. I weigh just over 13 pounds and smile at you because I feel, oh, so good. I am not very strong yet, so my favorite nurse, Yvonne Leroux, had to hold me up for the cameraman. But don't you think I am just about the cutest and healthiest baby you ever saw?" (Copyright by Central Press Canadian).

Wallace Beery, Adolphe Menjou and Virginia Bruce in "The Mighty Barnum," now on the Belle screen.

Wynne Gibson and Victor McLaglen in "The Captain Hates The Sea," coming Monday to the Capitol.

Library Corner

Marie, Queen of Roumania, in her autobiography, "The Story of My Life," has written the story of nearly half a century of some of the most momentuous years in history. Besides describing her own life she tells the human side of the lives of many royal personages of Europe during the years before the World War. Her pictures of childhood days in England, of life at the Imperial Russian Court, of the coronation of Nicholas II and Alexandra, of winter festivities in St. Petersburg, are portraits of a lost world—the imperial world of Europe. As the granddaughter of Queen Victoria and Czar Alexander II of Russia, this eldest daughter of the Duke of Edinburgh, who was an admiral in the British Navy, is related by blood or marriage to most of the royalty of Europe and visited them in her girlhood. The backgrounds of her story are domestic and social, rarely political, yet in them one can discern the forecasts of great political events. The book is illustrated from photographs never before published.

All the poems written by John Galsworthy, which he wished to have preserved, are included in the volume, "The Collected Poems of John Galsworthy". Although he was primarily interested in the drama and the novel, his poems achieve a lyric grace which cannot be overlooked. They contain an intense human quality. The New York Times explains this spirit thus: "Never in his prose did John Galsworthy quite successfully convey the friendliness he felt for all men; the stellar brilliance of his prose could not but erect something of a barrier between the reader and the man himself. In these poems that barrier is broken through."

A book written to answer some of the many questions sent in by radio listeners concerning music is "Music on the Air" by Hazel Gertrude Kinseella with an introduction of Dr. Walter Damrosch. There are chapters or sections on folk music, opera, choral music, the orchestra, music in all its phases, together with sketches of composers and analyses of their works. To add to the interest of the book, twenty famous musicians were asked to write of their own specialties. All listeners will have their pleasure in music increased by knowing the meaning and interpretation the composer had in mind when he wrote.—K. G.

◆

NORMAN MASON DIES AT HOME IN EAST SEYMOUR

East Seymour—Mr. Norman Masson, who had been in very poor health many months passed away Christmas Day, aged 79 years, the son of the late Mr. and Mrs. T. W. S. Masson of Hoard's, the sixth child of seven children, five sons and two daughters. Norman was the only son to follow agricultural pursuits and was a very successful farmer; the other sons took to professions. Judge James, K.C. of Cape Owen Sound; Thos., M.D., of Cape Vincent, N.Y.; William, a lawyer of Owen Sound; Stuart K.C. of Belleville, Mrs. Coleman (Sarah) was the eldest of the family and Mrs. Alex Donald (Helen) of Staten Island, N.Y. Of these seven children Mrs. Donald is the only survivor.

Mrs. Masson, nee Gertrude Ketcheson, predeceased her husband eighteen years ago, also one son Captain Victor Masson, C.E.F. fourteen years ago and a daughter Mrs. Walter Twigg of Toronto 8 years ago. The surviving members of the family are Mrs. Willie White of Roslin Mrs. James Nelson, Burnbrae(at whose home Mr. Masson was tenderly cared for for several months) and Mrs. (Rev.) Douglas of Nova Scotia. There are fourteen grandchildren and one great granddaughter.

A staunch Conservative, the deceased took a keen interest in the affairs of the state and a most generous-hearted man as many could testify. A kindly neighbor. He was an ardent poultry fancier and was successful in raising poultry He retired from the farm about twelve years ago and lived near Burnbrae Presbyterian Church of which he was a life long member.

The funeral took place on Thursday, Dec. 27th in the home of his daughter Mrs. James Nelson. Interment was in Burnbrae Cemetery.

The bereaved family have the sincere sympathy of the whole community.

Mr. and Mrs. Banks Hunter of Toronto, Mr. and Mrs. Will Brady, also of Toronto, Mr. and Mrs. Jim Thompson little Marilyn and Mr. Alex Oddie spent Christmas with Mr. and Mrs. John Thompson of Burnbrae.

Mr. and Mrs. Percy Oddie and family spent the supper hour on Christmas Day with Mrs. Oddie's father Mr. John Meiklejohn of Campbellford.

Mr. Donald Craighead, B.A. of Norwood High School Staff, Misses Jean and Emily Craighead of Belleville are spending the Christmas season with their parents Mr. and Mrs. Geo. Craighead of Burnbrae.

Dept. Reeve W. S. and Mrs. Milne Harold, Kenneth and Stuart spent Christmas Day with Mrs. Milne's sister and husband, Mr. and Mrs. O. P. McConnell of Brighton.

Miss Fern Weatherell, teacher near Wooler is spending her vacation with her parents, Mr. and Mrs. Thos. Weatherell of Burnbrae.

Misses Jean and Isobel, Master Alex Hume spent several days over Christmas the guests of their grand parents Mr. and Mrs. W. A. Anderson of Stirling. Their parents, Mr. and Mrs. W. A. Hume spent Christmas Day also in Stirling.

Mr. and Mrs. Jack Rannie of Menie entertained on Christmas Day the following: his parents, Mr. and Mrs. William Rannie; his sisters, Mr. and Mrs. Roy Walker, Marion and Donald, of Harold, R.R. 2; Mr. and Mrs. Carl Johnston, Alex and Betty of Campbellford; Mrs. Jack Rannie's parents, Mr. and Mrs. Fred Peake, Donald, Jean and Fred, her grandfather, Mr. Riddell of Campbellford R.R. 2, Mr. William and Miss Alice Hume, uncle and aunt of Mr. Jack Rannie; Mr. Earl Whitton of Menie.

Mr. and Mrs. Willie White, Roslin, were guests of Mr. and Mrs. J. C. Nelson of Campbellford, R.R. on Christmas Day.

Mr. Oscar Rannie of Hoard's was rushed to Belleville Hospital on Sunday, Dec. 23rd and operated on immediately. Although a very serious case he is doing as well as can be expected.

S. S. 11 Seymour held its annual meeting Wednesday a.m. Chairman W. H. Little in the chair the attendance was very good this year. Sec.-Treas. W. A. Hume reported everything in a satisfactory condition. Ernest (Barney) Eagleson is the new trustee.

Seymour Hockey Club met in Campbellford Saturday night and re-organized with Leslie Shillinglaw as president and J. W. Rannie as secretary-treasurer. It is not definitely decided what teams will be playing yet.

Kenneth and Roy Oddie are practising with Campbellford hockey team, preparatory to entering the O.H.A. seniors and juniors respectively. Harry Ingram and Don Morton of Stirling are also playing senior hockey.

Veteran Showman Mourns "Sucker" Dearth

There isn't one born every minute ....not any more! Take it from B. C. (Doc) McKay, the oldest living "barker" who has contacted millions of suckers since 1870— and once made a fortune by pulling their ears.

But times have changed, insists McKay, who worked as a spieler in "The Mighty Barnum", featuring Wallace Beery as Phineas Taylor Barnum, the "Prince of Humbugs", and generally acclaimed the god of all showmen, Adolphe Menjou as James A. Baily, lovely Virginia Bruce as Jenny Lind, Rochelle Hudson and Janet Beecher, and a large cast of screen favorites.

The face and voice of "Doc" McKay are known wherever crowds gather, from Coney Island to Santa Monica. He was once associated with P. T. Barnum and was the spieler for Barnum's greatest hoax, "The Cardiff Giant". For many years, too, he was the barker for the famous "Zip", the pin head, about whom a song was written during the World War.

Less Gullible Now

"The days of the P. T. Barnum methods are over" said McKay, as he sat on a platform on "The Mighty Barnum" set. "Suckers aren't born every minute, anymore. In the old days you could tell a crowd that you had a white elephant in the tent; they put their money on the line and walked in and didn't yell their lungs loose when they discovered the elephant had been whitewashed.

"Take the case of "The Cardiff Giant". Barnum had the figure of a man eight feet long cut out of stone. He took it secretly, of course to Medina, New York, and buried it in the woods. Then he caused it to be 'discovered'. When it was dug up learned medical men testified it was the ossified body of a prehistoric man. Eventually a partner joined me in buying it from the Barnum show and we exhibited it all over the south.

"I used to tell the crowd that they could take magnifying glasses and see the hair growing right out of the skin. I've heard hundreds who stared through a magnifying glass swear they could see the hair! But times have changed; I couldn't even sell a whale to 'em. What's that? What became of the Cardiff Giant?

"My partner and I, broke, left him on a flat car on a railroad siding in Macon Georgia. That must have been in about 1880, or thereabouts; memory ain't what it used to be—not at eighty. But I think that "Zip" and not the "Giant" was the greatest freak ever put on exhibition. "Zip" was Barnum's pet discovery. He was a pin head but intelligent. He was a Jersey colored boy, and Barnum schooled him in the ways of Barnum. He taught him never to speak in public. Zip—Bill we called him—never uttered a word in public during the sixty years he was on exhibition. But he talked plenty in the dressing rooms.

"Nope, I'm telling you times ain't what they used to be in the circus business, and that's the reason I'm happy over seeing it really glorified by Director Walter Lang in "The Mighty Barnum". And that's the reason I'm getting such a kick out of helping to put it over".

"The Mighty Barnum" is the feature attraction at the Belle today and Monday, matinee and evening, and tells the amazing story of a Connecticut Yankee who started with a little grocery store and saw his dreams soar to Barnum & Bailey, "The Greatest Show on Earth". The story is crammed with breathless excitement. Packed with laughs and tense moments, "The Mighty Barnum" is a picture the whole family will enjoy.

WRIGLEY PROGRAM DEC. 31ST.

9.30—10.00 P.M. CRCT-CFRB.

Toasting the New Year on Monday night, December 31, at 9.30 to 10.00 over CFRB and CRCT, Wrigley's have arranged a program that will provide real entertainment for those who remain by their radios to hear the New Year in.

AT THE CAPITOL

"Captain Hates the Sea"
Star-Studded Sea Comedy

With a cast that includes ten big star names, "The Captain Hates the Sea" is coming Monday to the Capitol.

"The Captain Hates the Sea" is a highly hilarious film dealing with several characters related only through their close contact on a ship bound from San Pedro, the port of Los Angeles, to New York City. On board the ship are a crook fleeing with valuable negotiable papers he has stolen; a detective on his trail; the crook's accomplice, a girl, who, because of the detective, is obliged to pose as an innocent librarian; a newspaperman who has failed as a Hollywood scenario writer and who is returning to New York to try to forget the woman he loves, and several other passengers whose stories become intricately interwoven before the trip is finished.

Walter Connolly is seen as the Captain who detests the sea which furnishes him a livelihood; McLaglen is the detective, Fred Keating the crook, Helen Vinson, the girl, and John Gilbert the ex-newspaperman. Others in the cast are Wynne Gibson, Alison Skipworth, John Wray, Leon Errol, James Blakeley, Walter Catlett Tala Birell," Donald Meek, Howard, Fine and Howard (the three Stooges), Arthur Treacher, Emily Fitzroy, Akim Tamiroff, Luis Alberni, Geneva Mitchell and many others.

ADDED FEATURES

Shown in conjunction with the above mentioned feature is a hilarious comedy starring Alice and Florence Lake and entitled "The Winnah" and one enjoyable Baby Burlesk reel "Glad Rags to Riches" with that popular and lovable star, Shirley Temple.

Autographed photos of Shirley Temple will be given to each boy and girl.

"Du Barry" Oatmeal Dishes Monday and Tuesday. Shows at 2.30; 7.15; 9.05.

LAST TIMES TONIGHT

"Kentucky Kernels", starring Wheeler and Woolsey and "This Day and Age", the sensational story of youth in revolt with Charles Bickford and Richard Cromwell.

NEW YEAR'S EVE FROLIC

Fun, hilarity and happiness guaranteed at the midnite preview of "Havana Widows" the laugh hit of the season. Balloons! Favors! Hats! Caps!

Bring the family and your friends. Tickets now on sale.

FOWL PRICES ARE SLIGHTLY HIGHER

Market Sparsely Attended Due to Bad Condition of Road

That the festive season is still in vogue was evident today on the local market when dressed poultry consisting of turkeys, geese, ducks and chickens were displayed in considerable quantities with some fine birds shown. Prices varied to some extent from those of a week ago being slightly in advance. During the week there has been an advance in the price of live and dressed hogs of 25 cents per cwt. Owing to the bad condition of several roads in the country the attendance was not as large as usual on Saturday.

Prices follow:

Fall wheat, bus.	$ 1.00
Spring wheat, bus.	.85
Barley, bus.	.65
Oats, bus.	.34
Rye, bus.	.60
Buckwheat, bus.	.45
Timothy, bus.	8.00
Red Clover, bus.	10.00 to 12.00
Alsike, bus.	13.00
Dressed hogs, cwt.	11.00
Live hogs, cwt.	7.75
Dressed beef, fore., cwt.	5.00
Dressed beef, hind., cwt.	6.00
Butter, lb.	.23
Eggs, No. 1, doz.	.33
Pullet eggs, doz.	.27
Turkeys, lb.	.22
Geese	$1.25 to 2.50
Chickens	.60 to 1.00
Ducks	.90 to 1.10
Potatoes, bag	.50
Apples, peck	.25 to .35
Onions, peck	.30
Carrots, peck	.30
Parsnips, peck	.30
Turnips, peck	.35
Beets, peck	.25
Butcher trimmed hides, lb.	.03
Rough hides, lb.	.02
Horse hides	1.00
Veal hides, lb.	.04
Sheep skins	.15 to .25
Deacons	.15 to 25
Wool, lb.	.05 to .10
Hay, ton	17.00
White fish	.18
Trout	.18
Pickerel	.15
Fillets	.15

REAL NEW YEAR'S GIFT

Mayor Tice received from Mr. Robert Bogle, a cheque for $20.00 towards the Sunday Night Concert in the Capitol Theatre, in aid of the City Direct Relief Fund.

Canadian Companies Paid 1934 Dividends Of Nearly $200,000,000

Month of December Adds $47,047,562 for Grand Total of $196.039,411—Considerable Increase Over Past Two Years

OIL AND GOLD MINES LEAD THE LIST

(By Central Press Canadian)

Toronto, Dec. 29.—Dividend payments by Canadian corporations to their stockholders in December were the second largest for any one month in history, and only exceeded by the total for December, 1930 according to a compilation of distributions made from official declarations by Bongard and Company, members of Toronto and Montreal Stock Exchanges. December dividends are estimated at $47,047,562, or more than double the total of $22,564,583 for corresponding month of 1933, and that of $20,664,291 for similar month of two years ago. Current month's total compares with the peak for all time of $50,260,682, established in December, 1930.

Payments for the year came close to the $200,000,000 mark at $196,039,411, and compare with $141,327,826 for 1933, and $162,787,004 in 1932.

Gold and Oil Lead

Contributing factors in the large increase in dividends for the month and year, have been the bonuses paid by Imperial Oil and its subsidiary. International Petroleum Company; resumption of dividends by many Canadian corporations as business and general conditions in the Dominion improved, and the substantial increase in dividend payments by the mininm companies, particularly the gold producers. Gold commanded a high price throughout the year, and officials of the mines took occasion to pass along in dividends to stockholders a large portion of the increased revenue.

The month was featured by initial dividends by Kirkland Lake Gold Mining Company, Anglo-Huronian Limited, International Mining Company, and McKinley Mines Securities Company, Limited. Officials of mining companies were also liberal in the payment of bonuses in addition to regular dividends. Consolidated Mining and Smelting Company of Canada paid a cash dividend of $1.00 and a bonus of $1.00, Hollinger Consolidated 5 cents and extra of 5 cents, Lake Shore 50 plus 50 cents a share, and Bralorne a special Christmas distribution of 20 cents.

Among the industrials, regular dividends for the half year and bonuses by Imperial Oil and International Petroleum amounted to over $25,000,000. Canadian Industries, Limited, declared a special dividend to be paid in January. An interim distribution of 50 cents was made by Moore Corporation, Limited, on common stock, the first payment since April, 1932, while Melchers Distilleries, Limited, Hinde and Dauch Paper Company, and Frost Steel and Wire Company were companies to pay dividends for the first time in two to four years.

BOARD ROOM GOSSIP

SHAWINIGAN

Fresh demand that has arisen for shares has been based to a certain extent on realization that this organization is participating very generously in sharp revival in demand for electricity from general industry. Serving a large and important section of the newsprint industry and also meeting the requirements of other lines for power in the province of Quebec either directly or indirectly this company is sensitive to immediate trends. There seems little doubt but that December consumption will exceed November which in itself saw the largest production of energy of any single month for the Canadian Electrical industry as a whole. It will be some time before the company issues its 4th quarter data but there seems little doubt that the three months has been a highly progressive period and as a consequence earnings estimates are again being revised upwards.

CANADA CEMENT

Chief interest in annual report for year ended November 30th centres around degree of improvement registered during the year in position of preferred on which no dividends have been paid since June 30, 1932, making arrears at present about $15.25. The actual balance shown as available for preferred dividends was slightly reduced from 38 cents a share in previous year to 27 cents a shares due to the fact that while total revenue rose from $1,486,740 to $2,094,114 depreciation charge was still less than normal.

As regards outlook for earnings the President in his remarks indicated that from information gained from various sources the Board of Directors was inclined to believe that improvement in the building industry should be slow for immediate future but nevertheless the current fiscal year would show some improvement over 1934.

RENO GOLD

Official announcement expected any day regarding development on 7th level. It is understood only 50 feet of drifting being done on that level after which about 50 feet on each of two bottom levels.

STOCK MARKET GOSSIP

New York—General Electric's action suggests to the street that other companies with large cash and working capital positions may do something for stockholders. First in the mind of the street was American Can and some heavy buying of this stock has been going on.

It is gossip that some of the "big" traders have not only been adding to their lines of stocks but have also been adding to their investment holdings.

Some of the flood of cash on hand is getting into stocks instead of bonds say some of the brokers. In the last few days buying of stocks for "cash" has been greatly in excess of buying bonds and preferred shares. One client bought a fairly large block each of 14 different Industrial Utility and Railroads shares all selling under $50 a share.

CANADIAN PACIFIC RAILWAY

Montreal—Canadian Pacific Railway reports an increase of $3,596,000 in net profits for first 11 months of 1934 compared with same months last year. Gross earnings $114,637,000 vs $104,356,000 net profits advanced from $17,615,000 to $21,212,000. For November alone gross earnings were $1,184,000 working expenses of $7,742,000 and net profits $3,441,000. In the same months of 1933 gross earnings were $10,389,000 working expenses $6,804,000 and net profits $3,585,000. A decrease of $143,000 in net profits from November 1933 resulted.

BARCELONA TRACTION LIGHT AND POWER

Reports an increase of 439,680 pesets to 6,828,907 pesetas for November Gross earnings 10,556,804 pesetas from which operating expenses of 3,727,897 pesetas were deducted. In November 1933 gross was 9,948,939 pesetas and operating expenses 3,559,712 pesetas. Aggregate gross earnings from January 1 are shown as 106,238,331 pesetas vs 102,643,096 pesetas in the same period 1933. Net earnings for the same period were 68,134,281 pesetas vs 66,724,119 pesetas in the previous year.

BABY CLINIC IS SMALL FRIDAY

Unseasonable weather on Friday afternoon resulted in a small registration of babies at the well baby clinic held by the nurses of the local branch of the Royal Victorian Order. Only twenty or so babies were treated by the nurses at the city hall.

TORONTO STOCKS

Toronto, Dec. 29 (CP)—With interlisteds leading the way, the industrial section of the Toronto Exchange today had one of its best Saturdays in six months. Sales approached the 17,000 share mark.

Brazilian, Ford "A" and International Nickel were the feature traders of the interlisted issues and all held the advances scored yesterday. Brazilian was a share higher, Ford varied little and Nickel gained ¼ at 24¼. C.P.R. had a gain of ¼ at 11¾ and Consolidated Smelters firmed up 1 at 137. Distillers Seagrams led the wet list with a ¼-point gain at 16½.

TORONTO MINES

Toronto, Dec. 29 (CP)—Led by Pickle Crow which set a new 1934 high, trading was brisk at today's abbreviated session of the mining section of the Toronto Stock Exchange.

Pickle Crow, which closed yesterday at 1.95, its high mark for the year, shot upward from the start of trading and reached 2.12.

Activity in the higher priced golds was slight compared with the wave of buying flurry which swept lower priced issues to higher levels. Hollinger jumped to 19.70, gaining 20. Teck Hughes gained 10 at 4.05.

God's Lake was another prominent trader in the golds, up 9 at 2.07. Reno, at 1.32, was also a couple of points higher.

WELLAND FARMER

(Continued From Page 1)

"Did they take all they required by the contract before they shut the plant down?" asked Sam Factor (Lib., Toronto West-Centre).

"I don't think they did," Gilmour said.

Sept. 18 was about 10 days earlier than the plant should shut down. Other growers were in the same fix as he himself had been.

"Did the company give any reason for shutting down at that time?" asked Chairman W. W. Kennedy.

"The main argument was the depression. They said they didn't have the money to carry on the business except at a tremendous loss," Gilmour replied.

"And that was their reason for not carrying out their contract," asked Mr. Sommerville.

"Yes," was the reply.

The company had signed up the same acreage in the spring of 1931 as it had done the previous year.

In 1929 at a general meeting Canadian Canners had admitted the former company had been lax in taking the crop and gave an assurance to the farmers the latter "would be looked after."

Prior to 1929 there had been no limitation of how many tomatoes the company would take. The company was the sole judge, said witness.

In 1930 the 175 bushels to the acre which the canners guaranteed they would take was inserted in the contract as a protection to the growers, interjected. Col. A. T. Thompson. counsel for canners.

The dockage in 1931 was "very heavy" Gilmour said, and that was a year the tomatoes were of an excellent quality. Witness said the dockage then was about seven pounds to 40; or about 15 percent.

The result at the factory was a "general fight."

"Was the police called in?" asked counsel.

"I believe Mr. Elliott was called in."

"Was he the police force?"

"In other words he was the 'Village Constable'," commented C. Thompson.

"He was the provincial police," said Gilmour.

NEW YORK CLOSE

New York, Dec. 29—The stock market toned down its pre-New Year's celebration today, although leading issues generally managed to hold their own or add moderately to their previous advance. Profit taking was a restraining factor. The close was steady. The turnover was the largest for a Saturday since Nov. 30, transfers approximating 780,000 shares.

Belleville Intermediates Win Opening O.H.A. Game on Road Defeating Port Hope by 12-2

Raft of Goals in Last Period But Led All The Way

TEAM BALANCED

H. Morgan, C. Morgan and Covert is Best Line Used.

Playing inspired hockey and presenting a system of combination that completely baffled their rivals, the Belleville intermediates stepped into Port Hope and downed the home club by the score of 12 to 2 in their initial intermediate O.H.A. game of the season played at Port Hope last evening. Following a closely fought first period when the locals led 2 to 1 the Thomas aggregation from Belleville literally swept the homesters in front of them to score three more counters in the second period and then again run wild and notch seven goals in a hectic third period that saw the Belleville intermediates display a system of speed and combination that carried them to victory.

Led by a youthful forward line of Roy Covert at centre flanked on the wings by Carl and Harry Morgan, the locals displayed dazzling speed and dizzy goal-scoring ability to win their initial game of the season and assume a tie in the leadership of group No. 1 in the intermediate O.H.A. The Covert-Morgans' front line accounted for nine of the Belleville goals with the remaining members of the squad materially assisting throughout. Joe Gould, veteran Trenton goalie, played a stellar role towards the local victory with his marvellous work in the Belleville nets as he repeatedly thwarted the efforts of the Port Hope sharpshooters when at close range. Gould was excellently defended by Barney York of Trenton, Murney Green and Alex Weir, the trio to make up the local rear-guard, while Hull and Johnson also excelled themselves when used. The system of attack, speed and ability to back-check gave the Belleville team their decided edge and ultimate well-deserved victory. For the homesters Micks in the nets turned in a smart game under the circumstances, he being repeatedly bombarded in the final two periods. Stan Crossett, a recently reinstated professional, proved a tower of strength for the Port Hope crew and was by far the best player to be tossed over the boards by the homesters. Rowden at centre and Williams also played fair hockey with Phillips and Roack looking the best of the alternates used.

C. Morgan First to Score

Belleville opened the scoring early in the initial frame when Carl Morgan flashed the red light on a nice three-man combination play that proved unbeatable for the home defence, H. Morgan to Covert to Carl Morgan. The identical same play brought the locals a second goal shortly afterwards while Roach scored a rather flukey off-side goal to make the count 2 to 1 for Eddie Thomas' gang when the second frame opened. Covert scored on a beautiful pass from Murney Green after the latter carried the puck to the goal mouth. York soloed and flashed the red light behind Micks with a rifle-like shot to the left-hand side of the net. Micks was completely beaten on the shot. One of the nicest efforts of the night gave Stan Crossett Port Hope's second and last goal when he beat the entire Belleville team, while Alex Weir scored on a three-man combination, Hull to Johnson to Weir, making the score 5 to 2 at the end of the second frame. Goals came fast and furious in the last canto with the Belleville aggregation scoring three goals in less than two minutes of play. Four subsequent goals from the locals' sticks ran the count up to 12, while the homesters were held scoreless in the last 20 minutes. The line-ups:

Belleville—Goal, Gould; defence, York and Green; centre, Covert; wings, Carl Morgan and Harry Morgan; subs, Weir, Johnson and Hull.

Port Hope — Goal, Micks; defence, Ware and Crossett; centre, Rowden; wings, Williams and Hagerman; subs, Phillips, Roach, Highfield, Trevenche.

THE SUMMARY

First Period

Belleville—C. Morgan (Covert, H. Morgan) — 4.34
Belleville—C. Morgan (H. Morgan, Covert) — 5.44
Port Hope—Roach — 6.51

Second Period

Belleville—Covert (Green) — 3.45
Belleville—York — 4.56
Port Hope—Crossett — 1.50
Belleville—Weir (Johnson, Hull) 7.07

Third Period

Belleville—Covert (York, C. Morgan) — 3.05
Belleville—H. Morgan (Covert C. Morgan) — .21
Belleville—H. Morgan (C. Morgan, Covert) — .19
Belleville—Green — 5.32
Belleville—Covert — 3.35
Belleville—Covert (H. Morgan, C. Morgan) — 1.59
Belleville—H. Morgan (C. Morgan) 3.00

Penalties — First period, C. Morgan, Covert, Weir, Johnson, Williams; second period, York (2), Crossett, Trevenche, C. Morgan, Hull, Ware; third period, Morgan, Hull, Ware, Hagerman, Williams.
Referee—Walter Jackson of Peterboro.

LINDSAY DRUBBED

Peterboro, Dec. 29—Bill Breen's Lindsay Kiwanis team, short on work and condition, were no match for Peterboro in the opening intermediate O.H.A. game of the season here last night. Bill Calladine, star of last year's juniors, led the Peterboro attack with nine goals and an assist, and his stickhandling and smart work around the nets made him a standout. Dundas also was prominent in the scoring.

The Petes held a 4 to 0 lead at the end of the first period and 8 to 0 at the close of the second. In the last 20 minutes they ran their score up to 15 before Lindsay finally scored, Campbell registering on Wright's rebound. Then Calladine hung up his ninth goal of the game to end the scoring. Lindsay never stopped trying, but lacked the condition to hold the fast-skating winners. Stevens in the visitors' nets stopped a host of shots despite the one-sided score.

ROACH BACK IN NETS

(By the Canadian Press)

If the Detroit Red Wings have not broken a losing spell by Sunday night, then Jack Adams will know for a certainty that more than shuffling, promoting and demoting of players is required to get the Wings off the ground again. The test will be made Sunday night at Detroit with New York Americans serving as opponents.

John Ross Roach, who has not played a National Hockey League game since he was injured midway through last season, will play goal, replacing Normie Smith. Ebbie Goodfellow, a great defenceman, will start at centre between Johnny Sorrell and Eddie Wiseman. The Wings simply have to find a scoring punch.

KING LEVINSKY KNOCKED OUT BY MAXIE BAER

First Time For Kingfish to Hit Canvas by This Route

CLOWNED WAY

Baer Says He Was Sorry to Hit Levinsky So Hard

By William Weekes

Chicago, Dec. 29 (AP)—It doesn't pay to belittle Max Baer, ruler of the world's heavyweights, as King Levinsky, if he is able to talk today, should be willing to admit.

In less than two rounds of what was billed as a four-round exhibition in which the title was not involved, the champion knocked Levinsky out—probably clear out of the heavyweight scheme—last night in the Chicago stadium. It was an exhibition until Levinsky beckoned Baer to "come on and fight." From there on it was a fight.

"I was willing to go along and make a nice lively show out of it," Baer said in his dressing room, "but when the poor old Kingfish asked me—the champion—to fight, I had to let him have it."

A terrific right hand smash to the jaw, climax of 53 seconds of blistering action most of it provided by the champion, brought about the knockout, the first in Levinsky's career. He was counted out, flat on his back, as 14,015 popeyed spectators howled. For the opportunity of seeing the verbose Kingfish tipped over for the first time, the crowd paid $29,715.

Six Ounce Gloves Used

The battle fought with six-ounce gloves, instead of the usual eight-ounce exhibition mitts, lasted only three minutes and 53 seconds. But it was packed with a little of everything of which the colorful Baer is capable. He clowned through the first round, posing and laughing as Levinsky peppered his face with left jabs and a couple of rousing rights to the head to win the edge. Near the end of the round, as Baer refused to make a warlike advance, Levinsky urged him to fight. The King's reward was a sickening left hook to the body.

As the bell got the second round under way, Baer stood in his corner motionless, his arms at his side. Again Levinsky beckoned him to come out of there. The champion leaped to the middle of the ring and without delay had the King on his way. A vicious assault to the body drove Levinsky wobbling and well nigh defenseless to the ropes. As he bent forward to protect himself Baer straightened him up with a left hook to the head and completed the job with his right hand.

TRENT COTTONS AND BRIGHTON GAME WINNERS

Trenton Hockey Officially Opened by Mayor Cory

HOCKEY IS GOOD

Brighton Extended to Score Win Over Frankford

Trenton, Dec. 29 (Special) — Mayor Harry Cory tossed in the puck to officially open the Trenton District Hockey League last evening at the Trenton arena. A perfect sheet of ice and an excellent crowd went to make the night a most encouraging one for the new league. Two good games were dished out to the cash customers and some real clean hockey was appreciated by the crowd. Trent Cottons took the first game from the Cities Service by a 7-0 score. In a fast evenly matched encounter Brighton were extended to nose out the Frankford sextette by 4-3.

Bruce Burtt opened the scoring soon after the opening bell for the only tally in the opening frame. The second period found the Cottons forcing the play but they could not score on Al Steenburg, who is playing up to his old O.H.A. calibre of a few years ago. Drake scored on a solo in the early stage of the stanza and Roberts made it three after he, Lott and Anderson combined.

The last frame started with a bang when Roberts sifted two past Cottrell in the first minute. Bun Lott shot the fifth for the Cotton boys in a mix up near the gas slingers' net. Near the end of the game Roberts notched his fourth goal to end the scoring. Steenburg was the standout for the boys from the Cotton mill with Lott, Roberts, Johnson and Drake looking the best on the line. Gord Bowen and Waldron made a heavy defence for the Cities Service with Anderson, Long and Newton the best of the forwards. The gas boys were shorthanded and were forced to play without much subbing.

Cottons—goal, Steenburg; defence, Alexander, Keital; centre, Drake; wings, Johnson and Stewart; subs, Roberts, Bawden, Burtt, Lott, Scarlett, Baker.

Cities Service—goal, Cottrell; defence, Bowen and Waldron; centre, Hood; wings, Anderson and Long; subs, Newton, McDonald.

Referee—Ross Burtt.

Summary:

First Period

Cottons—Burtt 4.30
Penalties—Lott.

Second Period

Cottons—Drake 3.00
Cottons—Roberts (Lott, Anderson) 8.50
Penalties—Baker, Burtt.

Third Period

Cottons—Roberts 0.45
Cottons—Roberts 0.15
Cottons—Lott 2.00
Cottons—Roberts.. .. ..15.00
Penalties—Newton, Long, Alexander.

Final score, Cottons 7; Cities Service 0.

Brighton 4; Frankford 3

The nightcap between Brighton and Frankford was the best and more evenly matched game of the night. There was not much to choose from either team and if the Frankford team had more players to give a breathing spell to the team no doubt the score would have been different. At no time during the entire game was either team over one goal up. Lockwood opened the scoring but Shannon, the husky defenceman for the Brighton team made a solo end to end rush to even matters. The period ended with Frankford leading 2-1 after Montgomery batted in his own rebound. Wright made the score two-all when he notched a goal on a solo effort when Frankford were one short. McKinnon put his team in the lead but McLeod closed the second frame with the teams on equal terms after he took a beautiful pass from behind the goal from Lockwood.

Chapman put the game on ice for Brighton when he got a soft one past Lohnes during a play behind the Frankford net. He slid the puck around the corner past Lohnes as he dropped to block the play too late.

Stars were hard to pick as all players gave all they had to make the game a good one.

Brighton—goal, Cummings; defence, Chapman and Wright; centre, McKinnon; wings, Wadding, Cheer; subs, Shannon, Lindsay, Harper, Armstrong, Smith.

Frankford—goal, Lohnes; defence V. Loney and Montgomery; centre, Walt; wings, F. Loney and Lockwood; subs, McLeod, Rose.

Referee—Ross Burtt.

Summary:

First Period

Frankford—Lockwood 2.00
Brighton—Shannon 5.30
Frankford—Montgomery.. . ...10.15
Penalties—Wright, Chapman.

Second Period

Brighton—Wright 5.20
Brighton—McKinnon 3.00
Frankford—McLeod (Lockwood) 10.00
Penalties—Loney, Cheer.

Third Period

Brighton—Chapman 15.40
Penalties—V. Loney.

Final score, Brighton 4; Frankford 3.

1934 Sport Flashbacks Reviewing Sport

Ross Outboxes McLarnin For Welterweight Crown

—MAY—

May was a standout month in 1934, providing many highlight features for the sporting public. Classics of the turf, golf matches between Britain and United States for possession of the Walker Cup, followed by the battle for British amateur golfing honors, the opening rounds of Davis Cup play along with early season baseball schedules kept variety in crowded sport pages. Towards the end of the month came the Ross-McLarnin bout for the welterweight boxing championship, and the annual 500-mile Indianapolis speedway race, classic of auto races. Cavalcade's great win in the Kentucky Derby and the unexpected Ross victory over McLarnin probably provided the highlights.

May 3—Vince Dundee retained middleweight boxing crown by outpointing Al. Diamond in 15 rounds at Paterson, N.J.

Cavalcade

May 4—Freddie Miller, Cincinnati, knocked out Paul Dazzo in sixth round of battle for Miller's featherweight title.

May 5—Canadian racing season opened at Kenilworth Park, Windsor.

May 5—Cavalcade, Mrs. Isabel Dodge Sloan's great races, wins 60th. renewal of Kentucky Derby.

May 8—Frank Patrick appointed manager of Boston Bruins in National Hockey League, succeeding Art Ross.

May 9—Jimmy Dykes takes over management of Chicago White Sox in American League from Lew Fonseca.

May 11—International golf series for possession of Walker Cup opens between British and United States teams at St. Andrew's, Scotland.

May 11—Clem Loughlin, former defenceman and manager of London Tecumsehs, appointed to manage Chicago Black Hawks in N.H.L.

May 14—United States golfers, retain Walker Cup in last of international matches.

May 17—Walter Martin, Marcel Rainville, Laird Watt and Gilbert Nunns selected as Canada's Davis Cup team after trials at Toronto.

May 20—Horometer, owned by R. S. McLaughlin, Oshawa, Ont., wins 75th. renewal of King's Plate, Canadian turf classic.

May 26—W. Lawson Little, San Francisco, wins British amateur golf championship by defeating James Wallace in 36-hole final.

May 28—Canada eliminated in first round of Davis Cup trials by United States.

May 28—Jimmy McLarnin loses welterweight boxing crown to Barney Ross, Chicago lightweight champion in 15-round battle at New York.

May 31—Indianapolis 500-mile speedway auto classic won by Bill Cummings in record time.

South End 'Kidlets' Assume Leadership of Hockey Loop With Grills in Second Place

Twin Bill at Arena Gives Fans Real Entertainment

WINNERS BEST

Teams However, Riddled When Players Go to Port Hope

The South End A. C. kids assumed undisputed leadership in the local city hockey league when they downed the Aajmaa A. C. by the score of 6 to 0 last evening while the Grills Garage sextette moved into second place in the loop standing by downing the United Cigars in a closely contested game by the score of 4 to 3 in a twin bill of hockey played before the largest crowd of the season at the Belleville Arena.

Carrying too much speed for the Aajmaa aggregation, the Keegan-led S.E.A.C. kidlets completely outplayed their rivals to win the nightcap affair in a rather uninteresting game. Hinton in the S.E.A.C. nets played a stellar game and was ably defended by his defence. Led by their veteran youngster, Pete Goyer, the S.E.A.C. forwards swept all before them with good combination and speed. Pepper, Howie, High, Pringle and Doran teamed well and carried the bulk of the play for the winners while Amo, Thorne and Connors looked the best of the Aajmaa forwards. Goalie Slemin of the Aajmaas started well but was forced to retire in the initial period owing to an injury received when he sustained a badly cut chin when hit by a puck shot by Bill Pepper. Clemin was removed to a physician's for medical attention with Art Stewart assuming the net-minding for the Aajmaas in a capable manner.

The S.E.A.C. led from the barrier to the wire when Howie, Goyer and Pointer scored in the initial frame with Doran bagging the lone S.E.A.C. counter in the middle period while Goyer and Doran scored in the last frame.

The line-ups:

S.E.A.C.—Goal, Hinton; defence, G. Pepper and Pointer; centre, Goyer; wings, W. Pepper and Howie; subs, Morgan, Doran, High, Pringle, Knott.

Aajmaa A. C.—Goal, Slemin and Stewart; defence, Bleckmah and Meens; centre, Amo; wings, Carmichael and Connors; subs, Burley, Thorne, Jones and Odell.

THE SUMMARY

First Period

S.E.A.C.—Howie — 15.11
S.E.A.C.—Goyer (W. Pepper) 4.00
S.E.A.C.—Pointer — .45

Second Period

S.E.A.C.—Doran — 6.45

Third Period

S.E.A.C.—Doran (Morgan) 2.30
S.E.A.C.—Goyer — 15.30

Penalties—First period, Howie; second period, W. Pepper; third period, Amo, Knott.

Winners From Behind

The opening game between Grills Garage and United Cigars saw the former aggregation come from behind to stage a hectic third period rally and eke out a 4 to 3 victory over Jimmie Ketcheson's "smokers" in a spirited game that had the 400 odd fans literally standing in their seats and shouting encouragement to their favorites. The United Cigars carried the play for the first two periods and looked like potential winners, but a belated splurge by Walker Grills' proteges in the final stanza netted them three quickly scored goals and victory.

The first two periods the United Cigars bombarded Buskard almost at will but the local veteran netminder staved off certain defeat until his team mates found their stride in the last frame. Stewie McElrath on the defence for the losers was by far the star of the evening closely followed by his team mate, Jack Connors. The Canning twins, the McGuire brothers, Jim and Fred, and Cy Barriage carried the bulk of the forward work and combined nicely for the winners with Henn and Ethier setting up an excellent defence in front of Buskard in the last frame. McElrath and Gilbert teamed well in front of goalie Jeffrey of the United who himself scored the Grills' first counter when he swept the puck into his own net after saving, while McCreary, Harvey and Johnson teamed well on the front line with Connors.

The score stood knotted one all at the end of the initial frame. While McElrath put the "Cigars" one up on Connor's pass in the second canto McCreary added another to make it 3-1 in the third but fast subsequent goals by Ethier, Barriage and J. McGuire gave the "mechanics" a last minute victory.

The line-ups:

United Cigar Store—Goal, Jeffrey; defence, Gilbert and McElrath; centre, Connors; wings, McCreary and Harvey; subs, Johnston, Squires and Brant.

Grills Garage — Goal, Buskard; defence, Ethier and Henn; centre, H. Canning; wings, Day and J. Canning; subs, Barriage, J. McGuire, Semark and P. McGuire.

THE SUMMARY

First Period

United—Connors (McElrath) — 3.30
Grills—J. McGuire — 6.45

Second Period

United—McElrath (Connors) — 6.45

Third Period

United—McCreary — 2.10
Grills—Ethier (Barriage) — 3.10
Grills—Barriage (J. McGuire) — 3.40
Grills—J. McGuire (Barriage, P. McGuire) — 1.55

Penalties—First period, J. Canning; second period, McElrath, Gilbert, J. McGuire, McCreary; third period, Gilbert, Ethier, Henn.

Referees for both games—J. Trualsch and L. Barrett.

SARNIA TEAM RATED HIGH BY PRESS POLL

Football Squad Voted The Outstanding Team of 1934

REGINA NAMED

Given The Rating as The "Gamest Losers" of The Year

By ELMER DULMAGE
(Canadian Press Staff Writer)

Toronto, Dec. 29.—The nation's intersectional football combatants, Sarnia Imperials and Regina Roughriders, won year-end recognition today, Sarnia for having scored the outstanding team achievement in 1934 in Canada and Regina the gamest loser of the year.

In the judgment of a great majority of sports editors who participated in a Canadian Press pool on the subject, Sarnia's non-stop gridiron parade, without defeat or tie to mar it, ranked ahead of any other team achievement in any sport. The Imperials won the O.R.F.U. title in six straight, downed Hamilton Tigers in the eastern final and set back Regina in the east-west tilt.

They placed two halfbacks on the all-eastern team, Norman Perry and Hugh (Bummer) Stirling, and took over more places on the first and second teams than any other team. The Imperials were so good, in fact, that eastern fans still wonder if any foe forced them to the limit. There is a feeling the O.R.F.U. kings never really opened up.

Approximately one-half the forty-four votes from all parts of the country were cast for the Imperials. Moncton's second consecutive Allan Cup hockey triumph received nine ballots and seven went to Queen's football team that won the intercollegiate title with a badly riddled line-up.

St. Mikes Get Four

These three major triumphs covered most of the territory but the impressive Memorial Cup hockey victory of St. Michael's College did not go unnoticed. Four votes were cast that way. The smashing clean-up at the British Empire Games of the Canadian swimming team and of the Canadian wrestling team, the lacrosse win of Orillia Terriers and the grand record of Toronto Maple Leafs during the regular N.H.L. season were mentioned.

The leading "game losers" were Regina Roughriders, Edmonton Athletic Club's junior hockey team, the senior hockey teams of Fort William and Hamilton, Montreal Canadiens and the junior hockeyists of Charlottetown. There were many others less universally praised.

Regina held the big Sarnia brigade to a 20-12 score in the national football final and scored two touchdowns against them, a feat accomplished only once before in 1934. Edmonton forced the touted "wonder" team of St. Michael's to overtime in the second game of the junior hockey finals at Winnipeg before succumbing.

Hamilton and Fort William made fine stands against Moncton Hawks in the Allan Cup eliminations and Charlottetown kept trying against St. Michael's. Canadiens got more than one vote because of their valiant battle in the Stanley Cup semi-finals against Chicago Black Hawks losing by a single goal after Howie Morenz had been injured.

CURRENT SPORT

(Day By Day)

When Belleville, Campbellford and Peterboro won opening games of Intermediate Group No. 1 in the O.H.A. last night. The Maroons trimmed Cobourg 2-0, the Petes downed Lindsay 16 to 1, and Belleville surprised even their most rabid supporters by trimming the Port Hopers 12 to 2. The outstanding feature of the openings was that Peterboro was the only home club to win. Although the games were won by rather decisive scores the competition in the loop will certainly tighten up before the locals play their first home game on Jan. 8th.

The Belleville intermediates surely showed their wares at Port Hope last night. They capitalized to the fullest measure and ran in seven of the fastest goal in the least amount of time in the third period. Each player, from goalkeeper Joe Gould down to the last sub played a bang up game. At the last moment the Belleville team were forced to use the Alemite sweaters instead of the United Cigar Store's outfit, as previously stated. The defence gave Joe Gould excellent support while the work of Roy Covert, flanked by Carl and Harry Morgan was one of the prettiest pictures in the annals of local hockey. This trio combined for no less than nine of the 12 counters. York and Green went splendidly both ways while Alex. Weir grabbed his share of the limelight. Manager Thomas made no mistake when he procured the services of Joe Gould, Trenton's veteran goalkeeper. At last, Joe has landed with a club that can score a goal once in a while, he says.

The members of the Quinte Skating Club are planning a unique programme for New Year's Eve up at the curling rink. The skaters are meeting at the rink shortly after 9 p.m. and intend skating in the New Year. A delightful supper is being planned and will be served by the lady members just before the midnight hour. The club is planning to bring a prominent Toronto professional fancy and figure skater here in order that the members may enjoy his tutoring. If this move proves successful others of the kind will be held. In the meantime a juvenile section is being sponsored. At the Belleville Arena the Belleville Skating Club is steadily advancing in membership and will be active over the week end.

Rapidly city league hockey is being accepted by sport fans, this statement being substantiated by the increased attendance shown as the loop advances. Last night's doubleheader saw the largest crowd of the season. And they went away satisfied. One thing that will have to be remedied is that the blue lines are hardly discernible and cause confusion to fans, players and officials alike. The blue lines and goal creases should at all times be vividly marked. Johnnie Connors of the United Cigars won the 100 cigarettes donated by Jack Hathaway, manager of the Belleville store, for the player scoring the first goal in the initial game last night.

Sponsored by Frank "Duke" Smith and Jim Keegan, the South End A.C. pucksters are setting a dizzy pace in the city hockey loop, the Foster Ward kids have not lost a single game in three starts, winning last night's game 6-0 over the Aajmaas, while Jimmie Ketcheson's United Cigars lost to Grills' Garage in the last minute of play 4-3. The United Cigars were minus three of their best players while Grills were at full strength. Something should be done right away regarding city league dates and those of O.H.A. clubs, or there is going to be plenty of hardship. Once some person said, "an ounce of prevention is worth a pound of cure." It was ever thus.

ALLAN CUP WINNERS TO BE OLYMPIC TEAM

C.A.H.A. Has No Idea to Send All-Star Team to Berlin

Toronto, Dec. 29 (CP)—The Allan Cup champions of 1935, whether they be from Moncton or Kimberley, B.C., Toronto or Winnipeg or Montreal, will be the "foundation" for Canada's Olympic team of 1936. Banish the thought that Canada has become so fearful of the foreign threat that a national all-sta team will be sent to Berlin.

W. A. Hewitt, registrar of th Canadian Amateur Hockey Association who conducted Canada's fou Olympic hockey champions—Winnipeg Falcons, Toronto Granite Toronto Varsity Grads and Winnipegs—through their internation paces, explained today that the al star idea has never been serious considered by C.A.H.A. officials.

"There was probably some informal discussion about this fo lowing the 1932 Olympics at Lak Placid where the Winnipegs had great fight to beat the Unite States by a one-goal margin in tw games," said Mr. Hewitt. "But th C.A.H.A. is strongly against the fo mation of an all-star team."

It has always been the policy, h said, to make the Allan Cup cha pions the foundation of the tea It so happened that the Falcons 1920, the Granites of 1924 and t Grads of 1928 required no additio al pieces of superstructure. T Winnipegs got along without a assistance in 1932, too.

Aviation Triumphs

May 23.

Jean Batten, New Zealand girl, flies from Lympne, Eng., to Port Darwin, Australia, in 14 days, 23 hours, 25 minutes, cutting four and a half days off previous record for women by Mrs. Amy Johnson Mollison.

August 9.

Leonard Reid and James Ayling, British aviators, fly Atlantic from Wasaga Beach, Ont., and land at London, but decide to abandon original plan for non-stop flight to Bagdad.

September 2.

Col. Roscoe Turner, American speed flier, arrives at Floyd Bennett Field, having made the Pacific to Atlantic flight from Burbank, Cal., in the record time of ten hours and two minutes.

October 23.

Arriving in Melbourne from London in less than three days. C. W. A. Scott and Campbell Black of Great Britain win England-Australia air derby with $50,000 prize and break all records. Their achievement is regarded as one of the greatest flights in history of aviation.

Lieut. Agello, Italian dare-devil flier, sets new airplane speed record of 440 miles an hour over Lake Garda, Italy.

November 2.

Cathcart Jones and Ken Waller complete round-trip flight from England to Australia and return, 24,000 miles, in slightly over 13 days.

November 4.

Sir Charles Kingsford-Smith of Australia completes three-stage trans-Pacific flight from Brisbane, Australia, to Oakland, Cal.

March

1—Emperor Henry Pu-Yi ascends Manchukuo throne. Spanish Cabinet of Premier Leroux resigns.

2—Disarmament crisis feared in Europe as British envoy, Anthony Eden, returns to London from European tour.

3—Roosevelt completes first presidential year. John Dillinger, public enemy, escapes from Crown Point, Ind., jail.

—

4—(Sunday)—Samuel Insull ordered from Greece, losing long fight over collapse of U. S. utilities empire.

5—Princess Youssoupoff awarded $125,000 by English court in libel suit against producers of film "Rasputin and the Empress."

6—British admiralty naval estimates call for expenditure of $275,000,000.

7—Henry Ford on Florida visit, charges wars are caused by scheming munitions manufacturers. Lord Aberdeen, former governor-general of Canada, dies at Edinburgh.

8—A. E. Smith, secretary Canadian Labor Defence League, acquitted of sedition at Toronto. Manitoba wins Dominion curling title.

9—French fliers announce at Paris discovery of Queen of Sheba's ancient capital in Arabia.

10—J. S. Woodsworth, C.C.F. head, suspends Ontario council.

—

11—(Sunday)—Andrew Mellon, former secretary U. S. treasury, faces tax evasion charges. Roosevelt suspends flying of mail by army planes after death of 10 pilots.

12—Increase of about $15,000,000 in naval estimates approved by British House of Commons. Japanese torpedo boat capsizes off home coast with loss of more than 100 lives.

13—Bennett says wheat board will control Canada's exports to comply with world wheat agreement.

14—Motion to halt award of titles in Canada defeated by parliament. Explosion and fire claim 150 lives at La Libertad, El Salvador.

15—Thomas M. Martin, "Father of Canadian Art," dies in Toronto, aged 96. California scientist with new serum brings dogs back to life.

16—Indefinite number of British consulate staff killed as Chinese soldiers massacre 2,000 in Turkestan town.

17—Premier T. D. Pattullo introduces special powers bill, vesting economic control of British Columbia Cabinet.

—

18—(Sunday)—Italy, Austria and Hungary become allies under pact signed at Rome. George Shaw, "godson of Canadian Indians," celebrates 106th birthday at Winnipeg.

19—U. S. Congress votes in favor of silver rehabilitation.

20—Roosevelt averts strike of 250,000 workers which threatened to paralyze motor industries.

21—Prime Minister MacDonald assures the world Great Britain is building navy only to treaty limits.

22—More than 1,000 die and 100,000 flee from holocaust at Japanese port of Hakadate. Chancellor of Exchequer Chamberlain declares recovery more definite in United Kingdom than any other country.

23—France seeks restoration of Entente Cordiale, which brought Great Britain into Great War.

24—C. C. Julian, native of Winnipeg, fugitive oil promoter, commits suicide at Shanghai after spectacular career.

—

25—(Sunday)—Italian voters give Mussolini almost unanimous support in election.

26—Canadian Government takes first step to control marketing of natural products with marketing bill.

27—Germany balances budget and increases military grants. C. N. R. deficit cut by $1,000,000.

28—Montreal organizes to fight amoebic dysentery and survey made in other Canadian cities.

29—Otto Kahn, world financier, dies suddenly in New York at age of 67. Change in Act permits children born in Canada to be designated Canadians.

30—Detroit wins first National Hockey League by defeating Toronto. Samuel Insull flees from Greece to Turkey to avoid extradition to United States.

31—United Kingdom reports surplus of $158,000,000 at end of fiscal year.

Bright Spots of the Year

January 13.

Canada's international trade shows favorable credit margin of $145,000,000 for 1933.

January 26.

Germany and Poland sign 10-year non-aggression pact.

January 31.

United States lifts ban on gold imports, fixing price at $35.00 an ounce.

February 6.

Hungary resumes diplomatic relations with Russia.

March 27.

Canadian National Railways deficit cut by $1,000,000, it is announced.

March 31.

United Kingdom reports surplus of $158,000,000 at end of fiscal year.

April 18.

Canadian budget shows deficit reduced by $22,500,000.

April 22.

Canada's trade reported increased 15 per cent. over last year.

May 28.

Quintuplets born to Mrs. Oliva Dionne near Callander, Ont., brightening news pages all over the world.

July 20.

Canadian rifle team recovers the Kolapore Cup at Bisley Ranges.

August 3.

First quarter of Canada's fiscal year shows increase of $19,000,000 in revenues.

August 7.

Canadian wheat futures touch $1.00.

August 31.

Buenos Aires reports truce pending in Chaco war after four years' fighting.

September 20.

New finds in Northern Ontario develop a "gold rush" and make fortunes.

September 29.

Franco-Canadian trade pact signed in Paris.

October 16.

Canadian $250,000,000 refunding loan reported fully subscribed.

October 22.

Dr. A. R. Dafoe, physician to the Dionne quintuplets, says they have attained normal life expectancy.

November 9.

Dominion revenues for seven-month period up $36,000,000, compared, with corresponding 1933 period.

November 29.

Marriage of Duke of Kent and Princess Marina of Greece at Westminster Abbey brings rejoicing throughout the Empire.

December 2.

Canada retains world wheat title as John B. Allsop of Wembley, Alberta, is awarded the championship at the Chicago International.

December 13.

Value of Canadian field crops in 1934 estimated at $536,498,600, up $112,901,600 over 1933.

April

1—(Sunday)—Turkey to return Insull for trial to United States.

2—U. S. to negotiate with 28 nations for reciprocity in trade.

3—Paris police redouble search for hidden arsenals on reports of planned revolution by radicals.

4—Dr. H. M. Tory, research authority, claims new rustless wheat saves Canadian farmers millions of dollars. Moncton Hawks retain Allan Cup by defeating Port William.

5—Belgium, original source of radium, seeks supply in Canada.

6—U. S. announces readiness to aid maintenance of Big Powers' peace pact.

7—Fifty killed, many missing, when cliff tumbles on Norwegian town of Tafjord.

—

8—(Sunday)—Smithsonian scientists map migration of American Indians for first time.

9—Bennett announces inquiry into federal relief expenditures by provinces. Camillien Houde returns as mayor of Montreal.

10—Russia declares she will consider disarmament only if Japan takes similar step. Chicago Black Hawks take Stanley Cup, winning hockey play-off series against Detroit, three games to one.

11—Premier T. D. Pattullo, of British Columbia, says province's special powers were not properly appreciated by House of Commons.

12—North Atlantic shipping lanes carry worst iceberg threat in years.

13—Kru tribes in Liberia, disarmed at behest of League of Nations, massacred by warring tribes. Alberta asks Dominion to make no further appointments to lieutenant-governorship.

14—Renewed Chaco war results in 1,200 casualties.

—

15—(Sunday)—Leon Trotzky, exiled Soviet leader, found during police raid at Barbizon, France.

16—A. L. Rennie, Liberal, elected to House of Commons in South Oxford, Ont., by-election. Dominion Relief Bill passed by House.

17—Senator A. D. McRae demands Canada's withdrawal from League of Nations in Red Chamber. Trotzky ordered to leave France.

18—Canadian budget shows deficit reduced by $22,500,000.

19—New arms race predicted as France accuses Germany of wrecking bi-lateral regotiations.

20—Coast range of Rockies in British Columbia crossed by British party on skiis.

21—Jugoslavian coal mine blast kills 146 at Sarajevo.

—

22—(Sunday)—Canada's trade increased by 15 per cent over previous year.

23—Dillinger gang kills two police and wounds four others while shooting way to freedom near St. Paul, Minn.

24—Spain releases 5,000 political prisoners.

25—Great Britain expresses anxiety over Japan's "hands off China" declaration.

26—H. H. Stevens promises thorough probe into Canadian tobacco industry.

27—Britain and France warn Germany against postponement of loan repayments.

28—Toronto Hart House wins Canadian drama festival. Manchester City wins English Football Association cup, defeating Portsmouth 2 to 1.

—

29—(Sunday)—Austria abolishes all trials by jury.

30—Senator Arthur Meighen resigns from Ontario Hydro-Electric Commission. Kitchener skeleton finding fails to solve old murder mystery.

May

1—May Day rioters battle police in Paris streets. Other capitals quiet. Waller and Rubin set new record for Australia-England flight.

2—Gold tax, announced in budget, changed to apply only to dividend-paying mines.

3—W. H. Woodin, former U. S. Secretary, dies in New York.

4—Powers may halt drive of Ibn Saud to unite Arabia.

5—Cavalcade wins Kentucky Derby.

—

6—(Sunday)—Trebitsch Lincoln, Buddhist monk, arrested at Liverpool for deportation to Orient.

7—Percival Price, Ottawa Peace Tower, carillioneur wins Pulitzer musical award.

8—Four executives of Imperial Tobacco Company had incomes of $1,490,000 in five years, mass buying committee hears.

9—Britain leaves Dominions to take own action against alleged Japanese dumping of goods.

10—Wheat prices spurred upward by drought and dust storms in North America.

11—Dust "blizzards" ravage western prairies, spread pall across eastern seaboard. Dr. Wm. Beebee and Otis Barton make record 2,500 descent in bathysphere in ocean off Bermuda.

12—Extradition proceedings dropped in case of James Fahey Alberta man who escaped from U.S. penitentiary 25 years ago. Walker Cup retained by U.S. in golf tournament with Britain.

—

13—(Sunday) — Armistice halts desert warfare between Saudi Arabia and Yemen.

14—June Robles, six-year-old Texas girl, kidnapped for ransom, found chained to cage in desert pit.

15—Convicts start fire at Kingston penitentiary—guards avert riot. Liner Olympic crashes Nantucket lightship in fog—seven die. Pond and Sabelli land in Ireland, completing trans-Atlantic flight.

16—Score die in Belgian mine disaster.

17—Maritime family reunited with son kidnapped 30 years before from crib.

18—Dominion Government reaches agreement on loan to British Columbia.

19—Chicago Stockyards devastated by $10,000,000 fire. Horometer wins King's plate, Canadian racing classic, at Toronto.

—

20—(Sunday)—Bulgaria has bloodless Fascist coup d'etat.

21—NRA review board under Clarence Darrow, finds codes monopolistic. Striking truckmen riot in Minneapolis.

22—Canadian Hospital Sweepstakes Bill defeated by House of Commons.

A racing program which started Christmas Day includes a number of feature stakes attracting such horses as Equipoise, Twenty Grand, Cavalcade, Statesman, Ladysman, Mr. Khayyam Time Supply and Head Play. The meeting is the first held in southern California in 25 years.

BEATEN IN SAAR

Occupation of the Saar Valley basin by an international army sponsored by the League of Nations during the plebiscite period relieved British fears of disorders following incident created by beating of Captain Harry Justice, above, English officer of Saar international police. Captain Justice was beaten in a riot which followed an auto accident in which he and another Briton figured.

WED HIM DESPITE SUIT

Photo taken in Dublin shortly before their marriage, shows Lady Moira Ferbers, granddaughter of late Ogden L. Mills, U.S. mining magnate, and Count Louis de Brantes, whom she wed despite suit instituted on eve of ceremony by Princess Nadesda Sherbatov, Russian emigre. Latter named the count as father of her child and asked 1,000,000 francs damages.

Late Sir Wilfrid Laurier Gave Views on Union Government

Believed The Experiment Would Not be Repeated in Canada

Montreal, Dec. 29.—(CP)—Made public for the first time, a letter written seventeen years ago today by Sir Wilfrid Laurier setting out his views on Union Government for Canada brings an authoritative voice of the past to discussion of a matter, which has engaged the attention of Canadians, irrespective of their political allegiance, from time to time.

Under date of Dec. 29, 1917, Ottawa, shortly after the return to office of the Union Government headed by Sir Robert Borden, the eminent statesman wrote to Mrs. A. N. Brodeur, a sister-in-law here, "despite the consequences, the people have given voice to such a cry of reprobation as to spell short life for the present administration and prevent the possibility of such an experiment ever being repeated."

In the ordinary course of events the Conservative Government which under the leadership of Sir Robert defeated Sir Wilfrid's regime in 1911 and was destined six years later to evolve into the Dominion's first Union Government, should have gone to the people for renewal of its mandate in 1916. Mrs. Brodeur, who gave the letter to the Canadian Press, recalls having been told by the "Old Chieftain" that it was only his sense of patriotism in a national crisis, which prompted him to allow postponement of the prorogation of parliament from 1916 to 1918. Canada was at war and he felt it to be no time to hinder her march toward victory.

Party Would Profit

Although it was in the interval of that year many of his partisans, including members of his former cabinets, deserted him and "made both Union Government and its election possible," he wrote, the Liberal party would profit from his decision in later years, he believed.

Another contributory factor to his defeat, Sir Wilfrid added, was an electoral law enacted that year (the soldier's vote)—"a law which opened twenty doors to fraud and one must always count on fraud to take its unjust due."

Had the election gone differently Sir Wilfrid wrote, that he would have assumed the premiership "without hesitation," despite advancing years and although he likened the Prime Minister's mantle to a "harness". As it turned — otherwise he thought it a great "compensation to have an easier life ahead."

Sir Wilfrid concluded his letter on this note: "I have been busier than ever before. The falling away of those of our friends, who were the closest to us has brought me worries and details to which, until now, I had not given the slightest attention."

Sir Wilfrid Laurier died in Ottawa February 19, 1919, a little more than a year after writing the letter.

BRITAIN SEEKS PEACE OF EUROPE

France And Italy Will Join Hands With Britain

London, Dec. 29 (CP) —Great Britain's proposed European Security Pact plan was held in abeyance today awaiting the outcome of the projected visits of Foreign Minister Pierre Laval of France to Rome and London.

The extent of the ambitious plan to preserve European peace will be made known only after Premier Benito Mussolini has had an opportunity to discuss the situation with Laval. The French Foreign Minister is expected to start his trip next week. Official circles here indicated to the Associated Press that Great Britain prefers that France and Italy work out the details of the accord, since the European problem is bound up with Franco-Italian relations.

Government spokesmen told the Canadian Press, however, no official statement admitting or denying the negotiations would be made at this time).

Russia in Background

Russian participation is expected to be kept in the background until a method of guaranteeing Austrian independence and the peace of Central Europe is found.

Sir John Simon, Foreign Secretary, it is understood has been working out the plan as quietly as possible to permit continental countries to take chief credit for consummation of the accord.

France and Italy are expected to co-operate with Great Britain in advancing the proposal at the meeting of the League of Nations Council, which has been called into session January 11, two days before the Saar plebiscite.

Powers signing the pact would be bound not only to guarantee the integrity of Austria, but also pledged against any action in which two or more countries were interested.

Optimism was expressed that the pact would place Franco-German relations on a sound basis as well as solving the problems involving Hungary, Yugoslavia, Czechoslovakia, Italy and Germany.

EXPELLED BY NAZIS

ISOBEL LILLIAN STEELE

Expelled from Germany after spending four months in prison on espionage charge, Miss Isobel Lillian Steele, Toronto-born music student, arrives in New York, en route to her home in Los Angeles. Miss Steele has revealed that she was badly treated in the Nazi camp and was lucky to escape alive.

Victim of Saarlanders

The Earl of Aylesford leaves the Burger hospital at Saarbrucken, Saar Valley after visiting his friend, Captain James Justice of the Saar international police force. Justice was sent to the hospital by an irate mob after the car in which he and Lord Aylesford were driving ran into a civilian. The earl was badly bruised by the Saarlanders.

SETS NEW RECORD

The world speed record for land aeroplanes was taken away from the U. S. by Raymond Delmotte, French airman who flew an average of 314 m.p.h. Italy still holds world speed mark for seaplanes of 440 m.p.h.

SAAR LANDESRAT SOON ADJOURNED

Met in Atmosphere Charged With Animosity

Saarbruecken, Dec. 28—(CP) — The Saar Landesrat, local governing body in the territory, met today in an atmosphere so charged with animosity in connection with the forthcoming Jan. 13 plebiscite, that the President abruptly adjourned the session.

Socialists and Communists, in their united front, launched a firm attack on the policies of Chancellor Adolf Hitler in the face of which the German front members of the Landesrat left the chamber in a body.

It was then that the President decided to close the session.

The attack from the Socialists and Communists, came after one of the German front deputies announced, that the German front, while protesting against the sending of foreign troops into the Saar, would do nothing to disturb the work of these troops.

This declaration made while the Landesrat was discussing the Saar rent problem, was all that was needed to ignite the charged atmosphere.

TORONTOS AND HAMILTON WIN

Penalties Assist Each Team to Score Victory

(By The Canadian Press)

The abundant Torontos All-Stars, more than just numerically strong, and the powerful Hamilton Tigers, slowly recovered from a bad fright today while the high-flying Villans from Oakville and Captain "Nipper" Wilson and his Port Colborne Sailors wondered what was the best way to go about winning a senior Ontario hockey game from the two leaders.

The record book showed a one-goal win for Torontos and Hamilton over Oakville and Port Colborne last night and statistics pointed out that penalties paved the way for both victories. The Queen City stars ousted the Villans 3-2 in Toronto to retain second place in the group and the Tigers scuppered the Sailors 4-3 in Tigertown.

The Villans led 2-1 going into the final frame but Joe Primeau's speedsters tied up the game while Bert Peer was serving time for throwing his stick. One minute later, a Toronto attack pierced the Villans' armor for the winning goal.

George Parsons, husky wingman, speedy "Shorty" Robinson and defenceman Jim Fowler scored for Toronto. The brothers Allen, Fearcy and Saral, tallied for the lighter Villans.

At Hamilton, the Ports, showing no respect for the mighty Bengals, and with 'Dinty' Moore playing his best game of the season between the posts, almost pulled a big upset with a closing rush which netted one goal.

Jim Primeau, a Toronto lad and a brother of the famous Joe, came into the limelight with the first Tiger goal; Cliff Chisholm, another ex-Torontonian; Howard Liscombe, Galt junior star last season and the aggressive 'Toe' Blake completed scoring for the winners. Syd. Reynolds with two tallies and Vince Upper with one made up the Sailors' total.

Meanwhile, at Lake Placid, N.Y., the University of Toronto sextette, cellar occupants of the senior group, showed a speedy attack to down Harvard University 4-2 in the first of a three-game series between the American and Canadian college teams.

MISS E. SITTELL OF N.Y. ARRESTED

Claimed She Made Derogatory Remarks of Storm Troops

Waldmohr, Germany, Dec. 29 — (AP)—Miss Ella Sittell of New York, was under arrest here today as a result of alleged derogatory remarks she made concerning the Hitlerite storm troopers and picked Nazi guards.

Miss Sittell disappeared, while travelling in Germany along the Franco-German border. It was learned she stopped at Schoeneberg en route to Gangloff and entered a restaurant where she had the conversation, which apparently resulted in her arrest.

While she was waiting for her train at the Schoeneberg station, police, suddenly approached and placed her under arrest. They accused her of uttering slanderous remarks.

The young woman is held here awaiting possible transfer to the "Sondergericht," a special court at Frankenthal, police said. The date for her hearing has not been fixed.

Miss Sittell came to Europe several weeks ago and was planning to sail for home next week.

Friends of the New York woman said they planned to notify the American Consulate today of her predicament.

Oshawa Mayor to Run Again

Oshawa, Ont., Dec. 29 (CP) — Mayor W. E. N. Sinclair, K.C., M.L.A. for Ontario riding, today formally announced that he is in the field as a candidate for a third term for the Mayoralty of Oshawa. In the 1933 and 1934 municipal elections, Mayor Sinclair was returned by acclamation, after acceding to the request of the citizens generally that he take the office to lead the city out of financial chaos.

SENTENCE COMMUTED

LONDON, Dec. 29.—(CP, Cable) —The death sentence passed on Lydia Binks at York for murder was commuted to life imprisonment by the Home Secretary today, but a reprieve was refused for Frederick Rushworth, sentenced jointly with the woman in connection with the death of a baby allegedly buried alive. Rushworth will hang on New Year's Day.

Spite Wife

by Ann Forester

It gave one an unpleasant feeling, that last thought...... It was true, whether she liked it or not, these people were making her life each day. Amy, her sister-in-law—Amy, who disliked her, and whom she disliked. Judy, lying on the sand, her chin propped in her hands, looked gravely over at Amy, who played with a fierce concentration on the cards, her lips a thin red line, her eyes narrowed. Patty Warren, whom Judy secretly suspected of spitefully laughing behind her back... These made up her life——because Stan wished it so. And Eunice....

There was a glorious pagan beauty about Eunice just now. Slim graceful body, enhanced by a yellow silk bathing suit, calling out the mellow tones of her skin, the rich lights of her shining hair; this all turned Eunice into a golden girl.

Beneath her lashes, Judy watched her with Stan. What a striking pair they were! Stan as dark as Eunice was fair, the perfect masculine match to her feminine beauty. Stan's broad, bare shoulders burned to the rich mahogany of a Hawaiian. Teeth—bone white in his dark face; eyes resting on the golden girl with that half somber, half caressing look, as intimate as a caress. They looked, Judy thought with a pang, like two pagan lovers of the golden age of Greece. Or like an ideal man and woman cast up on the island of eternal summer. .. ....

Nothing to tell Judy that there was a nymph-like charm about her own slender body. That her profile —the brown hair swept back from her round forehead like this, held the pure and wistful line of a child's profile. That her eyes—grey-blue and deep set under the straight, narrow brows —were the color of mountain-lilacs and poignantly sweet....

So thought Nick Carter, as he sprawled his big brown body on the sand and pretended to be engrossed in talking to Georgia. A sweet kid—this young wife of Stan. Couldn't that handsome, conceited idiot see he was turning a knife in her heart?

A strange sense of unreality, lying here like this in the sunshine, watching great waves roll in to spend themselves on the strand. To Judy, this great, tumbling waste of water was secretly terrifying. They filled her with panic—these mighty combers. She hid the thought, even as she had hidden her fright of the mountain road. Mustn't let these people suspect she was frightened. Stan would think she was a wet-blanket. She would look stupid: the others would laugh Stan would be impatient. Stan liked brilliant, daring people. Audacious people, like Eunice Wilson.

Judy felt that she could have stood Eunice's matchless beauty if she had been timid of the water. But Eunice was a strong and beautiful swimmer. She dived through breakers and swam a strong over-arm stroke in the deep water. She followed wherever Stan led. The two of them raced out to an old raft and climbed up on it, laughing, two graceful figures poised against the blue sky, as absorbed in each other as though they were alone.

Lying on the beach, one arm flung over her eyes as though she slept, Judy watched them, and there was bitter hatred in her heart and a whimpering self-contempt.

Eunice was showing off—to make her, Judy, appear the more stupid. That was the way to appeal to Stan—show. He loved the dashing and the flash. People would think—"He's magnificent....too bad he's married to such a commonplace person. He should have married that glorious creature Eunice Wilson...."

Well,—something cruel and spiteful speaking in Judy's heart—was she going to take a beating lying down? Where was her spirit? Go in after them—swim out to the raft. Come up, laughing, flinging wet hair out of her eyes—let Stan pull her up beside him. ....Stan's dark, warm glance of pride—Show Eunice Wilson....!

Judy found that she was on her feet, as though her pulsing thoughts had forced her there. She was walking down the sloping, wet beach, fighting the quaking panic in her heart. After all, the roughest water Judy had seen before this was the eddies of Mill Creek after the spring thaws.

How cold it was—and how rough! A wave caught her off balance and threw her headlong. She staggered upright eyes stinging more than a little dizzy while the foam seethed about her.

A second wave surging about her shoulders. Crumpling her knees so that she swam frantically for a moment in a shallow wash of water.

For a moment Judy considered returning to the sunny beach. How far it looked out to the raft, beyond the white line of breakers. She might have gone in, but at that moment Stan flung his arm carelessly over Eunice's shoulder—brown, against the white skin.

A volcano of jealousy in Judy's heart, driving her on....

She closed her eyes and plunged through a breaker. The world turned to a roaring crash of water. Another breaker—the sea—curling upward in an arch of green glass—turning, white—curling over—beautiful—terrifying—poised thunderously above her head....

Her pride broke. She turned, gasping, fighting her way frantically inland.

Too late. The green wave crashed in white fury. A terrific blow on the top of her head, staggering her. She was struggling—eyes and nose and mouth full. Stinging——strangling—

She clawed her way to the air, felt her head emerge, and opened her smarting eyes.

The world went spining before her as she spun in the surf. Afterwards Judy found her mind had snapped shut on the scene as a camera lens snaps closed. The striped awning on the beach, with the four placidly playing cards,... The beach—the sea—the raft rocking out there with Stan and Eunice....No one to care that she was here drowning.

Judy screamed, and it fell back against the onslaught of water like a kitten's mew. Screamed again as the water closed over her head.

STUDIES IN GREEN

CHAPTER TWENTY-SIX

A moment, centuries long, to Judy. Blind struggle, frantic clawing. Water—up her nose—in her mouth....The end. This was the end.

She was flung against something solid—clung blindly —felt herself lifted to the surface. A voice shouting at her blind, deafened head... "Don't clutch! I won't let you go!"

Nick. Nick had her. Tearing her away from the breakers. Carrying her in to shore.

Safety had been so absurdly close. —A few yards —she stood in the shallow water, clinging weakly to Nick's big frame. The waves spread in harmless scallops about her feet. The sun was warm to her shivering body.

Nick was holding her by one arm or she would have fallen. She was shaking and she felt nauseated.

"All right now, Judy? Can you make it to the beach or shall I carry you?"

Oh, not a scene. She couldn't have a scene. Eunice— Georgia—Amy—laughing at her. Stan —to know her for a weakling....

"Please—not there——"

It was all she could manage, but Nick seemed to understand. He helped her slowly up the beach to a sheltered little space hidden from the others by two big boulders.

Judy tried feebly to shove him away, as she felt herself becoming violently and unromantically sick. "Please——go away—"

"Shut up, you little nut!" Nick's steadying voice.

When the paroxysm was over, he carried her up to the shelter of the boulder. It felt pleasantly warm to her back. So did the warm sand he heaped over her cold legs.

And she suddenly began to cry, loudly, helplessly, like a hysterical child. Completey unnerved. Her face convulsed. Wringing her hands burying her face in them, until the tears rolling into her mouth carried sand with them to grit on her teeth.

"Oh, I'm just no good—keeping up——I can't—I can't—Oh . . . .. Oh. .. . ."

"Judy— kid! Please —Oh, poor little kid——"

She shook off his comforting hand. She threw herself face down on the sand, her wet body shaking with sobs. Nick sat watching with an anxious scowl.

Exhaustion stopped her. She lay for a while supine, breathing lightly, dull in mind and body. Her heavy eyelids finally unclosed, she looked over at Nick's watching face, and managed a wan smile. "I'm sorry—I went . . crazy.... like that"

"Feel all right now, Judy?"

She nodded faintly. Lay for a moment with half closed lids. Her mind was busy—not so much with the narrow escape from drowning as her mental breakdown. "It's so —hard. Everything. Everybody. But you. You....nice person.... Like a nice big brother, Brother Nick." He found the little smile she sent to him, pathetic.

His big warm hand went over her limp small one.

"How did you—find me?"

"I— just happened to be looking," said Nick. He had watched the plucky blue figure go down the beach, and as though she had spoken to him he knew why she went—and knew how frightened she was. He knew much, this big brown silent man. His heart was full now. His will alone kept him sitting like this, quiet, against the rock.

"Lucky for me." Judy closed her eyes. Keeping up....it was so hard. But she had to do it— Keep up with the others in the mad rush for pleasure. Keeping up—it had nearly cost her her life.

"I guess—" she forced herself to smile. "I'd better do my swimming on the shore. I know how to swim but I didn't realize there was that awful sucking down—"

"Undertow," said Nick. "You have to be a strong swimmer to get away with it...."

To the tired girl his words were frightened with deeper meaning. They could have applied to her life —her married life. Undertow and cross currents....yes, it took a strong swimmer to get away with it.

Stan came suddenly around [illegible] rock, White with anger, hand[illegible] face set in steely lines. He came [illegible] to them, said too quietly. "Wh[illegible] the idea, sneaking away [illegible] selves like [illegible]"

Judy's heart leaped. Nick only looked up at the other, squinting through the sunshine and said quietly "Oh don't be an ass, Stan, nobody's sneaking off—"

"I'll show you whether I'm an ass or not," Stan's voice quivered with anger. "You two have been here for several minutes—"

"But, Stan,—" Judy's voice was drowned in Nick's crisp tones,

"Judy nearly drowned out there in the surf. I brought her here to recover a bit before we joined the others—"

Judy had begun to cry feebly, her nerves were still shaken from that terrific experience. "Nick saved me Stan. I went out and—the waves —I was dragged down....If it had not been for Nick—"

Her groping hands found him—Stan, crouching beside her taking her in his arms. "Honey—oh—, darling, I didn't know—"

Over her head his eyes went up to meet the watching grey eyes of his half-brother Stan's mouth drew tight, then he spoke. "I—I'm sorry. I didn't realize. Thanks, of course, for what you've done."

A curious expression in the grey eyes. "I don't need to be thanked for saving Judy's life. The poor kid was—just beyond her depth."

Again the strained silence. "I can look after my wife—" said Stan "Thank you."

The brothers held a hard grip of eyes. The angry blood rose to Nick's face. He almost said: "Well, do it then! Can't you see the kid's beyond her depth in this d—— aimless life you're forcing on her —"but he held the words back.

It was their life— Don't gum things up for Judy....He turned and walked away.

Stan was—for the moment—shaken to his careless heart. "Drowned—" He gathered Judy's slim body close, crushed her in his arms, his kisses covering her white cold face. "Darling!"

He stood up, pulling her with him. Suddenly possessive, anxious. "You have got to get up to the house Get to bed. You're cold. You've got to get warm and rest...."

It was balm to her hurt heart. Oh, Stan did care for her! Cared terribly! She opened her eyes, glorying in the stern anxiety of his face. Her cold arm went around his neck, pulled his face gently down on her lips. Good...... to see how Stan cared.... Everything was going to be all right....

They walked out to meet an oddly strained little group. Dart Towers and Patty Warren's nameless husband were talking to Nick who was plainly trying to get away from them and go up to the house. Amy and Patty sat over the interrupted bridge game. Eunice was standing a short distance away making a great show of drying her hair. Georgia was sitting bolt upright in the sand; her black eyes were like flint,: her lips were set. Georgia had seen Nick watching that slim blue figure in the waves..Nick, who had never been known to take an interest in a woman before......It was Georgia who had told Stan where Judy was.

As Stan came along now, his arm around Judy, Georgia's mouth became even a tighter line. Eunice rubbed her hair without turning around.

(TO BE CONTINUED)

* * *

Little Benny's Note Book

After supper pop was smoking a cigar with a loving expression and ma said, If anybody ever catches me sitting in another rubber of bridge with Cora Windriss as a pardner, I assure you nobody will be more serprised than I am. This afternoon she sneared at and criticized my every move and gesture until I assure you I axually didn't know what I really was doing and proberly played accordingly, ma said.

Snears never hert anybody that payed no attention to them, pop said. Just be sure you're rite and then go ahead with a cleer conscience and a serene expression, he said, and ma said, O yes, I suppose you'd go rite on sweetly with whatever you were doing with the mockery of the whole werld ringing in your impervious ears.

Most assurantly pop said and ma said, Well I'll just [illegible] you, I'll make a few hart to ha[illegible] remarks about those cigars you're always smoking with such an angelic expression, such as at the present moment. Do you realize what you look like sitting there smoking that big hideous thing? she said.

I look like what I feel, the picture of peace and contentment, pop said, and ma said, Quite the contrary to the other extreme, my deer, you look like a gargoil grinning at nothing for no reason. How can an intelligent man infest his mouth with a thing that looks and smells like that cigar wich is fast losing whatever remnants of shape it ever had, if any. Why dont you get an old berning cabbage and flaunt it before your nostrils? she said.

All rite, all rite, proved my point, All rite, all rite, I'm not in least affected so I've proved my point pop said, and ma said, Give me time, I'm just starting, why dont you get a piece of abandoned old gas pipe and blow through it?

It mite be a good ideer, I'll go out and look for a piece, and if anybody calls me up I'll be around at Peets bowling alleys still smoking this unusually fine cigar with my equanimity undisterbed, pop said.

And he quick went out whisseling like somebody feeling werse than what they sounded.

DANGER TRAILS

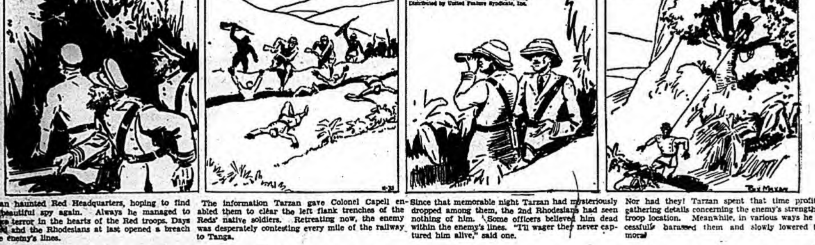
TARZAN THE UNTAMED

(Metropolitan Newspape r Feature Service, Inc.)

By Edgar Rice Burroughs



12-31
Copyright, 1932, by Edgar Rice Burroughs, Inc.; Distributed by United Feature Syndicate, Inc.
Rex Maxon

Tarzan haunted Red Headquarters, hoping to find the beautiful spy again. Always he managed to inspire terror in the hearts of the Red troops. Days passed and the Rhodesians at last opened a breach in the enemy's lines.

The information Tarzan gave Colonel Capell enabled them to clear the left flank trenches of the Reds' native soldiers. Retreating now, the enemy was desperately contesting every mile of the railway to Tanga.

Since that memorable night Tarzan had mysteriously dropped among them, the 2nd Rhodesians had seen nothing of him. Some officers believed him dead within the enemy's lines. "I'll wager they never captured him alive," said one.

Nor had they! Tarzan spent that time profitably gathering details concerning the enemy's strength and troop location. Meanwhile, in various ways he successfully harassed them and slowly lowered their moral

"THE LAST ADVERTISEMENT WAS PRINTED YESTERDAY"

"THE LAST ADVERTISEMENT WAS PRINTED YESTERDAY"

What Would the World Be Like If It Were TRUE?

THE last advertisement was printed yesterday. You have cut it out and put it away to show your grandchildren. With it, a way of living as you knew it, has passed forever.

Tonight you will want to see a movie. You pull up to one —saw it last week. At another—but no, you don't like So-and-So's acting. Let's go home. It's too much gas and time to waste on a show. Next month half the theatres will close. Poor attendance.

Tomorrow you will want some groceries. You will go to the nearest grocery store and buy some. Rib roast, perhaps, and lima beans. You won't hear until tomorrow night at the bridge table that the store just next door was having a "special" on rib roast and lima beans. Pretty soon your husband will wonder why the food bills are so high. The last advertisement was printed yesterday.

Next month is Aunt Jane's birthday. Well, if you think I'm going to spend half a day tramping from store to store looking for a gift that I used to find by turning a page—can't afford gifts anyway. We're spending money like water and living like poor folks.........

Old Car's wearing out. Can't afford a new one.... Low priced cars now $1600....demand's fallen off....they've had to put up prices to meet plant expenses. Most of the others have closed down....don't know how the government will feed all the new unemployed.

Fellow in Winnipeg is inventing an air conditioner to sell for $50. No one will hear of it. You will never see it. What is air conditioning anyway? The last advertisement was printed yesterday.

★ ★ ★

Advertising has brought us many things. Finer cars, better homes, silly fads and wonderful inventions that have made life easier—and longer. Advertising is no unmixed blessing. But it has helped give Canada a standard of living unmatched in any other place and time. That standard of living should persist as long as people have wants to fill and money to spend and eyes to read with.

It will persist only so long as the presses keep rolling.

THE WEATHER
Easterly to southerly winds; mostly cloudy and milder tonight and part of Tuesday with some light snow or rain, then becoming colder again.

MEN MAROONED IN ADIRONDACKS RESCUED

NEWS BRIEFS AND ODDITIES

Haileybury, Ont., Dec. 31 (CP)—How two clergymen, a doctor, a dentist and the President of a Men's Club, all from Hamilton, played Santa Claus to the children of back-to-the-land settlers in Brethour township was revealed here today.

At a clinic on Christmas Day, Dr. Quick, the dentist, extracted 61 teeth and Dr. Cornet, the physician, treated 26 small patients for various disorders. Then they joined Rev. E. Crossley Hunter, Rev. George Kilpatrick and Mr. Collins, President of the Men's Club of the churches of these pastors to distribute $400 worth of food, clothing and Christmas presents financed by the two churches.

. . .

Minneapolis, Dec. 31 (CP)—A five-pound pickerel jumped out of a hole in the ice on Coon Lake and bit Alvin Mickelson on the nose. Two companions vouch for the story while Mickelson is exhibiting the fish and a scratched proboscis as proof.

Mickelson says he will get his revenge—biting into the fish.

. . .

New York, Dec. 31 (CP)—"Nudist camps are stupid and idiotic" cried the barrel-chested Anthony Sciafani. "Their contention is that we came into the world without anything on. But in those days we didn't know any better."

Sciafani knows better. He wore shorts—and only shorts—for his jaunt past New York's shivering churchgoers in yesterday's subfreezing wind.

. . .

Budapest, Hungary, Dec. 31—(AP)—The first fatal attempted bank robbery within the memory of Budapest's 1,000,000 inhabitants cost the lives today of a cashier and one of three bandits.

Soon after the bank opened, three armed men drove up to the bank in Kaiser Wilhelm Street and shot the cashier. Armed clerks returned the fire, killing one bandit while the others escaped.

Newspapers described the attempted holdup as an "American crime."

. . .

Fort Erie, Dec. 31 (CP)—Fire today destroyed a storey and a half bungalow on Helena Street, Erie Beach, owned by George Mann, Fort Erie South. Cause of blaze is undetermined. Loss is about $3,000.

TYENDINAGA MAN IS FOUND FROZEN

Vincent McNamara, Lost in Blizzard, is Son of Drowned Man

Napanee, Dec. 31—Missing from home in Tyendinaga township north of Deseronto since last Wednesday, the frozen body of Vincent McNamara has been found not far from his house. It is believed he had attempted to make the return journey from some point in the district to his farm by foot during the blinding blizzard of Wednesday afternoon. His father was drowned in the Bay of Quinte early last fall, falling off the dock at Deseronto. He is survived by his mother and several brothers and sisters.

MONTREAL MAN HAS FAVORITE

"Bleriot" Draws Horse "Nord" in Australian Handicap

Sherbrooke, Que., Dec. 31—In the Sherbrooke Hotel Dieu drawing held here today on the Tattersalls Cup to be run at Sydney Australia New Year's Day, nom de plume "Bleriot" of Montreal drew the favorite horse Nord. The first prize will be over thirty five thousand dollars. Second prize twenty one thousand dollars, third prize fourteen thousand and fourth prize, seven thousand. Non starters and unplaced starters divide fifty six thousand dollars. Hotel Dieu charity fund receives fifty eight thousand dollars.

SCHOOLS IN CITY TO OPEN THURSDAY

The pupils of the public schools and Collegiate Institute in this city will resume their studies after an enjoyable holiday on Thursday.

POLICE CHARGE GEORGE VILNEFF DRIVER OF CAR

Held For Criminal Negligence in Death of Leo Arno

BAIL SET AT $5,000

Man is Held in Custody Endeavoring to Raise Bond

George Vilneff, 18, of Marmora, appeared before Magistrate E. J. Butler, K.C., in today's police court charged with criminal negligence resulting in the death of Leo Arno, also of Marmora. Vilneff was arrested by Provincial Police and accused of driving the ill-fated automobile in which Arno received fatal injuries on Christmas Eve, subsequently dying in the Belleville General Hospital. Vilneff was not asked to plead to the charge, but remanded for one week, bail being set at $5,000.

Vilneff was arrested on Saturday by Constables Ervine and Kelly of the Provincial Police on a charge of manslaughter, after the officers had investigated fully the accident in which Arno was previously injured. Today, however, the charge was reduced to that of criminal negligence.

The death of Arno culminated a motor trip made by Vilneff and Arno on Christmas Eve, when both are alleged by the police to have been consuming wine before they started to motor from Marmora to Madoc. During the return trip the automobile in which they were riding struck a rock cut, completely demolishing the car and tearing the entire right side of the vehicle off and breaking Arno's spine and also inflicting a severe scalp wound. Some investigation was completed by the authorities before it could be established, which young man was driving the ill-fated automobile at the time of the accident. On Saturday Vilneff was accused of driving the car and charged with the crime.

In the meantime Vilneff is being held in custody but is endeavouring to raise the necessary bail bonds. The police court proceeding was laid over until directly after the inquest called to look into the death of Leo Arno and to be held on Thursday, stated Crown Attorney B.C. Donnan, K.C., today.

TOBOGGAN CRASHES INTO COURSE BUNKER

Used Other Slide Believing One Was Too Dangerous

Hamilton, Dec. 31 (CP)—Five persons were injured, one gravely when a toboggan crashed into a bunker on the course of the Hamilton Golf and Country Club at Ancaster last night. Patricia Regan of Ancaster, lies in St. Joseph's Hospital, believed to be suffering from a broken back. Irene Peterson, of Toronto, a visitor with Mrs. T. S. Barber, Ancaster, suffered a fracture of a bone in her neck.

Other passengers on the toboggan were Norman White, Janet Regan and Agnes Anderson. They escaped with minor cuts and bruises.

The mishap occurred when the young people decided that the usual toboggan slide on the golf course was in rather dangerous condition and chose another spot to go sliding. The toboggan hit a bunker, hurling its passengers against the obstacle.

CONDITION UNCHANGED

London, Dec. 31 (AP)—The condition of Francis Cardinal Bourne, Archbishop of Westminster for 31 years who is criticaly ill, was unchanged today, his physicians announced.

Doors of the Cathedral were opened at 7 a.m. and many entered to pray for the Cardinal's recovery.

LOCKEPORT FLEET IS GALE-DRIVEN

One Fisherman Drowned and Three Missing After Heavy Storm

Lockeport, N.S., Dec. 31 (CP)—One fisherman was reported to be drowned and three others missing today following arrival of several vessels of the gale-driven Lockeport fleet in port last night.

The Marian Emily came in with her flag at half-mast for Alfred Doucette of Wedgeport, who was lost when a dory capsized under the bow of the schooner.

Somewhere off the coast Andrew Doucette and N. Boudreau were adrift in a dory from the schooner Dot and Nellie, having been carried away from their vessel by the storm. Samuel Coutreau was believed to be alone in another dory, missing from the schooner Lucille M.

YEAR 1935 MAY BE DECISIVE ONE

Maintenance of Peace Principle Task Says French Premier

Paris, Dec. 31 (C.P.-Havas)—"The new year of 1935 appears to be fated to be decisive," Premier Pierre Etienne Flandin was quoted as saying in an interview with Charles Morice, published in the Petit Parisien.

"The maintenance of peace," said the Premier, "will be the principal task of the French government and people." He recalled that Premier Benito Mussolini of Italy some time ago predicted that 1935 would be a crucial year.

Premier Flandin said: "I have every hope that we may do still better, not only by averting a war which would be a crime against mankind, but also by strengthening peace . . .

"The invitation which the British Government addressed to us recently to come to London and discuss as soon as possible in the new year all political and economic questions pending between the two nations so firmly attached to the League of Nations and to democratic institutions, attests to the common determination to join in efforts which one may well believe will condition, dominate and ensure world peace . . ."

Roblin Couple Married Before Confederation

Kingston, Ont., Dec. 31 (CP)—New Year's Day will be unique for Mr. and Mrs. Calvin Arnold of the village of Roblin in Lennox and Addington counties. It will mark their 68th. wedding anniversary.

Before the Dominion of Canada existed, they were married in Napanee on January 1, 1867, Confederation year, by Rev. John Clark. Shortly after they settled on a farm at Selby, retiring to Roblin ten years ago.

Mr. Arnold is 88 and his wife, formerly Polly Ann Hartin, four years younger. Although not in the best of health they live alone and Mrs. Arnold has complete charge of her household.

Four daughters live near them. They are: Mrs. Walter Dodge of Selby; Mrs. John McFarlane of South Napanee; Mrs. William Ramsay of Newburgh, and Mrs. Kenneth Weese of Centreville. A fifth daughter, Mrs. George McFarlane, died several years ago. They have one son, George Arnold of Sharp's Corners in the Roblin district.

Members of the family and friends will be present at the Arnold home tomorrow for the combined wedding anniversary and New Year's Day celebration.

British Industry Faces New Year With Confidence

(By George Hambleton, Canadian Press Staff Writer)

London, Dec. 31 (C.P. Cable)—British industry faces the New Year with confidence.

Iron and steel, automobile, building, cotton, shipbuilding and coal trades all report steady recovery. Railways are planning extensive replacement programs.

"Recovery is in the air, said His Grace the Archbishop of Canterbury in a broadcast address last night. "The keynote of British industry in the new year may be summed up in the word 'confidence'," declared D. J. Colville, Secretary of the Overseas Trade Department. "Confidence in the ability of the British Empire to maintain its high position politically, commercially and industrially.

"This confidence has been encouraged in no small measure by Ottawa agreements between ourselves and British countries overseas and by more recent commercial agreements now made with 13 foreign countries. These agreements are having their effect. We are today selling more goods to Empire countries, and in most of the great foreign markets of the world than we were a year ago."

Lord Herbert Scott, president of the Federation of British Industries after reference to the year's retrograde developments in international trade, writes in Lloyd's list annual review, "against this sombre background the condition of British trade at the close of 1934 stands fourth as a beacon of encouragement and hope."

And W. Kean, chairman of the Trades Union Congress, adds: "Economic recovery seems now to be on the way."

Many Revolvers In City Homes

Registration of revolvers and pistols is proceeding apace at the city police station. Already three books of twenty four permits each have been used up, that is 72 registrations have been made and the police have sent for more forms.

"One man came in today with a collection of four to register," said an officer giving an idea how many weapons of this kind were in the homes in the city.

"Have many persons brought in any old weapons?" he was asked.

"Yes, today we told a woman who had a gun she did not want to register to have it brought to the station. This gun will be disposed of by the police."

WEATHER

An area of high pressure and cold weather covers the St. Lawrence Valley and Eastern States. Pressure is also high to the immediate west of Hudson Bay and over the Pacific States with a shallow trough of low pressure extending from James Bay to the Southwest States. The weather has been cold from Southern Ontario eastward, also in the Western Provinces and comparatively mild in Northern Ontario.

Kenora and Rainy River—Fresh winds, shifting to northwest; scattered snow flurries, but becoming colder again.

Maritime East—Northwest gales, with scattered snow flurries, becoming considerably colder.

Manitoba—Fresh northerly winds, quite cold, with scattered snow flurries.

Saskatchewan—Moderate winds, quite fair and cold.

DEMOCRATS WELD HUGE MAJORITY

Believe Explosive Issues in Offing at Coming Congress

Washington, Dec. 31 (AP)—With explosive issues in the offing, the dying year found the Democratic leadership laboring today to weld its huge majority into a unit to put the Roosevelt Administration's programme smoothly through the 74th United States' Congress opening Thursday.

Surveying a membership that ranges from share-the-wealth men on the "left" to pillars of old-line Conservatism on the "right", leaders acknowledged that controversies are in store.

But they said they found a consensus among many returning members that the last election was a mandate to follow President Roosevelt's lead.

The President's programme—embracing a vast range of problems topped by relief of the unemployed—has yet to be revealed in any detail. Legislators expect him to give an outline of principles and aims in a message which he will deliver on Friday, probably in person.

On Saturday, with the delivery of the President's budget message, will come the answer to one Paramount question: How much will be spent for Public Works? Speculation has ranged from $1,500,000,000 to $7,000,000,000 but no one has given any authoritative statement.

Primitive Man Dweller in N.A. 20,000 Years

Pittsburgh, Dec. 31.—(AP)—New evidence that primitive human beings lived in North America as much as 11,000 to 20,000 years ago, perhaps as far back as ice age times, was presented today to the American Association for the advancement of Science.

Part of the evidence is a skeleton which may be the first representative ever found of the mysterious "Folsom Man" who, it is believed, roamed North America from 8,000 to 20,000 years ago, killing musk-oxen and a type of bison now extinct, with hand-thrown darts and travelling in small clans like the later nomadic Red man.

"Folsom Man" has been long sought by scientists because for years they have been finding the grooved stone dart points he made which first were unearthed near Folsom, N.M., buried with bones of extinct bison, showing humans must have hunted these animals.

Cut Freighters in Two To Pass Through Locks

Buffalo, N.Y., Dec. 31—(AP)—Frank P. Ranahan, who moved freighters from the Great Lakes to the Atlantic during the war by cutting the ships in half so they could pass through the Welland Canal locks, is dead here at 53. He died yesterday.

He was for many years a leader in lake shipping, and recently had been a member of the Shipping Code Authority for the Great Lakes. An authority on ship construction, during the war he was placed in charge of many of the major yards on the lakes.

W. GRAY GIVEN ACCLAMATION IN THURLOW TWP.

Nominations Held in Various Municipalities at Noon

INTEREST AT TRENTON

W. A. Fraser, M.P., H. R. Cory and Col. Bywater Nominated

Trenton, Dec. 31 (Special)—Nominations for municipal offices held at the Town Hall today brought out a large number of the citizens and much interest was manifest. Qualifications will close at Wednesday noon. Three were nominated for Mayor but it is expected H. R. Cory, who was elected by acclamation last year, will again be returned by the same process. It is expected a race will ensue for the six council seats. Acclamation was given G. A. Sprentall as Utilities Commissioner. Those nominated were:

Mayor—Col. A. E. Bywater, W. A. Fraser, M.P., H. R. Cory.

Council — John Wing, Hugh O'Rourke, Henry LaFleur, Ernie Ellis, Ross Burtt, R. J. Whitley, Owen McAvoy, W. Milne, Cornelius Duquette, George LaBrash, Robert Ellison, W. Lockridge, W. E. Allison, William Jones, Charles Allore, Charles E. York, Dr. John Farley, Oscar Pierce, Charles V. Treverton, James F. Day, Thomas Jarrett, Ed A. Simmons, Kenneth Couch, Ralph Bonter (6 to be elected).

Utilities Commissioner—Geo. A. Sprentall (accl.).

Public School Trustees—L. Crosby, Arthur E. Blakely, Charles V. Wilkins, W. Gainforth, G. Arthur Sprentall, Charles M. Foster, Geo. H. Riley (3 to be elected).

Thurlow Township

That interest is manifested in the municipal elections to be held in the Township of Thurlow was evident today when a nomination meeting was held in the Town Hall at Cannifton. The hall was filled with electors. Reeve Wesley Gray was re-elected to that position by acclamation. There will be a contest for Deputy Reeve and Councillors. At the close of the nomination proceedings a public meeting was held when the candidates were called upon and gave addresses relative to matters pertaining to the township. Those nominated were as follows:

Reeve

G. W. Gray, proposed by W. C. McDonald, seconded by Wm. Clarke (acclamation).

(Continued on Page 7)

Closing Year 1934 Without Fatality Due To Traffic

Another year without a fatal motor accident in Belleville closes to-night. There was no fatality last year. The year before that, in 1932 a youth lost his life when he was thrown from his motorcar but there was no other vehicle involved and later the same year 1932, a motorist lost his life when his car ran wild into a tree. Not counting these two deaths, which were not blamable to motor traffic, Belleville has had over three years free from motor fatalities.

Quake Shocks Felt on Coast

Los Angeles, Dec. 31 (AP)—Earthquake shocks, one of which was described by geophysicists as intense as the destructive Long Beach temblor of March 10, 1933, were experienced over the Pacific coat from Mexico to Washington Sunday, but extensive checks completed today showed there was neither any consequential damage nor loss of life.

The most severe shocks originated at the head of the Gulf of California, and was felt in cities of the Imperial Valley shortly before 6 a.m., at about the same time a moderate shock aroused light sleepers in San Francisco and the peninsular area.

A water tower was toppled from its supports at Cocopah. About $300 worth of glassware was broken in Calexico, and guests in hotels at Palm Springs, 115 miles southeast of here, were awakened.

Pasadena, Calif., Dec. 31 (AP)—The earthquake alarm at the Carnegie Institution of Washington Seismology Laboratory here sounded for two minutes and a half this morning shortly after 10:45 a.m., said Dr. C. F. Richter.

Hardy Woodsmen Save Four Marooned in Hills After Snowstorm Crash

Courageous Rescue is Climax to Three Day Fight

IN ADIRONDACKS

Saga of Courage in 30-Belowe Weather And Deep Snow

Albany, N.Y., Dec. 31 (AP)—Rescue of the four men stranded with their wrecked plane in the Adirondacks was effected today.

Their rescuers, hardy woodsmen from Hoffmeister, N.Y., eight miles north of the forested hillside, started for civilization at 11.30 a.m., about 61 1-2 hours after the giant American Airlines plain crashed in a snow storm Friday night enroute from Syracuse to Albany.

Lieut. Al Mitchell of the Massachusetts National Guard radioed from his plane on vigil above the spot that five men of the group of 11, which included seven searchers, left the spot for the highway to Hoffmeister, and that four men followed them shortly afterward. They left two men at the wrecked plane. Their identity could not be established from the air, but it was believed that not more than one was a survivor of the plane crash.

Brave Rescue

The courageous effort of the Hoffmeister woodsmen, including Lester Pertello and Floyd Krueger, to take the cold and hungry flyers to their home eight miles away, climaxed the three-day fight of State Police, National Guard Flyers and Airline Company officials to rescue the quartette in 30-below weather and waist-deep snow.

The four, Ernest Dryer, pilot of the air liner; his brother Dale, copilot; J. H. Brown of Boston, American Airlines pilot flying as a passenger, and R. W. Hambrook of Washington, D.C., were located from the air last night but not contacted from the ground until nearly midnight.

Then Pertello and his brothers, John and Charles, struggled through with Krueger from Hoffmeister.

UP AND AT SLUMP IS BENNETT WAY

Premier Calls on Canada to Correct Faults of Economic Society

Ottawa, Dec. 31—Prime Minister R. B. Bennett has issued the following New Year message to the Canadian people:

"On the eve of the New Year I send this message of cordial good wishes and most sincere congratulations to my friends and fellow citizens throughout the length and breadth of this great land.

"For five long years you have resisted the furious onslaught of adversity. You have endured great suffering and hardship. You have shown great patience and fortitude and these have brought you victory, or the depression has failed to overcome you. It has been checked. Now let us put an end to it.

"In this terrible period all that could be done was to deal with the tragic consequences of hard times in the best way the circumstances would permit. To-day, your triumph over difficulty and danger enables us to deal with the causes of hard times. The unimpaired integrity and strength of what is best in our national life provide this opportunity to correct those faults in our economic society of which the depression is the certain proof.

"Let us then join together in the quest for a new and greater happiness and prosperity and let us rejoice. For a united Canada, resolved upon the reforms which the wisdom of experience teaches and which the fair dealing of true democracy demands, can never fail.

"We give thanks to God, and enter with faith upon another chapter in the history of our country."

ONE FATALITY IN 1934

Brantford, Ont., Dec. 31—(CP)—During the year 1934, up until noon today 332 auto accidents occurred in Brantford resulting in a number of injuries but only one fatality.

Repeal Costs Playboys More

New York, Dec. 31 (AP)—Their New Year's Eve celebrations brought to New Yorkers today the realization, that repeal may prove something of a financial boomerang to entertainment seekers.

The end of prohibition has buoyed the cost of playing out the last hours of the year from 20 to 50 percent, a survey showed.

Those in the Mardi Gras spirit on this New Year's Eve must spend from $2.50 to $25 a person to attend the better known Manhattan's night clubs, cabarets and hotel grill rooms. The prices include supper and favors—but no liquor.

During the speakeasy era, the cost for two persons celebrating on Broadway averaged about $18, including $5 cover charge, $5 for drinks and refreshments, $4 for dinner and $4 for tips and taxicabs.

The same couple tonight will have to spend $25, which provides $15 for cover charge and supper, $6 for drinks and $4 for tips and taxicabs.

As for the music and dancing, the prices being asked for celebrations with the best known orchestras are the most expensive New York has known in years.

The cost for a single person to greet the New Year with the more famous orchestras is $7.50, with Ozzie Nelson; $7.50 to $15 with Abe Lyman; $8 to $12.50 with Rudy Vallee; $10.50 with Jack Denny; $15 with both Eddie Duchin and Jolly Coburn.

The fee for dancing to Pancho's music in Mayfair is the highest of all—$40 per couple.

FOUR CHILDREN BURNED IN HOME

Parents Both Away at Time of The Fatality

Codette, Sask., Dec. 31—(AP)—Four young children left alone while their mother went visiting a neighbor Saturday morning, were burned to death when fire destroyed their farm home 16 miles northeast of Codette.

Their father, Albert Wickens, homesteader and rural postmaster, had gone to Nipawn, 10 miles away to get the mail and Mrs. Wickens was at a farm a mile or so away when the home was destroyed. The cause of fire was not determined. The children were aged between 1 1-2 and 6 years.

Word of the tragedy was delayed reaching this village as communication had been cut off. Details are expected late today.

Coming Events

TONIGHT, WATCH NIGHT SERvice Bridge St. Church at 11.30. Subject: "The Folly of Excess Baggage." Everybody welcome. d31-1t

RELIEF CONCERT BY MEN'S CHORUS IS APPRECIATED

Capital Theatre Packed to Doors to Hear Splendid Program

ASSISTING ARTISTS

Miss Leona Riggs, Soloist and Miss M. Vermilyea, Reader, Heard

An audience, which filled every available seat, some being forced to stand at the back and along the aisles, was present last night at the Capitol Theatre to enjoy a program of song given by the Belleville Men's Chorus augmented by Miss Leona Riggs as soloist and Miss Muriel Vermilyea as elocutionist, the proceeds from which will be used for relief purposes in this city not covered by government regulations. Mayor George O. Tice, presided as chairman. A sum of over $100.00 was obtained by silver collection and the thanks of the city council was expressed by His Worship for the contribution.

The concert was one of the outstanding ones given this year. To Ross Hunter, director of the chorus and every member of the organization, the thanks of the citizens are due for their splendid gesture. To the assisting artists Miss Leona Riggs and Miss Muriel Vermilyea, thanks were expressed and the audience had the pleasure of hearing for the first time, a reader, who will take her place in the forefront of this art in a few years. Miss Vermilyea completely captivated her audience with two readings, while Miss Riggs an artist in her own right, beautifully gave two solos.

Thanked For Patronage

Mayor Tice in opening the concert after the National Anthem had been sung thanked all for their patronage and told of the immeasurable help the contribution would afford to the poor of the city. "Relief is a nasty word", said His Worship, "but I cannot see, where times are any better or that the situation is clearing up in this city. I wish to tell you, that the financial condition of your city is sound but there is a time, when the end must come and if the drain continues, I cannot predict the future." There are those in this city, who are less fortunate than ourselves, who must be looked after and I know the drain has been heavy on the class of citizen, that can pay, but there is still much work to be done. Little children need warm underwear, clothes and boots and I am sure, there is hidden away in some closets in the city old clothing, that will not be used but which would be most acceptable to some poor child, that relief regulations will not take care of. If there are any within the sound of my voice who have such clothing, kindly 'phone the Relief Office and the clothing will be called for immediately."

His Worship particularly thanked the Men's Chorus through Harry Moorman, general manager. and Ross, Hunter, the director for their services for the cause of relief. "We have in Belleville one of the finest organizations of its kind in the Dominion", said Mayor Tice, "and all citizens are proud of their efforts to keep this city in the forefront of things musical." The speaker announced, that the chorus would be singing over a Dominion-wide radio networks within the next two months and their fame would spread farther through this agency. In closing he thanked everyone, who in any way was responsible for the concert and on behalf of the city council and himself wished for all a Bright and Prosperous New Year and hoped that the same spirit and harmony would prevail, that has existed in this city for so many years.

Every Item Splendid

To particularly emphasize one item on the program given by the Chorus would be doing an injustice. Every number was perfectly given, the diction faultless, and the direction superb. The chorus sang as a unit from the unaccompanied number with the soft phrasing to the rousing numbers of "The Viking Song" and the "March of the Men of Harlech". The number "Until" probably appealed more to the audience than anyone given, with the Christmas Carols next in favor. In the first group were "Hail Smiling Morn"; "Lovely Night"; "A Brown Bird Singing" and "Good King Wenceslas". At this point Miss Leona Riggs delighted with two solos Mr. Alec Gordon being the accompanist who also acted in that capacity for the chorus.

"Crossing the Bar", "In the Gloaming", "Until", and "The Viking Song" were included in the second group after which an intermission was called for five minutes. The "Old Minstrel", "Rolling Down to Rio", "As My Dear Old Mother" and "Poor Little Lamb" followed and Miss Muriel Vermilyea gave two readings "Roses for Rosa" and "Home". The concert was completed with the numbers "Night Shades Falling", "March of the Men of Harlech", "The First Noel" and "Now the Day is Over".

MRS. AMELIA PETERS

The death occurred on Saturday, Dec. 29th., at Mount Dennis, Ont., of Mrs. Amelia Peters, widow of John Peters, late of Hastings Ont., in her 89th. year.

The funeral will take place at Hastings on New Year's Day.

1935 City and District COAL INFORMATION

We sell and deliver genuine Scotch and Welsh Coal, guaranteed by the direct Importers.

OUR COKE
Once Used Always Wanted

Our Thirty Years
of Experience is Your Guarantee of Satisfaction.

Our Blower Coal is prepared in three different sizes to meet every demand. If you want the best American anthracite coal our price is $15.00 per ton for stove and nut sizes. We also sell American anthracite in stove and nut sizes at $14.50 per ton. (But there is a difference.)

Our Sahara Pocahontas is true to name and our Alberta coal is in a class by itself.

Our list of Coals is:—

Welsh - Scotch - American - and Canadian in all sizes, we have them all.

We want your patronage, we thank our many friends and customers for their confidence in us in the past and we certainly hope to merit this confidence in the years to come.

If you desire accurate information in your heating problems call at our office Front St., in person, and save money.

CAROLS ARE SUNG AT CHRIST CHURCH

Choir in Processional Leads in Singing Festal Music

Carol-singing marked the service of evensong at Christ Church on Sunday evening, with the choir leaving the choir stalls and in processional marching down the main aisle to the rear vestry and font and there dividing to return to the front of the church by the side aisles. In the processional one carol was sung, and while standing the choir led the congregation in singing the second carol, until the last verse, when the choir reunited again in the choir stalls. This procedure was twice followed, first time at the close of the responses and again at the close of evensong, before the delivery of the sermon by the Rev. G. G. Wright, rector. Besides these two processionals in which four carols were sung, festal hymns or carols were sung by the choir and congregation in the beginning of the service in the processional and at the close in the recessional, as well as in place of the "Nunc Dimitt's".

Innovation of the processionals was for the purpose of helping the congregational singing by sending the choir into the congregation. The effect was very marked, as the people sang with the choir the hymns and carols.

Among the hymns and carols sung were "O Little Town of Bethlehem" "Angels from the Realms of Glory", "Carol, Sweetly Carol", "Like Silver Lamps in a Distant Shrine", "The First Nowell" and the fifteenth century traditional carol beginning:

"When Christ was born of Mary free,
"In Bethlehem, the fair citie,
"Angels sang there with mirth and glee
" 'In Excelsis Gloria'."

MEANEST MAN IN CITY DISCOVERED

Alleged to Have Taken Christmas Hamper Intended For Another

It was not until the very last week of the present waning year, that the year's meanest man was discovered in Belleville. The entire pathetic case surrounds a Christmas present recently delivered to a wrong address, and to make matters worse those receiving this donation at the hands of a local philanthropist, knew perfectly well, that the present was not meant for them, but rather for a neighbour.

On Saturday, the local police department received a complaint from a resident relating to a Christmas present, that had been sent to him, but left at the house of a neighbour. Upon investigating, the law discovered that a local charity-inclined man had sent a box of assorted groceries, valued at $10.00, to a family. The delivery boy made his delivery, asking if the man to whom the parcel was addressed, lived at that house. Upon being informed in the affirmative the delivery boy left the ten dollars worth of groceries, but it was later discovered that the person, who was to receive the groceries lived two doors away, and those who should have received the gracious Christmas present spent a rather sad Christmas, while their groceries were being consumed by his neighbour in banquet style.

Just how the local philanthropist and his intended recipient ascertained the mistake is not quite clear, but the word finally leaked out to the police, who immediately visited the home of the person said to have received the groceries meant for another. The man who accepted the groceries returned to the rightful owner the remainder of the hamper, and promised to make restitution for what had been used.

Police News

The first woman to be placed under arrest on a charge of intoxication in the city of Belleville, since the inception of the Beverage room was taken into custody late Saturday night and lodged in the cells at the police station. The arrest was made by P. C. Taylor following a complaint received from the residents of upper Front street. Upon his arrival the officer found a middle aged woman causing a disturbance near the Kyle House building. The woman was undoubtedly under the influence of liquor and arrested. After spending the night in the cells the woman was allowed to return to her Prince Edward County home, but will face a subsequent charge this week.

"We cannot make indefinite postponement in these cases as has been the practice in past years," stated City Solicitor A. B. Collins while presenting a number of cases in today's police court against local poll tax delinquents. "The city treasurer has to close his books at the end of the fiscal year and there is no reason why this tax cannot be paid forthwith, without having to linger along before the tax is eventually paid in the long run," stated the City Solicitor.

When informed that there were nearly forty poll tax delinquents in Belleville, Magistrate E. J. Butler informed those present that there would be but one enlargement in all subsequent cases pertaining to the payment of the local poll tax. "We cannot have these cases coming up in our court day after day and holding up the closing of city official's books. Those here today will be given until February 1st to pay this tax, no further enlargements being possible," definitely stated His Worship.

Twenty-six transients were afforded a warm bed at the police station over the week end, 15 applying at the sergeant's desk on Saturday night, while eleven presented themselves on Sunday night. Not a single motor accident was reported locally or on adjacent highways over the week end, despite rather adverse conditions for motor travel.

Obituary

MRS. ANNIE I. BISSONNETTE

On Saturday, December 29th, Mrs. Annie Isobel Bissonnette, widow of Dr. J. D. Bissonnette, passed away at the home of her daughter, Mrs. N. R. Martin, in St. Thomas, Ont.

The funeral will be held from the family residence in Stirling on New Year's Day.

LATE MRS. KATE HUNTER

Mrs. Kate Hunter, widow of James Hunter, former M.P.P. for South Grey, died at her Toronto residence, 16 Spadina Gardens, on Saturday, following a long illness. She was 92 years of age.

The passing of Mrs. Hunter marks the severence of a link with the days of Sir Wilfrid Laurier, Sir John A. Macdonald, William Lyon Mackenzie and other famous figures in Canadian political life. She was the daughter of the late Alexander Macdonald and Eusetta Sophia (nee Goodrich) Macdonald, of Inverness, Scotland, and a descendant of Simon Fraser, discoverer of the Fraser River, in British Columbia.

Mrs. Hunter was born in Belleville, Ont, on Jan. 10, 1844, and was the mother of four children, of whom two, Mrs. Blanche Sommerville and Colonel T. Fraser Hunter D.S.O., M.P.P., both of Toronto survive. Surviving also are five grandchildren: R. Hunter Grant, Chicago; W. G. Fraser Grant, K.C., Toronto; W. Whyte Hunter, Minneapolis; Mrs. J. Halliday Crane, Toronto, and Edith Hunter, Winnipeg. Three great-grandchildren are also living.

She numbered among her close friends Sir Wilfrid Laurier, George Brown and Mackenzie Bowell, and was a relative of Sir John A. Macdonald.

MRS. (DR.) J. D. BISSONETTE

Stirling, Dec. 31 (Special)—Annie Isobel Hume, relict of the late Dr. J. D. Bissonette of Stirling, passed away at the home of her daughter, Mrs. Norman R. Martin, Wedgewood Road, St. Thomas, on Saturday.

The late Mrs. Bissonette was in her seventy-ninth year and was born on the family homestead, Burnbrae, a daughter of the late Thomas and Jane Hume, being the eldest of a family of nine children. In 1884 she was married to Julian Donald Bissonette and for a time lived in Dundas, where her husband was principal of the High School. Mr. Bissonette then took a course in medicine at Queen's University and practised at Napanee, Caledonia and Stirling. He passed away thirteen years ago.

A faithful member of the Presbyterian Church, the late Mrs. Bissonette was a charter member of the Women's Missionary Society. She was secretary of the Ladies' Aid for several years and was president and honorary president of the Mission Band. She was a former president of the Bible Class and was active in the Guild undertakings.

Eight years ago Mrs. Bissonette suffered a paralytic stroke and early this year went to live at the home of her daughter in St. Thomas. She leaves to mourn her loss, three sons, Professor Hume Bissonette, Professor of the Research Department of Trinity College, Hartford, Conn., Don, chartered accountant, General Trusts, Toronto and Leo B.A., B.Sc., Science instructor, Stratford Collegiate, and one daughter, Mrs. Norman M. Martin. One son Roy was killed overseas in 1916.

Three sisters and three brothers also survive, namely, Mrs. William Rainie, Campbellford; Mrs. Charles Rainie, Guelph; Miss Alice Hume, Burnbrae; William Hume, Campbellford; John of Goderich Collegiate staff, and Alex. Hume, who resides on the old homestead, Burnbrae.

The remains will be brought to Stirling tonight and will rest at the former home of the deceased on Church Street. The funeral will take place on New Year's Day at two-thirty in the Presbyterian Church, following private service in the home.

PAYS PENALTY

Port Saskatchewan, Dec. 31 (CP)—Julius Kassal, itinerant farm worker, died on the scaffold, at Port Saskatchewan Prison here today. The crime for which the supreme penalty was asked concerned the fatal shooting of Julius Molnap on the latter's farm, near Wetaskiwin, last June.

The shooting followed disagreement over payment of wages.

2000 DEATH TOTAL IN TOWN OF KANDY

Colombo, Ceylon, Dec. 31—(CP-Havas)—A desperate appeal for aid has been sent to, the Mahatma Gandhi from the Malaria-ravaged town of Kandy, it was learned today. Latest statistics place the toll of dead in the malaria epidemic throughout the island at 2,000.

The appeal was sent by the leaders of the Tamils community in, the ancient capital of the former Singhalese Kingdom, located about 12 miles south west of here. (The Tamils are a Dravidian people inhabiting the south of India and part of Ceylon.)

The population of Kandy is about 27,000.

YEAR 1935 FORECAST AS BETTER THAN 1934 CONSTRUCTIVE FORCES ARE SEEN AT WORK

Symposium of Views on World, National, Municipal and Social Outlook Given by Prominent Local Men in Parlamentary, Banking, Industrial, Business and Municipal Life—Hard, Sane Endeavor Requisite for Assurance of Progress.

The Hon. Dr. J. A. FAULKNER, Minister of Health for Ontario:

HON. DR. J. A. FAULKNER

"If I were a prophet, and knowing Canadians as I do, I would have no hesitation in stating that through the tenacious spirit of faith in our country, loyalty to our institutions, and courage to overcome apparently insurmountable difficulties, that we will look forward to 1935 with an inspired hope, and I believe a conviction that it shall be brighter than the past year.

"It is not a time for political controversy, but a real situation faces us as true Canadians, and I do feel that it is only with men who represent both great political parties forgetting those affiliations, and joining as one in a united effort to work out plans that will place our economic situation upon a sound foundation, that we may hope for a successful solution of our difficulties. There may be a certain amount of quibbling over small things, but the great issue is the future happiness and prosperity of our people, and I do honestly believe, as far as I can see, that we are a united people, and everyone is trying to do his part to carry out plans that will help overcome the terrible depression that we have been passing through."

"It is with personal regret that I am so busy that I am necessarily obliged to be away from my home town and my constituency, but while my heart and soul are with those I love, I feel it my duty at the present time to give my best to the whole of this pair province. In these efforts, the results of which I hope will not be dissipated fruitlessly, I earnestly pray for the sympathetic co-operation of all the people of the wonderful constituency that I have the honor to represent.

"At this moment I wish to extend to each and every resident in the constituency of West Hastings my very best wishes for a very Merry Christmas and a bright and prosperous New Year.

MAYOR GEO. O. TICE:

MAYOR GEO. O. TICE

"We must look ahead with confidence in our hearts that the future holds the promise of better things to come.

"The discouragement for many of our citizens of the past few years should not blind them to the fact that what is now bad might be far worse.

"We have not suffered from devastating droughts as laid bare many districts of the United States, nor have we had the distress such as has been experienced in Saskatchewan.

"Our rural districts have been blessed with good crops and while prices could be better, at least a small return is better than none at all.

"It is not possible to predict with certainty the trend of prosperity or its extent but it is my hope that through co-operation of our governments and municipal bodies that the load of taxation may be lightened whereby our people may have the extra funds to put back in the channels of commerce.

"It is only through economies that we can defeat the slough of depression that has poisoned the world."

B. C. SISLER, Manager of the Local Branch of the Dominion Bank:

"For five years the world has been suffering from that old and distressing malady, depression, and we have, during the greater part of this period, been looking for the good times that are supposed to be "just around the corner".

"History shows us that the world has passed through severe depressions periodically; lean years have followed the good ones back through the centuries, and each time natural laws and forces, over a period of time, in spite of the mistakes and frailties of humanity, have brought conditions back to normal.

"It seems that every generation or two must be taught severe lessons for its transgressions, and if we of this generation have learned ours, then 1935 will be a year of improvement. During the past several years, greed and speed and lust for wealth have made humanity a seething mass of unrest, and this insidious growth has been gradually replacing the religion and faith upon which our nation was built.

"Should we not again get back to the simple rules of life, and measure our fellow men, not by the size of their bank accounts, but by their capacity to help each other?

"There is undoubtedly every indication of an upward trend, but we surely now realize that good times will not pop out at us from around a corner. There is still a long upward climb to the end of the depression, over a hard rough road, and the goal can be reached only by hard work and sane, constructive, unselfish thinking.

"If we enter the New Year in a spirit of co-operation, and with a feeling of kindliness, sincerity and understanding to our fellowmen, then we shall make real progress toward recovery. In other words, we must apply the Golden Rule in all our thoughts and actions."

MR. W. E. TUMMON, M.P. for South Hastings:

W. E. TUMMON, M.P.

"The year 1934 (now drawing to a close) has revealed many encouraging and favourable signs.

"There has been a marked recovery industrially in nearly all countries, accompanied by an improvement in international trade. World production of certain important commodities show an appreciable increase, and unemployment is decreasing in all principal countries, with the possible exception of France.

"The old established democracies, who have developed the habits of tolerance, are standing fast, and while disarmament and other such conferences have at times disappointed and fear and re-armament prevail in many countries, yet there are immensely stronger and more alert, and organized forces working for peace today than ever before.

"With Canada well in the front with those countries who are leading the recovery—with a people virile and strong—a heritage unsurpassed, and resources unequalled, I believe we can approach the New Year with optimism, and enter it with courage and in confidence."

MR. E. V. ILLSEY, Manager of the Local Branch Canadian Bank of Commerce:

"The greatest need of the times is that we should have real goodwill among men. If throughout the year there were the goodwill that suffuses all our hearts at Christmas time there would not be continued unfair practices in business, nor the injustice and greed that breed economic world wide distress.

Practically speaking, our greatest need in Belleville and throughout Canada is a drastic cut in taxation. I would like to see the Belleville Council blaze a trail by bringing down its 1935 budget before the end of January, and definitely cutting the tax rate for the year. One can hear the instant reply to such a suggestion,—"It cannot be done." It can be done if we are prepared to do without certain things, and it should be done without any further delay. There is no use in levying taxes that cannot be paid, and the fact that there is said to be $90,000,000 of Municipal obligations in default in the Province of Ontario should be sufficient warning to all of us, and even in such good cities as Belleville, that we will have to cut down and do without many things that after all are not vital.

"Business has improved in 1934: I believe it will continue to improve."

MR. W. A. PARKER, Local Branch Manager of the Royal Bank of Canada:

"We have reason for satisfaction over the progress made in recovery in 1934. Every industry has shown improvement over 1933 from coast to coast, and I feel that we may look with confidence for continued progress.

"One of our greatest burdens is that of taxation as a result of over spending in years of prosperity by our governments and municipalities. Some solution must be found to lessen the drain on the public purse before conditions can become normal. By adhering to sound business methods, and with a proper spirit of co-operation our difficulties can, and will be overcome."

W. C. SPRINGER, President Belleville Chamber of Commerce:

"The outstanding note in any message to the citizens of Belleville, at the threshold of the Year 1935, must be one of optimism. In the difficult years through which we have just been passing, our seasonal messages were expressive more of hope than of conviction. But to day we can speak with confidence that the tide is now definitely moving in the direction of good times and of better business.

"One has only to read the statistical reports of production across Canada, of reduced unemployment, and of our country's rapidly expanding foreign trade to realise how genuine and broad-based is the improvement in general conditions.

"Our own city is beginning to feel the impetus of returning prosperity. The merchants are enjoying the benefit of renewed demand for their goods and augmented sales. The factories are again showing signs of normal production. Several of them have extended their plants to take care of the ever enlarging demand for their output.

"I therefore can conscientiously declare that we are now well away from the difficult and stressful years that have tested to the utmost the resolution of mankind. I believe that better days lie immediately before.

"To the members of the Chamber of Commerce and to the citizens of Belleville I express my best wishes for a happy New Year."

GEO. JORDAN, Warden of Hastings County:

"Progress indeed look favorable for the year 1935, when conditions are contrasted with those of one year ago. In our County of Hastings this is especially noticeable.

"Already we have $110,000.00 paid in in county rates and are about $30,000.00 ahead of this time last year. Some municipalities report that as high as seventy-five per cent. of taxes have been collected.

"We have kept well within our estimates this year, which is a credit to all chairmen and members of the different committees.

"With weather conditions so favorable, it will mean much to the lumber and wood business, so vital to many ratepayers of the county. And from business men in the city, too, I have had reports that their many customers from throughout the county are showing greater buying power. This is steadily resulting in a greater good fellowship between residents of the urban and rural areas.

"We feel that conditions can only improve through the reduction of unnecessary expenditures by our government and municipalities, but would also suggest that all work possible be given to those needing it so that all may retain their proper self respect as good citizens of the county.

"I feel that the same determination which has carried us this far along the road to better times will see us through the year just ahead in far better shape than which we end the present one.

"We in the county are feeling a slight boom in mining with the opening of some of the former mines that had been inoperative for some time in Marmora, Lake and also in Madoc townships. We have almost unlimited resources in this county which only need to be developed. The year 1935 may be the herald of a new era for which we anxiously await."

G. A. C. WEIR, Manager of the Local Branch of the Bank of Montreal:

G. A. C. WEIR

"This year has shown a marked improvement over 1933. Many of the basic industries such as lumbering, newsprint and manufacturing have shown a remarkable gain. Both lumbering and farm products have benefited through the development of overseas market. The grain crop in Western Canada is larger than in 1933 and hog production and prices have been most satisfactory. General conditions in the Prairie Provinces have been better.

"In our city there is a more optimistic feeling. Payment of taxes compares favorably with last year and the city council are keeping down expenditures to the lowest possible point.

"This year's grain crop was the best in years and the quality excellent. Farmers have ample feed and this year's taxes and interest payments seem to be taken care of in a more satisfactory manner. The disparity between prices paid to farmers and the prices they pay for their needs has lessened to some extent, but is still very unsatisfactory and until this ratio is properly balanced we cannot expect normal times.

"It would appear that Canada is slowly working back to better times and it is altogether likely that this coming year will show a further improvement in general conditions."

QUEEN MARY ACCEPTS CHEST OF TEA AS CHRISTMAS GIFT

London, England.

To mark the centenary of the Empire Tea Industry, 1834-1934, Queen Mary was pleased to accept a chest of tea presented by the Empire Tea Growers.

Made of rosewood from India, the chest is beautifully inlaid with satinwood and ebony from Ceylon and purpleheart from British Guiana, the woods being left in their natural state at the desire of Her Majesty. The inlay on the lid has the Queen's own royal cypher.

The chest contains fifteen pounds of the finest Empire grown tea, blended from seven different teas from Ceylon, six from India and two from East Africa.

Putting the finishing touches to the Tea Chest which was presented to H. M. the Queen by the tea producers of the Empire as a memento of the Empire Tea Centerary 1834-1934. The chest is made of rosewood from India and satinwood and ebony from Ceylon. It was filled with the finest Empire grown tea, blended from seven different teas from Ceylon, six from India (including a rare 13 shillings a pound tea from Darjeeling) and two from East Africa. The inlay on the lid is the Queen's own [illegible], two crossed M'S beneath a crown.

Ceylon Satinwood and Ebony form the inlay of this tea casket which has been presented to H.M. the Queen as a Christmas gift by the Empire Tea Growers. It holds 15 pounds of tea, and 7 different Ceylon High Grown teas form part of the blend with which it has been filled. It is hoped that the casket will be on view throughout the United Kingdom during 1935, the silver jubilee year.

Letters to the Editor

Belleville, Dec. 28

Editor Ontario Intelligencer,
Dear Sir:

Use The People's Railway

In the Mail and Empire of November 29th last, Mr. Rolph, the president of the Imperial Bank, advised the shareholders of that bank at the annual meeting that the operating deficit of the Canadian National Railways was approximately $1,000,000.00 per week which amount the taxpayers of Canada are paying to maintain the Canadian National and that this problem was one of the most serious obstacles to the balancing of our Canadian Budget. Continuing Mr. Rolph said "it is very difficult to determine what is the best step to take to relieve ourselves of this burden but it seems to me that it is absurd to maintain duplicate service where only one is required. In common with many others I dislike the thought of a monopoly in our railway system but from an economic standpoint I cannot help but feel that in Mr. Beatty's solution by unification lies the only measure which will bring a maximum of relief. Co-operation is accomplishing something undoubtedly but only a fraction of what can be accomplished if we can do away with the great duplication of effort and expense which now prevails."

Now I agree with Mr. Rolph up to the point where he says he feels that Mr. Beatty's solution by unification is the only way out; and if I thought that it was the only way I would say "go to it" and thereby save $75,000,000.00 a year which Mr. Beatty states is now being wasted by duplication. Mr. Beatty has tried co-operation and has found out that it helps somewhat and that is why he is so anxious to have the roads unified. But if I understand the matter correctly, the Canadian Pacific Railway is getting the best of the pooling of trains and that is why I am against unification or amalgamation or co-operation.

Take the Post Office Department—it is run especially for our accommodation and in my view is more complicated than the railroad. The Post Office has only one head and no one finds any fault with him. The results are wonderful. It is a monopoly from start to finish and without any competition or any politics and suits everybody. It seems to me that anyone interested in this country would like to see our railroad running like the Post Office. This can be done and it is up to the taxpayers themselves and all they have to do is to use their own railway and the Canadian National Railways would be on a paying basis in a short time.

Use the People's Railway, ship and travel Canadian National and our railway problem is over.

D. S. Larue,
60 Dundas Street East
Belleville, Ontario.

17 DROWNED IN WHIRLPOOL

Lisbon, Portugal, Dec. 31—Seventeen river workmen drowned during the night near Alcacer when a small boat, heavily loaded, was caught in a whirlpool in the river and capsized.

One man managed to get ashore by swimming through the perilous currents. All the rest in the boat drowned. The river was high on account of recent heavy rains.

The shrieks of wives calling the names of their husbands whom they could see from the river banks as they struggled in mid-stream mingled with the shouts and cries of the drowning men as the boat went down.

THE DAILY ONTARIO INTELLIGENCER is published every afternoon (Sunday and holidays excepted) at The Ontario Intelligencer Building, Front Street, Belleville.

FROM 1934 TO 1935

The Old Year has done its best. It has produced results. Conditions have bettered in many respects, for business which is a good guide, has shown improvement. Better prices for a number of farm products have been one of the stimulating factors. Canadian trade has gone up to the billion and higher mark. And while a large number of persons are still of necessity compelled to seek aid in the form of relief, forces are at work which it seems clear will materially improve their position during the next twelve months.

A healthier tone has been created. That is one of the essentials in industrial activity. The morale counts, the heart of the people feels more easy.

And what of the future? The great executives of large enterprises who felt the first pulse of the new feeling away back in April 1933 report that they are still optimistic for the coming twelvemonth because of the behaviour of business and industry during the year 1934. This spirit, this feeling of encouragement that better things are ahead, that something of the steady progress of 1934 will be maintained in 1935 is the common view of those who know best.

In today's issue are impressions of the past year with forecasts for 1935 by a number of Hastings and Belleville prominent men, including legislators, bankers, municipal leaders, business men, all foreseeing the coming of better days. These men are in a position to feel movements as they come, movements which some other persons by reasons of their lack of contact are unable to appreciate in their private outlook. These men give not so much their own personal opinion for their views are based on a multitude of business facts.

But sane endeavor, not a shoddy brand of optimism, is the real need. As in any sphere the recovery must be wrought out with the sweat of the brows of all the people. No achievement worth while has come through a lackadaisical attitude, energy, zeal, and common sense are the need. The recovery so far shown is the result of a natural resurgence, is a proof of the vitality of the people and of business, and of the recognition of salient facts. Even more so must the same qualities be demanded in the future.

May the prosperity which has been seen as showing signs of returning come back during the year 1935 in a way which cannot fail to bring untold benefits to all. For many who not yet know what these are may they come in the form of jobs which mean a competence, at least an independence to begin over again the organization and conduct of their affairs. Many persons and families have been held in check by the battering of economic troubles from being masters of their economic fate for the past year or two. These are the people to whom returning prosperity means a great deal. When it reaches them with its surge, others more fortunate will also feel the happy developments which are the product of this newly-recovered independence.

THE NEW YEAR

With the ringing of bells and jubilation and welcomed by many with prayer and all with hopes a New Year enters in.

> "Ring out wild bells to the wild sky,
> The flying cloud, the frosty light;
> The year is dying in the night
> Ring out wild bells and let him die."

This opening stanza of Tennyson's poem marks him out as the peculiar mouthpiece of the English-speaking race and the northern races as he places religious and social ideals in our wintry setting. He prays for the end of feud of rich and poor and of old forms of party strife. "Ring out old forms of foul disease," "Ring out the darkness of the land," and "Ring in the Christ that is to be," are some of the high points of this New Year's welcome hymn. And there is a touch of sadness at the parting with the past with its sorrows of loss of friends.

It is in the sense of this poem that the English-speaking people generally welcome the New Year, even though the rejoicing reach peaks of crowd and mob effervescence and enthusiasm which no other occasion arouses.

There are some who regret to see the old year go. But time is only a highway as with directions and service stations, and the years 1934 and 1935 like all others are but such guide posts and stations.

While Christmas is nearer the time when the winter solstice passes than New Year's, Christmas spirit is not New Year's spirit, for there is a world of difference between, yet there is no reason why both should not be enjoyed.

Man is peculiarly blessed as he is given the power to appreciate the passage of time and to improve the time. Man looks at the increase in sunlight and knows that the sun's power is going to grow more and more as far as the earth is concerned, he sees a new year beginning. But that sun cannot weigh nor meditate upon such things. It is guided by what is believed to be immutable law and cause and effect, it knows nothing. Man looks at a fixed star and sees a light which is one millenium or two milleniums old, and by his reason and the reason and research of others he knows it is so. "What a piece of work is man" as he reaches out to understand—to study the sun's path, the light of the star, the phases of the natural world and of the world of intellect and mind! And then he thinks of time and naturally of the new year. Believe is or not, these things are divine thoughts to him. Every man, woman and child, rich or poor, togged out or ragged, the brilliant mind, the least learned and even the most ignorant all more or less, have this gift of weighing things. And at the coming of the New Year they do weigh them. It is natural for man to react to the New Year. Nature gave him such a guide post to direct him on his way. It is a vantage point, a pinnacle on man's pilgrimage across the years.

POWER FROM THE SUN

On a cloudless day in midsummer 33,000,000 horsepower-hours of energy fall from the sun upon each square mile of Idaho. Enough solar heat is received to melt a terrestrial layer of ice 424 feet thick every year. About 1,800 times more energy annually inundates the Sahara than is contained in all the coal mines.

Such stupendous figures cannot but impress the physicist. Hence the solar cooker exhibited by Dr. C. G. Abbot at the meeting of the American Association for the Advancement of Science. He is but one of a long line of inventors who have tried to trap the sun. Boldest of all was John Ericsson, designer of the Monitor. After spending $100,000 and twenty years in devising a solar power plant, with which he actually fused thin sheets of metal and raised steam for an engine, he reached the sane conclusion that "although heat is obtained for nothing, so extensive, costly and complex is the construction of that apparatus that solar steam is many times more costly than steam produced by burning coal." Dr. Abbot, who regards his own invention as a scientific curiosity, would agree. Baking bread and cooking the family dinner is one thing; raising steam for a factory in a latitude where clouds may at any moment obscure the sun is another, despite the provision of heat-storage reservoirs.

Yet visions of huge solar power plants are not to be lightly dismissed. After coal and oil—what? The sun, answer the inventive seers. They point out that nearly all the coal in the world is to be found in northern, rainy climes. But the sun shines forever in virtually cloudless skies along the Equator. Capitalists flocking to the Sahara or Lower California, there to build mills driven by solar plants that spread over thousands of square yards, a migration of industry from the chilly North to the tropics in search of energy after the earth has been robbed of its fixed fuel, factories and trolley cars geared to the sun—who knows? The phenomenon would be no stranger than that of a world which turned from muscle to steam in the 18th. century and to electricity in the nineteenth.—New York Times.

GREAT BRITAIN'S HOUSING PLANS

The United Kingdom for many years past has been engaged in a national housing crusade with the object of abolishing slums in the industrial centres. The task is admittedly a formidable one, for the present program calls for the rehousing of a million and a quarter slum dwellers in five years. The rate of clearance now is stated to be at least five times faster than it has been over the last sixty years. New houses and tenements are being provided for the abolished dwelling places, most of them on or near the sites that are cleared, this for economic and other reasons. At the same time, an attack is being planned on overcrowding, for it is acknowledged that far too many properties in the inner urban areas are tenanted in excess of what the minimum standards of health and comfort require. Sir Hilton Young, M.P., the Minister of Health, declares that everybody ought to have a home fit to live in, and that is what the Government hopes to accomplish. Rival merits of cottage homes and tenements are being debated, and in this connection the Minister of Health states that the drift into flats, some of them only single-roomed in size, "may be a development of some social significance." In this connection, an article in The London Daily Telegraph Housing Supplement points out that families in Britain are getting smaller and that people are living longer. There has been a considerable increase in the proportion of families containing only one or two persons.—Montreal Gazette.

FRENCH FILMS IN TORONTO

We read that French moving pictures have made a triumphant entry into Toronto. This is surely something worth while. It is true that French films will for the time being appeal most to a comparatively small group possessing a knowledge of the French language. But as French is being more generally taught in certain public schools in Ontario we may reasonably expect that the day will come in Canada when the people of the English language will speak with fluency, and pleasure, the language of the first pioneers on this continent and then the French films which are at present an isolated feature in Toronto will become popular throughout Ontario.—Le Feuille d'Etable, Tecumseh, Ont.

A man who puts his religion aside because he is going into society is like one taking off his shoes, because he is about to walk upon thorns.—Cecil.

THE NEW YEAR

Upon the threshold of the New Year, Lord,
We leave the wasted moments of the past,
Our griefs, our sins, our deep contrition, Lord,
Relying on Thy mercy, sure and vast.

The New Year dawns, a gift, O Lord, from Thee,
What it will bring we cannot now discern,
But from its broken days of grief and pain
A song of praise and prayer be sure to learn.

What through the changes that the days may bring,
Through all the toil and travail of the years,
We may be able in our hearts to sing
And make a shining rainbow of our tears.

—Helen B. Anderson, Consecon

TO THE SIDELIGHT FAMILY, near and far, we extend our best wishes for a bright, happy and prosperous New Year. May this column continue to be of interest, entertainment and value to all readers of this newspaper—and may members of the Sidelight Family of daily readers take a greater interest in supplying contents for the column. When you see anything, or hear anything, particularly good, send it on to the column for the edification of the rest of the Family. Already the column has had several Texas Days, conducted by a Dallas, Texas, member of the Sidelight Family and will have more. Recently we had a California column, edited by our Los Angeles Family member and we are looking forward this year to hearing in a similar manner from other members of the Family, near and far. Let's hear from you, anyway, if only a how-de-do!

x x x x

JACK BENNY, Mary Livingston, Don Bestor, Frank Parker, et al—perhaps the most talked about radio program on the air, and always good for a hearty laugh or two. "Jake Sent Me." Jack was plentifully remembered by the staff during the program preceding Christmas—he got three copies of Anthony Adverse, and wishes the press to state that while he believes it is a good book it can't be that good—only the Bible can be read three or more times without tiring.

x x x x

RADIO PROGRAMS are becoming so sophisticated that folks with various tastes tune in at various hours. Perhaps more tune in on Amos and Andy than any other program and many Amos and Andy fans care for little else on the air. Remarkable what a hold these simple black-face entertainers have over such a large section of the public. And their programs are clean as a hound's tooth, not an improper word nor a double meaning or suggestion—just everyday, wholesome happenings of a couple of grown-up kids of totally opposite temperaments but lovable characters. Amos and Andy in presenting a different program every night, five nights a week for years, and still retaining their popularity, have made a record not approached by any other radio entertainers, or any stage or vaudeville favorites. Popular vaudeville entertainers can go on for a year or more with the same sketch routine, and plays are presented nightly for long runs without any change in the plot or dialogue, but Amos and Andy have something fresh daily—sometimes it isn't much but it's original and entertaining.

x x x x

HANDS ACROSS THE SEA.—Wales, a very important part of the British Isles is interested directly in the City of Belleville because a Belleville citizen constituted himself an ambassador of trade and good will and sold Belleville to the business men of Wales, with emphasis on our fine cheddar cheese which we are willing to exchange for Welsh coal. Now that the harbor improvements are under way in preparation for deep sea navigation the Welsh folk will know that we are daily getting closer to them and when folks take an interest in us and the things we make, naturally we take an interest in them and the things they make—and so you can see by the dawn's early breaking a gallant ship load of Belleville cheese making harbor at Swansea, while swinging up thru' the Narrows with nose pointed toward Belleville's improved harbor comes a stately ship carrying many tons of that good Welsh coal to brighten hearths in the city and district, when winter comes again.

Charlady (observing artist's small son drawing pictures)—"I do think Lionel's clever, mum. He must have inhaled it from his father."

OLDEST RESIDENT OF KINGSTON DIES

John W. Martin, 108, and Had Been Blind Five Years

Kingston, Dec. 31 (CP) — Oldest resident of Kingston and one of the oldest men in Canada, John W. Martin died here Sunday at the age of 108.

Mr. Martin had been blind for the past five years, but up to a short time ago was in command of most of his senses. When more than 100 years old, he climbed a ladder and did most of the work of shingling his roof.

He was born in Devonshire, England, in 1826, and came to Canada in 1854. He settled in Kingston and had been a resident here for the past 80 years.

Mr. Martin was a well-known building contractor up to his retirement 40 years ago. He attended the Anglican Church and had been living with his sister here.

KILLED CLEANING UP FOR REGISTRATION

Brantford, Dec 31—Seventy-year-old Malcolm McGregor read that all firearms, no matter how old, must be taken to authorities for registration.

Going to an obscure shelf, he took down a revolver which had lain unused for years. It was dusty and the aged man prepared to clean it before presenting it at the police station. It discharged and an ancient pellett lodged itself in the man's hip.

At hospital he died.

"Here is another reason all revolvers and pistols should be at the bottom of the ocean," Chief of Police H. Stanley commented. "He reached the ages of three-score and ten years and probably never would have fired the weapon in his lifetime."

DEATHS OVER THE WEEK END

(By The Canadian Press)

Gretna, Man.: Prof. Henry Ewert, 80, noted Mennonite educator and founder of Bethel College at Newton, Kansas.

Kingston, Ont.: John W. Martin, 108 oldest resident of Kingston and one of the oldest men in Canada.

Brantford, Ont.: Bert E. James, 44, General Sales Manager and Director of the Brantford Cordage Company, Limited.

Toronto: Mrs. Kate Hunter, 90 mother of Col. Fraser Hunter, D.S.O. member of the Ontario Legislative Assembly for St. Patrick's.

Prince Albert, Sask.: Harry Keenan, 86, believed to be the oldest veteran of the Royal North West Mounted Police.

Toronto: Louis Saurin McMurray 65, retired banker.

Vancouver: Mrs. Sarah Elizabeth Manuel, 86, pioneer British Columbia hotelwoman.

St. Petersburg, Fla.: H. Rudyard Boulton, retired Toronto banker.

Stanstead, Que.: Dr. Henry P. Stockwell 59, well known in Eastern Townships medical circles.

Moncton, N.B.: Michael J. Murphy 53 of the engineering staff, Canadian National Railways, Atlantic Region.

WE Have Enjoyed your Friendship . . We Have Appreciated Your Patronage . . and It is with Deep Sincerity that we convey to you our wish that this year be the finest you have ever had!

LOOKING BACKWARD

GLEANINGS FROM OUR FYLES OF BY-GONE YEARS

20 YEARS AGO

Dec. 31st., 1914

Following are the names of players registered with the O.H.A. and from the lot the team to represent Belleville Juniors will be picked: Louis T. Blais, Lionel Arnott, Rupert T. White, Garfield Arnott, O. K. Pimlott, J. E. Elliott Stanley Nurse, Frank Goyer and F. E. Lovelace.

At the close of the final meeting of the city council for the year 1914, Mayor Wills entertained the members of the council, city officials and a number of friends at a banquet which was served at Hotel Quinte. The affair was most enjoyable

The new uniforms for the Intermediate hockey team have arrived. The colors are Old Gold and Green and it is worth the price of admission alone to view the gaudy scenery.

Mr. W. N. Ponton, K.C., has been chosen to deliver the opening lecture of the year to the law students at Osgoode Hall on Jan. 6th.

30 YEARS AGO

DEC. 31ST, 1904

Mrs. (Dr.) Eakins and son Warren of Toronto, formerly of Belleville are visiting friends here.

Mr. Donald Gunn will spend New Year's Day with friends in Napanee.

Mr. and Mrs. Harry Price of Boissevain, Manitoba, are visiting Mr. Price's parents Mr. and Mrs. David Price here.

Mr. and Mrs. N. W. Lazier have returned home after five months' absence visiting friends in Manitoba and the Northwest Territories.

Mrs. John Bonar of Cornwall is visiting relatives in the city.

Watch Night services will be held in some of the churches this evening.

John Sloan and Co., wholesale grocers, Toronto, are opening a branch in Belleville, commencing the first of the year.

40 YEARS AGO

DEC. 31ST, 1894

The thermometer registered 2 degrees above zero during last night.

At the annual meeting of the Reform Club the following officers were elected: President, J. G. Frost; Vice Presidents, J. Lyons Biggar, W. Williamson; Secretary, John Williams; Treasurer, A. F. Vermilyea; Executive Committee, F. Landenberger, chairman; Frank Lewis, M. Moon, C. E. Lyons, C. D. Macaulay, Dr. McColl, M. Wright, T. E. Ketcheson, S. W. Vermilyea, C. E. Lyons and Dr. Dolan were appointed auditors.

Messrs John J. McGinnis and Wm. C. Sills have passed the high grade civil service examinations.

In the absence of Prof. Dingle in Brockville, Miss May Price presided at the organ in Bridge Street Methodist Church yesterday.

50 YEARS AGO

DEC. 31ST, 1884

Happy New Year to all.

The lack of sleighing is a disappointment to many.

There will be a union watch-night service in Bridge Street Methodist Church tonight from 10 to 12 o'clock.

The Oddfellows' Band will serenade as usual this New Year's Day, commencing about mid-night tonight.

The annual meeting of L.O.L. No. 1,291, Front of Sidney, was held on Dec. 29th and the following officers elected: C. R. Bonisteel, W.M.; O. N. Jones, D.M.; C. H. Bonisteel, Secretary; John Young, Fin. Secretary; Austin Hogle, Treasurer; Emery Finkle, Chaplain; Manson Finkle, D. of C. C. H. Bonisteel, Lecturer; Committee, D. J. Fairfield, W. M. Crouter, W. M. Bonisteel, George Carr and Joseph Finkle.

Mr. F. M. Clarke, Insurance Agent, has removed his office to the Terwilligar Block two doors north of Campbell street.

HAWAIIANS—Gonsalves, left end, and Ahuna, guard, are stars of the Hawaiian team playing California at Honolulu, Jan. 1.

JACK BRADLEY ISOBEL McCREERY LORD ASHLEY

An American or British wedding is the problem confronting Isobel McCreery, San Francisco society girl now in London. And will it be Lord Ashley, British peer, or Jack Bradley, California polo player, now reported en route to London to press his suit? Lord Ashley's divorce will not be final for six months.

FIRST WOMAN K.C.

MISS HELEN KINNEAR

According to Ontario Attorney-General Arthur Roebuck, Miss Helen Kinnear is the first woman in the British Empire to be made King's Counsel. The announcement was included in the annual list.

TIME MARCHES ON

By W. JOHN STEWART

Central Press Canadian Staff Writer

So goes the year one thousand nine hundred and thirty four, Anna Domini.

As a year there were, as usual, twelve months, fifty two weeks, 365 days 8,760 hours, 515,600 minutes or 30,936,000 seconds.

And every time that second hand moved from one point on the clock to the next, news was made. Somewhere men were being blown to bits in war; in another place a man was slipping to his death on a cake of soap in the bathtub. Ships burned and sank; gangsters and kings were assassinated; revolutions and babies were born; royal couples were married and divorced —while Time, the inexorable, the dialetic, complacently passed on.

To select the most significant news stories of the year is a dangerous task. One is confronted with infinitely more material than could possibly be incorporated even into a set of books, which, if placed end to end—and so on.

But, in the layout which accompanies this story, nineteen of the most significant stories of the year are illustrated— that is, significant to Canadians.

No attempt is made, let it be understood, to rank the nineteen in their order of importance. For instance, the Morro Castle disaster was a far more sensational story than the Central Bank, but scarcely less significant. But the artist said the Morro Castle picture would look best at the upper left hand corner of the layout, so the Morro Castle comes first. And besides, he could only get 19 in the layout.

Morro Castle Disaster

The burning of the Morro Castle is probably 1934's No. 1 tragedy. No less than 189 people were burned to death when the liner caught fire off the coast of New Jersey last September. Echoes are still being heard as officers and officials appear before the courts to explain the terrible catastrophe

Dionne Quintuplets

Ever a man of extremes, the artist now jumps from sorrow to joy; from multiple death to multiple birth. No need to explain that we mean the Dionne quintuplets of Callander, Ont.

It was last May that Dr. Allan Roy Dafoe was called to attend Mrs. Oliva Donne. Before he arrived, two babies had been born. After, there were three more. This country doctor has won world-wide fame for the astounding feat of keeping these five girls alive. It has never been done before, say medical men.

Central Bank

But wait; affairs of state command our attention, and we look at a picture of Graham Ford Towers, young head of Canada's new Central Bank, announced early in 1934, and now an established fact. No need to dwell on its economic significance. Let the economists and editorial writers do that. We know it was significant, but we can't explain exactly why in a paragraph.

Assassination of Alexander

From affairs of state back to tragedy, we come to the most sensational news picture of the year wherein the camera snapped the assassin of King Alexander of Jugoslavia and Louis Barthou, foreign minister of France. Of grave significance was the shooting of Alexander; the iron hand that Jugoslavia in subjection was removed, and war once again threatens in the Balkan powder barrel.

England to Australia

Achievement follows tragedy. It was on October 20 that 18 aeroplanes roared away from England on their way to Australia. Three days later, C. W. A. Scott and T. Campbell Black, landed at Melbourne to break all existing records, win $50,000. It was considered the most amazing aerial feat since the first trans-Atlantic flight.

Home Rule For India

Rt. Hon. Stanley Baldwin gets his picture in this review because of his championing of the Home Rule bill for India which, while not yet official, is likely to be soon.

U.S. Labor Strife

The year 1934 is significant to both capitalist and Marxist economists because of the labor unrest in the United States following the NRA. Los Angeles, Minneapolis, Toledo and many other cities saw intense action as great bodies of workers walked out on strike to meet violence with violence in bloody battle with police and militia. Illustrated is one of the most graphic pictures of year, a striking trucker in Minneapolis in the act of dealing a death-blow to a deputy officer. Literally millions of workers went on strike at some time or another in the United States in 1934.

Death of Albert

Death again enters the scheme of things with the picture of Albert, beloved king of the Belgians. He died as a result of a fall while pursuing his favorite pastime of mountain climbing.

Ontario Votes Liberal

As the most significant political story of the year we pick the Liberal victory in Ontario and the sweeping into power of Mitchell Hepburn as first Liberal premier in that province in nearly 30 years.

King Leopold III

Succeeding King Albert as King of the Belgians, young King Leopold III carries on where his father left off.

Hauptmann

It is many months since baby Charles Augustus Lindbergh was kidnapped and murdered. But the relentless Federal police of the United States kept on the trail and were eventually rewarded, they claim, with the arrest of Bruno Hauptmann, German, who lived near the Lindbergh estate in New Jersey. Hauptmann is charged with murder and extortion.

DILLINGER

Another feat of the U.S. federal force was the tracking down of John Dillinger and his gang, arch criminals and gangsters who had enjoyed too long a freedom from justice. Our illustration shows more powerfully than words that crime does not pay.

Austrian Revolt—Death of Dollfuss

Little Austria, divorced from her empire after the Great War, smashed her way tragically back into the headlines early in 1934 when Socialists revolted against the rising Fascist element and were defeated and slaughtered before army and Heinwehr guns. Thousands lost their lives in an uprising which led eventually to the assassination of diminutive Chancellor Englebert Dollfuss, who had set himself up as dictator.

Duke and Duchess of Kent

Now our temperamental artist takes us again from sorrow to happiness when he displays a picture of the Duke and Duchess of Kent, who were married in Westminster Abbey on November 29 while millions cheered. The lavish wedding attracted the attention of the entire world. The groom was Prince George of England, the bride, Princess Marina of Greece.

Stevens Mass Buying Probe

One of the most sensational developments in Canada during the past year was the Royal Price Spreads and Mass Buying Commission, originally headed by Hon. H. H. Stevens, minister of trade and commerce. However, after a disagreement with the Prime Minister and his cabinet colleagues, Stevens resigned his chairmanship of the commission and his post in the cabinet. The commission's chairman then became W. W. Kennedy. Our picture shows Hon. H. H. Stevens, L. B. Pearson and W. W. Kennedy at a session of the commission. Stevens retained his parliamentary seat and continued on the commission.

Labatt

Another sensational Canadian story, perhaps the most sensational of the year, was the kidnapping of John S. Labatt, wealthy London, Ont., brewer, who was kidnapped and held for ransom of $150,000. He was released three days later. The case has not yet been solved, but Ontario police have arrested David Meisner of Detroit.

Russia Enters League

Significant in the international field was the entry of Russia into the League of Nations. This was brought about in an attempt to strengthen the league after the withdrawal of Germany and Japan. Maxim Litvinoff, shown in the layout, is the delegate.

Hindenburg

In Germany, 1934 marked the death of Hindenburg, its beloved president, and the achievement by ex-house-painter Adolf Hitler, chancellor, of greater power than any man ever held in Germany's history. Hitler took over the post of president as well as that of chancellor.

Our artist felt there was enough bloodshed in the layout without illustrating Hitler's blood purge in which scores were shot down for allegedly attempting to seize power from Hitler.

Paris Riots

Not so bloody, but more sensational were the riots that took place in Paris after the famous Stavisky case in which the head of the great French pawn shop was revealed as a swindler. Governments rose and fell over these revelations and hot-blooded Parisians stormed government buildings in protest at so many officials being implicated in the gigantic fraud. Several were killed, hundreds injured as militia and police battled the mobs.

Thus endeth the story of 1934. May 1935 be less bloody!

New Year's Greetings

JANUARY

Reporter Gasps In Astonishment At Development

Fine Nursing for Quintuplets Has Assisted Materially in Their Reaching Age of 7 Mos.—Daily Routine For Babes.

By A. E. FULFORD

Canadian Press Staff Writer

Callander, Ont., Dec. 31—(CP)—Looking at the Dionne quintuplets as they smiled their way through a day in their own hospital one, who saw them four and a half months ago gaped in amazement at the change from the thin, under-developed babies of last August to the healthy, happy youngsters, who were seven months and three days old today.

When a Canadian Press reporter saw them first they were frail-looking babies in the poor surroundings of their parents' small home near here. Now they live in a modern hospital, where everything that money or expert attention can give is lavished on them.

The change in the children is greater even than that in their surroundings. At 80 days of age they whimpered, when thin little bodies were moved in heated incubators. Now they laugh delightedly, when they are taken from little beds and stretched out on a play table for an hour of exercise each day.

They are chubby little babies, with creases of fat around their ankles, knees and wrists, large blue-gray eyes and long, curly, black lashes that are the loveliest thing about these lovely little girls.

Fine Nursing Helps

Fine nursing has brought them to a stage of development where they are completely normal and far healthier than most babies. They have as great chances to survive childhood now as average babies of their age—probably more because of the attention, that can be given them.

Their expert care starts at five o'clock in the morning, when they receive the first five feedings and continues until 9 p.m. when they are tucked into their cots for the night. There is no midnight floor walking with the perfectly trained youngsters. They sleep most of the day and never let a cry escape them during the night.

Yvonne, Annette, Cecile, Emilie and Marie have their baths between eight and nine in the morning and visitors, who are admitted like to select this hour to glimpse them through the plate-glass window looking into their nursery.

They cry a bit sometimes but mostly they gurgle and laugh, while Madame Louis de Kiriline, their head nurse, bathes them in soap and warm water and powders them. She pins them in their little diapers, drops woollen shirts over their heads and then they are ready for their woollen booties, flanelette nightgowns and crocheted wool coats.

Watch For First Tooth

As Marie's bath was finished today she was wrapped in a blanket and brought to the window to see the Canadian Press reporter. Impatient in the nurse's arms, she struck out with her tiny legs and left a perfect baby footprint on the glass.

The smallest of the five sisters obviously thought this quite a trick for she proceeded to smear her fingerprints around and left a job of polishing for the orderly before she donned her woollen bonnet and rabbit coat and joined her sisters in their perambulators on the hospital verandah.

The babies look perfectly nourished and Dr. Allan Roy Dafoe, their physician, is not considering any change in their diets. Every four hours from 5 a.m. to 9 p.m. they have six ounces of milk and cereal mixture. They have cod-liver oil twice a day, one ounce of orange juice in two feedings and one teaspoonful of tomato juice twice a day. They like their tomato juice best of all and run their little tongues around in their mouths to make sure they have tasted every last drop of it.

Even in zero weather and colder they spend most of the time, that isn't taken up with feeding and baths outdoors. They usually are out three hours in the morning and as long in the afternoon, sleeping all the time with only little noses and eyes showing above warm robes.

Even though it will be many months before they start to speak, their nurses wonder which of the five will utter the first word and what she will say. Whatever it is it will be in French as they hear little English in their hospital. Both Madame de Kiriline and Miss Yvonne Leroux, their other nurse, always speak the language of the Dionne parents and it is generally used in the hospital among the nurses, the orderly and housekeeper.

The first tooth is a more immediate matter for speculation although it is not expected for a month or two. The nurses are always hopeful it will appear soon and never stop searching for it. The babies are so well Dr. Dafoe does not think they will be subject to the ills many babies suffer at teething time.

Laurel and Hardy and Charlotte Henry in Victor Herbert's "Babes in Toyland" coming to the Belle Tuesday (New Year's Day).

STIRLING

The St. John's annual Christmas tree was held on Thursday evening in the Orange Hall through the kindness of the Orange Order.

The children presented a splendid programme, those taking part being Mary Louise Lanigan, Dorothy West, Clinton Heath, Alita Conley, Betty McDonald, Jimmie Wright, June Conley, Jean Salisbury, Mollie Belshaw, Betty Conley, Harry Conley, Marion Gravers, Roy Bateman, Carleton Wallace, John Lanigan, Harry Morgan, Carl Mumby, F. Faires and Howard, Kenneth and Glen Morrow.

Prizes were presented for regular attendance and best work done during the past year to the following: Margaret Bateman, Margaret Cook, Roy Bateman, Neita Cranston, George Dainard, Alita Conley, Barton Tanner, Ray Tanner, Edith Cranston, J. Conley and Ronald Wickett.

At the conclusion of the program Rev. A. S. McConnell called upon the wardens of St. John's, Mr. J. B. Belshaw and Dr. H. H. Alger who in turn called upon Mr. Gerald C. Craven and Mr. Bruce Bell. Mr. Craven was presented with a purse from the members of the congregation in appreciaton of the faithful services which he has rendered to the church during his residence in Stirling. Mr. N. A. Heath and Mr. Hiram Rodgers joined with the Rector and Wardens in speaking in the highest terms of "Jerry". On behalf of the Anglican Young People's Association of which Mr. Craven was several years president, that organization presented him with a pair of military brushes. Mr. Craven is leaving at the end of this month for London where the well wishes of his many friends follow him in his new field.

Gift Presented

Mr. Bruce Bell, prior to his departure for Lion's Head, was also honoured by the A.Y.P.A. and in testimony of his splendid regular attendance at St. John's and the A.Y.P.A. activities, was presented with a Ronson lighter. Both recipients replied feelingly voicing their appreciation of the gifts.

Another pleasing feature of the programme was the presentation to Mrs. Harry McPherson (nee Doris Tanner) of a plate glass mirror and serving tray. The arrival of Santa Claus caused much excitement and with the distribution of nuts, candies and various gifts, the evening terminated most successfully.

Loper—Thompson—At the home of the bride's mother, Front Street, Stirling, on Wednesday, December 26th, 1934, Jean, eldest daughter of Mrs. Chas. Thompson and the late Charles Thompson, to Mr. Cyril Loper of Morrisburg.

Christmas guests of Mr. and Mrs. Walter Wright were Miss Margaret Bateman of Montreal; Mr. and Mrs. Clarence McGee and children of Peterboro; Miss R. Haslett of Springbrook and Mr. and Mrs. Chas. Vance and Phyllis of Rawdon.

Miss Gladys Joblin and Mr. Kingsley Joblin of the University of Toronto are Christmas holiday guests of their parents, Rev. P. G. and Mrs. Joblin.

Mr. Hugh Spackman of the Bank of Montreal Staff, spent the Christmas holiday at his home in Tweed.

Mr. Morgan Rowland of Victoria College, Toronto, is spending the Christmas vacation the guest of his parents, Rev. E. W. and Mrs. Rowland at the Parsonage.

Mr. John Fargey of the Ontario Agricultural College, Guelph, is spending the Christmas and Yuletide vacation with his parents, Mr. and Mrs. Alex Fargey.

Mr. Donald Haggerty of the Brampton branch of the Bank of Montreal spent the Christmas week end with relatives and friends in town.

Mr. Carl Cooke of the Royal Bank Staff of Arthur, spent the week-end at his home here, the guest of his parents, Mr. and Mrs. Henry Cooke.

Mr. and Mrs. Herbert Sills and family have returned to Toronto after spending the Christmas week-end the guest of Mr. and Mrs. Harper Rollins.

The results of the Rexall Contest for boys and girls which opened early in November at J. S. Morton's Rexall Drug Store and which closed on Christmas Eve resulted in the following awards:

Girls—1. Marion Hicks, perambulator; 2. Lorraine Gravers, doll carriage; 3. Margaret Wilson, doll; 4. Shirley Francis, doll; 5. Sheila Murduff, doll 6. Kay Ryckman, doll; 7. Maurietta McKee, doll; 8. Ruth Reid, doll; 9. June Woodbeck, doll; 10. Marion Tulloch, doll; 11. Betty Rouse, doll; 12. Dorothy Jones, doll.

The boys' awards were as follows: 1. Charles Pedley, watch; 2. Barton Tanner, wagon; 3. Billie McGee, wagon; 4. Bert Bastedo, boxing gloves; 5. Mac Armstrong, Meccano set; 6. Donald Hulin, Rexall Scooter.

Personals

Mr. Harper Gay of Niagara Falls, Ontario, was a Christmas holiday guest of Mr. and Mrs. Will Gay of West Huntingdon.

Mr. Jack Dunlop, student at the University of Toronto, is spending the Yuletide vacation at his home here the guest of his parents, Mr. and Mrs. R. T. Dunlop.

Miss Helen Mallory of the Peterboro Normal School is spending the Christmas holiday season the guest of her father, Mr. Fred Mallory.

Miss Mary Stiles of Frankford was a Sunday guest of her parents.

Miss Geraldine Conley, Reg.N., of Toronto, was a Christmas week-end guest of her mother, Mrs. Agnes Conley.

Mr. Gerald Craven spent the Christmas holiday at his home in Bath.

Mr. Fred Houchin of Belleville was a Christmas week-end guest of Mr. and Mrs. John Bateman.

Dr. Fred Lewis of Toronto was a Christmas week-end guest at the home of Mrs. Agnes Conley.

Mr. and Mrs. Arthur Scott were Christmas dinner guests of Mr. and Mrs. Chapell of Campbellford.

Miss Jean McCubbin of the Public School staff, is spending the Christmas vacation with her parents in North Bay.

Miss Betty Burch of the High School staff is spending a few days in Toronto.

Miss Jane Moffat of the Public School staff, is spending the Yuletide vacation at her home in Ancaster.

Miss Alice Calow is holidaying at her home in Toronto.

Miss Kathleen Mundy is visiting her sister, Miss Laura Mundy in Toronto for a few days this week.

Mr. Scollie of the High School Staff is spending the Christmas holidays in Peterboro.

Mr. and Mrs. Clifford Hatton, Betty and Bobbie, of Toronto, were Christmas holiday guests of Mrs. Hatton's father, Mr. Lindsay Meiklejohn.

Mr. Harry Francis spent a few days this week in Toronto.

Mr. George Milne of Kemptville is relieving on the News-Argus staff in the illness of Mr. Bill Jones.

Mr. and Mrs. Sam Hatton are spending the Christmas holidays with relatives in Toronto.

Mrs. E. E. Ormiston and Shirley are visiting relatives in Toronto.

Mr. and Mrs. Albert Hammond spent Christmas Day in Campbellford.

Trenton and District

Hillier Girl Wins Pony Given by Trenton Rotary

Money Derived From Draw Used For Christmas Fund

Trenton, Dec. 29 (Special)—Max, the black and white pony, which is well known to most children in Trenton has a new home. The Trenton Rotary Club sold tickets for many months on Max with the proceeds going to their Christmas fund. Christmas eve the drawing was made with W. A. Fraser, M.P., picking the lucky ticket on whose name appeared Fred Clarke, of Hillier. Christmas Day Mr. Clarke drove Max to his new home and presented him to his new mistress, the small daughter of the winner.

Legion Hold Christmas Tree

Citizens of Trenton who saved their Buckingham wrappers for the local branch of the Canadian Legion should have seen their efforts satisfy the many children who attended the Christmas concert in the Orange Hall on Monday afternoon. The Tuckett Tobacco Co. gave the Legion two hundred and twenty toys for their share of the contest. A short program was given before the arrival of Santa. A guitar and mouth organ duet was presented by the Gunyo brothers; guitar and piano duet by Lois Bonter and Isobel Jordon; piano solo by Richard Fitzpatrick; vocal duet by E. Outendyke and Lois Bonter; guitar solo by Leonard Hillier.

Seventy-five families, over two hundred and twenty-five persons, were presented with bags by Santa on his arrival. The bags contained oranges, apples, candies, toys, scrap books and many other articles to delight the heart of a child.

The executive of the local branch of the Canadian Legion and the committee in charge of this work was composed of J. McKibbon, E. Cunnell, Ross Burtt and George Jordan. Scrap books for the children were donated by Mrs. T. Burden and suckers by George Jordan. Too much praise cannot be allotted to the members of the local Legion for their fine work at Christmas.

Contest Winners

The annual popularity contest that is conducted by Simmons' Drug Store saw more interest than usual this year. Miss Jean Thompson won the girl's first prize and was presented with a C.C.M. bicycle by Mr. Simmons. Other winners in order were: Alice Weatherall, Barbara Roberts, Lorraine Topping, Jean Kennedy, Barbara Walsh, Joan Cook, Ila Cronkwright, Sarah Pearson, Elsie White, Beatrice Pfeifer, Ruth Blondin and Mamie Combs.

Hugh Sullivan won the boys' C.C.M. bicycle to lead the boys. Others were Jack Fuller, Jack Keane, Don Westfall, Leslie Campbell, Aubrey Barr and Charles Cronkwright.

Tom Berry and Agnes Chouinard Win

At Shurie's Drug Store Tom Berry won the bicycle as the boy's first prize and Agnes Chouinard was placed first among the girls to win a wrist watch. Other winners were: boys, Bobbie Lamore, Bob Armstrong, Dick Fitzpatrick, Doug. Fairman, Junior Graham, Bernard Lamore and Norman Albert. Girls, Freda Bonter, Audrey Hess, Francine McMillan, Nita Squier, Carol Perry Barbara Armstrong and Theresa Allore.

Personals

Mr. and Mrs. W. McCracken of Niagara Falls, U.S., is spending the holidays with Mr. and Mrs. T. P. Eble.

Mr. Harry McGuire, of Belleville is spending the Christmas holidays with his grandparents, Mr. and Mrs. C. MacDonald.

Mr. May of Niagara Falls, Ont., is visiting in town.

Mrs. Blanche Alexander left on Monday to spend the winter months at St. Petersburg, Florida.

The Christmas services at St. John, Baptist Church (Anglican), Madoc, began at 11.30 p.m. Dec. 24th with evensong and carols, then a full choral communion service (Smarts) with sermon from the text "In the Beginning God." Decorations were candles and evergreens on the altar and in every window, and Christmas trees in the corners adorned with strings of electric lights.

The hymns sung were: "O Little Town of Bethlehem"; "Hark! What Mean Those Holy Voices"; "Carol Sweetly Carol"; "See, Amid the Winter Snow"; "Hark the Herald Angels Sing"; "While Shepherds Watched their Flocks by Night"; "O Come all ye Faithful"; "Silent Night; Holy Night"; "Joy Fills Our Inmost Heart Today".

Rev. G. Hope Swayne officiating with a full surpliced choir and a large congregation attending.

CLOSES 65 YEARS OF STEADY GROWTH

During the past sixty-five years there have been in our national life periods of great prosperity and of economic stress, years of war and peace, of epidemics and unusually good health, crop failures and abundant harvests. Throughout these years the Mutual Life of Canada has steadily grown from a group of five hundred policyholders in 1870 to a group of over **141,000** at the close of 1934—during this year the number of policyholders increased by over **2,500.** At the close of each year the insurance in force has exceeded that of the preceding year.

THERE IS A REASON

Since its inception every dollar of profit has been returned to policyholders as premium refunds, or is held in trust for their benefit, **resulting in low net cost insurance.** This record combined with a high quality of service has built up this large body of satisfied policyholders.

OWNED BY POLICYHOLDERS

In 65 years the Company has disbursed under Insurance Contracts over

$183,000,000

*(of which **$59,000,000** represents dividends to living policyholders)*

There are many evidences that the pendulum is swinging towards better times. We hope that all parts of Canada will share in this general improvement.

A Happy New Year To All

FLORIST SHOP BURNS

Montreal, Dec. 31 (CP)—Fire early today in the cellar of a branch store of McKenna Florists, Limited, did damage estimated at $10,000.

Fumes from bursting ammonia pipes of the refrigerating apparatus hampered work of firemen, but the flames were conquered before they spread.

No one was injured.

WISHING Each and Every One A VERY, VERY PROSPEROUS NEW YEAR

And May Good Health and Happiness Continue To Be Yours.

PICTURE IS BANNED

Sudbury, Dec. 31—The Sudbury Board of Police Commissioners today banned the Russian silent picture "Ten Days That Shook the World" from showing here.

The commissioners, newspapermen, and a number of prominent citizens previewed the picture at the courthouse yesterday afternoon.

COLLIER MEROPI TOSSED ON WAVES

Distressed Boat Fifty Miles From Neaest Help

Halifax, Dec. 31 (CP)—A wirelessed plea to "stand by" went out today from the storm-stricken Greek collier Meropi to the American freighter Exarch, ploughing to its rescue through the gale-whipped Atlantic off the Delaware Capes.

New York, Dec. 31 (AP)—Latest radio advices to MacKay Radio indicated the distressed Greek collier Meropi was separated from its nearest help by 50 miles of gale-churned sea.

The American freighter Exarch reported itself that distance away, and said it believed the French steamship San Pedro also was rushing to the Meropi's aid.

Messages from the Meropi, relayed through the Exarch, gave the distressed ship's position at approximately 38.58 north and 63.15 west, roughly a half a thousand miles east of the Delaware Capes.

The Exarch's position was given at 37.52 north and 53.20 west, the San Pedro's at 39.00 north and 63.05 west.

Two messages from the Meropi said:

"12.40 G.M.T. (7.40 p.m. Eastern Time)—Crack and leakage continue same. Very bad weather. Now hove to.

"S.V.N.E."

"13.59 G.M.T. (8.59 p.m. E.S.T.)—Damages continue same. Leakage forepeak after collision. We had also crack on deck at midship half mcere (sic) each side. Upire (sic) steering gear broken. Looking on bad weather and fearing extension of damage. I want you (referring to the Exarch) to be by me and serve accordingly. Approximately latitude 38.58n., longitude 63.15w."

The message from the Meropi said her forepeak was leaking and that there was a crack in the deck amidships "a half metre on each side." The upper steering gear was broken, she reported. The deck crack was believed to have been caused in an accident in the Mediterranean last month.

Thirty men are aboard the Meropi, headed for Boston with Russian coal.

A later message from Captain Jacobson, master of the Exarch, to the American Export - Line here read:

"Master Meropi has requested Exarch stand by him. Expect reach him about midnight. Will advise progress later. Weather bad."

Letters to the Editor

"28 Cedar Street, Belleville.
"December 29th., 1934.

CAN THEY AFFORD IT

"Dear Editor,

"Just think of the Bright's adopting three children and they not very well off either. Isn't it ridiculous?"

"This was a remark made by a neighbour the other day and she seemed to be earnest. Perhaps the fact that she had no children herself influenced her judgment. Had she known anything about the inner home life of these people she would have envied instead of pitied them, for in working and saving for these little kiddies this excellent couple found a great reward. Many others without much wealth have gained happiness in ministering to little children and if those who are lonely and discontented could only realize it, they might find the same joy. Just call in and talk the situation over or write. We have several dear little children looking and longing for a real mother. Won't you just take one?

"Yours sincerely,
"T. D. Ruston,
"Superintendent C.A.S."

FINANCIAL MARKETS
NEW YORK - TORONTO - WINNIPEG

WALL STREET FINANCIAL

New York, Dec. 31 (AP) — Wall Street accepted the year end crop of optimistic business predictions with high hopes but considerable caution today.

Security prices firmed slightly in the Stock Exchange, but trading was quiet, and gains were mostly limited to fractions. Of course, this was due in a measure to the fact that many traders failed to return to their desk for the one-day session between Sunday and New Year's Day. In commodities, a number of staples such as sugar, rubber, silk and hides were firm, but grains eased a little in the early dealings and cotton held to a narrow groove. Foreign exchange dealings were quiet, but gold bloc currencies recovered further.

Inactivity was generally the rule among Canadian securities. International Nickel and Dominion Stores were about steady. On the curb, Hiram Walker improved a fraction. Dominion Government bonds were narrow. Canadian funds gained 3-32 of a cent at 100 19-32 cents.

Advances of about 1-2 to 1 point appeared in American Telephone, Consolidated Gas, Public Service of N.J., Du Pont, Celanese, Radio Preferred A, Borg Warner, Schenley, and a few others. In cash transactions, indicating further year-end dealings for tax and other purposes, Coca Cola rose 2 points and U. S. Smelting 3. U. S. Steel and General Motors were about steady.

Brightest news as the year closed came from the steel and the automobile industries. Automobile production has reached such a pace that there is talk of possible shortages of skilled labor. January may see the largest production for that month since 1929.

TORONTO MINES CLOSE

Toronto, Dec. 31—(CP)—The mining section of the Toronto Stock Exchange wound up the old year with a demonstration of confidence, prices holding firm on good volume. Several secondary gold stocks were the chief movers in today's short session including Pickle Crow, God's Lake and Central Patricia but all metal groups held to the up side.

Pickle Crow jumped 18 cents to 2.30 and closed at 2.25 for a net gain of 13 cents. Gains ranging up to 5 cents were boarded for Sylvanite, Siscoe, Buffalo-Ankerite, Beattie, Howey, Reno and Central Patricia. Little Long Lac weakened 5 cents.

Hardly any trading appeared in the senior gold group aside from broken lots. Lake Shore at $54, Teck Hughes at 4.01 and Wright Hargreaves at 8.90 were all unchanged.

Higher prices ruled in the Base Metals and narrow gains came out in the silvers for Eldorado, Bear, Castle and Premier.

TORONTO STOCKS CLOSE

Toronto, Dec. 31—(CP)—A fairly active trade in industrial shares was transacted in the closing session of 1934 today on the Toronto Exchange and prices were generally firm. Several of the leaders which had recorded substantial gains in the last week, were under profit-taking and quotations were shaded moderately. Volume was heavy in Distillers Seagrams, Ford A, Brazilian, Nickel and the oils.

Publication of the Distillers Seagrams annual report appeared to support the market for the shares and a gain of half a point to 16 5-8 was recorded.

Nickel sold off 1-4 to 23 3-4 and Brazilian sagged 1-4 to 10 3-4. Ford A rose 1-4 to 28 3-8.

Brewing Corporation Pfd. sold down to 16 1-8 for a loss of 1 3-8.

Higher prices in some of the foods Steels were a strong group. Imperial Tobacco moved to a new high for the year at 13 1-4.

NEW YORK CLOSE

New York, Dec. 31—(AP)—Stock market prices were inclined to move slightly higher in the final trading session of 1934 today. Dealings were moderately active. The late tone was fairly firm, with advances of fractions to around a point prevailing in Consolidated Gas American Telephone, U. S. Steel, Bethlehem, General Motors and Case. Transfers approximated 850,000 shares.

MAYOR CROLL FAREWELLED

Windsor, Dec. 31 (CP)—Expressions of good-will and best wishes for his future were tendered Hon. David Croll, Ontario Minister of Welfare and Municipal Affairs, as he presided for the last time over the city council meeting today.

Just before adjournment, members of the council expressed regret in parting municipal association with Mayor Croll following his four years in council, and wished him every success in his Governmental duties.

Mr. Croll, in replying, declared his interest in Windsor would "be no less" because he was vacating the Mayor's chair and he would continue to do all in his power to assist the border area.

1934 Sport Flashbacks Reviewing Sport

Baer Smashes Out Victory To Win Heavyweight Title

JUNE

Two sensational developments dominated the sporting field during June, in a month which was otherwise devoid of particularly outstanding events. One was the tragic death of Charlie "Chuck" Gardiner, ace goalkeeper for Chicago Black Hawks' hockey team, and the other was Max Baer's crushing defeat of Primo Carnera in the battle for the heavyweight boxing crown. The annual running of the English Derby was also of universal interest.

The Late Charlie Gardiner

June 3—Jerome "Dizzy" Dean and his brother Paul, St. Louis Cardinal pitchers, stage successful strike for higher wages.

June 3—Peggy Scriven, England, defeats Helen Jacobs, United States, for French women's tennis championship.

June 4—Len Harvey loses British and Empire heavyweight boxing crown to Jack Peterson.

June 6—Windsor Lad, owned by the Maharajah of Rajpipla, wins annual renewal of English Derby.

June 9—Dave Komonen, Sudbury, Ont., sets new record in winning U.S. national A.A.U. marathon from Mount Vernon to White House.

June 9—Olin Dutra wins United States open golf crown.

June 12—Art Lasky defeats King Levinsky in ten-round bout at Los Angeles in battle of prospective heavyweight contenders.

June 13—Australian cricket team defeats England by 238 runs in first of season's test matches.

June 13—Charlie Gardiner, great Chicago Black Hawks' goalie, dies in Winnipeg hospital from brain hemorrhage.

MAX BAER

June 14—Max Baer smashes Primo Carnera to 11th. round knockout to take heavyweight boxing crown.

June 16—Glenn Cunningham, great Kansas miner, sets new mile record, covering distance in 4.06.7.

June 16—Harold Webster, Hamilton, Ont., wins marathon trials for British Empire Games, beating Dave Komonen.

June 20—George Gibson, Canadian manager of Pittsburgh Pirates baseball team, resigns in favour of Outfielder "Pie" Traynor.

June 26—England captures second of cricket test matches with Australians. Hedley Verity's slow bowling features.

June 28—Tony Canzoneri halts aspirations of Frankie Klick for lightweight title fight, by ninth round technical K.O.

June 29—Henry Cotton, British pro golf star, wins British open championship.

Perry Crushes Crawford To Capture Tennis Crown

JULY

July 1—Bill Bonthron, ace miler, defeated Glenn Cunningham to win 1,500-metre race in new record of 3.48.

FRED PERRY

July 2—Rochester Yacht Club entry wins international Douglas trophy competed for by dinghies, defeating Toronto Canoe Club entries.

July 4—Henley Regatta opens over historic Henley Course, London, England.

July 4—New York Giants and New York Yankees lead National and American leagues respectively at halfway mark in baseball season.

July 6—Fred Perry conquers Jack Crawford to win all-England singles tennis crown.

July 7—Dr. Herman Buhtz, Germany, wins Diamond Sculls, defeating Winthrop Rutherford, Princeton, in final heat.

July 7—Trials for places on Canadian girls' team for British Empire games conclude in London, Ont.

July 9—Maxie Rosenbloom, light heavyweight boxing champion, beaten by Lee Ramage in 10-round non-title match at Los Angeles.

July 10—American League all-star team defeats National League all-stars 9-7 in second annual clash. Carl Hubbell stars as Nationals' starting pitcher.

CARL HUBBELL

July 11—Jimmy McLarnin and Barney Ross sign agreements for return welterweight title match on Sept. 6.

July 20—Canadian team of 127 members, sails for British Empire games in London, England.

July 22—Marvin Nelson, Iowa marathon swimmer, wins 15-mile Lake Michigan marathon.

July 22—Jack Lovelock, English sprint star, beat Bill Bonthron, U.S. ace in one mile race at London, England.

July 25—American tennis team eliminates Australia in Davis Cup tests.

July 26—Canadian Henley regatta opens at St. Catharines, Ont.

July 28—Charlie Campbell, Toronto, scores triple win at Canadian Henley, winning junior, association and senior singles.

July 28—Marcell Rainville, Montreal and Miss Carolyn Deacon, Vancouver, win Canadian men's and women's tennis singles, respectively.

TECS STILL ON TOP

(By The Canadian Press)

The International Hockey League picture, usually drawn with Cleveland around the bottom, was altered today with the Ohio team alongside Buffalo Bisons in second place four points behind the fast stepping leaders, London Tecumsehs, who seem bent on adding to laurels they walked away with last season.

Cleveland played twice during the week-end and won each game. Windsor visited Cleveland Saturday night to accept a neat 6-2 lacing and Sunday night found Cleveland in Syracuse handing out a 3-1 defeat to the Stars. The Sunday night battle tied Cleveland with Buffalo Bisons, who advanced into second berth by walloping Syracuse at Fort Erie Saturday night 4-3.

N. H. L. STARS

(By The Canadian Press)

Bill Brydges, Americans, whose sturdy defensive work aided the New Yorkers in beating Canadiens 3-1.

Dave Trottier, Maroons, got two first-period goals, that Toronto was never able to overcome.

Syd Howe, St. Louis, tied the score twice, when Eagles and Chicago played to a 3-3 draw.

Dave Kerr, Rangers, kicked out 51 shots in the Boston-Rangers scoreless affair.

CITY LEAGUE STANDING

	W	L	T	Pts
S. E. A. C.	2	0	1	5
Grills' A. C.	2	1	0	4

United Cigar	0	2	0	0
Aajmaa A. C.	0	2	0	0

Next games—Tuesday night — United vs. 20th Century; S. E. A. C. vs. Alemite A. C.

ARENA STAFF PLAN BUSY NEW YEARS

Irrespective of the thronga of patrons handled at the Arena last week, Manager Bob Redner and staff are planning to usher in the New Year in the busiest way possible.

For New Year's Day the band will supply music for the skaters, which from Christmas afternoon figures, will run into the hundreds.

Following right on the heels of busy afternoon, follow the night's attraction which includes two smart City League games, and by the way the league executive of President Harry Rollins, Art Young and Bill Fry, have a City League much above the ordinary run of fast City Leagues. If you do not believe us, be on hand New Year's night, and for the 2nd day of 1935, Eddie Thomas' deluxe juniors will officially pry the lid off O.H.A. hockey when the Campbellford Juniors visit town.

Good Ice

The present cold snap has been welcomed by the Arena ice makers and now that the boys who toil at night have had a chance, the ice presents itself as has been wished for from the start. A good sheet greets the eye when one enters the arena.

Skating Club on Hand

The Belleville Skating Club held another successful skating session over the week end at the Arena.

From the interest being taken by the membership and the steadily increased roll of members, President Spaulding and his executive look for a season of unusual success and enjoyment.

THE BIG SEVEN

(By The Canadian Press)

Earl Robinson of Montreal Maroons gathered in one over-the-week-end assist, and jumped into a four-way tie with Goodfellow, Lewis and Aurie of Detroit for fourth place in the National Hockey League's Big Seven standing. Marty Barry of Boston, with whom Robinson previously was tied for last place, was thus eliminated from the rankings:

The Standing

	G	A	Pts
Jackson, Toronto	17	7	24
C. Conacher, Toronto	10	11	21
Weiland, Detroit	8	10	18
Robinson, Montreal	10	6	16
Goodfellow, Detroit	7	9	16
Lewis, Detroit	6	10	16
Aurie, Detroit	5	11	10

A CHAMPION DOES A FADEAWAY

KATHERINE DURBROW

Executing what is known in figure skating as a slow fadeaway, Miss Katherine Dusbrow, of St. Louis, U.S. mid-western champion, is pictured in New York preparing for the American championships, to be held Feb. 8 and 9, at New Haven, Conn.

BIG ONES—Two giants of the ring meet as Primo Carnera, RIGHT, beats Vitorio Campolo in 15 rounds in Buenos Aires.

Trottier's Two Goals Start Montrealers on Way to Easy Victory

Leafs Never Could Catch up After The Onslaught

THREE TIED GAMES

Two Scoreless Draw Games Played Over Weekend

(By The Canadian Press)

The hockey rule changers, who want to make the goals wider and change the offside rule had a few more arguments in their side today in the National Hockey League's first scoreless games of the season and a batch of three ties in five week-end games.

Boston Bruins and Rangers played a scoreless draw at New York last night and New York Americans and Red Wings battled 70 minutes at Detroit without a puck passing the goalies. At the same time in Chicago, St. Louis Eagles were holding the world champion Black Hawks to a 3-3 tie.

The trio of draws in one night brought the season's total in the National League to nine, eight of them bunched in a little more than two weeks. There wasn't an undecided game in the first 44 played but of the next 36 points were split in nine.

Montreal Maroons and Americans were the only teams to win games over the week end, Tommy Gorman's team defeating Leafs 4-2 in Toronto Saturday night and Amerks rallying in the third period to win 3-1 from Canadiens. The New Yorkers made the only change in the standings, using their three week end points to displace Canadiens in the Canadian section's third position.

Trottier Leads Maroons

Led by Dave Trottier, whose two first-period goals gave them a great advantage, Maroons played fine hockey to hand Toronto their third defeat and were much the better on the night's play. Their tight defensive work shut out the Leaf's high scoring pair of Harvey Jackson and Charlie Conacher and allowed only the veterans Frank Clancy and Harold Cotton score.

After Trottier's early goals, Cotton put Leafs in the running in the second period on a play with Pep Kelly and Conacher. Jimmie Ward and Baldy Northcott gave the Maroons their two-goal lead again before the period ended, Ward scoring, and when Clancy's goal came in the third they combined again to make it 4-2, Northcott tallying on Ward's pass.

Brilliant defensive play by Bill Brydges and Roy Worters enabled Americans to hold Canadiens off for three periods and then they came from behind with three quick goals after Jack Riley had put Habitants ahead. Alex Smith got the first and Deed Klein and Lorne Carr the others.

Tied Score Twice

In the St. Louis-Chicago game Syd Howe brought Eagles from behind twice to tie the score. Glen Brydson had given the lowly Missouri team a first period lead but Paul Thompson and Bill Kendall put Hawks ahead in the second. Then Howe tied it up for the first time and did it again after Lolo Couture scored Chicago's third tally.

Dave Kerr, recently obtained by Rangers from Montreal Maroons, was the hero of the Boston-Ranger fired his way compared to 31 Tiny game stopping 51 shots the Bruins Thompson had to handle in the Boston net. He had the protection of a greatly improved Ranger team.

Kerr stopped nine more shots than both goalies in the scoreless American-Detroit game. In that encounter Worters, in the American net, had only 20 to handle and John Ross Roach, whom Wings have brought back to N.H.L. wars, blocked 22.

HOCKEY SCORES

'Need More Bumps' Says Ross In Discussing Hockey Ailments

Game Getting Soft And Too Many Players Are Taking Part

(By George MaGuire)

New York, Dec. 31 (CP)—It is an age of speed. Every travelling conveyance is being streamlined to keep pace with the mode and hockey will ever be to the fore, says Lester Patrick, silver thatched mentor of New York Rangers.

Lester gave his views as Boston Bruins officials and Boston newspapermen gathered here prior to last night's Ranger-Boston National Hockey League match.

The Bostonians were lamenting the lack of bodychecks in the game today. They complained the game was getting soft, that few defencemen now step into oncoming forwards with the vigor of old and that as a result the game was losing its crowd appeal.

"We need more bumps", said Art Ross, General Manager of the Bruins. "I used to be down on the bench devising systems for the Bruins to beat the other teams. Now I sit up with the spectators and you can take it from me, boys, that's quite some transformation. From a penholder's viewpoint I can see and really understand this cry for less whistle blowing, good clean hockey but of a more vigorous brand. Something needs to be done about it."

Too Many Players

"Hockey has kept pace with the times," replied the Ranger silver fox, "and whereas we used to have but one forward line and a substitute or two we now have three complete front lines, two sets of defencemen and as a rule a utility player. Now it is possible, that if we cut down the substitutions the game would be more interesting. In the old days with six players aside staying out on the ice until they died there the fans never noticed the pace slowing as both teams were tired. When the players got too tired to step out of the way of bodychecks there were plenty handed out and those games were just as interesting then, for these reasons, as they are today—and possibly the old-time games were more interesting".

Both Ross and Frank Patrick were enthusiastic over the new offside rule just adopted by the Canadian-American League.

The Bruin head and Patrick, the bench master mind, declared the rule resulted in one of the fastest Can-Amerk games ever seen in Boston when the rule was introduced at the Hub Saturday night.

The rule allows players in their defending zone to pass to teammates in the centre ice area.

HAPPY NEW YEAR

Greetings
We welcome this opportunity of sending you our New Year Greetings. May each hour bring you a greater measure of happiness and contentment.

CURRENT SPORT

(Day By Day)

Tomorrow sees the beginning of a new year and may 1935 bring about prosperity and success to all local sportsmen, athletes and interested sport-inclined citizens. "Happy New Year."

Local sport activities saw a banner year in 1934 with keen rivalry abounded with success throughout. Rejuvenated interest was shown in every line of sport including baseball, hockey, football, softball, boxing, wrestling, aquatics, yachting basketball and so on. "May 1935 continue to see progress in the local sport realm."

This coming week sees considerable activity in the local hockey world, the city league holds sway at the Arena n New Year's night and again next Friday with twin bills. On Tuesday night the local junior O.H.A. squad pry off the lid when they entertain Jay Feris' Campbellford juniors, while on Friday night E. Thomas' intermediate gang journey to Campbellford for a match. Then there will be a few Ki-Y league games thrown in to keep the fans busy.

"Selector", the sport scribe on the Port Hope Guide, branched out and decided to call the various winners for last Friday night's opening O. H. A. game in the local intermediate group. "Selector" did not hesitate to call Peterboro, Campbellford and Port Hope to come down in front. The ultimate result of his home town selection must have given him such a rude jolt, that the picking of the other two winners brought no consolation. Incidently Fred Ingram, blonde defenceman for the Campbellford Maroons, seems to have started this year exactly, where he left off last season, enjoying a successful season. Fred scored the two goals in the Campbellford at Cobourg game, and on sensational solo efforts, we understand. Ingram is one of the most colorful hockey players in this community, that is when he takes it into his head to play the game.

Manager Eddie Thomas announced this morning, that the local junior O.H.A. team would hold its initial work out at the Arena this evening from 7.00 until 8.00 p. m. The local kids only have two nights in which to get in a work out before they take on the fast Campbellford juniors here on Wednesday night. Last year the "little Maroons" had a squad of up-and-coming youngsters and should naturally have improved with a year's experience behind them. Skipper Thomas has been looking over the junior material, that is available and playing with the various city league clubs. A tidy battle will be o for the goalkeeping honors betwee Slemin, Hinton and Sinfield, whil players like "Stewie" McElrath Pete Goyer, the Peppers, Howl Barriage and a couple of other local kids should about make th team. Of course Lott, Kidd and La more, of the last year's Trento juniors are all available, while Ca Morgan and the elusive Covert ar also under the age of 20 years to day, thus qualifying them for junio positions, if they desire to dro back into that category. On pape Belleville should trot out a righ smart junior team in 1935.

A tidy city league battle can be looked for on New Year's nigh when the Alemite and the leagu leading S.E.A.C. squads hook up The Fostar Ward kidlets have no tasted defeat in three starts al though Trenton Imperials held th local speedsters to a 2-2 tie. Jimmie Ketcheson's United Cig Store sextette should about brea into the win column when the tangle with the 20th Century Clu however, that is unless the 20th boys have strengthened material ly since their previous game. A any rate these city league game are gradually attracting loca attention as can be seen by th increased number of fans at eac game. The boys dish up a goo brand of hockey, interspersed wit a little ginger once in a while t make the games snappy.

When Roy Wilson, Ran Card a Fred Bentley of Napanee went Kingston to ask for their relea last week Coach Wally Elmer fla refused to listen to their pleadin "It resembles the old dog in th manger fable somewhat insofar the Napanee trio do not de and say they will not play Kingston. Card, Wilson and Bentl have not signed a current O. H. certificate with the Kingston Cl they say, owing to the fact th these three lads played with Kin ston H. C. last season, they m first get a release from that cl before signing a certificate with t Belleville Club this year. The Na anee trio are not anxious to pl senior "B" hockey this year, merely desire to stay in intermedi company another season. "Nice f lows, some of those Limestone C sportsmen?"

Gene Murphy, football coach Columbia university, Portland Or gon, declares about 25 per cent the forward passes attempted in college game are completed.

He said development of the late pass is neglected by present-d coaches, despite change in t fumble rule to encourage more op play.

NONE TO GUIDE HIM—New deal needs no guiding hand as he wins race at Tropical park, Miami, without a jockey

PICTURE PARADE OF SPORT HIGHLIGHTS FROM 1934 COMPETITION

THE DEAN BROTHERS WIN THE WORLD SERIES

Bob O'Farrell

Jimmy Dykes

Casey Stengel

WORLD SERIES STARS—Dizzy Dean, Cards, left; Schoolboy Rowe, Tigers, center; Daffy Dean, Cards, starred as pitchers.

WORLD SERIES RIOT—Scene of final series game—Detroit fans riot, hurl missiles, interrupt game.

Babe Ruth

Ford Frick

Jimmy Wilson

WORLD SERIES PILOTS—Mickey Cochrane, Detroit, left, and Frank Frisch, St. Louis, right, win pennants first year as managers.

RED SOX NEW DEAL—Services of Joe Cronin, center, obtained by Owner Tom Yawkey, left, and General Manager Eddie Collins, right, to pilot Boston Americans in 1935, involved biggest price ever paid for baseball talent.

Last week triumphant flag drive of St. Louis Cardinals in the National league featured an exciting baseball season which saw Detroit Tigers win their first American League pennant in 25 years. St. Louis won the world series four games to three. Babe Ruth announced retirement as regular player. Ford Frick succeeded John Heydler, resigned as National league president. New managers included Cochrane, Frisch; Bob O'Farrell, Cincinatti Reds; Jimmy Dykes, Chicago White Sox; Casey Stengel, Brooklyn Dodgers: and Jimmy Wilson, Philadelphia Phillies.

CHAMP. REFEREES FOR LESSER FRY

The third man in the ring here could most likely take on either of the two contestants without any trouble. He is Max Baer, the heavyweight champion, who was given the job of refereeing the Buck Tracey-Al McCoy bout at Boston Garden, in which McCoy was the winner. Maxie probably wishes he could put on the gloves and show the pair of scrappers how it's done.

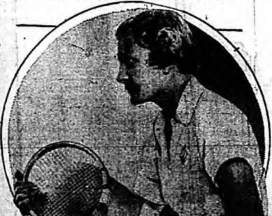
GARDINER PASSES

Chuck Gardiner

Hockey. Chicago Black Hawks topped the professional ice hockey world by winning the Stanley Cup series. Charles "Chuck" Gardiner, Hawk goalie, was voted the best player in the league. He died short-

FRED PERRY, BRITISH ACE, LEADS TENNIS PARADE

Fred Perry



Helen Jacobs

International tennis was ruled by Fred Perry of England, who won the all-English amateur crown at Wimbledon and the U. S. singles title for the second successive year. Helen Jacobs of California won the U. S. women's singles title for the third time in succession.

BAER, McLARNIN, ROSS, STANDOUTS

Max Baer floors Primo Carnera in their title fight.

Barney Ross, left, ducks Jimmy McLarnin's right in second bout.

Max Baer

Bob Olin

Teddy Yarosz

Barney Ross

Max Baer won the world's heavyweight boxing title in June by handing Primo Carnera a terrific beating, knocking him out in the eleventh round of their fight in New York. Other new champions crowned during the year were Teddy Yarosz, middleweight, who defeated Vince Dundee, and Bob Olin who outpointed Maxie Rosenbloom for the light heavyweight title. Barney Ross only champion to hold three titles at the same time won the welterweight crown from Jimmy McLarnin, but lost it to the Irishman again later in the year.

DEATH REMOVES BASEBALL NOTABLES

Wilbert Robinson

Fielder Jones

John McGraw

The grim reaper struck out three famed baseball figures during the year, all in retirement. John McGraw, former New York Giant manager, died Feb. 26; Fielder Jones, pilot of Chicago White Sox "hitless wonders" of 1906, succumbed on March 13; Wilbert Robinson, long-time Brooklyn Dodgers boss died Aug. 8.

LAWSON LITTLE STARS IN AMATEUR GOLF TOURNAMENTS

Lawson Little

Paul Runyan

Captain Francis Ouimet, left, receives Walker cup.

Virginia Van Wie

Olin Dutra

Lawson Little, Stanford university stalwart, dominated the amateur picture by winning the British and U.S. titles. Olin Dutra won the U.S. open title, and Paul Runyon the U.S. professional. Virginia Van Wie captured her third U.S. women's open. The United States Walker cup team, led by Francis Ouimet, retained the trophy, beating the British for the eighth consecutive time in international matches. Tommy Armour won the Canadian open and Albert 'Scotty' Campbell of Seattle the Canadian amateur.

CANADIAN AMONG RANKING RUNNERS

Glenn Cunningham

Bill Bonthron

HAROLD WEBSTER

Duels between Glenn Cunningham and Bill Bonthron featured the United States season [illegible] were productive of several new records. Cunningham's [illegible]:06:7 for the mile was accepted as a new mark and Bonthron retained the 1,500 metre title. Harold Webster, 40-year-old Hamilton, Ont., marathoner showed some amazing form and was awarded the Norton H. Crowe trophy as Canada's outstanding athlete in 1934.

LORD LONSDALE PRESENTS BELT TO BRITISH CHAMPION

Lord Lonsdale (RIGHT), donor of the famous Lonsdale belt, shaking hands with Nel Tarleton (LEFT), the winner, and Dave Crowley, (CENTRE), the loser, of the British featherweight championship. Tarleton is shown wearing the belt after its presentation. Picture was made directly after their decision bout, won by Tarleton.

LONDOS SUPREME

Jim Londos

Jim Londos established his world championship claims by throwing Jim Browning in a match at New York.

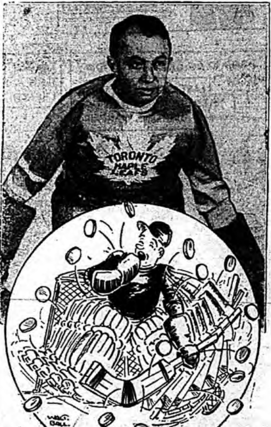
SOPWITH FAILS IN CUP TRY

T. O. M. Sopwith
H. S. Vanderbilt
The Rainbow, in front, beating the Endeavour.

The unsuccessful attempt of T. O. M. Sopwith to lift the America Cup from its United States resting place, was the feature sporting event of the year. It was a bitter blow to British hopes which had been raised to unusual pitch at the excellent showing of Sopwith's Endeavour. Sopwith won the first two races and then Commodore Harold S. Vanderbilt piloted the defending yacht Rainbow to four straight victories though a protest, tossed out on a technicality, roused a furore.

PUCK-PROOF GEORGE

By Walt Ball



Toronto, Dec. 28—George Hainsworth, superbly cool, netminder of Toronto Maple Leafs of the N.H.L. is apparently headed for as fine a puck-stopping season as he has ever had. The diminutive George, who came to Toronto from Montreal Canadiens last year, where for season after season he had starred as net custodian, may succeed the late Charlie Gardiner as the league's "best goalie". It would not be new to him. for in 1928-29 and 1929-30 he was awarded the Georges Vezina trophy presented annually to the most valuable goalie. When the pucks are flying thick and fast, Hainsworth manages to retain the same unruffled nonchalance with which he turns aside long-slow shots from far out. He is a big factor in Toronto Maple Leafs' spectacular run of victories in the 1934 race.

DIONNE BABES IN WORLD NEWS FOR YEAR 1934

Also Top Canadian News in Poll by Telegraph Editors

ASSASSINATIONS FIRST

TORONTO, Dec. 31. —(CP)— Birth, death and love were the triple core of world news in 1934. But only birth was big enough to rate as the year's greatest Canadian story and take its place in the top rank of the world's best as well.

Late in the year telegraph editors of Canadian daily newspapers were asked by the Canadian Press to express an opinion on the six best stories of the year from a world standpoint and the six best from the point of view of Canadian significance.

Editors were unanimous in putting on top of world news the Marseille assassinations. They were nearly unanimous in giving the Dionne quintuplets top place in domestic news, and the five little girls won world ranking as well.

Selections in order of preference were as follows:

World News:

(1) Marseille Assassinations; (2) Morro Castle Disaster; (3) British Royal Wedding; (4) Hitler Blood Purge; (5) Dolfuss Assassination; (6) Dionne Quintuplets.

Canadian News:

Births, Human Interest

(1) Dionne Quintuplets; (2) Premier Brownlee Case; (3) Labatt kidnapping; (4) Ontario elections; (5) H. H. Stevens' resignation; (6) Mass Buying Probe

Birth on a May morning near the settlement of Callander, Ontario, of five tiny daughters to Mrs. Olivia Dionne, was named more often than any other story. The little multiplets were virtually a unanimous choice in the Canadian list and a majority of editors ranked their advent and survival as world news of high order. As one points out: "The Ontario backwoods story was a bright spot for front pages laden with crimes and wars and rumors of wars. Probably few editors saw more than a 'box feature'' in the day it broke, but it grew. And it will be a good sound human interest yarn as long as the quintuplets live''.

Wide Variety Chosen

Editors listed a wide variety of stories, from Pacific Coast sea serpents to Prairie drought and Atlantic rum-running, but there was little doubt as to the top yarns in the Canadian list.

In the world record the running was closer. Arrest of Hauptmann on charges of killing baby Charles Lindbergh, the sensational air race from London to Melbourne, death of King Albert of the Belgians, the Stavisky riots, the America's cup races and Dillingers' killing pressed for inclusion over stories finally chosen.

Canadian stories which were at no time close to the top but well represented in the selecting included the case of Harold Vermilyea, brought from California to Belleville to stand trial on charges of killing his mother; the Jacques Cartier Quater-Centenary Celebration in Gaspe and Quebec; and the return of Knighthoods to Canada.

Resignation of H. H. Stevens from the Ministry of Trade and Commerce was rated equally with the Ontario Election result, which in several cases was lumped with the Saskatchewan outcome.

NOSEY TONES DOOM MAE

LONDON, Dec. 31. — Norma Shearer and George Arliss won the honors as England's favorite screen players in a poll of 124,837 motion picture fans. Marie Dressler and Clarke Gable were second. And who should pop up at the head of the list of those most disliked but Mae West and Jame Gagney. The fans couldn't pardon those nasal accents.

BOY TUNNELS IN SNOW CAVE-IN KILLS HIM

RIVIERE DU LOUP, Dec. 31.—Jean-Charles Lapointe, 13, escaped and his younger brother, Laval, 11, perished when the snow tunnel they had so much fun building caved in on them yesterday. Fortunately, Jean-Charles had his head out of the tunnel-opening when the snow fell over them. For many hours the boys stayed trapped Jean-Charles able to breathe but Laval dying slowly of suffocation. A passer-by pulled Jean-Charles out of the mound of snow, but by this time the tunnel had become Laval's coffin.'

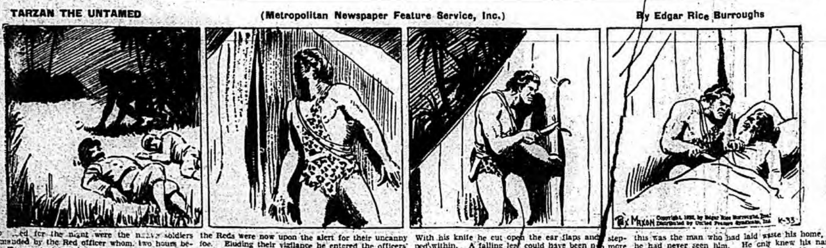
I SAID I'D GO SKATING? I DID? WHEN?
LAST NIGHT AT THE PARTY. YOU MADE A NEW YEAR'S DATE WITH MR. GADDER
AND YOU TOLD MR. SAPLING YOU'D TAKE A TEN-MILE WALK WITH HIM. I HEARD YOU
I DID! ME?
AND YOU PROMISED MR. WAPPINGER YOU'D BE OVER FIRST THING THIS MORNING TO SEE HIS STAMP COLLECTION
YOU'RE NOT KIDDING?
WELL, AREN'T YOU GOING TO GET UP? IT'S NEARLY NINE O'CLOCK
NO!
AND IF ANYBODY TELEPHONES, JUST SAY I BROKE MY LEG

TARZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs



REX MAXON
K-33

Copyright, 1932, by Edgar Rice Burroughs, Inc. Distributed by United Feature Syndicate, Inc.

Bivouacked for the night were the native soldiers commanded by the Red officer whom two hours before, Tarzan had watched and heard. Toward the officers' tents the ape-man silently crept. It was slow, perilous work, for—

the Reds were now upon the alert for their uncanny foe. Eluding their vigilance he entered the officers' lines. From within a tent came the regular breathing of a sleeping man—only one. Tarzan was satisfied.

With his knife he cut open the ear flaps and stepped within. A falling leaf could have been no more soundless than the ape-man as he moved toward the sleeper and bent over him. He did not know whether or not —

this was the man who had laid waste his home, for he had never seen him. He only knew his name, but he meant now to know more. Shaking him, the fellow half awoke, muttering something. "Silence," whispered Tarzan, "or I kill."

PROSPECTS BRIGHT RHODES FORESEES BALANCED BUDGET

Many of Hopes of Year Ago Realized, He Says

TRADE GROWTH

Balancing on Ordinary Account Shows by Change

Ottawa, Dec. 31 (CP)—Bright prospects for the New Year were outlined here last night by Minister of Finance E. N. Rhodes. He also cast a glance back over the calendar and found many of those hopes expressed a year ago had found fulfillment during the 12 months now ended.

Speaking under the auspices of the Young Men's Canadian Club of Montreal the Finance Minister stressed Canada's position in the field of external trade as being the outstanding bright spot of the period. The Dominion, he said, passed the $1,150,000,000 mark during the 12 months now ended. Imports had jumped by 29 per cent. and exports 23 per cent. A favorable trade balance of $140,000,000 with resulting advantage to Canadian exchange, had, he said, been created. Few countries could show such a record.

A budget balanced on ordinary account was assured, the Finance Minister asserted, and referred to revenues for the fiscal year to date which, he stated, exceeded those for the same period last year by $29,000,000.

Conditions Bettered

He contrasted this showing with two years ago when the deficit on ordinary account was $43,000,000, and with last year when it amounted to $22,000,000.

While admitting that many of the people of Canada still found themselves in a difficult position, Mr. Rhodes, in summarizing the situation, said that "the year which is now closing has brought better conditions and fresh hope and encouragement for the future." Constructive forces were at work which he believed would give an increased vigor to the upward trend of economic activity.

"Low interest rates, stable or advancing prices for commodities, renewed public confidence, increasing pay rolls, and resumption of profits in trade and industry"—these were some of the influences which he said might be expected to give impetus to business recovery.

The unemployment relief problem was still serious, said Mr. Rhodes, but employment had increased and was continuing to increase. He stated that 1934 had brought an appreciable increase in farm purchasing power.

HUFF'S ISLAND WEEKLY NOTES

Huff's Island, Dec. 31—Mr. Donald Hatfield, Queen's University, is spending his holidays at his home.

Miss Beatrice Wallbridge, Normal School, Peterboro is home for the Christmas holidays.

At the school house on Friday afternoon the annual Christmas entertainment was held. A program of dialogues and recitations was enjoyed and then the presents from the tree were distributed much to the enjoyment of the recipients.

Mr. Wm. Huff, Windsor, brother of the late Alger and Albert Huff, died last week in his 89th year.

Christmas visitors to and from the Island were: Mr. and Mrs. A. W. Kinnear, Mr. and Mrs. F. Morton and family at Mr. L. Wallbridges; Mr. and Mrs. T. Nightingale, Olive and Wm., at Mr. J. Hatfield's; Mr. and Mrs. E. Hall and family at Mr. C. Sprung's; Mr. and Mrs. R. Fairman and girls, Mrs. E. Fairman and Norma, at Mr. Geo. Morris'; Mr. and Mrs. C. C. Barber dined with Mrs. Wm. Barber, Belleville, and were supper guests of Mr. and Mrs. Morton Weese; Mrs. Bisdee, Mr. and Mrs. Clarence Young, Mr. S. Johnson, Audrey and Mrs. Rice at Mr. Durwood Conklin's; Mr. and Mrs. C. McFaul and family at Mr. E. E. Wallbridge's; Mr. and Mrs. F. Motley and family with her parents, Mr. and Mrs. R. J. VanWart.

Miss Roberta Wallbridge is spending a few days with Miss Beatrice Jones, Rednersville.

The school meeting on Wednesday was well attended. The trustees remaining unchanged.

Mr. Thos. Nightingale had the misfortune to lose a valuable horse this week.

CARDINAL CRITICAL

LONDON, Dec. 31, — Cardinal Bourne, 73, archbishop of Westminster, is critically ill, it is announced.

His condition was described in a medical bulletin which stated weakness of the heart had become more pronounced, although the aged prince of the church was not in pain.

Cardinal Bourne was Catholic bishop of Southwark from 1897 to 1903 when he became archbishop of Westminster. He was given the red hat Nov. 27, 1911, and celebrated the jubilee of his entry into the priesthood June 11, 1934

SAAR POLICE HEAD

Major General John Edward Spencer Brind, who will be the British commander of the international military force to maintain order in the Saar territory before, during and after the plebiscite of January 13. The announcement of his appointment was made by the British war office. A British contingent of about 1,500 men will join troops from Italy, Holland and Sweden in preserving peace in the disputed territory.

CREW SUSPENDED PENDING INQUIRY OF TRAIN WRECK

Lay-off of Men on The Wrecked Train is Ordered

NONE DISMISSED

Probe Into The Wreck Will be Considered From All Angles

Toronto, Dec 31.— All members of the train crew of the ill-fated Canadian National Railways London-Toronto special, which was the victim of a pitch-in collision on Christmas night at Dundas, have been definitely "suspended" pending the outcome of the probe to be opened today in Hamilton by the Dominion Board of Railway Commissioners, it was learned Sunday night.

Rumors that Conductor McFarland Cherry and Engineer Devine of the special had been dismissed from the company's service were promptly denied last night by W. A. Kingsland, general manager of the central region of the system. Mr. Kingsland, however, said that the suspensions against the members of the crew would remain in effect until the outcome of the commissioner's investigation.

The members of the train crew, however, were apparently unaware of the suspensions order, with the exception of Brakeman E. Lynch who had been notified immediately after the company's investigation of the crash when officials had released the information to the press. Others of the train crew refused to comment last night but agreed that they had not been "called" for duty since completion of their tragic Christmas night run.

The suspensions, it was understood, had been brought into effect following the request of the railway board which did not apply its order to the crew of the Maple Leaf, the train which crashed the special as the latter stood on the siding at Dundas. It is expected, however, that the engine crew of the flier will appear at the probe. Members of the special train's crew last night admitted that they had been ordered to appear before "some investigation," but were unaware what body it was.

The suspension order, it was stated last night, indicated that members of the railway board were considering particularly the circumstances surrounding the sidetracking of the holiday special and the resultant condition in which Brakeman Lynch was unaware that his train had left the main line. The board, it was stated was planning to go into every detail of the routine which had been followed by the train crew in handling their train on Christmas night, including the circumstances which had resulted in Brakeman Phelps, rear-end trainman, not opening the switch to allow the special to enter the siding and closing it after the train had berthed for the passage of the flier

Spite Wife

by Ann Forester

Said Patty in a low voice to Amy, while her small greenish eyes glistened with relish: "I love house parties, they're so revealing!"

Upstairs in the square old-fashioned bedroom, Judy lay watching the sunshine turn the rich copper of sunset. Watched that fade to the soft grey twilight. Sound of the sea, pleasantly filling the place. The sound of the radio coming airily up the stairs to her, turning it all dreamlike. Delicious to be lying here in the warmth and quiet.

She could have gotten up—gotten dressed and joined the others at dinner. She could [illegible] comments between the [illegible] course, she'd have to pull something just like that".... "She's making a great deal out of nothing...."

Let them talk! thought Judy. This was rest—for the first time since she had come out west after her hasty marriage, she was wholly at rest.

Stan, coming up the stairs into the darkened room. Holding her close. The thrilling feel of Stan's arms—the infinite content she knew when his face was laid softly against her own. Stan was frightened and contrite—overwhelmingly—as he was over everything.

He loved her, Judy thought, lying peacefully in the dark, of course he loved her. Oh, things would work out all right for them if she had patience.

Just before she fell asleep she thought of Nick. Poor Nick....

EUNICE GIVES A PARTY

CHAPTER TWENTY-SEVEN

Back again in Lockwood....The big frame house filled with sunshine and the rush of the sea, just a memory to Judy....

Nick was gone. He had left early on the morning following their home coming. Judy awoke from sleep to hear the car backing out of the garage to take him to the flying field.

She lay there and thought about him in the early morning. Strange ....to look up at the sky and wonder where Nick was. Something miraculous about Nick flying away like this. A sort of mimic death.. Only, of course, Nick would return flying out of the sky, like a silver scale floating between heaven and earth. But Nick never acted as thought it were a miracle. He went at it in his matter-of-fact positive way. That sure, quiet way..Nick's way....

And she was back here again—hemmed about with Mrs. Carter's bridge parties—Amy's beauty treatments and eternal flirtations——Vera's committee meetings and caustic remarks.. .. She couldn't get in an airship and fly away like Nick....

Stan's tender anxiety of the night before was diluted with impatience this morning: "Got to hurry.... made a date with Dart and Billy to go down to Del Monte for the golf tournament—"

At Judy's spoken disappointment his voice grew petulant. "Oh, for the love of Pete, Jude, it's only two days! I've planned on this for a month! What the deuce!"

Judy felt ill and cross this morning. Her head ached. Her throat felt queer. She pulled a silk robe about her shoulders and sat up in bed watching Stan tie his golf shoes.

"But the office....I don't see how you can get away so much...."

Stan's eyes narrowed and he threw her an unpleasant glance. "Well, if you want the truth, I walked out on Thatcher and Crosswell two weeks ago. I don't need their lousy commissions!"

"Oh Stan! Why didn't you tell me?"

"Because you'd beef so much about it." Stan stood upright and stretched for his sweater.

She watched his handsome head emerge at the top and there was something like despair gnawing at her heart. Had she really nagged Stan? She'd only tried to urge him ahead in business so they could get a little place of their own. Their own life—not this hybrid arrangement of two families under one roof. She could have cried with shame and anger. She could have slapped that goodlooking face of his. Instead she said hoarsely: "I just thought —a man was interested in his business first."

"I would be, if the business were mine!" he replied sulkily. "But how the h.... can a fellow get ahead working for someone else! If your good friend Nick, would loosen up and let me have the money my father left me—enough of it to start myself in business—I'd get somewhere. But no, he doles it out—in monthly dabs that don't mean a thing but spending money! You have so much influence with him, maybe you can do something about it!" he finished unpleasantly.

Judy said nothing. Nothing to do when Stan was in this black mood. Besides her head hurt when she tried to think.

She lay down and did not speak when he gave her a hasty kiss. "I'll be back, honest—you know Eunice is giving a party at the end of the week...."

Oh, yes—Eunice's party.. ..Decorators and caterers from the city.. the details had been chatted over Lockwood telephones for a month accompanying trills of jealous feminine laughter.

Lying back in the pillows, watching the leaf play of shadows on the ceiling from the garden outside, Judy went over this morning's scene.

So that was why Stan was so savage about Nick. Nick wouldn't let Stan—and Amy and Vera and their mother—touch the principal of the estate. No sweet job, thought Judy with wry humor, managing the Carter estate. Nick, she knew, adored his dead father. He must have to take on that ungrateful job of executor.

Judy's uncomfortable dip in the ocean had ended in a cold. An unromantic, tenacious head cold—the sort which no one can take seriously save the unfortunate victim. The first rains of the season set in and for a week she was a prisoner in the house, wandering aimlessly from room to room, dragging through the endless days with an aching throat and watering eyes.

Tony Wentworth—Judy's most intimate friend in Lockwood, if the adjective could be applied to such a casual friendship—telephoned her regrets—but Tony stayed away. Tony needed the excitement of bridge luncheons and dinner parties. A rainy afternoon with a sick friend held no allure.

Mary Lockerbee, on the other hand, came and stayed almost until the dinner hour. Judy had always admired the older woman, but she was a trifle ill at ease with her. Handsome, practical Mary Lockerbee, lacked the soothing syrup of social flattery. Beside the more unctuous manners of feminine Lockwood, her manners seemed almost brusque, but Judy had always discerned her sincerity.

On this rainy afternoon, seated on either side of the grate fireplace in the library, she discovered further qualities about Mary. A love and knowledge of books which Judy herself possessed. Not the current wise-cracking book which happened to be the vogue of moment around the bridge tables and country club veranda; but mellow, unfashionable books one did not talk about—The Letters of Charles Lamb—Dicken's novels—Keat's poems—Kipling's "Plain Tales"—Gibbons' "Rise and Fall".

Judy's throat forgot to hurt. She forgot the lonely chill in her heart. A quiet afternoon, cosy with the fire within and the rain without—an afternoon magic with quiet friendship and the enchantment of books.

Judy had known Mary Lockerbee before — had reached a certain casual friendship at teas or bridge luncheons, but it was not like this—eagerly interrupting each other with: "Oh, do you remember—?" Or: "Have you ever read—?"

It was almost dinner time when Mary rose to go with evident reluctance. "I'll have to thank Nick and tell him I've had the most pleasant afternoon in years—" she said as she reached for her hat.

"Nick?"

Mary blushed in confusion. "What a dumbell I am! Well, I might as well own up—Nick dropped by the house the morning he left and asked me to run in. Judy that sounds crude—but I think you can take it straight from the shoulder. Nick and I have always been pals, you know. And he was afraid you were coming down with a cold and he thought you might be lonely. He thought we'd like each other if we really got well acquainted—and he was right."

The conversation had been a little different from that.

"For G—'s sake, Mary, "Nick had pleaded, standing in his toverts and leather jacket in the sunshine, calling up to Mary who clutched a blue negligee about her on a balcony outside her bedroom window—for Nick's call had been made at the unfashionable hour of six-thirty "do me a favor and get over to see Stan's wife. And it won't be all charity, Mary—the kid has brains."

And Mary, bluntly truthful had called down: "I'll go, Nick. I like her but she seemed—forgive me, old top—she seemed sappy."

"Young and scared and painfully in love," Nick had flung back earnestly. "And game, Mary! Damn game. You and I, being seasoned old veterans should give an arm-up to a raw recruit now and then. This is an S.O.S., Mary."

Mary had waved a capable white hand at him. "No sooner said than done, said the fairy as she waved her magic wand! Now run along, you nice old idiot—I've promised!"

But when Mary had stepped through the long French window back into the bedroom where her husband slept undisturbed by Nick's early hail, she had remarked aloud in aghast surprise, "Nick! Imagine Nick....!"

So, it was to Nick that Judy owed this surprise visit of Mary! Nick—who had brought to her one friend she valued most in Lockwood. A moment when Judy's grave blue eyes looked deep into Mary Lockerbee's honest gaze. Then Judy had swept false pride and petty pretences aside and spoken out of her own sincere heart.

"Nick's done a lot of nice things for me," she said with a sweet earnestness which made Mary her friend for life, "but this is the nicest he's ever done."

That was the pleasant spot of the week. The unpleasant spot came at the end. Eunice Wilson's party was staged for Saturday night. Judy made the mistake of going. What a mistake it was, she did not realize until she stood, dressing before the heavy mahogany bureau in her room that evening. Her head ached. Her arms felt heavy so that she must drop them often as she arranged her hair. Her face was swollen from the cold and all her efforts to look well ended in heart-sinking failure. But stay away and let Stan go alone....! Stan and Eunice dancing together in a dim light! Oh, no! Jealousy drove her on like a scourge.

THE SCARLET BALL

CHAPTER TWENTY-EIGHT

Eunice's invitation to the dance had been accompanied by requests that her guests wear either black or white.

Judy put on a white lace dress. Looked at herself despairingly in the mirror. So much white made her face appear feverishly flushed, her eyes seemed swoollen....She looked—blowsy.- ....

She tore the dress off quickly before Stan could see her. Substituted a back velvet. This was hardly more of a success. Nothing—Judy thought despairingly, could anyone with a head cold look beautiful and well groomed in evening dress! The black velvet made her feel stuffy and commonplace It turned her hair an uninteresting brown, dulled the blue of her eyes. But she felt less conspicuous than she did in the white lace.

Her powder wouldn't go on evenly—it never did with a cold. Her head ached, her eyes watered, but she was stubbornly determined to go.

She felt cross. It took all her will power to keep from picking a quarrel with Stan when he came out of his shower and started to dress.

Stan—in tuxedo—tall and straight and slim. Stan was at his best in tuxedo; the severe black and white flung his good looks into striking relief. That narrow handsome head, with its chisled features and straight brows, might have been the bronze head of some classical statue, thought Judy and there was a strange little mixture of pride and fear in the thought.

Nervously, she dabbed perfume behind her ears. Fluffed more powder on her face.... Difficult, being Stan's wife. .. .. Stan, so handsome that women turned around when he came in a room. She could imagine the comments: "And that is his wife? That girl in black. .. .. But, realy. , ...!"

Oh, she was turning catty...... This cold was making her supersensitive! Judy pulled on a black evening wrap without another glance in the mirror.

Eunice had seized upon the visit of a Balkan ambassador to Lockwood, as the excuse for a ball, and this evening she had surpassed herself.

Two long rooms of the Wilson house had been thrown into one; rooms uniquely formed of blocks of black and white marble for walls and a ceiling veneered with scarlet rubber.

It was this unusual treatment which gave Patty her idea—for to Patty Warren belonged the credit for what became known in Lockwood society as "The Scarlet Ball." Patty was proving herself, once again an able prime minister for the capricious queen.

◆

Little Benny's Note Book

Sattiday afternoon I was sitting on my front steps waiting for something to happen, which nothing kept on doing, till finely Skinny Martin came up, saying, Hay, G, did you hear about Sam Cross going to run away from home this afternoon?

Gosh, for reel, or just baloney? I said, and Skinny said, Sure, for reel, Everybody knows it. He wasn't aloud out this morning on account of his mother claiming he was sassing her when all he was doing was argewing and he says he aint going to stand for it any longer, and he's going this afternoon as soon as he gets his eeks allowance so he'll have some expeness to live on till he gets a job in a circus or some place, Skinny said.

Wich just then Glasses Magee came up saying, Say fellows, did you know Sam Cross was running away from home this afternoon? He's got his suitcase all packed and reddy under his bed and he's not even going to say goodby to his mother and father and he's not even sure yet if he'll even send them a postcard to keep them from worrying, Glasses said.

I wonder if he's started yet, let's ring his bell and find out, we dont have to leave on we know anything about it in case the detecktives are there already or anything, I said.

And we went and rang Sam's doorbell and Mrs. Cross came out, Skinny saying, Why no, his father took him around to the Little Grand to see the Kut Up Komedy.

Us fellows just looking at each other mysterious like 3 people that knew more than they're going to say, and I said, Did you see them go, Mrs. Cross? and she said, Why yes, I saw them go but what if I hadn't? Such a question, she said.

And she went in and closed the door, me saying, She proberly imagines it, let's wawk around to the Little Grand and watch who comes out.

Wich she did among the ferst 2 coming out being Sam Cross and his father, holding hands, Sam waving at us and saying, Hello fellows, you missed a swell picture.

The result being we was always positive he was a liar and now we know it for sure.

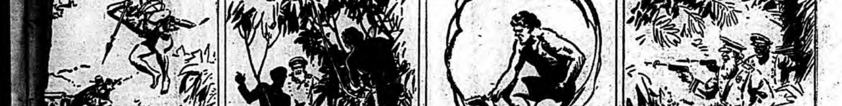
WELL, I NEVER!
WHAT'S SO SURPRISING? BATHROBES DO WEAR OUT, DON'T THEY?
OF COURSE THEY DO, BUT YOU SAID-
WHAT HAVE I SAID NOW?
WHEN I ASKED YOU IF YOU NEEDED A NEW ROBE FOR CHRISTMAS YOU SAID—NO, NO, NO, OLD ONES ALL RIGHT
WELL, SO IT WAS—THEN. IT WORE OUT SINCE
I'LL BET NOW THAT CHRISTMAS IS OVER YOU'LL DISCOVER THAT YOU'RE ALL OUT OF EVERYTHING!

RZAN THE UNTAMED

(Metropolitan Newspaper Feature Service, Inc.)

By Edgar Rice Burroughs



[illegible] native troops reported strange tales to [illegible] officers. They told of the frequent and [illegible]appearance in their trenches of a naked [illegible] who wrought such havoc among them they were sure he was some jungle demon. One night, Tarzan overheard his own doings described, and smiled grimly to himself. Suddenly he saw the regimental insigni upon the officer's blouse.

It was the same as those worn by the killers of his mate! An angry, half-smothered growl broke from his lips before he realized it. The Reds became rigid listening. Every eye looked toward the bushes from whence came this ominous sound.

Each thought of recent mysterious deeds none could explain. Once the bushes moved slightly. Instantly without warning, they fired into them. But Tarzan of the Apes was not there.

AT THE BELLE
"Kid Millions"
Eddie Cantor Comes to Town to Head Belle New Year's Eve Frolic

An old-fashioned Minstrel show done in a new-fashioned way will have Eddie Cantor as a black-face end man in "Kid Millions", his fifth annual screen musical comedy for Samuel Goldwyn, when it comes to the Belle Tonight, at a special preview, heading the Belle New Year's Eve Frolic which commences at 11.30 p.m.

The number will be centred around a revival of Irving Berlin's great song, "Mandy", which Eddie introduced in Ziegfeld Follies with Marilyn Miller, Van and Schenck and Bert Williams.

The minstrel show and its interpolation of "Mandy" will be a part of a ship's concert, participated in by the conspirators on their way to Egypt to claim a buried treasure.

Eddie has the help of Ann Sothern, Ethel Merman and George Murphy in the song. The ensembles are staged by Seymour Felix. Among the many tuneful song hits introduced in Eddie's latest and funniest musical comedy are "When My Ship Comes In"; "Okay Toots"; "An Earful of Music"; "Your Head on My Shoulder" and "Mandy"; "Kid Millions" is crammed with girls and gags galore and the finale in Technicolor you'll never forget. Tickets are now on sale at the box office. Hats, balloons ,favours to all will prevail. A great surrounding program has been assembled for presentation at this special New Year's Eve Frolic.

"Babes in Toyland"

Victor Herbert's immortal "March of the Toys" and "Castles in Spain" as well as the delightful fantasy and story book figures of childhood, have been brought to the screen in a film that offers ninety golden minutes of joy to everyone.

The picture is the Metro-Goldwyn Mayer production "Babes in Toyland", a new full-length feature vehicle starring Laurel and Hardy and opening tomorrow, (Tuesday, New Year's Day), and Wednesday, matinee and evening.

Fantastic Settings

The combination of Laurel and Hardy's rollicking comedy with Victor Herbert's pulsating music added to gorgeously fantastic sets and superb singing, makes a picture that can be enjoyed by anybody, young or old, rich or poor Indian chief or candlestick maker.

In this feature, Laurel and Hardy again don costumes that differ from their orthodox baggy suits and derbies. They are two apprentice toymakers, who in their sincere but wild attempts to get the Widow Peep, who lived in "The Shoe", and her daughter Bo-Peep out of the clutches of Toyland's villain, Barnaby, involve themselves in a series of hilarious events that at times turns the operetta into a screamingly funny comedy.

Adroit direction, beautiful singing, clever acting and stirring music in addition to the comedy, makes this one of the outstanding films of the year.

The Toyland set is undoubtedly one of the most fantastic as well as beautiful ever filmed for the screen. Through the set move characters dear to the heart of childhood: Jack and Jill, Mother Goose, Simple Simon, Old King Cole, The Cat and the Fiddle, Little Red Riding Hood and many others.

Charlotte Henry, who scored an outstanding success as the heroine of "Alice in Wonderland", plays Bo-Peep in the new Laurel and Hardy Feature length comedy. A notable array of favorite screen stars appear in support of the favorite stars.

Victor Herbert Melodies

Victor Herbert's musical score was followed closely as possible in producing "Babes in Toyland", which is declared to be the late musician's most delightful fantasy.

In the screen fantasy are heard such stirring Victor Herbert compositions as "Bo-Peep", "Castles in Spain", "Go to Sleep, Slumber Deep', and "March of the Toys", and others. A chorus of thirty picked voices augment the singing of Felix Knight dramatic tenor and Atwater Kent National finalist for 1932, who plays Tom-Tom, and Virginia Karns, who portrays Mother Goose.

Harry Jackson's Internationally famous Radio orchestra, which furnishes the background music and accompaniment, features the Victor Herbert musical numbers, "Toyland", "Hang March," "Country Dance" and others.

Grand Holiday Shorts

Four Giant junior features brimming over with holiday joys will precede the above feature offering including, The Belle Latest News of the World, with its resume of important world events during 1934, a very funny Frolics of Youth comedy appropriately titled "Campus Hoofer", "Toyland Broadcast" an exceptional short treat all in full gorgeous Technicolor and "Cruising in the South Seas" a delightful Traveltalk of romantic adventure. With such an excellent program arranged for New Years Day, one that will appeal to every member of the family, no doubt the popular Belle will be favored with large patronage on the holiday.

AT THE CAPITOL
"The Captain Hates The Sea"
A Tidal Wave of Laughs

Not since Noah's Ark have there been so many strange creatures aboard one ship! Hilarity in every hatch! Fun in every funnel. A laugh in every porthole! The Captain Hates The Sea" the current attraction at the Capitol Theatre, will rock you from stem to stern and make you quiver amidships.

The story deals principally with the detective and the crook, and the former's efforts to recover a stack of negotiable papers which the latter has stolen, but in the unfolding of the central theme, a half-dozen tensely interesting human tales are revealed. There is the story of the Jeddocks, a man and wife, she, a lady with a shady past and he now a respectable business man, haunted by the memory of the manner in which he utilized his wife's shame to start him to success. There is the story of General Salazaro, returning to face a firing squad in his native land, and the story of the ship's captain who detested the sea and all for which his master's calling stood. Through all of them, comedy, drama and tragedy parades in a succession of incidents which binds interest to the screen and the shadows which portray segments of the lives of what might be the passenger list of any steamer bound anywhere.

The cast is headed by Victor McLaglen as the dumb detective, John Gilbert as the newspaperman, disheartened by his failure and his love for an actress; Fred Keating, a newcomer to the screen in the role of the smart—too-smart—crook, and Helen Vinson as the girl who is just a bit too smart for him, Wynne Gibson and John Wray are the Jeddocks; Walter Connolly is superb as the ship-hating master. Leon Errol is the chief steward, Layton, with Walter Catlett as his bartender. Tala Birell is the Hollywood star; and Alison Skipworth shines as the widow MacGrudder.

Shirley Temple in "Glad Rags to Riches", and a funny comedy "The Winnah" with Alice and Florence Lake precede the showing of the feature attraction.

Du Barry Oatmeals Monday and Tuesday. Shows at 2.30; 7.15; 9.05.

New Year's Eve Frolic

You can't afford to miss the midnite preview of "Havana Widows", the laugh hit of the year, starring such mirth provokers as Joan Blondell, Glenda Farrell, Frank McHugh, Guy Kibbee, Allan Jenkins and Ruth Donnelly. An excellent group of short subjects make this one of the best programmes to be seen for sometime.

Hats! Caps! Streamers! Balloons! Buy your tickets now. Doors open 11.15.

PATRICK WARD OF TRENTON, DIES

Resident in Trenton For The Past Half Century

Trenton, Dec. 31 (Special)—A beloved resident of Trenton for nearly half a century, Patrick Ward, passed away early Saturday evening after an illness of three months' duration. The late Patrick Ward was born in Napanee seventy-six years ago, where his parents settled after their arrival from Ireland. The greater part of his life was spent in Trenton, where he was employed by the old Gilmour Lumber Co. Later he worked with the Canadian National Railway as a car repairer. His wife, formerly Miss Margaret Kearns, predeceased him eleven years ago. He is survived by one daughter, Mrs. James Coutts, whose home he died, one brother, William, and a sister, Mrs. Bridget Roach, both of Erinsville, and a grandson, Joseph Macaulay, of Trenton.

His passing will be mourned by a wide circle of friends. He was a devout member of St. Peter-in-Chains Catholic Church, and a member of the Canadian Order of Foresters.

The funeral was held this morning from St. Peter-in-Chains Church where Rev. Father Buckley celebrated Mass. Interment took place in the Catholic cemetery. The bearers were Messrs. Edward Allore, Sr., Dan Nolan, Ralph Coutts, Harry Coutts, W. Fall and Joseph Lamore.

O. H. A. Hampers Belleville City League

Another double bill will be presented tonight at the local arena when the Benedict-Proctor meet Wooler and the High School match with Carrying Place in the Trenton and District Hockey loop. After the opening on Friday last the league has promised some real games for the supporters of hockey in the town.

Friday night the Relief Project team meet the Co-operative Workers and Smithfield make their debut against the Trent Cottons.

Trenton's entry in the Belleville City League does not play until Friday night when they lock horns with the Stewart-Warner-Alemite. If these teams were at full strength the fans would get one of the best games of the season, but we hear that the Belleville Intermediates play out of town and if this is true both teams will suffer considerably. It is too bad that the schedule was not drafted around the O.H.A. games. Some teams in the Belleville loop have no O.H.A. players while others will be almost wrecked on the O.H.A. nights. This will decrease the calibre of hockey that the league is capable of giving the cash customers.

K. of C. Dance Enjoyed

The dance held under the auspices of the Trenton Council of the Knights of Columbus in their hall on Thursday night, was a decided success. The party assumed a New Year's aspect when the novelties and streamers were distributed among the merrymakers. The music was supplied by Charlie Goyer and his Ambassadors of Belleville. Joe Macaulay was the master of ceremonies in his usual capable manner.

The "Mystery Man" dance was won by Miss Priscilla Collins. Frank Peddleston won the "Mystery Lady" dance. The lucky ticket prize was won by Gordon Bell.

At midnight a dainty lunch was served and dancing continued until two o'clock.

Mr. Ed Eidt of the staff of the "Quinte Sun" spent Christmas at Walkerton with his father and brothers.

Mr. Earl Long of Orangeville spent the week-end with friends in Trenton.

Mr. and Mrs. Carm Gaina of Brockville spent the holiday in Trenton.

Mrs. Thomas Jarrett left Saturday afternoon for Whitby, Toronto and Mimico where she will visit friends and relatives.

Mr. and Mrs. C. V. Mounteer of Mitchell are visiting in town. Mr. Mounteer was the former editor of the "Courier-Advocate".

Mr. Carl Williams spent Christmas with his mother and has returned to Toronto. Mr. Williams has accepted a position in Singapore and sails from Vancouver on January 12th on the "Empress of Canada" for the Orient.

The Trenton correspondent wishes each and everyone a most prosperous "Happy New Year".

Miss Hilda McMillan, who is attending Normal School in [illegible] State of Maine is spending [illegible] holiday with her par
